www.lindoncity.org

December 30, 2020

To the Honorable Mayor, City Council and Citizens of Lindon City:

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of audited financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm or licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of Lindon City (the City) for the fiscal year ended June 30, 2020.

This report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's basic financial statements have been audited by Keddington & Christensen LLC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended June 30, 2020 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis that the City's financial statements for the fiscal year June 30, 2020, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report. The Governmental Accounting Standards Board (GASB) requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial

statements in the form of Management’s Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City’s MD&A can be found immediately following the report of the independent auditors.

Lindon City Center, built 1997

Profile of the Government

Lindon is located in the north of Utah County, 33 miles south of Salt Lake City, and 10 miles north of Provo, the County Seat. Lindon was established as an outgrowth of Pleasant Grove in 1850 and was known originally as Stringtown because the houses were built along a single road – State Street. The final name of the City was inspired by an old linden tree growing in the town in 1901. The spelling of the town name was changed when approval was received from the Federal Post Office for a mail drop at “Lindon City.” The City was incorporated in March of 1924 with a population of “458 souls.”

Lindon is a fourth class city and operates under a six member form of government. Policy making and legislative authority are vested in a governing council consisting of the mayor and five city council members. The governing council is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and appointing the City’s administrator, recorder, and treasurer. The City Administrator is responsible for carrying out policies and ordinances of the governing council and for overseeing the day-to-day operations of the government. The mayor and city council are elected on a non-partisan basis. City Council members serve four-year staggered terms. The mayor is elected to serve a four-year term. The mayor and all five city council seats are elected at large.

Lindon has a rich history. When Lindon City was settled in the early 1900's, it was settled under a different settlement policy than the other cities in Utah County. Instead of being located on a natural stream, the City of Lindon was established on a table of land away from natural streams. Water had to be diverted from its natural channels onto the land. Also, instead of building houses in a central cluster, houses in Lindon have been built individually and in small subdivision clusters throughout the entire municipality. This has resulted in a rather evenly but sparsely built community having relatively long utility and service lines in comparison to the number of buildings.

Elementary children at Lindon Amusement Hall, early 1900's

Lindon City is a beautiful place to live. Lindon shares a boundary with Orem City and Vineyard City on the south and Pleasant Grove City and American Fork City on the north. To the west is Utah Lake with the Lindon Marina, which is used for boating and fishing. The City extends east to the Wasatch Mountains where Lindon City's trail systems connect with the Great Western Trail and the Bonneville Shoreline Trail. The Great Western Trail connects Canada and Mexico and is the basis for many of Utah's trail systems today. The Bonneville Shoreline Trail is on or near the shoreline bench of ancient glacial Lake Bonneville in Cache, Box Elder, Weber, Davis, Salt Lake, and Utah Counties.

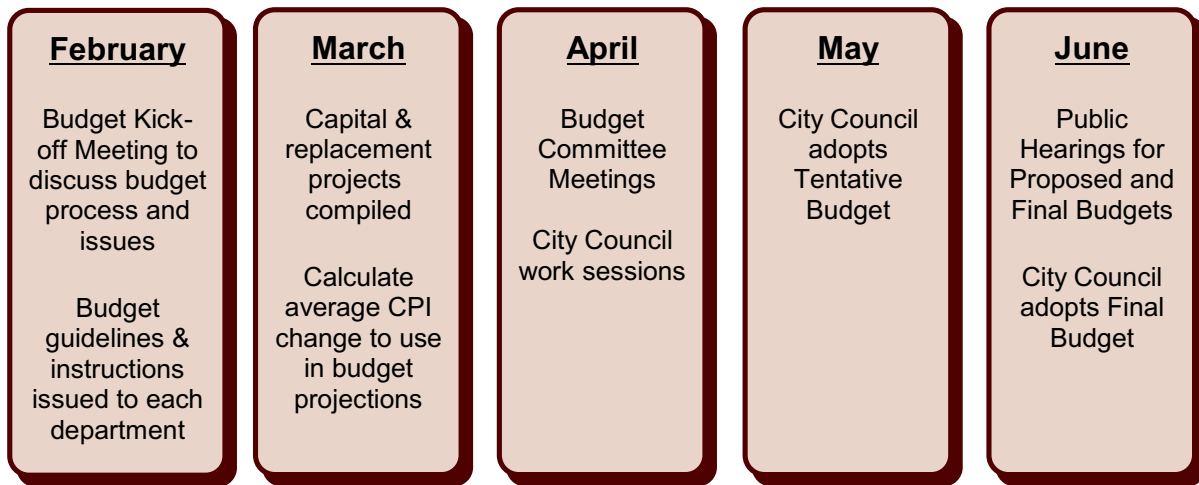

A variety of activities, including hiking, mountain biking, swimming, fishing, camping and skiing, are available within thirty minutes of Lindon.

Lindon Days is a week long annual celebration in August. Residents of Lindon and surrounding communities come together to enjoy the many different events which include pool activities, a kiddy rodeo, a Mayor and Council breakfast, a parade, concerts, and fireworks.

The City provides a full range of services, including public safety (police and fire), highways and streets, sanitation, public improvements, planning and zoning, both commercial and residential building inspections, general administrative services, a wide variety of recreation programs, cultural events, an Aquatics Center, and a Recreation

Center among other things. Some of these services are provided under contract with other entities. The City also owns and operates a culinary water system, a secondary water system, a waste water collection system, and a storm water drainage system.

The annual budget serves as the foundation for the City's financial planning and control. The City's budget process starts in February. The budget is adopted before June 22 and goes into effect July 1. The creation of the budget follows the time line below.

The City holds two public hearings on the budget. These public hearings are held in June for the proposed and final budgets. Utah State law requires that the final budget public hearing must be held before June 22 for the adoption of the final budget.

Within the existing budget, department heads ensure that the department's total appropriation is not over-expended. Transfers of appropriations between departments require the special approval of the City Council. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. Also included in the governmental fund subsection are project-length budget-to-actual comparisons for each governmental fund for which a project-length budget has been adopted (i.e., the special revenue funds and the capital project fund).

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City operates.

In March 2020, the local economy was officially impacted by the worldwide coronavirus pandemic when Governor Herbert initiated shutdowns to protect public health. City leaders, knowing that our budget has a reliance on sales tax revenue, tried to prepare for an unprecedented economic reaction. There was no way to know what the next few

months or years would bring. The City budget was amended for the final quarter to decrease both revenue and expenses. However, with the pandemic shutdown, also came runs on grocery and home improvement stores. Lindon's sales tax revenue did not decrease, but exceeded the original budgeted amount with a 7.3% increase over the prior year.

In addition to increased sales tax revenue, Lindon also received a share of CARES Act funds in June 2020. Utah County shared \$837,873 with Lindon from the funds that were disbursed by the federal government as part of the CARES Act's Coronavirus Relief Funds. These funds will not only help Lindon City's preparations for the pandemic, but will also help stimulate the local economy as the money is spent.

Lindon's leaders continue to watch the economy and are prepared to modify the budget. In addition, Lindon City has healthy reserves to fall back on, if needed. Consumer confidence is improving and sales tax revenue is continuing to increase. The commercial development already present in the City adds to both the sales and property tax base of the community. Major retailers in Lindon include Wal-Mart Supercenter, Murdock Hyundai, Home Depot, Sunroc, Burton Lumber, Lexus of Lindon, Wheeler Machinery, Low Book Sales, Dastrup Auto, and Timpanogos Harley Davidson.

The City is less than 10 miles from Utah Valley University and Brigham Young University, which provide the residents of Lindon the opportunity for higher educational programs. These higher education facilities employ more than 20,000 people and provide a strong educated work force for a large number of high tech businesses in the area. The region also provides some of the best medical facilities in the western United States. In June 2020, Utah County had an unemployment rate of 4.5%, which is lower than the State of Utah's rate of 5.3%. These both compare favorably to the national unemployment rate of 11.1%. This is showing improvement after the peak unemployment during the pandemic shutdown in April of 7.9% for the county, 10.4% for the state, and 14.7% for the nation. (*Utah Dept of Workforce Services*).

Long-term Financial Planning

The City's long-term goals are expressed simply as meeting tomorrow's needs with good financial decisions and by continuing to forecast capital improvements into the future. The City maintains capital facilities plans which, combined with maintenance schedules of existing infrastructure, helps the City plan for the needs of current and future citizens. When considering a new project, such as the Aquatics Center or Community Center, years of preparation begin with surveys. Lindon officials want to make sure that the majority of citizens support these endeavors. Lindon officials also maintain fiscal responsibility in building reserves, and when necessary, seeking other funding.

