

2021 RAM PROMASTER

BEST IN CLASS WHERE IT COUNTS

ONE VAN. MANY POSSIBILITIES.

When it comes to real-world capability, Ram ProMaster® sets the bar. It starts with **best-in-class** features like **standard cargo height,^{1*} tallest and widest standard cargo area,¹ maximum cargo width,¹ width between the wheel wells,¹ turning diameter¹ and **standard V6 280 horsepower.¹** In three weight classes, with two roof heights and four cargo lengths, a Ram ProMaster is designed to let you do your best by giving you the best. Visit us at ram.com/promaster**

THE RIGHT WIDTH FOR THE RIGHT FIT

BEST-IN-CLASS
MAXIMUM
CARGO WIDTH¹
(CARGO VAN)

BEST-IN-CLASS
WIDTH BETWEEN
WHEEL WELLS¹
(CARGO VAN)

WIDE-OPEN ACCESS. Regardless of which 2021 Ram ProMaster[®] model you choose, fitting a standard pallet between the wheel wells won't be an issue. Need a shelf system? With 6 ft 3 in of interior width and near vertical walls, that won't be an issue either. The cavernous space inside ProMaster is also the perfect space for transporting equipment and materials or creating a mobile work area.

BEST-IN-CLASS STANDARD CARGO HEIGHT¹

THE RIGHT HEIGHT FOR THE RIGHT FIT.

Ram ProMaster[®] wasn't designed just to fit cargo, it was designed to fit people, too. With this best-in-class standard cargo height,¹ convenience is built in. Opt for the available High Roof and you have a rear workspace that most people can walk in without stooping or bending over.

STANDARD ROOF: **BEST-IN-CLASS** STANDARD CARGO HEIGHT¹ (CARGO VAN)

AVAILABLE HIGH ROOF

FOUR LENGTHS TO MEET MANY NEEDS

118-inch wheelbase

136-inch wheelbase

FIND THE RIGHT WHEELBASE.

ONE SIZE DOES NOT FIT ALL.

The size of your product, the amount of gear needed and the area of your parking space are specific to your business. We know that. And it's the reason why we offer Ram ProMaster® Cargo Van in four lengths. Along with the super-wide width, choose from two available roof heights and four lengths built on three wheelbases. Our goal is to always give you multiple possibilities in terms of adaptability, convenience and aftermarket upfit.

DESIGNED FOR EASY ACCESS

NO WORRIES, WE HAVE YOU COVERED

SAFETY-NET COVERAGE.

As you can see, every Ram ProMaster[®] Cargo Van offers a host of standard and available Safety and Security features. We like to think of our comprehensive coverage as a safety net for your whole vehicle. Electronic Stability Control (ESC)², Antilock Braking System (ABS), smartly engineered crumple zones and new standard Crosswind Assist are just a few more of the many features that help give you a secure ride wherever your job takes you.

A NEW LEVEL OF CONTROL

NEW STANDARD CROSSWIND ASSIST.

Crosswind Assist is activated automatically from a minimum speed of 45 mph. Sensors detect the forces acting on the vehicle when crosswinds or sudden gusts occur and apply braking action to individual wheels on the side facing the wind. This braking torque creates a yawing motion which helps counter the effect of the crosswind. The result is deviation that is significantly reduced. This helps reduce the strain on the driver, helping to avoid inappropriate driver responses in gusting winds. The driver's attention is also drawn to the system's intervention by an indicator lamp in the instrument cluster.

STANDARD ELECTRONIC STABILITY CONTROL.²

Our advanced version of the Electronic Stability Control (ESC)² system integrates the Antilock Braking System (ABS) with a variety of All-Speed Traction Control technologies. ESC² helps maintain control under adverse conditions, like wet, icy or snow-covered roads, and during tight turns and evasive maneuvers. Also included: a Brake-Lock Differential, Brake Assist, Hill Start Assist, Trailer Sway Damping⁹ and Electronic Roll Mitigation.

STANDARD PARKVIEW[®] REAR BACK-UP CAMERA.⁴

Automatically engages in Reverse, displaying the rear scene on the Uconnect[®] 3 with 5-inch display radio screen. On-screen grid lines enhance the ease of backing up. The available ParkSense[®] Rear Park Assist⁸ is also activated simply by engaging Reverse.

