LOCAL EXCHANGE SERVICE

APPLICATION OF TARIFF

This tariff sets forth the service offerings, rates, terms and conditions applicable to the furnishing of intrastate communications services by Cox Georgia Telcom, L.L.C. to Customers within the local exchange service area as defined below.

SERVICE AREA

The Company will provide service to Customers within the service area, consistent with the other terms and conditions of this tariff. The Georgia local service area is defined as the exchange areas served by BellSouth Telephone Company, Public Service Telephone Company and Alltel Local Telephone Company as described in Section 3.1.1.1, Local Service Area.

LOCAL EXCHANGE SERVICE

SECTION 1 – Definitions

Certain terms used generally throughout this tariff are defined below:

Account Codes: Allows a User to allocate local calls to a 4-digit, non-verified account code.

Authorized User: A person, firm, corporation or other entity that either is authorized by the Customer to use local exchange telephone service or is placed in a position by the Customer, either through acts or omissions, to use local exchange telephone service.

Company: Cox Georgia Telcom, L.L.C., which is the issuer of this tariff.

Combination Service (Combo Svc. Or Cox Preferred): is a Residential Customer, who qualifies for discounts on the first and additional lines if the Customer also purchases either Cable Services or high speed internet access from a Cox-Affiliated Company.

Cox: Cox Georgia Telcom, L.L.C., which is the issuer of this Tariff.

Cox-Affiliated Company: shall mean a wholly owned subsidiary of Cox Georgia Telcom, L.L.C.'s parent company, Cox Communications, Inc., which provides cable and high speed internet access in the State of Georgia.

Customer or Subscriber: The person, firm, corporation or other entity which orders service and is responsible for the payment of charges and for compliance with the Company's tariff regulations.

Embedded Multimedia Terminal Adapter ("eMTA"): equipment provided to the Customer to enable Cox's provision of voice telephone service. (N)

Exchange Carrier: Any individual, partnership, association, joint-stock company, trust, governmental entity or corporation engaged in the provision of local exchange telephone service. (N)

Holidays: New Year's Day, Martin Luther King Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day.

LOCAL EXCHANGE SERVICE

SECTION 1 – Definitions, cont’d.

LATA: A local access and transport area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192 for the provision and administration of communications services.

Local Calling: A completed call or telephonic communication between a calling Station and any other Station within the local service area of the calling Station.

Local Calling Area: The local calling areas for all Customers served by the Company shall include the exchange areas as defined in Section 3.1.1.

Local Exchange Carrier: A company which furnishes exchange telephone service.

Monthly Recurring Charges: The monthly charges to the Customer for services, facilities and equipment, which continue for the agreed upon duration of the service.

Non-Recurring Charges: The one-time initial charges for services or facilities, including but not limited to charges for construction, installation, or special fees, for which the Customer becomes liable at the time the Work Order is executed.

Presubscription: A process whereby a Customer chooses a long distance carrier and is then able to access that carrier by dialing 1+.

Residential Customer: A Customer receiving Residential Service as defined herein.

Residential Service: Service to the following locations:

- Individual lines which terminate at a private residence location that is not advertised or used as a place of business, and where a business listing is not employed in the Company’s telephone directory.
- Subscribers residing in private apartments, rooming houses or boarding houses, clubs or hospitals who request their own individual residential service and where business listing is not employed in the Company’s telephone directory.
- Detached structures when strictly used as a part of the residence on the same premises and is not used as a place of business.
- Subscribers residing in college sorority or fraternity houses or University Dormitory Rooms who order their own individual residence service for their answering bureau.

LOCAL EXCHANGE SERVICE

SECTION 1 – Definitions, cont’d.

Service Commencement Date: The first day following the date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer’s refusal to accept service which does not conform to standards set forth in the Work Order or this tariff, in which case the Service Commencement Date is the date of the Customer’s acceptance of service. The parties may mutually agree on a substitute Service Commencement Date.

Services: The Company’s telecommunications services offered on the Company’s network.

Work Order: The written request for local exchange services executed by the Customer and the Company in a format specified by the Company. The signing of a Work Order by the Customer and acceptance thereof by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

LOCAL EXCHANGE SERVICE

SECTION 2 – Regulations

2.1 Undertaking of the Company

2.1.1 Scope

1. The Company undertakes to furnish communications service in connection with one-way and/or two-way information transmission between points within the State of Georgia under the terms of this Tariff.
2. Customers may use services and facilities provided under this Tariff to obtain access to services offered by other service providers. The Company is responsible under this Tariff only for the services and facilities provided herein, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own customers.

2.1.2 Shortage of Equipment or Facilities

1. The Company reserves the right to limit or allocate the use of existing facilities when it deems necessary to manage the lack of facilities or to manage a facility shortage due to some other cause beyond the Company's control. The Company will not provide additional service or connect new service to any Customer that would contribute to a shortage condition until the problem has been identified and rectified. The Company will incur no liability for call interruptions resulting from the Company's efforts to avoid degradation.
2. The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the availability and capacity of the Company's fiber optic cable and other facilities as well as facilities the Company may, from time to time, obtain from other carriers to furnish service as required at the sole discretion of the Company.
3. The furnishing of service under this tariff is subject to the availability to the Company of adequate numbering resources and may be subject to the Company's implementation of interconnection arrangements with incumbent local exchange carrier in Georgia.

LOCAL EXCHANGE SERVICE

SECTION 2 – Regulations, cont'd.

2.1 Undertaking of the Company

2.1.3 Terms and Conditions

1. Except as otherwise provided herein, service is provided and billed on the basis of a minimum period of at least one month, and shall continue to be provided until canceled by the Customer. Unless otherwise specified herein, for the purpose of computing charges in this tariff, a month is considered to have 30 days. All calculations of dates set forth in this tariff shall be based on calendar days, unless otherwise specified herein.
2. Customers may be required to enter into written Work Orders which shall contain or reference the name of the Customer, a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff.
3. At the expiration of the initial term specified in each Work Order, or in any extension thereof, service shall continue on a month to month basis at the then current rates unless terminated by either party upon 30 days written notice. Any termination shall not relieve Customer of its obligation to pay any charges incurred under the Work Order and this tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the Service Order shall survive such termination.
4. This tariff shall be interpreted and governed by the laws of the State of Georgia without regard for the State's choice of laws provisions.
5. Another telephone company must not interfere with the right of any person or entity to obtain service directly from the Company.
6. Cox will reserve the telephone numbers for Customer's new telephone service. Reserved telephone numbers may change prior to the time of installation of service. Customers shall not use, publish or advertise reserved numbers until service has been activated. Customer is solely responsible for any expense or loss resulting from Customer's use, publication or dissemination of these numbers. The Customer has no property right in the telephone number associated with Cox telephone service; however, if Customer ports telephone numbers from another carrier to Cox, subject to federal or state law, or telephony industry guidelines, Cox will use such numbers with Customer's telephone service. After activation, Cox reserves the right to change telephone numbers subject to federal or state law, or telephony industry guidelines.

Business Customers may switch their class-of-service from Business to Residential **only at the end of a commercial contract term or termination of a commercial services contract.** **However**, call intercept will not be deployed to inform the caller of the new Residential Service number.

SECTION 2 – Regulations, cont’d.

2.1 Undertaking of the Company, cont’d.

2.1.3 Terms and Conditions, cont’d.

7. The Customer agrees to operate any Company-provided equipment in accordance with instructions of the Company or the Company’s agent. Failure to do so will void Company liability for interruption of service and may make the Customer responsible for damage to Company-provided equipment pursuant to section 2.1.3.9 following.
8. Service to certain Customers is provided via an Embedded Multimedia Terminal Adapter and/or other voice telephone service devices (“Equipment”). If service is provided via Equipment, the Customer will receive Equipment provided by Cox during installation. The Equipment works on household power and requires a fully-charged battery to function properly during a power outage. The battery will operate for up to 24 hours in case of a power outage depending on usage. Services, including access to 9-1-1, will not be available during outages without a battery or if the battery has been drained. The Customer may order a battery from Cox by calling the Cox customer service number or visiting a Cox retail store after telephone service is installed. **Services, including access to 9-1-1 services, will also not be available during power outages if Cox is unable to place and operate its network backup power equipment due to safety concerns or other matters, such as, but not limited to, natural disasters, wildfire conditions, forced government evacuations and fuel shortages.**
 - a.
 - b. Cox will provide a battery upon request at the then-prevailing retail price, plus shipping if applicable. The Customer may obtain batteries from sources other than Cox if available, but the Customer is responsible for ensuring that any battery obtained from another source is compatible with the Equipment. The Customer is responsible for installation of the battery and for monitoring the battery and determining when the battery no longer is able to function properly, including but not limited to the ability to maintain a charge, and must be replaced.

2.1.3 Terms and Conditions, cont’d.

9. The Customer agrees to return to the Company all Company-provided equipment delivered to Customer within five (5) days of termination of the service in connection with which the equipment was used. Said equipment shall be in the same condition as when delivered to Customer, normal wear and tear only excepted. Customer shall reimburse the Company, upon demand, for any costs incurred by the Company due to Customer’s failure to comply with this provision.

2.1.4 Liability of the Company

1. Delays or Interruption of Service – The Customer assumes all risk for damages arising out of delays in installation of service or facilities, mistakes, omissions, interruptions, delays, errors or defects in transmission, failures or defects in equipment or facilities furnished by the company or arising out of failure of the company to maintain proper standards of maintenance of operations or to exercise reasonable supervision, except as noted in Section 2.10.1, Credit Allowance for Interruptions, following.
2. The maximum credit allowable with respect to local exchange service shall not exceed the amount of local exchange service and expanded calling scope charges during a single billing period. The liability of the company for damages shall in no event, by reason of any delays, interruptions, omissions, errors, failures or defects in installation or service, exceed an amount equal to the customers local exchange service and expanded local calling scope charges for a regular billing period with respect to such delayed, defective or interrupted local exchange service. No other liability shall in any way attach to the company in consideration of such delays or interruptions. The company will not be liable for any loss or damage, nor for any impairment or failure of service arising from or in connection with the use of Customer-owned facilities or equipment.
3. The Company’s liability for willful misconduct, if established as a result of judicial or administrative proceedings, is not limited by this tariff. The Company’s liability, if any, with regard to delayed installation of Company facilities or commencement of service, shall not exceed \$1,000. With respect to any other claim or suit, by a Customer or by any others, for damages (including any such claim or suit arising out of or related to the reservation of any specific number for use with a service), associated with the ordinary” installation (including delays thereof) provision, termination, maintenance, repair, interruption or restoration of any service or facilities offered under this tariff, and subject to the provisions of Section 2.10, Allowances for Interruption of Service, the Company’s liability, if any, shall be limited as provided herein.

