Commitment to our Customers

The mission of Impact is to provide quality products at competitive prices, while using a team environment to offer superior customer service. We continually strive to maintain our motto "the friendly, flexible company" and do so with the best in people, process, and products.

Commitment to the Environment

Impact is committed to learn and implement practices for a greener tomorrow. Through research and strategic sourcing, we are adding items to our line that will help our customers reduce their carbon footprint and work towards a greener world.

Throughout the 2010 Catalog, you will find our copyright symbol. This symbol highlights products that meet one or more of the following criteria:

Composed of earth friendly or recycled materials and/or a recyclable product.

Support recycling programs.

A sustainable or durable product. Sustainable products last longer (vs. disposable) and reduce waste and landfill space.

Reduce the carbon footprint by their use.

Manufacturing process supports a greener, cleaner environment.

Commitment to a Safer Environment

At Impact, "we live what we sell". Incorporating safe work practices in all Impact facilities with the "STOP for Safety" program from Dupont has resulted in a workplace free of injuries for over two years; recently receiving an award from the Safety Council of Northwest Ohio.
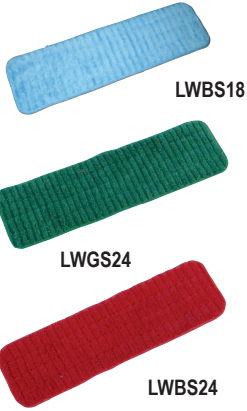

Microfiber Flat Wet Mops 🍃

- polypropylene scrubbing strips for better deep grout line cleaning by creating scrubbing action
- wet mops have an additional layer of microfiber for fluid retention versus a layer of foam, making it more bacteria resistant
- excellent launderability
- available in four colors for coding systems-red, yellow, green and blue in 18" and 24"

Microfiber Flat Wet Mop with Scrubber Strips 🍃

- Plastic scrubbing strips add texture to loosen dirt and break surface tension

3159

| Item	Description	Color	Size	Packaging
3159	Flat Scrubber Mop	white/green	5" W x 18" L	12/bg.; 10 bg/ mstr.

Microfiber Tube Wet Mops 🍃

- very absorbent
- minimum five times the launderability of traditional yarn mops
- with microfiber, less chemical is required
- the textured finish loosens and holds dirt until washed
- priced competitively with traditional blended looped yarn mop heads, yet out performs traditional mops in both cleaning and durability
- available in three sizes; small through extra large with wide headbands
- all mops have wide canvas or mesh headbands (as indicated) and tailbands with the blue, green or white microfiber for color coding
- canvas headbands are longer lasting
- mesh headbands are textured for scrubbing

LF0017 / LF0018

Microfiber Finish Pad with Mesh Back
- looped end microfiber for better release of finish
- two layers of Microfiber for better absorption
- mesh backing allows finish to soak into pad from top to bottom preventing puddling
- fits standard 5"x18" wire dust mop frame

Item	Description	Color	Size	Packaging	
LFFM18	Mesh Back Finish Mop	white	18"	12/bg.; 10 bg/mstr.	
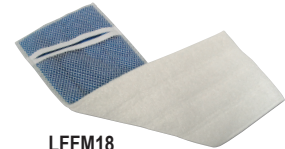

LFFM18

Microfiber Trapezoid Finish Pad
- looped end microfiber for better release of finish
- two layers of microfiber for better absorption
- Velcro® backed
- designed to fit holders of the bucketless handle system
- available in 4.5"x16" and 4.5"x22"

Item	Description	Color	Size	Packaging	
LFFV18	Trapezoid Finish Mop	white	18" (fits 16" base)	12/bg.; 10 bg/mstr.	
LFFV24	Trapezoid Finish Mop	white	24" (fits 22" base)	12/bg.; 10 bg/mstr.	

LFFV18 / LFFV24

Microfiber Flat Finish Mop
- trapezoid shape for easy application in corners
- blue microfiber strips are more rigid and help smooth finish
- top quality hook & loop backing
- microfiber specially designed to hold and release finish for even coat

Item	Description	Color	Size	Packaging	
3189	Flat Finish Mop	blue/white	5" x 18"	12/bg.; 10 bg/mstr.	
3189

Microfiber Disposable Pads
- disposable microfiber pads are perfect for those customers wanting to use microfiber, but not having laundry access
- excellent for anyone simply wanting to implement an effective disposable cleaning system
- work great wet or dry
- available in 18" length

Item	Description	Color	Size	Packaging	
DISP18	Disposable Pad	white	18"	50/pk.; 10 pk/mstr.	

DISP18

Microfiber White Loop Mop
- thick looped wet mop for heavy soils
- versatile mop can be used for dry dusting, wet mopping and wall washing
- large loops for larger soil capacity

Item	Description	Color	Size	Packaging	
3177	Loop Mop	white	5" W x 18" L	12/bg.; 10 bg/mstr.	

3177

Dust Mops

Microfiber Pads - Fringe Dry/Dust Mop

- have all the benefits of microfiber without having to replace standard frames and handles
- cut-end microfiber with fringe to pick up larger particles of dust and trash
- poly/canvas backed microfiber mops attract and hold dust that cotton mops leave behind
- canvas backing is color coded by size-yellow-18", green-24", red-36", blue-48", gray-60" & 72"
- the mop attracts dust electrostatically and requires no treatment
- envelope style backing eliminates problems created by ties or snaps while still using traditional 5" dust mop frames
- extra padding in the mop allows for complete surface contact

LFCB18 / LFCB24 / LFCB36 / LFCB48 / LFCB60 / LFCB72

Item	Description	Color	Size	Packaging
LFCB18	Canvas Back	gray/yellow	18"	12/bg.; 6 bg/mstr.
LFCB24	Canvas Back	gray/green	24"	12/bg.; 4 bg/mstr.
LFCB36	Canvas Back	gray/red	36"	12/bg.; 3 bg/mstr.

LFKS500	All-Purpose Microfiber	blue	12" x 12"	12/bg.; 20 bg/mstr.