FRONT CRUMPLE ZONES.

Front crumple zones are engineered to help absorb energy. Our goal is to create a vehicle noted for its Safety and Security features.

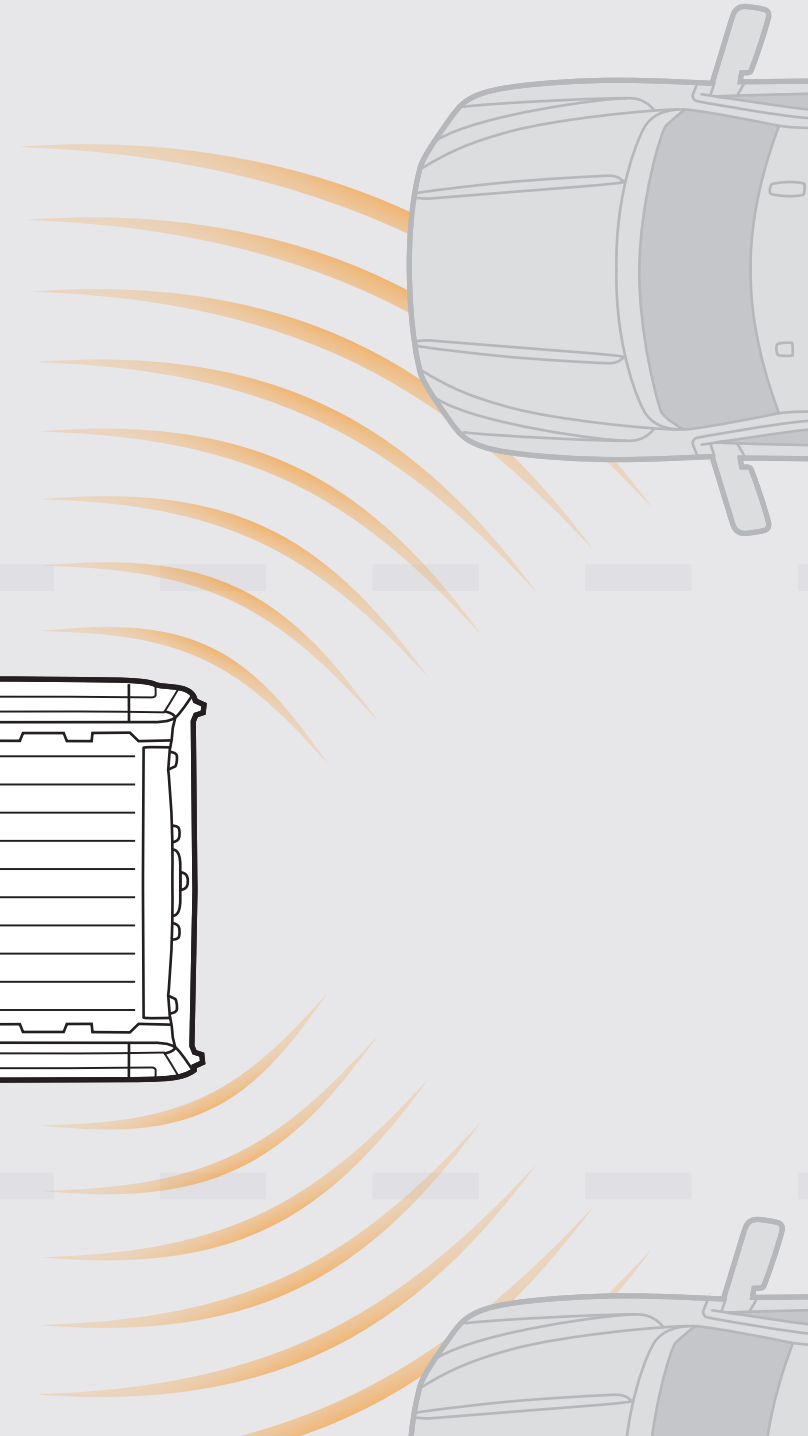

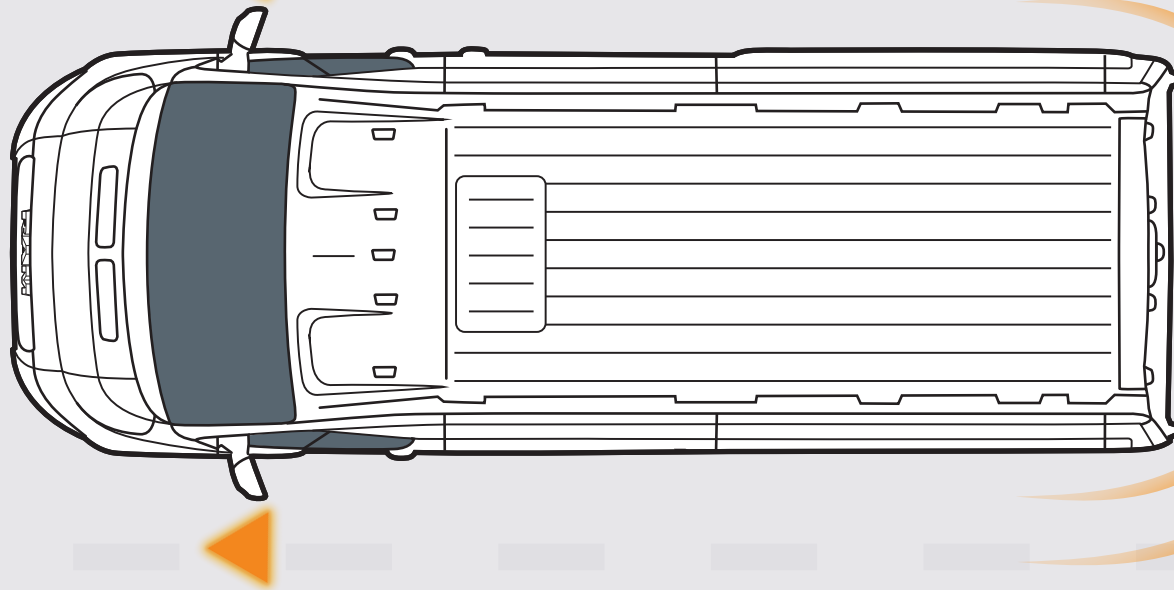

CONFIDENCE AND SECURITY

AVAILABLE BLIND SPOT MONITORING³ WITH REAR CROSS-PATH DETECTION.⁴

With dual wide-band radar sensors in the rear of the vehicle, the available Blind Spot Monitoring³ with Rear Cross-Path Detection⁴ scans the blind-spot zones behind the vehicle to help ensure safe maneuvering.