9. With respect to Emergency Number 911 Service: (T)
- a. Cox shall not be liable to the Customer, or to any other person, for any damages arising out of errors, interruptions, defects, failures or malfunctions of 911 and/or E911 Service, including damages arising from errors or defects of associated equipment and data processing systems, except that the Customer shall be entitled to an allowance for interruptions as specified in this Tariff.
 - b. The Customer agrees to release, indemnify and hold Cox harmless from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the Customer or by any other party or person, for any personal injury to or death of any person or persons, of for any loss, damage or destruction of any property, whether owned by the Customer or others.
 - c. If the Customer does not purchase a battery for the eMTA or does not monitor the status of the battery and replace it when it no longer holds a charge, service, including 911 service, will not function during a household power outage. Even if customer has a battery for the eMTA, if customer only has a phone that requires electricity to operate (e.g. a cordless phone), access to 911 service will not be available during a commercial power outage. (N)

(N)
 - d. The 911 Customer also agrees to release, indemnify and hold Cox harmless for any infringement or invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, conditions, occasion or use of 911 service features and the equipment associated with it, or by an services furnished by Cox, including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing 911 service, and which arise out of the negligence or other wrongful act of Cox, the 911 Customer, its users, agencies or municipalities, or the employees or agents of anyone of them. (T)
 - e. 911 service is provided solely for the benefit of the 911 Customer. The provision of such service shall not be interpreted, construed or regarded as being for the benefit of, or creating any company obligation toward, or any right of action on behalf of, any third person or other legal entity. (T)
 - f. 911 service will be designed by the company to provide at least the same level of service reliability and quality as local exchange telephone service in the exchanges where 911 systems are equipped with the features required to provide 911 services. (T)

9. With respect to Emergency Number 911 Service, cont'd.:

g. When the Customer purchases and maintains a battery for the eMTA, 911 service is designed by the company to provide at least the same level of service reliability and quality as local exchange telephone service in the exchanges where 911 systems are equipped with the features required to provide 911 services while household power is available and during outages for the period when the battery is in operation.

h. For eMTA provisioned voice services when the Customer purchases and maintains a battery for the eMTA, and for non-eMTA provisioned voice services, 911 service will not be available if there is a power outage and Cox is unable to place and operate its network backup power equipment due to safety concerns or other matters, such as, but not limited to, natural disasters, conditions, forced government evacuations, and fuel shortages.

i. Emergency Locator Service

Customer acknowledges and understands that the E911 database will provide accurate information to first responders and others who access the database only if the Customer assures that the information is accurate at every moment of time. Company shall have no liability for any delay, incorrect response, or any injury that Customer or any person suffers as a result of any inaccuracy in the E911 database caused by Customer's actions or failure to act. The Customer must advise the Company of E911 move, add, change, or delete information in writing within twenty-four (24) hours of the effective date of the change. Company makes no warranties, express or implied, regarding the accuracy of E911 information provided by the Customer.

It is Customer's responsibility to conduct initial and regular testing of the ability to dial 9-1-1 over Cox Business services and ensure that: 1) Customer Premises Equipment ("CPE") is compatible with Cox Business's services; 2) the PSAP is able to identify the Customer's address when a 911 call is placed from Customer's location; and, if Customer is using a PS-ALI service to provide enhanced PS/ALI functions (as described below), that 3) the PSAP is able to identify the specific location within Customer's address from where the 911 call is placed. (See Section 5, Testing 9-1-1 Call Processing for PBX Systems; NENA Technical Information Document No. 03-502, "Trunking for Private Switch 9-1-1 Service," available at www.nena.org.)

9. With respect to Emergency Number 911 Service, cont'd.:

(M)

Without limiting the generality of the foregoing, if Customer is served by the Company through a PBX or any customer-owned or customer-controlled equipment, or Cox Business VoiceManager and Centrex then Customer shall immediately and continuously inform the Company of any and all changes to the PBX or other equipment which might impair the accuracy of the E911 database as to any users of the Company's services. Moreover, Customer shall timely inform all new and existing users of its equipment or its internal telephone systems of the limitations of E911 in such a setting and shall provide the users with instructions on how they should identify their physical location in situations in which a 911 call is placed.

The acknowledgments by, and obligations of, the Customer apply to any form of E911 service provided to the Customer by Company including its PS/ALI offering.

(M)

10. The entire liability of the Company for any claim, loss, damage or expense from any cause whatsoever shall in no event exceed sums actually paid to the Company by the Customer for the specific services giving rise to the claim, and no action or proceeding against the Company shall be commenced more than one year after the service is rendered.

(T)

11. The Company makes no warranties or representations, express or implied, including warranties of merchantability or fitness for a particular use, except those expressly set forth herein.

(T)

12. The Company shall not be liable for any act or omission of any other company or companies furnishing a portion of the service, or for damages associated with service, channels, or equipment which it does not furnish, or for damages which result from the operation of Customer-provided systems, equipment, facilities or services which are interconnected with Company services.

(T)

13. The Company does not guarantee or make any warranty with respect to service installations at locations at which there is present an atmosphere that is explosive, prone to fire, dangerous or otherwise unsuitable for such installations. The Customer shall indemnify and hold the Company harmless from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the Customer or by any other party, for any personal injury to, or death of, any person or persons, or for any loss, damage or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate maintenance, removal, presence, condition, locations or use of service furnished by the Company at such locations.

SECTION 2 - Regulations, cont'd.

2.1 Undertaking of the Company, cont'd.

2.1.4 Liability of the Company, cont'd.

14. The Company shall not be liable for the Customer's failure to fulfill its obligations to take all necessary steps including, without limitation, obtaining, installing and maintaining all necessary equipment, materials and supplies, for interconnecting the terminal equipment or communications system of the Customer, or any third party acting as its agent, to the Company's network. The Customer shall secure all licenses, permits, rights-of-way, and other arrangements necessary for such interconnection. In addition, the Customer shall ensure that its equipment and/or system or that of its agent is properly interfaced with the Company's service, that the signals emitted into the Company's network are of the proper mode, band-width, power, data speed, and signal level for the intended use of the Customer and in compliance with the criteria set forth in Section 2.1.6 following, and that the signals do not damage Company equipment, injure its personnel or degrade service to other Customers. If the Customer or its agent fails to maintain and operate its equipment and/or system or that of its agent properly, with resulting imminent harm to Company personnel, equipment, or the quality of service to other Customers, the Company may, upon written notice, require the use of protective equipment at the Customer's expense. If this fails to produce satisfactory quality and safety, the company may, upon written notice, terminate the Customer's service without liability.

2.1 Undertaking of the Company, cont'd.

2.1.4 Liability of the Company, cont'd.

15. The Company's liability arising from errors or omissions in Directory Listings, other than charged listings, shall be limited to the amount of actual impairment to the Customer's service and in no event shall exceed one-half the amount of the fixed monthly charges applicable to exchange service affected during the period covered by the directory in which the error or omission occurs. In cases of charged Directory Listings, the liability of the Company shall be limited to an amount not exceeding the amount of charges for the charged listings involved during the period covered by the directory in which the error or omission occurs. ***Such liability shall be limited to errors or omissions directly caused by Cox. Cox shall not be liable for errors or omissions in Directory Listings caused by either Incumbent Local Exchange Carriers ("ILECs") or by third parties that receive information provided by such ILEC in updating directory databases and publishing directories.***
16. In conjunction with a non-published telephone number, as described in Section 3.4.5.3, the Company will not be liable for failure or refusal to complete any call to such telephone when the call is not placed by number. The Company will try to prevent the disclosure of the number of such telephone, but will not be liable should such number be divulged.
17. When a Customer with a non-published telephone number, as defined herein, places a call to the Emergency 911 Service, the Company will release the name and address of the calling party, where such information can be determined to the appropriate local governmental authority responsible for the Emergency 911 Service upon request of such governmental authority. By subscribing to service under this tariff, Customer acknowledges and agrees with the release of information as described above.

LOCAL EXCHANGE SERVICE

SECTION 2 - Regulations, cont'd.

2.1 Undertaking of the Company, cont'd.

2.1.5 Notification of Service-Affecting Activities

The Company may provide the Customer reasonable notification of service activities that occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventive maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Customer to determine the reasonable notification requirements. However, some emergency or unplanned service-affecting conditions, such as outage resulting from cable damage, notification to the Customer may not be possible.

2.1.6 Provision of Equipment and Facilities

- 1.** The Company shall use reasonable efforts to make available services to a Customer on or before a particular date, subject to the provisions of and compliance by the Customer with, the regulations contained in this tariff. The Company does not guarantee availability by any such date and shall not be liable for any delays in commencing service to any Customer.
- 2.** The Company shall use reasonable efforts to maintain facilities that it furnishes to the Customer. The Customer may not, nor may the Customer permit others to, rearrange, disconnect, remove, attempt to repair or otherwise interfere with any of the facilities installed by the Company, except upon the written consent of the Company.

SECTION 2 - Regulations, cont'd.

2.1 Undertaking of the Company, cont'd.

2.1.6 Provision of Equipment and Facilities, cont'd.

3. Equipment installed at the Customer Premises for use in connections with the services the Company offers shall not be used for any purpose other than that for which the Company has provided it.
4. The Company shall not be responsible for the installation, operation or maintenance of any Customer provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of facilities offered under this tariff and to the maintenance and operation of such facilities. Beyond this responsibility, the Company shall not be responsible for:
 - A. the transmission of signals by Customer provided equipment or for the quality of, or defects in, such transmission; or
 - B. the reception of signals by Customer provided equipment; or
 - C. network control signaling where such signaling is performed by Customer-provided network control signaling equipment.

LOCAL EXCHANGE SERVICE

SECTION 2 - Regulations, cont'd.

2.1 Undertaking of the Company, cont'd.

2.1.7 Non-routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

Standard installation service charges reflect service provided between Monday through Saturday, 8:00 a.m. - 5:00 p.m., at current installation intervals and without work interruptions by the Customer. For Customer requests for expedited services that require installations on a date that is less than the normal offered interval, a 100% increase in applicable service charge shall apply, or if during a promotional period, the full non-discounted service charge would apply.

2.1.8 Ownership of Facilities

Title to all facilities provided in accordance with this tariff remains in the Company, its agents or contractors.

2.2 Prohibited Uses

2.2.1 The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.

2.2.2 The Company may require a Customer to immediately shut down its transmission of signals if said transmission is causing interference to others.

2.3 Minimum Period

The minimum period for which services are provided and for which rates and charges are applicable is one (1) month unless otherwise specified in this Tariff or by mutually agreed upon contract. When a service is discontinued prior to the expiration of the minimum period, charges are applicable, whether the service is used or not.

LOCAL EXCHANGE SERVICE

SECTION 2 - Regulations, cont'd.

2.4 Obligations of the Customer

2.4.1 General

The Customer shall be responsible for:

1. the payment of all applicable charges pursuant to this tariff;
2. reimbursing the Company for damage to, or loss of, the Company's facilities or equipment caused by the acts or omissions of the Customer; or the noncompliance by the Customer, with these regulations; or by fire or theft or other casualty on the Customer's premises, unless caused by the negligence or willful misconduct of the employees or agents of the Company. The Company will, upon reimbursement for damages, cooperate with the Customer in prosecuting a claim against the person causing such damage and the Customer shall be subrogated to the Company's right of recovery of damages to the extent of such payment.
3. providing at no charge, as specified from time to time by the Company, any needed personnel, equipment, space and power to operate Company facilities and equipment installed on the premises of the Customer, and the level of heating and air conditioning necessary to maintain the proper operating environment on such premises;
4. If an eMTA is installed at the customer premises, monitoring the battery in the eMTA and contacting Cox for a replacement when the battery no longer is able to function properly, including but not limited to the ability to maintain a charge, and must be replaced;
5. obtaining, maintaining, and otherwise having full responsibility for all rights-of-way and conduit necessary for installation of fiber optic cable and associated equipment used to provide local exchange service to the Customer from the cable building entrance or property line to the location of the equipment space described in 2.4.1.3, of this sub-section. Any costs associated with obtaining and maintaining the rights-of-way described herein, including the costs of altering the structure to permit installation of the Company-provided facilities, shall be borne entirely by, or may be charged by the Company to, the Customer. The Company may require the Customer to demonstrate its compliance with this section prior to accepting an order for service.
6. providing a safe place to work and complying with all laws and regulations regarding the working conditions on the premises at which Company employees and agents shall be installing or maintaining the Company's facilities and equipment. The Customer may be required to install and maintain Company facilities and equipment within a hazardous area if, in the Company's opinion, injury or damage to the Company's employees or property might result from installation or maintenance by the Company. The Customer shall be responsible for identifying, monitoring, removing and disposing of any hazardous material (e.g. friable asbestos) prior to any construction or installation work;

2.4.1 General, cont'd.

The Customer shall be responsible for: cont'd.

