# EMBLEMHEALTH MEDICARE PPO PLAN PROVIDER DIRECTORY

## Section 1 – Introduction

This directory provides a list of Emblem Medicare PPO’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

The “plan providers” listed in this directory have agreed to provide you with your health care coverage. You may go to any of our plan providers listed in this directory. If you have been going to one plan provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-plan providers.

With the exception of emergencies or urgent care, you can get care from non-plan providers, but in most instances it will cost more to get care from these providers.

There may be times when you get a bill from a provider for the full cost of medical care you have received. In many cases, you should send this bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly.
