PRODUCTS AND PRACTICES THAT
HELP OUR ENVIRONMENT

WHAT PEOPLE ARE SAYING

ELITE™ WOOD LOCKERS

"Our GearBoss lockers are definitely the 'wow factor' in our new athletic field house – they're both beautiful and functional."

– David Bennett, Head Football Coach,
Coastal Carolina University

X-CARTS | TEAM CARTS | SHELVING

"The GearBoss solutions have worked out great – choosing GearBoss was a fantastic decision. Our football equipment room is neat and organized. We also store equipment for other sports in GearBoss carts and GearBoss shelving

– across eight rooms. When you look at the GearBoss system, you know right away it's first-class."

– Kent Scott, Athletic Coordinator and Head Football Coach, Prosper High School, Prosper, Texas

X-CARTS | TEAM CARTS | SHELVING

"We've had no concerns with anything from Wenger – the products speak for themselves in terms of quality. Durability and ease of use were the two biggest reasons we chose GearBoss."

– Larry Adkins, Assistant Principal, R.B. Stall High School, North Charleston, South Carolina

RIVAL ATHLETIC LOCKERS

"Updated locker rooms are one thing modern-day student athletes are looking for. We're very happy with how the GearBoss Rival lockers have transformed our spaces."

– Mike Ludwig, Senior Associate Athletic Director, St. Olaf College, Northfield, Minnesota

CUSTOM LOCKERS

"Working with Wenger Corporation was an outstanding partnership. The service was excellent, and we couldn't be happier with this locker room. This room is as good as any other in the

country. We're all really proud of it."

– Steve Trimper, Head Baseball Coach,
Stetson University, DeLand, Florida

X-CARTS | TEAM CARTS

"With GearBoss, we can control and monitor equipment, and help keep our facility clean. It fits each sport's needs – plain and simple – and the space saving is amazing."

– Mike Giaime, Athletic Director,
Del Norte High School, San Diego, California

CUSTOM WOOD LOCKERS

University of North Texas, Denton, Texas

”

“The new locker room is fantastic, and the students absolutely love it. It was Christmas in July when we revealed it. This is a place where the boys want to be and they love that there’s been an investment in their space. They’re proud of it and so are we.”

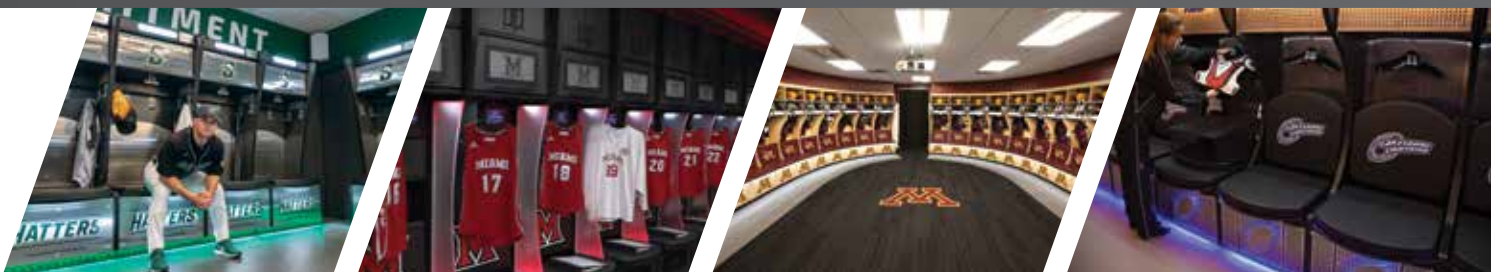

– Luke Della, Sports Information Director, University of North Texas, Denton, Texas

MORE THAN JUST A LOCKER ROOM, YOUR TEAM ROOM NEEDS TO **INSPIRE, RECRUIT AND FUNCTION**

Your facilities reflect your tradition as well as your expectations for future success. The one area where this matters most, the area that impacts your players every day, is the team room.

AIRPRO® ATHLETIC LOCKERS

Truman State University, Kirksville, Missouri

”

“The AirPro lockers are working out great – the kids love them. They look good and are very functional – they’re everything we wanted. We also appreciate the helmet/shoulder pad toppers and security of being able to lock valuables underneath the seat.”

– The late Phil Datka, Football Coach, Germantown High School, Germantown, Wisconsin

AIRPRO LOCKERS OFFER A LEVEL OF **FUNCTION** AND **AESTHETICS** THAT SIMPLY CAN'T BE MATCHED BY PRESS-METAL LOCKERS

AirPro lockers help create team rooms that stand apart with a durable grid design and color options. The off-the-floor design allows easy cleaning underneath for a sanitary team room.