Microfiber Bar Towel

- virtually lint-free waffle-weave creates more efficient cleaning by providing greater surface contact
- absorbs more than seven times its weight in liquid, much more than conventional bar towels
- part of a "Green Clean" system due to less water and chemical usage
- removes 99% of bacteria with water alone
- synthetic fibers are resistant to bacteria growth
- more durable than conventional bar towels - will last through hundreds of washings

LFWT1000

Item	Description	Color	Size	Packaging
LFWT1000	Microfiber Waffle Weave Bar Towel	white	14" x 16"	12/bg.; 15 bg/mstr.

Velcro® is a registered trademark of Velcro Industries B.W.

Microfiber Mitt without Thumb
- excellent for surface dusting and cleaning
- can be laundered

Item	Description	Color	Size	Packaging
LFRMIT	Mitt	blue	5"x10"	180/mstr.

LFRMIT

Microfiber High Duster
- multi-use tool designed to clean hard to reach areas such as overhead pipes, ledges, ceiling fans, and behind furniture
- stainless steel sword embedded in heavy canvas can be bent in any shape
- a snap connection allows quick transfer to adjustable handle to permit high dusting
- adjustable nut at handle for different angle cleaning
- for high dusting will fit #LFS100 and #CH246 microfiber handles

Item	Description	Color	Size	Packaging
HDFRM	Frame	gray	2-1/2" x 29"	12/cs.; 4 cs/mstr.

Sweepers

Manual Carpet Sweeper
- great for short pile carpets or floors
- crimped nylon bristle with 4 horsehair corner edge strip brushes
- low profile
- compact design
- brush cleaning comb for maintenance
- wrap-around vinyl bumper
- replacement parts available

Item	Description	Color	Size	Packaging
7400	Manual Carpet Sweeper	blue/black handle	10" x 9" x 3"	1/ctn.; 4 ctn./cs.
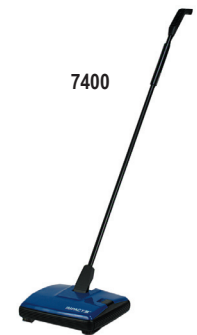

Brushless Sweepers
- patented rubberized blade, enables sweepers to pick up wet or dry debris and washes easily under running water
- rubber blades outlast bristle brushes
- high impact ABS body
- baffles trap debris, open easily for emptying
- great for stairs or steps, grouted surfaces, hard or soft
- low-profile cleaning head
- horse hair corner brushes clean close to edges
- soft, non-marking rubber wheels for a sure grip
- hangs flat to store against a wall or behind a door
- great for food service
- easy to empty, easy to clean

Item	Description	Color	Size	Packaging
7401	Small Brushless Sweeper	gray/black handle	9.5" width	1/ctn.; 10/mstr.
7402	Large Brushless Sweeper	gray/black handle	12.5" width	1/ctn.; 5/mstr.

Lambswool Dusters

Lambswool Dusters

- genuine 100% lambswool duster
- attracts dust like a magnet
- will not streak or scratch
- ideal for cleaning hard to reach areas (corners, crevices, cracks, ceiling fans, light fixtures)
- ideal for cleaning hard to clean devices (louvers, vents, blinds)
- washable

Item	Description	Color	Size	Packaging
3100	Lambswool	white handle/mixed color head	24"	12/cs.
3103	Lambswool	white handle/mixed color head	28"	12/cs.
3107	Lambswool	white handle/mixed color head	20"	12/cs.
3105	Telescopic Lambswool	white handle/mixed color head	30" extends to 45"	12/cs.
3106	Extended Twist-and-Lock Lambswool	white handle/mixed color head	33" extends to 60"	12/cs.

Polywool Dusters

Polywool Dusters

- non-allergenic
- attracts dust like a magnet
- perfect for cleaning hard-to-reach areas
- washable

Item	Description	Color	Size	Packaging
3110	Polywool Duster	white handle/mixed color head	23"	12/cs.
3120	Extended Polywool Duster	white handle/mixed color head	52" extends to 84"	12/cs.
3125W	Extended Polywool Duster with Removable Head	black handle/mixed color head	52" extends to 84"	12/cs.

Polywool Dusters

Ostrich Feather Dusters

- perfect for general cleaning of irregular surfaces
- genuine ostrich feathers
- feathers are a natural product; feather length and color may vary

Item	Description	Size	Color	Packaging
4600	Economy Ostrich Feather	brown/gray	12"	12/cs.
4601	Economy Ostrich Feather	brown/gray	14"	12/cs.
4603	Economy Ostrich Feather	brown/gray	23"	12/cs.
4604	Economy Ostrich Feather	brown/gray	34"	12/cs.
4605	Retractable Economy Ostrich Feather	brown/gray	15" overall; 8-1/2" handle	12/cs.

- safe for more delicate surfaces (trophies, china, fragile collectibles); light dusting needs "with the touch of a feather"
- 100% mature gray or black Drab ostrich feathers; hand color may vary from light, natural to darker, varnished wood
- premium dusters have more fibers per feather, resulting in better collection and holding of dust

Item	Description	Size	Color	Packaging
4630	Premium Ostrich Feather	gray/black	20"	12/cs.

Value-Plus™ Sidepress Wringer/Plastic Bucket Combo

- 26-35-qt. capacity
- higher back for more comfortable wringing; lower front for easier placing of mop reducing back strain
- large target area; large capacity side press/squeeze wringer accommodates 12-32 oz. mops
- smooth surface for easy cleaning
- non-marking gray casters (not assembled)
- only sold in combo packs

Item	Description	Color	Size	Packaging
7Y/2636-3Y	Valu-Plus™ Sidepress Combo	yellow	26-35 quart	1/cs.

7y/2636-3y

Plastic Sidepress Squeeze Wringer/Plastic Bucket Combo

- splash guard water vents to eliminate squirting and splashing
- structural foam polyethylene wringer
- reinforced nylon bearings for smooth operation and one piece welded steel handle for durability
- bucket made of structural foam polyethylene for durability and corrosion resistance
- single bail allows heavy loads to be lifted; bucket provides large mop target area
- unique inboard caster configuration keeps bucket from marring walls or collecting dirt in and around side struts

Item	Description	Color	Size	Packaging
6B/2635-3B	Sidepress Combo	blue	26-35 quart	1/cs.

