The only services Molina Healthcare covers under this EOC are those described in this EOC, subject to any exclusions, limitations, and reductions described in this EOC.

COST SHARING (MONEY YOU WILL HAVE TO PAY TO GET COVERED SERVICES)

Cost Sharing is the Deductible, Copayment, or Coinsurance that You must pay for Covered Services under this Agreement. The Cost Sharing amount You will be required to pay for each type of Covered Service is listed in the Molina Healthcare of Utah, Inc. Benefits and Coverage Guide at the beginning of this EOC.

You must pay Cost Sharing for Covered Services, except for preventive services included in the Essential Health Benefits The Affordable Care Act requires preventive services. They will be provided by Participating Providers. Cost Sharing for Covered Services is listed in the Molina of Utah, Inc. Benefits and Coverage Guide at the beginning of this EOC. Cost Sharing towards Essential Health Benefits may be reduced or eliminated for certain eligible Members. This is determined by the Marketplace's rules.

You should review the MOLINA HEALTHCARE OF UTAH, INC. SUMMARY OF BENEFITS carefully. You need to understand what Your cost sharing will be.

Annual Out-of-Pocket Maximum

For Individuals - is the maximum amount of Cost Sharing You, as an individual Member, will have to pay for Covered Services in a calendar year. The Cost Sharing and individual Annual Out-of-Pocket Maximum amounts applicable to Your Agreement are specified in the Molina Healthcare of Utah, Inc. Benefits and Coverage Guide. For this Agreement, Cost Sharing includes payments You make towards any Deductibles, Copayments, or Coinsurance. Once Your total Cost Sharing in a calendar year reaches the specified individual Annual Out-of-Pocket Maximum amount, we will pay 100% of the charges for Your Covered Services for the remainder of the calendar year. Amounts that You pay for services that are not Covered Services under this EOC will not count towards the individual Annual Out-of-Pocket Maximum.

For Family (2 or more Members) – is the maximum amount of Cost Sharing that a Family of at least two or more Members will have to pay for Covered Services in a calendar year. The Cost Sharing and family Annual Out-of-Pocket Maximum amounts applicable to Your Agreement are specified in the Molina Healthcare of Utah, Inc. Benefits and Coverage Guide. For this Agreement, Cost Sharing includes payments You or other family members enrolled as Members under this make towards any Deductibles, Copayments, or Coinsurance. Once the total Cost Sharing made by at least two or more Members of a family reaches the

specified Annual Out-of-Pocket Maximum amount, we will pay 100% of the charges for Covered Services for all enrolled family Members for the remainder of the calendar year. Amounts that You pay for services that are not Covered Services under this EOC will not count towards the family Annual Out-of-Pocket Maximum.

Coinsurance
Coinsurance is a percentage of the charges for Covered Services You must pay when You receive Covered Services. The Coinsurance amount is calculated as a percentage of the rates that Molina has negotiated with the Participating Provider. Coinsurances are listed in the Molina of Utah, Inc. Benefits and Coverage Guide. Some Covered Services do not have Coinsurance They may apply a Deductible or Copayment.

Copayment
A Copayment is a specific dollar amount You must pay when You receive Covered Services. Copayments are listed in the Molina of Utah, Inc. Benefits and Coverage Guide. Some Covered Services do not have a Copayment. They may apply a Deductible or Coinsurance.

Deductible
"**Deductible**" is the amount You must pay in a calendar year for Covered Services You receive before Molina Healthcare will cover those services at the applicable Copayment or Coinsurance. The amount that You pay towards Your Deductible is based on the rates that Molina Healthcare has negotiated with the Participating Provider. Deductibles are listed in the Molina Healthcare of Utah, Inc. Benefits and Coverage Guide. Please refer to the Molina Healthcare of Utah, Inc. Benefits and Coverage Guide to see what Covered Services are subject to the Deductible and the Deductible amount. Your product may have separate Deductible amounts for specified Covered Services. If this is the case, amounts paid towards one type of Deductible cannot be used to satisfy a different type of Deductible when provided by a Participating Provider.

When Molina covers services at "no charge" subject to the Deductible and You have not met Your Deductible amount, You must pay the charges for the services. When preventive services covered by this Agreement are included in the Essential Health Benefits, You will not pay any Deductible or other Cost Sharing towards such preventive services.
There may be a Deductible listed for an individual Member and a Deductible for an entire family. If You are a Member in a family of two or more Members, You will meet the Deductible either:

- When You meet the Deductible for the individual Member; or
- When Your family meets the Deductible for the family.