FORWARD THINKING: FRONT-LINE PROTECTION

MONITORING SAFE AREA AHEAD

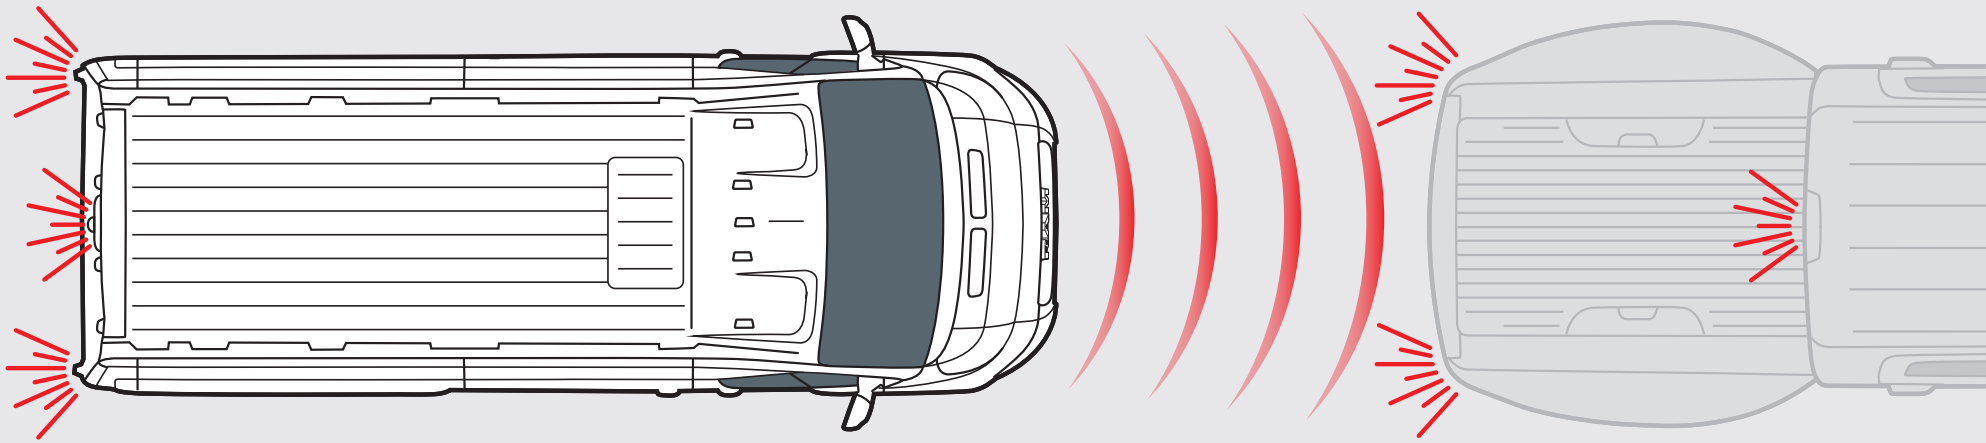

SENSING POSSIBLE OBSTRUCTION

AVAILABLE FULL-SPEED FORWARD COLLISION WARNING PLUS⁵

The Full-Speed Forward Collision Warning Plus (FSFCW+)⁵ system provides both audible and visual warnings to alert the driver when it detects a potential frontal collision. The warnings are intended to help provide the driver with enough time to react, avoid or mitigate the potential collision.

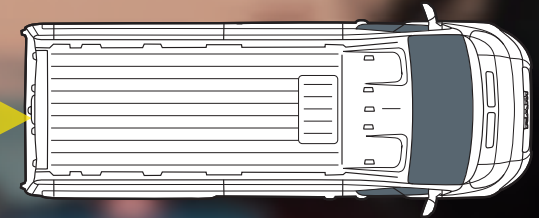

BRAKE!

CLASS-EXCLUSIVE AVAILABLE DIGITAL REARVIEW MIRROR¹

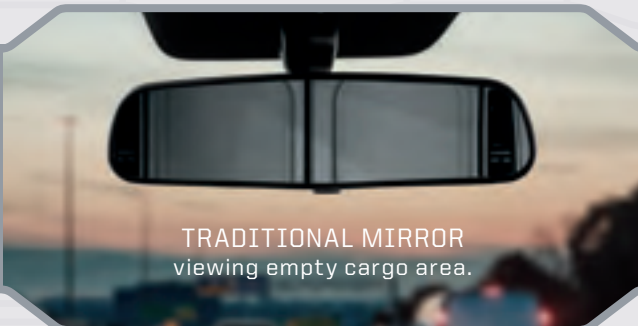

HELPING YOU SEE MORE.

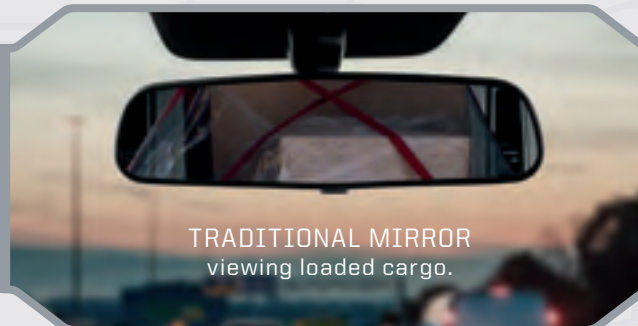

The new, class-exclusive available Digital Rearview Mirror¹ replaces a traditional reflective rearview mirror with a 9.2-inch-wide LCD monitor that displays real-time video from a rear-facing camera. The camera is located on the back of the van, so the view is unobstructed compared to a traditional rearview mirror. Unlike back-up cameras, the vehicle doesn't need to be in Reverse to activate, and the view is a higher resolution.