7. complying with all laws and regulations applicable to, and obtaining all consents, approvals, licenses and permits as may be required with respect to, the location of Company facilities and equipment in any Customer premises or the right-of-way for which Customer is responsible under Section 2.4.1.4 of this sub-section; and granting or obtaining permission for Company agents or employees to enter the premises of the Customer at any time for the purpose of installing, inspecting, maintaining, repairing, or upon termination of service as stated herein, removing the facilities or equipment of the Company; (T)
8. not creating or allowing to be placed or maintained any liens or other encumbrances on the Company's equipment or facilities; and (T)
9. making Company facilities and equipment available periodically for maintenance purposes at a time agreeable to both the Company and the Customer. No allowance for interruptions in service will be made for the period during which service is interrupted for such purposes. (T)
10. allowing the Company, or its agent, access to the property, with no notice, to remove Company facilities and/or equipment when customer has discontinued service. (T)
11. providing the Company with written notification of any change in name, ownership or control. (T)
12. ensuring that the Customer-provided equipment (CPE), such as a Private-Branch Exchange (PBX), provisioned on the Company's network is maintained and operated in a fashion to deter fraudulent or unauthorized access to the CPE. The Customer is responsible for payment of all charges incurred on their monthly billing statement. (T)
13. ensuring that station location information for all Customer-provided Multi-Line Telephone Systems (MLTS), or PBXs, is current in the PS-ALI, so that emergency responders have the ability to locate the station in emergency situations. (T)

SECTION 2 - Regulations, cont'd.

2.4 Obligations of the Customer, cont'd.

2.4.2 Residential Service

1. Residential Service will be provided as listed below:

- Individual lines which terminate at a private residence location that is not advertised or used as a place of business, and where a business listing is not employed in the Company's telephone directory.
- Subscribers residing in private apartments, rooming houses or boarding houses, clubs or hospitals who request their own individual residential service and where business listing is not employed in the Company's telephone directory.
- Detached structures when strictly used as a part of the residence on the same premises and is not used as a place of business.
- Subscribers residing in college sorority or fraternity houses or University Dormitory Rooms who order their own individual residence service for their answering bureau.

In the event a Customer's service is discovered to be in violation of the provisions above, Cox shall back-bill to recover the under charge(s). To determine the amount of under charge the telephone company shall first review its' service records to determine the period of under charge. Should the Customer dispute the period determined by the telephone company, the Customer has the burden of demonstrating a shorter period of under charge. In cases where Company service records do not indicate a probable period of under charge, a period of 12 months shall be used and the burden of demonstrating a shorter period shall be upon the Customer. The under charge shall be assessed based upon business rates less prior payments.

The Company, upon failure of the Customer to pay the amount back-billed, shall suspend service to the Customer until such time as the back-billed amount plus late payment penalty, if any, are paid in full.

A Residential Customer may not port a Business telephone number to the Company as a Residential telephone number.

2.4 Obligations of the Customer, cont'd.

2.4.3 Claims

With respect to any service, equipment or facility provided by the Company, Customer shall indemnify, defend and hold harmless the Company from all claims, actions, damages, liabilities, costs and expenses, including reasonable attorneys' fees for:

1. any loss, destruction or damage to property of the Company or any third party, or the death of or injury to persons, including, but not limited to, employees or invitees of either the Company or the Customer, to the extent caused by or resulting from the negligent or intentional act or omission of the Customer, its employees, agents, representatives or invitees; or
2. any claim, loss damage, expense or liability for infringement of any copyright, patent, trade secret, or any proprietary or intellectual property right of any third party, arising from any act or omission by the Customer, including, without limitation, use of the Company's services and facilities in a manner not contemplated by the agreement between the Customer and the Company.

2.4.4 Private Identification Number ("PIN") Access

The F.C.C. required that Customers set up and use a Private Identification Number ("PIN") when communicating with the Company to obtain certain information about, or to make certain changes to, their telephone account. Use of this PIN may be waived when communicating with an account representative dedicated to a Customer's account. 2.5 Customer Equipment and Channels

2.5.1 General

A Customer may transmit or receive information or signals via the facilities of the Company.

2.5.2 Station Equipment

1. The Customer is responsible for providing and maintaining any terminal equipment on the Customer's premises. The electric power consumed by such equipment shall be provided by, and maintained at the expense of, the Customer. All such terminal equipment must be registered with the FCC under 47 C.F.R., Part 68 and all wiring must be installed and maintained in compliance with those regulations. The Company will, where practicable, notify the Customer that temporary discontinuance of the use of a service may be required; however, where prior notice is not practicable, nothing contained herein shall be deemed to impair the Company's right to discontinue forthwith the use of a service temporarily if such action is reasonable under the circumstances. In case of such temporary discontinuance, the Customer will be promptly notified and afforded the opportunity to correct the condition which gave rise to the temporary discontinuance. During such period of temporary discontinuance, credit allowance for service interruptions as set forth in Section 2.10, Allowances for Interruption of Service, following, is not applicable.
2. The Customer is responsible for ensuring that Customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities. The magnitude and character of the voltages and currents impressed on Company provided equipment and wiring by the connection, operation, or maintenance of such equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or injury to the Company's employees or other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Customer's expense.
3. ensuring that the Customer-provided equipment (CPE), such as a Private-Branch Exchange (PBX), provisioned on the Company's network is maintained and operated in a fashion to deter fraudulent or unauthorized access to the CPE. The Customer is responsible for payment of all charges incurred on their monthly billing statement.
4. ensuring that station location information for all Customer-provided Multi-Line Telephone Systems (MLTS), or PBXs, is current in the PS-ALI, so that emergency responders have the ability to locate the station in emergency situations.

2.5 Customer Equipment and Channels, cont'd.

2.5.3 Interconnection of Facilities

1. Any special interface equipment necessary to achieve compatibility between the facilities and equipment of the Company used for furnishing local exchange service and the channels, facilities, or equipment of others may be provided at the Customer's expense.
2. Local Services may be connected to the services or facilities of other communications carriers only when authorized by, and in accordance with, the terms and conditions of the tariffs of the other communications carriers which are applicable to such connections.
3. Facilities furnished under this tariff may be connected to Customer provided terminal equipment in accordance with the provisions of this tariff.

2.5.4 Inspections

1. Upon reasonable notification to the Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements set forth in Section 2.5.2.2, Station Equipment, for the installation, operation, and maintenance of Customer-provided facilities and equipment to Company-owned facilities and equipment. No credit will be allowed for any interruptions occurring during such inspections.
2. If the protective requirements for Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment, and personnel. The Company will notify the Customer promptly if there is any need for further corrective action. Within 10 days of receiving this notice the Customer must take this corrective action and notify the Company of the action taken. If the Customer fails to take such actions and provide such notice, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment and personnel from harm. The Company will, upon request 24 hours in advance, provide the Customer with a statement of technical parameters that the Customer's equipment must meet.

SECTION 2 - Regulations, cont'd.

2.6 Payment Arrangements

2.6.1 Payment for Service

The Customer is responsible for payment of all charges for service and facilities furnished by the Company to the Customer or its Joint or Authorized Users. Objections must be received by the Company within 90 days after statement of account is rendered, or the charges shall be deemed correct and binding upon the Customer. If an entity other than the Company imposes charges on the Company, in addition to its own internal costs, in connection with a service for which a Company Non-Recurring Charge is specified, those charges may be passed on to the Customer.

- 1. Taxes:** The Customer is responsible for the payment of any sales, use, gross receipts, excise, access or other local, state and federal taxes, charges or surcharges (however designated) excluding taxes on the Company's net income imposed on or based upon the provision of Local Exchange Service, all of which shall be separately designated on the Company's invoices. Any taxes imposed by a local jurisdiction (e.g., County and municipal taxes) will only be recovered from those Customers residing in the affected jurisdictions. It shall be the responsibility of the Customer to pay any such taxes that subsequently become applicable retroactively.
- 2.** A surcharge is imposed on all charges for service originating at addresses in states which levy, or assert a claim of right to levy, a gross receipts tax on the Company's operations in any such state, or a tax on interstate access charges incurred by the Company for originating access to telephone exchanges in that state.¹ This surcharge is based on the particular state's receipts tax and other state taxes imposed directly or indirectly upon the Company by virtue of, and measured by, the gross receipts or revenues of the Company in that state and/or payment of interstate access charges in that state. The surcharge will be shown as a separate line item on the Customer's monthly invoice.

¹ Pending the conclusion of any challenge to a jurisdiction's right to impose a gross receipts tax, the Company may elect to impose and collect a surcharge covering such taxes, unless otherwise constrained by court order or direction, or it may elect not to impose and collect the surcharge. If it has collected a surcharge and the challenged tax is found to have been invalid and unenforceable, the Company will credit or refund such amounts to affected Customers, if the funds collected were retained by the Company or if they were delivered over to the taxing jurisdiction and returned to the Company.

2.6.2 Billing and Collection of Charges

Bills will be rendered monthly to Customer.

1. All service, installation, monthly Recurring Charges and Non Recurring Charges are due and payable upon receipt.
2. The Company shall present bills for Recurring Charges monthly to the Customer, in advance of the month which service is provided.
3. For new customers or existing customers whose service is disconnected, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.
4. Amounts not paid within **20** days after the date of invoice are considered past due. If the Company does not receive the entire amount billed by the due date, a late payment charge of \$3.99 on day **20** and \$4.99 on day 45 for residential and \$25.00 for business may be assessed on a balance not previously assessed. (T)
5. When a Customer makes a payment to the Company in the form of a check, bank draft, credit card, debit card or other non-cash payment method, and the payment is returned to Cox unpaid, a \$30.00 returned item fee may be applied to the Customer's account. (T)
6. Should service be suspended for nonpayment of charges, it will be restored upon the Customer's payment of the charges applicable for restoration of service as set forth in Section 3.1.2.1, Local Line Rates and Charges, following, and as further outlined in Section 2.7, Restoration of Service, following.
7. For disconnected bundled-service accounts consisting of regulated and unregulated services, Cox may apply any credit balance on a regulated or unregulated service against any indebtedness on any regulated or unregulated service on the same bundled-service account. (N)

2.6.3 Disputed Bills

The Customer shall notify the Company of any disputed items on a bill within 90 days of receipt of the bill.

- 1.** The date of the dispute shall be the date the Company receives sufficient documentation to enable it to investigate the dispute.
- 2.** The date of the resolution is the date the Company completes its investigation and notifies the Customer of the disposition of the dispute.

2.6.4 Advance Payments

To safeguard its interests, the Company may require a Customer to make an Advance Payment before services and facilities are furnished. The Advance Payment will not exceed an amount equal to one month's charges for the service or facility. The Advance Payment will be credited to the Customer's initial bill, and may be required in addition to a deposit. However, the Deposit plus Advance Payment will not exceed the Customer's projected billing for two and one-half months.

2. A applicant shall be required to pay a deposit if:

- A. The Company establishes that the subscriber has unsatisfactory credit rating, or has an insufficient prior credit history upon which a credit rating could be based; or
- B. The Customer has outstanding, with any utility, an undisputed and unpaid service account within the last five (5) years; or
- C. The Customer has, in an unauthorized or illegal manner, interfered with or used the service of a telephone company within the past five (5) years; or
- D. The Customer during the last twelve (12) consecutive months was delinquent in the payment of a telecommunications service provider or Cox Affiliated Company account on more than two (2) occasions, presented a dishonored check for payment of a telecommunications service or Cox Affiliated Company account or had service disconnected due to nonpayment of a telecommunications or Cox Affiliated Company service.

- 3.** The Company shall permit payment of any required residential deposit in equal installments over a period of at least two months and, if the initial or additional deposit required is over one-hundred dollars (\$100), over a period of at least three months: except that, in lieu of permitting such installment payments, the Company may continue to provide local service while restricting access to the toll network until the required deposit is paid if such restriction does not interfere with the ability to make emergency calls. Such charge shall be as provided in rules, regulations or tariffs filed with and approved by the Georgia Public Service Commission.
- 4.** Cox shall pay interest on cash deposits no less than the rate established by the Georgia Public Service Commission, which is currently 7% per annum (effective April 1, 1980).
- 5.** If a refund or credit of the deposit is made within ninety days (90) of receipt of the deposit, no interest payment shall be made. If Cox retains the deposit more than ninety days (90), payment of interest shall be made retroactive to the date of deposit. No interest shall accrue on a deposit after discontinuance of service. Cox will provide payment of accrued interest for all end-users annually by negotiable instrument or by credit against current billing.
- 6.** The deposit shall cease to draw interest on the date it is returned or credited to the End-User's account.
- 7.** In determining the amount of any deposit, no charges for estimated telephone directory advertising will be used.
- 8.** The amount of the deposit shall be applied to any unpaid charges at the time of a discontinuance of services. The balance, if any, shall be returned to the Customer within thirty-days (30) after settlement of the consumer's account, either in person or by mailing it to the last known address.