Impact fees also help the City fund the capital improvements that are needed to accommodate new growth. Existing impact fees include public safety; parks, recreation and trails; streets; water; sewer; and storm drainage.

The identification and implementation of long term planning has permitted the City to construct one of the finest park systems in our region. From just three parks fifteen years ago to more than sixteen major facilities today, we have successfully transformed our community's park system and created exceptional open spaces for our citizens' enjoyment. The strategic planning for parks has been expanded to include a trail system that will allow joggers, walkers, bicyclists and horse riders to enjoy the Heritage Trail, which runs from the hillside, under State Street, to Utah Lake.

Other facilities available to the citizens are the Veteran's Memorial Hall, the City Center, the Community Center and the Aquatics Center. The Veteran's Hall and Community Center can be reserved and rented for wedding receptions, social gatherings and meetings. The Aquatics

Center provides a variety of amenities and can also be reserved and rented. There is a zero entry pool, a lap pool, and a lazy river. There is also a flow rider where patrons learn how to surf and boogie board using a simulated ocean environment.

Aerial photo of Lindon City Aquatics Center

Lindon City has numerous long-term goals for the City's utilities. These include maintenance of a high service level and sufficient advance planning to meet expected demands. For example, the culinary water system planning process has required the City Engineer to prepare a capital facilities plan that provides for the provision of resources, storage and transmission systems to keep up with the demands of our growing community. New improvements are constantly being upgraded and updated. Without a strategic plan in place, the City would not be able to anticipate infrastructure needs in a timely manner and some services could be interrupted.

Our sewer system plans have included ambitious expansions to deal with the pressure of growth. Likewise, road and storm water drainage systems are under careful review to be certain that as our systems age, they are maintained in a manner that identifies and solves problems before failures occur. The City Engineer is currently updating the capital facilities plan for the storm water drainage system. With long term plans, it becomes easier to be proactive rather than being reactive.

Finally, our commitment to public safety cannot be overstated. On July 1, 2008, the City started its very own police department and contracted with Orem City for full-time fire and emergency medical services. The implementation of this much needed service was a culmination of years of planning. This was only one step in a continuing effort to improve public safety.

Because the City wanted to provide exceptional service to the residents, the police department hired fifteen full time police officers. Additional personnel were hired by Orem City to provide fire and EMS services to the citizens of Lindon. Lindon City constructed a Public Safety Building to house police, fire and EMS services. This partnership along with the new building has improved response time to accidents and fires, making every resident feel safer within our City. As a long-term goal, it is clear that a sense of safety must be maintained if our citizens are to enjoy the wide array of programs and activities being provided in the community.

Relevant financial policies

Lindon City increases utility rates annually in order to cover increasing operating expenses. The City uses the Consumer Price Index (CPI) to calculate the rate increases. These annual increases are done to avoid more drastic and sporadic increases over time. Periodically JUB Engineers, who the City contracts with, will do a rate study to more accurately evaluate the utility rates' ability to provide the funding necessary for the corresponding expenses. The most recent rate study was completed in May 2020. The recommended rate changes span several years and are being implemented in the 2020-2021 fiscal year.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Lindon City for its comprehensive annual financial report for the fiscal year ended June 30, 2019. This was the eleventh year the City has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA's Distinguished Budget Presentation Award for its annual budget document dated July 1, 2019 and submitted the July 1, 2020 budget document for consideration of this award. In order to receive this award, a government unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the finance and administration departments. We would like to express our appreciation to all department heads and staff throughout

the City who assisted and contributed to the preparation of this report. Credit also must be given to the mayor and the governing council for their unfailing support for maintaining the highest standards of professionalism in the management of the City's finances.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Kristen Colson". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and
Members of City Council
Lindon City Corporation
Lindon City, Utah

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Lindon City Corporation as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type-activities, each major fund, and the aggregate remaining fund information of Lindon City Corporation as of June 30, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund and the Major Special Revenue Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of proportionate share of the net pension liability, schedule of contributions, and the related notes to the required supplementary information, as noted on the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in the appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplemental Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Lindon City Corporation's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, budgetary comparison schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund statements and budgetary comparison schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund statements and budgetary comparison schedules are fairly stated in all material respects in relation to the financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Report Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated December 30, 2020, on our consideration of Lindon City Corporation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness Lindon City Corporation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Lindon City Corporation's internal control over financial reporting and compliance.

LINDON CITY CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2020

This section of Lindon City's annual financial report presents our discussion and analysis of the City's financial performance during the fiscal year that ended on June 30, 2020. We encourage readers to consider the information presented here in conjunction with the City's financial statements and notes to the financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

Government Wide

- As of the end of the current fiscal year, the assets and deferred outflows of Lindon City exceeded its liabilities and deferred inflows by \$92,288,486 (net position). Of this amount, \$11,963,935 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net position increased \$8,164,023. Net position of our business-type activities increased \$3,335,294 and the net position of our governmental activities increased \$4,828,729.

Fund Level

- Lindon City's governmental funds reported combined ending fund balances this year of \$12,628,396 an increase of \$1,926,663, most of which was due to increased revenue due to grants and the growth of the local economy.
- The unassigned fund balance for the general fund ended at \$3,369,336, or 44.2% of total general fund expenditures.

Long-term Debt

- Lindon City's long-term liabilities had a net decrease of \$1,945,255 (11.3%) during the current fiscal year. This was due to making extra payments to pay down debt.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements included in this report have been prepared in compliance with generally accepted accounting principles. The basic financial statements include two kinds of statements that present different views of the City: government-wide financial statements and fund financial statements.

Government-wide financial statements

The government-wide financial statements provide both long-term and short-term information about the City's overall financial status. The statements are designed to provide readers with a broad overview of Lindon City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of Lindon City's assets, deferred outflows, liabilities, and deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the City's financial position is improving or deteriorating. To assess the overall health of the City, you need to consider additional nonfinancial factors such as changes in the City's sales tax base and the condition of the City's roads.

LINDON CITY CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

June 30, 2020

The statement of activities presents information showing how Lindon City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of Lindon City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of Lindon City include general government, public safety, streets and public improvements, and parks and recreation. The business-type activities of Lindon City include operating the water, sewer, and storm water drainage systems; supervising the solid waste collection; operating the aquatics and community centers; and managing utility accounts for customers paying for telecommunication access through a fiber optic network operated by Utah Infrastructure Agency (UIA).

The government-wide financial statements can be found on pages 26-29 of this report.

Fund financial statements

The fund financial statements focus on individual parts of the City government, reporting the City's operations in more detail than the government-wide statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Lindon City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Lindon City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Lindon City maintains seven individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for each major governmental fund and summarized for the non-major funds. Simply put, a non-major fund is less than 10% of all of the governmental funds combined. The three major funds are the general fund, the redevelopment fund, and the debt service fund. The four non-major funds account for the P.A.R.C tax, CARES Act funds, road capital projects, and parks capital projects.

LINDON CITY CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
June 30, 2020

Lindon City adopts an annual appropriated budget for its general fund and other governmental funds. A budgetary comparison statement has been provided for the general fund and the major special revenue fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 30-35 of this report.

Proprietary funds. Lindon City maintains six enterprise funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Lindon City uses enterprise funds to account for its operation of the water, sewer, and storm water drainage systems, supervision of the solid waste collection, operation of the aquatics center and pass-through billing for the UTOPIA fiber optic telecommunications network.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for each of the four major funds (water, sewer, storm water drainage and recreation) and combined information for the non-major funds (solid waste collection and telecommunications).

The basic proprietary fund financial statements can be found on pages 36-41 of this report.

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 42-76 of this report.

Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information which can be found on pages 78-80 of this report.

Statistical Section

The statistical section offers operational, economic, and historical data that provide a context for assessing Lindon City's economic condition. That data includes:

- Information on financial trends;
- Information on revenue capacity;
- Information on debt capacity;
- Demographic and economic information; and
- Operating information.

The statistical section can be found on pages 93-119 of this report.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

Net position

LINDON CITY CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

June 30, 2020

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Lindon City, assets and deferred outflows of Lindon City exceeded its liabilities and deferred inflows by \$92,288,486 as of June 30, 2020.