PASS-THROUGH CUBBY LOCKERS

Texas A&M University - Commerce, Commerce, Texas

SMART, CLEAN AND ORGANIZED

You will put a lot of attention into team rooms and hallways that reflect your tradition. Wenger pass-through cubby system not only looks great, but functions better than metal alternatives. The wood and metal frame construction can easily match lockers and building aesthetics. Integrated lock options can be matched to player lockers. Our units provide a deep cubby with high-density polyethylene shelves that are easy to clean, ribbed for air-flow and feature a smooth bull-nose edge that improves function. The units are designed to be open to the back for easy access and if needed can feature locking doors.

GEARBOSS[®] ADVANTAGE

- ✓ ATTRACTIVE POLYESTER LAMINATE AND THERMO-FUSED COMPOSITE WOOD CORE RESISTS CHIPPING
- ✓ SHELVES FEATURE PATENTED VENTILATION RIDGES AND ROUNDED FRONT EDGES

DAY-USE LOCKERS

MAKE YOUR STATEMENT OF **EXCELLENCE**

Wenger's cubby lockers bring a high-end look and function to any locker room or commons area. For over 35 years in thousands of installations Wenger's wood and laminate construction has been time-tested for toughness. We use patented high-density polyethylene shelves that are easy to clean, removable, ribbed for air-flow and that feature a smooth bull-nose edge. The hinges and slide-locks are tough and like all points of connection feature bolt-through fasteners that simply will not pull away.

35 | GearBoss II

37 | GearBoss Shelving

ORDERING INFORMATION

GearBoss High-Density Storage Carts and Shelving come in a wide variety of configurations. Call your GearBoss representative for the best solution and budget estimate for your program.

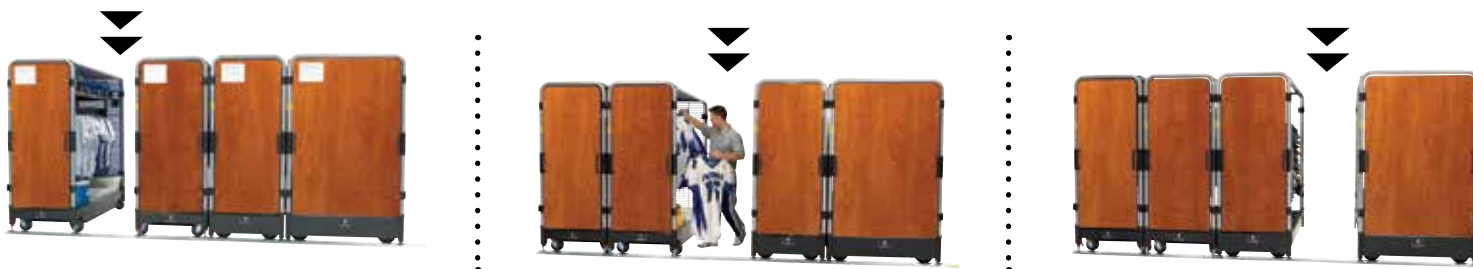

GEARBOSS® HIGH-DENSITY STORAGE SYSTEM

TRANSFORM YOUR EQUIPMENT ROOM INTO AN **ORGANIZED, CLEAN, PROFESSIONAL STORAGE SPACE**

Fewer aisles create more room in less space.

Roll X-Carts, Team Carts, Sport Carts and GearBoss Workstations laterally along a fixed aluminum track, creating aisles between carts when you need to get at your equipment. Roll carts back together for a secure, space saving system.

High-density carts are part of a smart, efficient system of storage that will save space, protect your equipment, and save you loads of time spent organizing.

GEARBOSS® ADVANTAGE

- ✓ SMART, ORGANIZED STORAGE
- ✓ BUILT FOR ATHLETIC GEAR
- ✓ INCREDIBLY DURABLE
- ✓ ROLL WHERE YOU NEED IT
- ✓ IMPROVE SANITATION
- ✓ CHOOSE THE CARTS, SHELVES AND COMPONENTS YOU NEED
- ✓ 5-YEAR WARRANTY

Team Cart, Sport Cart and GearBoss Workstations are designed to come off the track and transport your gear.