- for features see WH2000 wringer and 2635-3 bucket

Item	Description	Color	Size	Packaging
2/2635-3Y	Squeeze Wringer Combo	yellow/metal	26-35 quart	1/cs.

Metal Squeeze Wringer/26-Qt. Metal Bucket

- for features see WH2000 wringer and 260 bucket
- bucket and wringer packed in one carton
- 2" casters

Item	Description	Color	Size	Packaging
2000/260	Squeeze Wringer Combo	metal	26 quart	1/cs.

2000/260

Pro-Pac™ Metal Squeeze Wringer/Plastic Bucket

- foam grip handle
- strong, long-lasting combo pack designed for professionals
- 3" casters

Item	Description	Color	Size	Packaging
PRO-Y	Squeeze Wringer Combo	yellow/metal	26-35 quart	1/cs.

PRO-Y

Compact Mopping System Combo

- small, lightweight bucket and sidepress wringer are perfect for small jobs; accommodates up to 20 oz. mops
- fits into tight spaces for convenient storage
- 2", non-marking casters
- removable divider insert allows clean and dirty water to be kept separate

Item	Description	Color	Size	Packaging
2Y/2021-2Y	Compact Mopping System Combo	yellow	10-1/2" x 17-1/2" x 18"; 21 quart	1/cs.

2Y/2021-2Y

Wringers

Plastic Squeeze Wringer

WH6000B

- splash guard water vents to eliminate squirting and splashing
- unique hopper design accommodates full range of mop sizes
- reinforced nylon bearings for smooth operation and one piece welded steel handle for durability
- structural foam polyethylene wringer
- accommodates 12-32 oz. mops

Item	Description	Color	Size	Packaging
WH6000B	Plastic Squeeze Wringer	blue	9-3/4' H x 14-1/2" L x 10-7/8" W	1/cs.
WH6000G	Plastic Squeeze Wringer	gray	9-3/4' H x 14-1/2" L x 10-7/8" W	1/cs.
WH6000Y	Plastic Squeeze Wringer	yellow	9-3/4' H x 14-1/2" L x 10-7/8" W	1/cs.

Plastic Down Pressure Wringer

4000Y

- fiberglass reinforced nylon gear and rack drive for increased wringing strength
- unique gate configuration allows all types of mop handles to be used
- injection molded polypropylene wringer
- accommodates 16-40 oz. mops

Item	Description	Color	Size	Packaging
4000G	Plastic Downpress Wringer	gray	9-3/4' H x 14-1/2" L x 10-7/8" W	1/cs.
4000Y	Plastic Downpress Wringer	yellow	9-3/4' H x 14-1/2" L x 10-7/8" W	1/cs.

Metal Squeeze Wringer

WH2000

- two-piece tubular steel handle and solid 5/8" square steel shaft
- fully vented with large drain openings on all sides, allowing water released by wringing force to flow quickly into bucket
- superior, large angle linkage system allows maximum force throughout the wringing cycle
- constructed from the highest quality, heavy electroplated cold rolled steel to prevent rusting

Item	Description	Color	Size	Packaging
WH2000	Metal Squeeze Wringer	metal	11-1/2" H x 15" L x 9-1/4" W; 20-40 oz. mops	1/cs.

Metal Gear Down Pressure Wringers

- eccentric gearing system forces pressure pads straight down on the mop for easy, no-splash wringing
- electroplated to prevent rusting

716 / 726 / 736

Item	Description	Color	Size	Packaging
716	Metal Gear Downpress Wringer	metal	13" H x 6" L x 8-1/8" W; 8-16 oz. mops	1/cs.
726	Metal Gear Downpress Wringer	metal	18-3/4" H x 7" L x 9-1/2" W; 16-24 oz. mops	1/cs.
736	Metal Gear Downpress Wringer	metal	18-3/4" H x 8" L x 10-3/8" W; 24-40 oz. mops	1/cs.

Mop Buckets

26/35-Qt. Bucket w/ 3" Casters

- provides large mop target area
- molded from structural foam polyethylene for durability and corrosion resistance
- molded-in liter and gallon graduation marks
- single bail allows heavy loads to be lifted
- wringers can be mounted from either side of bucket
- unique inboard caster configuration keeps bucket from marring walls or collecting dirt in and around side struts
- 3" casters

2635-3B

Item	Description	Color	Size	Packaging
2635-3B	26-35 Quart Bucket with Casters	blue	18-3/8" L x 15-15/16" W x 14" D	1/cs.
2635-3G	26-35 Quart Bucket with Casters	gray	18-3/8" L x 15-15/16" W x 14" D	1/cs.
2635-3Y	26-35 Quart Bucket with Casters	yellow	18-3/8" L x 15-15/16" W x 14" D	1/cs.

46-Qt. Neverlift® Bucket

- patented adjustable drain valve allows bucket to adjust to any drain flow
- drain plug can be released to drain bucket - no lever or foot pedal
- removable strainer to collect large debris
- largest capacity size in the industry
- eliminates back injuries
- reduces Workman's Compensation claims
- self-cleaning design
- 3" casters

460

Item	Description	Color	Size	Packaging
460	Neverlift® Bucket	gray	46 quart	1/cs.

