Low Profile Towing & Full-Size Livability

17T

Hi-Lo Trailer Co. is proud to introduce its all new and vastly improved line of telescoping travel trailers for the 2003 season. Hi-Lo revolutionized the travel trailer industry over 45 years ago by offering a trailer that stores compactly, tows more safely and yet offers four season camping with all of the comfort and convenience expected from an upright trailer. Our goal is to provide you with a trailer that tows safely, saves fuel, lives comfortably and last for many years. Our factory is located in Bellville, Ohio in the heart of Amish country. We take great pride in quality, craftsmanship and attention to detail. Our motto is "I work at Hi-Lo, I take pride in my work." We invite you to visit our factory and spend some time in the trailers we have on our lot. Please call the number on the back cover for an appointment. We are open for visitors Monday through Friday 8 AM until 4 PM. You will be glad you learned more about the best towing trailer on the planet... Hi-Lo. Thank you for your interest in Hi-Lo Trailers: the safest most fuel

efficient trailer on the road. We are glad that you are considering our product and are confident that we offer something to fulfill your needs. Now spend some time in each of the six models we offer this year, then visit our web page to find a dealer near you or call the factory for more up to date information.

HI-LO TowLite 1703T

Removable hitch **Battery storage**

The new aluminum skirting on all TowLite models adds a finished, classy look without the expense of molded plastic skirting.

The redesigned 17' TowLite retains the roomy KING SIZE BED but now offers a dinette as well. The light weight, easy towing and small storage requirements of this model make it the ideal choice for small families with a limited budget and limited vacation time. It comfortably sleeps a family of four and still offers the storage and convenience of a fully self contained unit.

The new interior colors for 2003 make the 1703T an eye catching weekend resort at a price the young family can afford.

Model 1703T

Length	17'9"	UVW	2690 lbs
Width	94"	GVWR	3840 lbs
Height	71"	Axles	1
Tires	15"	Sleeps	2-4
Holding Tanks	Fresh 30 Gal	Gray 32 Gal	Black 18 Gal

The well planned interior makes excellent living quarters and folds down to a huge king size bed at night, making this trailer an excellent value.

Hi-Lo's low travel profile gives greater stability at all speeds by reducing sway and buffeting caused by large vehicles and cross winds. The low center of gravity and aerodynamic efficiency means Hi-Lo is the safest and easiest towing trailer available and gives you added fuel economy (up to 77% savings in your fuel bills), making Hi-Lo the most fuel efficient travel trailer on the market. Fuel efficiency, aerodynamic design, towability, smaller storage requirements, safety and comfort all add up to more fun filled adventure for your family. Hi-Lo's tried and true lift system makes driving across the country a breeze and still offers the space for your growing family. You'll find it roomy and spacious yet very easy to haul and park. Modern styling and a beautiful interior make the 2203T a smart choice for the growing family. Why not test tow a Hi-Lo at your dealer today and find out why people are saying "Hi-Lo, it just makes sense."

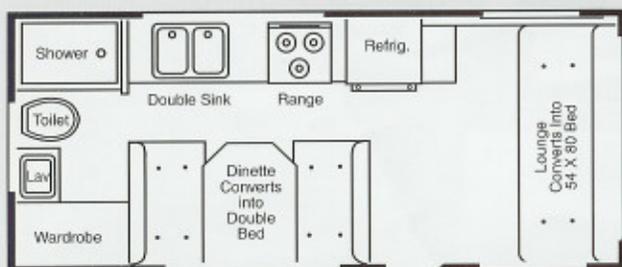

Hi-Lo's low travel profile gives greater stability at all speeds by reducing sway and buffeting caused by large vehicle cross winds.

HI-LO TowLite 2203T

Spacious bath features a large shower area with built in lavatory and wardrobe

Inside your 2203T you'll find two separate sleeping areas and a third bed option. The dinette table for four easily converts into a double bed to sleep two adults comfortably. It incorporates a full size bathroom with a separate toilet and shower as well as a wardrobe and lavatory sink. Under each dinette seat you will find handy storage compartments that you can use to store bedding or other large essentials. There are also many other storage areas such as under the couch and in the overhead cabinets and wardrobe closet.