- 9.** If service is not connected, or after disconnection of service, Cox shall promptly and automatically refund or credit the Customer's deposit in excess of the unpaid bills for service furnished. A transfer of service from one (1) premise to another within the area of Cox shall not be deemed a disconnection within the meaning of this rule, and no additional deposit may be required unless otherwise permitted by these rules.
- 10.** Cox shall automatically refund or credit the deposit for residential service, with accrued interest, after twelve (12) months' satisfactory payment of undisputed charges and where payment was not late more than once; provided, however, that service has not been disconnected within the twelve (12) month period for nonpayment. Payment of a charge shall be deemed satisfactory if received on or prior to the date the bill is due. Payment of a charge shall be deemed not satisfactory if made by a check that is subsequently dishonored.
- 11.** Cox may withhold refund or return of the deposit, pending the resolution of a dispute with respect to charges secured by the deposit.
- 12.** The deposit made by the End-User with Cox at the time of application for telephone service shall not constitute an advance payment to cover service bills, but for all purposes it is to be considered as security for the payment of monthly bills or other proper charges.

2.6.6 Refusal or Discontinuance of Service

1. Cox may refuse service, suspend or terminate existing service to an end-user without notice for tampering with Cox's equipment, or misuse or abuse thereof in order to avoid payment of lawful charges or use thereof in such manner as to create danger to life or property of Cox or other end-users.
2. Cox may refuse service, suspend or terminate existing service to a Customer pursuant to the disconnect procedure defined below for any of the following reasons:
 - A. With required notice, nonpayment of a bill within the period prescribed by these tariffs and/or nonpayment of a single bill within a multiple bill account.
 - B. Failure to make a security deposit as set forth in these tariffs.
 - C. Violation of or noncompliance with any provision of law or these tariffs.
 - D. Refusal to permit Cox reasonable access to its telecommunications facilities for recovery, maintenance, and inspection thereof.
 - E. Interconnection of a device, line, or channel to Cox's facilities or equipment contrary to Cox's terms and conditions of service on file with and approved by the Commission.
 - F. Improper use of telephone service, or use in such manner as to interfere with reasonable service to other customers.
 - G. Use of service or facilities for a call or calls, in a manner reasonably expected to frighten, abuse, torment, or harass another user of the Public Switch Telephone Network.
 - H. Any other violation of the Company's regulations.

- D. Prior to disconnection of service for calls described in parts A. and B. above, the Company will make reasonable effort to persuade the Customer placing such calls to cease all such activity. If such activity persists, the Company may, at its option, disconnect service. Prior to disconnection of service for calls described in part C. above, the Company may, at its option, refuse to transact business with the Customer except by written communication. If the Customer continues to engage in conduct set forth in section C above, the Company may, at its option, immediately discontinue service.
- E. For the purpose of this section 2.5.6, telephone calls shall include Customer's usage of facsimile, paging or any other communication devices to access the service provided by the Company.
- F. Company may disconnect service to any Customer who violates 47 U.S.C. §227, Restrictions on the Use of Telephone Equipment.

2.7 Restoration of Service

If service has been discontinued for nonpayment as set forth in 2.6.2.6, preceding, or as otherwise provided herein and the Customer wishes it continued, service shall, at the Company's discretion, be restored when all past due amounts are paid or the event giving rise to the discontinuance (if other than nonpayment) is corrected.

2.8 Toll Restriction– Company Initiated

If a Customer in any single month, accrues toll charges in excess of twice the average monthly toll charges of the Company's Customers in the same class of service (residential or business) or twice the actual monthly average of the individual Customer's charges, whichever is greater, the Company will review the Customer's previous billing, payment and credit history. If the Customer's account is deemed to be a credit risk, as described in Section 2.6.5, Deposits, preceding, the Company will attempt to contact the Customer to make inquiries concerning the abnormal usage and may require a security and/or payment of charges on the account to continue toll service. If the Customer does not respond, the Company may suspend toll service. The Company will notify the Customer within 24 hours of initiating the toll restriction.

A Customer who has had toll restriction placed on their account will not be able to dial or complete inter/intraLATA toll calls.

2.10 Allowances for Interruptions of Service

2.10.1 Credit for Interruptions

The Company shall make an adjustment or refund as required below if a Customer's service is interrupted otherwise than by negligence or willful act of the Customer. The adjustment or refund shall be a pro rata part of the monthly local service and miscellaneous equipment charges for the period of time during which service is interrupted: except an adjustment or refund is not required for the time when the company stands ready to repair or restore service and the Customer does not provide access necessary for the repair or restoration. The adjustment or refund may be accomplished by a credit on a subsequent bill for telephone service. An adjustment or refund shall be made:

Upon a subscriber's oral or written request, if the service interruption lasts twenty-four (24) hours after being reported to the Company and the adjustment or refund exceeds \$1.00 in amount.

For calculating credit allowances, every month is considered to have 30 days. A credit allowance is applied on a pro rata basis against the Monthly Recurring Charges specified herein for Local Line or Cox Connect Service and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.

Terms and Conditions

1. The applicable monthly recurring charge for Cox Voice Preferred will be billed in advance in accordance with rules of this tariff applicable to the payment of recurring charges for local exchange service.
2. The unlimited toll calls under this package may be directly dialed from the line designated by the Customer to any place within Georgia, the 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam, CNMI, American Samoa and Canada.
3. The unlimited intraLATA and interLATA toll minutes included in this package (1) shall apply exclusively to direct-dialed calls made from the line subject to this plan, (2) have no cash value for refund purposes, (3) are not transferable or assignable, and (4) shall not apply toward operator-assisted, collect calls, calls billed to a third party or credit cards, or calls to directory assistance.
4. International toll calls to landlines in Mexico are included in this package.
5. If usage under this plan is not consistent with typical Residential Customer usage, at the Company's sole discretion, the Company may suspend, restrict or cancel Customer's service without prior notice. Calls that are not consistent with typical Residential voice use include but are not limited to: non-voice services, use for general business purposes, commercial facsimile, auto-dialing, resale, call centers and telemarketing. Callers must dial 1+ area code + 7-digit telephone number for the call to be included in the Cox Unlimited plan. This is a flat rate call plan; call detail is not available with this plan. Customers must subscribe to Cox Long Distance and also to the Company's local exchange service. This plan is available to Customers on a per-line basis. Unlimited service is reserved for direct-dialed long distance calls and does not include multi-party conference calls or multiparty chat lines, directory assistance, per-use feature calling, operator services, international calling and toll free calling services; such calls are subject to additional charges. Custom Calling Features are optional central office services furnished to individual line Customers. Custom Calling Features are available where facilities exist and operating conditions permit.

A. Feature Descriptions

Anonymous Call Rejection: Allows the Customer to reject incoming calls from callers that intentionally block their caller identification information.

Busy Line Redial: Allows a Customer to program his or her telephone to automatically redial a busy number. This feature is available on a per-line (monthly) basis or on a per-use basis.

Call Forwarding: Allows the Customer to program his or her telephone so that incoming calls are forwarded to another number.

Call Forwarding - Busy: Automatically forwards all incoming calls to a Customer-defined alternate number when the Customer's line is off hook.

Call Forwarding - No Answer: Automatically routes incoming calls to a designated answering point when the called line does not answer within a pre-specified number of rings.

Call Forwarding on Call Waiting: Provides the capability to forward unanswered waiting calls to a subscriber-designated number by using the combined functions of Call Waiting and Call Forward Do Not Answer. An incoming call to a busy line first receives standard waiting treatment in which an audible tone is heard by the called party and audible ringing is heard by the calling party. If the call is not answered after a period of time equal to the time-out value of Call Forward-Do Not Answer, the incoming call is given Call Forward - Do Not Answer treatment.

Call Forwarding - Remote Access: Allows the Customer to change the forwarding of a call (edit, activate, or deactivate) from a remote location by dialing in and pressing a series of codes.

A. Feature Descriptions, cont'd.

Call Number Block (per call block): Allows the party placing an outgoing call to block the delivery, on a per call basis, of the caller's identifying information, his or her name and telephone number (TN) from caller ID display devices. (Exceptions to call number block are E911 and Toll Free Service.)

Call Number Block (per line block): Allows the party placing an outgoing call to always block their name and telephone number (TN) from the party receiving the call. (Exceptions to call number block are E911 and Toll Free Service.)

Call Return: Provides the Customer an announcement of the last phone number that called them. This feature is available on a per-line (monthly) basis or on a per-use basis.

Call Trace: Allows a Customer who has been receiving harassing or annoying phone calls to have the number of the calling party recorded by the Company's switch and kept by the Company. Customer must then file a complaint with appropriate law enforcement agency. The law enforcement agency will be permitted access to the recorded information. However, the calling party information will not be disclosed to the Customer. This feature is only available on a per use basis for Residential Customers and is only available.

Call Transfer: Allows a customer to communicate between telephone instruments connected to the same primary access line; when another telephone on the line is answered, ringing stops. The originator of the call then picks up his receiver and communication begins. Customers that subscribe to Call Transfer will be provisioned with Call Hold, which allows the User to hold one call for any length of time provided that neither party goes On Hook.

Call Waiting: The subscriber, already involved in a call, receives a tone that another incoming call is waiting to be answered. The called party, hearing the call-waiting tone during the existing conversation, can choose to flash the hook-switch and connect to the incoming call. This feature includes Cancel Call Waiting which allows the subscriber to enter a code that disables the Call Waiting feature so that he or she will not hear a tone during a conversation with another party.

Call Waiting ID: Allows the subscriber to receive calling party information during call waiting. Call Waiting ID presents the subscriber with a set of options to treat the incoming call. These options include forwarding the call, placing the call on hold, sending the call to treatment, placing the existing call on hold and answering the incoming call, or answering the call and dropping the existing call. This feature requires specialized Customer Premises Equipment.

Caller ID (Caller Name & Number Delivery): Allows the called party to see the name and where available the telephone number of the calling party. This feature requires specialized Customer Premises Equipment.

Circular Hunt: The inbound calls starts hunting from the previous line called and hunts in a circular fashion until it again reaches the previous line called. All lines in the hunt group may be hunted regardless of the start point of the hunting.

Directory Number Hunt: Hunting starts from the top of the group list every time, then goes to the first idle line it finds.

Distinctive Ring: Where facilities and operating conditions permit, this feature allows up to four directory numbers to terminate on a telephone line and telephone set. Each directory number has a distinctive ringing sequence and is priced separately.

Priority Ringing: Allows up to 31 directory numbers to be automatically identified by distinctive ringing. If a subscriber is engaged in conversation and a call from one of the designated directory numbers arrives, a distinctive call waiting tone accompanies the incoming call. All other calls ring normally.

3.2 Directory Assistance

A Customer may obtain Directory Assistance in determining telephone numbers within its local calling area by calling the Directory Assistance operator.

3.2.1 Charges for Directory Assistance Calls:

Residential: \$2.49 per call per month
Business: **\$2.49** per call per month

(I)

The Customer may request a maximum of two telephone numbers per call to Directory Assistance service.

3.2.2 Customers with multiple-line residence service shall be allowed two additional calls per month or four additional Directory Assistance listings (whichever is used first) per line. Call allowances are not applicable to business class of service.

3.2.3 A credit will be given for calls to Directory Assistance as follows:

- The Customer experiences poor transmission or is cut-off during the call; or
- The Customer is given an incorrect telephone number.

To obtain such a credit, the Customer must notify its Customer Service representative.

3.2.4 Charges for Directory Assistance (DA) are not applicable to calls placed from Customers whose physical, visual, mental or reading disabilities prevent them from using the telephone or the directory. The method of exempting those disabled Customers shall be via the completion of an exemption form supplied by the Company and the Company's acceptance of that form. The exemption for disabled Customers includes sent-paid calls from the Customers' local exchange service. If abuse of this exemption is confirmed by investigation, this exemption may be removed. Third number billing of DA calls to the disabled Customers' local exchange service are not exempt.

