Popping open a bottle of wine shouldn't be a shot in the dark. To aid in your vinous adventures, *Wine Enthusiast* is here with advice on which bottles to save for later and which to enjoy right now. Just check our latest vintage chart to get an idea of what to expect. But remember, while our expert reviewers base these ratings and maturity estimates on their vast tasting experience and interviews with local winemakers, we can't absolutely guarantee every bottle will live up or down to generalizations—in the world of wine, there are exceptions to every rule. Maturity estimates also assume proper storage conditions over the life of the wine.