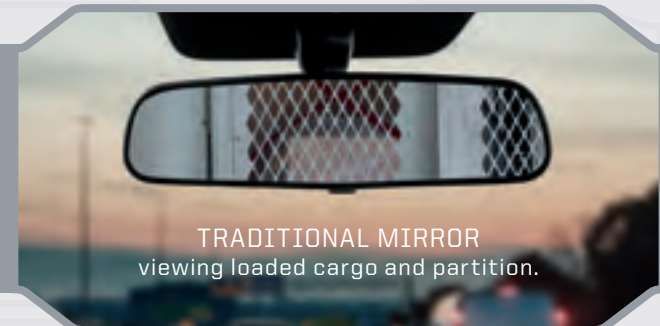

NO MORE OBSTRUCTED VIEWS.

TRADITIONAL MIRROR
viewing empty cargo area.

TRADITIONAL MIRROR
viewing loaded cargo.

TRADITIONAL MIRROR
viewing loaded cargo and partition.

MANAGE CARGO LIKE A PRO

CARGO TIE-DOWNS.

Cargo Van models feature up to 10 in-floor D-rings to help secure cargo. Want more? Up to an abundant 17 floor and sidewall tie-downs provide stabilization and security for your cargo when you're on the move.

SMART CARGO MANAGEMENT—JUST HIT THE ROOF.

Maximize potential and expand cargo-carrying capability. Cargo Van roof strength can handle up to 330 lb.¹⁰ Six roof mounting points (three per side) enable the aftermarket roof rack of choice.

PROVEN METTLE

YEAR-ROUND CONFIDENCE

CLASS-EXCLUSIVE FRONT-WHEEL DRIVE (FWD)¹

Advantages to FWD are substantial. It enables outstanding control—especially valuable in snowy climates. It also utilizes the weight in the front end to help ensure great front tire “road grab.” By dispensing with the fore-to-aft drivetrain employed by our competitors, FWD also functions as a direct contributor to the best-in-class lowest load floor height.¹

ANTILOCK BRAKING SYSTEM (ABS) AND BREMBO® BRAKES.

Our ABS controls and monitors each wheel independently. The high-performance Brembo brake system provides superb stopping power—notably, when trailering.

PREMIUM RACK AND PINION STEERING.

Our hydraulic-assist system uses a premium steering gear, engineered and tuned for long-term service. Curb-to-curb turning radii—even on longer-wheelbase models—are impressive and ideal for tight city streets. The convenient telescoping steering column is an unusual and welcome feature in the commercial world. We’ve made it standard on all models.

ROBUST FRONT AND REAR SUSPENSION TECHNOLOGY.

In front, a MacPherson strut front suspension utilizes large, 62-mm twin-tube shock absorbers for solid support of the powertrain. This system is enhanced with GVW-tuned cast iron control arms for impressive durability, road manners and handling—even under heavy loads. Rear suspension technology is category-unique: a beam axle/leaf spring design that’s light and simple yet robust.

UNIBODY ENGINEERING.

A solid backbone is a designed-in advantage to the body-frame integral (unibody) engineering of your Ram ProMaster® model, with each chassis mass-optimized and tuned for ideal performance. This integrated frame structure features boxed frame components, multiple crossrails and longitudinal rails—and all are crucially welded together. Depending on wheelbase length, you’ll find up to eight tough structural crossmembers, giving every Ram ProMaster model the ladder-frame integrity that ensures proper stiffness and long-term durability.

BEST-IN-CLASS
LOWEST LOAD FLOOR HEIGHT¹

THE RIGHT LEVEL OF CONVENIENCE

BEST-IN-CLASS LOWEST LOAD FLOOR HEIGHT¹

Our class-exclusive Front-Wheel Drive (FWD)¹ works with a light and robust beam axle/leaf spring rear suspension that's just as tough as those found on Rear-Wheel-Drive (RWD) vehicles. The design eliminates the middle hump of RWD vehicles, giving you an easy-to-load Cargo Van with best-in-class lowest load floor height.¹

BEST-IN-CLASS TURNING DIAMETER¹

We view our cargo vans as your business partner. That's why we spent time crafting small details that yield a big convenience like only a 36.3-foot turning diameter (on 118-inch-wheelbase models). It's perfect for navigating crowded city streets, cramped loading docks or narrow back alleys.

DESIGNED TO DELIVER

PACK IT UP AND PACK IT IN. Whether you're carrying tools, equipment or deliverables, this Cargo Van is a workhorse. With up to 462.9 cu ft of cargo capacity,¹⁰ a best-in-class 4,680-lb maximum payload⁶ and easy access to the cargo area, Ram ProMaster[®] makes light of heavy work.