3.2.5 Charges for Directory Assistance Service are not applicable to calls placed from Hospitals.

LOCAL EXCHANGE SERVICE

SECTION 3 - Service Descriptions, cont'd.

3.3 Operator Assistance

A Customer may obtain the assistance of a local operator to complete local exchange telephone calls in the following manner. In addition to the rates specified in Section 3.1, surcharges as specified in Section 3.3.1 will apply:

Third Number Billing: Provides the Customer with the capability to charge a local call to a third number which is different from the called or calling party. The party answering at the third number has the option to refuse acceptance of the charges in advance or when queried by the operator.

Collect Calls: Provides the Customer with the capability to charge a call to the called party. On the operator announcement of a collect call, the called party has the option to refuse acceptance of charges in advance or when queried by the operator.

Calling Cards: Provides the Customer with the capability to place a call using a calling card of an Interexchange Carrier with or without the assistance of an operator.

Person to Person: Calls completed with the assistance of an operator to a particular Station and person specified by the carrier. The call may be billed to the called party.

Station to Station: Calls complete with the assistance of an operator to a particular Station. The call may be billed to the called party.

General Assistance: The Customer has the option to request general information from the operator, such as dialing instructions, country or city codes, area code information and Customer Service 800/888 telephone numbers, but does not request the operator to complete the call.

3.4 Directory Listings

The Company shall provide for a single directory listing, termed the primary listing, in the telephone directory published by or on behalf of the incumbent local exchange carrier in the Customer's exchange area of the Station number which is designated as the Customer's main billing number. Directory listings of additional Customer Station numbers, other than the Customer's main billing number, associated with a Customer's service will be provided for a monthly recurring charge per listing.

3.4.1 Directory listings must be in the name of a person who lives at a residence and must be a legally authorized or adopted name. Listings may reflect **full first/ given** name or initials of **that name**. For example, John Smith may be listed as John or J. Smith. (T)

3.4.2 The Company may refuse a listing which is known not to constitute a legally authorized or adopted name, a listing containing obscenities in the name, or any listing which in the opinion of the Company, is likely to mislead or deceive calling persons as to the identity of the listed party, or is a contrived name used for advertising purposes or to secure a preferential position in the directory or is more elaborate than is reasonably necessary to identify the listed party. The Company, upon notification to the Customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.

3.4.3 The Company reserves the right to limit the length of any listing in the directory by the use of abbreviations when, in its judgment, the clearness of the listing or the identification of the Customer is not impaired thereby. Where more than one line is required to properly list the Customer, no additional charge is made.

3.4.3 To ensure that listings are placed in the appropriate section of the directory each Residential listing must be designated "Residential" and each commercial listing must be designated "Business" or "Government". To aid the Customer of the directory, and to avoid misleading or deceiving the calling party as to the identity of the listed party, only business listings may be placed in the Business Section and only Residential listings may be placed in the Residential Section. The Company, upon notification to the Customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.

SECTION 3 - Service Descriptions, cont'd.

3.4 Directory Listings, cont'd.

3.4.4 In order for listings to appear in an upcoming directory, the Customer must furnish the listing to the Company in time to meet the directory publishing schedule.

3.4.5 Directory listings are provided in connection with each Customer service as specified herein.

1. Primary Listing

A primary listing contains the name of the Customer, or the name under which a business is regularly conducted, as well as the address and telephone number of the Customer. This listing is provided at no additional charge.

2. Additional Listings

In connection with business service, additional listings are available only in the names of Authorized Users of the Customer's service, as defined herein. Rates for additional listings are specified in Section 3.4.6, Directory Listing Rates, Residential, following.

3. Non-published Listings

Listings that are not printed in directories nor available from Directory Assistance.

A Non-published Telephone Service will be furnished at the Customer's request providing for the omission or deletion of the Customer's telephone listing from the telephone directory and, in addition, the Customer's telephone listing will be omitted or deleted from the directory assistance records, subject to the provisions set forth in Section 2.1.4, Liability of the Company. Rates for Non-published Listings are as specified in Section 3.4.6, Directory Listing Rates, Residential, following. Additional residential lines used for facsimile machines and computer modems will not be assessed this fee.

4. Non-Directory Listed

A non-directory listed number will be furnished at the Customer's request, providing for the omission or deletion of the Customer's listing from the telephone directory. Such Listings will be carried in the Company's directory assistance and other records and will be given to any calling party. Rates for Non-listed Listings are specified in Section 3.4.6, Directory Listing Rates, Residential, following. Additional residential lines used for facsimile machines and computer modems will not be assessed this fee.

5. Premium Listing

A premium listing includes the following directory listings: Alternate, Alpha, Cross Reference, Foreign, Informational, and Temporary.

3.5 Emergency Services (Enhanced 911)

Allows Customers to reach appropriate emergency services including police, fire and medical services. Enhanced 911 has the ability to selectively route an emergency call to the primary E911 provider so that it reaches the correct emergency service located closest to the caller. In addition, the Customer's address and telephone information will be provided to the primary E911 provider for display at the Public Service Answering Point (PSAP).

3.6 Employee Discounts

A discount is allowed from the standard residential rates for services furnished at residences of officials and employees of the Company.

3.7 UAF Compliance

The Company will comply with, and will cause its Customers to comply with, the Commission's Universal Access Fund requirements as set forth in OCGA Section 46-5-167 or in any Commission order, rule or regulation adopted or promulgated thereunder. The surcharge will be shown as a separate line item on the Customer's monthly invoice and will read: State Universal Access Fund (UAF) Surcharge. The rate of the surcharge will be equal to the contribution factor established by the Commission. (T)

3.7.1 711 Dialing Code for Telephone Relay Service Compliance

1. General

- a. 711 Dialing Code ("711") is a three-digit local dialing arrangement for telephone voice transmission access to all relay service entities as a toll free call. Pursuant to FCC Order 00-257, the Commission assigned 711 dialing code for nationwide toll free access to TRS entities, implemented no later than October 1, 2001.
- b. Pursuant to the Georgia Public Service Commission TRS Twelfth Amendatory Letter Order issued November 13, 2000, the 711 Dialing Code is assigned for telephone relay services to be implemented for subscriber use no later than March 1, 2001.
- c. The 711 access code is available within the Cox service area, except for certain non-residential services, i.e., hotel, motel, inmate, and third party calls.

2. Requirements and Conditions

- a. The 711 Dialing Code is provided where facilities and conditions permit and will be provided under the following conditions:
 - 1 The TRS service provider will provision adequate telephone facilities to adequately handle 711 call volume.
 - 2 The TRS service provider is responsible for, and shall indemnify, defend and hold harmless the Company against all suits, actions, claims, demands and judgements and all costs, expenses and attorney's fees incurred on account of, arising out of and resulting directly or indirectly from the service or in connection with any loss, damage, expense or liability resulting from any infringement or claim of infringement, of any patent, trademark, copyright, or resulting from any claim of liable or slander.

3.8 Temporary Suspension of Service - Customer Initiated

Temporary Suspension of Service is available to Residential Customers and is provided at the customer's **request pursuant to the terms and rate below.**

(T)

3.8.1 Terms and Conditions

- The suspension rate will not be applicable until after the service has been in effect for at least one full month.
- **A service must remain on seasonal for a minimum of thirty (30) days. After nine (9) consecutive months of seasonal, or a total of 9 months within a calendar year, services are subject to return to full billing as subscribed to prior to implementing seasonal service.** The full service rate will apply, if service is restored within 15 days after the date beginning the suspension of service.
- **A service can be placed in seasonal service no more than twice in a calendar year, with a minimum of thirty (30) days of regular billing in between.**
- **A customer may put different services on seasonal service status at different times.**
- If the service is suspended for a period of **31** days or longer, the reduced rate as set forth below will apply. The normal monthly recurring rates will be suspended and replaced by the monthly rate below.

4.1 IntraLata Toll Service

4.1.1 Description of Service

1. Class of Calls, cont'd.

A. Station-to-Station, cont'd.

The Station-to-Station class of service also applies when the Operator:

1. Records the calling telephone number for areas without automatic recording equipment.
2. Reaches the called telephone number because of trouble on the network or because dial completion is not available.
3. Places a call for a calling party who is identified as being disabled and is unable to dial the call because of that disability.
4. Reestablishes a dialed call when there is a service fault that interrupts a call after the called person has been reached.

B. Operator Services

1. Operator Station

Operator Station rates apply when the Customer places a call with the assistance of a Company Operator or mechanized response system.

C. Person-to-Person

Person-to-Person charges apply when the calling party specifies to the operator a particular person to be reached, or a particular station, department, or office to be reached through a PBX or Centrex attendant. After the called station has been reached, if the called party is unavailable and the calling party requests or agrees to speak to a party other than the party initially specified, the call is still billed as a Person-to-Person call. The calling party is responsible for identifying the party at the called station.

SECTION 4 - Interexchange Service

4.1 IntraLata Toll Service, cont'd.

4.1.2 Timing of Messages

1. Unless otherwise indicated, all residential calls are timed in one-minute increments.
2. For station to station calls, call timing begins when a connection is established between the calling and called stations.
3. For person to person calls, call timing begins when connection is established between the calling person and the particular person, station, or mobile unit specified, or an agreed upon alternate.
4. Call timing ends when the called station "hangs up," thereby releasing the network connection. If the called station hangs up but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network, or by the Company operator.

B. Cox Business Nickel Plan

This Business Nickel Call Plan provides Cox Business Customers with a competitively priced alternative to the standard long distance plan. The Call Plan is available to new and existing customers who subscribe to one of the four term call plans (one-, two-, three-, or five-year term commitment) and choose Cox Long Distance for both PIC and LPIC. The plan is a flat \$0.05 per-minute all day, everyday on direct dialed intrastate calls with no monthly recurring charge and billed on six-second increments. Additionally, there is a corresponding interstate call plan that includes state-to-state calls to all 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin islands, Guam and CNMI. As an added benefit to this plan, the Customer will receive free LD minutes each month depending on the number of lines associated with the account pursuant to the table below. The benefit is granted per account.

C. Cox Business Solutions Calling Plan

(N)

The Cox Business Solutions Calling Plan (the "Plan") enables Business Customers who subscribe to Cox Local Service to receive reduced rates on their domestic long distance and toll free service based on the monthly call volume and the term commitment of the plan selected. No minimum usage obligations are associated with the Plan. The Customer must select Cox as their PIC and their PIC.

The Plan is available in one-, two-, three-, four-, or five-year term commitments. The term of the selected commitment will commence on the first day of the next complete billing month following the execution of the Customer Service Agreement that references this Plan.

The Plan is shared among a Business Customer's access lines that are presubscribed to Cox LD. The Plan is billed in 6-second increments and rounds up to the next highest 6-second increment for partial increments.

If the Customer terminates their Plan prior to the expiration of the selected term, or the Customer fails to meet all of the conditions under this Plan, Cox may, at its option, (i) re-rate the Customer's usage to the nearest qualifying term plan; or (ii) if terminated in the first year, re-rate the Customer's usage at the Standard Service Plan rate of \$0.10 per minute.

The Plan is an intrastate service and does not apply to the following calls, services or applications and cannot be used in conjunction with: Collect Calls; Calling Card; Calls to 555, 700, 900, 976 Services; Third Number Billed; Directory Assistance and Directory Assistance Call Completion; Repeat Call; Return Calls (per activation); Person-to-Person Calls; Intercept Call Completion; Operator Handled Calls; Three-Way Calling (per activation); Call Centers; Automatic Dialing Equipment.

Calls that originate and terminate in the State of Georgia will be assessed the following per Minute-of-Use ("MOU") rates based on cumulative minutes-of-use and term selected:

Minutes-Of-Use	1 Year Per MOU	2 Year Per MOU	3 Year Per MOU	4 Year Per MOU	5 Year Per MOU

D. Cox Business Enterprise Calling Plan

The Cox Business Enterprise Calling Plan (the "Plan") enables Business Customers to receive reduced rates on their domestic long distance and toll free service based on monthly call volume and the term commitment of the plan selected. No minimum usage obligations are associated with the Plan. The Plan is available to Cox Business Customers who (1) subscribe to Cox Local Service; (2) select Cox as their PIC and their LPIC; and (3) subscribe to one of the following additional Cox business services:

- Cox Business Internet;
- Cox Optical Internet service;
- Cox Metro Ethernet service;
- Cox Private Line service; or
- Cox Business Video service

The Plan is available in one-, two-, three-, four-, or five-year term commitments. The term of the selected commitment will commence on the first day of the next complete billing month following the execution of the Customer Service Agreement that references this Plan.

