CHAPTER 1: Introduction

The purpose of this document is to guide you as a provider through the process of entering your profile information free of charge into CAQH ProView™ to meet a variety of data needs of health plans, hospitals and other healthcare organizations. It also defines the steps to authorize, attest and maintain your data profile through the re-attestation process.

CAQH ProView Overview

CAQH ProView is the healthcare industry's premier resource for providers to self-report professional and practice information to payers, hospitals, large provider groups and health systems. CAQH ProView eliminates duplicative paperwork for these organizations that may require provider profile information for claims administration, credentialing, directory services, and more.

Through an intuitive, profile-based design, you can easily enter and maintain your information for submission to your selected organizations. CAQH ProView can be accessed at <https://proview.caqh.org/pr>.

The following steps provide you with a high-level overview of the process to complete your data profile.

1. Register with the system.
2. Complete all application questions.
3. Review your data profile for accuracy.
4. Authorize participating organizations access to your data profile.
5. Attest to your data profile.
6. Upload your supporting documentation.

This document will provide additional information and helpful tips for each of these steps.

Getting Started

Completing the initial CAQH ProView profile may take up to two hours; however, preparing yourself for the information requested will reduce the time required to complete your profile. Additional time may be required depending upon several factors, including the number of practice locations, amount of postgraduate training and work history, and overall familiarity with online tools and systems.

While CAQH ProView was designed to be compatible with most Internet browsers, we recommend upgrading to the most current version of Internet Explorer, Chrome or Safari, and using one of these browsers for the best performance.

If your practice has an office manager or clinic administrator who assists with gathering information for credentialing or other administrative purposes for multiple providers, the [CAQH](#)

[ProView Practice Manager Module](#) may facilitate your data entry process. Data that is the same for multiple providers (e.g., clinic name, address and phone number) can be entered once by a practice manager, rather than having to be entered repeatedly for each individual provider. Please refer to *Chapter 7: Importing Data from the Practice Manager Module* for more information regarding this functionality.

System Security

The confidentiality and security of provider information and the privacy of system users are critical priorities for CAQH. CAQH has implemented information security policies, standards, guidelines, processes, procedures, and best practices to strengthen its security program and to protect its information assets. CAQH ProView is designed to be compliant with laws and regulations relating to the privacy of individually identifiable information.

The CAQH ProView solution is housed in secure datacenters where multiple physical and electronic safeguards are implemented. Secure Internet access to application screens, use of passwords and certificates are used to help ensure only authorized use of the system. Powerful Transport Layer Security (TLS) encrypts the data in transition; the database content is also encrypted at rest and in backup to prevent unauthorized access to CAQH ProView. Only authenticated users have access to their restricted data. Virus detection mechanisms are used to help ensure that the database and the websites are free of viruses. Routine encrypted backups protect volatile system data and are secured in an off-site storage facility.

CHAPTER 2: Registration

Registration is required for all providers to obtain access to CAQH ProView.

New Users

If you received an introductory email from CAQH ProView, select the link contained in the email to begin the registration process using the CAQH ID provided. Refer to “Creating a CAQH ProView Account” on page 6 of this guide for the next steps in the process.

Existing UPD Providers

For providers who were previously registered with the CAQH Universal Provider Datasource (UPD), go to CAQH ProView at <https://proview.cagh.org/pr>. You can initially sign-in with CAQH ProView by entering your existing UPD username and password and clicking “Sign in”. You may be prompted to update your username and password at this time. Refer to “Creating a CAQH ProView Username and Password” on page 7 of this guide for the next steps in the process.

GETTING STARTED

CAQH ProView is the healthcare industry’s premier resource for self-reporting professional and practice information to health plans and other healthcare organizations. Through an intuitive, profile-based design, you can easily enter and maintain your information for submission to your selected organizations. The system eliminates duplicative processes to collect provider demographic information required to support, credentialing, directory services, claims administration and more.

CAQH ProView is a timesaver over traditional paper application submissions and includes the following helpful features to expedite data collection and maintenance to support credentialing and other key industry functions:

- Drop-down selections for select fields and sections (ex. medical schools, hospitals)
- Required and suggested fixes to ensure a complete profile prior to attestation
- Auto-save feature as you move from screen to screen
- Field formatting and data validation to avoid errors
- 24x7 access to the website, and customer support representatives for assistance
- Extensive help and FAQ content to provide guidance on how to complete the profile sections

Completing the initial CAQH ProView profile may take up to two hours, however once a profile is complete ongoing maintenance is easily performed through a streamlined reattestation process. Follow the suggestions below to prepare for the information that will be requested and to reduce the time required to complete the profile. Additional time may be required depending upon several factors, including the number of practice locations, amount of postgraduate training and work history, and overall familiarity with online tools/systems.

BEFORE YOU BEGIN

The following suggestions may allow for easier and faster completion of the CAQH ProView profile:

- Familiarize yourself with the [type of information](#) that the profile will require.
- Familiarize yourself with the [required steps](#) to complete the CAQH ProView profile.
- Have the [proper materials](#) available for reference when you start.
- If your practice has an office manager or clinic administrator who assists with gathering information for credentialing or other administrative purposes for multiple providers, the [CAQH ProView Practice Administrator Module](#) will make data entry easier. Data that is the same for multiple providers (e.g., clinic name, address and phone number) can be entered once, rather than having to be entered repeatedly for each individual provider.

If you already have a CAQH Provider ID, please click [here](#). Otherwise, please click the Next button below to register.

If you are a dentist, please first sign-in or register via www.ada.org and follow instructions to submit a credentialing application via CAQH ProView from ADA’s web site.

Thank you for your participation.

Creating a CAQH ProView Account

New CAQH ProView users who either self-register with the system or who are added to the system by an organization, will receive an email from CAQH ProView containing a CAQH Provider ID and a link to create a CAQH ProView account.

Upon selecting the link from the e-mail, you received, you will be directed to the page shown below. Enter your CAQH Provider ID and select “Continue”.

FIGURE 04

At the next screen, enter your personal identification number(s) to proceed with creating your ProView account. Select “Continue” to proceed.

FIGURE 05

Creating a CAQH ProView Username and Password

CAQH ProView users may be asked to create a new username and password to meet CAQH ProView requirements. Usernames in CAQH ProView must consist of 8 characters and can be any combination of numbers and/or letters. Special characters like # or @ are not allowed.

FIGURE 06

The screenshot shows a web form titled "Establish Your CAQH ProView Account". Below the title is a subtitle: "To set up your CAQH ProView account, please enter a username, password, and answer the security questions below." The form is divided into two main sections. The first section, "Please enter a username", includes a text box for the username and a note: "Your username must be at least 8 characters. It can be made up of numbers and/or letters, but it cannot include special characters like @ or #." The second section, "Please enter a password", includes two text boxes: "Password" and "Re-enter Password", with a note: "Your password must be at least 8 characters and cannot be the same as your username. If your old password meets these requirements, you may enter it here."

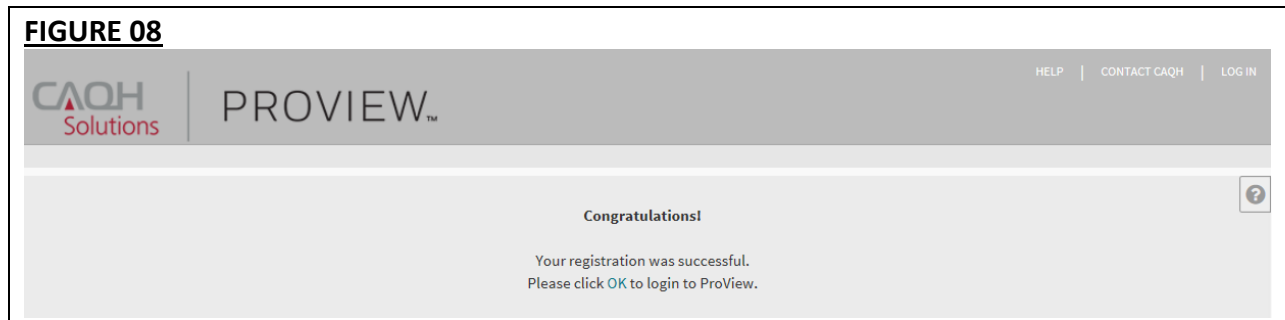

CAQH ProView users will also be asked security questions to facilitate account access in case of a forgotten username and/or password. Select three security questions and provide unique answers for each. By checking "I Agree" at the bottom of the page, you adhere to the terms and conditions, which can be accessed by selecting the "See Terms and Conditions" hyperlink. Then select "Create Account".

FIGURE 07

The screenshot shows the security questions section of the registration form. It contains three sets of questions, each with a dropdown menu for the question and a text box for the answer. The questions are labeled "Security Question 1: (required)", "Security Question 2: (required)", and "Security Question 3: (required)". Below the questions is a link "See Terms and Conditions" and a checkbox "I Agree". At the bottom right is a blue button labeled "Create Account".