Oval Galvanized Steel Bucket

- constructed of .024 in. mill-galvanized steel and seams protected with sealant
- top reinforced with 1/4" steel wire rim
- heavy corrugations give bucket extra strength
- embossed, permanent graduations for easy measuring of water and solution
- 2" casters, rubber wheels with ball bearings; casters are replaceable, but not chassis (260 only)

26X2

Item	Description	Color	Size	Packaging

Urinal Screens

Z-Screen™ Deodorizing Urinal Screen
- strong, gradual fragrance release ensures 30-day use
- new plastic material contains up to 12x more fragrance than vinyl screens
- contains enzymes to clean the urinal and eliminate odors
- unique design on top prevents embarrassing splash back and reduces cleaning time
- elevated risers on bottom to prevent trapped urine and odor source
- translucent colors enhance view of urinal drain for optimal drain flow
- flexible material conforms to the urinal to trap debris
- VOC Compliant-no ozone depleting ingredients
- shrinks in use as it releases fragrance and enzymes
- safe for use in waterless urinals
- floats in standing water, allowing water to flow under, preventing clogs

Flow Valves, Hose and Nozzle

Watermiser® Water Control Valve

- Reduces water flow in faucets, showers and hose bibs from 40% to 85%
- flow control valves are ideal for schools, universities, hospitals, restaurants, office buildings or any place faucets are used
- pays for itself quickly with lower water, sewer and energy bills
- solid brass, self-cleaning patented valves will not clog and bi-directional valves can be installed in either direction
- easy to install-Attach directly to faucets, shower arms and hose bibs
- made in USA
- meets State and Federal "Lead Free" regulations
- LEED Credits are offered with water flow control valves (see Local LEED Auditor)
- replaces need for aerators and reduces the chance of vandalism

• adapts to both 3/4" and 2" National Pipe Thread; fits 5, 15, 20, 30, & 55-gallon drum with 2" National Pipe Thread
• polypropylene and polyethylene construction for chemical resistance
• special pail adapter included, fits 5 or 6-gallon pails with Senior Rieke FlexSpout
• pumps 8-oz., or 2, 4, or 6-oz.
• restriction clips included
• chemical resistant O-ring for better seal
• replacement parts available

Item	Description	Color	Size	Packaging
2200	8-oz. Drum Pump	blue	11" L x 2" D	12/cs.
2202	8-oz. Drum Pump	gray	11" L x 2" D	12/cs.

22-oz. Metal Drum Pump
• self-priming
• pumps 22-oz. per stroke
• fits 15, 30, & 55-gallon drum with 2" National Pipe Thread

Item	Description	Color	Size	Packaging
2204	22-oz. Metal Drum Pump	chrome-plated steel	42-1/2" L x 8" W x 1-1/2" D	12/cs.

2208

8-oz. Metal Drum Pump
• pumps 8-oz. per stroke
• fits 15, 30, & 55-gallon drum with 2" National Pipe Thread

Item	Description	Color	Size	Packaging
2208	8-oz. Metal Drum Pump	chrome-plated steel	24" L x 9" W x 1-1/8" D	12/cs.

2300

Siphon Drum Pump
• made from polyethylene
• siphons 3.6-gal. per minute
• FDA compliant
• fits 15, 30, & 55-gallon drum with 2" National Pipe Thread

Item	Description	Color	Size	Packaging
2300	Siphon Drum Pump	red/white	45" L x 3" D	1/bx.; 6/cs.

2307

Heavy-Duty Siphon Pump
• for heavy use applications
• siphons 7-gal. per minute
• FDA compliant
• fits 15, 30, & 55-gallon drum with 2" National Pipe Thread

Item	Description	Color	Size	Packaging
2307	Heavy-Duty Siphon Pump	red/white	47" L x 3-1/2" D	24/cs.

Mini Siphon Pump
- includes adapter for use with Rieke Intermediate plastic FlexSpout on 5-gal. pails
- when used with Rieke Jr. FlexSpout, remove adapter
- FDA compliant

Item	Description	Color	Size	Packaging
2305	Mini Siphon Pump	red/white	21" L x 3-1/2" D	24/cs.

2305

Pump Adapter
- converts from a 2" National Pipe Thread to a 2" Buttress Thread
- works in conjunction with all drum pumps
- made of an engineered resin
- FDA compliant

Item	Description	Color	Size	Packaging
2201A	Pump Adapter	white	2" H x 3-1/2" D	bulk

Pump-Up™ Sprayers

7500

64-oz. Pump-Up™ Sprayer
- adjustable spray nozzle
- great for indoor and outdoor watering
- wide mouth for easy filling
- comfortable grip handle and thumb trigger
- Viton O-rings
- translucent tank for easy view of product level
- applications: carpet spot cleaning, restroom cleaning and car washes
- 7501 - unique nozzle which produces smooth, thick foam with foaming product easily converts to regular spray nozzle
- replacement parts available

Item	Description	Color	Size	Packaging
7500	Pump-Up™ Sprayer	gray/translucent	6" x 7" x 13"; 64 ounces	6/cs.
7501	Pump-Up™ Foamer/Sprayer	gray/translucent	6" x 7" x 13"; 64 ounces	6/cs.

7501

7548

48-oz. Jr. Pump-Up™ Sprayer
- lightweight
- increased chemical resistance with Viton seals
- ergonomic thumb lock facilitates spraying
- metal plunger allows for increased durability
- spray nozzle adjusts from mist to direct stream; foamer also has adjustable nozzle
- replacement parts available

Item	Description	Color	Size	Packaging
7548	Jr. Pump-Up™ Sprayer	gray/translucent	5" D x 12-1/2" H; 48 ounces	6/cs.
7549	Jr. Pump-Up™ Foamer	gray/translucent	6" x 7" x 13"; 64 ounces	6/cs.

7549

Foam Guns

Foam Gun
- 96-oz. capacity
- water pressure operated hose-end foam gun
- great when foam is desired to increase surface contact time
- powerful spray rinse when detaching bottle and foamer from handle
- color coded metering tips for dilution control
- minimum PSI 40, maximum PSI 85
- replacement parts available

7504

Item	Description	Color	Size	Packaging
7504	Foam Gun	black/translucent	9-1/2" x 9-1/2" x 10"; 96 ounces	1/cs.

Foam Guns, continued

7507

1-qt. Foam Gun 🌿
- water pressure operated hose-end foam gun
- great when foam is desired to increase surface contact time
- minimum PSI 40, maximum PSI 60
- translucent tank for easy view of product level

Item	Description	Color	Size	Packaging
7507	Foam Gun	black/translucent	11" x 15" x 4-1/2"; 32 ounces	6/cs.

