STOCK SHOW FAMILY OWNED AND OPERATED SINCE 1989.

From our humble beginnings in a garage to the hallowed stalls of the most prestigious livestock shows, Sullivan Supply has been committed to providing the stock show industry with the highest quality show supplies and services. Thirty years later we remain firm in our focus on customers and creating the most innovative products in the industry. As we celebrate one significant milestone, we look to the future as a way to maintain our old school cool business style while taking our products and services to the next level. Along with our industry-leading products we are proud to offer unique services to our customers as a way to thank them for years of support. Stock Show University is a complimentary educational program created to help develop your skills. The Pulse is your daily news spot for stock show reports and updates with free advertising to our customers. The \$20,000 Sullivan Supply scholarship program awards passionate stock show youth. We also proudly sponsor junior nationals and team fitting contests across the country. We thank you for your loyalty for the last 30 years and can wait to see where the next 30 takes us!

Sincerely,
John Sullivan, Founder of Sullivan Supply and Stock Show University

QUALITY, INNOVATIVE & EXCLUSIVE PRODUCTS

We offer the most complete collection of products available for the livestock show industry. Nobody offers more cutting edge technology. We have always stressed a dedication to quality and are continually developing new products to better suit the ever-changing show industry.

CARING AND PROFESSIONAL STAFF

Do you have questions? We have the answers. We love and live the livestock show business and our friendly staff has extensive experience in all phases of the show industry. Call us today for someone who understands your showing needs and will help you solve the most difficult challenges.

FAST SHIPPING SERVICE

No one beats Sullivan's when it comes to fast, accurate shipping. We process orders the same day they are received and ship five days a week.

CUSTOMER SATISFACTION AND DEPENDABILITY OUR #1 PRIORITY!

AFTER SHOW OIL AND RESIDUE REMOVER

SULLIVAN'S

BREAK AWAY ANTI-RESIDUE SHAMPOO

- After Show Oil and Residue Remover
- Deep Cleaning Treatment for Extreme Dirt and Grime

Help eliminate any unwanted oils and debris left over from show day fitting with Sullivan's Break Away After Show Shampoo. This heavy-duty shampoo will wash away excess oils left behind from adhesive removers as well as any residue missed while breaking down your show day masterpiece. This shampoo also works great as a first-time shampoo to breakaway heavy dirt and grime. Not intended for daily use as it could cause drying to hair and skin.

See Page 41 for ordering information.

MAXIMIZE HAIR GROWTH

SULLIVAN SUPPLY & SURE COAT SOLUTIONS

SURE COAT MAX ENRICHED WITH VITA HAIR

- Supercharged formula to maximize hair growth potential.
- With natural oils including: Coconut, Jojoba, Olive, Lanolin, Tea Tree, Peppermint, Thyme.

Contains a natural-derived blend of humectants that seal in moisture and nutrients to the hide, providing the ideal environment for hair growth and a vibrant, show-stopping look. A blend of natural essential oils, including peppermint and thyme oils, stimulate circulation to hide, especially the hair follicle. This allows the nutrients and hair growth action of the Sure Coat Max blend to penetrate and get to work!

NEW DREAM TEAM

SULLIVAN'S

GAME CHANGER AMPLIFYING SHOW DAY HAIR

- Ultra-Lite & Fast Drying
- No Greasy Residue
- Long Lasting Volume

Give your show day hair the lift and volume it needs to stand out with Sullivan's Game Changer. This mixture of all-natural ingredients creates amplified show day hair like no other. Ready to use show day spray also works great for pre-show clipping to help the hair pop for a smooth cut. Not only does it penetrate deep, forcing the hair to stand at attention, but it also gives a deeper, more amplified look to the hair while also adding shine without any oil residue that weighs the hair down. Simply spray Sullivan's Game Changer on clean, dry hair. Comb in and go. Multiple applications can be applied throughout the day. For extra volume, blow in for 5 minutes after using the product.

RENEGADE SHOWBOX

- High Quality Craftsmanship
- 3 Row Pullout Shelf
- LED Lights, 110 Volt Outlet & USB Ports
- Lockable Compartment
- 60" H x 30" W x 30" D

This high-end quality show box has all the bells and whistles. First of which is the charging station located in the top compartment of the main body. The lockable side door compartment allows you to keep your valuables safe while charging them, also a great place to keep wallets, purses, registration papers and other valuable documents. The next feature is the LED lights throughout the center body of the box to help you find what you're looking for in poorly lit areas. This box also comes equipped with a can holder slide out for easy access to your aerosol cans and quart bottles. And a durable pullout shelf at the bottom so you won't need to strain yourself grabbing things in the back of the box. The fully loaded show box is topped off with a beautiful finished Black Hammer Tone Powder Coat to give it a sleek, sharp look. Made with the highest quality craftsmanship, the Fully Loaded Show Box will cover all your show road needs.

NEW

FITTING CONCEPTS

STEPS TO SUCCESS

For the ultimate benefit of this product, follow these steps ...

STEP 1 ... Glue the leg with Sullivan's Prime Time or Tail Adhesive.

STEP 2 ... Spray on White Powder'Ful (shake well) to build-up leg and thicken the hair follicles. It also provides a brighter visual for clipping.

STEP 3 ... Use Powder'Ful to build your leg alternating it with small amounts of Tail Adhesive. If you are building a black leg use Black Powder'Ful. This will allow for better coverage when you paint.

STEP 4 ... Once you are done building the leg with Powder'Ful, the final step is to completely cover the leg with Jet Black and/or Black Finisher for a natural black look.

STEP 1

STEP 2 & 3

STEP 4

When fitting a leg, there is one product line that stands out ... Sullivan's ... performance that will not let you down. No Wilt. No Melt.

Regular 12.5 oz. Can

Handy Can

Sullivan's Adhesives

Trust the Science...All the Champions Do!

By John Sullivan, Founder of Sullivan Supply & Stock Show U

"How did you create the industry leading Sullivan's Prime Time and Tail Adhesive?" is a question quite often asked by customers and friends. It's very important to formulate an adhesive to work in all weather conditions. Cattle create a lot of body heat and sweat even on a cold January day. The steamy, humid hide is the challenge and is exactly where Sullivan's Prime Time and Tail Adhesive separate themselves from others. Here is a general explanation why.

1. Prime Time and Tail Adhesive are composed of adhesive concentrates derived from extremely fine liquid rubberized resin compounds. Resins can be synthetic or plant based and are similar to substances found in pine trees and other plants such as rubber trees/plants.
2. Exact balance of base adhesive resin in combination with specialized propellant formulations disperse the adhesive out of the can in ultra fine molecules each time it is sprayed.
3. The evaporation system when sprayed allows it to dry adequately fast. Keeps it from becoming wet or "gummy", which is very important.
4. The solvency of the product when first sprayed allows it to remain workable, flexible, and easily formed.
5. Unique balance of dry time: slow enough that it allows you to comb to desired position, yet fast enough to dry firm and clip off crisp.

This all creates an adhesive that will not wilt or melt. This formulation is impossible to duplicate without our exact recipe.

Sullivan's Prime Time is formulated lighter, is more flexible and clear in a pure form of adhesive. This is the BEST option for no paint shows. Sullivan's Tail Adhesive was created to dry faster, very crisp, the perfect adhesive for experienced fitters to provide a firm humidity-tolerant hold.

No Wilt, No Melt, the Best Adhesive on the Market.

Sullivan's Tail Adhesive™

Tail Adhesive is the highest strength adhesive. It has unmatched holding power for flat lying, hard-to-hold hair on legs and when shaping the tail ball. You can depend on Tail Adhesive to dry completely and hold its firm shape in all types of weather with no fall-down when Touch-Ups are applied. It is tremendous for creating a thicker appearing hair follicle by simply spraying light coats, and repeating after each coat has dried until the desired look has been achieved. Cover with a Touch-Up of your choice.

TA			
- can, 12.5 oz.	\$8.95	- 12 can case, 14 lbs.	\$105.40
TAHC			
- Tail Adhesive Handy-Can, 7 oz.	\$8.45	- 12 can case, 8 lbs.	\$99.50

Sullivan's Prime Time Adhesive™

Prime Time is our strongest show day leg adhesive with holding power that is ideal for medium length, thinner hair types. It creates body and volume with the clear, natural look you demand. Prime Time will perform in all types of weather - winter, spring, summer or fall. It holds hair firmly in place and will not "wilt" or fall down in humidity. Sullivan's Prime Time is formulated lighter, is more flexible and clear in a pure form of adhesive. This is the BEST option for no paint shows. Dries completely and leaves the hair crisp so it can be clipped easily. The natural look with a little more holding power. Available in Clear or Black.

SHOW DAY GROOMING

Sullivan's Jet Black Touch-Up™

Jet Black Touch-Up covers adhesives, leg builders, and faded hair completely. The hair will appear thicker, fuller and deeper black. Jet Black Touch-Up is ideal to cover Ultra White as the first black touch-up used in the leg building process. It has unique drying abilities that creates texture to the hair without breaking down your adhesives. Jet Black Touch-Up has a medium black color.

TUP*
JET
- can, 14 oz. **\$8.95**
- 12 can case, 15 lbs. **\$105.40**

Sullivan's Black Finisher™

Black Finisher is applied as the last step in the leg building process. Its bright black color and natural shine matches the natural black color of body hair. This black touch-up delivers the deepest, most natural black appearance that we have ever seen. Black Finisher gives you great coverage and build-up on the hair without breaking down adhesives and leg builders. The number one choice of professionals.

TUP*
BF
- can, 14 oz. **\$8.95**
- 12 can case, 15 lbs. **\$105.40**

Sullivan's Ultra White Touch-Up™

Ultra White Touch-Up covers stained or faded hair with a smooth natural powder-white color. Ultra White is tremendous as a leg builder to achieve a thick, fuller appearance to hair, even on black cattle. After leg adhesives are completely dry, apply Ultra White. It will not break down your adhesives. Ultra White goes on with powder-like particles to give a more natural appearance than heavy adhesive leg builders.

TUP*
W
- can, 11 oz. **\$8.95**
- 12 can case, 13 lbs. **\$105.40**

Thicker ... Fuller ... Like NO OTHER ...

Sullivan's Powder'ful™ Hair Thickening Powder

The first hair building powder spray specifically designed for livestock hair. Sullivan's POWDER'FUL creates extra depth and dimension to each hair follicle during the hair building process, without the appearance of becoming too heavy, gloppy or unnatural. Great for legs, bellies, flanks, top-lines and tail heads. As an added benefit, after applying over adhesives, the drying powder agents contained in POWDER'FUL allow the hair to be clipped easily, better than any previously known product. The two color options, white and black, make it easy to build legs without having to use an excess of paint to cover it up. Check out page 28 for fitting steps on the best way to use Powder'ful.

- Follicle builder
- Fast drying
- Easy to clip through
- Does not weigh the hair down like other leg builders
- Most natural full look you will get from any product
- Will not leave hair wet and gloppy
- Available in Black and White Powder Spray

THE COLORS OF SUCCESS

Our industry has never seen this many color options before, so rest easy knowing that the right shade is achievable with Sullivan's touch-ups. The color spectrum ranges from light red/orange to dark brown/red as well as the yellow/light smoke colors. The options are endless!

Each touch-up is applied as the final touch-up for covering adhesives and leg builders and provides excellent hair-like coverage. Quick-drying with the most natural look on the market.

Sullivan's FAWN™ #1

Use Fawn Touch-Up on light red hair with an orange tint, found on lighter colored Hereford, Gelbvieh, Limousin and Red Angus cattle.

TUP*FAW
 - can, 10 oz. \$8.95
 - 12 can case, 15 lbs. \$105.40

Sullivan's COPPER™ #2

Use Copper Touch-Up on medium red hair with a faint brown tint found on Hereford, Red Angus & Light Shorthorn colored cattle.

TUP*COP
 - can, 10 oz. \$8.95
 - 12 can case, 15 lbs. \$105.40

Sullivan's BRICK™ #3

Use Brick Touch-Up on medium red hair with a brown tint found on dark Hereford, medium Shorthorn & Red Angus colored cattle.

TUP*BRI
 - can, 10 oz. \$8.95
 - 12 can case, 15 lbs. \$105.40

Sullivan's RED VELVET™ #4

Use Red Velvet Touch-Up on medium- dark red colored hair, especially dark red Shorthorn and Red Angus cattle.

TUP*VEL
 - can, 10 oz. \$8.95
 - 12 can case, 15 lbs. \$105.40

Sullivan's DARK CRIMSON™ #5

Use Dark Crimson Touch-Up on darkest red colored hair found in Shorthorn cattle.

TUP*DCR
 - can, 10 oz. \$8.95
 - 12 can case, 15 lbs. \$105.40

Sullivan's SILVER FOX™

Use Silver Fox Touch-Up on grey and silver hair, as found on Charolais influenced cattle.

TUP*SF
 - can, 10 oz. \$8.95
 - 12 can case, 15 lbs. \$105.40

Sullivan's BLONDIE™

Use Blondie Touch-Up on light yellow, cream, & butterscotch colored hair, especially on Composite Charolais cattle.

TUP*BLO
 - can, 10 oz. \$8.95
 - 12 can case, 15 lbs. \$105.40

Sullivan's Final Bloom™

The fantastic oil with a pleasant scent. Will freshen up the hair. Less greasy with all the shine. Spray on before entering the show ring for the Final Bloom. Requires no washing out.

FB

- can, 11 oz. **\$8.95**
 - 12 can case, 15 lbs. **\$105.40**

FBHC

- Final Bloom Handy-Can, 6.5 oz. **\$7.95**
 - 12 can case of Final Bloom Handy-Can, 7 lbs. **\$93.50**

Sullivan's Styling Mousse Spray Foam™

A multi-purpose grooming product to give extra holding power to the body hair. It creates a stronger, thicker appearing hair coat. Hair will look natural with the holding power you desire. Valuable for training hair, show day grooming or clipping. Works great with Game Changer, Shock and Zoom Bloom for show day grooming..

CSM

- White (clear) can, 14 oz. **\$8.95**
 - 12 can case, 15 lbs. **\$105.40**

BSM

- Black, can, 14 oz. **\$8.95**
 - 12 can case, 15 lbs. **\$105.40**

Sullivan's EZ Comb Adhesive™

EZ Comb is a light adhesive for thick, good hair coats. Strong enough for leg hair, yet clear and light enough to use on the body. EZ Comb does not weigh down or mat the hair. It actually creates volume and body to the hair for more expression. Dries crisp, clear and is easily clipped. Great for the finishing touches while at the show ring.

EZ

- can, 12 oz. **\$8.95**
 - 12 can case, 14 lbs. **\$105.40**

Sullivan's Formula 1® Adhesive™

A unique adhesive designed for a natural and clear look that you can comb through with ease. Strong enough for legs, yet easy to comb through for body hair. Dries easily so hair can be clipped off nice and clean without clogging clipper blades. Formula One is a great starter adhesive to break and form the hair when grooming stubborn, unruly hair. Finish with a heavier adhesive for the final set.

F1

- can, 12 oz. **\$8.95**
 - 12 can case, 14 lbs. **\$105.40**

Sullivan's Relax Hair Straightener™

Sullivan's Relax is the perfect solution to help straighten curly, kinky and wavy hair. The ingredients found in Relax work in two different steps, the first penetrates the hair shaft softening and relaxing the follicle causing the hair to straighten. The second forms a hold on the shaft that keeps it from reverting back to its previous curl. Use Relax in the final days leading up to a show, when clipping and on show day.

RLX - can, 10 oz. **\$9.75**
 - 12 can case, 12lbs. **\$115.75**

Sullivan's Shock™

For clipping and show day

Legit hair pop and shine without the oil residue. Shock that lifeless, flat show day hair back to life with Sullivan's Shock. Not only does it penetrate deep, forcing the hair to stand at attention, but it also gives a deeper, fuller look to the hair while also adding a shine without any oil residue that weighs the hair down. You can also use Sullivan's Shock before clipping to make the hair rise for an easier, smoother clip. Sullivan's Shock is a ready- to-use product, no dilution needed.

SHOQ

- quart, 3 lbs. **\$29.95**

Sullivan's Flare™

Amplifies Hair Dimension & Shine without weighing the hair down.

Works on ALL Hair Types in all temperatures.

Sullivan's Flare is a hair amplifier that adds dimension and shine without adding weight to the hair, something we felt was lacking in our industry. We have perfected this formula to work on all hair types and in all temperatures. Sullivan's Flare is the superior show day product. 100% satisfaction guaranteed. Add a little Flare to your show day hair.

Directions: Apply even coat over body, comb in and blow for 5-10 minutes. Add more where it is needed. Does not need to be washed out.

