For additional information see Section I. Limits of Liability.

C. Your Responsibilities

The Owner’s Manual includes specific recommendations regarding the use, operations, and maintenance of the Vehicle. To maintain the validity of this Vehicle ESA, You must follow correct operations procedures and have Your Vehicle serviced as recommended by Tesla during the Agreement Period of this Vehicle ESA. If requested, proof of required service, including receipts showing date and mileage of the Vehicle at the time of service, must be presented before any repairs under this Vehicle ESA commence. Service within 1,600 kilometers (1,000 miles) and/or 30 days of Tesla’s recommended intervals shall be considered compliant with the terms of this Vehicle ESA. Upon customary and reasonable notice of the occurrence of a Failure, You shall protect the Vehicle from further damage, regardless of whether or not such Failure is covered under this Vehicle ESA. Any operation of the Vehicle that results in further damage shall be considered Your failure to protect the Vehicle and shall not be covered under this Vehicle ESA. You are responsible to ensure that the warning lights are functioning before driving the Vehicle. You are required to safely pull Your Vehicle off the road and turn it off immediately when any warning light indicates a problem.

You must give Your authorization to the Tesla Authorized Service Center for teardown and access to Vehicle data and agree to cover the cost that these services will involve in the event You effect any alteration, damage or other modification to the Vehicle (including refusing to update vehicle software) that results in additional time, parts or labour necessary for Tesla to perform any services under this Vehicle ESA. You may be required to supply Tesla with all maintenance records for service performed on the Vehicle.

D. Obtaining Vehicle ESA Service

In the event of Failure, You may take Your Vehicle to any Tesla Authorized Service Center. Please have Your mileage and date of Failure ready for Tesla, and make Tesla aware of the existence of this Vehicle ESA before repairs are performed.

- Cease operating the Vehicle if necessary to prevent further damage. Failure to do so will cause any additional repair cost to be borne by You.
- Take Your Vehicle to any Tesla Authorized Service Center, or call any Tesla Authorized Service Center for instruction.
- Provide proof of maintenance if requested.

- Permit inspection before performance of any repairs.
- Cooperate in investigation of the Failure.

For Vehicle malfunctions covered by this Vehicle ESA, transportation services provided by Tesla Roadside Assistance are covered by Tesla for the first 800 km (500 mi) to the nearest Tesla Service Center, if the vehicle is not drivable. You are responsible for transportation costs beyond 800 km (500 mi) or any additional transportation from such locations to any additional location. The Vehicle must be covered by this Vehicle ESA and located in the North America Region at the time Roadside Assistance is requested; however, Roadside Assistance is a separate service and is not provided under this Vehicle ESA. Flat tires are not covered under this Vehicle ESA; however, while the Vehicle is covered by this Vehicle ESA, Tesla will cover the cost of a tow provided by Roadside Assistance for flat tires for the first 80 km (50 mi) to the nearest Tesla Service Center. The cost of towing for a flat tire beyond 80 km (50 mi) and the cost of the replacement tire(s) are at Your expense. G. Agreement Period

This document is an application for coverage under a Vehicle ESA. Upon acceptance by Tesla, this application becomes the Vehicle ESA, and the coverage is retroactive to the Effective Date, provided that You are eligible and purchase this Vehicle ESA within the Purchasing Period, and if applicable, You are the recipient of a valid transfer of this ESA pursuant to the terms of this Vehicle ESA. The Agreement Period commences on the Effective Date and remains in effect pursuant to the applicable extended service option selected herein; under no circumstances, including the transfer of this Vehicle ESA or the purchase of a new extended service option by a subsequent Vehicle owner, will this Vehicle ESA be extended beyond the original Agreement Period. In the event Your application is not accepted, You will receive a refund of the Vehicle ESA purchase price from Tesla. Nothing herein guarantees acceptance of this application. This Vehicle ESA may not be renewed by You. Sections C through L shall survive any termination or expiration of this Vehicle ESA.