As indicated in Table A-1, the largest portion of Lindon City's net position (80.1%) reflects its investment in capital assets (i.e. land, buildings, roads, sidewalks, utility systems, water rights and equipment), less any related debt used to acquire those assets that is still outstanding. Lindon City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Lindon City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Table A-1
 Lindon City's Net Position
 (Stated in thousands of dollars)

	Governmental Activities		Business-Type Activities		Total		% Change 2019-2020
	2019	2020	2019	2020	2019	2020

Restricted	2,508	4,728	2,277	2,365	4,785	7,093	48.2%
Unrestricted	6,388	6,004	2,729	5,313	9,117	11,317	24.1%
Total Net Position	\$ 38,374	\$ 43,203	\$ 45,751	\$ 49,086	\$ 84,124	\$ 92,288	9.7%

An additional portion of Lindon City's net position (7.7%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position of \$11,316,109 (12.3%) may be used to meet the government's ongoing obligations to citizens and creditors.

Changes in net position

Lindon City's net position increased 9.7%. At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position, both for the government as a whole as well as for its separate governmental and business-type activities. The same situation is true for the prior fiscal year.

Sales and property taxes account for 28.4% of the City's revenue (see Figure A-1) with 37.6 cents of every dollar raised coming from some type of tax. Grants and contributions amounted to 18.5% of this year's revenue. Another 35.5% comes from fees charged for services, and most of the remaining miscellaneous revenue is made up of impact fees and interest earnings.

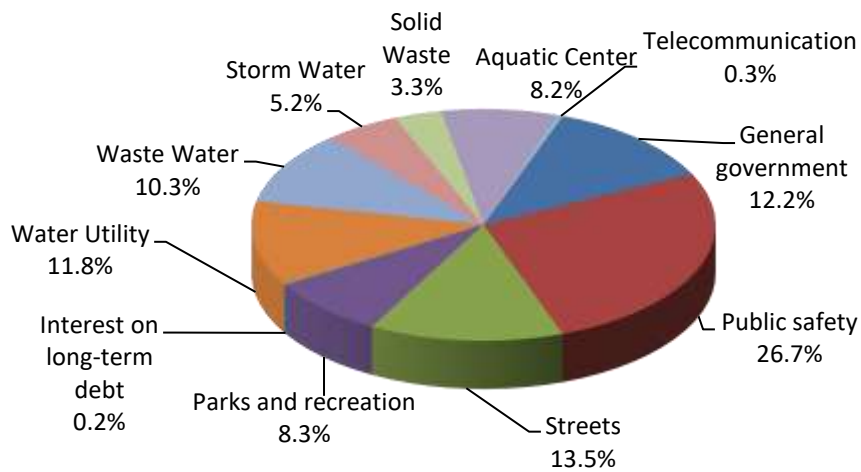

LINDON CITY CORPORATION
MANAGEMENT’S DISCUSSION AND ANALYSIS (Continued)
 June 30, 2020

Figure A-1
 Lindon City
 Sources of Revenue for Fiscal Year 2020

The City's expenses cover a range of services, with 60.9% from governmental activities and 39.1% from business-type activities. Public safety, a major portion of general government activities, encompassed 26.7% of the City's total expenses. (See Figure A-2.)

Figure A-2
 Lindon City
 Functional Expenses for Fiscal Year 2020

Governmental Activities

As indicated in Table A-2, the cost of all governmental activities this year was \$10,119,072. Some of the costs were paid by those who directly benefitted from the City's services (\$1,637,025), or other entities and

LINDON CITY CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

June 30, 2020

governmental organizations that subsidized certain programs with grants and contributions (\$3,388,270). However, the amount of taxes that were required to subsidize these activities was \$5,093,777, the net cost of the governmental functions. The net cost shows the financial burden that was placed on the City's taxpayers by each of these functions. The City paid for the remaining "public benefit" portion with tax revenue.

Property tax revenue increased by 1.0% and sales tax revenue increased by 7.3% compared to the prior year.

Business-type Activities

The cost of all business-type activities this year was \$6,503,318. The program revenues exceeded costs by \$1,867,186. Net program revenues and expenses plus other revenues totaled \$1,892,368, before transfers.

LINDON CITY CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
June 30, 2020

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, Lindon City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The largest changes in funds were:

- The General Fund's fund balance increased by \$137,135, mainly due to increased revenue. When the COVID-19 pandemic started, the City limited non-essential spending in anticipation of decreased revenues. However, overall revenues increased.
- The non-major fund balances increased by \$1,491,851, most of which is due to interfund transfers and CARES Act funds received.

Proprietary funds

The changes in major funds were:

- The Water Fund's fund balance increased by \$2,012,177, mostly due to increased revenue and infrastructure improvements contributed by developers.
- The Waste Water's fund balance increased by \$221,255, mostly due to increased revenue and infrastructure improvements contributed by developers.
- The Storm Water's fund balance increased by \$437,311, mostly due to increased revenue and infrastructure improvements contributed by developers.
- The Recreation fund balance increased by \$676,187, due to increased transfers into the fund to subsidize the fund's activities.

General Fund Budgetary Highlights

- The General Fund amended budget was \$727,612 more than the original budget.
- In anticipation of economic fallout from the COVID-19 pandemic, the General Fund amended budget showed decreases in tax revenue (\$121,739), licenses and permits (\$86,900), fines and forfeitures (\$80,000), charges for services (\$80,500), and miscellaneous revenues (\$46,960). Actual tax revenue ended up exceeding the amended budget by \$372,455, with total revenues exceeding the amended budget by \$429,497.
- The General Fund amended budget showed an increase in transfers to other funds of \$1,029,352.
- The General Fund actual expenditures were \$2,729,375 less than the amended budget.
- Additional minor variances between the General Fund's original budget, amended budget, and actual amounts may be seen on page 34.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

As indicated in Table A-3, at the end of fiscal year 2020, the City had invested \$87,377,845 net of accumulated depreciation in a broad range of capital assets, including land, buildings, improvements, equipment, roads, sidewalks, water, sewer and storm water lines. More detailed information about the City's capital assets is presented in Note 6 to the financial statements.

LINDON CITY CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

June 30, 2020

This year's major capital asset additions included:

- Infrastructure improvements amounted to \$2,240,291 in the governmental funds.
- The water system and the wastewater collection system were upgraded by \$726,492 and \$1,345,146, respectively.

Long-term Debt

As indicated in Table A-4, at the year-end the City had \$15,317,663 in bonds (including unamortized premiums), notes, and capital leases outstanding. Accruals for compensated absences total \$320,637, making total long-term liabilities \$15,638,300. More detailed information about the City's long-term liabilities is presented in Note 8 to the financial statements. Lindon City does not have any general obligation bonds. There are two bonds which are paid with sales tax revenue. More information about the bonds and the pledged revenues can be found in Note 8.

Table A-4

Lindon City's total long-term liabilities had a net decrease of \$1,623,165 (9.4%) during the current fiscal year.

LINDON CITY CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

June 30, 2020

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The economic impacts of the coronavirus pandemic were still unknown when the 2020-2021 budget was adopted. Key revenues were expected to decline as much as 25% in some cases. Expenditures were limited as much as possible.
- For June 2020, the unemployment rate for Utah County was 4.5%, which was lower than the state average of 5.3%, and significantly lower than the national average of 11.1%. This was showing improvement after the peak unemployment during the pandemic shutdown in April of 7.9% for the county, 10.4% for the state, and 14.7% for the nation.

These indicators were taken into account when adopting the budget for fiscal 2021. Sales and property tax revenues are expected to decrease due to economic shutdowns as a result of the worldwide pandemic.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of Lindon City's finances and to demonstrate the City's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, Lindon City, 100 North State Street, Lindon, UT 84042.

LINDON CITY CORPORATION
**RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES OF THE
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**
For the Fiscal Year Ended June 30, 2020

Amounts reported for governmental activities in the statement of activities are different because:

Net Change in Fund Balances - Total Governmental Funds	\$ 1,926,663
Governmental funds have reported capital outlays, past and present, as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.	(1,726,747)
Governmental funds report current capital outlays as expenditures. However, these expenditures are reported as capital assets in the Statement of Net Position.	2,414,464
The Statement of Activities reports the gain or loss on the disposal of capital assets, while the governmental funds report the proceeds from the disposal of capital assets.	1,570,119
In the Statement of Activities, interest is accrued on noncurrent liabilities, whereas in governmental funds, interest expense is reported when due.	9,686
Repayment of noncurrent liabilities' principal is an expenditure in the funds, but the repayment reduces long-term liabilities in the Statement of Net Position.	821,146
Net proceeds from issuance of noncurrent liabilities is recorded as income in the governmental funds. However, the issuance of noncurrent liabilities is recorded as a liability in the Statement of Net Position.	(85,300)
Some expenses, including accrued termination benefits and the difference between the actuarially calculated pension expense and retirement contributions, reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(101,253)
Change in Net Position - Governmental Activities	<u>\$ 4,828,778</u>

The notes to the basic financial statements are an integral part of this statement.