FLARE -

Can, 5.7 oz.	\$6.45	12 can case, 6.5 lbs	\$75.65
Can, 10 oz.	\$9.99	12 can case, 6.5 lbs	\$114.00

Sullivan's Game Changer™

Give your show day hair the lift and volume it needs to stand out with Sullivan's Game Changer. This mixture of all-natural ingredients creates an amplified show day hair like no other. Ready to use show day spray also works great for pre-show clipping to help the hair pop for a smooth cut. Not only does it penetrate deep, forcing the hair to stand at attention, but it also gives a deeper, more amplified look to the hair while also adding shine without any oil residue that weighs the hair down.

ADHESIVE REMOVERS

Sullivan's Hocus Pocus™

The Natural Alternative

Fresh and Natural, Hocus Pocus will not irritate hair or hide. This natural product is a healthy alternative that will make a difference in your show day wash out. The pure ingredients of Hocus Pocus are formulated to naturally attack and gently remove adhesives and touch-ups away from the hair to allow for superior cleaning. Hocus Pocus is fortified with non-drying emollients and the nourishing VITA HAIR vitamins to naturally moisturize and soften the hair shaft. Hocus Pocus will not leave an oily residue to build up heat or eat away leg hair. This makes Hocus Pocus ideal when re-fitting is needed in a short period of time. Simply spray onto hair where adhesives and touch-ups have been used, comb into hair and wash-out with Sullivan's Vita-Hair Volumizer Foaming Shampoo.

Authentic

HAIR GROWTH

Trust the Science

BIOTIN

A TREMENDOUS VITAMIN FOR HAIR GROWTH.

The major benefit of Biotin is its ability to strengthen both the hair follicle and hair shaft, along with increased elasticity of the cortex to prevent hair breakage and dryness. This enables healthy, **FASTER HAIR GROWTH**. Biotin also thickens the actual hair cuticle providing a fuller appearance.

PRO-VITAMIN B-5

THE KING OF ALL HAIR CARE VITAMINS.

It stimulates healthy scalp circulation which leads to improved hair health. As an added benefit, it also possesses superior long term moisturizing properties because of its unique ability to penetrate and nourish the hair shaft; then sealing the surface to protect and make the hair shine.

VITAMIN E

**AN ANTIOXIDANT THAT STIMULATES
CIRCULATION THROUGHOUT THE SKIN AND
SUPPORTS CAPILLARY GROWTH.**

When there are more capillaries, the circulation improves leading to increased nutrient absorption into the hair follicles, this speeds hair growth.

Stop putting your neck on the line.
Science Driven Results

MAXIMIZE HAIR GROWTH

NEW

Sure Coat **MAX**

Contains a natural-derived blend of humectants that seal in moisture and nutrients to the hide, providing the ideal environment for hair growth and a vibrant, show-stopping look.

A blend of natural essential oils, including peppermint and thyme oils, stimulate circulation to hide, especially the hair follicle. This allows the nutrients and hair growth action of the Sure Coat Max blend to penetrate and get to work!

The Sure Coat Hair Max is a proprietary blend of natural extract which work on a molecular level during the hair growth pathway. This blend triggers hair to stay in the active growth phase of the hair growth cycle.

Ingredients such as coconut oil and olive oil contain a high concentration of omega fatty acids, highlighting the natural vibrancy of the hide from the inside out.

Sullivan's REVIVE LITE™

Follow the science of Revive Lite & Vita Hair.

REVIVE LITE is specifically formulated with extra light cosmetic grade oils to allow for a more refined version of our ever popular Revive. This product was created to feature the same great conditioning as Revive but with warmer weather in mind. When the hair coat becomes thinner and lighter oils are preferred. With the purest of oils, the hair will not glob or stick together. It actually does the opposite creating an added lift to the hair with more separation, giving the hair a thicker look.

Use REVIVE LITE once the animal has been washed and blown completely dry. Coat the entire body evenly including legs, belly and tail head. Comb in, roto brush, blow dry and style hair like normal.

When applied, this new formula lightly coats and easily penetrates the hair and absorbs into the skin without clogging the pores. Revive LITE, however, with its lighter molecular structure, can actually penetrate deep into the cortex of the hair strand to infuse essential nutrients and lipids for the utmost moisturizing and hydrating properties.

Revive LITE is also fortified with the advanced VITA HAIR nourishing Vitamin package.

REVL - can, 17 oz.	\$9.95	- 12 can case, 17 lbs.	\$115.50
---------------------------	---------------	-------------------------------	-----------------

Sullivan's Revive™

A great product to promote healthy and beautiful hair coats. The foaming action of Revive dissipates into the hair to moisturize and bring life, body, and freshness to dull, dry hair without leaving the hair waxy or limp. Revive is formulated with a purified grade of nourishing bio-based plant leaf and seed oils along with olive oil and high-grade lanolin ester emollients that penetrate and condition the skin and hair with nature's nutrients. The natural antioxidants contained in Revive stimulate circulation within the scalp to increase nutrient absorption into the hair follicles for faster, healthier hair growth. Revive is high in Vitamin E and fortified with VITA HAIR™.

For daily care, spray over the entire body, comb in and blow deep down to the skin. Let Revive soak into the hair over-night, rinse out in the morning. It also works great to eliminate flaking skin.

For cattle that are kept in a cooler, apply REVIVE during the day and rinse out before letting out for the night. For a quick conditioning treatment during hot weather, apply REVIVE, comb in, blow dry deep into the hair and rinse immediately. Apply daily depending on hair dryness.

REV - can, 17 oz.	\$9.95	- 12 can case, 17 lbs.	\$115.50

Sullivan's Clear Choice Shampoo™

The ultimate livestock shampoo that is naturally healthy for hair. Clear Choice is formulated with the purest grade of naturally organic, plant based resources that are pH balanced for the sensitive skin and hair of livestock. This bio-based surfactant technology attaches to dirt and pulls it away from the hair and skin for superior cleaning. More importantly, being natural, it does not contain any harsh invasive detergents such as dish soaps, abrasives, petroleum, or solvents which can be irritating and strip the natural oils from your animal's hair and skin. Fortified with the VITA HAIR™ nourishing vitamin package to stimulate faster hair growth and encourage skin health. Recommended for all livestock.

#1 Selling Shampoo

Sullivan's Volumizer Nourishing Shampoo

Follow the science to healthy, hydrated hair.

Vita Hair Volumizer™ Foaming Shampoo is formulated with a natural plant-based proprietary surfactant technology which creates an opposite acting polar electrical charge within each hair strand that actually pushes every hair follicle apart. This prevents the hair from sticking together, and actually springs it loose, making each hair follicle stand on end for a noticeable difference in hair volume and body.

This exclusive chemistry for livestock consists of chemically altered ions. Ions are small electrical molecules within surfactants that usually have positive or negative charges which create an attraction to each other. In livestock hair, this attraction causes hair follicles to stick to each other. The non-ionic chemistry of Vita Hair Volumizer™ inhibits an unusual neutral charge to the ionic molecule of each follicle creating no attraction or pull between the hair strands. This neutral charge actually enables each hair follicle to stand free for extreme hair separation.

All this with a plant based neutral pH makes it gentle and nourishing to the hide and hair as it gently cleans deep, down to the roots of each hair follicle. Fortified with Sullivan's VITA HAIR™ a nourishing vitamin package to boost hair and skin health without added weight to hair. Designed to be used in a foamer. Now available in a five gallon jug.

Sullivan's Hydrator Nourishing Conditioner

Scientifically formulated hydrating & nourishing conditioner that uses the hair and skins natural oil make up to formulate the best replenishment of the natural oils and vitamins back into the hair to promote hide and hair health as well as hair growth and strength.

We took a look at some of the oils used in today's hair care products and realized that for the high percentage of the oils used they were only contributing to a low percentage of the actual nutrition to the hair and skin so we flipped the script and found oils that provide way more nutrition per percentage used with less actual oil so it stays light.

HNCQ - quart, 3lbs \$16.75 - 12 quart case, 36lbs \$192.50
HNCG - gallon, 10lbs \$36.50 - 4 gallon case, 40lbs \$133.50

Sullivan's Break Away™ Anti-Residue Shampoo

After Show Oil & Residue Remover

Help eliminate any unwanted oils and debris left over from show day fitting with Sullivan's Break Away After Show Shampoo. This heavy-duty shampoo will wash away excess oils left behind from adhesive removers as well as any residue missed while breaking down your show day masterpiece. This shampoo also works great as a first-time shampoo to breakaway heavy dirt and grime. Not intended for daily use as it could cause drying to hair and skin.

SULLIVAN'S SMART SERIES

SMART Bucket™

360 SMART Brush™

SMART Sensation Brush™

SMART Sensation Brush XL™

SMART Feed Scoop™

The #1 daily hair care brush!

the SMART SENSATION

Brush™ by Sullivan's

The Smart Sensation is like no other.

The advantage of the SMART SENSATION is how it amplifies the volume of the hair as it lifts it up from the hide without causing curls, kinks or matting that is often associated with rice root or massage brushes.

The original Sensation features seven rows of 129 precisely placed ball-tipped teeth. You can actually see the Smart Sensation brush create hair separation off the skin allowing air to flow deep into the hair base for added hair stimulation.

Healthy for hide and hair, the SMART SENSATION gently massages the hide to stimulate blood flow that releases natural oils from the skin to coat the hair and promote healthy hair growth.

The SMART SENSATION is similar to human vent hair brushes but has been designed to the proper size for show cattle and includes a more comfortable handle application.

The Sensation XL features a wider 10 row design containing 199 uniquely placed ball-tipped teeth. The extra rows of the XL contain 54% more teeth than the original to create more gentle, stimulating contact to the skin and hair with each stroke of the hand.

The Smart Sensation is available in two different sizes for different types of hair coats and your convenience ... the choice is yours.

Cattle love the feel of the stimulating SMART SENSATION!

Highest Quality Brush Tips in the Industry Available in both 6" and 9"

360F - 360 Fluffer

NEW

Sullivan's 360° Smart Brush

The 360° Smart Brush is a daily hair care brush made to create a complete 360 degrees of hair lift. With its 945 soft teeth, the 360° will easily glide through every curvature making sure no hair is left lifeless. With its soft plastic bristles, this brush also massages the hide to create circulation to promote better hair growth. The 360° Smart Brush is a daily care must have. The new 360 Fluffer features additional hair raising bristles placed alongside each soft tooth for optimum hair lift and stimulation on fine/medium hair coats.

- 360 - 360 Brush, 7 oz. \$29.99**
- 360M - 360 Mini, 4 oz. \$27.50**
- 360F - 360 Fluffer, 7 oz. \$29.99**

Sullivan's
SENSATION **CURVE**

The brush for thinner haired cattle.

Introducing Sullivan's SENSATION CURVE, this NEW twist to our popular SMART SENSATION delivers even more stimulation to the skin and adds body to the hair coat, making it a hair growth must have.

With the SENSATION CURVE'S 302 precisely placed ball point teeth, no hair will be left clinging to the hide. Best for dull, lifeless hair that still needs volume due to lack of base coat.

Not only does the SENSATION CURVE contain 134% more teeth than the SMART SENSATION, but the teeth are also narrower and more flexible to allow hair and skin to be stimulated with an even gentler massage. The SENSATION CURVE's design also has a more rounded curvature to the brush, which encourages more fluid rhythm to the hair working process while the Sullivan's NEW texturized grip enhances the users comfort.

Like the SMART SENSATION, the SENSATION CURVE is healthy for hide and hair. By providing a gentle massage to the hide it stimulates blood flow that releases natural oils from the skin to coat the hair and promote healthy hair growth.

This brush will be the perfect addition to your daily hair growing tools.

CURVE - Sensation Curve, 9 oz.

\$25.50

Sullivan Stimulator Combs™

The Stimulator Comb's plastic teeth are constructed of the perfect synthetic material to stimulate a healthy hide and promote new hair growth. Great for daily hair care since the durable plastic teeth glide through the hair easily and are so much more gentle in their massaging of the animal's scalp than steel combs. Often compared to a Massage Brush in the design of a comb, all in one tool. The Stimulator Combs are not designed for grooming legs with adhesive. Available as a Regular Comb (black), Fluffer (red), and Skip-Tooth (blue).

Helpful Hints -

How do I know what comb to use?

Combs come in many shapes and styles. We always recommend a SMART Comb or Stimulator comb for daily hair care work. Their plastic teeth are more gentle to prevent scratching the hide, allowing for healthier skin and hair. They are also a must to use while showing your livestock. They are safer in your pocket than metal tooth combs. Metal tooth combs, however, are the only comb that we recommend for grooming with adhesives.

SULLIVAN BRUSHES

Sullivan's Roto Fluffer Brush™

The Ultimate Show Day Roto Brush

This new twist on the traditional roto brush will take your hair presentation to a whole new level, with its tremendous ability to separate and lift the hair creating a full body look it will become your show day go to tool. Built into a durable aluminum housing sets two styles of bristles. The first being 3/4" soft flex bristles made for ultimate separation and lift to thick coats. The second being 1/4" fiber bristles to provide superb undercoat separation. Combining these two bristles provide hair volume like no other that works on all types of hair coats to provide an even fluff without making the hair wavy. The Roto Fluffer is best used for clipping, fitting, displaying and show day preparation. Refer to page 15 for larger picture.

ROTO*
FLU - Roto Fluffer Brush 1 lb. **\$24.50**

Sullivan's Staggered Bristle Roto Brush™

The Daily Show Barn Roto Brush

The Staggered Bristle Roto Brush has rows with staggered lengths of bristles, one row with long, the next row being 1/4" shorter. The short-cut rows allow the long bristles to work deeper into the hair. This creates more lift and volume to the hair, prevents the matted look and invigorates stimulation to the hair base for new hair growth and faster hair training.

- The short rows are cut to a length 1/4" shorter.
- Lime green color allows for easy visual while working with all hair colors.
- Lock nut keeps the brush securely tight and prevents it from spinning loose.
- The soft, gentle grade of synthetic bristles prevents the brush from being too harsh as compared to stiffer roto brushes that can scratch and irritate the hide.
- Flat side of bolt allows it to lock tight in the drill and keep from spinning loose. A common problem with other roto brushes.

ROTO*
STAG - Staggered Bristle Roto Brush, 1 lb. **\$23.25**

Sullivan's Mini Staggered Bristle Roto Brush

32% shorter and 11% smaller diameter as compared to our full size Roto brush. It works excellent for working leg hair or wool on all livestock, especially small animals such as sheep, goats, miniature cattle and even show pigs. who normally struggles to handle a full size roto brush. Features the same bristle length and row pattern as our Staggered Bristle Roto Brush. Creates tremendous lift, volume and stimulation to the hair and wool. 4" long.

ROTO*
MIN - 12 oz. **\$17.99**

Sullivan's Plastic Bristle Roto Brush

This white bristle roto brush features soft synthetic bristles. Similar to the Green Staggered bristle roto brush above, except that all the rows are cut to the long 3/4" length.

ROTO*
PLAS - Plastic Bristle Roto Brush, 1 lb. **\$23.25**

Tail Clamp

A very unique clamp constructed of strong galvanized steel to help prevent the animal from swinging its tail. Finger operated to easily set onto the tail shaft of cattle. It is designed with two protruding buttons to the inside of the clamp that, when applied, press against the tail shaft and create pressure points against nerves causing the animal to hold the tail more still. A great tool to use when clipping or fitting. Length of clamp is 5-1/2".

TC - 1 lb. **\$14.75**

Sullivan's Tail Bag 2.0™

Protection for your precious tail hair!

Added Velcro material to keep the bag secure around the tail makes the Sullivan's Tail Bag 2.0 a daily hair care must have.

Use the tail bag every time you Roto Brush to protect the hair from being caught in the Roto Brush. Also works great while fitting, the bag keeps the hair out of the way until its time to ball the tail.

TB2 - 3 oz. **\$15.75**

The Tools for Fresh Hair.

Sullivan's Smart Scrub Brush™

Stronger, Longer, Better. These are the words that describe the new Sullivan's Smart Scrub Brush. Made in the USA, this brush is created from high quality material for a more durable brush. With its added length and openings on the strap, the Smart Scrub will comfortably fit any sized hand. Multi-purpose brush equipped with soft, fluffer style bristles. For all forms of hair working routines.

HSC-M - 5" wide, 1 lb.

\$33.50

Sullivan's Dually Hair Shedding Comb

Now, truly a hair shedding comb designed for all show cattle hair coats ... thick or thin! Removing dead hair has never been so simple and effective, EVER ... saves days!

This double-sided hair shedding comb features rounded stainless steel teeth with extra-wide spacing on one side that gently penetrates deep into the thickest, "wooly" hair coats removing old dead hair, yet leaving the healthy hair unharmed. Flip the comb over to the other side with narrow spaced teeth to remove dead hair from medium coats. The perfect two-step process.

Simply pull the Dually™ through the hair coat in the direction you are training the hair before washing/rinsing. Repeat daily until shedding is complete. It's simple, effective and saves hours.

Always remember ... the faster the dead hair is shed out, the faster new, fresh, healthy hair will grow.

SULLIVAN'S TEXTURIZED GRIP

Patent Pending

The original theory of Teflon Combs dates back to 2001 when John Sullivan, Founder of Sullivan Supply and Stock Show University, and Scott Kinzer became frustrated with sticky clogged up combs.