FOUR MAIN COMPONENTS OF A **GEARBOSS HIGH-DENSITY STORAGE SOLUTION**

GearBoss high-density storage lets you pack more gear into less space by utilizing an innovative system of tracks and rolling carts. Built to accommodate every imaginable type of sports equipment. The specially designed carts glide smoothly along a track and can be compressed, eliminating the need for

X-CART™

A rugged, high-density, secure athletic storage system that slides on a floor track. It's a huge space saver when you consider the space eliminated by rows between carts.

TEAM CART™

Mobile, high-density athletic equipment storage carts. Customizable, rugged, secure and capable of sharing space with your X-Carts with the ability to roll off the track when needed.

space-consuming aisles – gaining you as much as 50% more storage space. It's a system that will save you time, make inventory management easier and secure, along with maintaining the quality of your program.

GEARBOSS WORKSTATION

The same sturdy and secure design as our other GearBoss carts but in a 42" (1067 mm) high design. The spacious work surface is perfect for equipment repair, folding uniforms, and more.

SPORTCART™

A smaller footprint design than our X-Cart and Team Carts. The four swivel casters and compact size allow it to easily navigate smaller hallways, doorways and elevators.

CART FEATURES AND OPTIONS

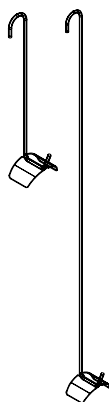

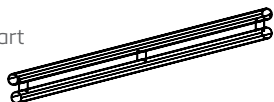

FULL GARMENT BAR

One full-length garment bar can support over 150 jerseys.

DOUBLE TRUSS

For use in X-Cart & Team Cart with helmet hangers and shoulder pad hangers.

SHOULDER PAD HANGERS

Shoulder Pad Hangers encourage better airflow around pads and easy access to any pad at any time. Hangers come in two lengths and are best supported by our sturdy double truss. 30 short hangers; 30-long hangers in a 32" (813 mm) wide X-Cart or Team Cart equal 60 individually hung shoulder pads.

HANGING BRACKET

Securely attaches to wire grilles to support garment bars, shelves and more. Reconfigure Hanger Brackets easily if you need to reconfigure your cart for a new season.

SHELF LIPS

Shelf lips can be set up with the tall side out for a 4" (102 mm) lip or the short side out for a 2.5" (64 mm) lip to keep loose items in place.

SHELVES

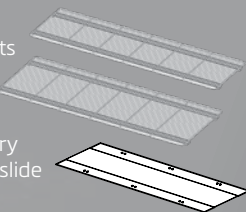

Heavy-duty steel wire shelves come in two widths:

24" (610 mm)
Holds 10-11 helmets

32" (813 mm)
Holds 14 helmets

shelf liner accessory makes it easier to slide items in and out.

Each shelf can easily handle a 150 lb. (68 kg) load.

TRACKS

Tracks can be embedded in the floor for new construction or surface-mounted in existing facilities. Tracks keep the carts in line, allowing them to move laterally to provide access to sides and contents when and where you need it.

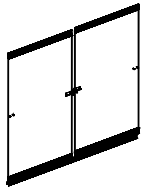

Surface-mounted track shown

SOFT CART DIVIDERS

Mesh dividers allow you to divide a 48" (1219 mm) wide GearBoss cart lengthwise. The mesh dividers allow visibility through the cart.

BYPASS DOORS
Easy-glide track and secured with a padlock.

CLOSURES AND DOORS

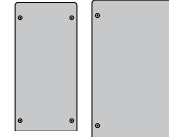

Lockable bypass doors and panel closures enhance cart content security. Enclose the sides and ends of your carts with theft-resistant, 5/8" (16 mm) thick panels. Closures and doors can be finished with a variety of laminates and provide excellent space for team logos. Lockable sliding doors (32" (813 mm) and 42" (1067 mm) carts only) and swing doors (SportCart only) are ready for your locks, adding another element of security.

SIDE CLOSURE
3 panels leave small gaps to encourage air flow while deterring theft.

END CLOSURES
32" (813 mm) and 48" (1219 mm)

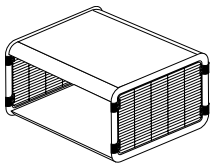

HELMET HANGERS

Hangers make it easier to access and move 8 helmets at a time. A 32" (813 mm) X-Cart can hold 56 helmets and a 48" (1219 mm) X-Cart can hold 112 helmets on hangers.

