the Fast Slow GO™

With the Fast Slow GO™, these one-pot recipes can easily switch from pressure cook if you're short on time to slow cook if you've got all the time in the world. You have the option of using 8 easy pre-set settings or take full control in manual mode.

Pressure cooking is a method of cooking food in a small amount of liquid with a gasket sealed lid that retains steam inside and builds pressure. It is the increase in pressure that raises the temperature of the liquid and steam inside to well above boiling point and therefore allows the food to be cooked up to 70% faster.

There are three steam release settings to depressurise the cooker once cooking is complete and each one has a different impact on the food inside.

NATURAL
● AUTO QUICK
● PULSE
● RELEASE

***NATURAL** is the slowest and gentlest method of release. It allows the pressure to naturally subside without releasing through the vent, this prevents disturbing or breaking apart sensitive ingredients.*

● NATURAL
○ AUTO QUICK
● PULSE
● RELEASE

***AUTO QUICK** allows the pressure to release quickly to minimise overcooking the food, this is best suited for recipes with a short cooking time.*

● NATURAL
● AUTO QUICK
○ PULSE
● RELEASE

***PULSE** allows the pressure to release in bursts, so as not to disturb the food.*

During the building and releasing of pressure the temperature inside the bowl is near boiling point so the food is actually cooking during this time too. Cooking time given in the recipes does not include the building and releasing of pressure as this can vary. Changing the release method suggested in the recipe will affect the final result.

If the lid will not unlock this indicates the appliance is still under pressure.

Do not force the lid open while under pressure.

The pressure release valve is in the closed position unless otherwise specified in the recipe.

-  **Prep time:** 15 minutes
-  **Pressure cook:** 80kPa / 1 hour* / Auto Quick Release
-  **Slow cook:** HI 4 hours / LO 8 hours
-  **Makes:** 16

Ingredients

For the pickled onions

2 red onions, thinly sliced

1 tablespoon salt

½ cup (80ml) lime juice

For the beef

2 tablespoons vegetable oil

1.5kg chuck roast, cut into 3 pieces

1 large onion, chopped

2 cloves garlic, crushed

375ml bottle dark Mexican beer

½ cup (125ml) water

1 teaspoon finely grated orange zest

3 canned chipotle chillies in adobo sauce, coarsely chopped

1 teaspoon chilli powder

2 teaspoons ground cumin

1 tablespoon dried oregano

1 teaspoon salt

½ cup (80ml) orange juice

To serve

16 soft flour tortillas, warmed

200g tomatillo salsa

2 avocados, diced

Method

1. **Make the pickled onions.** Place the onions in a bowl, sprinkle with the salt and toss to combine. Add the lime juice and stand for up to 2 hours on the benchtop or overnight in the refrigerator. The longer the pickling time the better the flavour.
2. **For the beef.** Select SAUTÉ/SEAR and press START to preheat the cooking bowl. Once preheated, add the oil and beef and sear for 10 minutes, until browned all over. Remove from the cooking bowl and set aside.
3. Add the onion and cook, stirring occasionally for 5 minutes, until softened and starting to brown. Add the garlic and beer and cook until the beer is reduced by half.
4. Add the remaining ingredients, except the orange juice, and stir to combine. Return the beef to the cooking bowl. Press STOP to turn off SAUTÉ/SEAR. Close and lock the lid.
5. Select MEAT to pressure cook OR select SLOW COOK and press START.
6. When cooking has completed, carefully remove the beef to a large bowl and shred with two forks. Skim any fat from the surface of the liquid. Return the beef with the orange juice to the cooking bowl and stir.
7. Just before serving, drain the liquid from the pickled onions. Top the warm tortillas with the shredded beef, pickled onions, tomatillo salsa and avocados. Serve immediately.
