Easy-Access USB Outlets

The Lantern meets the needs of modern travelers with up to 10 USB outlets located throughout the RV. Now, you're never too far from a full charge for your phone, laptop, or any other one of your powered devices.

Extended Stay holding Tank Capacities

Everyone knows that Coleman stands for camping. And, what better way to keep travelers in the heart of the wild than with extended stay holding tank capacities—the largest available in its class.