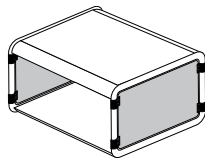

SHOULDER PAD STACKER

There simply isn't a better way to store lots of shoulder pads in less space. Made of durable steel tubing, each stacker can compactly store 18-22 pads. GearBoss Stackers feature four heavy-duty, built-in wheels to easily take the pads to the players. In addition, stackers feature an adjustable shoulder form so that pad shape is preserved while in storage. With four stackers on a 32" (813 mm) cart, you will have over 80 pads stowed away yet ready to roll or can be left free standing.

26" (660 mm) ATTIC
Fastens securely to a 48" (1219 mm) X-Cart frame.

ATTIC END CLOSURE
Provides a clean look & team identity space. Use with short attic.

ATTIC EXTENSIONS

The GearBoss Storage Attic is engineered to maximize the vertical storage potential of your space. Attic colors can be matched to your cart system.

Attic on 48" w cart shown

GEARBOSS® II

Klein Cain High School, Houston, Texas

CART DIMENSIONS:
32" w x 79" h x 72" d
(813 x 2007 x 1829 mm)

GRILLE SIDE
CLOSURE PANEL
for added security.

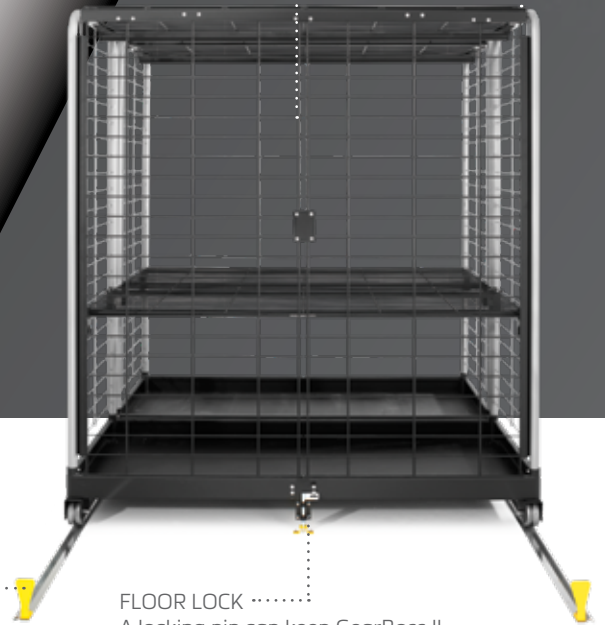

HIGH-DENSITY ATHLETIC STORAGE AT AN AFFORDABLE PRICE

With the GearBoss high-density storage system from Wenger you get the same space-saving organization as our existing carts in a simplified system with a budget-friendly price.

..... Add Hangar Bars and jerseys can be orderly, fresh, and wrinkle-free.

Moving the storage system is easy – even when fully loaded – thanks to the smooth cast iron wheels and racks.

FLOOR LOCK
A locking pin can keep GearBoss II carts from rolling – preventing access. Recommended on both ends of tracks.

TRACK STOPS
Keep carts from rolling off the end of your tracks. Recommended on both ends of tracks.

ADJUSTABLE SHELVING

Old Dominion University, Norfolk, Virginia

”

“The GearBoss solutions have worked out great – choosing GearBoss was a fantastic decision. Our football equipment room is neat and organized. We also store equipment for other sports in GearBoss carts and GearBoss shelving – across eight rooms. When you look at the GearBoss system, you know right away it’s first-class.”

– Kent Scott, Athletic Coordinator
& Head Football Coach,
Prosper High School,
Prosper, Texas

AFFORDABLE, FLEXIBLE, DURABLE SHELVING AND WORKSPACE

The cantilever design optimizes overhead space and keeps the floor free from supports for extra room. The system is so versatile it can be configured to your specific needs to make sure you get the maximum storage space.

GEARBOSS® ADVANTAGE

- ✓ MULTIPLE OPTIONS TO CONFIGURE YOUR SYSTEM INCLUDING WORK SURFACE, DRAWERS, GARMENT BARS AND HANGERS.
- ✓ ALLOWS IMMEDIATE AND UNMATCHED IMPROVEMENT IN ORGANIZATION, MOBILITY AND SECURITY.
- ✓ GEARBOSS SHELVING CAN BE REARRANGED AND RECONFIGURED AS OFTEN AS YOU NEED.
- ✓ EACH 4' (1219 MM) BAY HAS A LOAD-RATED OF 1,000 LBS (450 KG)

GEARBOSS® HIGH-DENSITY STORAGE

THE MOST FLEXIBLE AND DURABLE ADJUSTABLE SHELVING SOLUTION AVAILABLE

This shelving system is designed specifically for your athletic equipment, physical education and activity storage needs. GearBoss Shelving will help you win the constant struggle to protect your investment in equipment and to keep your storage areas organized and accessible.