The notes to the basic financial statements are an integral part of this statement.

**LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization

Lindon City Corporation (the City) was incorporated in March of 1924, under the provisions of the Utah State Code. Lindon City Corporation is a political subdivision of the State of Utah. The City operates under a six member council form of government and provides services authorized by its charter, including public safety, (police and fire), highways and streets, sanitation, health and social services, culture-recreation, public improvements, planning and zoning, and general administrative services. Some of these services are provided under contract with other entities.

B. Reporting Entity

The accompanying financial statements present the financial position of the various fund types, the results of operations of the various fund types and the cash flows of the proprietary funds. The financial statements are presented as of and for the fiscal year ended June 30, 2020.

For financial reporting purposes, Lindon City Corporation has included all funds, and component units. The City has considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria in GASB Statement No. 14 to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to, or impose financial burdens on the City.

As required by generally accepted accounting principles, this report presents the financial information of both Lindon City Corporation (the primary government) and its component units. The component units are included in the City's reporting entity because of the significance of the component unit's operational or financial relationships with the City.

Component Units

These component units are entities, which are legally separate from the City, but are so intertwined with the City that they are, in substance, the same as the City. They have the same governing boards or are responsible for appointing the members of the governing boards and provide services almost entirely to Lindon City. As such, they are accounted for as blended component units and are reported as funds of the City. These organizations for which Lindon City is financially accountable, and the relationship with Lindon City is significant enough that exclusion would possibly lead to misleading or incomplete financial statements. To obtain separate individual component unit financial statements please send requests to Lindon City, c/o the City Administrator, 100 North State Street, Lindon, Utah 84042.

Lindon City Redevelopment Agency. The Agency was established for the purpose of aiding and cooperating in the planning, undertaking, construction, or operation of redevelopment and economic development projects within the area in which it is authorized to act. The members of the City Council are also members of the Redevelopment Agency's Board of Directors and, as such, are authorized to transact the business and exercise their power to plan, engineer, and carry out projects of the Redevelopment Agency. The Agency is reported as a special revenue fund.

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Government-wide and Fund Financial Statements

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements. Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The City's general governmental services, public safety, highways and streets, planning and engineering, parks, and redevelopment are classified as governmental activities. The City's water, waste water, storm water, recreation, waste collection, and telecommunication funds are classified as business-type activities.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the City and its blended component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those which are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they became available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The financial resources used to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as expenditures. Proceeds of long-term debt are recorded as a liability in the government-wide financial statements, rather than as another financing source. Amounts paid to reduce long-term debt of the City are reported as a reduction of the related liability, rather than expenditures in the government-wide financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt-service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Sales taxes, franchise taxes, and earned but unreimbursed state and federal grants associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Property taxes are measurable as of the date levied (assessed) and are recognized as revenues when they become available. Available means when due, or past due, and received within the current period or collected soon enough thereafter (generally within 60 days) to be used to pay liabilities of the current period. All other revenues are considered to be measurable and available only when the City receives cash.

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund balance, revenues, and expenditures or expenses as appropriate.

The government reports the following major governmental funds:

The General Fund is the government’s primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The Redevelopment Agency special revenue fund reports the activities of the Agency as described previously. The City has elected to report this as a major fund.

The Debt Service fund reports the payments of long term debt. The City has elected to report this as a major fund.

The government reports the following major proprietary funds:

The Water Fund accounts for the activities of the city’s water utility and water distribution system.

The Waste Water Fund accounts for the activities of the city’s sewer utility.

The Storm Water Fund accounts for the activities of the city’s storm drain utility.

The Recreation Fund accounts for the activities at the city’s swimming pool and community center.

Additionally, the City reports the following non-major funds:

The Parks, Arts, Recreation, and Culture (P.A.R.C.) Tax special revenue fund records the receipts and use of tax the P.A.R.C. tax.

The CARES Act special revenue fund records the receipts and use of CARES Act funds.

The Road Capital Projects Fund accounts for the financial resources to be used for the city’s roads.

The General Capital Projects Fund accounts for the financial resources to be used for the acquisition or construction of the major capital facilities of the government.

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The Waste Collection Fund (an enterprise fund) accounts for the service fees and expenses associated with garbage collection in the City.

The Telecommunications Fund (an enterprise fund) accounts for the receivables and associated debt and the collections on those receivables for resident connections to the Utah Infrastructure Agency fiber optic network.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments to the General Fund by various enterprise funds for providing administrative and billing services. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the City's internal service funds are charges to customers. Operating expenses for enterprise funds and the internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

E. Assets, Liabilities, and Net Position

1. Deposits and Investments

Cash and cash equivalents consist of amounts in demand and certificates of deposit and all highly liquid investments maturing within three months. Cash balances are invested to the extent available. Investments are held in Utah Public Treasurers' Investment Fund (PTIF). Investments are stated at cost, which approximates fair value.

The City categorizes the fair value measurements of its investments based on the hierarchy established by general accepted accounting principles. The fair value hierarchy, which has three levels, is based on valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The City does not have any investments that are measured using Level 3 inputs. Fair value measurements of the City's investments in PTIF at June 30, 2020, of \$20,185,917 are based on significant other observable inputs (Level 2 inputs).

2. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Assets, Liabilities, and Net Position (Continued)

3. Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either “due to/from other funds”. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances”.

All trade receivables are shown net of an allowance for uncollectible. The allowance for doubtful accounts at June 30, 2020 for all funds is approximately \$5,800 and is concentrated in the enterprise funds.

4. Restricted Assets

Cash and investments are often restricted to a particular use due to statutory, budgetary or legal requirements and are therefore classified as “restricted” on the City’s balance sheets. When both restricted and unrestricted resources are available for use, it is the government’s policy to use restricted resources first, then unrestricted resources as they are needed. Additionally, the City would then use committed, assigned and lastly unassigned amounts from the unrestricted fund balance when expending funds.

5. Capital Assets

Capital assets, which include property, land, buildings, water/sewer/storm systems, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial cost of more than \$5,000. Purchased or constructed assets are recorded at historical cost. Donated capital assets are recorded at acquisition value. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows:

<u>Assets</u>	<u>Years</u>
Buildings	20 to 40
Infrastructure	20 to 40
Water distribution system	25 to 50
Waste water collection system	3 to 10
Storm water drainage system	5 to 10
Improvements other than buildings	5 to 20
Machinery and equipment	5 to 10
Vehicles	5

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Assets, Liabilities, and Net Position (Continued)

6. Unearned Revenue

Unearned revenue arises when resources are received by the City before it has earned them, as when grant monies or donations are received prior to the incurrence of qualifying expenditures. In subsequent periods when the City has earned the resources, the revenue is recognized.

7. Deposits

Developer and customer deposits are principally deposits from developers that are held by the City until building projects and developments receive the required City inspections and are in compliance with all City ordinances.

8. Compensated Absences

Accumulated vacation leave that is due and payable at year-end is reported as an expenditure and a fund liability for governmental funds. Amounts of accumulated vacation leave that are not reported as a current period expenditure in the governmental funds are reported on the government-wide financial statements as a noncurrent liability. Accumulated vacation in business-type funds is recorded as an expense and a liability as employees earn these benefits. In accordance with the provisions of Statement of Financial Accounting Standards No. 43, *Accounting for Compensated Absences*, no liability is recorded for non-vesting accumulated rights to receive sick pay benefits.

9. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize other financing sources or uses for bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

10. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems Pension Plan (URS) and additions to/deductions from URS's fiduciary net position have been determined on the same basis as they are reported by URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Assets, Liabilities, and Net Position (Continued)

11. Deferred Outflows and Deferred Inflows of Resources

The statement of net position reports a separate section from assets for deferred outflows of resources. Deferred outflows of resources represent consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. The City reports deferred charges on bond refundings and deferred outflows of resources relating to pensions. In addition, the statement of net position reports a separate section from liabilities for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The City reports deferred inflows of resources relating to pensions and for property taxes received in future periods.

12. Fund Balances

In the fund financial statements, governmental funds report classifications of fund balances based on a hierarchy that shows the level or form of constraints on fund balance resources, and the extent to which the City is bound to honor those constraints. Fund balance classifications are:

Nonspendable – includes fund balance amounts that cannot be spent because they are either a) not in spendable form, or b) legally or contractually required to be maintained intact. Fund balances related to inventory, long term portions of notes receivable and prepaid expenditures are classified as nonspendable.