Click "Create Account" and you will receive confirmation that your CAQH ProView registration was successful.

NEW: A new Broadcast Message feature has been added to the CAQH ProView Provider, Practice Manager, and Participating Organization portal. Broadcast Messaging will allow CAQH to communicate upcoming system updates and/or to report system-wide issues to all users.

Whenever there is a published broadcast message, a pop-up message will appear on your screen when you log in to your CAQH ProView account.

FIGURE 34

If you click the 'X' located at the top, the pop-up message will close but will re-appear upon your next log-in.

If you click the Dismiss button, the pop-up message will close and will NOT appear with future log-ins. If you clicked the Dismiss button and would like to view the broadcast message again, click on the CAQH ProView Provider Update link found above your name.

FIGURE 35

Note: The link to the CAQH ProView Status Updates will be found in the pop-up message.

Tip:

- If you need assistance on the Home Page, you can access the "Help" link that is displayed in the top right-hand corner on the Home Page.

The Home page displays five components:

1. Profile Summary

- Provides a summary of your key profile information, such as your CAQH Provider ID, any outstanding required fixes that need to be made to your data profile, and your primary practice state. You can also easily access a “Change Password” button here to change your password if necessary.

2. Message Center

- Displays information relevant to your account, information from CAQH and actions required. This also displays any notifications from CAQH regarding missing or expired documents.

3. Supporting Documents

- Provides links to any supporting documents that have been uploaded to your profile.
- Displays the approval status of your supporting documents.
- If you have questions on uploading your documentation, refer to *Chapter 6: Uploading Supporting Documentation*.

4. Attestation History

- Provides a record of your attestation history.
- Attestation is the term used to show you certify that you have carefully reviewed all information contained within your CAQH data profile and that all information provided by you is true, correct and complete to the best of your knowledge. You also acknowledge that your CAQH data profile will not be considered complete until supporting documentation and signed Authorization, Attestation and Release Form are submitted.

5. Available Imports.

- Displays any sections containing data available for import into your data profile. With CAQH ProView, practice managers have the capability to enter information on your behalf and then export that information for your access and to ease your data entry requirements. You will have the option to import any available data as a new set or replace an existing set of data within the section. You also can compare your existing data to the data entered by a practice manager before you choose to import the data.

In addition, to these components, across the top of the home page is a navigation menu, which allows you to navigate to four sections to complete your profile information:

- **Profile Data** – Click here to enter your profile information (See Chapter 4)
- **Documents** – Click here to review your supporting documents (See Chapter 6)
- **Review** – Click here to review the information you have entered and correct any required errors (See Chapter 5)
- **Attest** – Click here to attest to the accuracy of your information (See Chapter 8)

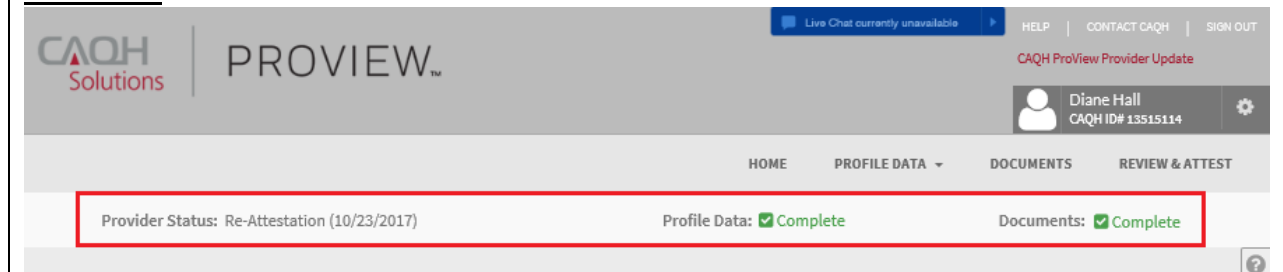

FIGURE 36

Status Bar

A status bar is also available at the top of the screen. The status bar will help you identify what actions need to be taken on your profile for your authorized organizations to receive your up-to-date information.

The Status Bar shows three elements:

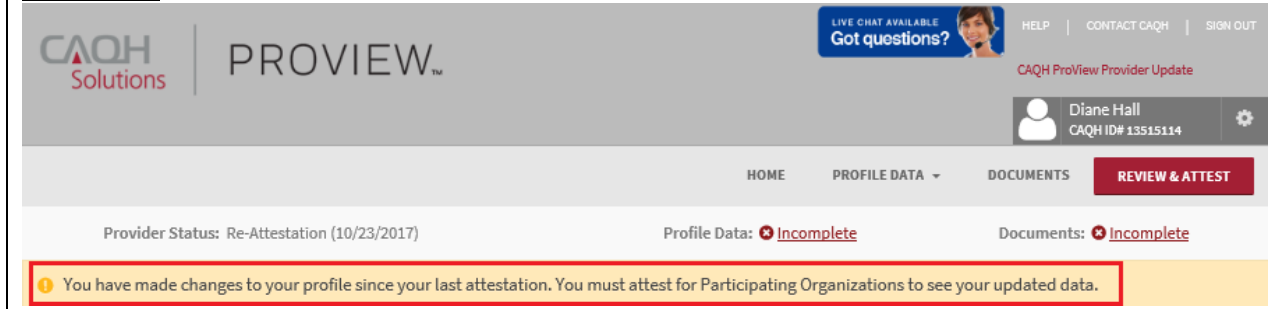

- Provider Status with 'as of' date
- Profile Data: Complete/Incomplete
 - The status 'Complete' is displayed if you have successfully completed all required fields in the sections listed on the left-hand side navigation.
- Documents: Complete/Incomplete
 - The status 'Complete' is displayed if ALL the required supporting documents have been provided and are current according to requirement rules.

FIGURE 37

Attest Reminder Bar

- After you update any information in your profile, you must complete attestation so that your authorized organizations can view your updated profile.
- A reminder message will appear across the top of the page on every page only after you have changed one or more piece of data and have not attested to that change.
- This message will disappear only after you have attested but would re-appear if you changed more data and did not re-attest.
- This message will also appear if CAQH has updated a relevant domain table value.

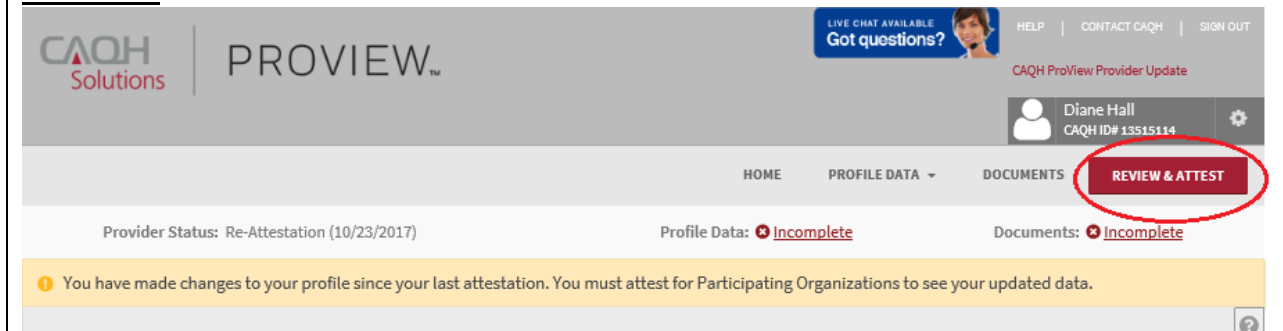

FIGURE 38

Attest Button in Navigation Bar

- The 'Attest' navigational element is now moved to the far-right position.
- If you have never attested or have previously attested and have unattested data, the 'Attest' navigational element will show as a red button.
- The 'Attest' navigational element will also show as a red button when you are NOT in the following status:
 - Initial Profile Complete
 - Re-attestation

