

# fiber. where?

## SCHOHARIE COUNTY AND BEYOND.

**MIDTEL** has been awarded multiple grants associated with the New NY Broadband Program. The purpose of this program is to bring high speed internet service to underserved and unserved areas in NYS. The combined **MIDTEL** grant projects represent over \$18,000,000 of State Grant money and **MIDTEL** private investment. In addition to our existing 100+ miles of fiber optic lines in Schoharie County, **MIDTEL** will be constructing over 600 miles of new fiber, passing over 3500 premises through portions of the towns of Berne, Blenheim, Broome, Carlisle, Cobleskill, Conesville, Fulton, Gilboa, Jefferson, Middleburgh, Rensselaerville, Richmondville, Schoharie, Summit, Westerlo and Wright.

For more information, or to see if your location is in one of our fiber services areas, please visit [MIDTEL.com](http://MIDTEL.com) or call 518.827.5211.

## the evolution. OF OUR TECHNOLOGY. OF OUR SERVICES. AND NOW, OF OUR NAME.

After 120 proud years as your trusted telephone company, The Middleburgh Telephone Company has changed its name to **MIDTEL**.

**MIDTEL's** services have evolved to meet the needs of our ever-growing community. We have updated our logo and our presence to better represent our expanded services as we embark on our second century of service.

**MIDTEL** offers both residential and business consumers Phone, Cable TV, Internet, and WiFi solutions. Our new name incorporates all products and services under one family umbrella.

Our roots run deep. The same dedicated staff of employees continues to help us grow. We look forward to many more years of providing service to this local community that has supported us for well over 100 years.

**MIDTEL** is still local, still community focused, and still the most reliable communications service provider in Schoharie County and beyond.

**New Name. New Vision.**

**MIDTEL. Innovative Solutions Since 1897.**

# fiber. why?

## FIBER TECHNOLOGY IS THE FUTURE.

MIDTEL is replacing its copper network with a state-of-the-art fiber optic network that will carry communication services using light waves instead of electricity. **Direct Fiber SPEED, powered by MIDTEL**, known as Fiber-to-the-Home (FTTH), is the most advanced communication system available in the world today. **Direct Fiber SPEED** is incredibly efficient, allowing data to flow farther and faster than ever before.

## YOUR DIRECT CONNECTION TO:

### reliability

Withstands the elements.  
No shared bandwidth.

### shocking speed

Consistent and lightning fast.  
Unlimited data.

### more of everything

Connect more. Stream more.  
On more devices.

### security

Protected connections.  
Harder for hackers.

### into the future

Grows with you.  
Advanced innovative design.

### home values

Invest in fiber.  
Increase home value.

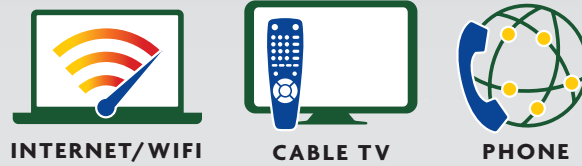

This deployment of broadband service is supported by a grant awarded to MIDTEL by New York State through the New NY Broadband Program
