

Safety Equipment Rental **Guide**

Canada 2020

WE KNOW WHAT'S AT STAKE.

Rental Equipment

The MSA Safety Equipment Rental Program is designed to help you fulfil equipment rental requirements for turnarounds or other needs. Some safety equipment requirements come up quickly, and if you do not have the equipment available MSA can help out.

MSA has portable instruments, calibration stations, and fall protection products available for rent at our rental service centers in the US and Canada. Rental equipment is available for either short- or long-term needs. We may be able to help you meet special configuration requests. A simple rental agreement and a purchase order are all that is required to initiate a rental transaction.

How it Works

- Contact one of our rental centers by phone or via our web site to inquire about the availability of products, to obtain a quote for a specific opportunity or to reserve equipment.
- MSA rents equipment via our channel partners. If you are an end customer, MSA can refer you to a local channel partner.
- Your rental center will provide a rental agreement with pricing for your signature. Just indicate your payment method.
- The rental term begins when the customer receives the equipment and ends when it is shipped back to MSA.

MSA Rental Service Centers

MSA Edmonton: 1-780-483-0988

MSA Toronto: 1-416-620-4225

Wireless Device Rental

Class 1, Division 1 Rated Android Devices to Support Wireless Gas Detection

Rental of Android devices with Class 1, Division 1 intrinsic safety ratings from MSA service centers provides easy, affordable access to wireless devices for use with MSA gas detectors. Wireless gas detection can be used to improve effectiveness and safety in many applications.

- Lone worker safety
- Confined space
- Hole watch
- Pilot / trial projects
- Remote sampling
- Instrument maintenance
- Turnarounds
- Compliance and safety management

STAY CONNECTED With alerts from the field.

- Live gas readings
- Text-based alarm notification
- Man-down alarms
- Non-compliance warnings
- Sampling and calibration reports

WORK SMARTER

ALTAIR Connect app

See real-time gas readings, quickly check instrument status and automatically send alert text messages to let others know of your surroundings. Safety at the speed of now.

Respond proactively to gas exposure alarms and other potentially dangerous situations in the field with the MSA ALTAIR Grid, a secure web-based virtual control room.

ECOM Smart-Ex 01

The ECOM Smart-Ex 01 is a rugged, unlocked CSA-Rated Class1, Division 1 Android device that is designed for industrial applications. The ECOM Smart-EX is the same platform as the SONIM XP7.

Each device has ALTAIR Connect app installed to provide real-time gas detection readings, alarms, sampling mode, instrument setup, and basic compliance information.

- IP68-dust proof, waterproof
- NFC functionality for easy pairing
- Bluetooth 4.0/Bluetooth Low Energy
- 1,000 hours standby battery life
- GPS-enabled
- WiFi
- 4G/LTE connectivity

The device is unlocked to accept your existing SIM card or prepaid/purchased wireless plan to allow for automated text messaging of alarms with device location.

Rental of these devices gives you flexibility to experience the latest in wireless gas detection with minimal investment. Contact MSA Customer Service at 1-800-672-2222 for more information or an MSA service center for pricing and availability.

MSA—The Safety Company

Our business is safety. We've been the world's leading manufacturer of high-quality safety products since 1914. MSA products may be simple to use and maintain, but they're also highly sophisticated devices and protective gear—the result of countless R&D hours, relentless testing and an unwavering commitment to quality that saves lives and protects millions of hard working men and women each and every day. Many of our most popular products integrate multiple combinations of electronics, mechanical systems and advanced materials to help ensure that users around the world remain protected in even the most hazardous of situations.

Our Mission

MSA's mission is to see to it that men and women may work in safety and that they, their families and their communities may live in health throughout the world.

MSA: WE KNOW WHAT'S AT STAKE.

Note: This Bulletin contains only a general description of the products shown. While product uses and performance capabilities are generally described, the products shall not, under any circumstances, be used by untrained or unqualified individuals. The products shall not be used until the product instructions/user manual, which contains detailed information concerning the proper use and care of the products, including any warnings or cautions, have been thoroughly read and understood. Specifications are subject to change without prior notice.

MSA operates in over 40 countries worldwide. To find an MSA office near you, please visit [MSAsafety.com/offices](https://www.msasafety.com/offices).
