The UPPLAND seating series gives you so many choices, whether you're looking for a comfortable armchair, or an entire living room. You can easily match the many different covers for a personal look. We have worked thoroughly on the practical details, such as washable covers and reversible back cushions, to make UPPLAND a personal and long-lasting choice for your home. Need a place to sleep, too? VRETSTORP sleeper sofa is designed to match UPPLAND in both form and covers.

Details to appreciate, day after day

UPPLAND has soft, deep seat cushions made of high resilience foam, polyester fibers and pocket springs that follow the contours of your body — giving you support and helping you to relax. Thanks to the polyester fibers and cut foam, the back cushions provide good support for your back and retain their shape and comfort year after year. A clever detail is that the back cushions are reversible to keep fresh longer. You can also remove and machine wash the covers when needed.

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Not all products may be available in all stores. See what is available at your local store by visiting IKEA-USA.com. For more detailed product information, see the price tag or visit IKEA-USA.com. All products shown require assembly. All textiles shown are imported.

Good to know

You can put the chaise on UPPLAND loveseat with chaise wherever you like. That makes it easy to place the sofa, regardless of the layout of the room — and easy to rearrange when you feel like it. You also get plenty of comfortable seats and can stretch out properly.

Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and armchairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home — and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibers can withstand abrasion better than fabrics with only natural fibers. Yarn-dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa of course.

	Washing instructions	Resistance to abrasion (cycles)	Light-fastness (0-6)
BLEKINGE white	Machine washable at hot.	20,000	5
HALLARP gray	Machine washable at warm.	15,000	5
HALLARP beige	Machine washable at warm.	15,000	5
REMMARN light gray	Machine washable at warm.	15,000	5
TOTEBO light beige	Machine washable at warm.	25,000	5
TOTEBO dark turquoise	Machine washable at warm.	25,000	5
VIRESTAD red/white	Machine washable at warm.	25,000	5
