## What to expect after registration:

- Registration acknowledgement email from arubatraining@hpe.com
- Once your payment is confirmed and/or the class is confirmed to run you will receive a confirmation email. Courses including self-directed materials will receive a separate email to access materials on HPE Press or BenchMark within 24 hours.
- In person classes: Confirmation email including the course location details, times, and what to bring. Courseware will be provided on the first day of class.
- Virtual Classes: Confirmation email including course times, and a link to check browser requirements for the virtual lab. The week before your class begins you will receive the OnSecure or HPE Press courseware and Zoom invitation.
- Self-paced eLearning: Confirmation email including link to view your registration, login to your profile to access eLearning. Once logged in, click the profile icon to view your registrations and launch eLearning videos. For eLearning courses that include self-directed labs you will receive the lab guide and instructions via HPE press. For eLearning- BenchPrep courses you will receive instructions to access eLearning on BenchPrep.

to me

Dear Aruba Test Customer,

Thank you for registering for Aruba OS CX Switching Fundamentals, Rev. 20.21.

We will send a confirmation email and finalize your classroom reservation when we receive your approved payment and class is confirmed.

***How to get an HPE Learner ID - Required for certification and for partner tracking!***
Visit the HPE Certification & Learning site (https://certification-learning.hpe.com/tr) to create an HPE Learner ID and find more information on the certification program including datasheets, certification policies, and general procedures.

Note: If you have been placed on the waiting list due to high demand for a class, we will notify you if and when a spot opens and you are officially registered for the class. Your current status (Confirmed or Waiting List) is indicated below under "Course Information" right after the course name.

Important:
You will access the lab using your local web browser. Please review the following document to ensure you have a compatible system:
http://admin.viewcentral.com/events/uploads/aruba/LabAccessv3.pdf