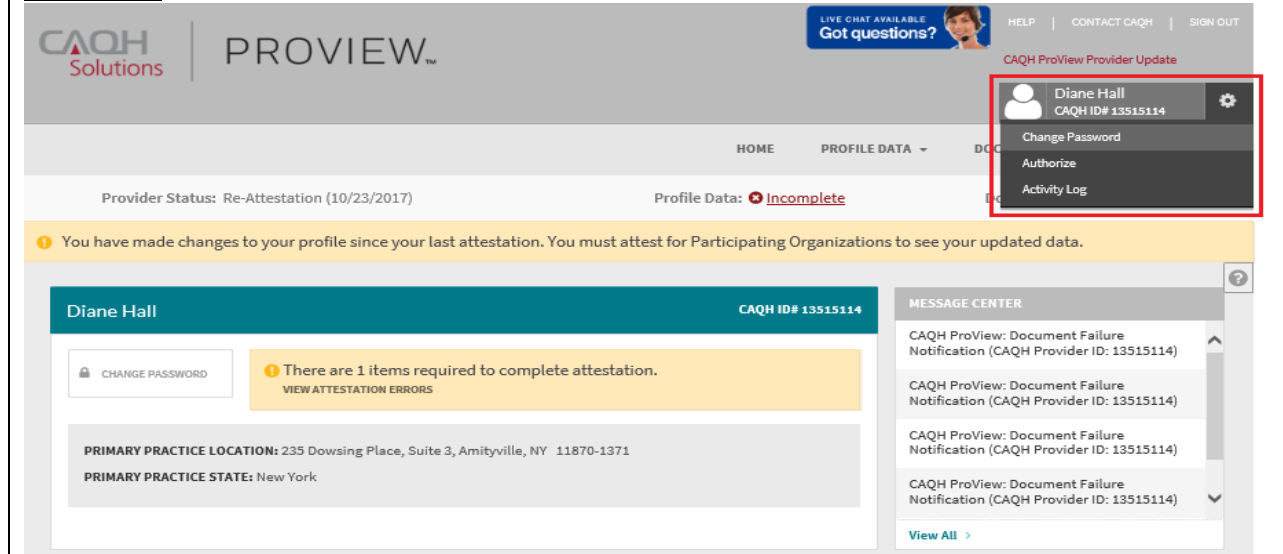

FIGURE 39

Activity Log

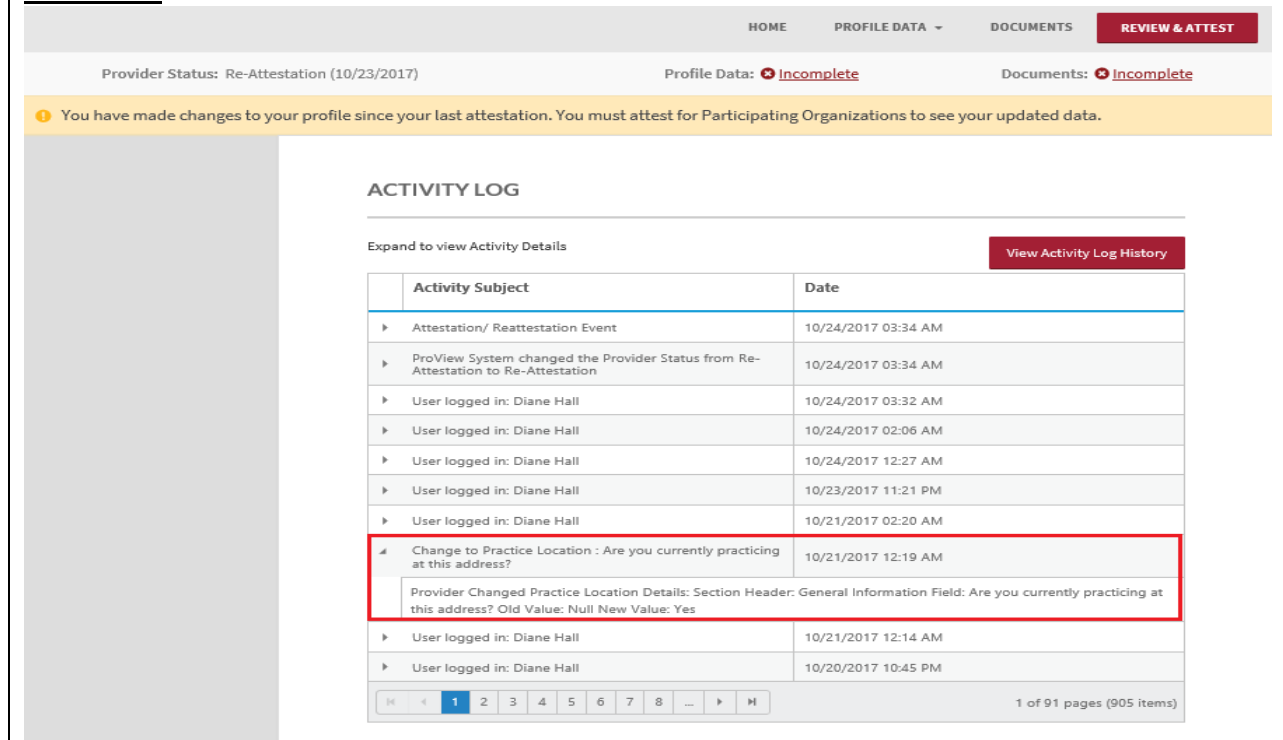

From the Home Page, you can access the “Activity Log” from the top right navigation drop-down menu.

FIGURE 40

The Activity Log lists all recent activity that has occurred in your account, including recent log-ins, re-attestations, and data updates.

FIGURE 41

Note:

- All changes on the profile will ONLY appear on the Activity Log after you have completed the re-attestation.
- Any changes done after the re-attestation will not be reflected on the Activity Log unless you complete the re-attestation again after making the additional changes.
- If after the re-attestation these changes are still not reflected on the Activity Log, sign out from CAQH ProView and log in again and go to Activity Log. The details of the changes should appear on this page of your profile.
- Changes on the Documents section and Authorization page will reflect on the Activity Log even if you have not yet re-attested.

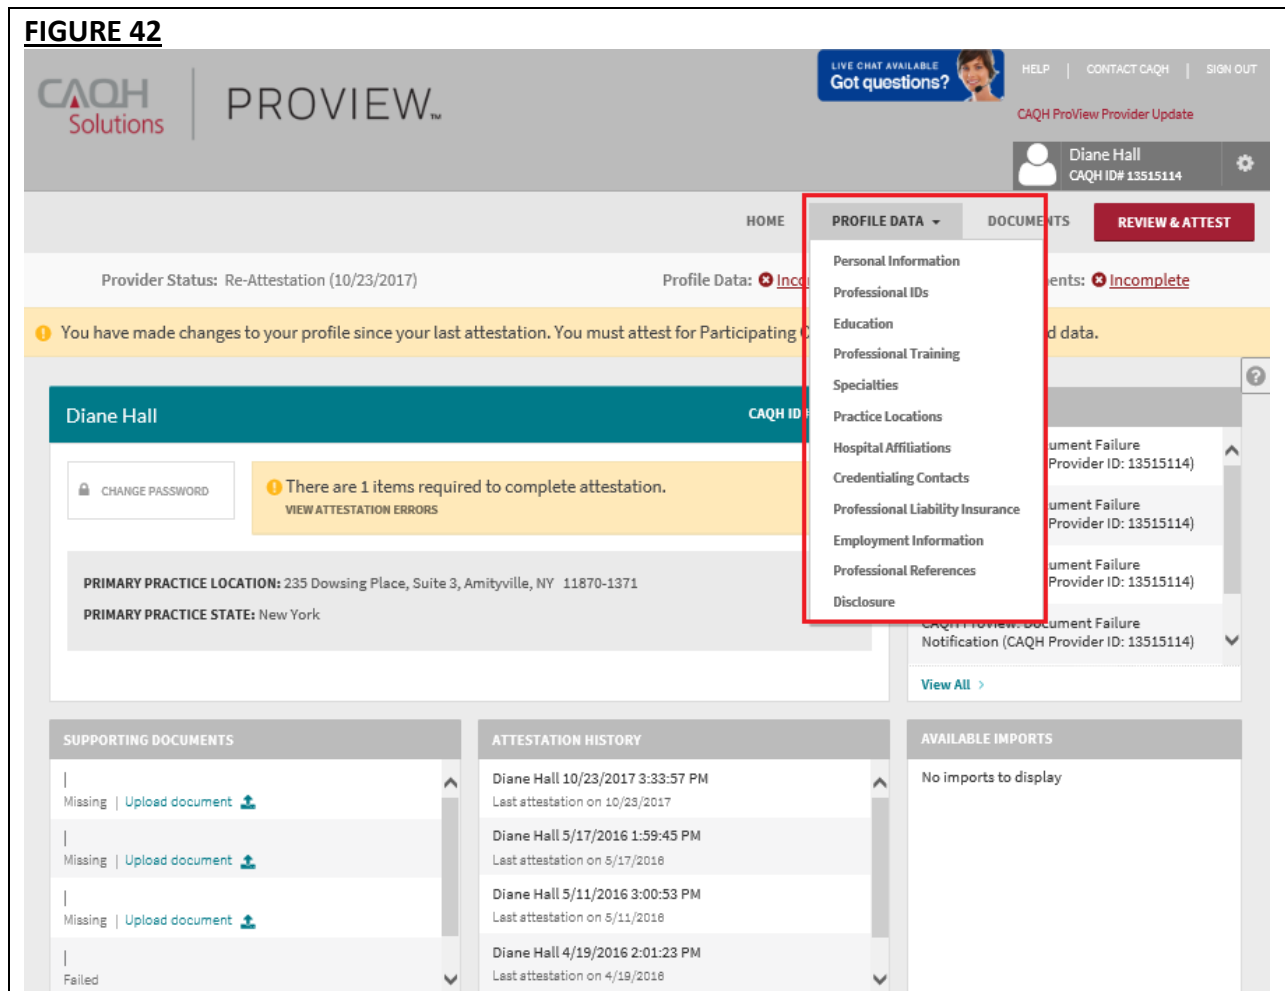

CHAPTER 4: Completing Your Profile Information

CAQH ProView will guide you through the process of completing your information and managing your profile data and supporting documentation. From the Home Page, click on “Profile Data” on the top navigation bar to begin the process.

