# CAPITAL EQUIPMENT AND FURNISHINGS

**Ready for Superior Care**

# Outfitted for Better Outcomes.

Acquiring high-quality capital equipment at the right price often means dealing with multiple vendors and wading through several catalogs. We can help. In addition to med-surg supplies, we offer a complete line of capital products, providing an efficient, single source for quality and value.

## Everything You Need

Find exactly what you're looking for—if it's not here, contact your Medline representative.

## Expertise and Full-Service Support

Count on world-class assistance, every step of the way.

» Planning advice and support

» Quick quotes and competitive pricing

» Order management, from purchase to delivery and installation

» Flexible financing options

## Logistics and Delivery Management

Get your new equipment up and running with minimal disruption.

» Warehousing

» Delivery and installation options

» Quality assurance

**Contact your Medline Representative to discuss your capital needs or visit medline.com today.**

# CAPITAL PURCHASES, SIMPLIFIED.

## CAPITAL QUOTE TOOL
**www.medlinecapitalquote.com**

Dealing with multiple vendors can be inefficient and challenging. Our Capital Quote Tool can help. It's your single source for quality, service and the best price.

One more way we help simplify capital purchases.

### BROWSE.
Quickly navigate and search by product category, specific product or room-by-room:

» Exam Room
» Laboratory
» Labor and Delivery
» Nurse's Station
» Operating Room
» Pre-Op
» Post-Op
» Resident/Patient Room
» Storage/Medication Closet
» Triage Room
» Emergency Room
   ...and more

### CHOOSE.
Evaluate, preview and compare prices with ease.

» Industry-leading selection with all the well-known national brands, including high-quality Medline products
» Unconditional product performance guarantee

### ORDER.
Receive accurate costing within 24 hours after you submit your quote and take advantage of superior customer support services:

» Product planning
» Logistics coordination
» Order consolidation
» Flexible financing options

**Experience our Capital Quote Tool today at www.medlinecapitalquote.com, or contact your Medline Representative to discuss your capital needs.**

# PEACE OF MIND, DELIVERED.

You found the capital equipment you need. Now, how do you get it delivered to your facility, quickly and efficiently? We can help with world-class services to meet your unique needs.

**For more information, or to get a quote from our team of logistics experts, email capitalfreight@medline.com or contact your Medline Representative.**

### Prior to delivery
» Warehousing and consolidation
» Preassembly

### During receiving
» Dock-to-dock delivery*
» Lift-gate delivery**
» Inside delivery to specified location

### Post-delivery
» Unpacking and assembly
» Wall-mounting
» Old equipment removal
» Garbage removal with dumpster

*Let us know if our 53-ft. carrier won't fit in your dock. Additional charges apply if we have to return to our hub, put your equipment on a smaller truck and attempt a second delivery.
**Lift gates must be requested when ordering as not all our trucks have them.

# Long-Term Care Beds

One-touch braking system on both head and foot sections

Width extensions are built in to allow easy expansion of the bed deck

Built-in length extension increases bed length to 84/88" (213.4/223.5 cm)

Wall guard near the head section prevents wall damage

## Alterra Maxx Bed

» Five-function hand pendant comes standard and allows the bed to be positioned in Trendelenburg, reverse Trendelenburg and chair position

» Width and length extensions are built into the frame to allow easy adjustments for desired sleep surface

» Battery backup comes standard

» Two LED underbed lights allow for just the right amount of light to help with nighttime bed transitions

» Four easy-to-engage brake locks are located at the head and foot ends of the bed and keep the bed stabilized during transitions

» Weight capacity: 600-lb. (272.2 kg)

| Item No. | Description | Pkg. |
|---|---|---|
| FCEALTMAXX | Alterra Maxx, Bed Only | 1/ea |

For accessories and different styles and finishes of head/footboards, please refer to page 9.

| Warranty Information: | Electrical Components: 5 years<br>Bed Frame: 15 years<br>Welds: Lifetime Warranty |

Swivel lock prevents bed snaking when transporting residents

## ALTERRA 1385
## High-Low Full-Electric Beds

This comfortable, roomy bed is similar to beds used at home.