Tank Sprayers

7502

7503

Regular Tank Sprayers
- wide mouths for easy filling
- O-ring, discharge valve and wand tip made of chemical resistant Viton
- pressure relief valve
- 30" premium PVC hose, 16" polymer handle
- locking handle
- twist to pump operation
- carrying strap with 3-gal. unit
- replacement parts available

Item	Description	Color	Size	Packaging
7502	Regular Tank Sprayer	gray/translucent	8" x 8" x 22"; 2 gallon	1/cs.
7503	Regular Tank Sprayer	gray/translucent	8" x 8" x 25-1/2"; 3 gallon	1/cs.

7512

7513

All-Purpose Tank Sprayers
- wide funnel opening for easy filling
- vertical holders for wand
- convenient built-in wrench for easy access to shut-off valve
- 2-gal. 12" and 3-gal. 16" polymer extension
- locking handle
- twist to pump operation
- carry strap with 3-gal. unit
- Viton seals and 30" premium PVC hose
- suitable for applying pesticides, herbicides, floor maintenance solutions, washroom sanitation, chemicals and mild acid solutions
- replacement parts available

Item	Description	Color	Size	Packaging
7512	All-Purpose Tank Sprayer	black/translucent	8" x 8" x 20"; 2 gallon	1/cs.
7513	All-Purpose Tank Sprayer	black/translucent	8" x 8" x 24"; 3 gallon	1/cs.

7522

Chemical Resistant Tank Sprayer
- same basic features as all purpose units
- 2-gal. 12", 3-gal. 18" brass wand
- carrying strap
- locking handle
- twist to pump operation
- hand screwable tip adapter housing flat fan spray nozzle
- full brass shut-off valve and extension wand
- replacement parts available

Item	Description	Color	Size	Packaging
7522	Chemical Resistant Tank Sprayer	black/translucent	8" x 8" x 22"; 2 gallon	1/cs.

Portion Aid

- gives accurate measurements
- eliminates product waste
- use with cleaners, disinfectants, detergents or concentrates
- eliminates extra cost of proportioning bottles
- ounce and cc calibrations molded-in on sides
- to use, just squeeze bottle to desired amounts, then pour
- U.S. design patent

Item	Description	Color	Size	Packaging
3528	Portion Aid for 28mm quart and pint bottles	translucent	3" H x 2" D x 12" L; 3-oz. cup	12/cs.
3538	Portion Aid for 38mm plastic gallon bottles	translucent	3" H x 2" D x 15" L; 3-oz. cup	12/cs.

3528 / 3538

Measuring Scoop

- 2-oz. capacity

| Item	Description	Color	Size	Packaging
2402	Measuring Scoop	translucent	1-1/2" D x 1-1/2" D; 2 ounces	bulk

2402

Deluxe Scoop

- 2-qt. capacity
- made of polypropylene
- perfect for ice melt, floor sweep and a variety of uses

Item	Description	Color	Size	Packaging
2405	Deluxe Measuring Scoop	white	9-1/4" L x 6" W x 5" H; 2 quarts	12/cs.

2405

16-oz. Measuring Cup

- 16-oz.
- made of translucent polypropylene
- liquid and dry measurements with graduations

Item	Description	Color	Size	Packaging
2416	Measuring Cup	translucent	4" D x 4-5/8" H; 16 ounces	24/cs.

2416

8-oz. Measuring Cup

- 8-oz.
- made of translucent polypropylene
- embossed graduations, ounce and millimeter scales

Item	Description	Color	Size	Packaging
2418	Measuring Cup	translucent	2-1/2" D x 5" W x 3" H; 8 ounces	bulk

- provides excellent protection for food preparation or other suitable applications
- neck loop and waist ties
- one size fits all

Item	Description	Color	Size	Packaging
8708	Disposable Apron	white	26" x 46"; 1.25 mil	1000/cs.

8708

Single Closure Back Support w/ Suspenders

- retains memory for continued firm support
- supports lower lumbar area
- 7" wide back panel
- 5 flexible stays

Item	Description	Color	Size	Packaging
7379S	Single Closure Back Support with Suspenders	black	small (26-36)	1/bg.; 10/mstr.
7379M	Single Closure Back Support with Suspenders	black	medium (36-48)	1/bg.; 10/mstr.
7379L	Single Closure Back Support with Suspenders	black	large (48-58)	1/bg.; 10/mstr.

7379

Basic Back Support

- economical
- designed with 8" elastic back panel
- 3" elastic side pulls
- detachable elastic suspenders
- 4 stays

Item	Description	Color	Size	Packaging
7389M	Basic Back Support	black	medium (32-38)	1/bg.; 10/mstr.
7389L	Basic Back Support	black	large (38-47)	1/bg.; 10/mstr.
7389XL	Basic Back Support	black	xlarge (47-56)	1/bg.; 10/mstr.

7389

Value-Plus™ Rubber Knee Pads

- soft rubber; durable
- one-piece mold construction
- pads feature hook and loop strap for secure fit

Item	Description	Color	Size	Packaging
7375	Value-Plus™ Rubber Knee Pads	blue	one size fits all	1 pr./cs.

7375

Hard Hat

- high density polyethylene
- standard 4-point suspension
- accessory slots for cap attachments
- microporite brow pad; rain trough brim
- meets ANSI Z89.1-Type 1, Class G, E, and C as required by OSHA

Item	Description	Color	Size	Packaging
7325	Hard Hat	yellow	one size fits all	12/cs.

7325

Ratchet Headgear
- holds plastic faceshield (**7338**) for full face protection
- protects against flying particles and chemical splash

Item	Description	Color	Size	Packaging
7337	Ratchet Headgear	blue	one size fits all	24/cs.

7337 / 7338
sold separately

Polycarbonate Faceshield
- offers full face protection against flying particles, liquid and chemical splash
- constructed of polycarbonate material
- resists pitting and scratching
- for use with ratchet headgear (**7337**)
- shield measures 8" x 15-1/2" x .040" thickness
- proper eye protection must be used with faceshield

Item	Description	Color	Size	Packaging
7338	Polycarbonate Faceshield	clear	one size fits all	100/cs.

