PROVIDING FLEXIBLE SOLUTIONS

From digital signage and public address to collaboration and conferencing to experiential solutions for public spaces, restaurants, and retail stores, HARMAN offers complete audio visual solutions to create an impact and communicate with show attendees. When combined with HARMAN's system management software, event officials have a quality solution they can trust.

BALLROOM

Flexible. Scalable. Effective.

Convention ballrooms must be configured for a variety of different uses at a moment's notice. HARMAN audio and video solutions have the flexibility and scalability to address any need, with automation technology adjusting the configuration at the press of a button.

MEETING ROOM / BOARDROOM

Present - Collaborate - Share

Meeting rooms and boardrooms offer convention attendees the same capabilities as their conference rooms at the home office. HARMAN technology empowers effective collaboration between guests in the room and people across the globe.

EXTERIOR

The Ultimate Statement

A building's exterior makes a lasting statement, impacting attendees before they even walk through the door. HARMAN architectural lighting and media façade solutions turn the outside of the building into a work of art, creating a signature experience for each event.

PUBLIC AREA

Connect with Attendees

The technology in convention center public areas allows event officials to communicate with attendees and craft a unique experience. HARMAN digital signage and architectural lighting sets the mood while sound-shaping loudspeakers ensure guests can hear announcements clearly no matter the space.

RESTAURANT / BAR

A Cohesive Experience

The restaurants and bars in convention centers allow attendees and members of the public to enjoy food or drink in between events without needing to leave the venue. HARMAN solutions craft the perfect experience that engages attendees with background music, television, and more while working cohesively with the overall system.

RETAIL

Attract and Engage

The perfect retail store solution draws a customer in and encourages them to learn more. HARMAN architectural lighting, digital signage, and background audio technologies engage customers with innovation and style.