For example, if You reach the Deductible for the individual Member, You will pay the applicable Copayment or Coinsurance for Covered Services for the rest of the calendar year, but every other Member in Your family must continue to pay towards the Deductible until Your family meets the family Deductible

General Rules Applicable to Cost Sharing
All Covered Services have a Cost Sharing, unless specifically stated, or You meet the Annual Out-of-Pocket Maximum. Please refer to the Molina of Utah, Inc. Benefits and Coverage Guide at the beginning of this EOC to determine the Cost Sharing amount You will be required to pay for each type of Covered Service listed.

You are responsible for the Cost Sharing in effect on the date You receive Covered Services, except as follows:

- If You are receiving covered inpatient hospital or skilled nursing facility services on the Effective Date of this EOC, You pay the Cost Sharing in effect on Your admission date. You will pay this Cost Sharing until You are discharged. The services must be covered under Your prior health plan evidence of coverage. You must also have had no break in coverage. However, if the services are not covered under Your prior health plan Agreement You pay the Cost Sharing in effect on the date You receive the Covered Services. Also, if there has been a break in coverage, You pay the Cost Sharing in effect on the date You receive the Covered Services.
- For items ordered in advance, You pay the Cost Sharing in effect on the order date. Molina will not cover the item unless You still have coverage for it on the date You receive it. You may be required to pay the Cost Sharing when the item is ordered. For outpatient prescription drugs, the order date is the date that the pharmacy processes the order. They must receive all of the information they need to fill the prescription before they process the order.

Receiving a Bill

In most cases, Participating Providers will ask You to make a payment toward Your Cost Sharing at the time You check in. This payment may cover only portions of the total Cost Sharing for the Covered Services You receive. The Participating Provider will bill You for any additional Cost Sharing amounts that are due. The Participating Provider is not allowed to bill You for Covered Services You receive other than for Cost Sharing amounts that are due under this EOC. However, You are responsible for paying charges for any health care services or treatment which are not Covered Services under this EOC.

How Your Coverage Satisfies the Affordable Care Act

Your Covered Services include Essential Health Benefits as required by the Affordable Care Act. If non-EHB coverage is included in Your product, those Covered Services will be set out in this EOC as well.

Your Essential Health Benefits coverage includes at least the 10 categories of benefits identified in the definition. You cannot be excluded from coverage in any of the 10 EHB categories. However, You will not be eligible for pediatric services that are Covered Services under this Agreement if You are 19 years of age or older. This includes pediatric dental separately provided through the Marketplace Exchange and pediatric vision services.

The Affordable Care Act provides certain rules for Essential Health Benefits. These rules tell Molina how to administer certain benefits and Cost Sharing under this EOC. For example, under the Affordable Care Act, Molina is not allowed to set lifetime limits or annual limits on the dollar value of Essential Health Benefits provided under this EOC. When EHB preventive services are provided by a Participating Provider, You will not have to pay any Cost Sharing amounts. In addition, Molina must ensure that the Cost Sharing which You pay for all Essential Health Benefits does not exceed an Annual Out of Pocket Limit that is determined under the Affordable Care Act. For the purposes of this EHB annual limit, Cost Sharing refers to any costs, which a Member is required to pay for receipt of Essential Health Benefits. Such Cost Sharing includes, Deductibles, Coinsurance, Copayments or similar charges, but excludes Premiums, and Your spending for non-Covered Services.

Making Your Coverage More Affordable

For qualifying Subscribers, there may be assistance to help make the product that You are purchasing under this Agreement more affordable. If You have not done so already, please contact the Marketplace to determine if You are eligible for tax credits. Tax credits may reduce Your Premiums and/or Your Cost Sharing responsibility toward the Essential Health Benefits. The Marketplace also will have information about any annual limits on Cost Sharing towards Your Essential Health Benefits. The Marketplace can assist You in determining whether You are a qualifying Indian who has limited or no Cost Sharing responsibilities for Essential Health Benefits. Molina will work with the Marketplace Exchange in helping You.

Molina does not determine or provide Affordable Care Act tax credits.

Molina Healthcare Drug Formulary (List of Drugs)
Molina Healthcare has a list of drugs that it will cover. The list is called the Drug Formulary. The drugs on the list are chosen by a group of doctors and pharmacists from Molina Healthcare and the medical community. The group meets every three months to talk about the drugs that are in the formulary. They review new drugs and changes in health care. They try to find the most effective drugs for different conditions. Drugs are added or removed from the Drug Formulary for different reasons. This could be:

- Changes in medical practice
- Medical technology
- When new drugs come on the market.