Tips:

1. Throughout the system, required fields are indicated with a red asterisk (*).
2. If you need assistance, you can access the “?” link that is displayed on the right-hand side of the screens.
3. Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
4. It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left-hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.

FIGURE 42

Clicking on “Profile Data” shows a drop-down list of 12 Sections: Personal Information, Professional IDs, Education, Professional Training, Specialties, Practice Locations, Hospital Affiliations, Credential Contacts, Professional Liability Insurance, Employment Information, Professional References, and Disclosure. They are described in further detail below. Questions presented to you may vary based on your primary practice state.

Personal Information

The Personal Information section requests basic information such as name, phone numbers, and contact information. Some information on this screen may be pre-populated based on the information you entered during the self-registration process. Additional information or tips are provided below as applicable to assist you with completing these fields.

Tips:

1. If you need assistance, you can access the “?” link that is displayed on the right-hand side of the screens.
2. Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
3. It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left-hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.

FIGURE 43

The screenshot displays the CAQH ProView Provider User Interface. At the top, there is a navigation bar with links for HOME, PROFILE DATA (selected), DOCUMENTS, and REVIEW & ATTEST. Below the navigation bar, a status bar shows "Provider Status: Re-Attestation (10/23/2017)", "Profile Data: Incomplete", and "Documents: Incomplete". A yellow banner message states: "You have made changes to your profile since your last attestation. You must attest for Participating Organizations to see your updated data." Below the banner, there are two buttons: "Save" and "Save & Continue". The left sidebar contains a list of sections: PERSONAL INFORMATION (selected), PROFESSIONAL IDS, EDUCATION, PROFESSIONAL TRAINING, SPECIALTIES, PRACTICE LOCATIONS, and HOSPITAL AFFILIATIONS. The main content area is titled "PERSONAL INFORMATION" and includes a sub-section "Provider Info". It contains several required fields marked with a red asterisk: "Provider Type" (set to "Doctor of Dental Medicine (DM)"), "Practice Setting" (set to "Inpatient/Outpatient or Outpatient Only"), and "Primary Practice State" (set to "NY"). There is a note about selecting practice states and an "Add" button. Below this, the "Name" section has fields for "First Name" (Diane), "Middle Name" (Jones), and "Last Name" (Hall), along with a "Suffix" field.

- **Provider Type, Practice Setting and Practice State**
 - You will first be asked to identify your provider type, practice setting and practice states. The answers to these questions will drive the questions presented to you throughout CAQH ProView's profile sections. If you practice in multiple states and one of those states includes a state specific credentialing application, the state specific questions and the CAQH ProView standardized questions will be presented to you in one integrated flow throughout the system. You will be required to complete all required questions for both the CAQH ProView standardized profile questions as well as any state specific questions.
- **Home Address**
 - Not required to complete your application; however, hospitals have identified that this information adds value in confirming your accessibility to the hospital.
- **Mailing Address**
 - Enter the "Mailing Address" of the physical location of your practice. If you do not have a physical practice location, you may enter a P.O. Box; however, it is important to note that health plans intend to use this information for their directories. If you would like to enter a P.O. Box for the billing address, please enter this information in the Billing Contact section.
- **Primary Method of Contact**
 - An email is required as a primary method of contact for CAQH ProView. This email will be used for all system generated messages, such as reminders when it is time to re-attest to your data profile.
 - You also can enter two additional email addresses (PMOC CC1 and PMOC CC2) that will be copied on the system generated messages.
- **Personal Identification Numbers**
 - Your Social Security Number is required to complete the application.
 - NPI – National Provider Identification Number
 - This is a provider's Type 1 National Provider Identifier. It is a unique, 10-digit identification number issued to health care providers by the Centers for Medicare and Medicaid Services (CMS).

Note: All Type 1 NPIs will undergo a one-time validation. Validation failures will be displayed as a required fix.

Professional IDs

The Professional ID section requests that you enter all professional identification numbers and upload any applicable supporting documentation. If you have questions on uploading your documentation, refer to *Chapter 6: Uploading Supporting Documentation*.

Tips:

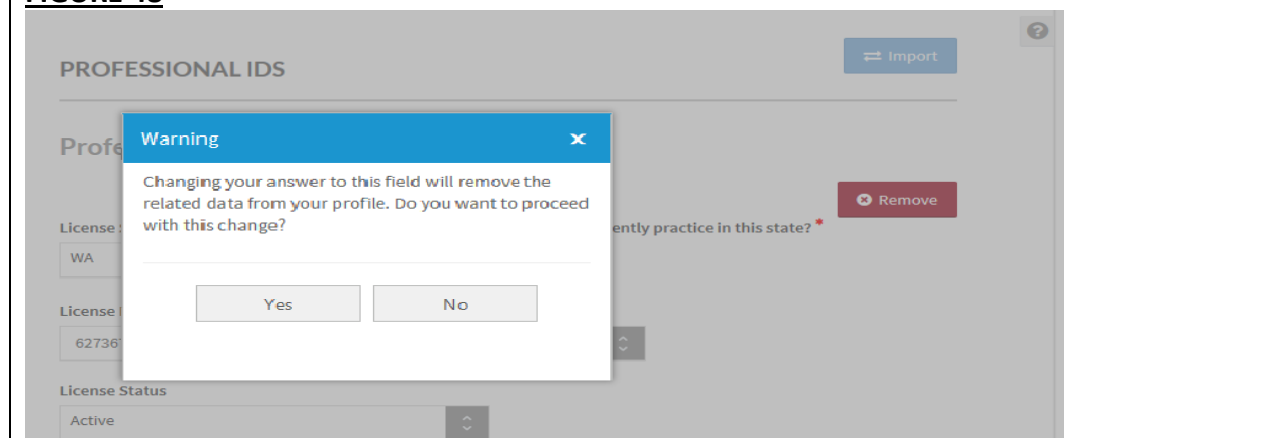

- If you need assistance, you can access the "?" link that is displayed on the right-hand side of the screens.
- Use "Save and Go Back" or "Save & Continue" to page backward or forward within sections.
- It is important to click on the "Save" button or the "Save & Continue" button to save your information. If you close the browser or move to another screen via the left-hand navigation screen without clicking "Save" or "Save & Continue", you will lose your

information. Clicking on the back and forward arrows will not save your information either.

- Select “Add” to enter additional medical licenses or other professional identification numbers.
- If the “Import” button is active, information already entered by a practice manager is available for you to view and import if you choose to do so.

FIGURE 47

- A warning message will be displayed advising you that previously entered data will be permanently removed from the system when you change the answer to a leading question.
- A leading question is one that triggers different follow-on questions/responses depending on the response provided.
- When the answer to a leading question is changed, follow-on questions may disappear from the portal.
 - For instance, if you previously answered 'Yes' to the question 'Do you have a DEA certificate?' and now changed it to 'No', the data from the DEA Number, State, Issue date, and Expiration Date are removed.
- Ensure no critical information will be deleted prior to selecting ‘Yes’ and saving the changes on this page. Otherwise, you will have to re-enter deleted information.
- The same rule applies to fields on the Professional IDs section such as CDS registration certificate, Medicare and Medicaid information, Educational Commission for Foreign Medical Graduates (ECFMG) number, FLEX number, and DPS certification.

FIGURE 48

The following professional identification numbers are requested.

- Medical License
 - You must enter all state medical licenses you currently hold or have held as issued by a U.S. or Canadian licensing authority.
- DEA Registration – Drug Enforcement Administration
- CDS Registration – Controlled Dangerous Substance
- Medicare
- Medicaid
- ECFMG
 - This is a certificate issued by the Education Commission for Foreign Medical Graduates, and applies to US Citizens who graduated from a Medical School outside the United States.
- USMLE – United States Medical Learning Examination
 - The United States Medical Learning Examination is a physician assessment required for physician licensing in the United States.

Education

The Education section requests information regarding your education history, including your professional and undergraduate school information.

Tips:

- If you need assistance, you can access the “?” link that is displayed on the right-hand side of the screens.
- Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
- It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left-hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.

- Click on “Add” to add additional education as necessary.

Professional Training

The Professional Training section requests information regarding your professional training, such as your internship and residency information.