H. Eligible Purchaser and Territory

This Vehicle ESA applies to a Vehicle sold by Tesla directly to You (or a subsequent owner to whom this ESA is validly transferred during the Agreement Period or sold by Tesla during the Purchasing Period) in the Tesla North America Service Region. For purposes of this Vehicle ESA, the Tesla North America Service Region is defined as all 50 states of the United States of America, the District of Columbia, all 13 provinces and territories of Canada, and the country of Mexico, provided that You are the original purchaser who purchased the Vehicle directly from Tesla (or are a subsequent owner to whom this ESA is validly transferred during the Agreement Period or sold by Tesla during the Purchasing Period) and that You return to the North America Service Region in order to receive service pursuant to this Vehicle ESA.

I. Limits of Liability

Implied and express warranties and conditions arising under applicable provincial laws or federal statute or otherwise in law or in equity, if any, including, but not limited to, implied warranties and conditions of merchantability or merchantable quality, fitness for a particular purpose, durability, or those arising by a course of dealing or usage of trade, are disclaimed to the fullest extent allowable by law, or limited in duration to the Agreement Period of this Vehicle ESA. The performance of necessary repairs and parts replacement is the exclusive remedy under this Vehicle ESA or any implied warranties. Liability is limited to the reasonable price for repair or replacement of any covered part, not to exceed the manufacturer's suggested retail price for that part. Replacement may be made with parts of like kind and quality, including non-original manufacturer's parts or remanufactured parts, as necessary.

In no event shall liability for a Failure under this Vehicle ESA exceed the fair market value of the Vehicle at the time immediately preceding the Failure. In addition, the sum of all benefits payable under this Vehicle ESA shall not exceed the retail price originally paid to Tesla for the Vehicle.

Tesla does not authorize any person or entity to create for it any other obligations or liability in connection with this Vehicle ESA. The decision of whether to repair or replace a part or to use a new or remanufactured part will be made by Tesla, in its sole discretion.

Tesla will not pay for or reimburse You for services that are performed by any party other than a Tesla Authorized Service Center or Tesla Ranger. Tesla hereby disclaims any and all indirect, incidental, special, economic, and consequential damages arising out of or relating to Your Vehicle, including, but not limited to, transportation to and from a Tesla Authorized Service Center, loss of Vehicle value, loss of time, loss of income, loss of use, loss of personal or commercial property, inconvenience or aggravation, emotional distress or harm, commercial loss (including but not limited to lost profits or earnings), towing charges, bus fares, vehicle rental, service call charges, gasoline expenses, lodging expenses, damage to tow vehicle, and incidental charges such as telephone calls, facsimile transmissions, and mailing expenses.

The above limitations and exclusions shall apply whether Your claim is in contract, tort (including negligence and gross negligence), breach of warranty or condition, misrepresentation (whether negligent or otherwise) or otherwise at law or in equity, even if Tesla is advised of the possibility of such damages or such damages are reasonably foreseeable.

J. Dispute Resolution and Arbitration Agreement

1. To the fullest extent allowable by the law of Your jurisdiction, Tesla requires that You first provide Tesla, during the applicable period specified in this Vehicle ESA, with notification of any Failure You have experienced within a reasonable time to allow Tesla an opportunity to respond, before You submit to our dispute settlement program.

In the event that any provision of this Vehicle ESA or any work order is held by a court of competent jurisdiction to be unenforceable because it is invalid or in conflict with any law of any relevant jurisdiction, the validity of the remaining provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Vehicle ESA or such work order did not contain the particular provisions held to be unenforceable, and the unenforceable provisions shall be replaced by mutually acceptable provisions which, being valid, legal and enforceable, come closest to the intention of the parties underlying the invalid or unenforceable provision.

The waiver of any of the terms or provisions of this Vehicle ESA in any one or more instances shall not be deemed a permanent waiver of this entire Vehicle ESA. No waiver shall be effective unless in writing and signed by authorized representatives of both parties.