Sullivan's Teflon Combs have revolutionized the way a comb can be used while fitting. Teflon is a solid polymer that is considered to be one of the world's most slippery and water resistance substances. It has one of the lowest measured coefficients of friction of any compound. Although not fool-proof, especially since adhesive is still a very sticky substance, you will be glad to see a 40 to 50% improvement of less matting, less hair drag, less static, and less stick to the comb. It is definitely easier to clean adhesives from this comb and saves time while fitting. Now the top comb in the industry has been improved by adding a NEW Texturized Grip to the handle giving the user a comfortable non-slip grip. Available in Sullivan Comb, Fluffer Comb, Double Stuff and Tiger Tooth.

Less Stick for more Leg Hair Perfection!

Patent Pending
Application No. 14/212,470

Built to last with the proper teeth - Sullivan Combs.

ALL Sullivan Combs are manufactured to strict specifications with industry leading designs. Each individual comb tooth is shaped and heat treated to ensure the perfect balance of extreme strength with little bend, yet not brittle to cause breakage. With attention to detail, each tooth is individually placed by hand to assure consistency on every comb. The comb blades are crimp pressed to hold each tooth firmly in place. We do not use glue which can dissolve when exposed to water and adhesive removers.

The Sullivan combs are made in Dunlap, Iowa, U.S.A.

The short teeth pop out the long guard hairs and prevent lines. Unique teeth design glides through full hair coats easily!

Sullivan Fluffer™

“The original Fluffer comb designed by Sullivan’s.”

This exciting comb is great for use on thick haired cattle. The short teeth pop out the long guard hairs and prevent lines that a skip-tooth comb may cause.

SULLIVAN'S SUPERSTICK SHOW STICKS

Sullivan's Carbon Fiber Show Stick

The Elite Show Stick!

Extremely strong, yet lightest in weight!

Constructed from high-end carbon fiber material commonly used for aerospace parts. Carbon fiber is five times stronger than steel, yet features a feather-light feel that is 25% lighter than aluminum sticks. All this in a beautiful high gloss checkered translucent pattern. Available in 54", 60" and 68" lengths. (full image of stick is pictured on the right)

Easily Fits in Suitcase

Soft Stroke

For Show Sticks

The Soft Stroke slides on to any Sullivan Show Stick to provide a massaging, scratching tool. Often, cattle are sensitive to the metal hook of a show stick. The pliable plastic construction of the Soft Stroke makes even the most jumpy cattle more relaxed with its gentle feel. Show Stick sold separately.

HELPFUL HINT

WHAT SIZE OF SHOW STICK TO USE?

Show sticks come in many sizes, colors and materials. The most important decision is to choose the correct length for the showman. All too often, we see that a shorter showman is using a short show stick which matches their height. Unfortunately, this leads to problems. If you have a short showman using a short show stick while showing a full-sized animal, that person won't be able to reach the back legs of the animal adequately without pulling the head of the animal. We recommend a show stick that allows the showman to easily reach the back legs while standing still by the head of the animal, most often a 60" long show stick. If this feels too long, it is easy to choke up on the handle for better control. For very young showmen, a 54" long stick is adequate until they become comfortable.

SULLIVAN'S 1ST CLASS & TOTAL GRIP SHOW STICKS

Sullivan's 1st Class Show Stick™

Step into the ring with the new Sullivan's Designer Grippled Show Sticks, with three stylish grip options. Two of the options are your choice of either brown or black leather wrapped grips to give you that genuine leather feel, with a look of class. The third option is the clear crystal stone option; these stones are imbedded flush into the handle to give you an added sparkle in the ring. These show sticks are only available in medium and large sizes.

SULLIVAN'S

INCOGNITO SHOW HALTER

NEW

- This halter features a slimmed down profile with 35% less leather coverage of the animal's head for a much less obtrusive appearance, yet still maintaining all the needed strength.
- Provides a "less is more" scenario, creating the image of a smoother, longer front-end extension to the animal.
- No distracting buckle on the show side. Color matching hardware along with the Showman's Texturized Grip.

Cruise Control Cable Halters Patent Pending

Cruise Control Calf Cable is made of 1/8" galvanized 7x19 cable. This is the original model and is to be used on milder attitude calves, with smaller issues such as leading or holding head high. This is great for young showman to maintain control over their animal while in the ring to help keep them and their animal safe.

CCCH - Cruise Control Cable Halter, 1 lb. \$34.95

Emergency Brake Calf Cable was developed for those calves that really need an attitude adjustment. This cable is made of 3/32" galvanized cable. This will surely put the brakes on those with bad attitudes! We suggest using this cable when your calves are trying to duck their head and run off on you.

EBCH - Emergency Brake Cable Halter, 1 lb. \$34.95

Nylon Control Halter

Designed to be left on show cattle. Black only. Lead rope sold separately.

NECK SWEATS

Large size is pictured

Sullivan's HYBRID HEAT Neck Sweat™

This NEW, composite sweating system features the benefits of neoprene and the durability of leather all in one deluxe unit. The removable neoprene lining is constructed of the same closed cell SBR copolymer neoprene material as our popular BLACK HEAT Neck Sweat. This material is proven to be ideal to reach maximum sweating potential for cattle. It is sewn with a no-fray fabric binding around the outer edges to prevent tearing. The durable leather casing surrounds the neoprene to provide support and protection. Velcro attaches the neoprene to the leather, holding it firmly in place, yet allowing it to be removable for easy cleaning or replacement. Available in two sizes. Chafing pad included with each sweat.

HHS-M - Medium , (550 - 1,000 lbs.), 4 lbs.	\$99.50
HHS-L - Large , (750 - 1,500 lbs.), 5 lbs.	\$99.50
HHSLM - replacement liner for medium sweat , 1 lb.	\$32.50
HHSLL - replacement liner for large sweat , 1 lb.	\$32.50
BHNP - replacement nose piece w/ 2 velcro straps , 3 oz.	\$5.50

Sullivan's Hot Sweat - Sweating Lotion

An effective sweating lotion to tighten excess skin in the neck area. Apply the lotion to the neck by hand and wrap with Sullivan's Black Heat Neck Sweat or the Hybrid Heat Neck Sweat. Leave the sweat on for up to 12 hours, remove and wash neck with shampoo. The ideal procedure is 12 hours of Hot Sweat and 12 hours without for two to four days. Use with caution on sensitive skinned animals.

HSW - quart, 1 lb.

\$26.50

Sullivan's Neoprene Lined Leather Neck Sweat

A leather neck sweat and a neoprene sweat all in one! The neoprene lining provides maximum sweating potential to remove excess dewlap. The neoprene lining stays much cleaner than fleece.

LSNL - Large w/one lip, (650 - 1,200 lbs.), 3 lbs.

\$62.95

LSNL

Large size is pictured

Sullivan's BLACK HEAT Neck Sweat™

Change your front end with BLACK HEAT!

This double-stretch, closed cell SBR copolymer neoprene black sweating material has been scientifically proven after hours of research to be the best material to reach maximum sweating potential for cattle. The bonding of this advanced micro fiber neoprene with the velvet knitted fabric creates more sweating results than any material we have ever tested. The No-Fray design features fabric binding sewn around the outer edges to prevent tearing and to add strength. Velcro is permanently sewn in place for your convenience. Dramatic results in just three to five days! Available in four different sizes.

BHS-S - Small , (350 - 650 lbs.) 12" x 45", 2 lbs.	\$44.50

AIR EXPRESS III™

The Leader in Air Velocity and Quality Craftsmanship

U.S. Patent Numbers:
D.427,388 and 6,305,325 B1

T: Teal

O: Orange

BL: Blue

COR: Coral

PU: Purple

BK: Black

S: Silver

R: Red

Sullivan's Air Express III™

The Air Express III is the only blower on the market to be awarded two U.S. Patents. It's exclusive aerodynamics, efficient design and cartridge filter system are U.S. Patent Numbers D. 427,388 and 6,305,325 B1. The Air Express III has set the new standard. There simply is no other blower that matches the Features, Power, and Value of the Air Express III. Sold complete with hose, filter and hose clamp.

New Two-Year Warranty

AIII* - 32 lbs. \$425.55

***Specify Color.**

BK: Black. **R:** Red **PU:** Purple **O:** Orange. **COR:** Coral **S:** Silver **BL:** Blue. **T:** Teal

More Features ...

Unique protected patented filter design.

Patented aerodynamic front end design increases air velocity.

More Power ...

- **Durable Metal Rear End Cap**
A patented design. **Super Quality!!**
- **"W" - Shaped Leg structure** is welded at six points for added strength and durability.
- The manufactured seamless body keeps air from leaking out. The beautiful Powder Coat finish retards rust.
- The Aerodynamic Front End increases air velocity for more air power! The funnel design on the **AIR EXPRESS III** has less air restriction. More efficient AIRFLOW with less RESTRICTION means **MORE AIR POWER** to dry your livestock **FASTER!**
- Each **AIR EXPRESS III** is equipped with two of the most powerful, high efficiency motors available. We test our motors extensively to ensure quality standards. 2185 watts of power.
- The **ONLY** blower with a supplemental heater. The Heat Booster increases air temperature up to 10% to dry animal **faster.**
- **CARTRIDGE FILTER** slides into **Metal Rear End Cap** for complete protection. No more broken filters! Larger opening in the back allows for more air intake which provides **more air power.**
- **15' Industrial Quality Hose** is smooth on the inside to provide more air power. Clamp and hose included with each unit.

Research Shows the **AIR EXPRESS III** is #1

	Air Flow (cfm)	Air Velocity (feet/minute)
AIR EXPRESS III	73.87	7105 ft./min.
Circuiter II	72.32	7014 ft./min.
The Blow Out	72.36	7017 ft./min.

Research also showed that the **AIR EXPRESS III** provides substantially more heat than it's competitors. Testing was conducted by Dr. Ken Ragsdell, Dept. of Engineering, University of Missouri, Rolla.

More Value!!

Sullivan's Complete Double Blower Cart Package

This Complete Double Blower Cart Package includes all the pieces to set up a double blower system.

- 2 Sullivan's Air Express III Blowers (See page 63 for color options).
- 1 Sullivan's Totally Tuned™ Double Blower Cart (pictured below).
- 1 large 2" diameter x 15 ft. long hose.
- 1 6 ft. hose extension.

Save \$87.10

CDBP - Sullivan's Complete Double Blower Cart Package, 118 lbs.

~~RETAIL PRICE \$1,203.60~~ **SPECIAL PRICE: \$1,116.50**

A - TTBCF - Sullivan's Totally Tuned Double Blower Cart, 40 lbs.	\$259.50
B - TTBCY - black metal Y for Totally Tuned Blower Cart, 12 lbs.	\$69.99
C - BHVBH - 2" diameter, 15 ft long, 10 lbs. (sold separately)	\$94.50
D - BHYE - 1.5" diameter, 6 ft long, 4 lbs. (sold separately),	\$37.50
E - AEF - Air Express III Filter, 6oz	\$9.99
F - TTHC - Totally Tuned Blower Cart Hose Cuff	\$6.95
G - TTCL - Totally Tuned Blower Cart Hose Cuff Clamp	\$3.95
H - TTBCU - Metal U Clamp	\$3.50
J - BHYC - Blower Hose Y Cuff, 3 oz.	\$9.25
K - HCL40 - Large hose clamp for blower hose "Y" only, 3 oz.	\$3.50
L - BHNC - Hose cuff reducer	\$9.99
M - HCL - Blower Hose Clamp 2 oz.	\$3.50
N - BTO2 - Blower Tip only for 2" hose, 8 oz.	\$10.95
P - RYB - Reverse Y Bracket, 3 lbs. SOLD SEPARATELY	\$29.99

CDBPG - Sullivan's Complete Double Blower Cart Package(Fedex Shippable), 118 lbs.

~~RETAIL PRICE \$1,213.60~~ **SPECIAL PRICE: \$1,126.50**

Sullivan's Flux Capacitor™

Dual Blower Hose "Y" System

Twice the blowing power with only one hose! This hose features a "Y" shaped fitting that combines hoses from two blowers into large 2" diameter hose. Total length is 17'. Clamps sold separately.

BHY - complete, as pictured w/out blowers, 18 lbs. \$179.50

BHYE - 6 ft. hose extension for BHY, smaller 1.5" hose, 4 lbs. \$37.50

REPLACEMENT PARTS

BHYSH - Short hose only (each), 1.5" diameter, 2 ft. long, 2 lbs. \$24.50

BHYBH - Big hose only, 2" diameter, 15 ft. long, 10 lbs. \$94.50

BHYH - Metal "Y" only, 4 lbs. \$44.95

HCL36 - Large hose clamp for blower hose "Y" only, 3 oz. \$3.50

Sullivan's Totally Tuned™ Double Blower Cart

Designed to be Problem Free! This Totally Tuned cart features an ALL Metal "Y" System that eliminates the need for short blower hoses. That generates more Sealed Air Pressure which means more air power! Stouter steel construction for added stability. Large Air-Less wheels roll easily across rough surfaces. Equipped with convenient Comb Holders on the back of cart. Blowers and Hose sold separately. Not recommended to use a 15' long hose.

TTBCF - Sullivan's Totally Tuned Double Blower Cart, 40 lbs. \$259.50

TTBS - Optional shelf for spray cans, sprayers, etc. \$44.50

TTCFH - Totally Tuned Cart Fan Hanger (Holds 1 fan), 5 lbs. \$54.50

TTBCG - Totally Tuned Cart 2-Piece (UPS), 40 lbs. \$269.50

BHYBH - Big hose only, 2" diameter, 15 ft long, 10 lbs. (sold separately) \$94.50

Sullivan's AIR EXPRESS MINI Blow Dryer

The MINI is engineered with the same patented, exclusive features as our industry leading Air Express III blower. It is equipped with one, high powered, high efficiency motor instead of two as with the full size Air Express III.

- The air power will surprise you, approximately 60% of the Air Express III!
- This single motor unit only draws 11 amps of electricity. 1265 watts of power.
- Equipped with the patented aerodynamic funnel shaped front end cap design for more air velocity to efficiently dry your animal faster.
- The unique, patented cartridge filter system slides into the metal end cap for absolute protection.
- Includes a supplemental heat booster to increase air temperature up to 10% to dry animal faster.
- Ideal for the small animal or pet exhibitor. Also, handy for blowing off farm equipment.
- Equipped with a 15' long hose. Clamp and nozzle tip included.

AEMIN* - 19 lbs. **\$299.50**

***Specify Color -**

BK: Black **R:** Red **BL:** Blue

**U.S. Patent
Numbers:
D.427,388 &
6,305,325 B1**

Sullivan's Blower Mounts

Hang your blower from a fence, a trailer or many other places. Works excellent to get the blower up off the ground and out of the way. The blower wraps around the top of the hanger.

BLHA - Fence Mount 7 lbs. **\$39.50**
BWM - Wall Mount 7 lbs. **\$39.50**

Sullivan's EXPRESS FOGGER™

The blower fogger engineered for the needs of the modern showman. The Express Fogger is used with a blow dryer for fogging or misting liquids directly onto livestock.

EF - Express Fogger complete, 8 oz. **\$29.50**

- Tremendous Fine Mist Output
- Twist and Lock Cap securely attaches onto the bottle. NO more lids with threads that frequently blow off the bottle.
- Easy to hold, slim neck bottle.
- Easy operation! Simply fill with desired liquid and insert blower hose nozzle.
- Fat bottom bottle provides better stability.
- Holds over 44 ounces of liquid.

Sullivan's Blower Holder

This unique item attaches a blower to the top of any Sullivan Blocking Chute. It allows the exhibitor to mount a blower up, out of the way. A great safety feature.

BLH - 5 lbs. **\$39.50**

Nozzle Tip with large opening.

For use with large 2" diameter hose on double blower hose system to allow for larger volume of air output.

BTO2 - Blower Tip only for 2" hose, 8 oz. **\$10.95**

Sullivan's Air Express III Cartridge Filter

Keep your blower running at its top performance - change the filter regularly! Dirty or broken filters lead to a shorter life for your blower.

AEF - 6 oz. **\$9.99**

Sullivan's Air Express Blower Hose

High quality replacement blower hose used for the AIR EXPRESS III.

