TASTING NOTES

Dappled horses have always fascinated humans since the first hunters recorded its spotted image on their cave wall many millennia ago. These patterned horses were often gifted to the highest rulers and have always been regarded as powerful and legendary. Just like these magnificent steeds, our Cabernet Sauvignon is powerful and delightful.

FLAVOR PROFILE

The fruit in Silver Dapple Reserve was selected by our winemaker because of the high quality and exceptional flavor profiles. Light oak aging enabled the wines robust dark fruit flavors to develop. It is bursting with black cherry, baking spices, and graphite flavors ending with a smooth finish with balanced tannins that make it a perfect companion for any occasion.

FOOD PAIRING

Enjoy our Cabernet with savory grilled tri-tip, roasted leg of lamb, or dark chocolate and raspberry layer cake for a decadent dessert.

SLOW DANCER

2018 PINOT NOIR

California

WINEMAKING NOTES

2018 was a fantastic growing year for all of California. The growing season was longer, thanks to the moderate spring and summer and little to no frost damage during the cold winter months. These temperatures throughout the state allowed the grapes to mature slowly and created yields of high quantity as well as high quality fruit.

TASTING NOTES

Our Slow Dancer Pinot Noir greets you with ripe red fruit aromas, with accents of earthy forest floor. Bright fresh fruits burst on the palate with flavors of raspberry, cranberry, and strawberry. Oak barrel aging highlights accents of vanilla, leaving a lingering, soft finish.

RECOMMENDED FOOD PAIRING

This soft, supple Pinot Noir is the perfect complement to earthy foods such as goat cheese stuffed mushrooms, pork tenderloin with fig glaze, or creamy seafood risotto.