Tips:

- If you need assistance, you can access the “?” link that is displayed on the right-hand side of the screens.
- Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
- It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left-hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.
- Click on “Add” to add additional training as necessary.
- If the “Import” button is active, information already entered by a practice manager is available for you to view and import if you choose to do so.

FIGURE 51

The Professional Training subsections are listed below:

- Internship
 - Include any incomplete internship programs.
- Residency
 - Include any incomplete residency programs.
 - If your training program was Rotating or Transitional, please enter a separate entry for each rotation. For credentialing, the health plans need to know the specifics of each rotation including the specialty or department and the time associated with each.
- Fellowship
 - The period of medical training in the United States and Canada that a physician or dentist may undertake after completing a specialty training program (residency)
- Faculty Positions/Academic Appointments

Specialties

The Specialties section requests information regarding your specialties and certification information.

Tips:

- If you need assistance, you can access the “?” link that is displayed on the right-hand side of the screens.
- Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
- It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left-hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.
- Click on “Add” to add additional specialties as necessary.
- If the “Import” button is active, information already entered by a practice manager is available for you to view and import if you choose to do so.

The screenshot displays the CAQH ProView interface for the 'Specialties' section. At the top, a navigation bar includes links for HOME, PROFILE DATA (with a dropdown arrow), DOCUMENTS, and a red REVIEW & ATTEST button. Below this, a status bar shows 'Provider Status: Re-Attestation (10/23/2017)', 'Profile Data: Incomplete' (with a red asterisk), and 'Documents: Incomplete' (with a red asterisk). A yellow banner message states: 'You have made changes to your profile since your last attestation. You must attest for Participating Organizations to see your updated data.'

The main content area is titled 'SPECIALTIES' and includes an 'Import' button. A note indicates: '* Required fields are indicated with a red asterisk. All other fields are optional.' The 'Primary Specialty' section contains the following fields:

- Do you have any specialties?** with radio buttons for Yes (selected) and No.
- Primary Specialty** with a dropdown menu showing 'Dentist, Pediatric Dentistry'.
- Board Certified?** with radio buttons for Yes and No (selected).

Below these, there are three rows of questions regarding directory listing, each with 'Yes' and 'No' radio buttons and a corresponding label:

The specialties that are included in the drop-down list are collected from the National Uniform Claim Committee (www.nucc.org). If you cannot locate your specialty in this list, select the specialty that is most appropriate for your practice. If your specialty is not listed, you may enter it in the “Areas of Other Interest”, which is towards the bottom of the “Specialty” page.

The subsections are listed below and may vary based on your practice state.

- Primary Specialty
- Secondary Specialty
- Additional Specialty
- Board Examination – dynamically displayed/hidden based on your entries
- Certifications – The system will ask if you have received any of the following certifications. Additional information regarding each certification is provided below for your reference.
 - **CPR - Cardio-Pulmonary Resuscitation certification:** Community level classes concentrate on performing CPR on adults and older children. Some also include AED training, which teaches how to use the electronic defibrillation unit on heart attack victims. Professional level classes are designed for health care professionals, ski patrol, police, firefighters and emergency medical technicians. These classes teach all the skills previously mentioned, as well as removal of airway obstructions for victims of all ages. Other skills are also included in these classes, including inserting tubes to keep the airway open, using an oxygen tank, artificial breathing apparatuses and techniques for performing two-person CPR.
 - **BLS - Basic Life Support Certification:** Basic Life Support (BLS) certification is a relatively short training course required of many health professionals to help revive, resuscitate, or sustain a person who is experiencing cardiac arrest or respiratory failure of some sort. This could include a drowning victim, heart attack or stroke patient, or any scenario where breathing or heartbeats have been compromised.
 - **ACLS - Advanced Cardiovascular Life Support Certification:** ACLS is an acronym for Advanced Cardiovascular Life Support. This certification is required of many healthcare providers who will be interacting with patients. Like its name implies, ACLS is usually required of more advanced medical professionals, as it does include some invasive procedures, unlike Basic Life Support (BLS), which is required of almost all healthcare professionals.
 - **ALSO - Advanced Life Support in OB Certification:** Advanced Life Support in Obstetrics (ALSO®) is an evidence-based multidisciplinary training program that prepares maternity health care providers to better manage obstetric emergencies when and wherever they occur. ALSO's evidence-based learning path bridges knowledge gaps and boosts skill sets using a team-based approach, hands-on training, and mnemonics to reduce errors and save lives.

- **Health Care Provider (CoreC)**
- **ATLS - Advanced Trauma Life Support Certification:** Advanced Trauma Life Support (ATLS) is a training program for medical providers (MD/DO/DPM/PA/NP/CO) in the management of acute trauma cases, developed by the American College of Surgeons. Similar programs exist for nurses (ATCN) and paramedics (PHTLS). The program has been adopted worldwide in over 60 countries, sometimes under the name of Early Management of Severe Trauma (EMST), especially outside North America. Its goal is to teach a simplified and standardized approach to trauma patients. Originally designed for emergency situations where only one doctor and one nurse are present, ATLS is now widely accepted as the standard of care for initial assessment and treatment in trauma centers. The premise of the ATLS program is to treat the greatest threat to life first. It also advocates that the lack of a definitive diagnosis and a detailed history should not slow the application of indicated treatment for life-threatening injury, with the most time-critical interventions performed early.
- **NRP – Neonatal Resuscitation Program certification:** NRP was developed and is maintained by the American Academy of Pediatrics. This program focuses on basic resuscitation skills for newly born infants.
- **NALS - Neonatal Advanced Life Support certification:** NALS training, administered by the American Academy of Physician Assistants, delivers the same syllabus as NRP, has similar flexibility in its format, and equips trainees with identical knowledge and skills.
- **PALS - Pediatric Advanced Life Support Certification:** The PALS Course is for healthcare providers who respond to emergencies in infants and children. These include personnel in emergency response, emergency medicine, intensive care and critical care units such as physicians, nurses, paramedics and others who need a PALS course completion card for job or other requirements.
- **Anesthesia Permit**
- Other Interests
- Professional Associations: A professional association or professional society is usually an organization seeking to further a particular profession and the interests of individuals engaged in that profession. This is the section where you specify which Medical Professional Associations and Societies you are affiliated to. You can add more than one association to the list.

Practice Location

The Practice Location section asks for detailed information regarding your practice location(s).

A Practice Location summary table will be displayed on the Practice Locations start page.

- The table contains the following column headers:
 - Physician Group/Practice Name
 - Tax ID – All Tax IDs associated with the practice location will be displayed with a line break.
 - Location – displays the general address and phone number for the practice location; Address 1 and Address 2, City, State ZIP, Phone
 - Actions – Edit and Archive

Tips:

- If you need assistance, you can access the “?” link that is displayed on the right-hand side of the screens.
- Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
- It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left-hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.
- Select “Add” to enter information for a practice location.
- Select “Edit” to edit the information within a practice location.
- If the “Import” button is active, information already entered by a practice manager is available for you to view and import if you choose to do so.

- Physician Group/Practice Name
 - Please enter the Practice Name as it appears on your claim submission so it will match the name for the location that is known to participating organizations with whom you contract. In most cases, this will not be the practitioner's name. In some cases, this may be the name as it appears on the W9.
- Address
 - CAQH requests that you enter the appropriate address for the actual physical location of your practice. Do NOT enter a P.O. Box as the practice address. Please note that health plans intend to use this information for their directories.
 - ALL practice location addresses in your profile will undergo USPS address standardization. When you edit or add an address, you will be asked to confirm whether the suggested address is correct.

A warning message will be displayed advising you that previously entered data will be permanently removed from the system when you change the answer to a leading question.

- A leading question is one that triggers different follow-on questions/responses depending on the response provided.
- When the answer to a leading question is changed, follow-on questions may disappear from the portal.
- Ensure no critical information will be deleted prior to selecting 'Yes' and saving the changes on this page. Otherwise, you will have to re-enter deleted information.

FIGURE 62

- Practice Affiliation
 - Do you practice at this location?
 - Please describe your affiliation with this location.

The question *"Do you practice at this location?"* should be required for **ALL** Inpatient/Outpatient or Outpatient Only Providers who practice in any of the states.

If your answer is either a Yes or a No to *"Do you practice at this location?"*, options will be displayed in a single select dropdown list.

You should enter a Yes answer if there is a chance that you will submit a claim for this practice. Whether you work at this practice every day, once a week, once a month, just to cover as needed, or to read tests or provide other services, a Yes answer accurately answers the question.

You should answer No to this question if you do not practice at this location and would never (or no longer) submit claims for services rendered at this location. This option is generally used to update existing practice locations. The absence of a practice location is difficult for a health plan to understand so rather than delete a location at which you no longer practice, you should enter a No answer to *"Do you practice at this location?"*.

If you choose Other, a free form text box will appear for *"Please explain"* will be displayed.

FIGURE 64

Which value to choose from the options?