The Minutes-of-Use ("MOUs") are cumulative across a Business Customer's access lines that are subscribed to the Plan. The Plan is billed in 6-second increments and rounds up to the next highest 6-second increment for partial increments.

If the Customer terminates their Plan prior to the expiration of the selected term, or the Customer fails to meet all of the conditions under this Plan, Cox may, at its option, (i) re-rate the Customer's usage to the nearest qualifying term plan; or (ii) if terminated in the first year, re-rate the Customer's usage at the Standard Service Plan rate of \$0.10 per minute.

The Plan is an intrastate service and does not apply to the following calls, services or applications and cannot be used in conjunction with: Collect Calls; Calling Card; Calls to 555, 700, 900, 976 Services; Third Number Billed; Directory Assistance and Directory Assistance Call Completion; Repeat Call; Return Calls (per activation); Person-to-Person Calls; Intercept Call Completion; Operator Handled Calls; Three-Way Calling (per activation); Call Centers; Automatic Dialing Equipment.

Calls that originate and terminate in the State of Georgia will be assessed the following per MOU rates based on cumulative minutes-of-use and term selected:

4.1.6 Toll Free Service

(N)

1. Service Description

Toll-Free Service is an inbound service originating on feature group facilities, which terminate on a Business Line. This service enables the Customer to receive toll-free calls at their place of business.

- A. The Company reserves the right to require an applicant for Toll-Free Service to supply the following information when requesting service: an initial traffic forecast, identification of anticipated busy hour, identification of its geographical marketing target areas, and a schedule of marketing and promotional activities. The Company may also require that the Customer submit a new traffic forecast quarterly after service is initiated.
- B. The Company's Toll-Free Service is furnished upon condition that the Customer contracts for adequate facilities to permit the use of this service without injurious effects upon it or any service rendered by the Company. The Company may terminate or refuse to furnish the Company's Toll-Free Service to any applicant, without incurring any liability and without notice to the Customer, if the use of the service would interfere with or impair any service rendered by the Company.
- C. The Customer must obtain an adequate number of access lines for Company Toll-Free Services to handle the Customer's expected demand in order to prevent interference or impairment of this service or any other service provided by the Company considering: (1) total call volume; (2) average call duration; (3) time-of-day characteristics; and (4) peak calling period. The Company, without incurring any liability and without notice to the Customer, may disconnect or refuse to furnish Company Toll-Free Service to any Customer that fails to comply with these conditions.
- D. If the Customer requests assignment of a specific Toll-Free Service telephone number, the Company may require the Customer to submit a number reservation agreement form to the Company. At no time may a Customer have more than ten (10) numbers reserved. Any reservation shall be for no more than fifteen (15) days and shall be subject to a reservation fee which will be credited to Customer's unpaid balance after the Company's Toll-Free Service has been in actual and substantial use for a consecutive sixty (60) day period.

- E. Use of numbers: Each Company Toll-Free Service telephone number must be placed in actual and substantial use by the Customer. "Substantial use" shall mean a pattern of use that demonstrates an intent on the Customer's part to employ the number for the purpose for which it was intended; namely, to allow callers to reach the Customer, as indicated, for example, by at least 30 average monthly minutes of use or more. Any toll-free telephone number associated with the Company's Toll-Free Service that has not been placed in actual and substantial use during the first sixty (60) day period after service activation may be recovered upon written notice to the Customer. Nothing in this Section, or in any other provision of this tariff, or in any marketing materials issued by or on behalf of the Company, shall give any person, including prospective Customers who have reserved toll-free telephone numbers hereunder or Customers who subscribe to and use the Company's Toll-Free Service or their transferee or assigns, any ownership interest or proprietary right in any particular toll-free number; however, upon placing a number actually and substantially in use, as defined above, the Company's Toll-Free Service Customers do have a controlling interest in this toll-free number(s). The Company Toll-Free Service Customers may retain the use of their toll-free number assignments, even following changes in their toll-free carrier and/or Responsible Organization.
- F. If a Customer places an order for the Company to carry Customer's already existing toll-free number service, the Customer shall provide to Company the contact names, telephone number and address of the Customer's Responsible Organization (Resp. Org.). Upon subscription to the Company's Toll-Free Service, the Customer may execute a Letter of Authorization to transfer Resp. Org. responsibility of its toll-free number(s) to the Company's Resp. Org. If the Customer elects to retain a non-Company Resp. Org., the Customer must notify the Company of any changes in the Customer's Resp. Org. in writing within 48 hours of the change. The Customer is responsible for all outstanding indebtedness for services provided by a previous Resp. Org. or toll-free service carrier. The Company assumes no responsibility or liability with respect to any obligations of Customer to such previous service providers existing at the time of transfer to Company.

1. Service Description, cont'd.

G. Subject to execution of a Resp. Org. Service Agreement between the Company and the Customer, the Company Resp. Org. will perform the function of Resp. Org. for all Company Toll-Free Service orders unless the Customer requests another Resp. Org. The Company's Resp. Org. functions include 1) search for and reservation of toll-free numbers in the SMS/800; 2) creating and maintaining the toll-free number Customer record in the SMS/800; and 3) provision of a single point of contact for trouble reporting.

- (1) Where the Company serves as the Resp. Org. for a Company Toll-Free Service Customer, the Company will, at the Customer's request, subscribe to Toll-Free Directory Listing for the toll-free number(s) assigned to the Customer. A charge for Toll-Free Directory Listings will apply as set forth in this Tariff. In the event that a Customer transfers its toll-free service to another Resp. Org., the Company shall cease to subscribe to Toll-Free Directory Listing Service on behalf of the Customer and the Customer is responsible for assuring that Toll-Free Directory Listing Service is maintained through the new Resp. Org. Customer is responsible for payment of any outstanding Toll-Free Directory Listing charges, including any unexpired portion of any minimum period applicable to such services, and the Company shall have no liability for any interruption or other delay, error, mistake, omission or other defect occurring in connection with the transfer of Toll-Free Directory Listing responsibility.
- (2) Where the Company serves as the Resp. Org. for a Company Toll-Free Service Customer, it will, at the Customer's request, subscribe to Vertical Features obtained from Local Exchange Company access tariffs. When a Company Toll-Free Service Customer uses Vertical Features obtained by Company from Local Exchange Company tariffs, a charge will apply. This charge may not be counted toward the attainment of any volume or revenue commitment and will not be discounted.
- (3) In the event that a Customer cancels its Company Toll-Free Service, the Customer may elect to retain the Company as its Resp. Org. Where the Company serves as Resp. Org. for a non-Company Toll-Free Service Customer, a charge for Resp. Org. Service will apply as set forth in this Tariff.
- (4) In the event that a Customer cancels its Company Resp. Org. or Toll-Free Service, the Customer shall be responsible for all outstanding indebtedness to the Company and any outstanding charges applicable to any services obtained by or on behalf of the Customer by Company.

1. Service Description, cont'd.

- H. It is the Customer's responsibility to provide answer supervision back to the Company point of connection even when the Company Toll-Free Service is connected to switching equipment or a Customer-provided communications system. In such case, the equipment or system must provide appropriate supervision so that the measure of chargeable time begins upon delivery of the call to the Customer's switching equipment or communications system and ends upon termination of the call.
- I. In accordance with FCC regulations, ANI shall only be used for billing and collection, routing, screening, and completion of the originating subscriber's call or transaction or for service directly related to the originating subscriber's call or transaction.

The ANI shall not be reused or resold without first notifying the originating telephone subscriber and obtaining affirmative consent of the subscriber for reuse or resale.

Unless the originating subscriber has given consent for the reuse or resale, any information provided shall not be used for any purpose other than:

- performing the services or transactions that are subject of the originating subscriber's call;
- ensuring network performance security, and the effectiveness of call delivery;
- compiling, using and disclosing aggregate information; and
- complying with applicable laws.

2. Toll Free Service Termination

Customers who terminate service prior to the end of the service term as selected by Customer will be liable for a cancellation charge which shall be calculated as follows: Cox shall re-rate Customer's usage for services provided up to the date of termination by charging Customer the difference between the monthly rate for the service term selected by Customer and the rate for service applicable to the longest term plan for service the Customer could have satisfied prior to discontinuance and multiplying this difference by the number of minutes of service actually provided to Customer. All per-minute charges for each month shall be at the per-minute charge based on rate associated with Customer's highest MOU for the month. Cox bills in six-second increments and rounds up to the nearest six-second increment. If this Call Plan is terminated prior to the expiration of the selected term, or Customer fails to meet all of the conditions set forth in this tariff, Cox may, at its option: (i) re-rate Customer's usage as provided in this Section or (ii) charge Customer the standard rates for service under this tariff up to the date of termination, which ever is greater.

Example: Customer signs a three-year term agreement. At the end of the eleventh month, the Customer terminates the agreement and transfers the toll-free service to another carrier. All usage to-date would be re-rated from the three-year term rate to the month-to-month rate.

Example: Customer signs three-year term agreement. At the end of the thirteenth month, the Customer terminates the agreement and transfers the toll-free service to another carrier. All usage to-date would be re-rated from the three-year rate and volume to the one-year rate and volume.

8.3 Miscellaneous Business Services

8.3.1 Emergency Locator Service

1. General

At the request of the Customer and upon the approval of the Company and at those prices set forth in the chart below, the Company will offer to the Customer certain Automatic Location Identification ("ALI") and/or Private Switch/Automatic Location Identification ("PS/ALI") services as an enhancement to its other 911 local service offerings. PS/ALI service provides E911 service features for stations that operate behind private switches, e.g., PBXs. Specifically, the PS/ALI service provides an automatic display at the Public Safety Answering Point (hereafter "PSAP") of the caller's telephone number and the address/location of the telephone. A Customer's PBX must be capable of providing the telephone number to the 911 system to identify the specific extension originating a 911 call. The Company's PS/ALI service provides a PBX 911 manager for "public safety/address location point" database management and the Customer is required to update databases using a web-based interface.

All telephone numbers that a customer desires to be included in the Company's PS/ALI service must be owned by the Company. Telephone numbers that are provided by a service provider other than the Company are not eligible for inclusion in this service.

2. Eligibility Requirements

A Customer who desires to receive ALI or PS/ALI service shall satisfy the following obligations to Company:

- a. Customer will complete a customer profile ordering form (i) designating a single point of contact for all operational issues, (ii) supplying the necessary telephone number range(s) and PSAP, if multiple locations apply. Customer and Company shall validate telephone number ranges provided through any LEC dial tone provider(s) other than Company.
- b. Company will have up to thirty (30) business days to attempt to load the initial customer data after the receipt of acceptable data files from the customer. Should the initial load attempt fail due to the losing company's business practices, it shall be the customer's responsibility to negotiate with the losing company to release the numbers that are being transferred to Cox.
- c. Company will attempt to load additional numbers submitted on subsequent Load Forms within seven (7) business days following the receipt of a valid TNs but full assurance of meeting a seven (7) day timeline is **not** guaranteed.
- d. Customer is responsible for working with Company and any other LEC dial tone provider(s) to set up any required National Emergency Numbering Association identification codes (hereafter referred to as "NENA ID") for Customer's PS/ALI records.
- e. Customer is responsible for obtaining authorization from any LEC dial tone provider other than Company to insert and modify ALI records for the specified telephone number ranges in any regional E911 databases using the separate NENA ID assigned for PS/ALI records.