Shown with aftermarket upfit.

SERIOUS CABIN VERSATILITY. Without a doubt, this is an interior that was created to be adaptable, customizable and upfitted for business or trade. Regardless of which cargo-length van you choose, each one shares the same baseline of upfitability: nearly vertical side walls and best-in-class standard cargo height;¹ max cargo width;¹ width between the wheel wells¹ and lowest load floor height.¹ The available High Roof option shown above gives you even greater functionality.

OUR JOB IS TO MAKE YOURS EASIER

CARGO TIE-DOWN TRACK SYSTEM. This is multitasking at its best. The load floor system includes two in-floor tracks and two side tracks—one on each wall. Fitting all tracks are four 5/16-inch carriage bolts and four L-Channel Quick-Connect rings to securely strap down cargo (straps not included).

CARGO LOAD FLOOR^{11,12} On its own, our limited factory-warranted¹³ Cargo Load Floor is ideal, using a modular design that fits all models and invites add-on kits. Features include an anti-slip surface, aluminum entry-point ramps, two integrated floor rails, four side rails (two per side) plus perfectly fitting hardware for all of it. Available only as an upfit when initially ordering your Ram ProMaster® Cargo Van. Learn more at mopar.com

CUSTOM UPFIT DIRECT FROM THE FACTORY

THE RIGHT FIT. THE RIGHT PARTS. THE RIGHT PROTECTION. When it comes to Ram ProMaster®, not all parts and accessories are created equal. As the official service, parts and customer care provider for the Ram Brand, only Mopar® Parts and Accessories can ensure the proper fit, finish and functionality. That's because they're original equipment, engineered by the same people who designed your vehicle, which means you can personalize your ride with complete confidence.

Mopar is also more than parts and accessories. We're here to help you properly maintain and care for your vehicle. Our certified technicians are trained to know your vehicle best, and our Mopar Express Lane service departments are set up to get you in, out and back on the road. From parts and accessories to expert service and more, always be sure to choose Mopar. Learn more at mopar.com

TAKEN TO THE LIMITS AND TESTED TO EXTREMES

What's work-tough capability without the reliability and quality to back it up? We put Ram ProMaster® models through punishing testing under brutal conditions. We took on climates that ranged from the arctic -40°F of northern Sweden to the scorching 125°F heat of west American deserts, and roads far more challenging than you'll likely attempt. We surpassed all with flying colors—solid proof that every model in this portfolio is designed to deliver exceptional durability and unflinching dependability.

MOBILE WORKSTATION

Working on the go requires flexibility, organization and connected technology. Ram ProMaster® has all three. **The NEW available Ambient LED Interior Lighting** provides additional cabin illumination and helps you make the most of your mobile workstation.

BUCKET SEATS

- ▶ Standard four-way with spring suspension
- ▶ Available six-way adjustable seats with manual lumbar support and available heated seat surfaces

DRIVER SUSPENSION BUCKET SEAT

- ▶ Available premium seat adds a pneumatic suspension and a weight-/size-conformity adjustment knob

SEATING OPTIONS TO FIT YOUR BUSINESS NEEDS

THREE-OCCUPANT SEATING

- ▶ Single driver bucket seat joined by an available integrated two-person bench seat. The middle seatback insert folds down to become a convenient writing surface

SWIVEL SEATING

- ▶ Available swivel bucket seats with 180° inboard swivel range, 35° outboard swivel, a 58° recliner and a continuous height adjuster

WORK SMARTER

COMMAND CENTRAL. With integrated Voice Command, hands-free calling,¹⁸ convenient steering-wheel controls and available navigation, our technology helps keep you connected while on the road. The 12-volt and high-speed USB outlet in the front and available auxiliary 12-volt outlet in the back keep devices powered. Opt for extra comfort with the available premium driver suspension bucket seat or swivel bucket seats.

CONVENIENT CONTROL AT YOUR FINGERTIPS

Uconnect® 3.

The standard Uconnect 3 with 5-inch color display radio system delivers true fidelity with easy-to-access info through Bluetooth® technology and the color touchscreen.

Uconnect 3 AT A GLANCE.