AEH - 15' hose for Air Express, complete w/ nozzle tip **\$64.50**

Replacement Blower Parts

RBV - red metal Y for red blower cart, 12 lbs.	\$69.99
TTBCY - black metal Y for Totally Tuned Blower Cart, 12 lbs.	\$69.99
HDTS - heavy duty toggle switch, 3 oz.	\$12.95
AEM - Air Express III motor, 5 lbs.	\$89.50
AEHBS - Air Express heat booster rocker switch, 3 oz. (not pictured)	\$9.95
BLC - heavy duty cord, 12 oz.	\$36.50
AEEO - Air Express III electrical 3 prong outlet, 4 oz.	\$8.95
AEFC - Air Express front end cap, 2 lbs.	\$36.50
AERC - Air Express rear end cap, 2 lbs.	\$34.50
BHYC - Blower Cart Y Cuff, 3 oz.	\$9.25
BFI - Old, Push-on Style Blower Filter. 6 oz.	\$9.95

Blower Nozzle Tip

BTO - Blower Tip only, 8 oz. **\$9.50**
BTC - Blower Tip complete w/ gray tube, 12 oz. **\$10.95**
HCO - Hose Connector only (gray tube), 4 oz. **\$3.75**

Hose Cuff

Replacement screw-on cuff for the end of 1.5" diameter hose.
HC - Hose Cuff, 3 oz. **\$6.95**

Hose Clamp (thumb screw)

HCL - 2 oz. **\$3.50**

Added Features & More Space for Fitting

Sullivan's Stretch Cadillac Chute™ 9 ft adjustable chute

Everyone has been asking for a larger chute. One with more room to fit in, but one that will also fit into your trailer easily; well your wish is our command. Sullivan's Stretch Cadillac Chute is the most unique chute to date. With a telescoping aluminum foundation, the Stretch can expand from a 6.5 ft compact storage mode to an impressive 9 ft show day mode, making it both the smallest and largest grooming chute on the market. Designed with the showman in mind. In storage mode the Stretch Cadillac will fit practically anywhere in your trailer. In show day mode the Stretch will give you extra length to hold your largest animal, allowing you to have space behind to work around. Each extension has a built-in stopper to keep pieces secure. Also included on this chute is a ridged area on the headpiece that prevents the halter from sliding down the bars when tied.

SET UP: Simply unfold the front and back of chute, insert pins, then loosen the two round flat head bolts on the base of chute with the attached tool. Once both bolts have been loosened, simply extend the chute by pulling from the back. When fully extended, carefully tighten the base bolts. Then loosen bolts on top bars and expand to chute length, place pins and tighten bolts. Repeat with sidebars, and lastly place your extension padded floor in the space allowed.

STORAGE: First remove top and sidebars then loosen bolts at the base of the chute. Once bolts are loosened, lift the back of the chute up allowing the extension floor to drop. Slide the chute into itself and tighten the base bolts. Unpin and fold down front and back upright bars, loosen bolts on the top and sidebars to fit into allowed spaces and tighten bolts. Make sure all bolts and pins are tight and secured prior to transportation. **Head tie not included.

ST9 - 9' Stretch Cadillac Chute *Floor Sold Separately, 135 lbs. \$1,175.00
Chute Dimensions: 7' h x 34" w. \$30 Packing Charge. Freight Only

ST9F - two piece chute floor, 45lbs. (Dimensions: 9' x 29") \$174.50

Cattle can safely step over and step back

Simple one handed head gate operation!

Head tie yoke angles up to allow for more head room

Handles in back make it easier to move

Rounded, Spring loaded side bars! Easily position side bars vertical or horizontal!

Look at the Great Features available on the Sullivan's Cadillac Chutes.

- Bottom cross bar on head gate has been lowered for calf's front leg safety. Cattle can step over and step back without getting hurt.
- Sullivan's Exclusive Head Gate features a handle that does not stick out past the side of the chute. No more hitting your head on the handle! Simple one handed operation.
- Stout, bigger wheels allow for easier movement.
- A Sullivan Exclusive - Spring loaded side bars can go up, down or sideways. No more clumsy handles or latches for side bars.
- Head tie yoke angles up to allow for more head room.
- Handles in back make it easy to move.
- Round spring loaded side bars for the safety of your animal.

Sullivan's Cadillac Chutes represent
The Ultimate in Design

Sullivan's Aluminum Cadillac Chute™

Rounded Corners on tubing do not have sharp edges making it more gentle and safe for cattle. Rounded corners don't pull hair when cattle rub against bars. This special type of tubing has the strength of square tubing with the safety of rounded corners. Sullivan's Aluminum Cadillac Chute is the only one in the industry to have this special extruded radius tubing for aluminum chutes! Other Great Features are ...

- Super Light - Easily portable for shows - EASY to move and can be set up or taken down in minutes.
- 2 inch tubing with rounded corners. Sturdy 9 gauge aluminum.
- Aluminum side bars and head gate bars have been powder coated so no aluminum color rubs off onto your animals.
- Head tie yoke features three tie-loops for many tying options.
- Available in three sizes: 7 ft., 7 1/2 ft., or 8 ft long.

Padded Chute floor sold separately on page 68

AL7 - 7' Aluminum Chute w/wheels & head tie, 115 lbs. \$862.50

Chute Dimensions: 6' h x 34" w

AL7.5 - 7.5' Aluminum Chute w/wheels & head tie, 115 lbs. \$874.50

AL8 - 8' Aluminum Chute w/wheels & head tie, 130 lbs. \$897.50

Chute Dimensions: 7' h x 34" w

*** Packaging Charge of \$30.00. F.O.B. Motor Freight
 Freight quotes available upon request.*

- **SPECIAL FEATURE:** Aluminum side bars and head gate bars have been powder coated so no aluminum color rubs off onto your animals.

➔ Sullivan's Aluminum Cadillac Chute is 15.75" deep collapsed.

Watch the online video demonstration of Sullivan's Cadillac Chute at www.sullivanssupply.com

Sullivan's Hybrid Cadillac Chute™

This chute combines all of the same great features as our Cadillac Aluminum and Cadillac Steel chutes! It offers the best of both worlds - Lightness of an aluminum chute plus the added strength of steel. This chute is equipped with a durable steel base for added stability. Everything above the base is aluminum to keep it light in weight. The steel base takes the flex out of the aluminum to provide a more durable product.

SPECIAL FEATURE: Aluminum side bars and head gate bars have been powder coated so no aluminum color rubs off onto your animals.

- Head tie yoke features three tie-loops for many tying options.
- Available in two sizes: 7 ft. or 8 ft long.

Padded Chute floor sold separately on page 64.

CHUTE ACCESSORIES

Sullivan's Lakeside Lights™

Sullivan's Lakeside Lights are specifically engineered, no heat, 24-volt lights that will chase the shadows away. Made from the highest quality LED crystals on the market for the best over all lighting. Each specially engineered circuit board is placed inside an extruded aluminum housing making these lights not only light weight with a slim design, but they are also durable and moisture resistant. The entire kit of lights connect to each other for one continuous stretch of lighting without needing multiple power supplies. Each light gives you two options for mounting: One option is magnets built into the housing of each light made for steel chutes, steel fan cages and other equipment. The other is a Velcro strap for aluminum chutes and other aluminum items, these straps easily slide through the built-in brackets and fasten with no over lap. Four kits available starting with the most affordable, the Starter Kit, up to the impressive Deluxe Kit.

- Highest quality LED crystals.
- No heat
- Slim design
- Easy attachment
- Directional Lighting
- Moisture resistant
- All lights connect using one power supply.

LLSK - Lakeside Lights Starter Kit, 6 lbs. \$325.00
2, 65" light bar; 1, 60W transformer; 1, 3-W; 9 velcro straps; & 1 PVC case

LLDK - Lakeside Lights Deluxe Kit, 15 lbs. \$599.00
6, 65" light bar; 1, 26" light bar; 1, power transformer; 12 velcro straps; all connections necessary allowing verticals to shut off independently; & NEW carrying case

Sullivan's Hocus Pocus Wipes™ Equipment Cleaning Cloths

Clean up your fitting equipment such as combs, chute bars, fitting mats and much more with Sullivan's Hocus pocus wipes. These durable wipes are saturated with our industry leading adhesive remover to make for an easy cleaning tool. 40 wipes per container

- Perfect for cleaning combs, chute bars, fitting mats and show day hooves.
- Quick & Easy Clean Up
- Biodegradable & Durable

HPW - 1 lb.

\$5.99

Sullivan's Fitting Mats™

Set them along side of the chute for the fitting crew to use while standing and kneeling. They will relieve back, foot and knee pain while fitting.

Sullivan's Compact Purple Folding Mat

This smaller size, purple folding fitting mat is convenient and easy to carry. Great to kneel on while clipping and fitting. Attached handles make it easy to move from one chute to another.

FMFS - 6.5 lbs. \$61.50 Dimensions: 18" wide x 48" long x 1.5" thick

Sullivan's Maroon Folding Mat™

This folding mat is covered with vinyl for a nice finished appearance. Folds in two places and has built-in handles to make for an easy to carry mat. Measures 30" x 28" when folded.

FMF - 10 lbs. \$98.50/each Dimensions: 30" w x 7' long

The **TURBO** pushes air 5,560 feet per minute at an incredible 1,740 RPM's and an industry leading 8,453 CFM's.

Sullivan's

TURBO™

Livestock Fan

Dominant Motor Performance ... READ BELOW WHY.

- Sullivan's TURBO ... America's #1 Livestock Fan!
- Nothing matches the Turbo for Air POWER! The Turbo pushes air 5,560 feet per minute at an incredible 1,740 RPMs and an industry leading 8,453 CFM's. This is 22% faster and harder than the other livestock fans. Keeping your livestock cool depends on providing a push of high velocity air power to your animal.
- The Dominant Motor Performance ... We have over-engineered the Turbo motor for added performance. The premium Nidec-Emerson 1/2 HP sealed ball bearing motor features a very important component, a 10% larger internal stator and rotor 'stack' for more horse power than standard 1/2 HP motors. This extra 'stack' powers it to run faster than any other livestock fan that we know of. As an added benefit, the Turbo motor runs 11% cooler than competitors 1/2 HP motors, this allows cooler air output from the Turbo. All while only drawing 4 AMP's of electricity, equalling a super efficient fan!
- The Problem-Free Guard... Built for Longevity! Constructed of extra-thick 7 gauge and 11 gauge steel wire that is formed into a continuous one-piece spiral formation for reinforced strength that is not provided in other fans. This engineered craftsmanship has proven to create strength that is virtually crush-proof! Baked-on powder coat treatment for corrosion resistance and a cleaner appearance. No other fan guard withstands the rigors of the show road like the Turbo.

TURBO - 24" TURBO FAN, 48 lbs.

\$284.50

**Shipped completely assembled. mounting hardware included. Fan bracket hanger sold separately.

Sullivan's Showbarn Fan™

The Showbarn Fan is specifically designed for your livestock showbarn. It runs quiet and its air flow is dispersed in a wider air pattern. You'll be pleased with our Showbarn Fan features:

- The deep cage design allows for less friction between blade and cage resulting in a superior quiet fan with awesome air flow coverage throughout your barn.
- Super efficient, heavy duty 1/2 horsepower ball bearing motor draws only 4 amps.
- The improved deep cage has been strengthened with heavier duty wire to add durability.
- Front hinged cage opens to provide easy access to clean grime from your blades.
- Specially coated cage is black in color for a cleaner appearance that blends with your display. Some deep cage designs that are white easily show dirt and grime and are subject to fragile wires on the cage.

T28 - 49 lbs.

\$294.50

**Shipped completely assembled. mounting hardware included. Fan bracket hanger sold separately.

Fan Bracket Hanger

Easily hangs a fan from a 2 x 4 or rafter.

FBH - 2 lbs.

\$14.95

Dimensions: 15.5" x 2" x 2"

Fan Bracket Hanger

Triangle Fan Hanger

Mounts a fan to walls, posts or ceilings. Adjustable pivot allows you to aim the fan in desired direction.

TFH - 3 lbs.

\$37.50

Dimensions: 12 5/8" x 13" x 15" and 2" wide

Turbo Motor Mounting Bracket

(Hanger bracket sold separately)

Sullivan's 20" Turbo Fan™

Works well for the small animal exhibitor. Equipped with a 1/3 horsepower, totally enclosed, ball bearing motor. Same features as the popular 24" Turbo Fan. Turn to page 70 for more information.

T20 - 39 lbs.

\$252.50

**Shipped completely assembled. Mounting hardware included. Fan bracket hanger sold separately.

Fan Repair Parts

TURBOB	24" TURBO blade • 5/8" bore, for 1/2 HP motor	3 lbs.	\$49.50

COOL DOWN YOUR LIVESTOCK!

**Sullivan's Eskimo Cooling Collar
Livestock Cooling Collar**

Using the same material as our Eskimo Throw Cooling Towel the Eskimo Cooling Collar is made to easily fit to your calf's neck with quick secure Velcro straps. Simply wet down collar, place around animals' neck and leave under the fan. The fans air flow will instantly activate the cooling properties of the collar. When the collar is dry simply take a pump-up sprayer with water and re-soak the collar to reactivate the chilling capabilities. This collar can be left on all day and only takes a little water to be reactivated. Also, unlike other cooling collars the light weight fabric won't weigh down the animal or create any extra body heat when it is no longer cooling.

ESKC - 1lb, Fits 1,000lbs and Up

\$27.50

Sullivan's Arctic Chill™

When the hot weather hits, keep your cool with Arctic Chill. This newly designed, durable, black steel misting ring will turn your fan into a cool comfortable oasis during the summer heat. The Arctic Chill uses a unique nozzle that creates a micro fine mist which flash evaporates, cooling the air up to 30 degrees. Three nozzles are placed on a 16" diameter durable, black powder coated steel circle that has a 6' lead line that connects directly to a garden hose or the Sullivan's Ice Box. The Arctic Chill will attach to any 24" fan.

ARC - Arctic Chill, 3 lbs. **\$43.50**

Arctic Mist Replacement Parts

ART - Arctic Mist Nozzle Tip, 2 oz. **\$3.95**

AB - Arctic Mist Blocker, 2 oz. **\$3.95**

Reduces Clogged Tips!

Sullivan's Misting Filter™

This 3-stage carbon phosphate filter suspends particles that could clog nozzles. This filter is a must for all misting systems. Attaches in-line to all garden hose connections.

ARF - 3 lbs. **\$19.95**

Sullivan's Eskimo Throw

Cooling Towel

This towel is great to cool down any livestock or person on a warm day. Simply wet and ring out, holding the towel by each side snap the towel 3-5 times to activate the cooling technology and you're ready to use. The dual fabric technology cools the towel the more air flow it receives. If the towel starts to lose its cool temp feel simply snap the towel again to reactivate. Once the towel is dry it will de-activate, simply add moisture and snap to reactivate. The towel is 40" by 20" you can fold the towel to cool more concentrated areas. It's soft, comfortable double backed mesh material is light lightweight and the built in evaporative technology keeps the cloth colder longer. Care Instructions: Machine Wash, tumble dry on low heat Check out page 14 for additional photos.

ESK - 40" x 20", 1 lb. **\$18.50**

Sullivan's Arctic Ice Pack™

For Cattle

This product is designed to keep your calf more comfortable during hot days. Use on show day 30 minutes prior to showing or daily during heat to drop the body temperature. Prepare Ice Pack by soaking in ice water for 30 to 60 minutes. Re-soak periodically during daily use.

CIP - Arctic Ice Pack, 1 lb. **\$54.50**

Sullivan's **RENEGADE** Showbox

Sullivan's Renegade Show Box. This high-end quality show box has all the bells and whistles. First of which is the charging station located in the top compartment of the main body. The lockable side door compartment allows you to keep your valuables safe while charging them, also a great place to keep wallets, purses, registration papers and other valuable documents. Another fantastic feature is the LED lights throughout the center body of the box to help you find what you're looking for in poorly lit areas. This box also comes equipped with a can holder slide out for easy access to your aerosol cans and quart bottles. Built with a durable pullout shelf at the bottom so you won't need to strain yourself grabbing things in the back of the box. The fully loaded show box is topped off with a beautiful finished Black Hammer Tone Powder Coat to give it a sleek, sharp look. Made with the highest quality craftsmanship, the Fully Loaded Show Box will cover all your show road needs.

- 110 Volt Outlets
- USB Chargers
- LED Lights throughout body

Sullivan's

REBEL

Showbox

- Double Wide Can/Bottle Slide Out.
- Deep Door Shelving
- 54" Tall.
- Available in 4 Colors

Sullivan's REBEL Show Box is an elite, durable show box comprised of unique features and designs for the top showman. The body is built to hold everything you might need in well-organized compartments. One of the many unique features is the double wide can slide out that will hold two rows of aerosol cans or quarts in the top compartment and gallon bottles on the bottom shelf, all the while keeping them hidden and easily accessible. The REBEL is equipped with two slide out drawers that will hold up to 50 lbs. and a slide out bottom shelf for easy access. The double deep door can hold two rows of cans or one row of gallon bottles per shelf and will fit even the tallest sprayer bottles. Along with all these special features what really makes the REBEL a stand out is that it is the first of its kind to be offered in multiple specialty colors. Black Chrome (which is the standard color), Tradition Red, Electric Blue and Illusion Purple will be available on special order (allow 7-10 days before shipment).

SULLIVAN'S BREEDERS DISPLAYS

Sullivan's Breeders Display™ (Pictured Above)

The design of the breeders display will enhance your cattle and bring respect to your ranch name.

