

# NISSAN LEAF™ FAQs

## Does the Nissan LEAF™ use gasoline?

No, never. Nissan LEAF™ runs off of 100% electric battery power, no gas needed. In fact, it doesn't even have a tailpipe.

## Will the price include the battery pack? Or will there be an option to rent/lease the battery pack?

The total cost of the vehicle includes the battery pack. Both lease and purchase options are available for the vehicle, but no option to rent/lease just the battery pack.

## Can I charge if I'm not at home?

Yes. Across the country you'll find a public infrastructure of charging stations. Visit <http://nissan.chargepointportal.net/external/nissanmap/> to find a station near you.<sup>13</sup>

## Can I charge my Nissan LEAF™ on the go?

Yes. In fact, the public charging network is expanding every day. Talk to your dealer for more information.

## Am I required to buy the home charging station when I purchase Nissan LEAF™?

No. However, the home charging dock is highly recommended.

## How long will it take to charge my Nissan LEAF™ at home?

With the 240-volt home charging dock, your Nissan LEAF™ will be fully charged in about 4 hours.<sup>9</sup>

## Will charging my Nissan LEAF™ increase my electricity bill?

The average driver should only see a moderate bump in their monthly electricity bill – and if you charge during off-peak hours, even less – though the savings in gas money should more than make up for it.

## Can I drive Nissan LEAF™ on the highway?

Of course! With instant torque and speeds up to 144 km/h (90 mph), Nissan LEAF™ is highway-ready. Even better, Nissan LEAF™ qualifies for a single-occupancy HOV sticker in select provinces, so you can use the carpool lane any time you want.<sup>2</sup>

## What happens if I run out of battery?

Nissan LEAF™ comes with helpful tools that keep you aware of your battery level at all times. However, for added peace of mind, every Nissan LEAF™ comes with three years of complimentary roadside assistance.<sup>3</sup>

## Does the battery come with a warranty?

Yes, Nissan LEAF™'s advanced battery comes with an 8-year/160,000 km warranty.<sup>8</sup> The newly enhanced warranty protects against capacity loss if the lithium-ion battery falls below 9 bars of the available 12 bars displayed on the vehicle's battery capacity gauge (approximately 70% capacity).

## Does Nissan LEAF™ have the same safety features as a conventional car?

Yes. Nissan LEAF™ comes with a comprehensive list of safety equipment, including six standard airbags<sup>15</sup> and advanced safety features like Vehicle Dynamic Control (VDC)<sup>16</sup> and Traction Control System (TCS).

<sup>1</sup>2013 EPA Fuel Economy Estimates. Based on Natural Resources Canada formula of 8.9 kW/hour equal to one litre of gasoline energy, EPA rated the Nissan LEAF™ equivalent to 1.8 Le/100 km or 157 MPGe (Imperial) measured as gasoline fuel efficiency in city driving. Actual mileage may vary with driving conditions – use for comparison only. <sup>2</sup>The additional perks referenced are for informational purposes only. These additional perks are not within Nissan's control and may not be available in all provinces and/or locations and are subject to change without notice. Interested parties should confirm the accuracy of the information before relying on it to make a purchase. <sup>3</sup>U.S. National Highway Transportation Administration, 2009. <sup>4</sup>MY13 EPA range of up to 120 kilometres. This 120 km range represents a blend between the two charging modes of 2013 Nissan LEAF, the 80 percent Long Life Mode and the 100 percent Long Distance Mode. Actual range may vary. Use for comparison only. <sup>5</sup>See your Nissan dealer and read the Roadside Assistance section of your Warranty Information Booklet for complete details and eligibility requirements. <sup>6</sup>Approximate time, with available 240-V home charging dock, purchased separately. <sup>7</sup>CARWINGS™ requires compatible 2G GSM/GPRS cellular network provided by independent cellular companies. 2G cellular network not available in all areas and/or available at all times. Cellular technology is evolving, and changes to cellular networks provided by independent companies are not within Nissan's control. Like other devices that rely on 2G network coverage, once the 2G network is terminated, CARWINGS will not function unless equipment replacements, upgrades, or alternative 2G network coverage are available at that time, which Nissan cannot guarantee. Nissan not responsible for associated costs that may be required for continued CARWINGS operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks). Certain remote functions require compatible smart phone, not included with vehicle. CARWINGS subscription service requires owner consent to activate and may require purchase. See dealer for details. Standard text rates and/or data usage may apply to CARWINGS communications received by email or SMS/text message. Terms and conditions of Subscription Agreement apply. <sup>8</sup>For complete warranty details, see your nearest Nissan dealer and read the actual warranty. <sup>9</sup>Mileage estimates only. Range will vary depending upon driving/charging habits, speed, conditions, weather, temperatures, and battery age. <sup>10</sup>Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. The Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. <sup>11</sup>For tailpipe emissions. <sup>12</sup>Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. <sup>13</sup>Availability/accessibility of charging stations is not guaranteed. <sup>14</sup>Factory-installed option. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. <sup>15</sup>Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. <sup>16</sup>Post-consumer recycled materials will exceed 30%. <sup>17</sup>Virtual composite 360° view. <sup>18</sup>VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. <sup>19</sup>Driving is serious business and requires your full attention. Do not operate any devices connected to the USB or auxiliary audio input jack while driving. <sup>20</sup>Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. <sup>21</sup>Vehicle must be on for the Easy Fill Tire Alert to operate. <sup>22</sup>XM and SiriusXM Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. NavTraffic® is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 7 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal and Quebec City). Limited flow data is available for Toronto. Subscription sold separately after trial period. All subscriptions subject to customer agreement at [siriusxm.ca/terms](http://siriusxm.ca/terms). All fees and programming subject to change. © 2013 Sirius XM Canada Inc. The Sirius, XM, and SiriusXM names and all related marks and logos are trademarks of Sirius XM Radio Inc. ## IMAGINE WHAT YOU'LL BE SAVING.