Face Mask w/ Elastic Ear Loop
- spun bonded polypropylene
- 3-layer, pleated
- fastened with ultrasound at 2 side edges
- bacterial filtration efficiency (BFE)>99.5%
- anti-fog sweat band

7370

Item	Description	Color	Size	Packaging
7370	Face Mask with Elastic Ear Loop	blue	one size fits all	50/bx.; 6 bx./mstr.

Disposable Non-Toxic Dust Mask
- protects from effects of pollen, dust, grass, and other non-toxic particles
- high quality construction will not collapse when wet from use or in high humidity areas
- custom fit nosepiece adjusts to contour of face
- constructed from polypropylene

7300B

Item	Description	Color	Size	Packaging
7300B	Disposable Non-Toxic Dust Mask	white	one size fits all	50/bx.; 12 bx./mstr.

Disposable Dust and Mist Respirator
- protects from effects of pollen, dust, grass, and other non-toxic particles
- double shell construction
- provides comfortable tight fitting seal
- custom fit nosepiece
- N-95 rated
- OSHA and NIOSH APPROVED TC-21C-271

7312B

Item	Description	Color	Size	Packaging
7312B	Disposable Dust and Mist Respirator	white	one size fits all	20/bx.; 12 bx./mstr.

Dust/Mist Respirator with Exhalation Valve
- for hot, humid conditions
- double shell construction, exhalation valve
- custom fit nosepiece
- use with glasses, goggles or safety shield
- N-95 rated
- OSHA and NIOSH APPROVED TC-21C-271

7314B

Item	Description	Color	Size	Packaging
7314B	Dust/Mist Respirator with Exhalation Valve	white	one size fits all	10/bx.; 12 bx./mstr.

Honeycomb Hair Nets
- nylon material, 1/16" honeycomb pattern
- great for food processing, food handling, lab work and manufacturing
- FDA compliant

Item	Description	Color	Size	Packaging

Private Label Guide - General Products

general

submit camera-ready artwork or reproducible artwork which can be enlarged or reduced. Definition of camera-ready/photo reproducible artwork: black on glossy white background with sharp images. **PLEASE NOTE:** Photocopies, business cards, drawings, letterhead, decals, etc. are NOT camera-ready. For electronic submission of artwork, submit a vector file in EPS, Adobe Illustrator (AI), CDR or TIF format through email or on CD-ROM. Low-resolution artwork from a website is not acceptable.

process

h - hot stamp.   p - pad print.   s - silkscreen.

colors

 hot stamp & pad print -   dark blue, light blue, red, brown, black, orange, green, yellow, gray, metallic gold, burgundy, and white.

silkscreen -   process blue, dark blue, light blue, reflex blue, green, yellow, red, orange, brown, purple, magenta, gray, burgundy, teal, and maroon. PMS matching available by providing PMS number*. Up to 3-color printing on plastic bottles. Recommend 1-color imprint on 5032P bottle.

*Note: PMS matching only provided on silkscreen.

UV ink

all plastic bottles and containers are screened with UV inks. UV inks produce a sharper, glossier image and give superior chemical resistance and ink durability.

IMPACT PRODUCTS, LLC

3.6.1
There shall be a written curriculum for technical training of cleaning personnel and documentation that personnel have been trained.

4.1.1
Employers shall comply with all pertinent provisions of the federal OSHA Hazard Communication Standard and all comparable state requirements. Provisions that must be complied with include, but are not limited to, the following: 29 CFR 1910.1200

4.1.3
There shall be documentation that describes the organization's selection and use of Personal Protective Equipment (PPE). The employer shall comply with all applicable OSHA and state requirements for PPE. 29 CFR 190 Subpart I.

For more information on our Safe Solutions Programs, visit our website, www.impact-products.com.

4.1.4
If cleaning personnel are required to clean blood or other potentially infectious material spills, the organization shall comply with OSHA Bloodborne Pathogen Standard 29 CFR 1910.3030 or applicable state requirements.

4.1.6
Employers shall comply with all other applicable OSHA and/or state employee safety and health regulations.

4.2.1
The organization shall have an environmental policy.

* For a complete list of CIMS standards, visit www.issa.com/standard.

Microfiber Technologies™

How to Use the Microfiber Technologies™ System
Cómo usar el sistema Microfiber Technologies™

Layflat® from IMPACT®

Cleaning Surfaces
Limpieza de superficies

Remove the presoaked cleaning cloth from container and wring out excess fluid and cleaning agent

Retire el paño de limpieza previamente empapado del recipiente y estruje el exceso de líquido y agente de limpieza

Clean and wipe surface area

Limpie y pase un paño por el área de la superficie

Once area is clean and cloth is soiled, place in laundry bag

Una vez que quede limpia el área y se ensucie el paño, póngalo en la bolsa para el lavado

Dry Dusting
Sacudir el polvo en seco

Use clean, dry microfiber cloth, mitt or duster.

Use un paño de microfibra limpio y seco.

Clean and wipe surface area.

Limpie y pase un paño por el área de la superficie.

Once surface is clean and cloth or mitt is soiled, place in laundry bag. Duster can be used repeatedly and cleaned according to their instructions.

Una vez que quede limpia el área y se ensucie el paño, póngalo en la bolsa para el lavado.

Cleaning Glass
Limpiar vidrios

Dampen glass towel with normal tap water.

Humedezca la toalla limpiavidrios con agua corriente de la llave.

Clean the mirror, window and other glass surfaces with glass cleaning cloth.

Limpie las superficies de espejos, ventanas y otras de vidrio con el paño limpiavidrios.

Once surfaces are clean and glass cleaning cloth is soiled, place in laundry bag.

Una vez que las superficies queden limpias y se ensucie el paño limpiavidrios, póngalo en la bolsa para el lavado.

Dry Mopping
Trapeado en seco

Place dust mop on floor, gray side down. Press mop frame against mop so the Velcro® system fastens.