- f. Customer shall provide Company with a signed and properly authorized copy of a Letter of Agency (LOA) in favor of Company in the form requested by Company.
- g. In addition to any other fees charged by Company, Customer is responsible for any costs of any tasks related to setting up data exchange and obtaining user IDs and passwords for regional E911 databases. Customer must obtain any approval needed for Company to submit PBX records on its behalf to regional E911- database provider(s), including any approval that may be required by any government agency.
- h. In the event some of the automatic location identification records needed by Company to provision PS/ALI services are not "owned" by the Company, Customer shall obtain and provide to Company prior written consent from the E911 service provider to allow Company to use same without charge.
- i. If Customer is porting to Company a block of telephone numbers from another telephone company, Customer is responsible for working with the transferee LEC to port the main billing telephone number and all associated telephone numbers via the NENA standard unlock and migrate function codes through normal Service Order Input ("SOI") processing.
- j. If Customer discontinues dial tone services with Company or another provider, the use of PS/ALI services by Customer will be discontinued for the corresponding block of telephone numbers.
- k. Customer must have a personal computer workstation with the following requirements in order to interface with Company and receive PS/ALI service from the Company and Customer shall meet these requirements at every point in time:
 - Microsoft Windows 95, Windows 98, or Windows NT 4.0 Windows XP, Windows 7 and Vista (or most current version)
 - Internet access
 - Microsoft Internet Explorer, Version 5.01, Service pack 1 or higher
 - Currently Apple/MAC browsers are not supported
- l. Company shall bill Customer for PS/ALI services in its normal billing interval and Customer shall pay same as indicated on the invoice.
- m. By means of a direct telephone conversation (no email or voice mail messages will be provided), a representative of Company will provide the Customer with a user ID, as password, and a secure key code token for Customer's use in meeting its responsibilities hereunder.

1. Eligibility Requirements

- n. Customer will provide Company with a spreadsheet containing the telephone numbers, names, and site-specific PBX information for initially loading the records into the PS/ALI database. A PS/ALI Initial Load File ("ILF") form will be provided to the Customer to provide Company with the required ILF fields and format information for the initial build of telephone number records into Company's system. Company will validate that the numbers submitted by the customer are owned by the Company but is not otherwise required to manipulate and/or change any of the data provided in the ILF on behalf of Customer and may rely upon the accuracy of same; instead, Customer is responsible for submitting the correct field and formatting information via the ILF form. The Customer may submit the first ILF data form to the Company without additional charge. Customer will incur additional charges for any subsequent ILFs required.
- o. Company will attempt to correct only MSAG errors, that is, "701" errors (house number out of range in MSAG) and "709" errors (street not found in MSAG). MSAG related errors that Company is unable to correct will be forwarded to Customer for correction. All other error types detected either by validation against Company databases or against other host ALI databases, will also be returned to Customer for correction. This includes errors that occur during the Initial Load File build and errors occurring after the initial load. Error records will be returned 'as is' to Customer.
- p. Customer will migrate and update DID numbers and all other telephone numbers associated with this service through the PS/ALI Manager after the ILF. The web-based system permits Customer to maintain station level ALI identification records in the form of "move", "add," "change" or "delete" to pre-authorized Customer records identified by telephone number range on the PS/ALI Customer Profile Order Form.
- q. After validation and processing through the PS/ALI database system, Company will route updated telephone number records to the appropriate "E911 database" provider based upon the NPA/NXX on each record. Records processed by the Company will be transmitted to the appropriate E911 database provider(s) throughout the country.
- r. Telephone numbers that are transported outside of Company's defined operational jurisdictions, either on a temporary or permanent basis, may not be routed to the proper PSAP and customer will assume any and all risk associated with this condition.
- s. The PS/ALI Manager's web-based interface offers a range of online reports to facilitate PBX management, allowing data to be sorted by address and telephone number range, and Customer is expected to use same and to be totally responsible for the accuracy of any information provided.

1. Eligibility Requirements

- t. For day-to-day management processing matters, Customer should contact its designated Company data analyst. Company analysts provide routine support services Monday through Friday during normal business hours (8:00 a.m. – 5:00 p.m. Mountain Time), excluding Company-observed holidays.
- u. Company will provide training to Customer at a mutually agreed-upon date and time. This training will include training on the use of the web-based services. Company will provide one training class, for a maximum of two (2) hours, via a telephone conference call to a maximum of two (2) attendees. Company will provide a maximum of two (2) copies of training course materials to attendees of the training conference call described herein.
- v. If Customer decides to discontinue dial tone service with Company or any other LEC providing services to the Customer, then Customer shall immediately notify the assigned Company data analyst in writing that a designated telephone number range will discontinue dial tone services stating the identification of the LECs including Company associated with those numbers. Such notification must be received by Company forty five (45) days in advance. It is the Customer's responsibility to communicate with Company and any other affected LECs regarding the discontinuation and within twenty (20) days of providing the notice set forth above, Customer must either delete all records through the normal SOI update process or instruct Company to unlock all such records. After all records are deleted or unlocked, Company may deny Customer account access. After thirty (30) days, the account access will be denied regardless of option chosen.
- w. As a condition to Company's obligation to initiate and continue PS/ALI services to Customer, Customer is obligated to deliver to Company and to continue in full force and effect the following:
 - a completed order form as required by the Company,
 - its authorization for NENA IDs and permission for insertion into ALI databases,
 - identification of Customer's PS/ALI program manager,
 - a completed and accurate ILF form,
 - a signed authorized executed letter of agency as described above,
 - a designated point of contact,
 - evidence sufficient to Company that the Customer has obtained authorization from any and all LEC dial tone providers to insert and modify ALI records for the specified telephone number ranges,

8.3.3 Telecommunications Service Priority (TSP) System

(N)

1. General TSP Description

Cox TSP provides priority Cox services to Federal Government Agencies and authorized users for provisioning and restoration of services within defined critical and emergency situations. The Cox TSP System is designed to meet the requirements of the Federal Communications Commission (FCC) to expedite provisioning and restoration of mission-critical telecommunications services outlined under the Federal TSP Program and National Communications System (NCSD 3-1). Additional sources of reference for include:

1. National Communications System (NCS) Manual 3-1-1
2. Telecommunications Service Priority (TSP) System for National Security Emergency Preparedness (NS/EP) Service user Manual"
3. National Communications System (NCS) handbook 3-1-2
4. Telecommunications Service Priority (TSP) System for National Security Emergency Preparedness (NS/EP) Service Vendor Handbook

Priority Installation and/or Restoration of NS/EP telecommunications services shall be provided in accordance with part 64.401, appendix A, of the Federal Communications Commission's (FCC's) Rules and Regulations.

2. Qualifying TSP Service Categories

Cox Customers must meet specific categories regarding essential or emergency services in order to apply for NS/EP services. NS/EP qualified categories include the following four "Essential" categories outlined in NCSC 3-1, Section 15 plus an "Emergency" category:

- Category A - National Security Leadership
- Category B - National Security Posture and U.S. Population Warning
- Category C - Public Health, Safety and Maintenance of Law and Order
- Category D - Public Welfare and Maintenance of National Economic Posture
- Category E - Emergency (applicable for provisioning requirements only)

3. Service Level Priorities

Cox Services may be assigned priority levels of "1" (Highest) through "5" (lowest) with additional emergency (E) assignment of priority level as outlined in NCSC 3-1, Section 15. The OPT is responsible for ensuring that TSP assignments are not concentrated at one priority level. For additional information refer to NCSC 3-1-1, Section 2.5, figure 2-3.

Cox may provide sub-priority level assignments for own internal use as provided under NCSC 3-1, Section 15. Conditions may arise that deem it necessary to preempt one or more Customer services with a lower or no restoration priority in order to install or restore NS/EP telecommunications service of a higher priority. The Company will make reasonable effort to notify the Customer of the action being taken if such preemptive action is necessary. Customers who have their service levels impacted from this situation may qualify for credit for such services in accordance with the provisions for credits as specified in the Cox Local Exchange Service tariff section 2.

SECTION 8 - Miscellaneous Service Offerings

8.3 Miscellaneous Business Services

8.3.3 Telecommunications Service Priority (TSP) System

(N)

4. Qualifying TSP Services

The scope of work for identifying specific TSP services is described as follows:

- A) Priority Provisioning (Installation):
The initial set-up and construction process for provisioning and supplying telecommunications services to a Customer, including all associated transmission, wiring and equipment, if provided by the Cox, at a time earlier than Cox standard order intervals. Cox standard order intervals are quoted on a case-by-case basis and are time/date sensitive.
- B) Priority Restoration:
The restoration of Cox services currently being contracted by a Cox Customer at a time earlier than Cox standard order intervals. Cox standard order intervals are quoted on a case-by-case basis and are time/date sensitive.
- C) Priority Restoration Level Implementation (Assignment):
Designated priority levels (1, 2, 3, 4, 5 and E) of service associated with the restoration of a particular NS/EP telecommunications service.
- D) Priority Restoration Level Change:
Changes in priority level to any pre-assigned priority service levels for a NS/EP telecommunications service. This includes any extension of an existing priority level assignment to an expanded NS/EP service.
- E) Priority Restoration Administration and Maintenance:
Administrative and maintenance necessary to correspond to NS/EP provided services.

5. Applicable Cox Service Profiles

Telecommunications services identified under this program support National Security or Emergency Preparedness (NS/EP) missions. The TSP System provides a guideline for Cox to provide priority restoration of services in case of an isolated incident or the result of large-scale or national disasters, emergencies, civil, or military crisis.

The Cox TSP System applies to Cox "on-net" Cox-owned switched or special access services. For facilities, where Cox does not provide the entire facility, Cox will issue the TSP Authorization code with the order to the carrier providing the non-Cox portion of the facility and Cox will pass these charges through to the Customer. The Cox TSP System does not include any resale or UNE/EEL type of facilities in which Cox may not control or provision all or part of the services provided. The Cox TSP System also applies only to Customers directly contracted with Cox. The TSP System applies only to NS/EP telecommunications services as outlined in NCSD 3-1, Section 7 "Scope of the NS/EP TSP System".

Cox will, within the limits of good management and availability, make available the necessary facilities to restore service in the event of conditions supporting TSP. Restoration of services may require the use of temporary facilities such as wireless or ground level cable or fiber runs and drops. Restoration may also require the temporary use of government-owned facilities.

5. Applicable Cox Service Profiles

All TSP services are identified by specific "service profiles". The service profile defines the level of support to the portion of the telecommunications service that Cox owns and/or operates. The service profile is composed of the following element groups:

- Element Group A - Customer premises equipment. This may include Cox owned and/or managed routers, network interface devices and network termination equipment.
- Element Group B - Customer premises wiring. This may be included under the Cox Commercial Service Assurance Plan and/or separately contracted Customer premise construction.
- Element Group C - Operations. This is the actual service such as local dial tone service, Internet access, data transport, etc. provided by Cox.
- Element Group D - Technical Control Facility/Fault Detection/Isolation. This may be included under specific services contracted through Cox. Many Cox services are monitored for fault or failure by either our NOC (Network Operations Center) or SOC (Systems Operations Center). This may also include additional local service and troubleshooting.
- Element Group E - Service Testing. This may include Cox troubleshooting, initial provisioning circuit testing and/or maintenance testing during restoration.
- Element Group F - First service/Route Diversity. This may include first, or primary, services as well as diversity of Cox services provided through multiple routes, either virtual or real, provided by dual-route-builds into physical locations, BGP virtual routes over routers, SONET dual routing, etc.
- Element Group G - Facility/Site Access. This may include Cox co-located sites where Customer owned and/or maintained equipment or facilities reside, emergency access points for mobile communications vehicles, etc.

1. Specific Customer Information and Records

For Customers who obtain TSP System service, they acknowledge and consent to the provision of certain Customer service record information and/or Customer Proprietary Network Information (CPNI) by the Company to the National Communications System (NCS) in order for the NCS to maintain and administer the overall TSP System. This Customer service record information will include all relevant TSP System Service information and the TSP Authorization.

8. Rate Applications

The rates contained herein apply only to direct charges associated with the Cox TSP System. Rates for specific telecommunications services and products are covered under the current Cox Local Exchange tariff and may include recurring monthly charges, non-recurring charges, construction charges and mileage sensitive charges are outlined in the Cox tariff specific to services.

