Dimmable CFL & LED bulbs

Compatible with Lutron 150W C·L® dimmers* with a dial on them for low-end trim adjustment and purchased before 2013

*Ariadni®/Diva®/Lumea®/Skylark Contour®/Toggler® C·L 150W dimmers

Dimmable CFL & LED bulbs

Compatible with C·L[®] dimmers

List updated July 23, 2014
For the most up-to-date list, visit
www.lutron.com/dimcflled

This list is designed to help you select bulbs that are compatible with Lutron C·L dimmers. The CFL and LED bulbs on this list were extensively tested by Lutron; the Lutron C·L dimmers were evaluated by UL and meet applicable safety standards.

How to use this list

If you already have a bulb:

Use the “Find” tool in your browser or PDF viewer to search for the model number that’s printed on the bulb. Then choose a C·L dimmer that’s compatible with that bulb.

If you already have a C·L dimmer:

Use the table of contents to find the corresponding pages for that control, and then select a bulb from that list.

What does “compatible” mean?

Compatible means that the bulbs can be dimmed, although the bulb’s dimming performance may not match what you’re used to seeing when dimming an incandescent or halogen bulb. These bulbs have also been electrically tested to confirm that the control may be used up to its full rated CFL/LED load without affecting the life of the control.

Products on this list are considered compatible with the respective Lutron C·L dimmers. Depending on the quality of the bulb you select, compatible bulbs may still:

- have less dimming range than an incandescent or halogen bulb
- dim less smoothly than an incandescent or halogen bulb
- flicker or shimmer at certain light levels
- buzz

Dimmable CFL & LED bulbs

Compatible with C•L® dimmers

For more information

If you'd like more information regarding bulb performance and test results, including dimming range, other dimmer options, and performance, please visit www.lutron.com/ledtool.

Warranty on your Lutron 150W C•L dimmer¹ will be void if used with bulbs that are not on this Lutron compatible bulb list.

Please note: Bulb variations in lamp design and construction affect performance. Bulb manufacturers can modify their bulbs at any time, without notice to Lutron. This prevents Lutron from ensuring ongoing compatibility. For up-to-date specifications, performance, and/or any related recall information about the bulb, please visit the bulb manufacturer's website.

This document provides information from manufacturers who are not Lutron agents or affiliates. The listing of a manufacturer or the existence of any external link to another website does not suggest that Lutron is endorsing the linked company, its products and/or its services. Purchasers should ask appropriate questions and request references before buying any products and/or entering a contract with any party. The information contained in this document is intended for illustrative and comparative purposes only, and is subject to change at any time. Lutron does not warrant that (a) the list of manufacturers is all-inclusive; (b) the information is complete, up-to-date, accurate and/or error-free; (c) the products and Lutron controls listed will always be compatible; and (d) that the information provided will be a viable or appropriate solution for your project needs. You are entirely responsible for and assume all risk for the use of the information.