Stall Divider is made of square tubing with mesh on bottom of divider to hold bedding in place. Divider nails to the front of the stall. The divider is 8' in length, 42" tall at the front of the divider and 30" tall at the back of the divider, (**Feet sold separately**).

The Ranch Sign Holder (sold separately) is made of square tubing and will also hold your fork and scoops in place. The top tube extends out 28½" allowing you to easily hang a sign that is up to 30" wide. The height of the sign holder adjusts from 7'2" to 7'6" off of the ground and makes your sign very noticeable. All Sullivan's Breeders Display components are available in black painted steel or aluminum.

Sullivan's Aluminum Front Stall Panels

These front panels are a great way to customize your stall display. Functional and fancy! Use anywhere - in the barn or out at the tie-outs.

Side Stall Dividers securely fasten to these front panels to create a sturdy tie for your cattle at any height. (Stall dividers sold separately on page 80.) The Sullivan Steel or Aluminum Stall Dividers will easily attach to the panels.

Height of each panel is 66". Constructed of durable aluminum tubing. Solid aluminum sheeting at the bottom prevents bedding from pushing through. Available in two different length panels:

- 1) Solid 8 foot long panel.
- 2) Expandable panel that telescopes from 5 foot to 8 foot in length. Adjusts in length for almost any stall size.

Accessories sold separately include: movable head-tie loop bracket, fan stand bracket to attach your upright fan stand. Sets up or tear down convenient!

NEW Performance Electrolyte

Sullivan's Restore Pro

High Energy Performance Electrolyte

The ONLY electrolyte on the market with probiotics & prebiotics for gut health.

- Increases Fluid Intake
- Muscle Definition
- Enticing Flavor
- Faster Hydration
- Aides in Gut Health with Prebiotics & Probiotics

Restore Pro is a high energy, performance electrolyte that replenishes the hydration of the animal and restores depleted muscle cells making them fuller and more hydrated. With added probiotic and prebiotics Restore Pro also improves gut health in times of stress. Restore Pros appealing flavor additive increases fluid consumption resulting in the best possible fill and muscle definition.

Use Restore Pro as a daily top dress to keep animal electrolytes and gut health in check. Add to animal's water weeks leading up to travel so your animal will look its best when arriving at a show.

Safe for all species of livestock.

PROBIOTICS, PREBOITICS & B12

Sullivan's Show Road

Super Charged Formula's

Top Seller

Prebiotics, Probiotics & B12 all in one ... this super charge formula is the first of its kind.

Sullivan's Show Road Appetite Express +

Prebiotics, Probiotics & B12 all in one ... this super charged formula is the first of its kind. This remarkable formula will keep your animal on the right track through stressful transportation and showing. Appetite Express + helps bring an aggressive appetite and energy boost to the animal. Administer 10 to 15cc per day orally several days prior to travel to maximize the beneficial microbial flora within the animal. Continue to administer orally at the show to keep your animals gut in good health. This super charged formula of Prebiotics, Probiotics and B12 will restore the balance to your animal in any stressful situation.

- Prebiotics are non-digestible dietary fibers that deliver nutrition to microorganisms. Enhancing the growth of these good microbes promotes many beneficial health effects within the animal. You will see improved nutrient digestion and nutrient absorption as well as strengthening in the immune system, bowel pH, hypertension and irregularity.

- Probiotics contain live naturally occurring beneficial microorganisms that replenish the good bacteria colonies in the rumen of an animal. Each 10 cc dose delivers a potent source of 8 Billion live bacteria cultures and 8 Billion live yeast cells. These beneficial microbes and yeast have many important modes of action, such as production of lactic acid which is harmful to pathogenic bacteria, production of enzymes to aid in nutrient digestion and absorption, competition for nutrients and attachment sites with harmful bacteria (Competitive Exclusion), production of other anti-microbial compounds which helps keep the balance of good and bad bacteria in the correct order. Probiotics have many other undefined benefits which help account for the positive performance seen with this product.

- B12 boosts energy levels, which helps fight fatigue and sluggishness. Vitamin A has multiple functions: it is important for growth, development and maintenance of the immune system. Vitamin D increases the absorption from the digestive tract and also aids in the formation of sound bones and teeth. Vitamin E's principal role may be as a chemical antioxidant to reduce the destruction of other vitamins and essential fatty acids both in the digestive tract and after their absorption. This product also contains helpful levels of Niacin and Thiamine.

SRAE - 60 cc tube, 8 oz. \$17.75 **SRAEC - 6 tube case, 3 lbs. \$99.00**
SRAE300 - 300 cc tube, 1 lb. \$39.75 **AG - 300 cc Applicator Gun, 1 lb. \$25.95**

Higher levels of Potassium, Magnesium and Sodium along with vital minerals for improved water consumption and retention.

Sullivan's Show Road Replenish Electrolyte Paste

One of the biggest issues when going to a show with livestock is getting them to drink. Show Road Replenish Electrolyte Paste contains higher levels of Potassium, Magnesium and Sodium along with vital minerals, essential for water consumption and retention. One tube contains two doses. For best results, use Show Road Replenish then follow up with Show Road Appetite Express + to keep the stomach working properly to provide an aggressive appetite.

ECP - 60 cc tube, 8 oz. \$16.75 **ECPC - 6 tube case, 3 lbs. \$89.00**

900mcg per 15cc treatment as well as 1 billion CFU (colony forming units) of live bacteria. An unmatched energy boost ingredient.

Sullivan's Show Road Super Charge B12 Paste

Does your animal act lethargic or run down after traveling or had stress related to weigh-in? Give them a dose of Show Road Super Charge B12 paste. This paste contains a potent supply of Vitamin B12 from 300mcg per 5cc giving the animal a valuable supply of 900mcg per 15cc treatment as well as 1 billion CFU (colony forming units) of live bacteria probiotics. Show Road Super Charge B12's combination of essential vitamins helps to boost energy levels and fight fatigue and sluggishness during times of stress. For cattle, administer 15cc prior to show as well as each day at the show. For pigs, sheep and goats administer 5cc both before and during shows.

B1260 - 60 cc tube, 8 oz. \$17.75 **B1260C - 6 tube case, 3 lbs. \$99.00**

A faster solution for diarrhea with Kaolin and Pectin as well as 2.5 billion CFU (colony forming units) of probiotic microorganisms.

Sullivan's Show Road DiaHalt +

When cattle get stressed from a change in location or change in feed it can cause them to have irregular digestion and thus diarrhea. This all natural anti-scour paste contains high levels of Kaolin and Pectin as well as 2.5 billion CFU (colony forming units) of Enterococcus faecium an important probiotic microorganism that is beneficial to digestion and rumen action. Show Road DiaHalt is especially useful for younger cattle that are being shown for the first time. **FOR BEEF CATTLE ONLY.** Administer at the rate of 5cc per 150lbs of body weight.

DIA - 80 cc tube, 8 oz. \$17.75 **DIAC - 6 tube case, 3 lbs. \$99.00**

FEMININITY PRODUCT FOR CATTLE, SHEEP, GOATS AND HOGS

Top Seller

Now Offered in 30-day Supply

Sullivan's Fresh & Feminine™

“The secret to eye appealing show animals!”

Feminine shape and freshness in the front end of your show animal spells ultimate success or failure in the show ring today.

Tried and true for many years, Fresh & Feminine™ has been the secret at Sullivan Farms for over 10 years. It has been an integral part of their feeding regiment and credited with producing outstanding freshness and ultimate show ring success of their cattle at major shows for years.

The superior science of Fresh & Feminine™ features strategic vitamins, minerals, amino acids, antioxidants and by-pass protein sources. This chemistry boosts metabolic fat burning that targets specific areas of the body to reduce fat content, most notably in the neck and brisket area. As a result, your animal has a more feminine, attractive physique and even moves better. This helps to offset the results seen from aggressive, high energy show diets.

All natural and fertility safe for market and breeding animals. Turn to page 21-- to see the volumes of winners that choose Fresh and Feminine!

Hide and Hair

Hide and Hair is a revolutionary hair growth product. Not only has it been shown to grow hair but it also encourages skin health which is essential for optimum hair growth. Hide and Hair contains kelp and seaweed which has been shown to lower body temperature. This product comes in a granulated form, is extremely palatable, and best of all, it contains no melatonin. When feeding products containing melatonin there is a point where hair growth reaches a peak and then the hair sheds, but with Hide and Hair you are able to achieve consistent hair growth over a longer period of time. Feed at least 60 to 90 days before show. Top dress at the rate of 9.6 oz. (1.5 scoops) per head per day. Hide and Hair is research based, field tested, and produces the strongest results in the industry!

HAH - bucket (45 day supply), 27 lbs.

\$104.95

HAHR - refill bag (45 day supply), 27 lbs.

\$95.00

Haired Up

Haired Up is an elite product to nourish the hide and exploit hair growth. Contains kelp and a unique blend of vitamins and minerals that not only lower body temperature, but boost the skin condition to give hair a fresh, healthy look. Haired Up also features pepper extract performing as a vasodilator to increase circulation. It is melatonin-free allowing hair growth over an extensive period of time. Safe for breeding stock. Top dress 4 oz. (1 scoop) per head daily for cattle under 800 lbs. and 8 oz. (2 scoops) per head daily for those over 800 lbs. Best results are seen after feeding at least 60 to 90 days.

HU - bucket (45 to 90 day supply), 22.5 lbs.

\$99.50

NEW

Exhale

Show-Rite® Exhale can be used as an aide for those animals facing temporary respiratory challenges. Exhale opens airways and allows animals to breathe easier and perform with greater stamina and endurance. A multi-species supplement for all classes of swine, sheep, goat and beef cattle.

EXHALE - 32cc tube, 2oz.

\$26.50

Climate Control™

Helps all show livestock handle heat stress by lowering the animal's body temperature in a safe, fast, and natural way. Contains Amaferm, research-proven to lower body temperature, and Capsaicin to help maintain circulation to support animal performance in heat stress situations. Includes garlic, a natural insect repellent. Administer 5-7 days prior to leaving for the show through return from the show.

CON - 80cc tube, 4 oz.

\$19.95

Big Wig™

Big Wig is a one of a kind product that does not contain melatonin. As a result, they won't ever 'shuck' their fluff. Big Wig works on a cellular level to give the animal the extra look that judges and fitters will love. Sheep and Goats: Feed at the rate of 1 ounce per head per day. Cattle: Feed at the rate of 2 ounces per head per day. Tips For Use: One full, level scoop of Big Wig contains 1.3 oz of product. Drug free and contains no banned substances.

WIG - Bucket (80 day supply), 10 lbs.

\$160.00

NEW

Egg Drench Made Simple

Fitters Secret Egg Drench is a multi-species drench based on the popular "home-made egg drench recipe," but without the mess and storage challenges. High in protein, it is a fantastic pre-show drench to produce a firm, yet fresh top in your animal. Mix with water and drench or top dress. One package makes two gallons.

ED - bag, 1.8 lbs.

\$48.25

Attitude Adjustment™

Attitude Adjustment is a paste product that will help settle the effects of stress an animal undergoes during every part of the Stock Show experience; sale prep, breaking to show, grooming/clipping, hauling, etc., allowing the animal and showman to concentrate on the task at hand and to work together without any lethargic appearance. 60cc Tube Sheep & Goats 15-20cc per head 1 hour prior to show. Cattle & Hogs 30-40cc per head 1 hour prior to show.

ATT - 60 cc tube, 8 oz.

\$20.00

Ded Hed™

DED HED is designed to be an affordable "every day feed supplement" version of Attitude Adjustment. It is ideal for those tightly wound, high strung genetics that make great show animals. This product is not a replacement for Show Day use of Attitude Adjustment, but it is designed to be safely fed for long periods of time while continually making the animal more manageable. 10 lb pail with screw top lid. Sheep & Goats 2-3 oz in the morning. Hogs 2-4 oz in the morning. Cattle 3-5 oz in the morning.

DEDH - Bucket, 10 lbs. (53 day supply)

Essential Keep'n On

Keep'n On creates body fill without extra weight. It provides the same fill appearance as 1 gallon of water at only 1/16 the weight. Keep'n On provides 12 vitamins, 9 minerals and electrolytes for muscle "pop," energy and stamina.

Feeding directions: use as drench or a dry top dress. For Swine, administer 1 bottle 2 hours prior to show and 1 bottle 15 minutes before show. For Sheep & Goats, 1/2 bottle 2 hours before and 1/2 bottle 15 minutes before. For Cattle, 2 bottles 2 hours before and 2 bottles 15 minutes before show.

KO - 110g, .24 lb. **\$6.50**
KOC - 12 bottle case **\$74.75**

Winning Fill - Body Fill

Winning Fill is a unique blend of chopped forages (timothy hay, alfalfa hay), steam-flaked grains, molasses and other feedstuffs in perfect balance to maximize a fuller center body dimension to cattle on show days. This highly palatable mix can be fed daily for incomparable bloom or just prior to showing. Call for current market price.

WFI - bag, 50 lbs. **\$29.95**

Swell

- Maximize Hydration
- Maintain a fresh look
- Maximize density while holding a steady weight

A highly digestible supplement that has been proven to give animals the showday fill, bulk and expansion necessary to set them apart from the rest.

SWELL - Bucket, 5 lbs. **\$67.50**
SWELL20-Bucket, 20lbs. **\$224.50**

2 the Fullest™ - Body Fill

- NOW with COB
- A forage source for cattle, lambs and goats
- Highly palatable Orchard and Timothy blend forage
- Added molasses to enhance feed intake and water

This product should be fed at the rate of about 0.5% of body weight, Along with ration that the animal has been typically consuming. This improve fill in the animal.

2TF - bag, 40 lbs. **\$29.99**

Stretch - Body Fill

Stretch is a multi-species product designed to increase the size and fill capacity of the belly. It can be used on show day for the optimum fill, or as holding ration in the days or weeks leading up to a show. It can be fed by itself or added to your feed ration. It is in a pellet form and when combining one part Stretch and one equal part water, the pellets will expand three times its original size. For more expansion, continue to offer water to the animal. Stretch also contains added probiotics to assist digestion. For cattle, feed 2 to 5 lbs per head/day. For sheep, goats or swine, feed 1/2 to 2 lbs per head/day. Best results when fed dry.

ST25 - bag, 25 lbs. **\$19.95**
ST50 - bag, 50 lbs. **\$37.50**

S'MORE Fill - Body Fill

S'MORE Fill is a dry or wet fed show supplement to enhance a fast acting show day fill for swine, sheep, goats or cattle. It is a highly palatable meal to encourage consumption. Feed dry or mix with water, soak overnight. Can be mixed with current ration or used as a sole ration. Top dress 0.5 to 1.0 pounds per head, per day.

SMF - bag, 50 lbs. **\$42.25**

GLU-Coat

GLU-Coat is a liquid feed supplement that contains a unique blend of sugars to dramatically increase fat cover on cattle. It also features fish oil which is rich in Omega 3 Fatty Acids for shiny hair coats. GLU-Coat is fortified with Cell-Rate, from the makers of Cellarator, to help during times of stress.

GLU-Coat will increase the level of glucose, which is stored in the body as fat. This gives cattle that bloomy, softer look that is demanded in the show ring. GLU-Coat will dramatically improve the eating habits of your cattle. Feed 4 oz. to 8 oz. per head per day as a top dress. Use 80 lbs. per ton for a pre-mixed ration.

GLU - jug (100 to 200 day supply per calf), 50 lbs. **\$103.95**

GLU-Coat for Sheep & Goats

More concentrated than Cattle Glu-Coat to ensure that sheep or goats can consume enough product to achieve optimum benefits. Adds a smooth fat cover, increased appetite, improved skin and wool quality. GLU-Coat lays on a hard fat cover that gives sheep/goats a bloomy, full soft look while still maintaining muscle shape and handle. Feed 4 to 5 oz per head/day.

GLUS - jug (80 to 10 day supply) per sheep/goat, 25 lbs. **\$103.95**

Hand Pump

Convenient pump fits GLU-Coat Jug. One compression equals one ounce.

GCP - pump for GLU-Coat for cattle **\$7.95**

GCPS - pump for GLU-Coat for sheep/goat **\$7.95**

Golden Flo

Golden Flo is a 90% fat liquid supplement that improves energy levels, feed consumption and efficiency to lead to a smoother appearing animal. Enhances feed aroma with a "fruity" flavor. The concentrated energy of 16 ounces of Golden Flo is equal to 2.5 lbs. of corn. Top dress 6-8 oz. per day for cattle and 3-4 oz. per day for lambs and pigs.

GFLG - 1 gallon, 8 lbs. **\$29.50**

GFL - 5 gallon bucket, 40 lbs. **\$129.95**

FINAL COVER™

Final Cover is a finishing product to put fat cover on an animal. It contains bypass fat and proteins designed to build a smooth fat cover along with a glossy hair coat in show cattle. Final Cover's unique bypass fats do not interfere with the animal's rumen activity. Top dress 1/2 to 1 pound per day. Feed at least 60 days prior to show.