PEOPLE COME FIRST. Comfort, safety and security. You'll find these and more in our Windowed Van. Designed around the needs of people, it's available in 2500 and 3500 weight classes on the 159-inch wheelbase in your choice of two lengths. For optimum passenger comfort, the High Roof is standard. As with every Ram ProMaster,[®] there is an abundance of upfit possibilities, plenty of cargo room and the solid power of the Pentastar[®] V6 engine.

If you require a Special Needs interior upfit, the flexibility of Windowed Van is your go-to solution. If additional power is needed, our available Auxiliary Switches can help handle the ancillary devices of ambulances, mobile medical clinics and DriveAbility Program applications.

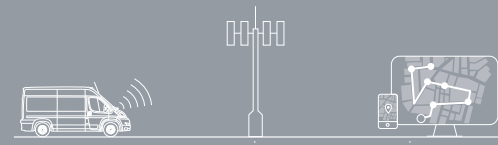

A grayscale photograph of a suspension bridge, likely the Manhattan Bridge, with a thick rope in the foreground. The image is overlaid with a dark blue, semi-transparent graphic element that curves across the top and bottom. The text "SUPPORT THAT MAKES A DIFFERENCE" is centered in the middle of the image in a white, outlined, sans-serif font.

SUPPORT THAT MAKES A DIFFERENCE

RAM TELEMATICS

— POWERED BY VERIZON CONNECT —

STAY ON TRACK BY KEEPING TRACK.

Simplicity plus complete visibility equals total performance. Vehicle status and history provide insight into vehicle maintenance, workforce management and driver behavior. Just a few of the many advantages:

VEHICLE DIAGNOSTICS

- ▶ Oil Life Monitoring
- ▶ Tire Pressure Monitoring
- ▶ Diagnostic Trouble Codes

VEHICLE PERFORMANCE

- ▶ Fuel Consumption
- ▶ Idling
- ▶ Odometer Readings

VEHICLE TRACKING

- ▶ GPS Location
- ▶ Geo-fencing

DRIVER BEHAVIOR

- ▶ Speeding vs. Posted Speed Limit
- ▶ Hard Braking/Acceleration
- ▶ ABS/Stability Control Events

DRIVER SAFETY & VEHICLE SECURITY

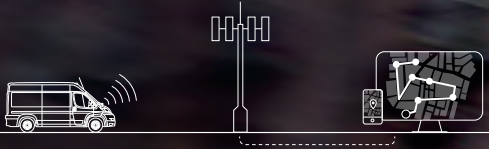

- ▶ Seat Belt Usage
- ▶ Air Bag²¹ Deployment
- ▶ Unauthorized Vehicle Use

KEEP TRACK AND KEEP YOUR FLEET LEAN

AVAILABLE RAM TELEMATICS,™ A COMPREHENSIVE SET OF DIAGNOSTICS FOR YOUR RAM PROMASTER® Scalable to fleets of all sizes, factory-installed and backed by a 3-Year/36,000-Mile Basic Limited Warranty,²⁰ available Ram Telematics monitors key performance metrics in near real time—the power you need to transform your business.

Tracking numerous separate mechanical functions—everything from accelerator pedal position to engine info such as coolant level and oil life monitoring—these detailed notifications help keep your Ram vehicle in top-notch condition, let your drivers make informed decisions and help increase uptime.

BUSINESS SUPPORT AT THE READY

Shown with aftermarket upfit.

THE DEALER NETWORK FOR YOUR BUSINESS.

Your **BusinessLink** dealer is committed to providing you, the small business owner, with the vehicle support you need for your business, from servicing all makes and models of your existing lineup to selling you the right vehicles needed to perform the work that you do. Your **BusinessLink** dealer provides priority service because we know downtime is costing you money. **BusinessLink** sales professionals are trained to properly “job-rate” the right vehicle for your work application and provide commercial finance options. New vehicle sales to qualified small business owners also include a free alternate transportation contract, in the event your vehicle is in for service.

Membership is free. Membership helps us to identify you as a small business owner so we can provide you with both the service you deserve and update you with offers that can help reduce the cost of doing business. Ask your **BusinessLink** dealer to register today.

BusinessLink has you covered.

