(3) The judges of election, in determining the residence of a person offering to vote, shall be governed by the following rules, so far as they may be applicable:

(a) The residence of a person is the principal or primary home or place of abode of a person. Principal or primary home or place of abode is that home or place in which his habitation is fixed and to which a person, whenever he is absent, has the present intention of returning after a departure or absence therefrom, regardless of the duration of absence. In determining what is a principal or primary place of abode of a person, the following circumstances relating to such person may be taken into account: Business pursuits, employment, income sources, residence for income or other tax purposes, age, marital status, residence of parents, spouse, and children, if any, leaseholds, situs of personal and real property, and motor vehicle registration.

(b) A person shall not be considered to have lost his residence if he leaves his home and goes into another state or territory or another county or municipality of this state merely for temporary purposes with an intention of returning.

(c) A person shall not be considered to have gained a residence in this state or in any municipality in this state while retaining his home or domicile elsewhere.

(d) If a person moves to any other state or territory with the intention of making it his permanent residence, he shall be considered to have lost his residence in the municipality from which he moved.

(e) If a person moves from one municipality in this state to any other municipality in this state with the intention of making it his permanent residence, he shall be considered and held to have lost his residence in the municipality from which he moved.

(4) (a) For the purpose of voting and eligibility to office, no person is deemed to have gained a residence by reason of his presence or lost it by reason of his absence while in the civil or military service of this state or of the United States, nor while a student at any institution of higher education, nor while kept at public expense in any public prison or state institution unless the person is an employee or a member of the household of an employee of such prison or

institution.

(b) The provisions of paragraph (a) of this subsection (4) notwithstanding, no person otherwise qualified under the provisions of this article shall be denied the right to vote at any municipal election solely because he is a student at an institution of higher education if such student, at any time when registration is provided for by law, files with the county clerk and recorder a written affidavit under oath, in such form as may be prescribed, that he has established a domicile in this state, that he has abandoned his parental or former home as a domicile, and that he is not registered as an elector in any other municipality of this state or of any other state. The fact that such affidavit has been filed shall be noted in the registration book.

(c) No provisions of this subsection (4) shall apply to the determination of residence or nonresidence status of students for any college or university purpose.

PART 3 NOMINATIONS

31-10-301. Electors eligible to hold municipal office. Every registered elector eighteen years of age or older on the date of the election may circulate a nominating petition and hold office in any municipality, unless another age is required by local charter or ordinance, if he or she has resided in the municipality or municipality and ward, as the case may be, from which he or she is to be elected for a period of at least twelve consecutive months immediately preceding the date of the election. In case of an annexation, any person who has resided within the territory annexed for the prescribed time shall be deemed to have met the residence requirements for the municipality and precinct to which the territory was annexed. No person may be a candidate for two municipal offices at the same election nor hold two elective municipal offices simultaneously; except that, in statutory cities, the offices of clerk and treasurer may be sought and held by the same person.

31-10-302. Nomination of municipal officers. (1) Candidates for municipal offices shall be nominated, without regard to affiliation, by petition on forms supplied by the clerk. A petition of nomination may consist of one or more sheets, but it shall contain the name and address of only one candidate and shall indicate the office to which the candidate is seeking election. The petition may designate one or more persons as a committee to fill a vacancy in the nomination.

(2) Nomination petitions may be circulated and signed beginning on the ninety-first day and ending on the seventy-first day prior to the day of election. Each petition must be signed by registered electors in the following numbers:

(a) For a candidate in a city, at least twenty-five registered electors residing within the city;

(b) For a candidate from a ward within a city, at least twenty-five registered electors residing in the candidate's ward;

(c) For a candidate in a town, at least ten registered electors residing within the town; and

(d) For a candidate from a ward within a town, at least ten registered electors residing in the candidate's ward.

(3) Each registered elector signing a petition shall sign such registered elector's own signature and shall print or, if such elector is unable to do so, shall cause to be printed such elector's legal name, the address at which such registered elector resides, including the street name and number, the city or town, the county, and the date of the signing. The registered elector, or the person printing on behalf of the registered elector, may use any abbreviations that reasonably identify the residence of the registered elector, and the date the registered elector signed the petition. The circulator of each nomination petition shall make an affidavit that each signature thereon is the signature of the person whose name it purports to be and that each signer has stated to the circulator that the signer is a registered elector of the municipality or municipality and ward, as the case may be, for which the nomination is made. The signature of each signer of a petition shall constitute prima facie evidence of his qualifications without the requirement that each signer make an affidavit as to his qualifications.

(4) No petition is valid that does not contain the requisite number of signatures of registered electors. The clerk shall inspect timely filed petitions of nomination to ensure compliance with this section. Such inspection may consist of an examination of the information on the signature lines for patent defects, a comparison of the information on the signature lines with a list of registered electors provided by the county, or any other method of inspection reasonably expected to ensure compliance with this section. Any petition may be amended to correct or replace those signatures that the clerk finds are not in apparent conformity with the requirements of this section at any time prior to sixty-three days before the day of election.

(5) No registered elector shall sign more than one nomination petition for each separate office to be filled in his municipality or municipality and ward, as the case may be. Each office of the governing body that is to be filled by the electorate shall be considered a separate office for the purpose of nomination. In municipalities in which offices of the governing body are filled both by election from wards and election at large, an elector may sign a nomination petition for each office to be filled from his ward and also for each office to be filled by election at large. If a registered elector's signature appears on more than one nomination petition for a particular office, the clerk

may utilize the date of signing indicated on the nomination petitions to determine which signature was valid when affixed to the nomination petitions. If the date of signing does not clarify which signature was valid, all signatures of such registered elector shall be rejected.