FCO - bucket (60 day supply), 30 lbs. **\$89.50**

Game On™ Firm Cover All Over

- **HOG FEEDING DIRECTIONS:** Top-dress 2 to 8 ounces per head per day of Game On along with the normal amount of regular show feed needed to achieve the desired feed intake.

- **CATTLE FEEDING DIRECTIONS:** Top-dress 4 to 12 ounces per head per day of Game On along with the normal amount of regular show feed needed to achieve the desired feed intake.

- **SHEEP & GOAT FEEDING DIRECTIONS:** Top-dress 2 to 6 ounces per head per day of Game On along with the normal amount of regular show feed needed to achieve the desired feed intake. Can also be used as a drench.

GA8 - pail 8 lbs. **\$59.95**

Stand-Alone

Stand-Alone has been formulated to be hassle free, by taking the place of several of today's show supplements, and is a complement to any show cattle ration. The unique blend of multiple source protein and a quality vegetable oil, combine to create a one of a kind product not found in the show industry today. Shake Well. Feeding directions are guidelines.

Cattle: For steers and heifers under 750 pounds top dress 6 to 8 oz per head daily. For over 750 pounds top dress 12 oz. per head daily. For bulls and donor cows feed 16 oz. per head daily for flushing or breeding.

Goat: Feed 1 to 2 oz. per head daily when show animal is first obtained. Increase to 3 to 4 oz. per head daily when goat reaches 70 pounds or as needed. Feed bucks for breeding 4 oz. per head daily.

Sheep: Feed 2 oz. per head daily when show animal is first obtained. Increase to 3 to 4 oz. per head daily when lamb reaches 100 pounds or as needed. Feed buck lambs for breeding 4 oz. per head daily.

Swine: Feed 3 oz. per head daily when pig is 45 to 100 pounds. Increase to 5 to 6 oz. per head daily when pig reaches 100 to 200 pounds. Feed market pigs over 200 pounds, gilts, and boars 6 to 8 oz daily. For best results, mix two parts water to one part Stand Alone.

SAC5 - Cattle Regular 5 gallon (66 day supply), 40 lbs. **\$125.00**

SAS - Spigot Sold Separately, 4oz **\$5.00**

Stand-Alone Chubby

StandAlone now comes in a "Chubby" version. Like all StandAlone Cattle products CHUBBY provides nutrients for optimal appetite, hair coat, joint and hoof health, and fat development, however, the new formula combines different sugars and oils than previous blends. StandAlone's unique combination of protein, fat, sugars, nucleotides and minerals are specifically calculated to help animals to reach their full genetic.

Cattle: For steers and heifers under 750 pounds top dress 6 to 8 oz per head daily. For over 750 pounds top dress 12 oz. per head daily. For bulls and donor cows feed 16 oz. per head daily for flushing or breeding.

Goat: Feed 1 to 2 oz. per head daily when show animal is first obtained. Increase to 3 to 4 oz. per head daily when goat reaches 70 pounds or as needed. Feed bucks for breeding 4 oz. per head daily.

Sheep: Feed 2 oz. per head daily when show animal is first obtained. Increase to 3 to 4 oz. per head daily when lamb reaches 100 pounds or as needed. Feed buck lambs for breeding 4 oz. per head daily.

CHUC2.5 - Cattle 2.5 gallon (66 day supply), 8 lbs. **\$74.50**

CHUG1 - Goat 1 gallon (48 day supply), 8 lbs. **\$69.95**

CHUCS1 - Sheep 1 gallon (60 day supply), 8 lbs. **\$69.95**

CHUP1 - Swine 1 gallon (60 day supply), 8 lbs. **\$55.00**

SAS - Spigot Sold Separately, 4oz **\$5.00**

Pop™

POP combines energy, electrolytes, amino acids, blood building agents, prebiotics, and probiotics into a ready to use form. This is the first ready to use liquid drench ever released. Pop will increase muscle shape behind their shoulders and raise loin edges like never seen with just one product. Our test subjects also have experienced a smoother top line, softer forerib, and uniform/firm handle and touch.

POP is a 7 day pre show product for ruminants and 3 day pre show for monogastrics.

POPL - bottle, 4.4 lbs. Large **\$65.00**

POPS - bottle, 1.6 lbs. Small **\$35.00**

3 Hours Out™

3 Hrs Out contains electrolytes and several innovative ingredients to help the animal metabolize energies to give a one of a kind look that will impress the judges. If you've ever used Prop, you can use this product, get better results without the worry of wrecking one. 3 Hrs Out is a MUST HAVE for every show box! 15cc tube

3HR - 15cc tube, 4 oz.

\$15.00

Moorman's Firewater™

Firewater contains a blend of electrolytes, amino acids and dextrose. It acts as an energy source and replaces lost nutrients during the rehydration process to obtain a fresh look. For swine, sheep, and goats add 6 oz. of Firewater to 18 oz. of water. For cattle add 12 oz. to 64 oz. of water.

FW - jar, 3 lbs.

\$34.50

Juiced

Juiced delivers a unique blend of fast absorbing amino acids and electrolytes. It provides essential muscle hydration for those animals that may be stressed or dehydrated. Along with the necessary hydration, Juiced also supports increased glycogen levels. This creates a "swell" effect down the cellular level of the muscle to produce explosive top and rear quarter shape. Great for all livestock. Dosage: for 1,100 lb animal or heavier, administer 1 gallon over a 48 hour period prior to showing. For animals between 500 to 1,100 lbs., administer 3/4 gallon over the 48 hour period. For less than 500 pounds, administer 1/2 gallon over the 48 hours.

JG - gallon, 10 lbs.

\$89.50

Dial N™

This liquid energy supplement is quickly accepted with a RAPID result in FRESHNESS. Dial N is a must-use supplement the week before your target shows. 1 to 3 oz per feeding.

Protein: 2.75% Fat: 52% Lysine: 0.22% Form: Liquid Medication: N/A

DIAL - gallon, 10 lbs.

\$52.00

Linder Shuffle™

An electrolyte kit to increase FLUID CONSUMPTION and MUSCLE HYDRATION.

Mix 4oz (1 scoop / pack) with 2 gallons of water thoroughly. Administer one set every 2 to 3 hours. Always offer plain water first, then chase with each individual mixed water separately.

SHUK - Linder Shuffle Kit **\$14.95**

SHUJ* - Linder Shuffle Jar **\$29.95**

*R- Red Water, O- Orange Water, W-White Water

Sullivan's Devour It™ Appetite Enhancer

Garlic and cinnamon extract with B12.

Getting your animal to the condition you want can be a stressful situation when they are sluggish eaters or simply won't eat. With Sullivan's Devour It let worrying about consumption be a thing of the past. Devour It is specifically formulated to enhance appetite and get your animal on track. The all-natural ingredients in Devour It includes natural oil extracts from garlic and cinnamon. These natural oils change the microbial community in the rumen, increasing the availability of peptides and amino acids, which stimulate the growth of important rumen bacteria, this results in rumen efficiency, reduces incidence of bloat and increases gain. Devour It also contains Vitamin B12 resulting in boosted energy levels to combat fatigue and sluggishness during times of stress.

DEV - bucket (190 day supply), 12 lbs.

\$86.75

Sullivan's LITE-AID™

A natural diuretic paste used to aid in the excretion of body fluids to bring down an animal's weight. The concentrated ingredients of LITE-AID™ target the animal's natural system to accelerate bodily functions to increase the urinary excretion process. All natural, no drugs, no withdrawal.

LA - 24 ml tube, 4 oz.

\$16.50

LAC - 12 tube case, 3 lbs.

\$196.50

SHOW SHAKE™

Three levels of Energy:

- Immediate energy from Fructose
- Midrange energy from Glucose
- Longterm energy from Multidextrin

Recommended for times of stress. Simply add 3 oz. of powdered SHOW SHAKE to 5 oz. of water, then shake and drench animal.

SHS - jar, 3 lbs.

\$39.50

Man Up™

• Designed to give you the edge in muscle shape and dimension.

• Can be used in both a drench or top dress to assist with the fat steer look.

• Unparalleled in the market for a rapid development of muscle hydration and mass with a smooth look.

Mix 8 ounces of Sunglo Man Up with 150 mL of water 2x/day or 16 ounces with 300 mL of water 1x/day.

MAN - bucket, 30 lbs.

\$93.95

OPTA-CHAMP™ with Optaflexx™

Use Opta-Champ during the last 40 days to increase muscle mass and improve feed efficiency. Opta-Champ utilizes the optimum level of the FDA approved ingredient Optaflexx™ to redirect nutrients that would have become fat and repartition them into protein. The process has been proven to increase muscle mass 4 to 7%. Approved for market cattle only. Feed at the rate of .40/pound per head per day.

OC - bucket (30 day supply), 12 lbs.

\$91.95

Ralco's  **Chub It Up** for Show Pig Appearance

Chub It Up is a high quality oil supplement for show ring appeal and that desired fresh look. A soft, fresh look with added skin and hair pop and shine. Pigs take right to it and lick the pan clean due to its extreme quality and high palatability. If your show pig has a harder look for topline issues, it is time to Chub It Up!

FLEU - gallon (16 to 24 day supply), 9 lbs. **\$34.50**

Ralco's  **Ticket Punch** for Pig Show Day

Ticket Punch™ gives your show pig that massive fresh look on show day. Just mix one 4 oz. bottle with one gallon of drinking water to hydrate muscle and maximize top/side expression. Or use Ticket Punch™ as a top dress to spike appetite in high-stress situations.

PRF4C - bucket (20 uses supply), 5 lbs. **\$39.95**

Ralco's  **Show Gun** for Show Pig Gut Health

Keep the gut in balance with Show Gun™ to promote intake and health. Show Gun™ is specially formulated to keep your pig healthy and growing. Probiotics ensure proper function of the digestive system while essential vitamins and electrolytes keep your pig hydrated and at peak performance.

SHGU - bottle (125 pumps per bottle), 8 oz. **\$46.95**

Ralco's  **Down Shift** for Show Pig Holding

Holding a show pig at a desired weight while maintaining freshness and fill can be frustrating. Stand Still was formulated from Bobby's secret recipe to make this painstaking task easier. Down Shift excels because it manages weight without the "look" of being held. To aid this, supplement 4 oz. of On Point. Feed this meal by volume, not weight.

SS40 - bag, 40 lbs. **\$65.50**

Bobby Listen's     **Bloom** for Appearance

This amazing product is blended with Show Bloom and other technologies to increase skin and hair enhancements as well as overall bloomed appearance of the animal. BLOOM is also approved for multi species which is much different from products before it. 7lb pail with lid.

BLL7 - Pail w/lid, 7 lb. **\$67.00**
BLL25 - Bucket w/lid, 25 lb. **\$141.00**

Bobby Listen's     **Sofn** for Fat Cover

Soft'N™ is a liquid fat with all natural oils that are contained to near human grade levels. The cherry flavor is very palatable and addicts the animals appetite to the product, can be fed to all species.

SOF8 - 1 gallon, 10 lb. **\$49.00**

Ralco's  **On Point** for Show Pig Bloom

An egg based meal supplement to enhance show ring eye appeal and freshness. The wear and tear of jackpot shows takes a toll on your show pig. Ultimately, freshness in the show ring is the deciding factor for most judges. On Point helps keep your pig looking youthful and fresh throughout the entire show season. It gives you improved skin and hair along with a massive show ring bloom. Top dress 8 oz./head/day. A must to feed with Down Shift when holding weight!

FNU5 - bucket (10 day supply), 5 lbs. **\$29.95**
FNU30 - bucket (60 day supply), 30 lbs. **\$87.95**

Ralco's  **Back Slap** for Show Pig Muscle

A unique blend of amino acids and Paylean to improve muscle shape and definition for show pigs. Many of you have fed Paylean products and dealt with adverse effects, such as tightening up or too much muscle. Back Slap is formulated with essential vitamins and minerals to counter act the side effects seen with other Paylean products. It safely adds extra muscle mass and definition in a naturally proportioned look. A rare combination! for market hogs only. Top dress 2 oz. per 6 lbs. of feed (9 gm Ractopamine per head complete diet).

SEUP5 - bucket (30 day supply), 5 lbs. **\$49.95**
SEUP20 - bucket (120 day supply), 20 lbs. **\$164.95**

Ralco's  **Appetite Attack** for Show Pig Gut Health

A daily supplement for show pigs to aid in proper function of the digestive system. It features prebiotics, probiotics, essential vitamins, minerals, electrolytes and Ralco's key preparatory technologies. ActiFibe and Senergy Essence. The most important aspect of feeding is good gut health enabling better feed efficiency and nutrient absorption. Appetite Attack promotes overpopulation of good bacteria in the digestive tract, crowding out unwanted pathogens that hinder performance. Feed 1 oz. per day. Do NOT feed to sheep.

BA - bucket (80 day supply), 5 lbs. **\$44.50**

Bobby Listen's  **Pump the Brakes** or Show Pig Holding

Pump The Brakes™ is a holding ration for swine that is fed twice a day at 1/2 pound ratio. With cherry flavoring and new technologies, pigs consume it much easier and doubles as a body mass advancer for growing pigs.

PUM25 - Bucket w/lid, 25 lb. **\$105.00**

Bobby Listen's     **Joose** for Muscle Shape

This orange colored electrolyte maximizes ultimate hydration on show day for all species. Can be mixed with water or feed.

JO5 - Pail w/lid, 5 lb. **\$57.00**

Morman's Showtec Show Prep

MoorMan's ShowTec Show Prep for Swine is a unique complete feed designed specifically for feeding to exhibition swine the night before and the day of a show. Show Prep combines essential nutrients and components needed and desired for an all-in-one show feed formulated for feeding to finished show pigs during show time. In most cases, it eliminates the need to top-dress additional supplements, making feeding prior to show time easy and convenient. Show Prep provides the components necessary to keep show pigs alert, bright, and hydrated while enhancing fill and expression.

SP5 - bag, 5 lbs.

\$10.95

Morman's Showtec Pig Navigator

- Provides 44% crude protein, 8% fat, and 5% lysine
- Contains Blue Lite Electrolytes™* for tissue rehydration following periods of stress, such as travel, co-mingling, and show handling
- Contains unique yeast cultures and an acidifier to promote proper intestinal pH and feed intake
- Contains unique combination of L-carnitine, chromium picolinate, and essential amino acids

Designed to be top-dressed at 4-8 oz/hd/day replacement for 1-2 lb of complete feed.

NAV - bucket, 25 lbs.

\$46.99

Explode™

A crumble supplement containing Paylean® designed to be mixed with Sunglo® complete show feeds.

- Includes Paylean® for increased carcass leanness and increased feed efficiency.
- Provides extra nutrition to maximize Paylean® response.
- Includes high levels of protein and lysine, ensuring maximum effect on performance.
- Medicated

EXPL - bag, 25 lbs.

\$39.95

Sumo™

Sumo combines the most advanced and aggressive sources of fat and milk products to ensure immediate acceptance and improved bloom and consumption.

- Provides the most advanced sources of fat and milk products for improved bloom and condition.

Show Bloom™

A protein blend of brewers dried yeast, milk of whey, vitamins and minerals. Show Bloom develops a healthy coat and a smooth overall appearance. Assists in developing healthy skin condition which is vital to promote healthy hair. It also increases your animal's appetite and feed utilization. Feed cattle 8 ounces per day, sheep 3 ounces per day, pigs 4 ounces per day and goats 3 ounces per day. Includes a 4 oz. cup.

SH40 - tub (80 day supply), 40 lbs.

\$59.75

Stuffed™

Sunglo Stuffed is a highly palatable, easy to digest supplement for show pigs that helps support body shape and depth of flank. Contains patented Diamond V XPC Yeast which helps support digestive performance. Feed daily or on show day to maximize your pig's fill and freshness. Fed at a rate of 4oz-2lbs per head per day.

STUF - 40lb bag, 40 lbs.

\$39.95

SUPPLEMENTS

Re-Sorb

Re-Sorb is a mixture of Sodium, Potassium and Glycine that is a readily absorbed source of fluids and electrolytes. Add contents of one packet to two quarts of water.

RS - packet, 2.62 oz.

\$4.95

Lactanase

Lactanase supports healthy muscle function and metabolism in horses. It supplies nutrients important for the formation of acetyl coenzyme A, the key to efficient energy release from both carbohydrates and fats. This supports the animal to be shown at a higher potential with more flexibility and energy. Top dress two packets per day for two days prior to show and one packet three hours immediately before show.

LACT - 25 gram packet, 2 oz.

\$11.29

Bloom-n-Secret

Bloom-n-Secret has amino acids and proprietary ingredients that super hydrate and expand the muscle of your show animal for a fresh appearance. Administer one full tube 8 to 12 hours prior to showing to sheep, goats, swine or cattle. Allow animal to drink as much water as they will consume.

BLP - 80 cc tube, 4 oz.

\$22.75

Amino Acid Concentrate A-Lyte

A liquid source of amino acids, vitamins, and electrolytes for cattle, sheep, and swine. Used during times when feed intake is reduced.