Option 1: *I see patients here at least one day per week on a regular basis.*

This option would be appropriate when:

- this is your primary practice;
- a patient can make an appointment to see you at this location;
- you practice regularly at this location; or
- you have been hired at this location and have a start date in the near future.

Option 2: *I see patients here at least one day per month, but less than one day per week on a regular basis.*

This option would be appropriate when:

- you work at this location on a seasonal or monthly basis;
- you have a regular routine where you see patients at this location infrequently but on a schedule; or
- you do not consider this your primary practice but you routinely see patients at this location and patients can even make an appointment.

Option 3: *I cover or fill-in for colleagues within the same medical group on an as needed basis.*

This option would be appropriate when:

- you see patients at this location on an on-call basis;
- you are part of a larger practice and usually practice at another location but might need to fill-in for a provider at this one; or
- you serve in an urgent care capacity within a practice where you do not take appointments at the location, but you deliver care.

Option 4: *I read tests or provide other services but I do not see patients at this location.*

This option would be appropriate when:

- you perform administrative tasks at this location but do not see patients; or
- you read tests for patients at this location but do not see patients.

Option 5: *Other*

This option would be appropriate when:

- your affiliation with the location is none of the values available.

Note: If you choose Other, a free form text box will appear to which you will be required to enter an explanation. If you are going to use this option, please make sure that a detailed explanation is entered. This information will be used to adjust our dropdown list values in the future.

b. If you select No to question “Do you practice at this location?”, the following options will be displayed:

- I no longer practice at this location.
- I do not practice here, but the location is within the medical group with which I am employed.
- I never practiced here and have no affiliation with this location.

Option 2: I do not practice here, but the location is within the medical group with which I am employed.

This option would be appropriate when:

- You are employed by a large group and the practice manager for the group lists this location for you even though you would never submit claims to this location.

Option 3: I never practiced here and have no affiliation with this location.

This option would be appropriate when:

- The practice location was entered by mistake.

- c. When adding a new practice location, the question "Do you practice at this location?" will default to Yes and display the Select drop down value.

The subsections are listed below and may vary based on your practice state.

- General Information
 - Provider's Start Date
 - Office Type
 - Can general correspondence be sent to this location?
 - Office Phone Number - Please ensure that the phone number listed is the one that patients can use to schedule an appointment with the provider at that location.

Patients depend on the accuracy of provider directories when choosing a health plan and physicians. Inaccurate directories pose significant challenges for patients, contributing to delays in care, limiting choices of providers and masking problems with network adequacy.

FIGURE 67

The screenshot displays the 'Phone Numbers' section of the CAQH ProView provider profile. It contains several input fields for contact information:

- Office Phone Number:** A red asterisk indicates this is a required field. The input field contains the text '928-937-3973'.
- Phone Extension:** An empty input field.
- Fax Number:** An empty input field.
- Back Office Phone Number:** An empty input field.
- Patient Appointment Phone:** An empty input field.
- Pager Number:** An empty input field.

In an ongoing effort to improve the accuracy of provider information listed within directories, CAQH ProView will ask providers to confirm that the phone number listed for each practice location is the primary method that patients may use when scheduling an appointment. If you do NOT take appointments, confirm that the phone number listed on the Practice Location section Office Phone Number field is the main number for the location.

FIGURE 68

To meet provider directory requirements, the phone number entered in the Practice Location field "Office Phone Number" must be the number that a patient uses to make an appointment. Please confirm that the phone number that displays in the "Office Phone Number" column is the appointment phone number or, if the provider does not take appointments, the main number for the location.

 - Clinical Laboratory Improvement Amendments (CLIA) - Diagnostic testing helps health care providers screen for or monitor specific diseases or conditions. It also helps assess patient health to make clinical decisions for patient care. The Clinical Laboratory Improvement Amendments (CLIA) regulate laboratory testing and require clinical laboratories to be certificated by their state as well as the Center for Medicare and Medicaid Services (CMS) before they can accept human samples for diagnostic testing. Laboratories can obtain multiple types of CLIA certificates, based on the kinds of diagnostic tests they conduct.
 - Interpretation Services

For Providers whose Provider Type is either MD, DO, NP, or DMD with Inpatient/Outpatient or Outpatient Only as the Practice Setting, each active practice location (where you answered Yes to the question: *Do you practice at this location?*) should have a matching Primary Practice State or Practice State on the Personal Information section. There will be an error for each active practice location that does not have a matching Practice State.

Professional Liability Insurance

CAQH is changing the Professional Liability Insurance (PLI) page to make it easier for you to manage your PLI records and to ensure you are providing the necessary information for credentialing.

Previously, CAQH ProView Providers who answered “Yes” to the “Self Insured?” question could skip all required fields and were not required to upload any supporting documentation. This resulted in incomplete applications for many providers who should have been submitting PLI information. To address this issue, the following changes have been made to the Professional Liability Insurance section of the Provider application.

A new leading question has been added to the PLI section of your application: *“Are you covered under a professional liability insurance policy?”*

Renewing an Expired PLI Record:

- A “Renew” function has been added that will make it easier for you to update your policy information each year.

IMPORTANT: Renew an expired policy record for you to be able to upload a copy of the renewed policy. If you plan to send the renewed PLI document through e-mail or US mail, it is critical that you first renew the PLI record in the portal. Otherwise, your document will be rejected and you will be asked to re-upload it in the portal using the document slot for the renewed PLI record.

- When renewing an expired policy with an associated document in "Received", "Approved", or "Expired" status, the “Edit” option will not work. Instead, click on the “Renew” button for the applicable policy and you will be prompted to enter an updated Effective Date and Expiration Date. You will also be prompted to upload an updated Insurance Face Sheet or Certificate of Insurance for the renewed policy. A missing PLI document will appear on the Documents section for the renewed policy.

Review the information provided on the screen, select the applicable authorization and agree to the authorization release accordingly.

- You can indicate a “global” authorization, which allows access to your data profile to all healthcare organizations that indicate to CAQH that you are an affiliated provider or am in the process of becoming an affiliated provider.
- You also can individually select organizations to allow access to your data profile by selecting “Only the healthcare organizations that indicate I am an affiliated provider or am in the process of becoming an affiliated provider, and I specify below”.
- In the “Other Organizations Authorization” section, you have the option to release a more limited set of your data profile to healthcare organizations that you are not affiliated with.
 - Organizations need data for providers who are not affiliated or participating in their network to pay out-of-network claims. For example, if a health plan would like to verify a non-participating provider’s address before they submit payment for the claim.
 - In the “Other Organization Authorization” section, you have the option to either grant global authorization to all health plans who indicate you are not affiliated or to select the individual plans who have indicated you are not affiliated. By selecting the latter option, you will be able to view which health plans have asked to view a limited set of your data and can grant access via line item authorization. **If preferred, you do not need to authorize any organizations that you are not affiliated with.**
- If you are interested in participating with additional health plans, you need to contact each health plan directly. Once you are added to the health plan’s CAQH provider roster, the health plan will be listed on this authorization screen.

Update Authorization

You can change or update your authorization selection at any time. Simply log into CAQH ProView and select “Authorize” from the top right navigation drop-down menu to make your change. Click “Save” for your changes to be effective.

At the top, the header includes the CAQH Solutions logo, the text 'PROVIEW™', and navigation links for 'LIVE CHAT AVAILABLE Got questions?', 'HELP', 'CONTACT CAQH', and 'SIGN OUT'. A 'CAQH ProView Provider Update' banner is also present. The user's profile is shown as 'Diane Hall' with CAQH ID# 13515114. A dropdown menu is open, showing options: 'Change Password', 'Authorize' (highlighted with a red circle), and 'Activity Log'. Below the header, the main content area shows 'Provider Status: Re-Attestation (10/23/2017)' and 'Profile Data: Incomplete'. A yellow notification bar states: 'You have made changes to your profile since your last attestation. You must attest for Participating Organizations to see your updated data.' The main content area is divided into several sections: 'Diane Hall' with a 'CHANGE PASSWORD' button and a message 'There are 6 items required to complete attestation. VIEW ATTESTATION ERRORS'; 'PRIMARY PRACTICE LOCATION: 235 Dowsing Place, Suite 3, Amityville, NY 11870-1371' and 'PRIMARY PRACTICE STATE: New York'; 'SUPPORTING DOCUMENTS' with 'Missing' and 'Failed' status indicators and 'Upload document' buttons; 'ATTESTATION HISTORY' with a list of attestations and 'Show more' links; and 'AVAILABLE IMPORTS' with 'No imports to display' and a 'Show more' link. A 'MESSAGE CENTER' on the right lists 'CAQH ProView: Document Failure Notification (CAQH Provider ID: 13515114)' and a 'View All' link.

CHAPTER 5: Review Your Data

Once you have completed your data profile, select “Review and Attest” from the top navigation bar.