You can look at Our Drug Formulary on Our Molina Healthcare website. The address is www.molinahealthcare.com/marketplace. You may call Molina Healthcare and ask about a drug. Call toll free 1 1 (800) 346-4128 . We are here Monday through Friday, 8:00 a.m. through 6:00 p.m. CT. If You are deaf or hard of hearing, call us with the Telecommunication Service.

You can also ask Us to mail You a copy of the Drug Formulary. A drug listed on the Drug Formulary does not guarantee that Your doctor will prescribe it for You.

Access to Drugs Which are Not Covered
Molina has a process to allow You to request clinically appropriate drugs that are not covered under Your Agreement Your doctor may order a drug that is not in the Drug Formulary that he or she believes is best for You. PREMIUM PAYMENTS AND TERMINATION FOR NON-PAYMENT

Premium Notices/Termination for Non-Payment of Premiums
Your Premium payment obligations are as follows:

- Your Premium payment for the upcoming coverage month is due no later than the first day of that month. This is the "**Due Date".** Molina Healthcare will send You a bill in advance of the Due Date for the upcoming coverage month. If Molina Healthcare does not receive the full Premium payment due on or before the Due Date, Molina Healthcare will send a notice of non-receipt of Premium payment and cancellation of coverage (the "**Late Notice**") to the Subscriber's address of record. This Late Notice will include, among other information, the following:
-
- A statement that Molina Healthcare has not received full Premium payment and that we will terminate this Agreement for nonpayment if we do not receive the required Premiums prior to the expiration of the grace period as described in the Late Notice.
- The amount of Premiums due.
- The specific date and time when the membership of the Subscriber and any enrolled Dependents will end if we do not receive the required Premiums.

If You have received a Late Notice that Your coverage is being terminated or not renewed due to failure to pay Your Premium, Molina Healthcare will give a:

- 30-day grace period to pay the full Premium payment due if You do not receive advance payment of the premium tax credit. Molina will process payment for Covered Services received during the grace period. You will be responsible for any unpaid Premiums You owe Molina Healthcare for the grace period; or
- Three month grace period to pay the full Premium payment due if You receive advance payment of the premium tax credit. Molina will hold payment for Covered Services received after the first month of the grace period until We receive the delinquent Premiums. If Premiums are not received by the end of the three-month grace period, You will be responsible for payment of the Covered Services received during the second and third months.

During the grace period applicable to You, You can avoid termination or nonrenewal of this Agreement by paying the full Premium payment You owe to Molina Healthcare. <u>If You do not pay the full Premium payment by the end of the grace period, this Agreement will be terminated.</u> You will still be responsible for any unpaid Premiums You owe Molina Healthcare for the grace period if You receive advance payment of the premium tax credit.

Termination or nonrenewal of this Agreement for non-payment will be effective as of 11:59 p.m.:

- The last day of the month prior to the beginning of the grace period if You do not receive advance payment of the premium tax credit; or,
- The last day of the first month of the grace period if You receive advance payment of the premium tax credit

Reinstatement after Termination for Nonpayment of Premiums

- If Molina Healthcare terminates this Agreement for nonpayment of Premiums, we will permit reinstatement of this Agreement once during any 12-month period if we receive the amounts owed within 15 days of the date of the Termination Notice, described below. Molina Healthcare will not reinstate this Agreement if You do not obtain reinstatement of Your terminated Agreement within the required 15 days, or if we terminate the Agreement for nonpayment of Premiums more than once in a 12-month period. In either case, You will be ineligible to re-enroll for a period of 12 months from the effective date of termination.

Termination Notice: Upon termination of this Agreement, Molina Healthcare will mail a Termination Notice to the Subscriber's address of record specifying the date and time when the membership ended.

What Do I Have to Pay For?
Please refer to the "Molina of Utah, Inc. Benefits and Coverage Guide" at the front of this EOC for Your Cost Sharing responsibilities for Covered Services.

Note that You may be liable to pay for the full price of medical services when:
- You ask for and get medical services that are not covered, such as cosmetic surgery.
- You ask for and get health care services from a doctor or hospital that is not a Participating Provider with Molina Healthcare without getting an approval from Your PCP or Molina Healthcare. The exception is in the case of Emergency or out of area Urgent Care Services.