(6) Each nomination petition shall be filed with the clerk no later than the seventy-first day prior to the day of election. Every petition shall have endorsed thereon or appended thereto the written affidavit of the candidate accepting the nomination and swearing that the candidate satisfies the requirements set forth in section 31-10-301 to be a candidate and hold office in the municipality. The acceptance of nomination shall contain the place of residence of the candidate and the name of the candidate in the form that the candidate wishes it to appear on the ballot. The candidate's name may be a nickname or include a nickname but shall not contain any title or degree designating the business or profession of the candidate.

(7) The clerk shall cause all nomination petitions to be preserved for a period of two years. All such petitions shall be open to public inspection under proper regulation by the clerk with whom they are filed.

(8) Repealed.

31-10-303. Withdrawal from nominations. (1) Any person who has been nominated and who has accepted a nomination may cause his or her name to be withdrawn from such nomination at any time prior to sixty-three days before election by a written affidavit withdrawing from such nomination. The affidavit stating withdrawal shall be signed by the candidate and filed with the clerk.

(2) If the nomination petition designates one or more persons as a committee to fill a vacancy, the clerk shall immediately notify such persons of their candidate's withdrawal. If there is no committee designated, the clerk shall immediately notify the three persons whose names appear at the top of the nomination petition of the withdrawal of their candidate.

31-10-304. Vacancies in nominations. (1) If any candidate dies or withdraws from the nomination prior to twenty-three days before the day of election, the vacancy may be filled by the vacancy committee, if any, designated on the nomination petition or, if no vacancy committee is designated, by petition in the same manner required for original nomination. If any petition of nomination is insufficient or inoperative because of failure to remedy or cure the same, the vacancy thus occasioned may be filled by petition in the same manner required for original nomination.

(2) Any certificate of nomination or petition to fill a vacancy shall be filed with the clerk not later than the twentieth day before the day of election.

31-10-305. Objections to nominations. All petitions of nomination and affidavits that are in apparent conformity with the provisions of section 31-10-302, as determined by the clerk, are valid unless objection thereto is duly made in writing within three days after the filing of the same. In case objection is made, notice thereof shall be forthwith mailed to any candidate who may be affected thereby. The clerk shall decide objections within at least forty-eight hours after the same are filed, and any objections sustained may be remedied or defect cured upon the original petition, by an amendment thereto, or by filing a new petition within three days after the objection is sustained, but in no event later than the sixty-fourth day before the day of election. The clerk shall pass upon the validity of all objections, whether of form or substance, and the clerk's decisions upon matters of form shall be final. The clerk's decisions upon matters of substance shall be open to review if prompt application is made, as provided in section 31-10-1401, but the remedy in all cases shall be summary, and the decision of the district court shall be final and not subject to review by any other court; except that the supreme court, in the exercise of its discretion, may review any proceeding in a summary way.

Any such absence shall not be sufficient reason for the discharge of any such person from such service or employment. Such elector, because of so absenting himself, shall not be liable to any penalty, nor shall any deduction be made from his usual salary or wages on account of such absence. Registered electors who are employed and paid by the hour shall receive their regular hourly wage for the period of such absence, not to exceed two hours. Application shall be made for such leave of absence prior to the day of election. The employer may specify the hours during which such employee may absent himself, but such hours shall be at the beginning or ending of the work shift if the employee so requests.

31-10-606. Preparing to vote. (1) Any registered elector desiring to vote shall write his name and address on a form available at the polling place and shall give the form to one of the judges of election, who shall thereupon announce the same clearly and audibly. If said elector is unable to write, he may request assistance from one of the judges of election, and such judge must sign the form and witness the elector's mark. The form to be available shall be in substance: "I,, who reside at, am a registered elector of this precinct and desire to vote at this election. Date" . If the name is found on the registration book or the registration list by the election judge having charge thereof, he shall likewise repeat the name, and said elector shall be allowed to enter the immediate voting area. If the name is not found on the registration book or the registration list by the election judge, such election judge, if practicable and not unduly disruptive to the election process, shall attempt to contact the county clerk and recorder's office, by telephone or otherwise, to request oral verification of the elector's registration in that precinct; and, if such oral verification is received by such election judge from the county clerk and recorder's office, such election judge shall record such verification on a form to be provided by the clerk and shall likewise repeat the elector's name, and said elector shall be allowed to enter the immediate voting area. After it is determined that the elector is duly registered, the election official in charge of the pollbook shall write upon the pollbook the name of such elector and, in precincts using paper ballots, the number of the ballot given to such elector.

(2) Besides the election officials, not more than four voters in excess of the number of voting booths or voting machines shall be allowed within the immediate voting area at one time.

(3) The completed signature forms shall be returned with other election materials to the clerk. If no challenges have been made, the forms may be destroyed after forty-five days.

(4) If the judges are using the registration book and the registered elector's signature does not appear on his or her registration record, said elector shall show documentation of his or her registration and sign his or her registration record before being allowed to vote. If said elector is unable to write, he or she may request assistance from one of the judges of election, and such judge

shall sign the registration record and witness said elector's mark.

(5) In precincts using paper ballots, an election judge shall give the registered elector one, and only one, ballot, which shall be removed from the package of ballots by tearing the same along the perforated line between the stub and duplicate stub. Before delivering such ballot to said elector, the judge of election having charge of the ballots shall endorse his initials on the duplicate stub, and said judge shall enter the date and the number of said ballot on the registration book or registration list opposite the name of said elector.