SHELF DEPTH OPTIONS
17½" and 30½" (445 and 775 mm) depth shelves

BAY OPTIONS
GearBoss Shelving comes in standard bays that are 4' wide and 8' high (1219 x 2438 mm) and can be mounted on block wall and wood or metal stud walls

Shown with SportCart
When used in conjunction with GearBoss Sport-Carts™ you can add another dimension of mobility and security to your storage area

Cantilever design keeps the floor open for carts and flexible use

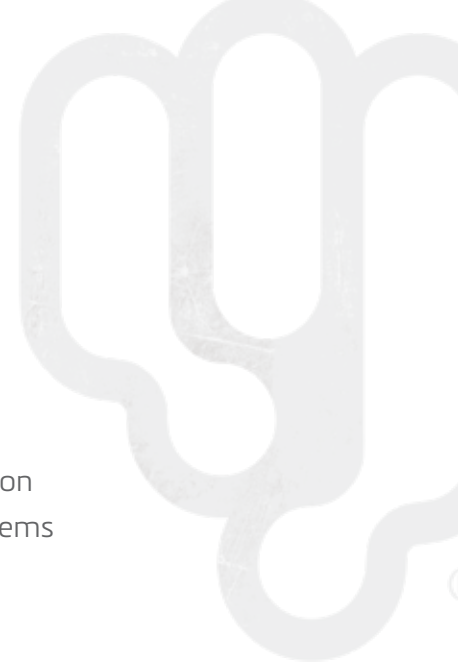

More shelves and options for hanging bars and lock boxes can be added at any time. Work surfaces can be added to create repair benches, pass-through stations and even desks.

One 4' (1219 mm) bay can store 24 jerseys.

GearBoss Shelving system can be reconfigured as your needs change, the flexibility of moving shelves quickly and without tools is critical.

GearBoss Shelving gives you an aesthetically sharp, flexible and durable solution that delivers value well beyond the limitations of lumber or the light-duty systems from the big-box retailers.

Shelves are adjustable by hand – no tools required in 1" (25 mm) increments

Optional Garment Bar mounts under shelf

Optional Helmet Hangers

WORK SURFACE AND DRAWER
Optional worktops are perfect for workbenches or creating a desk (mounts onto shelf). Add a metal pull-out drawer for tools and more. Available with 30 1/2" (775 mm) deep shelves (Used under work surface only).

Optional Graphite Lock box and Peg Board Back

Two 4' (1219 mm) bays and twelve 30 1/2" (775 mm) shelves can store over 96 helmets

24 individually hung shoulder pads on six 30 1/2" (775 mm) shelves per bay offers maximum drying and shape retention

MOBILE KIOSK

Old Dominion University, Norfolk, Virginia

MOVE BEYOND CANDY SALES AND CAR WASHES TO **STRONGER REVENUE GENERATION**

All of your logo gear is neatly secured inside the enclosed unit every time you move. The kiosk sets up in minutes. Eight removable bins allow different athletic programs, boosters or school clubs to keep inventory in their own bin. Great around stadiums, gyms, concerts and community events. The perfect solution for daily sales in high-traffic areas.

TRANSPORT™ CART

Wayzata, Minnesota

A CART THAT TRANSFORMS TO A TABLE

From the facility out to the field or into a truck, it has never been easier to move equipment wherever you go. The TranSport Cart can be pulled by hand or towed with a golf cart or small utility vehicle. It also transforms in seconds to a rock-solid table to serve all kinds of needs at your events.

ONBOARD® FIELD PODIUMS

Owatonna High School, Owatonna, Minnesota

TALL, PORTABLE **COACHING** OR **FILM PLATFORM**

This podium can be unfolded and ready to go in less than 30 seconds. It's 72" (1829 mm) tall for a commanding view, but is sturdy enough to be virtually wobble-free. The open design will never block the audience's view of the performance and the unique design folds compactly after use. The Field Podium rolls easily to wherever you need it and when folded can even be used to transport other equipment.

The Field Podium has large-diameter rubber wheels with brakes.