Restricted – includes fund balance amounts that are subject to external constraints that have been placed on the use of the resources imposed by either a) creditors, grantors, contributors, or laws and regulations of other governments, or b) law through constitutional provisions or enabling legislation. Restricted fund balances include unspent tax revenues for specific purposes.

Committed – the portion of unrestricted fund balance that can only be used for specific purposes as established by formal action of the Mayor and City Council. Fund balance commitments can only be removed or changed by the same action of the mayor and city council. Committed resources also include any contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

Assigned – the portion of unrestricted fund balance that the City intends to be used for a specific purpose but are neither restricted nor committed. These are established by the City Council. It includes all remaining positive fund balance amounts that are reported in governmental funds, other than the General Fund, which have specific purposes and that are not classified as one of the previous classifications.

Unassigned – remaining unrestricted funds in excess of other categories in the General Fund and any residual deficits in any fund.

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Taxes

On or before June 22 of each year, the City sets the property tax rate for various municipal purposes. If the City intends to increase property tax revenues above the tax rate of the previous year, state law requires the City to provide public notice to property owners and hold public hearings. When these special public hearings are necessary, the adoption of the final budget must be done before August 17. All property taxes levied by the City are assessed and collected by Utah County.

Taxes are levied as of January 1 and are due November 30; any delinquent taxes are subject to a penalty. Unless the delinquent taxes and penalties are paid before January 15, a lien is attached to the property, and the amount of taxes and penalties bears interest from January 1 until paid. Tax liens are placed on a property on January 1 following the due date of unpaid taxes. If after five years, delinquent taxes have not been paid, the County sells the property at a tax sale. Tax collections are remitted to the City from the County on a monthly basis.

Sales taxes are collected by the Utah State Tax Commission and remitted to the City monthly. Franchise taxes are collected by telephone, mobile phone, natural gas, electric utilities, and cable television companies and remitted to the City periodically.

G. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Annual budgets are prepared and adopted, in accordance with State law, by the City Council on or before June 22 for the following fiscal year, beginning July 1. Estimated revenues and appropriations may be increased or decreased by resolution of the City Council at any time during the year. A public hearing must be held prior to any proposed increase in a fund's appropriations. Budgets include activities in several different funds, including the General Fund, Special Revenue Funds and Enterprise Funds. Annual budgets are also adopted for capital projects which may include activities which overlap several fiscal years. The level of the City's budgetary control (that is, the level at which the City's expenditures cannot legally exceed the appropriated amounts) is established at the department level. Each department head is responsible to the Mayor and City Council for operating within the budget for their department. All annual budgets lapse at fiscal year end.

Utah State law prohibits the appropriation of General Fund balance until unrestricted fund balance (the total of committed, assigned, and unassigned fund balance) exceeds 5% of the General Fund revenues. Additionally, unrestricted fund balance is limited to 25% of the current year revenues not including any appropriations of fund balance. The City follows these procedures in accordance with Utah Code in establishing the budgetary data reflected in the financial statements:

- The City prepares its budgets on a GAAP basis.
- On or before the first regularly scheduled meeting of the Mayor and City Council in May, the finance director prepares a tentative budget for the ensuing fiscal year.

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

- The tentative budget as adopted by the Mayor and City Council is then made available to the public for inspection for a period of at least ten days prior to the adoption of the final budget.
- Prior to June 22, the budget is legally enacted through passage of a resolution.
- The City Council approves, by resolution, total budget appropriations only. The finance director is authorized to transfer any unexpended appropriation balances from one expenditure account to another within departments during the budget year. The originally adopted budget may be amended during the year. The City Council by resolution may transfer any unexpended appropriation balance from one department to another within the same fund. In order to increase expenditures in any fund the City must hold a public hearing in addition to passing a resolution.
- Unused appropriations for all annually budgeted funds lapse at the end of the fiscal year on June 30.
- Unused capital project fund appropriations are carried into the subsequent fiscal year.

NOTE 3 – DEPOSITS AND INVESTMENTS

The City maintains a cash and investment pool that is available for use by all funds. Cash includes amounts in demand deposits as well as time deposits. Investments are stated at cost, which approximate fair value. Each fund's portion of this pool is displayed on the combined balance sheet as "cash and cash equivalents" which also includes cash accounts that are separately held by several of the City's funds.

Deposits – Utah State law requires that City funds be deposited with a "qualified depository" as defined by the Utah Money Management Act. "Qualified depository" includes any depository institution which has been certified by the Utah State Commissioner of Financial Institutions as having met the requirements as defined in Rule 11 of the Utah Money Management Act. Rule 11 establishes the formula for determining the amount of public funds which a qualified depository may hold in order to minimize risk of loss and defines capital requirements which an institution must maintain to be eligible to accept public funds.

Investments – The City's investment policies are governed by State statutes. The City follows the requirements of the Utah Money Management Act (Utah Code Annotated 1953, Section 51, Chapter 7) in handling its depository and temporary investment transactions. The Money Management Act also defines the types of securities allowed as appropriate temporary investments for the City and the conditions for making investment transactions. Investment transactions are to be conducted through qualified depositories or primary reporting dealers.

The City invests in the Public Treasurer's Investment Fund (PTIF) which is a voluntary external Local Governmental Investment Pool managed by the Utah State Treasurer's Office and is audited by the Utah State Auditor. No separate report as an external investment pool has been issued for the PTIF. The PTIF is not registered with the SEC as an investment company and is not rated. The PTIF is authorized and regulated by the Utah Money Management Act, (Utah Code Title 51, Chapter 7). PTIF invests in high-grade securities which are delivered to the custody of the Utah State Treasurer, assuring a perfected interest in the securities, and, therefore, there is very little credit risk except in the most unusual and unforeseen circumstances. The maximum weighted average life of the portfolio does not exceed 90 days. Deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah, and participants share proportionally in any realized gains or losses on investments. The PTIF operates and reports to participants on an amortized

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 3 – DEPOSITS AND INVESTMENTS (Continued)

cost basis. The income, gains, and losses, net of administration fees, of the PTIF are allocated to participants on the ratio of the participant's share to the total funds in the PTIF based on the participant's average daily balance. The PTIF allocates income and issues statements on a monthly basis. Twice a year, at June 30 and December 31, which are the accounting periods for public entities, the investments are valued at fair value and participants are informed of the fair value valuation factor. Additional information is available at the Utah State Treasures' Office.

Deposits - Custodial Credit Risk – The custodial credit risk for deposits is the risk that in the event of a bank failure, the City's deposits may not be recovered. The Money Management Act requires that deposits be in a qualified depository whose deposits are insured by an agency of the federal government and which has been certified by the State Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council.

The deposits in the bank in excess of the insured amount are uninsured and uncollateralized. Deposits are not collateralized nor are they required to be by state statute. The deposits for the City at June 30, 2020 were \$1,408,073. Of these, \$908,073 were exposed to custodial credit risk because they were uninsured and uncollateralized.

Investments – Interest Rate Risk – The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, interest rate risk is managed by compliance to the Utah Money Management Act which provides guidance for handling depository and investing transactions in order to minimize interest rate risk. The City's weighted average maturity for investments as of June 30, 2020 was less than one year.

Investments – Credit Risk – The City follows the requirements of the Utah Money Management Act (Section 51, Chapter 7 of the Utah Code) in handling its depository and investing transactions. City funds are deposited in qualified depositories as defined by the Act. The Act also authorizes the City to invest in the Utah Public Treasurer's Investment Fund (PTIF), certificates of deposit, U.S. Treasury obligations, U.S. Agency Issues, high-grade commercial paper, bankers' acceptances, repurchase agreements, corporate bonds, restricted mutual funds, and obligations of governmental entities within the State of Utah. The PTIF is invested in accordance with the Act. The State Money Management Council provides regulatory oversight for the PTIF. The degree of risk of the PTIF depends upon the underlying portfolio. The Act and Council rules govern the financial reporting requirements of qualified depositories in which public funds may be deposited and prescribe the conditions under which the designation of a depository shall remain in effect. The City has no other investment policy that would further limit its investment choices.

Investments - Custodial Credit Risk – Custodial credit risk for investments is the risk that, in the event of a failure of the counter party, the City will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. The City does not have a formal policy for custodial credit risk.