31-10-607. Manner of voting in precincts which use paper ballots. (1) In precincts which use paper ballots, upon receiving his ballot, the registered elector shall immediately retire alone to one of the voting booths provided and shall prepare his ballot by marking or stamping in ink or indelible pencil, in the appropriate margin or place, a cross mark (X) opposite the name of the candidate of his choice for each office to be filled; except that no cross mark (X) shall be required opposite the name of a write-in candidate. In case of a question submitted to a vote of the people, said elector shall mark or stamp, in the appropriate margin or place, a cross mark (X) opposite the answer which he desires to give. Before leaving the voting booth, said elector shall fold his ballot without displaying the marks thereon, so that the contents of the ballot are concealed and the stub can be removed without exposing any of the contents of the ballot, and he shall keep the same so folded until he has deposited his ballot in the ballot box.

(2) Each registered elector who has prepared his ballot and is ready to cast his vote shall then leave the voting booth and approach the judge of election having charge of the ballot box. He shall give his name to that judge, who shall announce the name of such elector and the number upon the duplicate stub of his ballot, which number must correspond with the stub number previously placed on the registration book or registration list. If the stub number of the ballot corresponds and is identified by the initials of the judge of election placed thereupon, the judge of election shall then remove the duplicate stub from such ballot. Such ballot shall then be returned to the registered elector, who shall thereupon, in full view of the judges of election, cast his vote by depositing the ballot in the ballot box, with the official endorsement on said ballot uppermost.

(3) Each registered elector shall mark and deposit his ballot without undue delay and shall leave the immediate voting area as soon as he has voted. No such elector shall occupy a voting booth already occupied by another, nor remain within the immediate voting area more than ten minutes, nor occupy a voting booth for more than five minutes if all such booths are in use and other voters are waiting to occupy the same. No registered elector whose name has been entered on the pollbook shall be allowed to reenter the immediate voting area during the election except a

judge of election.

31-10-608. Disabled voter - assistance. (1) If, at any regular or special election, any voter declares under oath to the judges of election of the precinct where he is entitled to vote that, by reason of blindness or other physical disability or inability to read or write, he is unable to prepare his ballot or operate the voting machine without assistance, he is entitled, upon his request, to receive the assistance of any one of the judges of election or, at his option, of any qualified elector of the precinct selected by the disabled voter. No person other than a judge of election in the precinct is permitted to enter the polling booth as an assistant to more than one voter.

(2) A notation shall be made in the pollbook opposite the name of each voter thus assisted stating that the voter has been assisted.

31-10-609. Spoiled ballots. In precincts which use an electronic voting system or paper ballots, no person shall take or remove any ballot from the polling place before the close of the polls. If any voter spoils a ballot, he may successively obtain others, one at a time, not exceeding three in all, upon returning each spoiled one. The spoiled ballots thus returned shall be immediately cancelled and shall be preserved and returned to the clerk along with other election records and supplies.

31-10-610. Counting paper ballots. (1) In precincts which use paper ballots, as soon as the polls at any election have finally closed, the judges shall immediately open the ballot box and proceed to count the votes polled, and the counting thereof shall be continued until finished before the judges of election adjourn. They shall first count the number of ballots in the box. If the ballots are found to exceed the number of names entered on the pollbook, the judges of election shall then examine the official endorsements upon the outside of the ballots without opening the same, and if, in the unanimous opinion of the judges, any of the ballots in excess of the number on the pollbook do not bear the proper official endorsement, they shall be put into a separate pile by themselves, and a separate record and return of the votes in such ballots shall be made under the

head of "excess ballots". When the ballots and the pollbook agree, the judges of election shall proceed to count the votes. Each ballot shall be read and counted separately, and every name separately marked as voted for on such ballot, where there is no conflict to obscure the intention of the voter, shall be read and marked upon the tally sheets before any other ballot is proceeded with. The entire number of ballots, excepting "excess ballots", shall be read and counted and placed upon the tally sheets in like manner. When all of the ballots, excepting "excess ballots", have been counted, the judges of election shall estimate and publish the votes.

(2) When all the votes have been read and counted, the ballots, together with one of the tally lists, shall be returned to the ballot box, and the opening shall be carefully sealed, and each of the judges shall place his initials on said seal. The cover shall then be locked and the ballot box delivered to the clerk as provided in section 31-10-614.

(3) All persons, except judges of election and watchers, shall be excluded from the place where the counting is being carried on until the count has been completed.

31-10-612. Defective ballots. If a voter marks in ink or indelible pencil more names than there are persons to be elected to an office or if, for any reason, it is impossible to determine the choice of any voter for any office to be filled, his ballot shall not be counted for such office. A defective or an incomplete cross marked on any ballot in ink in a proper place shall be counted if there is no other mark or cross in ink or indelible pencil on such ballot indicating an intention to vote for some person other than those indicated by the first mentioned defective cross or mark. No ballot without the official endorsement, except as provided in section 31-10-805, shall be deposited in the ballot box, and none but ballots provided in accordance with the provisions of this article shall be counted. When the judges of election in any precinct discover in the counting of votes that the name of any candidate voted for is misspelled or the initial letters of his given name are transposed or omitted in part or altogether on the ballot, the vote for such candidate shall be counted for him if the intention of the elector to vote for him is apparent. Ballots not counted shall be marked "defective" on the back thereof and shall be preserved for such time as is provided in section 31-10-616 for ballots and destroyed as therein directed.