» Top-of-the-line, parallel electronics system provides smooth and quiet operation

» Perfectly synchronized, high-low motors ensure the bed deck remains level, even after frequent motion and long-term use

» With a 500-lb. (227 kg) weight capacity, the Alterra 1385 has the strength to accommodate most residents

» One-touch brake pedal located at the foot end of the bed

» Multiple positioning options for height, knee hinge and reclining head deck

### ADDED RESIDENT SAFETY
A low height of only 7.75-inches (19.7 cm) helps reduce injuries from falling with high-risk patients.
The Alterra 1385 beds meet the entrapment guidelines of the FDA.

### EXCEPTIONAL PERFORMANCE
The Alterra 1385's battery backup comes in handy during power outages and emergency situations.
Comes standard with wall guard, mattress retainers and head/footboard stability knob.

## General Purpose Exam Tables

These tables are an unbeatable value and a smart choice for patient care.

» One-piece upholstered top promotes quick, efficient cleaning after each patient

» Steel frame for added strength

» Multi-position stirrups adjust to standard and extra-wide angles for exceptional patient comfort, while the extra-long pullout step with slip-resistant tread provides additional security

» Independent operation of extra-wide leg extension and irrigation basin allows for quick transition during procedures

» Five large storage drawers keep supplies conveniently located (drawers will be on the patient's right side unless otherwise specified)

» UL-listed, hospital-grade, dual electrical outlets located on back side of table; circuit breaker system activates if power is interrupted

» Paper roll holder accommodates 18–21-inch (45.7–53.3 cm) paper

» Back adjustment: horizontal to 80 degrees; 32-inch (81.3 cm) height; 54-inch (137.2 cm) length extends to 72-inches (182.9 cm); 27-inches (68.6 cm) wide

» 600-lb. (272.2 kg) weight capacity

» Back adjusts by a counterbalance system, no gas cylinder

» Four-year warranty

## Power Exam Tables

![MEDLINE]

# SAFER SURFACES.

One in 25 hospital patients has at least one healthcare-associated infection.[1] Products with copper surfaces, exclusively from Medline, can help.

Touch surfaces made of EPA-registered antimicrobial copper alloy kill greater than 99.9% of the bacteria that pose risks to human health when cleaned regularly and within two hours of exposure.[2] And they continue to kill 99% of bacteria, even after repeated contamination.[3]

The use of CuVerro® bactericidal copper products is a supplement to and not a substitute for standard infection control practices; users must continue to follow all current infection control practices, including those practices related to cleaning and disinfection of environmental surfaces. This surface has been shown to reduce microbial contamination, but it does not necessarily prevent cross contamination. It should not be interpreted that CuVerro is making claims to solely prevent bacterial infections nor should it be implied that CuVerro products make such claims.

### Transport/Trauma Stretcher by Pedigo® (MDS750WSPEC)

» Side rails, a frequent touch point, made with CuVerro® copper
» Patented quick-release O₂ tank holder
» Side rails with hand-controlled tilt and one-handed release
» Dual Trendelenburg assist cylinders

MDS750WSPEC

### Infusion Stand (PEDP10836)

» Center pole and optional pump hoop/handle made with CuVerro copper alloy
» Holds up to six infusion pumps
» Can be adjusted rotationally and vertically
» Bag drop prevention device for controlled pole descent

### Closed Case Cart (PEDCDS242CH)

» Exterior push handles made with CuVerro copper alloy
» One-piece, non-marring wrap-around bumper
» Quiet operation with sound-proofed tops and doors
» Durable, fully welded stainless steel construction
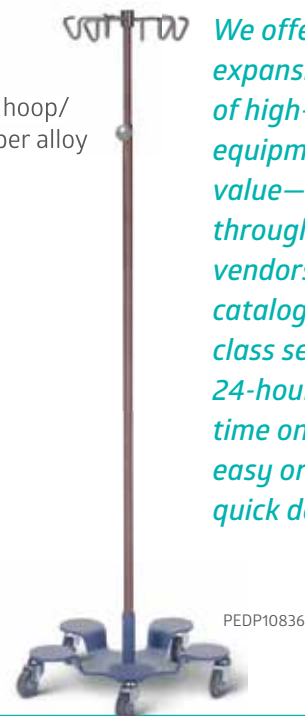