Ponga el trapeador para el polvo sobre el piso, con el lado gris hacia abajo. Presione el armazón del trapeador contra el trapeador de tal modo que quede sujeto el sistema Velcro®.

Dust floors, beginning at far edge of room and proceeding towards center in figure eight pattern.

Sacuda el polvo de los pisos, empezando en el extremo alejado del cuarto y procediendo hacia el centro en forma de ocho.

Place feet on each edge of dust mop and then pull up or rotate mop handle. Once mop frame begins to pull away from mop, pick up and place dust mop in soiled laundry bag.

Ponga los pies en cada borde del trapeador para el polvo y luego mueva hacia arriba o gire el mango del trapeador. Una vez que el armazón empiece a alejarse del trapeador, recoja y ponga el trapeador en la bolsa para el lavado.

Wet Mopping
Trapeado mojado

Safety Note: Please use safety signage in areas where you are wet or damp cleaning

Nota de seguridad: Use letreros de seguridad en áreas donde realice limpieza húmeda o mojada de pisos.

Proceed with pre-moistened mop heads (white side up) to bucket filled with recommended 150-200cc of water and chemical per mop. Press mop so Velcro® system fastens.

Proceda con los cabezales de trapeadores previamente humedecidos (lado blanco hacia arriba) al cubo lleno con 150-200 cc de agua y agente químico por trapeador, según lo recomendado. Presione el trapeador para que quede sujeto el sistema Velcro®.

Begin by mopping edge of baseboard from front to back of room. At far edge of room, begin mopping in recommended figure "8" pattern. Mop restrooms last.

Empiece por trapear las orillas del zócalo de adelante hasta atrás en el cuarto. En el extremo del cuarto, empiece a trapear en la forma de ocho recomendada. Trapee los baños en último lugar.

Place feet on each edge of wet mop and then pull up or rotate mop handle while mop frame begins to pull away from mop. Pull mop from frame and place in soiled laundry bag.

Ponga los pies en cada borde del trapeador mojado y luego mueva hacia arriba o gire el mango del trapeador mientras el armazón empieza a alejarse del trapeador. Saque el trapeador del armazón y póngalo en la bolsa para el lavado.

Proper Hand Washing Procedures

Hands spread an estimated 80% of common diseases.[6]

1 Wet Hands Using Warm Water.

2 Apply Soap.

3 Lather Soap on Hands and Rub Together for At Least 20 Seconds.

4 Rinse Hands Thoroughly Under Warm, Running Water.

5 Dry Hands with a Paper Towel or Air Dryer.

6 If Available, Use a Paper Towel to Turn Off Water and Open Door.

"Hand washing is the single most important means of preventing the spread of infection."
~U.S. Center for Disease Control

Did you know...

O hand washing is the single most important means of preventing the spread of infection[1]

O hand washing is still recommended when gloves are worn[1]

O each year, more than 164 million school days are lost due to illness[1]

O the number of germs on your fingertips doubles after you use the toilet[2]

O germs can stay alive on hands for up to three hours[2]

O 92% of adults say they always wash their hands, but only 77% actually do[3]

O many outbreaks of foodborne illness such as salmonella and E. coli, can be traced to unwashed or poorly washed hands[3]

O it is estimated that there are about 76 million foodborne illnesses each year in America, resulting in 325,000 hospitalizations and 5,000 deaths - government statistics indicate that at least 25 percent of these illnesses are due to improper handwashing[2]

Even after contact with contaminated surfaces, most germs can be easily removed through simple washing with soap and warm water.

When to Wash

Before and After:

☑ eating

☑ preparing food, especially after touching raw meat

☑ caring for children, especially infants

☑ putting in or taking out contact lenses

After:

☑ using the restroom

☑ blowing your nose, coughing or sneezing

☑ handling garbage

☑ touching animals, especially reptiles and exotic animals

☑ coming in contact with someone who is ill

☑ touching surfaces in a public place

☑ treating an open wound

☑ handling money

Pro Guard®

How to choose proper chemical resistant gloves

1 identify the chemical you are working with.
2 consult the Material Safety Data Sheet (MSDS) on the chemical.
3 check the chemical resistance guide for gloves.
4 determine the physical factors involved in the glove application:
   • dexterity and flexibility
   • resistance to puncture and snags
   • abrasion resistance
5 determine the needed glove length.
6 test glove.

Glove Millage Thickness

Due to manufacturing processes and industry standards, the actual millage of a glove can vary up to 10 % +/-.

How to size chemical resistant gloves

Proper fitting gloves are important. Gloves too large are uncomfortable, hard to use and can be hazardous. Gloves too small are binding and cause hand fatigue. To determine size, place widest part of hand on size lines.

Size Guide

Small | Med | Large | XLarge

Place your hand against this line as shown to find correct size
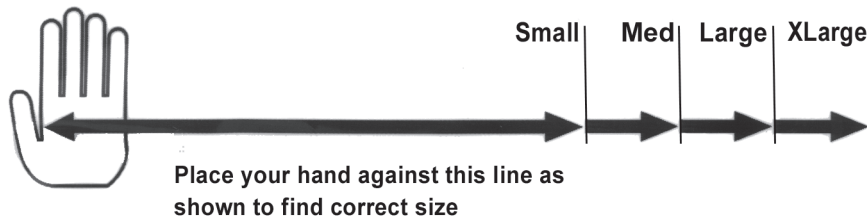

Glove size chart

hand size	7 - 8"	8-1/2 - 9"	9-1/2 - 10"
glove size	S	M	L

Factors that can adversely affect the life of chemical resistant gloves

permeation - rate at which a chemical passes through the glove material.
breakthrough - the elapsed time from initial chemical contact on the glove surface to actual detection of chemical in the inside of the glove.
degradation - change in glove properties due to chemical contact.
   Swelling, softening, hardening, drying and other undesirable effects are some examples of degradation.