ONBOARD® SPEAKER CART

THE EASY WAY TO MOVE HEAVY SPEAKERS ON AND OFF THE FIELD

Moving big speakers out onto a field has always been a painful, laborious process. Until now. Now there's the OnBoard Speaker Cart and it's designed to easily and securely move large speakers. It even moves heavy speakers over thresholds and cords with ease. Tilt your speakers to just the right angle. An accessory tray is also available to hold and store battery packs.

Adjusting the speaker angle is easy.

Optional Battery Tray

Owatonna High School, Owatonna, Minnesota

The OnBoard Speaker Cart and other OnBoard Carts can be linked together and towed by a golf cart or utility vehicle. The large, pneumatic OnBoard tires roll easily onto grass or artificial turf for practice or performance.

EARLY INPUT AND CONSULTATION

GearBoss by Wenger brings you the expertise of our involvement in thousands of new construction and renovation projects around the world. Planning early for the most economic use of the space you have is one key to success.

SPACE STRATEGIES

We bring strategic insights into the workings of athletic spaces. Equipment rooms, laundry facilities, coaches offices and locker rooms all have unique requirements that your GearBoss representative will outline for you. We can help you define your program's needs and goals.

PRESENTATIONS AND COMMUNICATION WITH ARCHITECTS AND INFLUENCERS

Your GearBoss representative can provide you with the communication tools you need when discussing your project with architects, administrators and alumni. We have a wide array of literature including planning guides, space and cost comparisons and case studies to assist you in securing approval on your project.

LAYOUTS AND EXECUTION - ASK ABOUT HOW TO GET A FREE PROJECT LAYOUT!

Our high-density storage solutions are designed to address space allocation, traffic flow and equipment management. Your representative will work with you to highlight spaces that can now be used for other purposes and create room layouts that meet the needs of your specific program.

CALL ON THE GEARBOSS TEAM AT **1.800.493.6467**, THEY HAVE THE EXPERIENCE AND KNOWLEDGE TO LEAD YOU THROUGH EVERY STEP OF THE PROCESS.

Whether you have a simple question about the color of a chair or a complex inquiry about acoustic solutions, your Wenger representative has the answers you need. Need help with specs, pricing, setting up delivery and installation? Just call your rep and we'll make it easy. **1.800.493.6437**

TERMS AND CONDITIONS

PRICING

For more information, please contact your GearBoss representative. Sports equipment and accessories shown with specific GearBoss products throughout the catalog are not included in the price and they do not come with the purchase of the product.

SHIPPING POLICY

Prices do not include shipping and handling charges because we do not use a flat rate. In order to provide you the most favorable rate we calculate the cost of each shipment individually based on size and weight. Your GearBoss representative is ready to provide you with a full quote, including shipping and handling based on your location and the weight of your order. All weights listed in our catalog are product weights and not shipping weights. For exact shipping and handling charges, please ask your GearBoss representative.

DELIVERY AND INSTALLATION

GearBoss delivery and installation services are two great advantages of buying direct from GearBoss. At your option, we will package, ship, and install your order with the care and understanding that only the product manufacturer can provide. GearBoss drivers and installers are experienced professionals who are intent on meeting your needs and providing the service you expect. GearBoss installation services will ensure that your GearBoss investment is in perfect working order from day one and for many years of performance. Please contact your GearBoss representative for exact costs for these services.

CHANGES/CANCELLATIONS

Any changes or cancellations to orders for standard product require written consent from GearBoss. A 25% fee may apply if changes or cancellations occur within 15 days of shipment. Changes and/or cancellations to custom products including Customers Own Material (COM), finish matches, custom colors, rush orders, or modified products are not allowed.

DELAYS/STORAGE

Two weeks advance notice is required when any delays in shipment, delivery, or installation beyond the acknowledged ship date are necessary. The costs of storage, rehandling, additional freight, and additional installation or labor costs will be billed to the Purchaser. If goods require storage, transfer to storage will be deemed as shipment to the Purchaser for all purposes including invoicing and payment.

RETURNS

Returns are not accepted without written approval from GearBoss. All authorized returns are subject to a minimum 20% restocking/rehandling fee which may be higher depending upon the product. Custom products are not returnable.

CUSTOMER SERVICE

If you have questions about your GearBoss product or have any problems with your order, please call our customer service representatives at 1-800-887-7145.

WARRANTY

GearBoss products are guaranteed to be free of defects in materials and workmanship for a period as described in the GearBoss Warranty statement. For complete warranty information, please contact the GearBoss customer service department at 1-800-493-6437 or visit our website at www.gearboss.com.
