

TRANE®

Rental Services for the Hospitality industry

Fast and Reliable Temporary Cooling and Heating Solutions

Comfortable and welcoming hotels

A hotel's reputation depends on how welcome and comfortable guests feel during their stay. Your HVAC system is the key to maintaining guest comfort. The perfect environment is only achieved with the right levels of temperature, humidity, and fresh air, regardless of outside conditions. This can be a significant challenge because of the wide range of areas including guest rooms, banquet rooms and restaurants. Any failure or inadequacy of the HVAC system is simply not acceptable as it would compromise customer satisfaction and put your establishment's reputation and profitability at risk.

Trane Rental expertise for the hospitality industry

When planned shutdowns, emergencies or seasonal temperature peaks occur, Trane Rental Services have the expertise and equipment to minimize the risk of discomfort for guests and staff. Trane delivers flexible and cost-effective rental solutions for hotels with varying levels of design complexity to help you maintain the HVAC capacity you need.

Why Trane Rental Services?

- A large, young and well maintained fleet of units
- A complete line of accessories for quick and easy installation
- A wide service network with experienced factory authorized technicians.

Turnkey services from start to finish

Trane is a global leader in the manufacture and supply of HVAC equipment. We engineer and build the equipment we use for rental applications. Our turnkey services include equipment supply, setup, monitoring and decommissioning. Most importantly, you can depend on Trane technicians to keep your installation running smoothly. We have everything you need to sustain your hotel air conditioning and ensure guest and staff comfort.

Cooling solutions from a trusted partner

Trane has one of the most advanced fleets of rental equipment in Europe. With over 1000 of the best-trained sales engineers and service technicians in the industry strategically located in each country, Trane is in the best position to serve your special applications and seasonal needs. We provide fast, safe and cost-effective solutions. Our team of account managers, engineers, service technicians and logistics professionals can rapidly transform the equipment you need into a smoothly functioning system that will exceed your expectations.
