Contractor signature (Leave blank if self-installed) _____ Date _____

For Rebate Operations use only. Do not write in this area.

Rebate amount: _____ Letter sent by: _____ Date purchased: _____

Completed by: _____ Date installed: _____

Rebate details

Xcel Energy issues cash rebates in the form of checks, not utility bill credits. Households are limited to rebates for up to two evaporative cooling systems. Rebates may not be earned for the same equipment in more than one program.

Application details

Account holder applications must be postmarked no later than September 30 of the year following installation of qualified equipment. More information is available at xcelenergy.com/HomeRebates.

A copy of the dated sales receipt or invoice with specific equipment must accompany complete information on the front of this form.

All information on the receipt or invoice must match the information on the rebate application or the application will be returned.

Xcel Energy reserves the right to refuse payment and participation if the account holder or contractor violates program rules and procedures. Xcel Energy is not liable for rebates promised to account holder as a result of a contractor misrepresenting the program or providing inaccurate information.

We reserve the right to conduct random inspections to verify installation of the rebated equipment at the address indicated on the front of this form. Your assistance is greatly appreciated.

Limitations

Rebate qualifications and amounts are subject to change any time. Our rebate programs may be cancelled with 30 days notice.

Please visit us at xcelenergy.com/HomeRebates or call 800.895.4999 for more information.

Special promotions

During special promotions for this program, it is the account holder/contractor's responsibility to ensure all paperwork is postmarked by the deadline. Promotional rebate amounts will be automatically calculated by Xcel Energy.

Help with forms

If you are building a new home, you must obtain a sales receipt for the equipment from your builder or retailer. Only one rebate per piece of equipment will be paid.

If you have questions while filling out this form, please contact your contractor or retailer for assistance. Please allow up to eight weeks for your rebate to arrive.

Qualifying account holders

Xcel Energy electric services residential account holders in Colorado are eligible for a rebate when buying qualified, high-efficiency, new evaporative cooler equipment.

Rebate considerations

A list of prequalified evaporative cooling equipment that meets the minimum efficiency requirements for the program is available on our website at xcelenergy.com/evaporativecooling, or by calling 800.895.4999. Other equipment may be considered if acceptable documentation from the manufacturer is provided, confirming the operational performance standards of your selected unit (ex. technical specification sheets, letter or email stating specifications, etc.).

For existing multi-ducted premium coolers, if there are less than three supply ducts, it is a premium cooler replacement.

Portable coolers or systems with vapor compression backup are not eligible, neither is used or reconditioned equipment.

Qualifying equipment

Be sure your equipment is listed on our qualifying equipment list on xcelenergy.com before it is purchased and installed to ensure a rebate. Rebate cannot be more than total cost.

Equipment	Rebate	Qualifications
Standard Cooler*	\$300	2,500 CFM
Premium Cooler**	\$675	<ul style="list-style-type: none"> • 85% media saturation or above • Periodic purge water control • Remote thermostat control
Multi-ducted premium cooler***	\$1,200	<ul style="list-style-type: none"> • 85% media saturation or above • Periodic purge water control • Remote thermostat control • Minimum of three supply ducts

Note: Local, state or federal tax credits or rebates may also be available for energy efficiency home improvements. Ask your tax advisor or visit energystar.gov.

*To qualify for a standard cooler rebate, equipment must be new and have a minimum Industry Standard Rated (ISR) airflow of 2,500 CFM. It must be a permanently installed direct, indirect or two-stage evaporative cooler.

**To qualify for a premium cooler rebate, equipment must be new and have a media saturation effectiveness of 85% or higher, with remote thermostat control and periodic purge water control. It must be a permanently installed direct, indirect or two-stage evaporative cooler.

***To qualify for the \$1200 multi-ducted premium rebate, the new cooler must meet the premium cooler requirements, as well as the following duct requirements: There must be at least three supply ducts installed in living spaces (no closets, bathrooms, etc.) and at least one of the supply ducts and diffusers must be newly installed with the new cooler. If there are three operational ducts (or more) already in existence, and none were added or replaced with the new cooler, it will be considered a premium cooler.

Please include the items listed below on your application form and purchase receipt. If all of the items are not included the application will be returned.

Send to Xcel Energy (and keep a copy):**1. Your purchase receipt(s)/invoice(s), with these details:**

- the purchase date
- additional components purchased for installation (for example, tubing, supports, roof jack, valve, diffusers, etc.)

If documentation does not meet requirements, application will be processed as a "replacement."

2. This rebate form, completely filled out

Contractors keep a copy of the application form and invoice.