31-10-613. Judges' certificate. (1) As soon as all the votes have been read and counted, the judges of election shall make a certificate, stating the name of each candidate, designating the office for which such person received votes, and stating the number of votes he received, the number being expressed in words at full length and in numerical figures, such entry to be made as nearly as circumstances will admit, in the following form:

Said abstract shall be posted in a conspicuous place upon the outside of the polling place immediately upon completion of the count. The abstract may be removed at any time after forty-eight hours following the election. Suitable blanks for the required abstract shall be prepared, printed, and furnished to all judges of election at the same time and in the same manner as other election supplies are furnished.

The election judges shall post at least one card in each polling place on the day of election. Such cards shall be printed in large, clear type and shall contain full instructions to the voter as to what should be done:

- (a) To obtain a ballot for voting;

31-10-809. Close of polls - count and seals in electronic voting. After the polls have been closed, the election judges shall secure the vote recorders or the voting devices, or both the vote recorders and the voting devices, against further use and prepare a ballot return in duplicate showing the number of voters as indicated by the pollbook who have voted in the precinct, the number of official ballot cards received, and the number of spoiled and unused ballot cards returned. The

original copy of said ballot return shall be deposited in a metal or durable plastic transfer box, along with all voted and spoiled ballots. The transfer box shall then be sealed in such a way as to prevent tampering with the box or its contents. The clerk shall provide such a numbered seal. The duplicate copy of said ballot return shall be mailed at the nearest post office or post box to the clerk by a judge other than the one who delivers the transfer box to the counting center. One judge shall deliver the sealed transfer box to the counting center or other place designated by the clerk.

31-10-810. Electronic vote counting - test. (1) The clerk shall have the electronic ballot counting equipment tested in the manner prescribed in this section to ascertain that it will accurately count the votes cast for all offices and all measures. The electronic equipment shall be tested at least three times, once on the day before the election, again just prior to the start of the count on election day, and finally at the conclusion of the counting. The clerk may make any additional tests he deems necessary.

(2) The clerk shall vote and retain at least one hundred test ballots, and shall observe the tabulation of all test ballots by means of the electronic counting equipment, and shall compare such tabulation with the previously retained records of the test vote count. The cause of any discrepancies shall be corrected prior to the actual vote tabulation.

31-10-811. Electronic vote counting - procedure. (1) All proceedings at the counting center shall be under the direction of the clerk and shall be conducted under the observation of watchers, so far as practicable, in accordance with the provisions of part 6 of this article; but no persons except those authorized for the purpose shall touch any ballot or ballot card or return. All persons who are engaged in the processing and counting of the ballots shall be deputized in writing and take an oath that they will faithfully perform their assigned duties. If any ballot is damaged or defective so that it cannot properly be counted by the electronic vote counting equipment, a true duplicate copy shall be made of the damaged ballot in the presence of two witnesses. The duplicate ballot shall be substituted for the damaged ballot. All duplicate ballots shall be clearly labeled as such and shall bear a serial number which shall be recorded on the damaged ballot.

(2) The return printed by the electronic vote tabulating equipment, to which have been added write-in votes, shall constitute, when certified by the clerk, the official return of each precinct. The clerk may from time to time release unofficial returns. Upon completion of the count, the official returns shall be open to the public.

(3) Absentee ballots shall be counted at the counting center in the same manner as precinct ballots. Write-in ballots may be counted in their precincts by the precinct judges of election or at the counting center, but, before any write-in vote is counted, it shall be compared with votes cast

for the same office on the ballot card to ascertain whether the write-in vote is valid. If the voter has cast more votes for the office than he is lawfully entitled to vote, the word "void" shall be written across the write-in vote, and it shall not be counted. Votes cast for a nominated candidate whose name appears on the ballot shall not be voided because of an invalid write-in vote for the same office.

(4) If for any reason it becomes impracticable to count all or a part of the ballots with electronic vote tabulating equipment, the clerk may direct that they be counted manually, following as far as practicable the provisions governing the counting of paper ballots.

(5) The receiving, opening, and preservation of the transfer boxes and their contents shall be the responsibility of the clerk, who shall provide adequate personnel and facilities to assure accurate and complete election results. Any indication of tampering with the ballots or ballot cards or other fraudulent action shall be immediately reported to the municipal attorney who shall immediately investigate such action and report in writing within ten days his findings to the clerk and shall prosecute to the full extent of the law any person responsible for such fraudulent action. The conduct of municipal elections when electronic voting systems are used shall follow, as nearly as practicable, the conduct of general and primary elections when such systems are used.

31-10-901. Ballot boxes. The governing body of each municipality using paper ballots shall provide one ballot box for each polling place. Each ballot box shall be strongly constructed so as to prevent tampering, with a small opening at the top thereof and with a lid to be locked. The ballot boxes and keys shall be kept by the clerk and delivered to the judges of election within one day immediately preceding any municipal election, to be returned as provided in section 31-10-614. Nothing in this section shall prevent the governing body from obtaining ballot boxes from the office of the county clerk and recorder.

Editor's note: This section is similar to former § 31-10-507 as it existed prior to 1975.

31-10-902. Ballots. (1) The clerk of each municipality using paper ballots shall provide printed

ballots for every municipal election. The official ballots shall be printed and in the possession of the clerk at least ten days before the election. In addition, sample ballots shall be printed and in the possession of the clerk ten days before the election and shall be subject to public inspection. The sample ballots shall be printed in the form of the official ballots but upon paper of a different color from the official ballots. Sample ballots shall be delivered to the judges of election and posted with the cards of instruction provided in section 31-10-906.