AA - 500 ml, 2 lbs.

Sullivan's SMART Feed Pan XL

45% More Volume

In response to the growth of feeding more filler feeds and supplements we introduce Sullivan's SMART Feed Pan XL. It is designed to hold 45% more volume than our standard 22 quart SMART Feed Pan. XL's impressive 32 quart capacity will hold all the filler feeds and supplements that competitive cattle need in today's show ring.

- Large, open handle design provides a comfortable grip for easy carrying.
- The large diameter at the bottom of this feed pan prevents tipping and spills.
- Opening measures 8" deep x 21" diameter
- Available in glossy black only

FPHXLB*K - 6 lbs.

\$19.50

FPHXLBKC - case of 6, 36 lbs.

\$115.95

Personal Pan Fence Feeder

This heavy duty poly feeder hangs on any wire panel fence. The locking brackets and the tall back of the feeder leverage the pan firmly in place with no fear of it falling off or being turned over. A tremendous feed saver. Equipped with handle opening for easy carrying. Measures 18" wide x 9.5" across x 7" deep. Holds up to 14 quarts.

PPFBK - 6 lbs.

\$26.50

Rubber Feed Pans

Flexible rubber feed pan.

Black Only

(2 lb. increments)

\$59.75

ShowFresH₂O

Water Treatment for Show Livestock

- Eliminates chlorine odor from drinking water
- Each bottle can treat 150 gallons of chlorinated water (4ppm)
- Apply 15 ml of ShowFresH₂O per 5 gallons of drinking water using the bottle's measuring cup

SFH - 16oz.

\$29.99

Sullivan's Water Purifier

This is an ingenious tool that removes chlorine and other harmful elements from water. The perfect product to keep your animal drinking while on the show road. It is also very good to use at home while you are rinsing and washing your livestock. Purifies so you have water similar to natural rain water. Helps to promote better hair growth and reduces flaking skin. Simply screw Water Purifier on your faucet.

WP - 3 lbs.

Wahl X-Block™

High Speed Cattle Fitting Clipper

Wahl's X-Block® high speed clipper has been specifically engineered for fitting beef cattle. The X-Block's slim, ultra-lightweight body style is easy to maneuver in any position, making clipping comfortable at any angle. The no-slip rubber along the sides and top of the clipper give fitters a stable and reliable grip. With a top speed of 4,500 strokes per minute, the X-Block clipper is one of the fastest clippers available in the cattle market, allowing users to clip quickly and efficiently. Clipping in barns gets messy quickly. The X-Block clipper comes equipped with an extra long 18 ft rubberized cord and rubber transformer boot to keep the power supply clean and protected.

Helpful Hints

What blades do I use?

For blade usage suggestions, refer to the steer and heifer clipping and fitting techniques posters featured on page 90.

WAHL / LISTER CLIPPERS & BLADES

Wahl / Lister Legend Clipper

The Legend offers both speed and power. Features: Fast 3100 rpm blade speed. Faster than any Lister clipper. Extreme torque and powerful motor. Easy-grip handle. Ventilated head to keep blades cool.

A great clipper for slick shearing show lambs and clipping heads on cattle! Includes one set of fine blades and a bag case.

LEG - Clipper w/blades and bag case, 6 lbs. \$299.95

Wahl / Lister Star Clipper

The Star clipper is smaller, lighter, shorter and more balanced than other clippers. The body of the motor is triangular shaped making it easier for smaller hands to grip.

STAR - Star clipper w/blades and case, 6 lbs. \$262.95

Wahl / Lister Fusion Clipper

Boasting two speeds to accommodate any clipping application, the Fusion Clipper ensures exceptional performance under challenging conditions with its powerful 360W motor for a fast, professional clip.

oDesigned for superior handling, Fusion clipper is slim and perfectly weighted for ease of use and features a double fan design and ventilation outlets to ensure consistent cool running during long periods of use.

LFC - Lister Fusion Clipper, 6 lbs. \$349.50

LFS - Lister Fusion Shear, 6 lbs. \$399.50

Wahl / Lister 20 Tooth Wizard™ Blades

Makes your Legend, Star or Laser Hairhead into an instant sheephead. Two sets to choose from: the LR set has dull tips for running against the skin. The SS set has sharp tips for blocking cattle.

20LR - Dull Tip set, 11/64" - 4.25 mm cutting depth, 3 oz. \$67.50

20SS - Sharp Tip set, 3 oz. \$67.50

Wahl / Lister 13 Tooth Wizard™ Blades

Used on the Lister Legend, Star or Laser Hairhead clippers. Includes a 13 tooth comb and a 12 tooth cutter. Two styles to choose from. The LWSS has sharp tips and used for blocking where as the LWLR has dull tips and can be run along the skin.

LWLR - WIZARD BLADE w/dull edge comb set, 11/16" - 4.25 mm cutting depth, 3 oz. \$67.50

LWSS - WIZARD BLADE w/sharp tip comb set, 3 oz. \$67.50

Wahl / Lister Blades for Hairhead Clippers

Leaves a super smooth finish - no lines! Works great for clipping heads on cattle or slick shearing lambs. Six different blade sets to choose from, each with a different cutting depth. Used on all Lister Hairhead clippers.

Sullivan's Eskimo Throw

Cooling Towel

During the summer months and warmer days, this towel is a great way to cool off any animal. To activate the cooling technology, simply wet the towel and ring out. Holding the towel by each side, snap it 3-5 times and it is ready to use. The dual fabric technology cools the towel, the more air flow it receives. Having built-in evaporative technology, the cloth stays colder, longer. If the towel begins to lose its cool temperature feel, simply snap the towel again to reactivate. Once the towel is dry, the cooling technology is deactivated. The towel is 40" x 20" making it easy for you to fold and cool more concentrated areas. This three-layer lightweight material is soft and comfortable for you and your animal. Care instructions: machine wash, tumble dry on low heat.

Sullivan's Staggered Bristle Roto Brush™

The short-cut rows allow the long bristles to work deeper into the hide to eliminate the dead skin on your pig. The staggered lengths of bristles having one row with long bristles and the next row is a 1/4" shorter. The soft, synthetic bristles prevents the brush from being too harsh, as compared to stiffer roto brushes that can scratch and irritate the skin.

ROTO-STAG - Staggered Bristle Roto Brush, 1 lb.

\$23.25

Sullivan's Horse Hair Show Pig Brush

This very soft horse hair brush works great on white pigs that have more sensitive hides. Handle slides easily into pocket for show day use. Actual color of handle may be different than those pictured.

SHHPB - 8 oz.

\$8.95

Sullivan's Soft Show Pig Brush™

A small durable plastic brush with soft tampico brush fibers. The perfect brush for white pigs. Handle slides easily into pocket for showday use. Actual color of handle may be different than those pictured.

SSPB - 8 oz.

\$7.50

Sullivan's Show Pig Brush™

A small durable plastic brush with stiff synthetic bristles. Handle slides into pocket easily for show day use. Also works well for washing pigs. Actual color of handle may be different than those pictured.

PIG PRODUCTS

Sullivan's Aquifer

Portable Pen Watering System

The Aquifer is easily portable and ideal for the swine show road. Perfect for limited space pens. Compact size measures 17.5" tall from top of tank to bottom of nipple x 15" total width. Holds 2.5 gallons of fluid. Convenient screw-on cap keeps water clean and protected. Allows for easy filling without removing from a mounted position. Easy to view the water level without removing the cap. Cap features a venting air release system to prevent airlock. Wide mouth opening allows for easy clean out. Constructed of high impact blow molded polyethylene to resist corrosion. Easily hangs almost anywhere to your desired height.

For the ultimate hanging system, consider the Aquifer Hanger (not pictured, sold separately). This adjustable height metal hanging bracket bolts onto the Aquifer and easily hangs on the pen.

AQU - Aquifer, 4lbs. **\$63.95**
AQUH - Aquifer Hanger 9lbs. (Not Pictured) **\$48.50**

NEW

Sullivan's Powder Coated Aluminum Pen Divider

The perfect design in pen dividers to keep pigs separated. They are light-weight and easy to move. The lift gate design allows for pigs to be easily moved in and out of tight areas.

PEND - Powder Coated Aluminum Pen Divider w/double lift gate, 30 lbs. **\$333.50**
 ** Packaging charge of \$15.00.

We only recommend powder coat painted pen dividers! They prevent the natural black residues found on bare aluminum from rubbing onto the skin and hair of the show pig. These residues can cause unsightly black marks that are extremely hard to wash clean.

Sullivan's Pig Waterer w/ Hanger

This waterer is great at home, but even more handy for the show hog road. It simply hangs over the fence to then fill with water. The Pig Waterer features a 2-gallon capacity 4" diameter tube with a drinking nipple mounted at the bottom. The metal housing prevents the tube from rotating, keeping the nipple in correct drinking position for pigs at all times. The hanging system allows it to be hung over fence in multiple height positions. The tie-down chains keep hogs from lifting the waterer off the fence. Measures 36" tall x 6" wide.

PW - 6 lbs. **\$84.50**

Water Nipple

Replacement drinking nipple for Sullivan's Pig Waterer.

WN - 8 oz. **\$7..99**

Insta-Tan Hog Tanning Lights

We expect this new Insta-Tan Hog light to become a staple in the show barn to get hogs ready for a show. During inclement weather season when natural light isn't available, these tanning lights enhance the color of your darker pigmented pigs. The adjustable cables to move accordingly to support different heights of your hogs. This 6-lamp fixture is equipped with a maximum, 60-minute safety timer that is to be used on dark skinned hogs ONLY.

TAN - 15lbs **\$459.50**
TANB - replacement bulb 16oz **\$49.50**

Poly Sorting Panels

Designed to move pigs with ease, the poly sorting panels are light-weight and extremely durable. The comfortable, rounded hand grips allow for easy handling.

PSP - 30" X 36" Polyethylene sorting panel, 9 lbs. **\$37.75**
PSP18 - 30" X 18" Polyethylene sorting panel, 9 lbs. **\$25.00**

Easy Scoop 2

This small manure fork with a telescoping aluminum handle is a show barn essential. It is perfect for cleaning pig pens. The basket measures 7" wide x 7" long. The telescoping handle allows the fork to be as short as 22 1/2" long or extend to 41" in total length.

ES2 - 3 lbs. **\$21.25**

Sullivan's Panel Mount Upright Fan Stand

This 5' upright fan stand is excellent for at home or at the show, mounted to your pig pen. It is equipped with a mount to hold one Turbo fan or a hanger to hold a box type fan to keep your pigs cool. Made of 1-1/2" square steel tubing, the brackets that are included slide onto top and bottom bars of panel to attach to most small animal panels.

UFSPM - 12 lbs. **\$74.50**
 \$20 Out of Box Fee

Sullivan's Pen Station

Are you running out of space at home or don't get enough room at a pig show? Sullivan's Pen Station offers that additional working space above your pig pen that holds up to 250lbs. The aluminum platform adjusts to fit pig pens 4 1/2 to 7 feet, with a powder-coated base and steel brackets for longevity. Have more than one pen? Siding brackets enable you to connect multiple Pen Stations. Weighing only 50 lbs., each Pen Station comes with a handle for easy transport.

Sullivan's Hydrator Nourishing Conditioner

Hair, Skin & Hide Conditioner

Scientifically formulated hydrating & nourishing conditioner that uses the wool/hair and skins natural oil make up to formulate the best replenishment of the natural oils and vitamins back into the hair to promote hide and wool/hair health as well as hair growth and strength.

We took a look at some of the oils used in today's hair care products and realized that for the high percentage of the oil used they were only contributing to a low percentage of the actual nutrition to the wool/hair and skin so we flipped the script and found oils that provide way more nutrition per percentage used with less actual oil so it stays light.

Sullivan's Rejuvenate Shampoo

for Hogs, Sheep, Goats, Horses and Slick Sheared Cattle.

Sullivan's Rejuvenate Shampoo offers an olive oil, pomegranate extract, and Vita Skin package that leaves the skin on lambs silky smooth. This makes the perfect non-degreasing shampoo. Rejuvenate cleans while leaving key natural oils in place to preserve the skin and hide. This shampoo is safe for everyday use without the concern for dryness or irritation. With its mild antiseptic and toning properties, Sullivan's Rejuvenate Shampoo helps tighten pores and tone the skin. The Vita Skin package contains: Vitamin E, Vitamin B complex, and Vitamin C. **Rejuvenate and smooth up your animals hide.**

Sullivan's EZ Clean Waterless Shampoo™

This waterless shampoo is handy for when the weather will not allow you to wash your lamb like you ordinarily would because it does not require to rinse out.

ECL - quart, 3 lbs. \$13.49
ECLG - gallon, 10 lbs. \$29.50

Sullivan's Mini Staggered Bristle Roto Brush

The short-cut rows allow the long bristles to work excellent for working the wool on your lamb's legs. The staggered lengths of bristles create tremendous lift and volume and stimulate the wool. The Mini Roto Brush is 32% shorter and 11% smaller than the full-sized roto brush, making it easier to maneuver between the legs on lambs.

ROTO-MINI - 12 oz. \$17.99

Sullivan's 6" 360° Smart Brush

Now available in a 6" version, for smaller animals or smaller hands, the 360° Smart Brush is a daily hair care brush made to create complete 360 degrees of hair lift. With its 945 soft teeth, the 360° will easily glide through every curvature of your goat making sure the hair is not left lifeless. With its soft plastic bristles, this brush also massages the hide to create circulation and promote better hair growth. The 360° Smart Brush is a daily care must have.

360M - 6-inch 360 Smart Brush - 12 oz. \$27.50

Sullivan's 6" Teflon Combs™

The show day comb for leg grooming.

Now available in a new 6" version that is perfect for goats or smaller hands! Teflon is a solid polymer that is considered to be one for the world's most slippery and water resistance substances. Although not fool-proof, especially since adhesive is still a very sticky substance, you will be glad to see a 40 to 50% improvement of less matting, less hair drag, less static, and less stick to the comb. It is definitely easier to clean adhesives from this comb and saves time while fitting. Now with a NEW Texturized Grip for a comfortable non-slip grip. Available in Sullivan Comb, Fluffer Comb.

6TSCW - 6" TEFLON Sullivan Comb w/wood handle w/texturized grip, 8 oz. \$36.50

6TFSW - 6" TEFLON Fluffer Comb w/wood handle w/texturized grip, 8 oz. \$36.50

Sullivan's Cool Blue Show Brace™

A terrific show day product for lambs. Spray evenly over the entire body for a great shine, but more importantly a fresh, firm feel to the hide. It helps to tighten the skin to make the lamb feel more firm to the judges touch.

CB - quart, 3 lbs. \$22.50
- 12 quart case, 20 lbs. \$262.50

Sullivan's Silk™

A tremendous product for show lambs. Use daily or as a show day preparation to add the ultimate silky smooth handle to the lambs skin. Spray evenly over the entire body and brush in. It continues to work long after it dries, leaving that slick silky feel. Same formula with updated label.

SLK - quart, 3 lbs. \$23.50
- 12 quart case, 20 lbs. \$270.00

Sullivan's White Out™

White Out is a liquid whitening hair polish recommended for lighter colored lambs. It will deliver a renewed, lighter appearance to dull skin and wool. This does not require washing out and may be used with other products. Same formula with updated label.

SWO - quart, 3 lbs. \$23.50
- 12 quart case, 20 lbs. \$270.00

Sullivan's Tail Adhesive™

Tail Adhesive is the highest strength adhesive to use on your goats. It has unmatched holding power for flat lying, hard-to-hold hair on legs. You can depend on Tail Adhesive to dry completely and hold its firm shape in all types of weather with no fall-down when Touch-Ups are applied.

TA - can, 12.5 oz. \$8.95
- 12 can case, 14 lbs. \$105.40

Sullivan's Freshen Up

Skin moisturizer for lambs

This is an innovative product to moisturize and refresh a show lamb's hide. Great for show day or use at home to prevent the hide from drying out. Recommended for slick sheared lambs just after shearing and washing to replenish oils. Does not need to be rinsed out. Also great to use on lambs that have had ringworm, after the fungus has been killed apply to assist in faster healing. One can will do 10 to 15 lambs.

FRE - can, 12 oz. \$8.95
- 12 can case, 17 lbs. \$105.50

Sullivan's Hocus Pocus™

Fresh and Natural, Hocus Pocus will not irritate goat hair or hide. This natural product is a healthy alternative that will make a difference in your show day wash out. Hocus Pocus is fortified with non-drying emollients and the nourishing VITA HAIR vitamins to naturally moisturize and soften the hair shaft. Hocus Pocus will not leave an oily residue to build up heat or eat away leg hair. This makes Hocus Pocus ideal when re-fitting your goat is needed in a short period of time.

HP - can, 17 oz. \$9.95
- 12 can case, 19 lbs. \$115.50

**Gentle
Formula**

Sullivan's SWAT Fly Spray™

The livestock showman's fly spray.