The lounge has been borrowed from the Classic model of years past, and uses the flip-over method to make your couch look just like home.

Model 2203T

Length	22'	UVW	3850 lbs
Width	94"	GVWR	5500 lbs
Height	71"	Axles	2
Tires	15"	Sleeps	4-6
Holding Tanks	Fresh 30 Gal	Gray 32 Gal	Black 30 Gal

24T

Like the 2203T, the 2403T utilizes a full bathroom across the back of the trailer. The couch on the 2403T is a jackknife type, and converts quickly into a roomy bed for two. The dinette also converts into a large bed with storage underneath. All

Hi-Lo trailers are ready for wilderness camping, with fresh water tank, water pump, battery system, heat and a versatile 3 way (LP gas, 110 volt or 12 volt) refrigerator.

The Hi-Lo 2403T has the same easy to operate lift system as the other models and raises or lowers automatically in seconds to give you every possible comfort and livability feature. All you have to do is push a button to raise or lower your Hi-Lo trailer. With it's powerful 12 volt hydraulic pump and reliable hydraulic cylinder, setting up your Hi-Lo is as simple as 1-2-3. The lifetime guaranteed hydraulic system has proven itself in thousands of trailers for over 30 years.

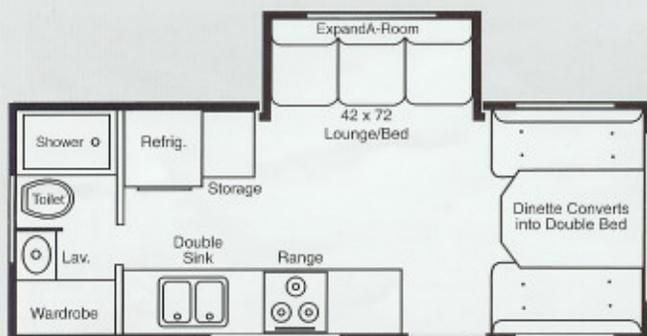

Push a Button. Down for better towing...up for spacious comfortable living.

HI-LO TowLite 2403T

Cook outside and be with the gang. This outside kitchen has hot and cold water, 110V outlet, and space for cooking, washing dishes, television or whatever.

Hi-Lo's spacious interior is improved with the ExpandA-Room, which opens easily to provide you more living space for longer stays. New for 2003, the 2403T is the smallest trailer to utilize this new concept for adding room without the complication and vulnerability of a slide out mechanism. With a quick lift the couch area flips out to reveal a comfortable sofa which converts into a double bed. Your aisle is opened up to make the kitchen more accessible. The ExpandA-Room is standard in the 2403T, 2703T, 2703C and 2903C.

Model 2403T

Length	24'	UVW	4220 lbs

Adding to Hi-Lo's spacious interior is our improved ExpandA-Room which opens easily to provide you with more living space for longer stays.

27T

With over 45 years of experience building telescoping travel trailers Hi-Lo makes the best trailer money can build at a price that you can afford. Hi-Lo construction is a laminated sandwich of durable roof and fiberglass side walls, both with backer board, polystyrene foam, tubular aluminum (tubular steel in the ceiling of the Classic models) and plywood interior paneling. The rubber suspension system and designer sport wheels and tires add an extra measure of beauty, stability, and ride comfort. With a flip of a switch your Hi-Lo lowers a full 31" in just seconds to its low aerodynamic profile. The aerodynamic design and low profile make this trailer a breeze to tow. It all adds up to long lasting quality that will serve your needs for many years to come and prove to be the best value of any trailer on the market when it comes time to trade in for a new one.

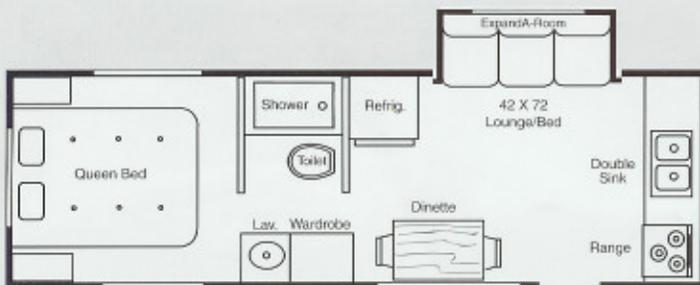

You'll be at home with the queen size walk-a-round bed in the rear of the trailer

HI-LO TowLite 2703T

ExpandA-Room opens up the living space giving the feel of a much larger trailer.