(2) Every ballot shall contain the names of all duly nominated candidates for offices to be voted for at that election, except those who have died or withdrawn, and the ballot shall contain no other names. The names of the candidates for each office shall be printed upon the ballot without political party designation and without any title or degree designating the business or profession of the candidate. The names shall be arranged by lot as prescribed by the municipal clerk under the designation of the office.

(3) (a) The ballots shall be printed to give each voter a clear opportunity to designate his choice of candidates by a cross mark (X) in the square at the right of the name. On the ballot may be printed such words as will aid the voter, such as "vote for not more than one".

(b) At the end of the list of candidates for each different office shall be as many blank spaces as there are persons to be elected to such office in which the voter may write the name of any eligible person not printed on the ballot for whom he desires to vote as a candidate for such office; but no cross mark (X) shall be required at the right of the name so written in.

(c) When the approval of any question is submitted at a municipal election, such question shall be printed upon the ballot after the lists of candidates for all offices. The ballots shall be printed to give each voter a clear opportunity to designate his answer by a cross mark (X) in the appropriate square at the right of the question.

(4) The extreme top part of each ballot shall be divided by two perforated lines into two spaces, each of which shall be not less than an inch in width, the top portion being known as the stub and the next portion as the duplicate stub. Upon each of said stubs nothing shall be printed except the number of the ballot, and the same number shall be printed upon both stubs. Stubs and duplicate stubs of ballots shall both be numbered consecutively. All ballots shall be uniform and of sufficient length and width to allow for the names of candidates and the proposed questions to be printed in clear, plain type with a space of at least one-half inch between the different columns on said ballot. On the back of each ballot shall be printed the endorsement "Official ballot for...", and after the word "for" shall follow the designation of the precinct, ward, and municipality for which the ballot is prepared, the date of the election, and a facsimile of the signature of the clerk who has caused the ballot to be printed. The ballot shall contain no caption or other endorsement or number. Each clerk shall use precisely the same quality and tint of paper, the same kind of type, and the same quality and tint of plain black ink for all ballots furnished by him at one election. When candidates are to be voted for only by the registered electors of a particular ward, the names of such candidates shall not be printed on any other ballots than those provided for use in such ward. The ballots shall be of such form that when folded the whole endorsement is visible and the contents of the ballot are not exposed.

If any person duly nominated dies before the day fixed for the election and the fact of such death becomes known to the clerk or withdraws by filing an affidavit of withdrawal with the clerk before the date fixed for election, the name of the deceased or withdrawn candidate shall not be printed upon the ballots for the election. If the ballots are already printed, the name of the deceased candidate or withdrawn candidate shall be erased or cancelled, if possible, before the ballots are delivered to the voters.

31-10-904. Printing and distribution of ballots. In municipalities using paper ballots, the clerk shall cause to be printed and distributed to the election judges in the respective precincts a sufficient number of ballots. The ballots shall be sent in one or more sealed packages for each precinct with marks on the outside of each clearly stating the precinct and polling place for which it is intended, together with the number of ballots enclosed. Such packages shall be delivered to one of the judges of election of such precinct between the close of business on the Friday preceding election day or during any earlier day in which a judges' school of instruction is held, and 8 p.m. on the Monday before election day. A receipt for the ballots thus delivered shall be given by the election judge who receives them. The receipt shall be filed with the clerk, who shall also keep a record of the time when and the manner in which each of said packages was sent and delivered. The election judge receiving such package shall produce the same, with the seal unbroken, in the proper polling place at the opening of the polls on election day and, in the presence of all election judges for the precinct, shall open the package.

31-10-905. Substitute ballots. If the ballots to be furnished to any election judge are not delivered by 8 p.m. on the Monday before election day or if after delivery they are destroyed or stolen, the clerk shall cause other ballots to be prepared, as nearly in the form prescribed as practicable, with the word "substitute" printed in brackets immediately under the facsimile signature of the clerk. Upon receipt of ballots thus prepared, accompanied by a written and sworn statement of the clerk that the same have been so prepared and furnished by him and that the original ballots have so failed to be received or have been destroyed or stolen, the election judges shall cause the ballots so substituted to be used at the election. If from any cause none of the official ballots or substitute ballots prepared by the clerk are ready for distribution at any polling place or if the supply of ballots is exhausted before the polls are closed, unofficial ballots, printed or written, made as nearly as possible in the form of the official ballots, may be used until substitutes prepared by the clerk

are printed and delivered.

(b) No later than twenty days prior to election day, the county clerk and recorder shall submit to the clerk a supplemental list of the names of eligible electors who registered to vote on or before twenty-two days before the election whose names were not included on the preliminary

list.

(c) All lists of registered electors provided to a clerk under this section must include the last mailing address of each elector.

(2) (a) Not sooner than twenty-two days before an election, and no later than fifteen days before an election, the clerk shall mail to each active eligible elector, at the last mailing address appearing in the registration records and in accordance with United States postal service regulations, a mail ballot packet marked "Do not forward. Address correction requested.", or any other similar statement that is in accordance with United States postal service regulations.

(b) A ballot or ballot label must contain the following warning:

I realize that if any false statements are contained herein that I shall be subject to prosecution for criminal action.

Signature of voter

(II) The signing of the self-affirmation on the return envelope described in subparagraph (I) of this paragraph (c) constitutes an affirmation by the eligible elector, under penalty of perjury, that the facts stated in the self-affirmation are true. If the eligible elector is unable to sign, the eligible elector may affirm by making a mark on the self-affirmation, with or without assistance, witnessed by another person.

(III) A return envelope is not required to have a flap covering the signature.

