SCAN	Wearable Scanner	 8670 When paired with a VMT or mobile device, the 8670 Ring Scanner is a hands-free device, with excellent scan performance and best-in-class motion tolerance	 8680i The wearable, ergonomic solution designed to streamline retail workflows like picking, sorting and putaway	
SCAN	Area-Imaging Scanner			 Granit™ XP 199Xi Granit XP scanners provide extreme performance scanning with best-in-class ruggedness for rock-solid reliability and low total cost of ownership

SOFTWARE

Guided Work

Gives operations the boost needed to compete at peak efficiency

Smart Talk

A smarter all-in-one communications solution connecting all mobile device enabled workers

Operational Intelligence

One centralized, cloud-based platform to manage and analyze data related to organizational assets, tasks and people

SERVICES

Honeywell as-a-Service (HaaS) is a monthly payment plan to acquire software, hardware, and services. The plan simplifies the way you acquire and manage the life cycle of critical assets. Get in touch to find out how HaaS could be of benefit to your operation.

HONEYWELL MARKETPLACE