- ▶ Full Range of FCA Commercial Vehicles
- ▶ Free Membership
- ▶ Priority Service
- ▶ Extended Service Hours
- ▶ Dedicated Staff of Commercial Vehicle Experts
- ▶ Free Alternate Transportation
- ▶ Commercial Incentives
- ▶ Expertise in Commercial Financing Options
- ▶ 24/7 Towing Service Available

ON THE JOB

INCENTIVES FOR SMALL BUSINESSES.

Running a business presents plenty of challenges. Like cutting costs, not corners. Like saving time and money while avoiding hassles. The **ON THE JOB**²⁵ commercial incentive program provides assistance in customizing and servicing your business vehicles.

ON THE JOB²⁵ allowances make your business more profitable!

- ▶ UP TO \$1,000 Commercial Graphics Program Allowances²⁶
- ▶ UP TO \$1,000 Commercial Equipment/Upfit Allowances²⁷

CHRYSLER CAPITAL

A commercial line of credit from Chrysler Capital is ideal for qualified business customers looking for a flexible, easy way to manage growing vehicle needs. Chrysler Capital streamlines the process—and with prequalification, you're ready to buy a vehicle when you need it. Ask your **BusinessLink** dealer for details.

For more information, go to fcausfleet.com/programs/business-link-dealers.html or call us toll-free at **877-2THELINK (877-284-3546)**.

RAM OUTFITTER

BORN UNDER THE RAM LOGO. Ram Outfitter is where you'll find the useful, the cool and the stylish—from clothing and caps to coolers and tools. Make the Ram identity part of your everyday lifestyle. It's all at ram.com/outfitter

1 Class is based on Large Commercial Van segment (Class 2). 2 Always drive carefully, consistent with conditions. Always wear your seat belt and obey traffic laws. 3 Always check visually for vehicles prior to changing lanes. 4 Always check entire surroundings visually before proceeding. 5 This system is an alert system for the front of the vehicle. It is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. 6 Class is based on Large Commercial Van segment (Class 2). When properly equipped. See dealer for details. 7 Visit Mopar.com for complete details and a copy of the Powertrain Limited Warranty. 8 Always look before proceeding. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. 9 Always drive carefully, consistent with conditions. 10 When properly equipped. See dealer for details. 11 Part numbers vary by wheelbase. 12 Available only at time of vehicle order. 13 Backed by the 3-Year/36,000-Mile Basic Limited Warranty. Visit Mopar.com for complete details and a copy of the Basic Limited Warranty. 14 Check Owner's Manual for hitch type, load capacity and heavy-duty equipment required. Do not exceed rated tow capacity of the vehicle as equipped. Trailer may require items not supplied by Mopar. 15 Not available for vehicles equipped with 118-inch wheelbase. 16 Check state and local laws regarding the use of remote start systems. 17 Assumes properly equipped vehicle and 150-lb allowance for driver. Additional options, equipment, passengers and cargo weight must be subtracted. See dealer for details. 18 The Uconnect Phone requires a mobile phone equipped with the Bluetooth Hands-Free Profile. To check phone compatibility, please visit UconnectPhone.com. 19 **DETAILS:** Your service will automatically stop at the end of your trial subscription unless you decide to continue service. If you do not wish to enjoy your trial, you can cancel by calling the number below. **If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at the then-current rates.** Fees and taxes apply. See the SiriusXM Customer Agreement at siriusxm.com for complete terms and how to cancel, which includes calling 1-866-635-2349. All fees, content and features are subject to change. 20 Visit Mopar.com for complete details and a copy of the Basic Limited Warranty. 21 Always sit properly in designated seating positions with seat belts securely fastened at all times. 22 Vehicle must be locked and system activated for alarm to sound. 23 Measured from center cab back to center of rear axle. 24 Measured from center of axle to rear frame. 25 ON THE JOB is a retail incentive program; see your dealer for official rules. Inquire about eligibility by calling 877-ONTHEJOB or by logging on to fcausfleet.com/programs/business-link-dealers.html. The purchaser or lessee must be a qualified commercial customer for more than 30 days prior to the date of the vehicle purchase. An official ON THE JOB Customer Acknowledgment Form must be signed by the customer (provided by the dealer). 26 Allowance varies by graphic program. See dealer for details. Take retail delivery by 01/03/2022. 27 Allowance varies by upfit and model. See dealer for details. Take retail delivery by 01/03/2022.