(d) No sooner than twenty-two days prior to election day, and until 7 p.m. on election day, mail ballots must be made available at the clerk's office for eligible electors who request a ballot.

(e) (I) An eligible elector may obtain a replacement ballot if the ballot was destroyed, spoiled, lost, or for some other reason not received by the eligible elector. An eligible elector may obtain a ballot if a mail ballot packet was not sent to the elector because the eligibility of the elector could not be determined at the time the mail ballot packets were mailed. In order to obtain a ballot in such cases, the eligible elector must sign a sworn statement specifying the reason for requesting the ballot. The statement must be presented to the clerk no later than 7 p.m. on election day. The clerk shall keep a record of each ballot issued in accordance with this paragraph (e) together with a list of each ballot obtained pursuant to paragraph (d) of this subsection (2).

(II) The clerk shall not transmit a mail ballot packet under this paragraph (e) unless a sworn

statement requesting the ballot is received on or before election day. A ballot may be transmitted directly to the eligible elector requesting the ballot at the clerk's office or may be mailed to the eligible elector at the address provided in the sworn statement. Ballots may be cast no later than 7 p.m. on election day.

(3) (a) Upon receipt of a ballot, the eligible elector shall mark the ballot, sign and complete the self-affirmation on the return envelope, and comply with the instructions provided with the ballot.

(b) The eligible elector may return the marked ballot to the clerk by United States mail or by depositing the ballot at the office of the clerk or any place designated as a depository by the clerk. The ballot must be returned in the return envelope. If an eligible elector returns the ballot by mail, the elector must provide postage. The ballot must be received at the clerk's office or a designated depository, which must remain open until 7 p.m. on election day. The depository must be designated by the clerk and located in a secure place under the supervision of the clerk, an election judge, or another person designated by the clerk.

(4) Once the ballot is returned, an election judge shall first qualify the submitted ballot by comparing the information on the return envelope with the registration records to determine whether the ballot was submitted by an eligible elector who has not previously voted in the election. If the ballot so qualifies and is otherwise valid, the election judge shall indicate in the pollbook that the eligible elector cast a ballot and deposit the ballot in an official ballot box.

(4.5) The signature of the eligible elector on the self-affirmation on the return envelope must be compared with the signature of the eligible elector on file in the statewide voter registration system, created in section 1-2-301, C.R.S., in accordance with section 31-10-910.3.

(5) All deposited ballots must be counted as provided in this article. A mail ballot is valid and counted only if it is returned in the return envelope, the self-affirmation on the return envelope is signed and completed by the eligible elector to whom the ballot was issued, and the information on the return envelope is verified in accordance with subsection (4) of this section. Mail ballots must be counted in the same manner provided by section 31-10-610 for counting paper ballots or section 31-10-811 for counting electronic ballots. If the election official determines that an eligible elector to whom a replacement ballot has been issued has voted more than once, the first ballot returned by the elector is considered the elector's official ballot. Rejected ballots are handled in the same manner as provided in section 31-10-612.

31-10-910.3. Verification of signatures - signature verification devices - procedures - training - definitions. (1) (a) In every mail ballot election conducted after March 30, 2018, an election judge shall, except as provided in paragraph (b) of this subsection (1), compare the signature on the self-affirmation on each return envelope with the signature of the eligible elector stored in the statewide voter registration system in accordance with this section.

(b) A clerk may allow an election judge to use a signature verification device to compare

the signature on the self-affirmation on a return envelope of an eligible elector's ballot with the signature of the elector stored in the statewide voter registration system in accordance with this section.

(2) (a) The election judges must compare the signature on the self-affirmation on each return envelope with the signature provided by the secretary of state pursuant to section 1-2-301, C.R.S. The election judges must research the signature further if there is:

- (I) An obvious change in the signature's slant;
- (II) A printed signature on one document and a cursive signature on the other document;
- (III) A difference in the signature's size or scale;
- (IV) A difference in the signature's individual characteristics, such as how the "t's" are crossed, "i's" are dotted, or loops are made on "y's" or "j's";
- (V) A difference in the elector's signature style, such as how the letters are connected at the top and bottom;
- (VI) Evidence that ballots or envelopes from the same household have been switched; or
- (VII) Any other noticeable discrepancy such as misspelled names.

(b) (I) If an election judge must conduct further research on an elector's signature, he or she must check the additional signatures provided by the secretary of state pursuant to section 1-2-301, C.R.S., if available.

(II) An election judge may compare additional information written by the elector on the return envelope, such as the elector's address and date of signing. Any similarities noted when comparing other information may be used as part of the signature verification decision process.

(III) If an election judge determines that an elector inadvertently returned his or her ballot in another household member's ballot return envelope, the election judge must process and prepare the ballot of the elector who signed the self-affirmation for counting if it is otherwise valid. The election judge need not send a signature verification discrepancy letter to the elector.

(c) If the election judges dispute the signature, they must document the discrepancy and the research steps taken in a log that identifies the elector only by name and elector identification number, does not contain the elector's signature, notes the final resolution and ballot disposition, and identifies the election judges responsible for the final resolution and ballot disposition.

(3) (a) If the election judge determines that the signature of an eligible elector on the self-affirmation matches the elector's signature stored in the statewide voter registration system, the election judge shall follow the procedures specified in section 31-10-910 (5) concerning the qualification and counting of mail ballots.

(b) If a signature verification device used pursuant to paragraph (b) of subsection (1) of this section determines that the signature on the self-affirmation on a return envelope of an eligible elector's ballot matches the signature of the elector stored in the statewide voter registration system, the signature on the self-affirmation is deemed verified, and the election judge shall follow the procedures specified in section 31-10-910 (5) concerning the qualification and counting of mail ballots.