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 3 – DEPOSITS AND INVESTMENTS (Continued)

As of June 30, 2020, the City had the following deposits and investments:

	<u>Fair Value</u>	<u>Carrying Amount</u>	<u>Credit Rating (1)</u>	<u>Weighted Average Years to Maturity (2)</u>
Cash on Deposit	\$ 1,217,332	\$ 1,217,332	N/A	N/A
Cash on Hand	<u>2,250</u>	<u>2,250</u>		
Total cash on hand and deposit	<u>\$ 1,219,582</u>	<u>\$ 1,219,582</u>		
Investments (3):				
Utah State Treasurer's Investment Pool	\$ 20,185,917	\$ 20,136,614	N/A	NA
Total investments	<u>\$ 20,185,917</u>	<u>\$ 20,136,614</u>		
Total cash and cash equivalents	<u>\$ 21,405,499</u>	<u>\$ 21,356,196</u>		
Portfolio weighted average maturity				N/A

(1) Ratings are provided where applicable to indicate associated **Credit Risk**. N/A indicates not applicable.

(2) **Interest Rate Risk** is estimated using the weighted average days to maturity.

(3) All investments are considered cash equivalents on the financial statements.

NOTE 4 – NOTES RECEIVABLE

Notes receivable consist of many individual notes with residents who have financed installation of fiber optic lines to their home from Utah Infrastructure Agency (UIA). Notes between the residents and the City were signed simultaneously with notes between the City and UIA. The notes receivable from the residents and the notes payable to UIA were both \$293,420 at June 30, 2020.

NOTE 5 – INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Due to/from Other Funds

Loans made between funds are reflected as "due to" or "due from" on the respective funds' Balance Sheet (governmental funds) and/or Statement of Net Position (business-type funds). As of June 30, 2020 due to and due from other funds were as follows:

	<u>Receivable</u>	<u>Payable</u>
Governmental Activities		
General Fund	\$ -	\$ 1,500
Non major governmental funds	1,500	-
Business-type Activities		
Water	127,986	-
Recreation	<u>-</u>	<u>127,986</u>
	<u>\$ 129,486</u>	<u>\$ 129,486</u>

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 5 – INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Due to/from Other Funds (Continued)

The due to/from other funds are the result of individual funds’ cash flow needs. These accounts at the fund financial statement level have been eliminated at the government-wide financial statement level (Statement of Net Position). The above amounts will be repaid by the respective funds.

Transfers Between Funds

The City’s interfund transfers for the year ended June 30, 2020 were:

	Transfers In	Transfers Out
Governmental Activities		
General Fund	\$ 155,400	\$ 3,217,502
Debt Service	1,174,552	-
Capital Projects Fund Public Safety Building	-	-
Non major governmental funds	900,000	455,376
Business-type Activities		
Recreation	1,442,926	-
	\$ 3,672,878	\$ 3,672,878

The City's interfund transfers are the result of transfers to the various funds to meet debt service obligations and fund capital acquisitions.

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 8 – LONG-TERM DEBT (Continued)

Long-term debt at June 30, 2020 consists of the following:

GOVERNMENTAL ACTIVITIES

Revenue Bonds

The Sales Tax Revenue Bonds Series 2016 were issued for \$2,600,000 with a rate between 1% and 2.45%. Debt service payments are made semi-annually beginning September 2016 with the final payment due March 2031. The liability is in the Governmental funds for the new Public Safety Building. The debt service is paid from sales tax revenues of the City and public safety impact fees.

\$ 496,000

Total Revenue Bonds - Governmental Activities

\$ 496,000

Notes Payable

The 2013 PRWUA Note Payable consisted of \$100,000 in debt issued for the purchase of Lindon View Park property. Debt service payments are made annually with interest at 0% from park impact fee revenues.

\$ 20,000

Total Notes Payable - Governmental Activities

\$ 20,000

Capital Leases

2018 Police Vehicle Lease was issued for original amount of \$81,344, with lease payments due in annual installments ranging from \$6,542 to \$22,659 including interest at 3.97% beginning March 2018, with the final payment due March 2022. The principal and interest payments are made from the General Fund revenues. The lease was used to finance police vehicles and replaced a prior police vehicle lease for vehicles that were traded in. The lease was paid off, as the vehicles were traded in during the year.

\$ -

2019 Police Vehicle Lease was issued for original amount of \$546,982, with lease payments due in annual installments of \$81,300 to \$141,920 including interest at 3.25% beginning January 2019, with the final payment due January 2023. The principal and interest payments are made from the General Fund revenues. The lease was used to finance police vehicles and replaced a prior police vehicle lease for vehicles that were traded in.

414,650

2020 Police Vehicle Lease was issued for original amount of \$85,300, with lease payments due in annual installments of \$20,679 including interest at 3.15% beginning January 2021, with the final payment due January 2024. The principal and interest payments are made from the General Fund revenues. The lease was used to finance police vehicles and replaced a prior police vehicle lease for vehicles that were traded in.

76,587

Total Capital Leases - Governmental Activities

\$ 491,237

Compensated absences

The total of accumulated unpaid compensated absences in governmental funds. The majority of compensated absences are paid out of the general fund.

\$ 247,148

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 8 – LONG-TERM DEBT (Continued)

BUSINESS-TYPE ACTIVITIES

Revenue Bonds - Public Offering

The Sales Tax Revenue Refunding Bonds, Series 2015, were issued in the amount of \$7,470,000 with coupon rates between 2.0 and 4.0%. Debt service is due in semi-annual installments beginning July 2015 with the final payment due July 2033. This bond was issued to partially refund in advance the Sales Tax Revenue Bonds, Series 2008, which were originally issued to pay for the Aquatics Center. The total debt service refunded in advance was anticipated to be \$12,550,133, and total debt service for the new debt is \$12,065,423. The present value of debt service savings from the advance refunding is \$367,063. Debt service payments are expected to be made from the sales tax revenues of the City.

\$ 6,840,000

Total Revenue Bonds - Public Offering

\$ 6,840,000

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 8 – LONG-TERM DEBT (Continued)

BUSINESS-TYPE ACTIVITIES (Continued)

Revenue Bonds - Direct Placement

The City entered into an agreement with the Central Utah Water Conservancy District (CUWCD), Central Utah Project (CUP), in August of 1997 for rights to 1,425 acre feet of water per year for 50 years starting in 1998. In January 2000, Lindon City received a grant of \$1,899,011 from CUWCD. As part of the terms of the grant, the City gave back rights to 500 acre feet, leaving the City with rights to 925 acre feet per year. Lindon City had deferred payments for 10 years. Debt service payments are made annually with interest at 3.222% beginning February 2008 with the final payment due February 2047. Debt service payments are made from the revenues of the Water fund. \$ 2,542,451

The Waste Water Revenue Bonds Series 2011 consisted of \$3,000,000 with interest at 2.5%. The bonds were issued to finance additions and improvements to the waste water system. Debt service payments are made annually beginning July 2011 with the final payment due July 2031. Debt service payments are expected to be made from the Waste Water fund revenues and impact fees. 1,832,000

The Sewer Revenue Bonds Series 2017 consisted of \$1,262,000 with interest at 2.86%. The bonds were issued to finance additions and improvements to the sewer system. Debt service payments are made annually beginning December 2018 with the final payment due December 2032. Debt service payments are expected to be made from the Sewer fund revenues and impact fees. 1,033,000

Total Revenue Bonds - Direct Placement 5,407,451

Total Revenue Bonds - Business-type Activities \$ 12,247,451

Notes Payable

The 2010 Orem Sewer Expansion Note Payable consisted of \$2,217,241 principal with interest at 0%. The debt was issued to finance construction to increase waste water discharge capacity related to the expansion of the City of Orem's Water Reclamation Facility, with which the City contracts to process its waste water. Debt service payments are made annually beginning February 2013 with the final payment due February 2032. Debt service payments are made from the revenues of the Waste Water fund and impact fees. \$ 1,331,017

The UIA Notes Payable consists of \$391,550 of debt payable to UIA for hookup costs of Lindon City residents to the fiber optic network, payable in monthly installments of \$25-\$30 over 10 or 20 years with interest between 6-8%. The City has recorded notes receivable from the Lindon City residents in the same amount. No new notes were added during the year. The last note comes due in July 2039. The amounts payable to UIA are paid by Lindon City residents. 293,420

Total Notes Payable - Business-type Activities \$ 1,624,437

NOTE 9 – PENSION PLANS

Plan Description

Eligible plan participants are provided with pensions through the Utah Retirement Systems. The Utah Retirement Systems are comprised of the following pension trust funds:

Defined Benefit Plans

- Public Employees Noncontributory Retirement System (Noncontributory System); is a multiple employer, cost sharing, public employee retirement system.
- The Public Safety Retirement System (Public Safety System) is a cost-sharing, multiple-employer public employee retirement system;
- Tier 2 Public Employees Contributory Retirement System (Tier 2 Public Employees System); is a multiple-employer, cost sharing, public employee retirement system.
- Tier 2 Public Safety and Firefighter Contributory Retirement System (Tier 2 Public Safety and Firefighter System); is a multiple-employer, cost sharing, public employee retirement system.