Correct Errors

The “Correct Errors” screen will highlight any required or suggested fixes you may need to make to your data profile.

Tips:

- When you click on a required or suggested fix, the system will direct you back to the applicable section to make the required changes.
- It is recommended that you also correct any suggested fixes to ensure your data profile is as complete and as accurate as possible for health plans accessing your data.

CHAPTER 6: Uploading Supporting Documentation

Uploading Documents

To complete your data profile, you will need to upload into CAQH ProView any applicable supporting documents. CAQH ProView does not support faxing of supporting documents.

Here are the steps on uploading supporting documents on the Documents section:

1. Scan and save your document (if needed). Please make sure the document is in PDF, TIF, JPG or JPEG format for it to be accepted into the system.
2. Log in to CAQH ProView using your username and password.
3. Click the Documents link on the top navigation menu to go the Documents section. Any missing documents will be shown on this page.
4. Be sure to select the appropriate document name or document type when uploading documents. Each document must to be uploaded separately.

Here are examples of supporting documents you may need to submit for your application:

- Drug Enforcement Administration (DEA) Certificate
- Controlled and Dangerous Substances (CDS) Certificate
- State medical license(s)
- Malpractice insurance policy face sheet
- A signed Authorization, Attestation, and Release form.

Authorization, Attestation, and Release Form (AAR Form)

When you initially complete your data profile and attestation, a signed Release form is required for your data profile to be complete.

To submit a Release form, you need to perform the following steps:

1. The Authorization, Attestation, and Release (AAR) Form applicable to your practice state is displayed in the Documents section. The AAR will appear as “missing” if one is not presently attached to your profile.
2. Sign the form and indicate the date it was signed. **Note:** The signature on the initial AAR form should be a wet signature. Stamped or electronic signatures will NOT be accepted.
3. Signed AAR form must be submitted within 120 days from the signature date. If the AAR form’s signature date is greater than 120 days, it will NOT be accepted by CAQH.
4. Upload the form to CAQH ProView.

Failed Documents

CAQH will review all submitted supporting documents for accuracy within approximately 48 hours upon submission. A document may fail for the following reasons:

1. **Illegible** – the document is not clear enough to be read.
2. **Not compliant** – the document may be missing a date, may be missing a signature, or more than one document may have been included within the same file.
3. **Ineligible** – the document submitted may have an expired date or does not correspond to the document type selected. For example, if you upload a license to a “Professional Liability Insurance” document type, the document will fail. You will need to upload the license using the “State License” document type.

Note: Signed supporting documents must be submitted within 120 days of the signature date. If a supporting document’s signature date is greater than 120 days, it will not be accepted by CAQH ProView.

North Carolina Providers

CAQH ProView requires different North Carolina State Release forms for each authorized Participating Organization.

- o If you have authorized individual organizations, you are required to upload a North Carolina State Release form for every health organization that you have authorized.
- o If you have selected global authorization, which authorizes any organization who adds you to their roster, a North Carolina State Release form is required for every health organization that has added you to their roster.

FIGURE 161**Healthcare Organization Authorization****Overview**

Healthcare organizations using CAQH ProView request access to your self-reported information to support their internal processes, such as credentialing, contracting, managing provider directories and claims processing. By your selections below, you are granting these organizations access to your self-reported information.

At this time, the following organizations have already requested authorization to view your CAQH ProView self-reported information:

Organization Name
ProNet/Aetna, Aetna
Managed Health Network Inc
Blue Cross Blue Shield of North Carolina

- If you are new to CAQH ProView and practice in North Carolina, you will be required to upload a separate, specific State Release form for each organization you have authorized. You must download the specific form, sign it, and upload it in CAQH ProView.
- If you have initially attested and have already uploaded at least one State Release form, your existing releases will remain in the documents section. However, you will see new slots for “missing” State Release forms. There will be one missing slot for each organization you have authorized.
- Click the ‘Download’ button corresponding to each of the missing State Release forms. The number of North Carolina State Release forms available for download depends on the number of POs who have added you to their roster or the POs you have individually authorized. These State Release forms will be pre-populated with the PO name.
- Sign the State Release forms, indicate the date the forms were signed, and upload in the CAQH ProView Documents section by clicking the ‘Upload’ button corresponding to each of the missing documents.
- The ‘Missing’ status will disappear after you have uploaded these documents.

FIGURE 162**DOCUMENTS**

Attestation Statement
(IMPORTANT: Submit Original Only)
This application is to be signed by each individual provider submitting an application.

Fill in each space with the name of the Health Plan for which you are applying.
No Stamps or Copies Please

All information submitted by me in this application, as well as any attachments or supplemental information, is true, current, and complete to my best knowledge and belief as of the date of signature below. I fully understand that any significant misstatement in this application may constitute cause for denial of my application or termination of a resulting participation agreement.

By application for membership in Blue Cross Blue Shield of North Carolina, I signify my willingness to appear for interview in regard to my application. I authorize Blue Cross Blue Shield of North Carolina to consult with administrators and members of the medical staffs of hospitals or institutions with which I have been associated and with others, including past and present malpractice carriers, who may have information bearing on the questions in this application. Upon request, I will obtain and provide to Blue Cross Blue Shield of North Carolina materials pertaining to my qualifications and competence, including, materials relating to complaints filed, any disciplinary action, suspension, or action to curtail my medical- surgical privileges. I further consent to the inspection by representatives of Blue Cross Blue Shield of North Carolina of all documents that may be material to an evaluation of my professional qualifications and competence.

- If the Document Type is CAQH AAR, the page will not show the actions links for Replace or Download for that document if the status is Approved.
- You are required to upload ALL State Release forms even though the portal shows the remaining releases as optional (only one State Release form is marked with a red asterisk).

New for Oklahoma Providers!

Providers practicing in Oklahoma are now required to upload the CAQH Authorization, Attestation, and Release Form (AAR Form) in addition to your Oklahoma Application Release.

CHAPTER 7: Importing Data from the Practice Manager Module

If your practice has an office manager or clinic administrator who assists with gathering information for credentialing or other administrative purposes for multiple providers, the [CAQH ProView Practice Manager Module](#) may facilitate your data entry process. Data that is the same for multiple providers (e.g., clinic name, address and phone number) can be entered once by a practice manager, rather than having to be entered repeatedly for each individual provider.

Once a practice manager enters this information for you into the CAQH ProView Practice Manager Module, the practice manager will “export” the data, i.e. transfer the data, to your data profile. You will have the option to view this data and choose to import the data if you desire.

The sections that a practice manager can export to you include:

1. Personal information
2. Professional IDs
3. Education
4. Professional training
5. Specialty
6. Credentialing contact
7. Practice location
8. Hospital affiliations
9. Professional liability insurance

At the top of each of these sections, you will see an “Import” button. If there is data available to you to import into your data profile, this “Import” button will be active and available for you to select to review the data that was entered for you by a practice manager. You can either choose to import the data as a new set of information or replace an existing set of data within the applicable section.

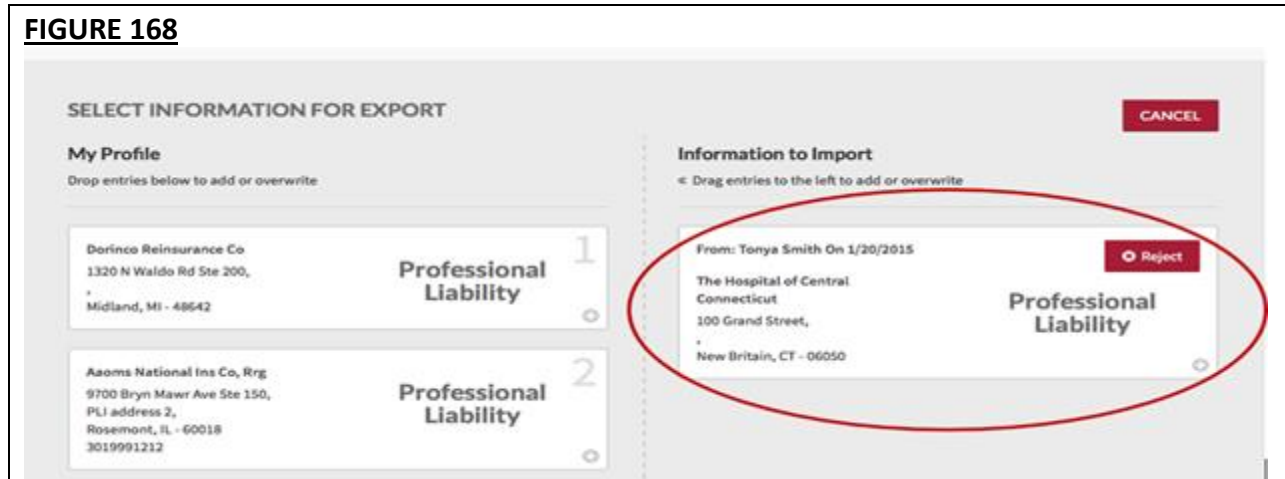

FIGURE 167

The screenshot displays the CAQH ProView Provider User Interface. At the top, it shows 'Provider Status: Re-Attestation (11/13/2015)', 'Profile Data: Complete', and 'Documents: Incomplete'. The left sidebar contains a navigation menu with sections: PERSONAL INFORMATION, PROFESSIONAL IDS, EDUCATION, PROFESSIONAL TRAINING, and SPECIALTIES. The main content area is titled 'PERSONAL INFORMATION' and contains a sub-section 'Provider Info'. This section includes fields for 'Provider Type' (Medical Doctor (MD)), 'Practice Setting' (Inpatient/Outpatient or Outpatient Only), 'Primary Practice State' (CA), and 'Name' (First Name: Diane, Middle Name: Jones, Last Name: Hall). An 'Import' button is highlighted with a red box in the top right corner of the 'PERSONAL INFORMATION' section.

