ORDERING, TERMS & POLICIES

ORDER PLACEMENT: All prices shown are list price, FOB factory (Phoenix Arizona - USA) and are subject to change without prior notice. Prices include domestic packaging and are exclusive of federal, state or local excise or sales taxes, duty or brokerage charges on export shipments. Unless otherwise negotiated freight will be prepaid and added to the invoice.

OPERATING FREQUENCIES: Operating frequencies and power levels used in preparing EMR products are those provided by the customer. Errors in operating frequencies or power levels made by EMR will be corrected at no charge. Errors due to faulty information from the customer are subject to all shipping charges and any material and/or labor cost incurred by EMR Corporation to correct the order.

TERMS OF SALE: Terms of sales are C.O.D., or Cash with Order unless other terms have been established prior to shipment. Open account status will be extended upon reasonable assurance of credit worthiness. Past due accounts are subject to a late charge of up to 2.0% monthly, beginning 30 days after the date of issuance of our valid invoices.

ORDER ACCEPTANCE: An order is considered contractually valid when a purchase order is accepted by mail, telephone, facsimile or e-mail. Cancellations made less than 15 days prior to scheduled ship date may be subject to a cancellation charge.

CLAIMS FOR SHIPPING LOSS OR DAMAGE: All shipments will be made via the customers specified mode of transportation. If coded "best way" the shipment will be consigned to the most economical, reliable commercial carrier. Insurance will be taken unless the customer specifically takes responsibility for shipping loss or damage. Although claims for loss are the responsibility of the consignee, EMR will assist in all ways in making claims and tracking for loss or damage to any of its shipment.

MODIFICATION AND DELAYS: EMR reserves the right to make design changes or modifications to any of its products without specific prior notification provided that such modifications do not materially reduce the value or performance of the equipment concerned. EMR will not be responsible for delays in shipment occasioned by slow or interrupted deliveries to EMR of components, materials or processes necessary to the completion of any project as originally scheduled.

PRODUCT RETURNS: Merchandise returned without having first obtained written acknowledgment from EMR may be rejected. Unless otherwise authorized, credit or refund will not exceed 90% of originally invoiced amounts, and in no event shall include transportation costs. Return authorizations shall expire in 60 days unless otherwise specifically noted.

MECHANICAL SEALS: EMR provides mechanical seals on many of its products. These seals insure that the unit has not been modified or tampered with once it has left the factory. "Breaking" these seals without consent from an authorized EMR Corporation engineer or technician may void the warranty policy stated below.

STANDARD WARRANTY POLICY: EMR Corporation, hereinafter called EMR, warrants that all equipment of its manufacture shall be free from defects in design, material and workmanship for a period of 5 years from date of shipment unless otherwise covered by special warranty. If any such product, entirely or in part, fails to produce the performance as set forth in the brochure, quotations or literature provided by EMR, such product will be replaced or repaired at EMR's expense provided that the failure was not the result of alteration, misuse, tampering, misapplication, shipping damage or vandalism. If a product failure is found to be the fault of EMR the cost of transportation to the EMR factory and its return will be born by EMR. A reasonable charge for travel and subsistence costs will be invoiced when on-site repairs are necessary. Should EMR supply components not of its own manufacture, but specified by a customer, the warranty shall reflect the original manufacturers warranty, only.

It is understood that this statement constitutes EMR's entire and only warranty, there being no other warranties expressed or implied in law or in fact, including implied warranties of fitness. In no event shall EMR be liable for damages, either direct or consequential, that may be occasioned by any defect in material, workmanship or product support.

DESTINATION CONTROL STATEMENT: EMR Corporation strictly adheres to all laws and regulations of the United States Government regarding the export or re-export of our products outside the United States of America. EMR Corporation requires notification regarding the intention to export any products outside the United States of America. Information for the export or re-export requires country of ULTIMATE destination, purchasing individual(s), corporations, financial institution(s), shipping documentation, and shipping entities. This information must be disclosed and on file at EMR Corporation prior to any shipments in accordance with the Export Administration Regulations. Any action contrary to U.S. laws is strictly prohibited.

EMR Manufactures
HIGH QUALITY R.F. FILTERING EQUIPMENT:
AMPLIFIERS
ANTENNA DUPLEXERS
BI-DIRECTIONAL ENHANCEMENT SYSTEMS
CAVITY RESONATORS
CIRCULATORS
CROSSBAND COUPLERS
FILTER-FERRITE TRANSMITTER COMBINERS
HARMONIC FILTERS
HYBRID-FERRITE TRANSMITTER COMBINERS
INTERMODULATION CONTROL PANELS
ISOLATORS
ISO-CAVS
ISO-PLEXERS
LINE MATCHERS
LOAD TERMINATIONS
LOW PASS FILTERS
RECEIVER MULTICOUPLERS
TOWER TOP RECEIVE MULTICOUPLERS

EMR will help you with:
PRACTICAL ANTENNA SITE ENGINEERING
INTERMODULATION CONTROL
I.M. CALCULATION STUDIES
MASTER ANTENNA SITE PLANNING
ANTENNA SITE MAINTENANCE
INTERFERENCE PROBLEM TROUBLE SHOOTING
SYSTEM INSTALLATION
SYSTEM OPTIMIZATION
INFORMATIVE TECHNICAL LITERATURE

EMR will also provide:
ANTENNA SITE CONSULTING SERVICES
ON-SITE SERVICES
SYSTEM INSTALLATION
SYSTEM OPTIMIZATION
SYSTEM QUALIFICATION
FIELD EXPANSION
SYSTEM TROUBLE SHOOTING