How much money would you save if you never had to stop for gas again? And how much time would you save, zipping along in the carpool lane? Nissan LEAF™ isn't just a planet-friendly way to get around, it's the 100% electric car that works for you. A lower total cost of ownership rewards you even beyond the driver's seat. With five doors, seating for five and a lower total cost of ownership, Nissan LEAF™ makes driving electric an everyday reality. And loads of fun. Because freedom from the pump and 1.8 Le/100 km (157 MPGe) city comes with amazing acceleration and a corner-hugging ride.<sup>1</sup> Did we mention all the great perks, too? The 2013 100% electric Nissan LEAF™. **Nissan. Innovation that excites.™**

- never buy gas again
- carpool lane access (select provinces)<sup>2</sup>
- no more oil changes or smog checks
- designated EV parking<sup>2</sup>

Discover how the innovative Nissan LEAF™ fits into your day – no matter what life you lead.

# CHARGE. DRIVE. REPEAT. IT'S THAT EASY.

On average, most people drive less than 47 kilometres a day.<sup>3</sup> NISSAN LEAF™ gets you 2.5 times that on a single charge.<sup>4</sup>

Just plug it in to charge overnight and in the morning you'll be ready to go, with tools to help you manage your range along the way. Of course, driving at moderate, more constant speeds is always a good idea. You can even switch the drive selector to Eco mode to improve your range up to 10% in certain conditions. With Nissan LEAF™, the little things can make a big difference. And for added peace of mind, Nissan provides three years of complimentary roadside assistance with every Nissan LEAF™.

## “Fill up” at home. Faster than ever.

With the 240-volt home charging dock, all Nissan LEAF™ vehicles will charge in about 4 hours with the 240-volt home charging dock.<sup>5</sup> All you have to do is plug it in, like you would your laptop or cell phone. And to take advantage of off-peak rates, you can set a charging timer right on the dash, remotely from a mobile device or computer, or from your smartphone with the CARWINGS™ app.<sup>7</sup>

## The tools to go the distance.

There are plenty of tools right on your dashboard to help you get the most out of every charge. You'll always see your battery level, and how many kilometres remain in your driving range.<sup>8</sup> Driving efficiently? You won't have to guess. The power meter shows how much power you're using – and generating, thanks to Nissan LEAF™'s regenerative braking. And if you're doing really well, you'll grow a virtual forest on the Eco indicator.

## battery warranty

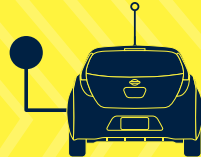

8 years | 160,000 km<sup>8</sup>  
(100,000 miles)

The newly enhanced warranty protects against capacity loss if the lithium-ion battery falls below 9 bars of the available 12 bars displayed on the vehicle's battery capacity gauge (approximately 70% capacity).

Nissan LEAF™ runs completely on electricity stored in one of our most advanced lithium-ion batteries ever.

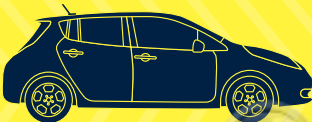

## A day in the life of Nissan LEAF™

Wake up with a full tank. Fully charged and remotely pre-heated or cooled (one way to help extend range), Nissan LEAF™ is ready. Let's go!

Woosh! Nissan LEAF™ has speeds up to 144 km/h (90 mph), and 100% available torque right off the line.

Get places faster with single occupancy access to the carpool lane. Your reward for driving electric (select provinces only).<sup>2</sup>

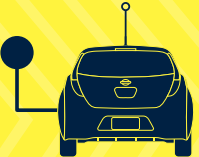

Information Provided by:

Thanks to regenerative brakes, Nissan LEAF™ charges anytime you slow down. Red lights are your new best friend.