If Molina Healthcare fails to pay a Molina contracted provider (also known as a Participating Provider) for giving You Covered Services, You are not responsible for paying the provider for any amounts owed by us. This is not true for non-Participating Providers who are not contracted with Molina Healthcare.

Benefits for services provided to Your minor Dependent child may be paid to a third party if:

- the third party is named in a court order as the managing or possessory conservator of the child; and
- Molina Healthcare has not already paid any portion of the claim.

In order for benefits to be payable to a managing or possessory conservator of a child, the managing or possessory conservator must submit to Molina Healthcare, with a claim form, proof of payment of the expenses and a certified copy of the court order naming that person the managing or possessory conservator. Molina may deduct from its benefit payments any amounts it is owed by the recipient of the payment. Payment to Your or Your provider, or deduction by Molina Healthcare from benefit payments of amounts owed to Molina Healthcare, will be considered in satisfaction of its obligations to You under the plan. You will receive an explanation of benefits so that You will know what has been paid.

All benefits paid under this Agreement on behalf of a covered Dependent child for which benefits for financial and medical assistance are being provided by the Utah Health and Human Services Commission shall be paid to said department when the parent who purchased the individual has possession or access to the child pursuant to a court order, or is not entitled to access or possession of the child and is required by the court to pay child support. Molina Healthcare must receive at its Utah office, written notice affixed to the claim when the claim is first submitted, and the notice must state that all benefits paid pursuant to this section must be paid directly to the Utah Health and Human Services Commission.

What if I have paid a medical bill or prescription?
(Reimbursement Provisions)

With the exception of any required Cost Sharing amounts (such as a Deductible, Copayment or Coinsurance), if You have paid for a Covered Service or prescription that was approved or does not require approval, Molina Healthcare will pay You back. You will need to mail or fax us a copy of the bill from the doctor, Hospital or pharmacy and a copy of Your receipt. If the bill is for a prescription, You will need to include a copy of the prescription label. Mail this information to Molina Healthcare's Customer Support Center. The address is on the first page of this EOC.

After We receive Your letter, We will respond to You within 30 days. If Your claim is accepted, We will mail You a check. If not, We will send You a letter telling You why. If You do not agree with this, You may appeal by calling Molina Healthcare toll-free at 1 (888) 858-3973, Monday through Friday, 9:00 a.m. to 5:00 p.m. MT.

How Does Molina Healthcare Pay for My Care?
Molina contracts with providers in many ways. Some Molina Participating Providers are paid a flat amount for each month that You are assigned to their care, whether You see the provider or not. There are also some providers who are paid on a fee-for-service basis. This means that they are paid for each procedure they perform. Some providers may be offered incentives for giving quality preventive care. Molina does not provide financial incentives for utilization management decisions that could result in Referral denials or under-utilization. For more information about how providers are paid, please call Molina's Customer Support Center toll-free at 1 1 (800) 858-3973 . We are here Monday through Friday, 9:00 a.m. to 5:00 p.m. MT. You may also call Your provider's office or Your provider's medical group for this information.

COORDINATION OF BENEFITS

This Coordination of Benefits ("**COB**") provision applies when a person has health care coverage under more than one Plan**.** For purposes of this COB provision, **Plan** is defined below.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the "**Primary Plan**". The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the "**Secondary Plan**". The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense**.**

Definitions (applicable to this COB provision)

A "**Plan**" is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

(1) 1. **Plan** includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, Closed Panel Plans or other forms of group or group-type coverage (whether insured or uninsured) ; medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

(2) 2. **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate Plan**.** If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan**.**

"**This Plan**" means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other Plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.

The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense. When there are more than two Plans covering the person, This Plan may be a Primary Plan as to one or more other Plans and may be a Secondary Plan as to a different Plan or Plans.

"**Allowable Expense**" is a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an Allowable Expense.

The following are examples of expenses that are not Allowable Expenses**:**

- The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable Expense**,** unless one of the Plans provides coverage for private hospital room expenses.

- If a person is covered by 2 or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense**.**

- If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense**.**

1. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans.

   However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.

2. The amount of any benefit reduction by the Primary Plan because a Member has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

"**Closed Panel Plan**" is a Plan that provides health care benefits to Members primarily in the form of services through a panel of providers which have contracted with or are employed by the Plan**,** and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

"**Custodial Parent**" is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules-

When a person is covered by two or more Plans**,** the rules for determining the order of benefit payments are as follows:

A. A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan**.**

B. B. (1) Except as provided in Paragraph (2), a Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying Plan is primary.