The Tier 2 Public Employees System became effective July 1, 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with any of the Utah Retirement Systems, are members of the Tier 2 Retirement System.

The Utah Retirement Systems (Systems) are established and governed by the respective sections of Title 49 of the Utah Code Annotated 1953, as amended. The System's defined benefit plans are amended statutorily by the State Legislature. The Utah State Retirement Office Act in Title 49 provides for the administration of the Systems under the direction of the Utah State Retirement Board, whose members are appointed by the Governor. The Systems are fiduciary funds defined as pension (and other employee benefit) trust funds. URS is a component unit of the State of Utah. Title 49 of the Utah Code grants the authority to establish and amend the benefit terms.

URS issues a publicly available financial report that can be obtained by writing Utah Retirement Systems, 560 E. 200 S. Salt Lake City, Utah 84102 or visiting the website: www.urs.org.

**LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)**

NOTE 9 – PENSION PLANS (Continued)

Summary of Benefits by System

Benefits Provided: URS provides retirement, disability, and death benefits.

Retirement benefits are as follows:

<u>System</u>	<u>Final Average Salary</u>	<u>Years of Service required and/or age eligible for benefit</u>	<u>Benefit percent per year of service</u>	<u>COLA**</u>
Noncontributory System	Highest 3 years	30 years any age 25 years any age* 20 years age 60* 10 years age 62* 4 years age 65	2.0% per year all years	Up to 4%
Public Safety System	Highest 3 years	20 years any age 10 years age 60 4 years age 65	2.5% per year up to 20 years; 2.0% per year over 20 years	Up to 2.5% or 4% depending on the employer
Tier 2 Public Employees System	Highest 5 years	35 years any age 20 years any age 60* 10 years age 62* 4 years age 65	1.5% per year all years	Up to 2.5%
Tier 2 Public Safety and Firefighter System	Highest 5 years	25 years any age 20 years any age 60* 10 years age 62* 4 years age 65	1.5% per year all years	Up to 2.5%

* Actuarial reductions are applied.

** All post-retirement cost-of-living adjustments are non-compounding and are based on the original benefit except for Judges, which is a compounding benefit. The cost-of-living adjustments are also limited to the actual Consumer Price Index (CPI) increase for the year, although unused CPI increases not met may be carried forward to subsequent years.

Contributions

As a condition of participation in the Systems, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the Utah State Retirement Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable) is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability. Contribution rates as of June 30, 2020 are as follows:

LINDON CITY CORPORATION

Tier 2 rates include a statutory required contribution to finance the unfunded actuarial accrued liability of the Tier 1 plans.

For fiscal year ended June 30, 2020, the employer and employee contributions to the Systems were as follows:

	<u>Employer Contributions</u>	<u>Employee Contributions</u>
Noncontributory System	\$ 319,187	N/A
Public Safety System	249,965	\$ -
Tier 2 Public Employees System	96,663	
Tier 2 Public Safety and Firefighter	<u>48,104</u>	<u>-</u>
Total Contributions	<u>\$ 713,919</u>	<u>\$ -</u>

Contributions reported are the URS Board approved required contributions by System. Contributions in the Tier 2 Systems are used to finance the unfunded liabilities in the Tier 1 Systems.

Combined Pension Assets, Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 9 – PENSION PLANS (Continued)

At June 30, 2019, we reported a net pension asset of \$0 and a net pension liability of \$1,562,331.

	(Measurement Date): December 31, 2019				
	<u>Net Pension</u> <u>Asset</u>	<u>Net Pension</u> <u>Liability</u>	<u>Proportionate</u> <u>Share</u>	<u>Proportionate</u> <u>Share December</u> <u>31, 2018</u>	<u>Change</u> <u>(Decrease)</u>
Noncontributory System	\$ -	\$ 744,799	0.1976188%	0.2039654%	0.0063466%
Public Safety System	-	799,358	0.4978509%	0.6029487%	0.1050978%
Tier 2 Public Employees System	-	9,161	0.0407308%	0.0255285%	0.0152023%
Tier 2 Public Safety and Firefighter	-	9,013	0.0958160%	0.0145440%	0.0812816%
Total Net Pension Asset/Liability	<u>\$ -</u>	<u>\$ 1,562,331</u>			

The net pension asset and liability was measured as of December 31, 2019, and the total pension liability used to calculate the net pension asset and liability was determined by an actuarial valuation as of January 1, 2019 and rolled-forward using generally accepted actuarial procedures. The proportion of the net pension asset and liability is equal to the ratio of the employer’s actual contributions to the Systems during the plan year over the total of all employer contributions to the System during the plan year.

For the year ended June 30, 2020, we recognized pension expense of \$776,0703.

At June 30, 2020 we reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred</u> <u>Outflows of</u> <u>Resources</u>	<u>Deferred</u> <u>Inflows of</u> <u>Resources</u>
Differences between expected and actual experience	\$ 86,908	\$ 30,915
Changes in assumptions	112,210	344
Net difference between projected and actual earnings on pension plan investments	-	658,864
Changes in proportion and differences between contributions and proportionate share of contributions	51,314	157,947
Contributions subsequent to the measurement date	<u>361,214</u>	<u>-</u>
Total	<u>\$ 611,646</u>	<u>\$ 848,070</u>

\$361,214 reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2019.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

LINDON CITY CORPORATION

2020	\$ (396)
2021	(357)
2022	(16)
2023	(681)
2024	191
Thereafter	1,898

Actuarial Assumptions

The total pension liability in the December 31, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 Percent
Salary increases	3.25 – 9.75 percent, average, including inflation
Investment rate of return	6.95 percent, net of pension plan investment expense, including inflation

Mortality rates were developed from actual experience and mortality tables, based on gender, occupation and age, as appropriate, with adjustments for future improvement in mortality based on Scale AA, a model developed by the Society of Actuaries.

The actuarial assumptions used in the January 1, 2019, valuation were based on the results of an actual experience study for the five year period ending December 31, 2016. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class and is applied consistently to each defined benefit pension plan. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 9 – PENSION PLANS (Continued)

Asset Class	Expected Return Arithmetic Basis		
	Target Allocation	Real Return Arithmetic Basis	Long-Term expected portfolio real rate of return
Equity securities	40%	6.15%	2.46%
Debt securities	20%	0.40%	0.08%
Real Assets	15%	5.75%	0.86%
Private equity	9%	9.95%	0.89%
Absolute return	16%	2.85%	0.46%
Cash and cash equivalents	0%	0.00%	0.00%
Totals	100%		4.75%
		Inflation	2.50%
		Expected arithmetic nominal return	7.25%

The 6.95% assumed investment rate of return is comprised of an inflation rate of 2.50%, a real return of 4.45% that is net of investment expense.

Discount Rate

The discount rate used to measure the total pension liability was 6.95 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates that are actuarially determined and certified by the URS Board. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate does not use the Municipal Bond Index Rate. The discount rate remained unchanged at 6.95 percent.

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 9 – PENSION PLANS (Continued)

Sensitivity of the Proportionate Share of the Net Pension Asset and Liability to Changes in the Discount Rate

The following presents the proportionate share of the net pension liability calculated using the discount rate of 6.95 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.95 percent) or 1-percentage-point higher (7.95 percent) than the current rate:

System	1% Decrease (5.95%)	Discount Rate (6.95%)	1% Increase (7.95%)
Noncontributory System	\$ 2,326,268	\$ 744,799	\$ (574,129)
Public Safety System	2,070,648	799,358	(233,810)
Tier 2 Public Employees System	78,996	9,161	(44,810)
Tier 2 Public Safety and Firefighter	31,839	9,013	(7,932)
Total	\$ 4,507,751	\$ 1,562,331	\$ (860,681)

Pension plan fiduciary net position: Detailed information about the pension plans fiduciary net position is available in the separately issued URS financial report.

Defined Contributions Savings Plans

The Defined Contribution Savings Plans are administered by the Utah Retirement Systems Board and are generally supplemental plans to the basic retirement benefits of the Retirement Systems, but may also be used as a primary retirement plan. These plans are voluntary tax-advantaged retirement savings programs authorized under sections 401(k), 457 (b) and 408 of the Internal Revenue code. Detailed information regarding plan provisions is available in the separately issued URS financial report.