Take that important call with Bluetooth.<sup>10</sup> Then run those errands. You've got 75 km (47 miles) miles left to spare and 2 nearby charging stations, shown on the handy range indicator.<sup>2</sup>

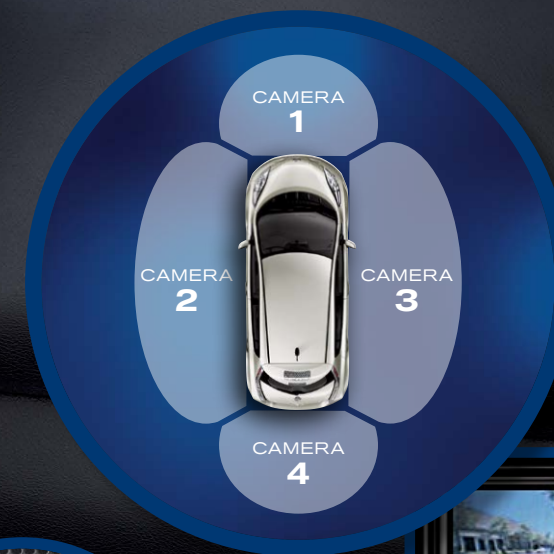

Just another day of driving electric. No gas, no emissions.<sup>11</sup> Then charge at home during off-peak hours while you sleep.

## EVERYTHING YOU WANT. LIKE ROOM FOR 5 AND HEATED SEATS, TOO.

Inside Nissan LEAF™ you'll find five seats, five doors, and plenty of smart storage throughout. Plus all the high tech you'd expect from a car this innovative, like the new Around View® Monitor<sup>12</sup> and Bose® audio system, Bluetooth®<sup>10</sup> connectivity, and an advanced navigation system that even displays nearby charging stations.<sup>13, 14</sup> And six standard airbags to help keep you safe.<sup>15</sup> Of course we didn't forget creature comforts, like cup holders and heated front and rear seats with fabrics made from recycled materials.<sup>16</sup> Or go for the new Black Leather seats exclusive to the SL trim. All this, and 100% electric too.

U.S. instrumentation shown.

### Energy-efficient Bose® Audio System.

Bose came on board with their own energy-efficient solution designed just for Nissan LEAF.™ The available ultra-lightweight, compact, energy-saving speaker system projects the concert-hall sound you expect from Bose. Thank you, Bose engineers.

### Around View® Monitor<sup>12</sup>

This available feature gives you a virtual 360° bird's-eye view, thanks to four wide-angle cameras located at the front, back and sides of the vehicle. You can snag that space right in front – where Nissan LEAF™ should be.<sup>17</sup>

## PEOPLE EVERYWHERE ARE TALKING ABOUT NISSAN LEAF.™

Every day, drivers across the country make Nissan LEAF™ part of their daily lives. And the love for Nissan LEAF™ has gone global. In fact, it's the best-selling electric car in the world, with over 46,000 owners and growing, and over 160 million gas-free kilometres driven. That's a lot of stories. Go to [www.facebook.com/nissanleafcanada](https://www.facebook.com/nissanleafcanada) to see what owners are saying about their Nissan LEAF.™

*"As a mother of two, I wanted to show my sons that there are ways we can help our environment. I drive my LEAF™ every day as I commute to and from work, drive the boys to various activities, and do all my shopping in it. I even managed to bring home my son's bike this spring after folding down the seats!"*

– Celia C., Toronto

*"The LEAF™ is the first car I've ever driven in my life. I have yet to burn any fossil fuel."*

– Victor B., Ottawa

*Our LEAF "Sparky" is a no compromise, fun to drive, everyday vehicle. Best of all, we never think about stopping for gas!*

– Sharon B., Toronto

*"We bought the LEAF as our second car, but enjoyed driving it so much that we're now using it as our principal vehicle. It's a fun and practical way to get around. All this while saving lots of money on gas and making a difference for the planet."*

– Jimmy L., Quebec

*"Our only regret at the moment is that we can't take our "Elektra" on long trips yet. However, this car is incredibly easy to drive, back, and park. We would like to get a loud-speaker with "BWAAAA HAAAAA" to play every time we pass a gas station. 800 km for 3 dollars!"*

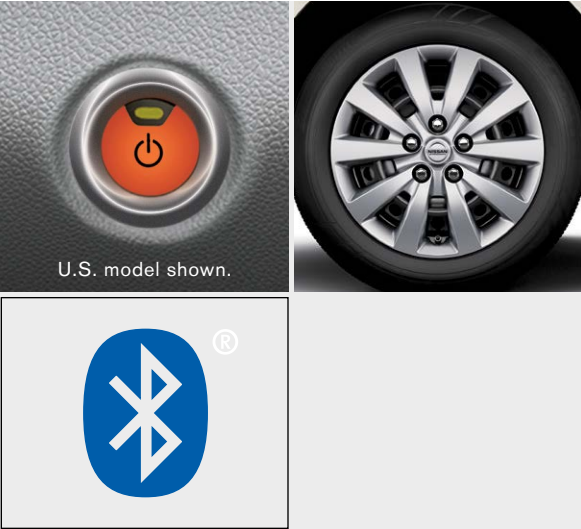

– Billie C., Ontario
