## *Important delivery information:

The part numbers listed on this page are standard stocked gauges. The delivery time on these standard gauges is approximately 1 week. Many other options can be made to order (see How to Order on proceeding page), but delivery time will be up to 14 weeks for the initial order. Subsequent orders for made to order gauges will be up to 10 weeks delivery depending on gauge options. If short delivery time is desired, SMC recommends choosing a part number from the list above instead of the proceeding page.