Lindon City participates in the following Defined Contribution Savings Plans with Utah Retirement Systems:

- * 401(k) Plan
- * 457 (b) Plan
- * Roth IRA Plan
- * Traditional IRA Plan

LINDON CITY CORPORATION

For the year ended June 30, 2020, the following activity occurred in the Lindon City Redevelopment Agency:

Tax increment collected from taxing agencies for project areas as follows:

State Street	\$ 208,995
700 N CDA	<u>118,006</u>
Total tax increment collected	<u>\$ 327,001</u>

Amounts expended for:

Site improvements and preparation costs	\$ -
Installation of public utilities and improvements	
Administrative costs	50,735
Tax increment paid to other entities	-
Transfers out for capital improvements	<u>-</u>
Total amounts expended by RDA	<u>\$ 50,735</u>

Outstanding bonds and loans to finance RDA projects	<u>\$ -</u>
---	-------------

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 11 – COMMITMENTS AND CONTINGENCIES

The City had one outstanding commitment as of June 30, 2020 with the Land and Water Conservation Fund. The City was in the midst of an improvement project at Creekside Park with remaining grant amount of \$60,300 and expenditures of \$132,400.

NOTE 12 – INTERLOCAL AGREEMENTS

The City is one of 11 founding members of the Utah Telecommunications Open Infrastructure Agency (UTOPIA), an interlocal cooperative agreement organized under the laws of the State of Utah.

UTOPIA was created to design, finance, build, operate, and maintain an open, wholesale, public and telecommunication infrastructure that delivers high-speed connections to every home and business in the member communities. UTOPIA issues annual audited financial statements which are available either from UTOPIA or the Utah State Auditor.

The City is a pledging member who has pledged sales and use tax revenues to partially guarantee payment of UTOPIA's bonds. In return for the pledge, the City will be among the first cities to receive UTOPIA's services. In December 2011, UTOPIA issued an \$185,000,000 revenue refunding bond, which will become due in June 2040. The debt service payments will be made by the 11 pledging members according to their respective percentages up to a specific dollar amount. The City's percentage of the Debt Service Reserve shortfall is 3.09% with a yearly liability limit set at a maximum of \$463,725 for the coming year ended June 30, 2021. Any bonds or debt issued or incurred by UTOPIA will not constitute debt of the City.

The City has made the pledged payments to UTOPIA for debt service beginning in fiscal year 2010. Pledge payments made during the year ended June 30, 2020 totaled \$453,876. The aggregate amount of pledges paid to UTOPIA totals \$4,290,516 as of June 30, 2020. This amount (plus accrued interest of \$334,509 has been recorded as a note payable by UTOPIA to the City. The City believes that repayment is unlikely and has expensed the amounts as incurred.

The City is also one of eight founding members of the Utah Infrastructure Agency (UIA), an interlocal cooperative agreement organized in July of 2010 under the laws of the State of Utah. Like UTOPIA, UIA was organized to provide for acquisition, construction, and installation of advanced communication lines, improvements, and facilities. The City has pledged franchise tax revenues to ensure that UIA fulfills its revenue requirement from the bond agreements, which is that UIA must have revenue equal to the operations and maintenances expenses and the capital costs in a fiscal year. In the event that there is an operations expense (OpEx) shortfall, the City has agreed to lend UIA its franchise tax revenues. The percentage of the City's share of the shortfall pledge is 3.35% with a yearly liability limit set at a maximum of \$172,516. The City has agreed by resolution to loan some funding to UIA to cover a portion of their OpEx shortfall. Pledge payments made for the OpEx shortfall during the years ended June 30, 2020 and 2019 totaled \$0 and \$0, respectively. The aggregate amount of OpEx pledges paid to UIA totals \$118,155 as of June 30, 2020. This amount (plus accrued interest of \$12,235) has been recorded as a note payable by UIA to the City. The City believes that repayment is unlikely and has expensed the amounts as incurred. UIA's annual audited financial statements are available either from UIA or the Utah State Auditor.

LINDON CITY CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 13 – RISK MANAGEMENT

The City is exposed to various risks of loss including third party claims; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City is insured by Utah Local Government Trust for liability and property.

Real property is either self-insured or insured through commercial policies. Where possible and appropriate, in contractual transactions with other persons or entities, responsibility for damages is transferred to the other party or person(s) that perform work for the City.

The City is insured by Utah Local Government Trust for worker's compensation claims. The coverage is \$100,000 per incident with no deductible. No claims exceeded this coverage in any of the three prior years.

* Paragraph 81.b of GASB 68 requires employers to disclose a 10-year history of contributions in RSI. The schedule will need to be built prospectively. Contributions as a percentage of covered-payroll may be different than the board certified rate due to rounding and other administrative practices.

** Contributions in Tier 2 include an amortization rate to help fund the unfunded liabilities in the Tier 1 systems. Tier 2 systems were created effective July 1, 2011.

LINDON CITY CORPORATION
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
For the Fiscal Year Ended June 30, 2020

Changes of Assumptions

As a result of the passage of SB 129, the retirement rates for members in the Tier 2 Public Safety and Fire fighter Hybrid System have been modified to be the same as the assumption used to model the retirement pattern in the Tier 1 Public Safety and Firefighter Systems, except for a 10% load at first eligibility for unreduced retirement prior to age 65.

STATISTICAL SECTION

STATISTICAL SECTION

This part of Lindon City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about Lindon City's overall financial health.

Contents	Schedules
Financial Trends These schedules contain trend information to help the reader understand how Lindon City's financial performance and well-being have changed over time.	1-4
Revenue Capacity These schedules contain information to help the reader assess Lindon City's most significant local revenue sources, sales and property taxes.	5-12
Debt Capacity These schedules present information to help the reader assess the affordability of Lindon City's current level of outstanding debt and the ability to issue additional debt in the future.	13-20
Demographic and Economic Information These schedules present information to help the reader understand the environment within which Lindon City's financial activities take place.	21-22
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in Lindon City's financial report relates to the services it provides and the activities it performs.	23-25

Source: Utah State Tax Commission

Note: Overlapping rates are those of other governments and agencies that apply to taxable sales within the City.

⁽¹⁾ Of the City direct sales tax assessed by municipalities within the state, 50 percent is distributed by the State of Utah based on point of sale and 50 percent is pooled and distributed to municipalities based on population. Because Lindon has a high sales tax base, but a relatively lower population, Lindon City actually receives less than 1% of the sales tax assessed locally.

⁽²⁾ The State of Utah determines the City's direct sales tax rate. The Utah State Tax Commission collects and distributes sales tax.

⁽³⁾ Voters approved a 0.1% Park, Arts, Recreation and Cultural (PARC) Tax on November 5, 2013 that went into effect on April, 1, 2014.

Source: Utah County Treasurer

Note: Overlapping property tax rates are those of other governments and agencies that apply to property owners within the City. Property taxes are assessed, collected and distributed to the appropriate entities by Utah County on a calendar year basis rather than a July 1 to June 30 fiscal year. Property taxes are due in November each year.

⁽¹⁾ Assessed values are reported by Utah County on a calendar year basis rather than a July 1 to June 30 fiscal year.

⁽²⁾ The City's certified property tax rate may be increased only by a majority vote of the city council, after holding one or more truth-in-taxation public hearings.

⁽³⁾ There are two taxing districts in Lindon City. Most of the city is in District 80 with a portion of the west side in District 85, which has an additional assessment from the North Utah County Water Conservancy District.

⁽¹⁾ Assessed values are reported by Utah County on a calendar year basis rather than a July 1 to June 30 fiscal year.

Notes: Utah County reassesses property in Lindon every five years, on average. The county assesses property at approximately 55% of actual value for primary residential and mobile home property and 100% of actual value for all other categories. Estimated actual taxable value is calculated by dividing taxable assessed value by those percentages.

SCME = Semiconductor Manufacturing Equipment

Total Direct and Overlapping Debt				<u><u>\$ 32,941,879</u></u>

Sources: Property Tax Division of the Utah State Tax Commission and entities' financial records.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Lindon. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

⁽¹⁾ The State of Utah's general obligation debt is not included in overlapping debt because the State does not currently levy property tax for payment of its general obligation bonds.

⁽²⁾ The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by dividing the City's taxable assessed value by each overlapping unit's total taxable assessed value.

⁽³⁾ Central Utah Water Conservance District (CUWCD) encompasses all or a portion of ten counties in Utah.