PEDP10836

## Stand Assist Lifts

Stand assist lifts are used to lift patients who are partially dependent, have some weight-bearing capacity, are cooperative, can sit up on the edge of the bed with or without assistance, and are able to bend their hips, knees, and ankles. One stand assist lift is recommended for every eight patients that need one. Our stand assist lifts feature:

» Easy-to-operate controls

» Removable foot platform for gait training

» Removable battery pack for convenient off-board charging

» Three-year warranty on all mechanical and electrical parts

### Selecting the Right Scale

You have to ask yourself several questions to make the correct choice for your needs, including what type of patients you are seeing (mobile, wheelchair-bound, etc.), do you need to move the scale within your facility, and what measurements are important. Once you know these answers, Medline will help you choose the scale that fits your needs and budget.

# Measuring Instruments

MDR75470

### Rice Lake Digital Dietary Scales

These IPC scales feature overload stops, a specially hardened plastic enclosure, an optional stainless steel platter, and are equipped for longstanding durability.

» Compact and versatile with a sleek design

# REIMAGINE YOUR STORAGE AREAS.

Staff taking too long searching for supplies? Our full-service storage solutions can help streamline your workflow, optimize your available space and improve product access.

### Professional Design Services

At no charge to you, our design professionals evaluate your storage areas and develop tailored solutions. You'll receive a proposal for a new integrated storage system, including detailed illustrations of the new layout of your space.

### Premium Products

Our complete selection includes high-quality professional storage solutions for healthcare and medical facilities—wire shelving, bins, mobile storage systems, pullout shelving, customizable lockers, partition wall systems, carts, and more. Built strong to last long.

### Extra Service

In addition to helping you throughout the implementation of your new storage solution, we offer a variety of à la carte services, including coordinating product shipments and deliveries, going to your facility to help with all unpacking and installation, and more.

**Contact your Medline Representative to schedule your assessment today.**

# Medical Carts & Cabinets

## Carts Arrive Fully Assembled

Lift the top off the box and your cart is ready to roll into service. Drawer fronts, drawer handles and casters are all factory-installed. The only assembly required are the two push handles. We even include the tool to mount them. Please note: optional accessories may require field installation.

## Available Locking Systems

There are three locking options for steel and aluminum carts:

» Lever/Breakaway Lock (standard)

» Key Lock (standard)

» Push-Button Lock (additional charge)

» Aluminum carts also available with Proximity Locking or Electronic Lock with Keypad (additional charge)

Lever/Breakaway Lock
(standard)

Key Lock
(standard)

Proximity Locking – MPH01WMLAEP
(this option is available only on aluminum carts)

Push-Button Lock
MPH01WSLOCK (optional)

Electronic Lock with Keypad – MPH01WMLAE
(this option is available only on aluminum carts)

### Shell Colors

| | |
|---|---|
| Red RED | Electric Blue ELB |
| Light Gray LTG | |

### Drawer Colors

| | |
|---|---|
| Orange ORG | Yellow YEL |
| Natural NTL | Pink PNK |
| Wine WNE | Red RED |
| Spring Green SPG | Teal TLG |
| Fairway Green FWG | Violet VIL |
| Charcoal GRA | Light Gray LTG |
| White WHT | Light Blue LTB |
| Electric Blue ELB | Dark Blue DKB |
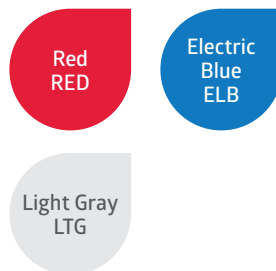

## Helpful Hints

The carts found on the previous page can be ordered in three exterior shell colors and sixteen drawer colors at no additional cost.

» A yellow cart generally signifies isolation and infection control

» A green or dark blue cart generally signifies anesthesia

» An orange cart generally signifies that items on it are not made with natural rubber latex

Custom colors are also available. Contact your Medline Sales Representative.
