

A photograph of a classroom with several young children sitting at desks. In the foreground, a boy with curly hair is smiling and holding a yellow pencil high in the air. To his left, a girl is also smiling and pointing her finger up. Other children in the background are also visible, some with their hands raised. The scene is brightly lit and has a positive, energetic feel.

newline

Connect. Create. Collaborate.

A large, colorful geometric pattern made of triangles in shades of orange, teal, purple, and pink. It covers the bottom half of the image. A dashed blue line starts from the bottom left and curves upwards towards the center, ending near a small purple triangle.

Fall/Winter 2020

WHY NEWLINE?

Easy for anyone to walk up and use.

If a solution isn't easy to use, we won't bring it to the market. All of our products are designed with you in mind and it is the key to our success.

Completely Non-Proprietary

We work in your world. No matter what software or hardware you want to use, our solutions give you the freedom to collaborate how you choose.

Distance Learning Flexibility

Whether teaching students remotely, in-person, or in a blended learning environment, Newline's solutions help keep your teachers connected to their students.

newline

WE HELP YOU **MAKE AN IMPACT**
IN YOUR CLASSROOM

Newline creates the classroom tools of the future. From interactive flat panels that keep students engaged through the lesson, to digital tools that enhance your favorite software, Newline reinvents student engagement and classroom communication in a time of remote and blended learning.

Newline Interactive is an award-winning manufacturer of interactive displays, intuitive software, and other interactive innovations that are easy to use and increase student engagement in the classroom.

We are a leading provider of software and hardware that helps schools find more ways to engage their students, train their teachers, and inspire more active learning.

It is your passion to teach. Newline Interactive gets students excited to learn.

NEWLINE INTERACTIVE & NON-TOUCH DISPLAYS

SUPERIOR QUALITY FOR THE BEST EXPERIENCE

The driving power behind the Newline interactive ecosystem is a full range of superior interactive displays and large format displays. We have designed our displays to suit every classroom. From classroom focal points, to lab rooms, to administration offices. All executed with brilliant UHD picture quality and intuitive writing experience up to 98” to amaze your audience. Find out which display best suits your needs.

NEWLINE SOFTWARE SOLUTIONS

SOFTWARE TO TRANSFORM YOUR CLASSROOM

Newline Interactive offers several software solutions seamlessly integrated into the full range of our superior interactive displays. These intelligent tools help you connect with your students better, smarter, and faster.

Built for the digital age, these solutions allow you to easily start your lessons and get more students actively involved in class. Wirelessly cast mobile screens to the display, broadcast content to everyone’s devices, whiteboard and collaborate with students in real-time, apply mass notifications and centrally manage all of the displays on your network.

With Newline at the heart of every classroom, all of your lessons are raised to a higher level of communication and student engagement.

All Newline Software Solutions are compatible with:

newline **CAST**

WIRELESS SCREEN SHARING

Easily share your screen from any device. Newline Cast is simple to use, with one click you can present wirelessly from any network. Control and annotate from the Newline display or from your own device all with the freedom to walk around the room.

newline **DISPLAY MANAGEMENT PLUS**

REMOTE DISPLAY MANAGEMENT

Centrally manage your Newline interactive displays in any location through a secure and dedicated web portal. Easily manage and deploy apps, configure Newline display settings, use the digital signage features or broadcast messages to all displays.

newline **BROADCAST**

CONTENT SHARING TO LARGE CLASSROOMS

Tap one button and share your display screen with the students who may not be able to see the display as clearly. They can follow along with the lesson on their own personal screen, reducing eyestrain and making sure everyone gets the most out of the day’s lesson.

NEWLINE COMPUTER SOLUTIONS

PLUG AND PLAY COMPUTERS FOR YOUR DISPLAY

Education is ever-changing. Support your campus and classrooms with computers that empower your interactive solutions to make teaching easier and learning more engaging.

Fill your display's OPS slot with an on-board computer powered by Intel that brings you all the power of a desktop computer. No more worrying about cables or going through the steps of connecting a laptop or desktop directly to the display.

Newline University

Newline offers an on-line learning option that lets you learn at your own pace. Newline University provides your teachers with learning tracks over best uses for our different displays as well as instructional how-to videos.

NEWLINE'S CUSTOMERS

DON'T JUST TAKE OUR WORD FOR IT...

"I have been absolutely blown away by the quality and features of the product! Adding the TRUTOUCH system capabilities to our classroom has made a lasting, permanent and positive impact on the educational experience at our school!"

Steve Doughty
Eisenhower Middle School

"Using the TRUTOUCH system allows the students to show their work on a larger surface, annotate anything that they need to make changes on, and it involves a group setting."

Kelley Watson
MacArthur High School Entrepreneurship Program

"Our TRUTOUCHs are very easy to use and that means more teachers and students are really using them! We are so pleased that we have these tools in our classrooms!"

Karina Garcia
St Bernard of Clarivaux Catholic School

"Newline has enabled us to provide a seamless experience to kids without interference. The panels are not in the way, they are part of the process. All of our teachers have found their niche and love how easy it is to use the panel."

Ed Kemnitzer
East Williston School District

"Newline is the heart and soul of our classroom ecosystem. Our teachers now deliver instruction from their interactive panel that is joined to our interactive online videoconferencing system. By adding webcams into our classroom, they can now teach the students in-person and at home at the exact same time all within the ecosystem that they were presenting in normally."

Kyle Berger
Grapevine-Colleyville Independent School District

"We chose the TRUTOUCH from Newline after trying out a couple options. All our classrooms have SMARTboards but as the older ones were needing replacing, it was clear it was time to move to another device. As a G Suite district and invested in Chromebooks, the TRUTOUCH was a clear winning choice. The Chrome compatibility, advanced features, and their support have made this a real winner for the classrooms in our district."

David Flynn
Macon County School System

"Newline's products are engaging our students in classrooms across the Diocese and our teachers love them for their ease-of-use. We also value the level of tech support and onsite training Newline provides whenever we need it."

Cynthia Herndon
Roman Catholic Diocese of Dallas

Proudly Serving Districts Coast to Coast

and thousands more!

OUR PARTNERSHIPS

Newline is committed to providing the best user experience possible, and sometimes we can't do everything ourselves. So we partner with other great technology companies to create innovative products that make using our interactive solutions easier than ever!

Google and Newline worked together to create the Newline Chromebox A10, a Google-powered panel accessory.

Logitech provides camera and microphones that easily integrate with all of Newline's displays - giving you access to effective distance learning.

Newline's X Series is an Intel approved Market Ready Solution that provides customers with an all-in-one videoconferencing solution.

Microsoft Windows Whiteboard leverages the power of touch through Newline to bring lessons and whiteboarding sessions to life.

Crestron's NVX series pairs well with Newline's IP series displays. In fact, it's Crestron NVX certified!

FlatFrog's InGlass Technology powers several of Newline displays for a seamless and natural writing experience.

Provide financing solutions to your Newline customers through TEQlease, giving additional purchasing options.

Document cameras by Lumens connected to Newline touch displays help teachers get more done in the classroom.

Free your Newline display from the wall by putting it on one of Coner's several mobile stand options.

Adjust your Newline display with BalanceBox's options for wall mounts and mobile stands, some even motorized.

Enhance your Newline interactive touch display with a versatile Mooreco mobile cart solution to provide you mobility.

Find a great, stylish AV setup with Salamander, who create a variety of mounting solutions to hold your display.

Peerless-AV provides industry leading fixed mount and mobile stand solutions designed to improve your Newline experience.

T1V provides a hardware wireless casting solution, along with other multi-touch applications that work with Newline displays.