Drag & Drop Functionality

When you click on “Import”, the “Select Information to Import” screen will present. You will use a “drag & drop” functionality to import your data. Drag and drop is a pointing device gesture in which you can select the data to be imported by "grabbing" it and dragging it into your data profile. Here is an example of professional liability information entered by a practice manager that is available for import.

FIGURE 168

To add information to your data profile, click on the box containing the information and drag the box from the right to the left side of the screen.

- By hovering over the box over information you already have in your data profile on the right side, you can overwrite and replace the information. The system will confirm that this is what you would like to do.
- You can click on “Reject” if you do not wish to import the data into your data profile.

CHAPTER 8: Completing Your Attestation

Attesting

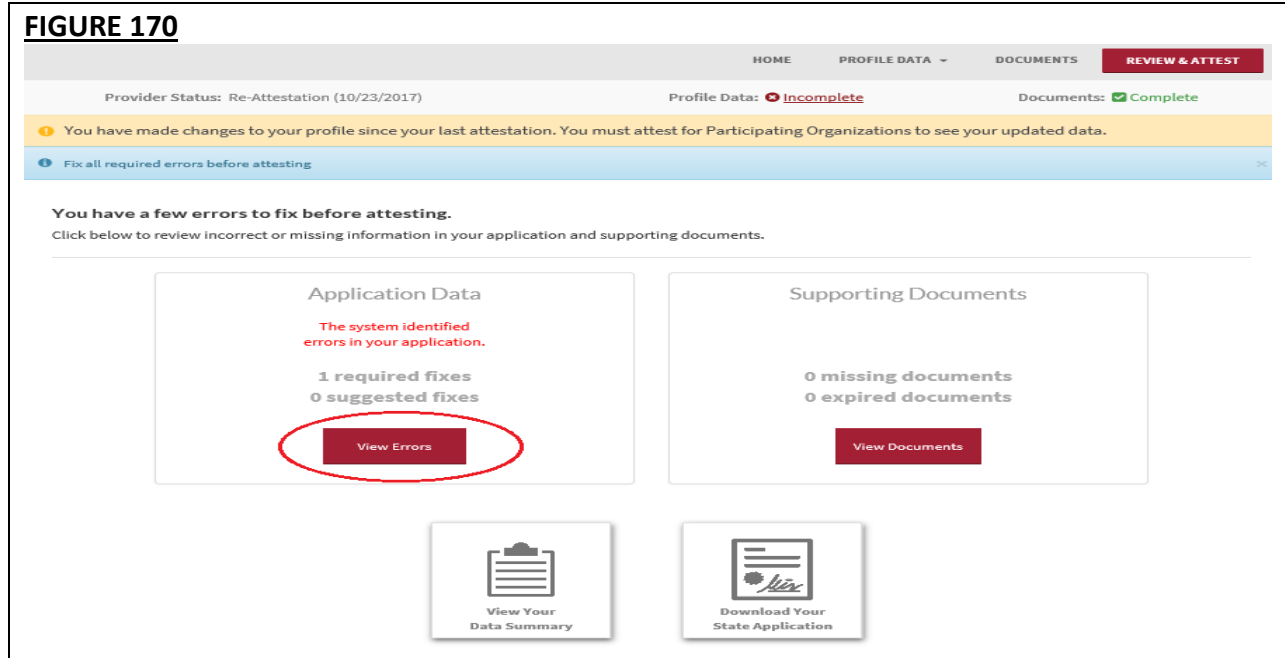

Submitting your attestation is required to complete your data profile. This step allows you to make a final review of your information and to attest to its accuracy. Click on “Review and Attest” from the top navigation bar to begin the process.

You also acknowledge that your CAQH ProView Profile will not be considered complete until supporting documentation and properly executed Authorization, Attestation and Release Form is remitted. Once you attest, you can go to the Documents page to upload your supporting documents.

I understand and agree that, as part of the credentialing application process for participation, membership and/or clinical privileges (hereinafter, referred to as "Participation") at or with each healthcare organization indicated on the "List of Authorized Organizations" that accompanies this Provider Application (hereinafter, each healthcare organization on the "List of Authorized Organizations" is individually referred to as the "Entity"), and any of the Entity's affiliated entities, I am required to provide sufficient and accurate information for a proper evaluation of my current licensure, relevant training and/or experience, clinical competence, health status, character, ethics, and any other criteria used by the Entity for determining initial and ongoing eligibility for Participation. Each Entity and its representatives, employees, and agent(s) acknowledge that the information obtained relating to the Participation process will be held confidential to the extent permitted by law. I acknowledge that each Entity has its own criteria for acceptance, and I may be accepted or rejected by each independently. I further acknowledge and understand that my cooperation in obtaining information and review is required for participation.

Re-Attesting

Re-attestation is required every 120 days (180 days for Illinois providers) in CAQH ProView to ensure your data is maintained and accurate for health plan use. To complete your re-attestation, follow these steps:

1. If you have updates to make to your data profile, click on “Profile Data” from the top navigation bar and then the applicable section to update any necessary information in your data profile.
2. If you need to upload any updated supporting documentation, click on “Documents” from the top navigation bar to upload your documentation.
3. Once you have updated any applicable information or supporting documentation, click on “Review and Attest” from the top navigation bar to begin the re-attestation process.

FIGURE 174

On the Review screen, you can view if any required fixes or supporting documents need attention.

Note: If the PLI and/or State License have expired, you will be prompted to update the expiration date and other relevant details on your profile before you can attest. Once these steps are completed you will be able to attest.

Correct all the required fields by clicking View errors.

The screenshot displays the 'REVIEW & ATTEST' section of the CAQH ProView interface. At the top, a navigation bar includes links for HOME, PROFILE DATA, DOCUMENTS, and REVIEW & ATTEST. Below this, a status bar shows 'Provider Status: First Provider Contact (9/25/2017)', 'Profile Data: ❌ Incomplete', and 'Documents: ❌ Incomplete'. A blue banner with an information icon and a close button (X) reads 'Fix all required errors before attesting'. The main content area features a heading 'You have a few errors to fix before attesting.' followed by the instruction 'Click below to review incorrect or missing information in your application and supporting documents.' Below this are two large white boxes. The left box, titled 'Application Data', states 'The system identified errors in your application.' and shows '2 required fixes' and '0 suggested fixes', with a red 'View Errors' button. The right box, titled 'Supporting Documents', states 'The system identified missing or expired documents.' and shows '2 missing documents' and '0 expired documents', with a red 'View Documents' button. At the bottom of the main content area are three icons with labels: 'View Your Directory Data' (person icon), 'View Your Data Summary' (clipboard icon), and 'Download Your State Application' (document icon with a signature). The footer is a dark gray bar containing 'TERMS OF SERVICE', 'PRIVACY', 'CAQH.ORG' on the left, and '© 2015 CAQH. All rights reserved.' on the right.

Re-attestation Reminder Emails

Re-attestation is required every 120 days (180 days for Illinois providers) in CAQH ProView to ensure your data is maintained and accurate for health plan use. CAQH Proview will email you to remind you when you are due for re-attestation. System automated generated emails will be sent to your primary method of contact email, and if on file the PMOC CC1 and PMOC CC2, at the following intervals (message frequency and timing differs for Illinois providers):

1. 15 days prior to expiration
2. 10 days prior to expiration
3. 5 days prior to expiration

If no re-attestation has occurred, a provider will be put in “Expired” status on the day after the re-attestation was due. Providers in expired status will receive the following notices:

1. Day after provider is placed in expired status
2. 14 days after expired
3. 28 days after expired
4. 42 days after expired – final notice

Verify your primary method of contact email on the Personal Information section. It is important to keep this email accurate and current so that you receive these important messages. You also can enter two additional email addresses in this same section (PMOC CC1 and PMOC CC2) that will be copied on the system generated messages.

APPENDIX