(4) If, upon comparing the signature of an eligible elector on the self-affirmation on the return envelope with the signature of the eligible elector stored in the statewide voter registration system, the election judge determines that the signatures do not match, or if a signature verification device used pursuant to paragraph (b) of subsection (1) of this section is unable to determine that the signatures match, two other election judges shall simultaneously compare the signatures and proceed according to subsection (5) of this section.

(5) (a) If the two other election judges specified in subsection (4) of this section agree that the signature of an eligible elector on the self-affirmation matches the elector's signature stored in the statewide voter registration system, the initial election judge shall follow the procedures specified in section 31-10-910 (5) concerning the qualification and counting of mail ballots.

(b) In the case of a disagreement between the two other election judges as to whether the signature of an eligible elector on the self-affirmation on the return envelope matches the signature of the eligible elector stored in the statewide voter registration system pursuant to the procedures specified in subsection (4) of this section, the signatures are deemed to match, and the initial election judge shall follow the procedures specified in section 31-10-910 (5) concerning the qualification and counting of mail ballots.

(c) (I) If both other election judges agree that the signatures do not match, the clerk shall, within three days after the signature deficiency has been confirmed, but in no event later than two days after election day, send to the eligible elector at the address indicated in the registration records a letter explaining the discrepancy in signatures and a form for the eligible elector to confirm that the elector returned a ballot to the clerk.

(II) (A) If the clerk receives the form within eight days after election day confirming that the elector returned a ballot to the clerk, and if the ballot is otherwise valid, the ballot must be counted.

(B) If the eligible elector returns the form indicating that the elector did not return a ballot to the clerk, or if the eligible elector does not return the form within eight days after election day, the self-affirmation on the return envelope must be categorized as incorrect, and the ballot shall not be counted. An original return envelope with an enclosed secrecy envelope containing a voted ballot that is not counted in accordance with this sub-subparagraph (B) must be stored in the office of the clerk in a secure location separate from valid return envelopes and may be removed only by order of a court having jurisdiction.

(6) An election judge shall not determine that the signature of an eligible elector on the self-affirmation does not match the signature of that eligible elector stored in the statewide voter registration system solely on the basis of substitution of initials or use of a common nickname.

(7) The clerk shall provide training in the techniques and standards of signature comparison to election judges who compare signatures pursuant to this section.

(8) As used in this section, "statewide voter registration system" means the statewide voter registration system created pursuant to section 1-2-301, C.R.S.

31-10-911. Counting mail ballots. The election officials at the mail ballot counting center may receive and prepare mail ballots delivered and turned over to them by the clerk for counting. Counting of the mail ballots may begin fifteen days prior to the election and continue until counting is completed. The election official in charge of the mail ballot counting center shall take all precautions necessary to ensure the secrecy of the counting procedures, and the election officials or watchers shall not release any information concerning the count until after 7 p.m. on election day.

The affidavit of intent must indicate the office to which the affiant desires election and that the affiant is qualified to assume the office if elected.

(2) Within thirty days after final publication of the ordinance, a referendum petition protesting against the effect of the ordinance or any part thereof may be filed with the clerk. The petition must be signed during the thirty-day period by at least five percent of the registered electors of the municipality registered on the date of final publication.

31-11-106. Form of petition sections. (1) Each petition section shall be printed in a form consistent with the requirements of this article. No petition section shall be printed or circulated unless the form and the first printer's proof of the petition section have first been approved by the clerk. The clerk shall approve or reject the form and the first printer's proof of the petition no later than five business days following the date on which the clerk received such material. The clerk shall assure that the petition section contains only those elements required by this article and contains no extraneous material. The clerk may reject a petition or a section of a petition on the grounds that the petition or a section of the petition does not propose municipal legislation pursuant to section 1 (9) of article V of the state constitution.

(2) Each petition section shall designate by name and mailing address two persons who shall represent the proponents thereof in all matters affecting the petition and to whom all notices or information concerning the petition shall be mailed.

(3) (a) At the top of each page of every initiative or referendum petition section, the following shall be printed, in a form as prescribed by the clerk:

WARNING:

IT IS AGAINST THE LAW:

For anyone to sign any initiative or referendum petition with any name other than his or her own or to knowingly sign his or her name more than once for the same measure or to knowingly sign a petition when not a registered elector who is eligible to vote on the measure.

DO NOT SIGN THIS PETITION UNLESS YOU ARE A REGISTERED ELECTOR AND ELIGIBLE TO VOTE ON THIS MEASURE.

**TO BE A REGISTERED ELECTOR,
YOU MUST BE A CITIZEN OF COLORADO
AND REGISTERED TO VOTE.**

Do not sign this petition unless you have read or have had read to you the proposed initiative or referred measure or the summary in its entirety and understand its meaning.

(b) A summary of the proposed initiative or ordinance that is the subject of a referendum petition shall be printed following the warning on each page of a petition section. The summary shall be true and impartial and shall not be an argument, or likely to create prejudice, either for or against the measure. The summary shall be prepared by the clerk.

(c) The full text of the proposed initiated measure or ordinance that is the subject of a referendum petition shall be printed following the summary on the first page or pages of the petition section that precede the signature page. Notwithstanding the requirement of paragraph (a) of this subsection (3), if the text of the proposed initiated measure or ordinance requires more than one page of a petition section, the warning and summary need not appear at the top of other than the initial text page.