Rates for Priority Provisioning, Priority Restoration, are applied on a "per circuit" basis for special access services and on a "per line or trunk" basis for Switched Access Service. Priority Provisioning and Priority Restoration rates are applied as a one-time activation charge for each Cox TSP circuit, line and/or trunk service request. When an Access Service is ordered with both Priority Provisioning and Priority Restoration, the non-recurring charge for Priority Restoration applies for both the provisioning and the restoration.

The Administration and Maintenance charges are applied per line or trunk and per circuit for Special Access Service. Each loop or loop segment of a Special Access multi-point service will be treated as a separate circuit with charge applied on a per loop basis.

The Priority Level Change charge is applicable when the TSP System order activity is changing priority levels. It applies each time the level is changed to a higher or lower level or when moving to an "E" category.

For subsequent orders for additional lines and circuits, TSP System assignment may apply upon Customer request and review by Cox. When the TSP System is revoked, or discontinued, and the associated Service is continued in service, no charge applies for such discontinuance of Cox TSP.

When performing services under TSP where additional labor charges may apply, Cox will attempt to notify Customer of charges before the required additional labor is undertaken. The Customer, in obtaining a Priority Restoration, recognizes that quoting charges and obtaining permission to proceed with the restoration of certain Services may cause certain delays and, as a result, could jeopardize the intent of early restoration of services provided under this program.

9.1.5 Lifeline Assistance Plan

(T)

The Lifeline Assistance Plan (Lifeline) assists low-income households/applicants by reducing their monthly costs for one telephone line per household at the principle place of residence.

9.1.5.1 Eligibility Requirements

(T)

1. Applicant must participate in one of the following programs:
 - Medicaid;
 - Supplemental Nutrition Assistance Program (Food Stamps or SNAP);
 - Supplemental Security Income (SSI);
 - Federal Public Housing Assistance (Section 8);
 - Veterans Pension Benefit.
2. In addition, applicants not participating in the programs listed above may still be eligible for Lifeline services if they are able to certify and furnish proof that their total gross annual income does not exceed 135% of the Federal Poverty Guidelines (FPG).
3. Applicant must request assistance by completing a Company provided form.
4. Proof of income, or proof of eligibility in any of the qualifying low income assistance programs listed above, should be provided to Cox at the time of application for service. The Lifeline discount will not be established until proof of eligibility has been received by Cox. If the Customer requests installation prior to Cox's receipt of such proof, the service requested will be provided, but without the Lifeline discount. Whenever eligibility documentation is provided subsequent to installation, the Lifeline discount will be provided on a going-forward basis.
5. The use or disclosure of information concerning Cox's Lifeline applicants and Customers is limited solely to purposes directly connected with the administration of the Lifeline Program and will be treated as highly confidential.
6. It is the Lifeline Customer's responsibility to notify Cox if the Customer ceases to be eligible for Lifeline service.

Lifeline eligibility will be verified periodically. If after verification a Lifeline Customer is identified as being ineligible, the Company will send the Lifeline Customer a written notice of discontinued eligibility. If no proof of eligibility is furnished to Cox within 60 days, the Customer's Lifeline discount will be discontinued. If proof is furnished to Cox, the Lifeline discount will be restored, on a going-forward basis.

9.1.5.2 Rates

(T)

Customers meeting the eligibility requirements herein will have the End User Common Line Charge (EUCL) associated with the primary residential access line waived and receive a reduction in the CDT Starter Residential rate, described in Section 3.1.2.1(B) of this tariff. Such reductions will be based on the procedures mandated in the FCC Lifeline Rules at Section 54.403.

9.1.5.3 Additional Regulations

(T)

No deposit will be required of a Lifeline Customer if the Customer subscribes to Toll Restriction. If a Customer does not elect Toll Restriction, regular deposit guidelines and regulations will apply.

9.2.2 Cox Business Calling Plans

1. Cox Switched LD Solutions III

Cox Switched LD Solutions III is a one-, two-, three- or five-year term long distance direct dialed Business call plan. The call plan is available to new and existing Business Customers that choose Cox Local and Long Distance, both PIC and LPIC. The plan covers the 48 contiguous states. Calls to Alaska, Hawaii, Puerto Rico, and the U.S. Virgin Islands will be assessed at the standard rate of \$0.10 per-minute. All minutes-of-use charges will be assessed based on the cumulative minutes of interstate and intrastate usage, except for toll minutes to Alaska, Hawaii, Puerto Rico, and the U.S. Virgin Islands. Domestic calls terminating in the 50 states and the District of Columbia will be billed in 6-second increments and rounded up to the next highest increment. All calls terminating in Canada, Puerto Rico and US Virgin Islands will be billed in 6-second increments with a 30-second minimum.

If the plan is terminated prior to the expiration of the selected term, or Customer fails to meet all of the conditions set forth above, Cox may re-rate Customer's usage during the term of the plan to the commitment rate properly chargeable based on the term length actually achieved by Customer up to the termination date. If service is terminated within the first year of the plan, the default rate of \$.10/minute will be used to re-rate all usage charges up to the termination date.

Calls that originate and terminate in the State of Georgia will be assessed the following per-minute rate based on cumulative MOU's and term selected:

9.2.4 ISDN-PRI Service

(T)

1. General

ISDN-PRI Service is an optional form of local exchange access based on the Primary Rate Interface (PRI) arrangement of the Integrated Services Digital Network (ISDN). ISDN-PRI Service is a high-capacity access path for communications providing voice or data transmission over the public network.

2. Explanation of Terms

Circuit Switching

Circuit Switching is a switching technique in which an entire circuit or, in a digital switch equipped for ISDN, a specific selection of time slots, is dedicated to a given call.

ISDN Primary Rate Interface (PRI)

ISDN PRI is an alternative for individual local exchange access loop services such as Direct Inward Dialing (DID) and business trunks. It can also be used as loop transport for circuit-switched data applications. ISDN PRI is provisioned on the 1.544 megabit per second (mbps) bandwidth and uses the Integrated Services Digital Network (ISDN) architecture to provide the customer with the capabilities of simultaneous access, transmission and switching of voice, data and imaging services via channelized transport. In addition, ISDN-PRI provides the customer with the service capabilities and features described in this section.

Primary Rate Interface (PRI) Arrangement:

ISDN PRI Arrangement is a customer premises to central office service providing ISDN capabilities. The PRI arrangement consists of 23 "B" channels and one "D" channel or 24 "B" channels, which are defined as follows:

B Channel:

The B channel is a 64 kilobit per second (kbps) channel used for information transfer between users. The B channel may be used in conjunction with circuit-switched service.

2. Explanation of Terms, cont'd.

D Channel:

The D channel is a 64 kilobit per second (kbps) channel that carries signaling and control for the B channels.

PRI Trunk Group:

A PRI Trunk Group is a group of channels which are designated as one of the following:

Incoming Exchange Trunk Group
Outgoing Exchange Trunk Group
Two-Way Exchange Trunk Group

Simulated Facility Group:

A Simulated Facility Group is a software defined register used to limit the number of simultaneous calls with specific attributes.

3. Service Capabilities

ISDN-PRI provides the capability to:

- a. Transport customer information in the form of circuit-switched voice or data up to 64 kbps over any B channel.
- b. Where available, one D channel can control up to 20 PRI Interface Arrangements depending on facility capabilities. In such cases, a single D channel in one PRI Interface Arrangement handles all the signaling and control requirements of multiple PRI Interface Arrangements in a specific grouping allowing supplemental PRI Interface Arrangements to consist of 24 B channels.
- c. Allow B channels to be designated for specific services, such as Incoming Exchange Trunks, Outgoing Exchange Trunks and Two-Way Exchange Trunks, or optionally configure channels to access Incoming and Outgoing Exchange Trunks on a per call basis. Two-way Exchange Trunks may not be accessed on a Call-by-Call basis.
- d. Allow the user to have access to the directory number of the calling party.

4. Conditions

Customers subscribing to ISDN-PRI must comply with ISDN Primary Rate Interface specifications as designed by the Company.

- a. Feature availability and service capabilities are dependent on the facilities and digital technology providing the service.
- b. ISDN compatible terminal equipment is a requirement for operation. It is the customer's responsibility to power and obtain such equipment.
- c. ISDN-PRI service does not preclude the customer from originating or receiving circuit-switched voice calls from inside or outside either his/her serving central office or his/her Local Exchange Area. Where facilities are available, the customer will be able to originate and receive circuit-switched data calls outside of his/her serving central office.
- d. All PRI Interface Arrangement configurations must have at least one 23B+D Interface Arrangement for signaling and control functions. A 23B + Back-up D Interface Arrangement is required whenever the ISDN-PRI Interface Arrangements ordered and in-service would otherwise cause more than 47 B-channels to be controlled by a single D channel.
- e. Customers subscribing to ISDN-PRI must comply with ISDN Primary Rate Interface specifications as designated by the Company.

5. Features

a. Back-up D Channel

Automatically takes over for a failed D channel in case of trouble.

b. Call-by-Call Service Selection

As an option to the Dedicated B Channel Configuration, B channels may be configured to access multiple services on a per call basis. The customer premises equipment signals the local central office as to what type of service to access for each call.

c. Calling Line Identification

Allows the user to have access to the directory number of the calling party.

d. PRI 2-B Channel Transfer

Allows the Customer's CPE (customer provided equipment) to accept a call from one user and, after accepting the call, the user can transfer the call to a user outside the CPE. Then both the incoming and outgoing B Channels are released for another call.

6. Application of Rates

a. The Trunk dial tone is included in the ISDN-PRI Service rates and charges.

b. The Trunk Usage rate (Flat or Msg) specified in the Local Exchange Services tariff apply, as appropriate, to each trunk provisioned on the ISDN-PRI Service using the circuit-switched voice arrangement.

c. Existing tariff rates, charges and regulations for DID service apply, where required. This includes DID numbers and trunk connection charges. Tariffed DID trunk connection charges apply for each DID trunk provisioned on the ISDN-PRI Interface Arrangement.

d. Individual Additional Telephone Numbers may be ordered from this tariff without incurring DID trunk connection charges.

e. Trunk hunting is included in the ISDN-PRI Service rates and charges.

9.2.6 Cox Office Solutions Pak

(T)

The Cox Office Solutions Pak offers Business Customers a bundled package term plan of one, two and three year commitment. The package combines telephony services and the Cox-Affiliated Company's service for high-speed internet access. The services provided with this plan are:

- two (2) flat-rate business access lines,
- four (4) custom calling features per line from a select group of features as defined in 2, Customer Calling Features, following,
- a block of 200 minutes¹ per line of interstate and intrastate long distance calls, and
- the Cox-Affiliated Company's high-speed internet access service¹.

1. Business Access Lines

Business Customers that subscribe to the package will receive two (2) flat-rate business access lines. Additional lines requested by the Customer will be billed at the standard tariffed rate for business service.

2. Custom Calling Features

Business Customers that subscribe to the package will be offered four (4) features per line from the list below. The offer is limited to a total of eight (8) features provisioned on the two lines. If voice mail is selected, two custom calling features used with voice mail, Call Forward – Busy and Call Forward – No Answer, are required features to enable voice mail to function properly:

Call Forward	Three-Way Calling
Call Forward – Busy	Call Transfer
Call Forward – No Answer	Caller ID
Call Waiting	Voice Mail

3. 200 Minutes of Long Distance¹

The package includes a block of 200 minutes of interstate and intrastate long distance. The block of 200 minutes is associated with each Customer Account and will be pooled among the lines in the account. Any remaining minutes at the end of the billing period will be cancelled. The minutes will not rollover to the next month. Interstate calls in excess of the 200-minute block will be billed at 7 cents per minute. Intrastate calls will be billed at 10 cents per minute.

4. High-Speed Internet Access²

The package also includes Cox Business Internet cable modem service from the Cox-Affiliated Company.

5. Rates and Charges^{2, 3, 4}

Monthly Recurring Charges: \$67.90

¹ Unregulated services under this Tariff.

² Additional charges will apply for Internet Access¹ and will vary depending on bandwidth ordered.

³ Installation¹ charges are not included in this rate and may apply as applicable.

⁴ Charges will vary depending on term arrangement ordered.