Does NOT break down adhesives on show day! This very effective, yet gentle, water-based formula is safe to spray directly onto a groomed animal with no adhesive fall-down. There is nothing like this product on the market. It has been specifically formulated for the show industry. Kills and repels flies, mosquitoes, gnats, and other flying insects. Does NOT contain petroleum or harsh chemicals that are harmful to the hide, very common in other fly sprays. Large 15 ounce can.

Sullivan's Eskimo Throw

Cooling Towel

During the summer months and warmer days, this towel is a great way to cool off your sheep or goats. To activate the cooling technology, simply wet the towel and ring out. Holding the towel by each side, snap it 3-5 times and it is ready to use. The dual fabric technology cools the towel, the more air flow it receives.

Having built-in evaporative technology, the cloth stays colder, longer. If the towel begins to lose its cool temperature feel, simply snap the towel again to reactivate. Once the towel is dry, the cooling technology is deactivated. The towel is 40" x 20" making it easy for you to fold and cool more concentrated areas. This lightweight, double backed mesh material is soft and comfortable for you and your lamb or goat. Care instructions: machine wash, tumble dry on low heat.

ESK - 40" x 20", 1 lb. \$18.50

Sullivan's Drying Towel

The most ideal drying towel for lambs that is good for use at home or at the show. This will become a showbox essential for drying and cleaning needs that you will not leave home without. Care Instructions: machine wash, tumble dry on low heat.

Sullivan's Fighting Five™ Fungus Treatment

Sullivan's Fighting Five is a blend of natural oils that prevents, eliminates, and heals all types of fungus such as ringworm. The unique ability to repair the damaged skin on lamb results in faster hair or wool regrowth. Fighting Five can be used to prevent a breakout if sheep have been exposed to areas infected with fungus. It is recommended to treat equipment that has been exposed to ringworm and other fungus with Fighting Five.

SHEEP & GOAT STANDS

Sullivan's Deluxe Sheep Stand

This stand offers the best of both worlds - the lightness of aluminum plus the added durability of steel. The platform is made of lightweight aluminum that is reinforced for added longevity and measures 22" wide x 58" long. The stand is equipped with durable steel legs, and the front legs telescope in height. The newly designed Aluminum head piece assembly adjusts in height from 25.5" to 42" above the platform. The stand folds down for easy transportation and is equipped with 4 wheels for easy mobility to and from the trailer. Also includes an additional back plate, so feet don't get hung up when lambs jump onto the stand. Padded Floor Sold Separately.

DSS* - 58 lbs. - Includes Headpiece **\$399.50**

DAIRY PRODUCTS

Sullivan's POWDER'FUL™ Powder Spray

Hair Thickening Powder.

The first hair building powder spray specifically designed for livestock hair. Sullivan's POWDER'FUL creates extra depth and dimension to each hair follicle during the hair building process, without the appearance of becoming too heavy, globby or unnatural. Great for the topline on Dairy Cattle. As an added benefit, after applying over adhesives, the drying powder agents contained in POWDER'FUL allow the hair to be clipped easily, better than any previously known product. Check out page 30 for fitting steps on the best way to use Powder'ful.

- Follicle builder
- Fast drying
- Easy to clip through
- Does not weigh the hair down like other leg builders
- Most natural full look you will get from any product
- Will not leave hair wet and globby
- Available in Black and White Powder Spray

POW - *BK - Black can, 9.5 oz. \$9.75 - 12 can case, 10 lbs \$115.75
 - *W - White can, 9.5 oz. \$9.75 - 12 can case, 10 lbs. \$115.75

Sullivan's Black Finisher™

Black Finisher is applied as the last step in the leg building process. Its bright black color and natural shine matches the natural black color of body hair. This black touch-up delivers the deepest, most natural black appearance that we have ever seen. Black Finisher gives you great coverage and build-up on the hair without breaking down adhesives and leg builders. The number one choice of professionals.

Sullivan's Dairy Body Spray

Incredible Show Day Shine

This Dairy Body spray is great to bring an ultimate showing shine to the body of your dairy cow. First, blow, wipe or brush out any debris on your cows body, then spray and even coat on the body, neck, hind quarter or anywhere a shine is needed prior to going into the ring. Rub in with a towel or brush to even out the application. This product not only gives the body a healthy shine but it gives dark cattle a darker and richer appearance to their hair in an easy to wash out formula.

DBS - quart, 3lbs \$17.50

Sullivan's Dairy Udder Gel

This Udder Gel is sure to showcase the udder of your dairy cow. Designed with aloe Vera, and our vita skin pack which consists of vitamin C, vitamin B complex, and vitamin E. This gel helps to soothe any cracks or dry areas in the skin and has a glisten to highlight the udder of your dairy cow. Simply apply into your hand and rub all over the udder until you have an even application, let absorb and you are ready to head to the show ring.

DUG - 16oz \$12.50

Sullivan's Rejuvenate Shampoo

for Hogs, Sheep, Goats, Horses and Slick Shorn Cattle.

Sullivan's Rejuvenate Shampoo offers an olive oil, pomegranate extract, and Vita Skin package that leaves the skin on Dairy Cattle silky smooth. This makes the perfect non-degreasing shampoo. Rejuvenate cleans while leaving key natural oils in place to preserve the skin and hide. This shampoo is safe for everyday use without the concern for dryness or irritation. With its mild antiseptic and toning properties, Sullivan's Rejuvenate Shampoo helps tighten pores and tone the skin. The Vita Skin package contains: vitamin E, vitamin B complex, and vitamin C. **Rejuvenate and smooth up your animals hide.**

Sullivan's Break Away™ Anti-Residue Shampoo

After Show Oil & Residue Remover

Help eliminate any unwanted oils and debris left over from show day fitting with Sullivan's Break Away After Show Shampoo. This heavy-duty shampoo will wash away excess oils left behind from adhesive removers as well as any residue missed while breaking down your show day masterpiece. This shampoo also works great as a first-time shampoo to breakaway heavy dirt and grime. Not intended for daily use as it could cause drying to hair and skin.

WHY STOCK SHOW U?

Luke Bolin, Communications Director, and John Sullivan, founder of Sullivan Supply and Stock Show University, discuss the Stock Show U program.

Why did you decide to start Stock Show University?

My brothers and I grew up as a product of the junior show cattle industry. We loved everything about it, but unfortunately our Dad was not heavily involved in showing cattle. We had to teach ourselves and it was the school of hard knocks. I would like to help families eliminate the many years of the learning curve so they can expedite the success they can obtain. When I was growing up there were not a lot of camps that were easily accessible. One of the attributes of the Stock Show University Program is that it is 100% free of charge and our student to professor ratio is unmatched. I am proud to say that we will share every bit of industry knowledge that we have to young showman that attend a Stock Show University clinic. If you have the desire to learn and want to be your best, Sullivan Supply/Stock Show University will help you get there.

What is the main goal of the Stock Show University program?

The main goal is to instill confidence and a can-do attitude in each student. The two-day Stock Show University Grad Programs are a tremendous confidence builder that is hands on learning for the exhibitor. The student works with the professor one on one and gets to absorb a tremendous amount of knowledge first hand. One of the other main goals is to get the kids off the show stick when the cattle are in the fitting chutes. We see all these families and kids that work so hard on their animals at home then they go to the show and have someone else fit their calf for them. We acknowledge that getting and asking for help is part of the learning process but we want to push the student to get involved at a younger age and not be scared. We want them to be able to step in and be just as confident as the experienced fitters. We practice this ourselves as I told my daughter Sara when she showed interest in showing cattle that she is going to be involved in the fitting process as well. It is amazing how quickly these kids can get good and how fast their confidence builds if they are expected to do it.

What is your favorite part of the Stock Show University Grad Programs?

My favorite part is definitely the fitting/leg workshop. So many kids come to this program and feel like they are not good enough to fit a back leg on their own calf. After two days they walk out of the Stock Show University Grad Program confident enough to groom their calf's legs. We encourage them at the next show they are at to get involved in the process and not back off. The smile on their faces for accomplishing this task is worth the weight in gold. It is also fulfilling to see the genuine care of the professors spending that one on one time with the students. A lot of the success of this program is due to the professor's willingness to take time out of their busy schedules to mentor youth that have a tremendous interest in showing livestock.

We know Sullivan Supply dedicates over \$300,000 a year to the Stock Show U program. Why are you so committed to giving back to the youth?

Our devotion for this program and industry is simple, we believe in it! We think it is the best way to raise kids and spend quality family time together. It takes a lot of commitment, daily dedication and bonding to show livestock. In today's world where everyone seems to be running from work, showing livestock turns hard working kids into successful adults. The young people are the future of this great industry. We are proud to offer complimentary programs like the Sullivan Supply Scholarship Program, Junior National Sponsorships, The Pulse daily livestock news and Stock Show University. These are tremendous financial responsibilities when it comes to the youth of the livestock industry, Sullivan Supply is all in. Quite frankly, we feel fortunate that we can do it, but it is truly the customers of Sullivan Supply and their great support that allow us to be able to provide these programs.

**For updated Stock Show University
clinic schedule check
www.sullivansupply.com**

Stock Show University was started by John Sullivan nearly six years ago. Stock Show University provides services and educational programs that cater specifically to youth, helping them develop skills to compete with their show cattle projects. We are a program designed to encourage and reward success with individual achievements and goals. At Stock Show U our motto is "We stay until the last question is asked."

Stock Show University is COMPLIMENTARY. All ages and skill levels are welcome from beginner to advanced. We host clinics at shows and homes across the United States, including beef expos, major shows, and junior nationals; all FREE of charge! Clinics range from convenient two-hour clinics to comprehensive, in-depth two-day clinics called GRAD Programs. The best and most talented 'professors' in the business will focus on all areas needed to achieve the championship look - show day fitting/clipping, animal selection, showmanship, feeding, daily hair and animal care to name a few.

GRAD Programs are perhaps our strongest commitment to our youth. These are TWO-DAY CLINICS where a successful partnership will be developed between a student and a professor. This program is a great confidence builder and allows the students to gain hands-on experience and actively seek answers to any question they may have.

Even though these two-day camps can be large in numbers, a meaningful, one-to-one relationship will be built between a student and professor. Participants will be placed in groups of 8 to 12 students to one professor and divided by the individuals in each level of experience. Here is where the students will learn hands-on skills in show day fitting, daily hair care, showmanship and clipping. Stock Show U professors are the best in the business. The impact from these skilled professors on each student will be contagious.

Stock Show University is a non-for-profit company that the Sullivan family has committed over \$300,000 annually; their pledge to supporting the next generation of America's youth.

Sullivan Supply represents over 30 years of sincere dedication and commitment to the livestock industry. We believe a successful partnership between education and commitment are fundamental in supporting America's Youth.

THE *DISTINGUISHED* \$20,000 SULLIVAN SUPPLY STOCK SHOW U SCHOLARSHIP 2020

A truly outstanding set of applicants in our 2020 Distinguished \$20,000 Sullivan Supply/Stock Show University Scholarship program. 1,138 applications from 46 states and Canada proves that the interest of our Ag youth runs deep. During these uncertain times is it awesome to be a part of this great livestock show industry. To look through these applications and read what these young adults are accomplishing makes us proud to be a part of it all. A huge thank you to our scholarship selection committee of industry leaders (non-Sullivan Supply employees or family members) who spend so many volunteer hours choosing our 20 winners. Congratulations to all our winners and applicants. Over \$240,000 has been gifted to young individuals since the inception of this program in 2008. Sullivan Supply is a stock show family owned and operated company founded in 1989 by John and Dede Sullivan. With a central headquarters in Dunlap, Iowa and offices in Hillsboro, Texas, Lodi, California and Hillsboro, Ohio, Sullivan Supply is known as the innovative leader in livestock grooming supplies.

SKYLOR SCHERTZ, Denton, TX
FFA Chapter President, National Honors Society, Salutatorian, and responsible for managing and maintaining her herd of cattle consisting of 26 head. Planning to attend Texas Tech and continue working to improve her herd.

LELAND BJORKLAND, Herring, SD
True leadership, past student council president, state champion basketball athlete, skilled clipper and fitter responsible for families cattle exhibits at NWSS.

KORBIN COLLINS, Pannagan, IL
President of Student Council, Shorthorn Junior Board Member, FFA & 4-H Club President, great achievements in both the Hereford and Shorthorn breeds. Plans to obtain a master's degree in agricultural leadership.
Sponsored with Sullivan Supply Representative Quintin Bucher

MASON MEIER, Frederickburg, TX
National Honors Society, class winners and breed champions at Louisville, Kansas City, Denver, San Antonio, Fort Worth, Houston and Austin, Top 30 High School Anglers in Texas, all while being one of the first to volunteer to help.

GABRIELLA LEONE, Fowler, CO
Valedictorian, Shorthorn junior board member, national champion meat judging team member, Dean's List, Championship wins at Fort Worth and NAILE, and future doctor all rolled up into one of the nicest people you will ever meet.
Sponsored with Freeman Livestock

KADON LEDDY, Stockholm, SD
Fifth-generation South Dakota farmer, Charolais junior board member, two-time junior national Reserve Showman, 4 time champion showman SD Spotlight, and many time champion across the country, all while managing his herd of 25 Charolais cows.

MADDELYNE ADAMS, Brownwood, TX
Champion Market Lamb at Fort Worth, San Antonio and State Fair of Texas, Reserve Market Steer at San Antonio and San Angelo, President of 4-H and FFA clubs, National Honor Society member and future embryologist.

TREYTON FAIR, Turlock, CA
Three sport athlete breaking multiple school records including Colin Kaepernick's high school single-game passing record, maintained a 3.8 GPA, successfully raises and shows cattle including three time supreme female within his country.

ABIGAIL HENDERSON, Teeds Grove, IA
Back-to-back Market Heifer Championships at the IA State Fair, Reserve Senior Showman at the IA State Fair, High School Honor graduate, highly involved in her school and community. A future youth coordinator she hopes to continue raising high quality cattle to sell to juniors.

TY GOSS, Leedy, OK
Champion Market & Breeding Swine at NAILE, OYE, Southwest Regional NISA, Cattle breed champions at NAILE, NWSS, OYE and Jr Nationals, Class President, Superintendent Honor Roll, and Gifted and Talented Program participant.
Sponsored with Sullivan Supply Representative Charles Hill.

All items are F.O.B. Dunlap, IA or Hillsboro, TX

**Need It Right Away? Call for details on
Next Day Air, 2nd Day Air or 3 Day Select services.**

Per regulations, we can NOT ship hazardous materials.
This includes alcohol. Aerosols can not be sent by Air Service.
We CAN ship aerosols via ground service only.

Prices are subject to change without notice.

We reserve the right to limit quantities. The information contained in this catalog has been gathered from many sources with the utmost care. However, because of the possibility of human or typographical errors in transposing such a large volume of material, Sullivan Supply disclaims responsibility for errors in pricing, the use or misuse of any products described in this catalog and for any losses incurred through the use of products according to methods described in this catalog. Always refer to and follow the label directions. Sullivan Supply specifically does not authorize anyone, its agents or employees to recommend any product sold by Sullivan Supply in any way other than according to manufacturer's current label directions. Sullivan Supply disclaims responsibility for losses incurred due to delays in shipment.

HOW TO RETURN SOMETHING TO US:

We understand that sometimes you might get something that you don't like, doesn't work or just simply isn't what you wanted. In order for us to properly handle your return, please follow these simple instructions.

1. Call ahead for a return authorization number. All returns must be accompanied by a return authorization number. **Any returned merchandise received without an authorization number will be refused.**
2. Ship merchandise back to us via UPS, FedEx or parcel post. (We are not responsible for lost or damaged packages.)
3. Inside the package include your name, address, daytime phone number and the return authorization number and original receipt. Credit will be issued in the same manner which your order was paid. Example: If you paid by credit card we will credit that card.

All returns must be made within 30 days of original invoice date and must be accompanied by receipt. Sullivan Supply does not refund freight for returned merchandise.

DAMAGED SHIPMENTS:

Orders are filled with quality merchandise and are packed with utmost care. There are occasions where merchandise is damaged during shipment. In all cases, the carrier is responsible for safe delivery of merchandise. For damages on packages, keep the shipping container and all contents and contact Sullivan Supply to arrange inspection. For motor freight damages, please sign for the freight as damaged and call Sullivan Supply so they can file the claim.

Damages and shortages must be reported within three business days following delivery.

DO YOU HAVE A 911 ADDRESS?

We want to make sure that you get mailings from us. If you have a new 911 address, please let us know so that we can update our mailing list.

Can we deliver products to a show for you?

Many of our customers know us from the show circuits across the country. We attend as many shows as we possibly can - especially the majors. If you'll let us know in advance, we will be more than happy to deliver your products to the show.

- Call In Advance -

Be sure we are going to the show where you want to pick-up your merchandise! Allow us plenty of time to get your order loaded along with our show merchandise.

**Pre-orders must be paid in advance
**Offer applies to retail customers ONLY