(d) The signature pages shall consist of the warning and the summary, followed by ruled lines numbered consecutively for registered electors' signatures. If a petition section contains multiple signature pages, all signature lines shall be numbered consecutively, from the first signature page through the last. The signature pages shall follow the page or pages on which the full text of the proposed initiated measure or ordinance that is the subject of the referendum petition is printed.

(e) (I) Following the signature pages of each petition section, there shall be attached a signed, notarized, and dated affidavit executed by the person who circulated the petition section, which shall include the following:

(A) The affiant's printed name, the address at which the affiant resides, including the street name and number, the municipality, the county, and the date the affiant signed the affidavit;

(B) That the affiant has read and understands the laws governing the circulation of petition;

(C) That the affiant was eighteen years of age or older at the time the section of the petition was circulated and signed by the listed electors;

(D) That the affiant circulated the section of the petition;

(E) That each signature thereon was affixed in the affiant's presence;

(F) That each signature thereon is the signature of the person whose name it purports to be;

(G) That, to the best of the affiant's knowledge and belief, each of the persons signing the petition section was, at the time of signing, a registered elector; and

(H) That the affiant has not paid or will not in the future pay and that the affiant believes that no other person has paid or will pay, directly or indirectly, any money or other thing of value to any signer for the purpose of inducing or causing such signer to affix the signer's signature to the petition.

(II) The clerk shall not accept for filing any section of a petition that does not have attached thereto the notarized affidavit required by subparagraph (I) of this paragraph (e). Any disassembly of a section of the petition that has the effect of separating the affidavit from the signature page or pages shall render that section of the petition invalid and of no force and effect.

(III) Any signature added to a section of a petition after the affidavit has been executed

shall be invalid.

(4) All sections of any petition shall be prenumbered serially.

(5) Any petition section that fails to conform to the requirements of this article or that is circulated in a manner other than that permitted by this article shall be invalid.

Each registered elector shall sign his or her own signature and shall print his or her name, the address at which he or she resides, including the street number and name, the city or town, the county, and the date of signing. Each registered elector signing a petition shall be encouraged by the circulator of the petition to sign the petition in ink. In the event a registered elector is physically disabled or is illiterate and wishes to sign the petition, the elector shall sign or make his or her mark in the space so provided. Any person, but not a circulator, may assist the disabled or illiterate elector in completing the remaining information required by this section. The person providing assistance shall sign his or her name and address and shall state that such assistance was given to the disabled or illiterate elector.

31-11-109. Signature verification - statement of sufficiency. (1) The clerk shall inspect timely filed initiative or referendum petitions and the attached affidavits, and may do so by examining the information on signature lines for patent defects, by comparing the information on signature lines against a list of registered electors provided by the county, or by other reasonable means.

(2) After examining the petition, the clerk shall issue a statement as to whether a sufficient number of valid signatures have been submitted. A copy of the statement shall be mailed to the persons designated as representing the petition proponents pursuant to section 31-11-106 (2).

(3) The statement of sufficiency or insufficiency shall be issued no later than thirty calendar days after the petition has been filed. If the clerk fails to issue a statement within thirty calendar days, the petition shall be deemed sufficient.

31-11-110. Protest. (1) Within forty days after an initiative or referendum petition is filed, a protest in writing under oath may be filed in the office of the clerk by any registered elector who resides in the municipality, setting forth specifically the grounds for such protest. The grounds for protest may include, but shall not be limited to, the failure of any portion of a petition or circulator affidavit to meet the requirements of this article. No signature may be challenged that is not identified in the protest by section and line number. The clerk shall forthwith mail a copy of such protest to the persons designated as representing the petition proponents pursuant to section 31-11-106 (2) and to the protester, together with a notice fixing a time for hearing such protest that is not less than five or more than ten days after such notice is mailed.

(2) The county clerk shall furnish a requesting protester with a list of the registered electors in the municipality and shall charge a fee to cover the cost of furnishing the list.

(3) Every hearing shall be held before the clerk with whom such protest is filed. The clerk shall serve as hearing officer unless some other person is designated by the legislative body as the hearing officer, and the testimony in every such hearing shall be under oath. The hearing officer shall have the power to issue subpoenas and compel the attendance of witnesses. The hearing shall be summary and not subject to delay and shall be concluded within sixty days after the petition is filed. No later than five days after the conclusion of the hearing, the hearing officer shall issue a written determination of whether the petition is sufficient or not sufficient. If the hearing officer determines that a petition is not sufficient, the officer shall identify those portions of the petition that are not sufficient and the reasons therefor. The result of the hearing shall be forthwith certified to the protester and to the persons designated as representing the petition proponents pursuant to section 31-11-106 (2). The determination as to petition sufficiency may be reviewed by the district court for the county in which such municipality or portion thereof is located upon application of the protester, the persons designated as representing the petition proponents pursuant to section 31-11-106 (2), or the municipality, but such review shall be had and determined forthwith.

(2) The legislative body of any municipality may, without receipt of any petition, submit any proposed or adopted ordinance or resolution or any question to a vote of the registered electors of the municipality. The legislative body of the municipality or its designee shall fix a ballot title for the referred measure.

(3) In fixing the ballot title, the legislative body or its designee shall consider the public confusion that might be caused by misleading titles and shall, whenever practicable, avoid titles for which the general understanding of the effect of a "yes" or "no" vote would be unclear. The ballot title shall not conflict with those titles selected for any other measure that will appear on the municipal ballot in the same election. The ballot title shall correctly and fairly express the true intent and meaning of the measure.

(4) Any protest concerning a ballot title shall be conducted as provided by local charter,