The 2703T TowLite represents a remarkable value in a trailer of its size and amenities. The ExpandA-Room offers a luxurious lounge which makes a comfortable bed quickly and easily. The wide open kitchen allows free movement without interfering with the living areas. You'll be at home with the walk-a-round queen size bed in the rear of the trailer. The bathroom is big enough to act as a changing room and acts as a privacy barrier between the living area and the bedroom.

By popular demand the Classic model has returned for the 2003 model year. The Classic retains all of the fine appointments in the 27' and 29' models. Many features that are optional in the TowLite model come standard in the Classic model such as the AM/FM CD Player, Fantastic Fan, Solar Panel, Power Hitch Jack, LP Gas Oven and many others. The Classic model is a full 6 inches wider than the TowLite, as well as 2 1/2" taller on the inside. The Classic also has the aerodynamic fiberglass end caps with a wrap around windshield for a fantastic panoramic view. The Classic still offers an upgraded interior with solid wood cabinet doors, wood trim on the countertop edges and upgraded fabrics throughout. In short, the Classic spares no expense in workmanship or materials to bring you the finest travel trailer available.

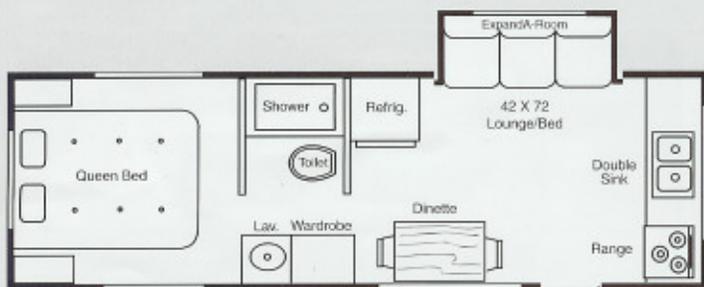

Super durable fully laminated construction, aerodynamic design, collision avoidance lights, rubber suspension system heavy duty hydraulic cylinder, all adds up to long lasting value.

Hi-Lite Classic 2703C

Large bed rooms with queen size walk around beds are featured in the classic wide body models.

An all new luxurious interior layout has an airy, more spacious atmosphere that gives you that "good feeling" from the moment you step into the 2703C Classic. With space at a premium, you'll come to love the ExpandA-Room which easily deploys in seconds to give you the feel of a much larger trailer without added towing stress. The 2703C Classic is designed with extended camping in mind. You'll love the wide kitchen with open space for freedom of movement. The 2703C also features a free standing dinette table with two chairs. This allows you the freedom to move the table wherever you want, or to even take it outside if a picnic table is not available.

Hi-Lo proved its superior fuel efficiency in a fuel consumption test conducted by Transportation Research Center (TRC). Travel trailers were towed by the same Chevrolet Astro Mini-Van with a 4.3 liter V-6 engine in a steady state highway speed of 65 mph at the TRC test track in East Liberty, Ohio. Hi-Lo achieved a remarkable 5 more miles per gallon than the next closest competitor. Reduced air drag obtained through decreased frontal area and high-tech aerodynamic design proves to be the most important factor in reducing fuel consumption and limiting excess wear on the automobile's engine and drive train. Towing a 22' Hi-Lo at 55 mph resulted in 14.5 mpg.

The 2903C Classic provides a wide open living room and will function as the meeting place for your camping friends, who will enjoy the comfortable couch in the ExpandA-Room and the luxurious appointments throughout.

HI-LO Classic 2903C

Standard in all Classic models is a comfortable queen size bed.

You'll find extended stays more comfortable and relaxing in the queen sized bed. Standard in the Classic models is the rear bumper storage compartment and basement storage which provides plenty of storage space. You'll appreciate the huge storage compartment under the walk-a-round queen bed with access from the outside as well. The spacious bathroom provides complete accommodations for even the most demanding traveler. Features include a shower with a skylight dome, a Thetford flushing toilet, a lavatory sink and a roomy wardrobe.
