ARROWS Tab FJT21

Basic Manual

Preface Thank you for buying the ARROWS Tab FJT21 (simply called "FJT21" or "product" from here on). Before using the product, be sure to read the "FJT21 Setting

Guide", "Basic Manual" (this manual) to ensure correct use.

After you have finished reading this manual, be sure to store it

in a safe place so that you can retrieve it whenever needed.

About Operating Instructions

FJT21 Setting Guide"/"Basic Manual" (this

Handles only basic operations for main features. For detailed descriptions of various functions, refer to the "取扱 説明書 (Instruction Manual)" (Japanese) application that can be used on your FJT21 or "取扱説明書詳細版 (Full Instruction Manual)" (Japanese) on the au homepage. http://www.au.kddi.com/support/mobile/guide/manual/

■ "取扱説明書 (Instruction Manual)" (Japanese) Application

You can use the "取扱説明書 (Instruction Manual)" application on the FJT21 to confirm detailed operational procedures. Certain functions can be directly activated from the application screens on which their operations are described. In the home screen, ₩→"取扱説明書 (Instruction Manual)"

Downloading Manuals You can download the "Basic Manual" (this manual), "取扱説明

書 (Instruction Manual)" (Accessory) (Japanese) and "取扱説明 書詳細版 (Full Instruction Manual)" (Japanese) in PDF format from the au homepage. Download URL:

Safety precautions

Before you start using the product, be sure to read the "Safety Precautions" to ensure correct use. Before you assume that the product is malfunctioning, check for possible remedies in the following au Customer Support

site of au homepage: http://www.au.kddi.com/support/mobile/trouble/repair

When using the product

Communication is not possible even inside the service area in places where the signal does not reach (e.g. tunnels and ements). Also, communication is sometimes not possible in poor reception areas. Communication is sometimes interrupted if you move into a poor reception areas during communications.

- Since this product uses radio waves, the possibility of communication intercepts by third parties cannot be eliminated. (Though LTE/CDMA/GSM/UMTS system has highly secure confidential communication features.)
- Since this product is a radio station under the Radio Law, you may be asked to temporarily submit the product for spection in accordance with the Radio Law. IMEI information of your device is automatically sent to KDDI
- CORPORATION for maintenance and monitoring operational status of this product. · Take care not to inconvenience people around you when you
- use the product in a public place. · When the product is used by a child, parents or guardians should thoroughly read the "Instruction Manual" and teach the child how to use it.

- 2 -

 The FJT21 is compatible with the international roaming service. Each network service varies depending on the area and service content.

- 1 RGB sensor RGB sensor detects ambient brightness to adjust
- backlight of the display automatically.
- 2 In-camera ③ Display (Touch panel)
- Speaker Microphone
- 6 Notification LED
- Lights according to the settings in case of when new mails (if mail notification is on) exist etc.
- Fingerprint sensor Use to cancel screen lock etc.
- 8 Navigation bar
- 9 Built-in antenna GPS antenna
- 1 Out-camera
- Bluetooth[®]/Wi-Fi[®] antenna 13 Strap hole

- -8-

Charging with specified AC Adapter (sold separately)

Charging with the Common AC Adapter 04 (sold separately) is explained. (Note that your AC adapter may be different from this illustration.)

- Open the external connection terminal cover (1) of the FJT21, and then insert the microUSB plug of the Common AC Adapter 04 (sold separately) to the external connection terminal (1-2)
 - microUSB plug has orientation. Face convex part (\bigstar) of the plug terminal down and then insert it into the external connection terminal straight. Connecting the microUSB plug with an incorrect orientation might cause failure of external connection terminal of FJT21.
- 2 Insert the power plug of Common AC Adapter 04 (sold separately) into an outlet (100V-240V AC)
- Make sure the notification LED turns in red When charging ends, the LED turns off
- 4 Remove the power plug of the Common AC Adapter 04 (sold separately) from the outlet after charging is complete
- 5 Hold microUSB plug and pull it out straight