Physical performance chart for unsupported gloves

	latex	nitrile	neoprene
abrasion resistance	E	G	G
elongation - flexibility	G	E	E
heat resistance	E	F	E
tear resistance	G	G	G
tensile strength	E	E	E
puncture resistance	F	E	P

key   P = poor   F = fair   G = good   E = excellent

Latex Allergen Information

LATEX GLOVE CAUTION STATEMENT: This statement appears on the packaging of all latex gloves.
CAUTION: This product contains natural rubber latex which may cause allergic reactions. Users with a known sensitivity to rubber or latex products should avoid contact. IF YOU EXPERIENCE A REACTION TO THIS PRODUCT, DISCONTINUE USE AND SEEK MEDICAL ATTENTION. Reactions may include such phenomena as watery eyes; wheezing, hives, a rash, welts, redness, dryness, tingling or other skin irritations; hay fever-like symptoms such as sneezing, runny nose, itching throat or nose; or, tightness of the chest.

This symbol appears on the packaging of glove styles that contain no latex. These gloves are 100% latex free. This symbol is shown throughout the glove section.

You must follow a safe procedure for glove removal, being careful that no pathogens from the soiled gloves contact your hands:

- with both hands gloved, peel one glove off from top to bottom and hold it in the gloved hand.
- with the exposed hand, peel the second glove from the inside, tucking the first glove inside the second.
- dispose of the entire bundle promptly.
- remove gloves when they become contaminated, damaged, or before leaving the work area.
- wash hands thoroughly.

NR	Not Recommended

Note: This chemical resistance chart is presented as a guide only. This does not consider the permeability of gloves, chemical combinations, temperature, length of time that the glove is in contact with the chemical and thickness of the glove. These factors will alter or effect the performance of the glove. Actual on the job testing of gloves is recommended.

Always read Material Safety Data Sheets before using any chemicals.

Latex = made from natural rubber from rubber trees

Vinyl = form of plastic (latex free)

Nitrile = form of plastic, more puncture and chemical resistant

latex caution: rubber latex may cause allergic reactions. Users with a known sensitivity to rubber or latex products should avoid contact. IF YOU EXPERIENCE A REACTION TO THIS PRODUCT, DISCONTINUE USE AND SEEK MEDICAL ATTENTION. Reactions may include such phenomena as watery eyes, wheezing, hives, a rash, welts, redness, dryness, tingling or other skin irritations; hay fever-like symptoms such as sneezing, runny nose, itching throat or nose; or, tightness of the chest.

OSHA Standard 29 CFR 1910.138 Hand Protection
Employers shall select and require employees to use appropriate hand protection when employees' hands are exposed to hazards such as those from skin absorption of harmful substances; severe cuts or lacerations; severe abrasions; puncture, chemical burns; thermal burns and harmful temperature extremes.

OSHA Standard 29 CFR 1910.133 Eye Protection
Employees must use appropriate eye or face protection when exposed to hazards from flying particles, molten metal, liquid chemicals, acids, chemical gases or vapors. Side shields are required when there is a hazard from flying objects.

OSHA Standard 29 CFR 1910.151 Eye/Face Protection
Requires facilities for drenching and flushing of eyes or face for any person that may be exposed to corrosive chemicals. Meets ANSI Z358.1-2004 Safety Standards.

OSHA Standard 29 CFR 1910.136 Foot Protection
Employees must wear protective footwear in areas where there is danger of foot injuries due to falling or rolling objects, piercing of the sole, chemical or electrical hazards. **Must be in compliance with ANSI Z41-1991.**

OSHA Standard 29 CFR 1910.135 Head Protection
Employers must wear protective helmets when working in areas where potential injury to the head from falling or flying objects or electrical contact.

FDA Food Code 2-402.11 Hair Restraints
All food employees shall wear hair restraints such as hair coverings or nets, beard restraint, and clothing that covers body hair that are designed to be worn to effectively keep their hair from contacting exposed food.

OSHA Standard 29 CFR 1910.134 Respiratory Protection
Respirators must meet NIOSH approval for respiratory protection against most dusts. To protect from occupational diseases from conditions that are immediately dangerous to life caused by breathing air contaminated with hazardous levels of dusts, fog, fumes, mists, gases, smoke, sprays and vapors.

OSHA Standard 29 CFR 1910.95 Ear Protection
Requires hearing protection must be available to all workers exposed at or above 85 decibels over an 8 hr. period.

OSHA Standard 29 CFR 1910.1030 Bloodborne Pathogen
This standard is designed to help prevent workplace exposure to bloodborne pathogens (not limited to HIV-1 and HBV). Section (B) (3) states where there is occupational exposure, the employer shall provide appropriate Personal Protective Equipment (PPE) to employees who come in contact with blood or bodily fluids.

OSHA Standard 29 CFR 1910.151 First Aid Kit
This standard is designed to help with workplace accidents. OSHA Standard 29 CFR 1910.151 requires kits for any employer with 10 or more employees.

IMPACT PRODUCTS, LLC

Why Bulk Soap?

- Up to **55% cost savings** over captive systems.

- **Environmentally friendly design** uses a "bag/box-less" refillable reservoir or bottle, keeping waste from the landfills.

- Refillable bottle, 9325B, is **recyclable and reusable**.

- Refillable reservoirs can be topped-off, **saving soap** that gets thrown away with cartridge/bag-in-box systems.

- Dispensers can be refilled as part of a daily maintenance schedule, ensuring dispensers **never run empty**.

- Bulk soap **reduces packaging and waste**.

Why Foam Soap?

- Over **50 percent savings** over liquid and lotion soaps - foam generated is approximately 20 times[1] the actual volume of soap.

- The thick, pre-foamed lather allows more soap to stay on hands, **less is wasted** down the drain.

- Clean, easy-to-use design **keeps countertops clean** and free of messy soap residue.

- Foam soap is **more effective**, providing a **quick, thorough cleaning** of hard-to-reach places often missed by other soaps.

- Foam soap requires **25 percent less water** to lather than traditional liquid and lotion soaps.[2]

- Thick, rich lather **encourages proper hand washing** - it's easier and more pleasant to use.