(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

C. C. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan**.**

D. D. Each Plan determines its order of benefits using the first of the following rules that apply:

(1) (1) Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent, and primary to the Plan covering the person as other than a dependent (e.g. a retired employee), then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan**.**

(2) (2) Dependent child covered under more than one Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:

(a) (a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

(b) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan**;** or

(c) If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan**.**

However, if one spouse's Plan has some other coordination rule (for example, a "gender rule" which says the father's plan is always primary), we will follow the rules of that Plan.

(d) (b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

(i) (i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This

rule applies to plan years commencing after the Plan is given notice of the court decree;

(ii) (ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;

(iii) (iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or

(iv) (iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

- The Plan covering the Custodial Parent;
- The Plan covering the spouse of the Custodial Parent;
- The Plan covering the non-Custodial Parent; and then
- The Plan covering the spouse of the non-Custodial Parent.

(e) (c) For a dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.

(3) (3) Active employee or retired or laid-off employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan**.** The Plan covering that same person as a retired or laid-off employee is the Secondary Plan**.** The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D. (1) can determine the order of benefits.

(4) (4) COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state law or rule, or other federal law is covered under another Plan**,** the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D. (1) can determine the order of benefits.

(5) (5) Longer or shorter length of coverage. The Plan that covered the person as an employee, member, policyholder, subscriber or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan**.**

(6) (6) If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan**.** In addition, This Plan will not pay more than it would have paid had it been the Primary Plan**.**

Effect On The Benefits Of This Plan

When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary **Plan** shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

If a Member is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan; COB shall not apply between that Plan and other Closed Panel Plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under This Plan and other Plans. Molina may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give Molina any facts it needs to apply those rules and determine benefits payable. If You do not provide us the information we need to apply these rules and determine the benefits payable, Your claim for benefits will be denied.

Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, Molina may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by Molina is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we paid or for whom we had paid, or any other person or organization that may be responsible for the benefits or services provided for the Member. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

If You believe that we have not paid a claim properly, You should first attempt to resolve the problem by contacting us. Follow the steps described in the "Complaints" section, below. If You are still not satisfied, You may call the Utah Insurance Department, Health Insurance Division, Consumer Services for instructions on filing a consumer complaint. Call (801) 538-3077, or visit Utah Insurance Department, Health Insurance Division, Consumer Services website at www.insurance.utah.gov.

Advance Directives

An Advance Directive is a form that tells medical providers what kind of care You want if You cannot speak for Yourself. An Advance Directive is written before You have an Emergency. This is a way to keep other people from making important health decisions for You if You are not well enough to make Your own. A "Durable Power of Attorney for Health Care" or "Natural Death Act Declaration" are types of Advance Directives. You have the right to complete an Advance Directive. Your PCP can answer questions about Advance Directives.

You may call Molina Healthcare to get information regarding State law or rule on Advance Directives, and changes to Advance Directive laws. Molina Healthcare updates advanced directive information no later than 90 calendar days after receiving notice of changes to State laws or rules.

APPEALS

Definitions
The capitalized terms used in this appeals section have the following definitions:
"Adverse Benefit Determination": means

- A denial of a request for service or a failure to provide or make payment (in whole or in part) for a benefit;
- Any reduction or termination of a benefit, or any other coverage determination that an admission, availability of care, continued stay, or other health care service does not meet Molina's requirements for Medical Necessity, appropriateness, health care setting, or level of care or effectiveness; or

Based in whole or in part on medical judgment, includes the failure to cover services because they are determined to be experimental, investigational, cosmetic, not Medically Necessary or inappropriate.

- A decision by Molina to deny coverage based upon an initial eligibility determination.

An Adverse Benefit Determination is also a rescission of coverage as well as any other cancellation or discontinuance of coverage that has a retroactive effect, except when such cancellation/discontinuance is due to a failure to timely pay required Premiums or contributions toward cost of coverage.
The denial of payment for services or charges (in whole or in part) pursuant to Molina's contracts with network providers, where You are not liable for such services or charges, are not Adverse Benefit Determinations.

"Authorized Representative": means an individual authorized in writing by You or state law or rule to act on the Your behalf in requesting a health care service, obtaining claim payment, or during the internal appeal process. A health care provider may act on behalf of You without Your express consent when it involves an Urgent Care Service.
"UID": means the Utah Insurance Department.
"Final Adverse Benefit Determination" means an Adverse Benefit Determination that is upheld after the internal appeal process.
