

XT5

2019

Beauty can manifest itself in many different forms.
It can delight and satisfy the eye.
Move and comfort the body.
Shape space and versatility.
Beauty is not simply in the eye of the beholder.
It is also to be held. Handled. Transformed.
With effortless style, grace and elegance,
beauty like this is a joy that can be felt forever.

THE 2019 XT5

BEAUTY SHAPED TO MOVE

The 2019 XT5 intrinsically melds the look of high fashion with everyday needs. From a bold design aesthetic, to an ingenious cabin that is as spacious as it is versatile, to a striking stance, the Cadillac XT5 is ready to accommodate.

When you step inside the XT5, you will see terrific design cues that feature a wide dash that hosts cutting-edge technologies with timeless craftsmanship. Wood, leather appointments and other materials have been chosen and fitted with a care reminiscent of fine tailoring.

Lamps so artful, they're signed. The Cadillac front and rear light systems offer available advanced LED technology with brilliant illumination. The headlamps and tail lamps are etched with the detail of the signature Cadillac Crest.

Elegance abounds. With a hand-stitched steering wheel and dashboard, along with cut-and-sewn seating surfaces, each of the available interior combinations has been carefully curated. Leathers available in unique colours and custom stained exotic woods are paired for a rich yet understated feel. Wherever you are going, you'll arrive in style.

1.8 CUBIC METRES¹ OF MAXIMUM POSSIBILITY

Rear seats with 40/20/40 folding flexibility slide and recline, revealing an ingenious available Cargo Management System that can be stowed away until it is needed. The result is beauty, comfort and utility.

¹ Cargo and load capacity limited by weight and distribution.

(A)

More field of view to admire. Cadillac's innovative available Rear Camera Mirror can stream video through the rearview mirror. This less-obstructed view offers the driver more field of view than the conventional mirror, but can revert to the standard view with just a toggle.

(B)

You can clearly see the additional visibility and expanded view of what is directly behind the vehicle with the Rear Camera Mirror (A) compared with the traditional rearview mirror (B).

1. Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.

EFFORTLESS BEAUTY. FROM EVERY ANGLE.

Nestled in each far corner are stunning available LED headlamps with available Front Cornering Lamps. They emit a crisp, white light, providing illumination superior to traditional lighting. Available Illuminating Door Handles create a beacon as you approach the vehicle, while available 20-in. wheels make a stylish statement.

From the rear, bold signature LED tail lamps showcase the dramatically sculpted rear profile. Integrated roof rails visually reinforce strong lines, and when paired with available crossrails, they create an additional option to carry cargo.

The feel of the XT5 interior is one of absolute elegance and amenity. It will immerse you in cutting-edge technologies and timeless craftsmanship. Available wood, leather appointments and other authentic materials have been chosen and fitted with care. And the advanced Cadillac user experience¹ puts a suite of information and entertainment offerings at your command, including climate, audio and connected Apps: an easy way to browse, select and install apps.

Standard with Premium Luxury and Platinum, the available Tri-Zone Climate Control allows the driver, front passenger and rear passengers to adjust the temperature to their choosing. Plus, warm up with available heated rear outboard seats.

All is revealed with an available UltraView sunroof that serves you and your passengers stunning view spans from both the front and rear seats. The glass is tinted with UV sun-ray protection, while a power sunshade opens and closes with the push of a button.

DIAGONAL CADILLAC USER
EXPERIENCE SCREEN

1. Cadillac user experience functionality varies by model. Full functionality requires compatible Bluetooth[®] and smartphone, and USB connectivity for some devices.
2. Bose is a registered trademark of Bose Corporation.

You'll find innovations throughout the XT5 that keep you, your world and your vehicle fully integrated. Take, for instance, Adaptive Remote Start. Designed within your key fob, it engages the engine from up to 92 metres away and can sense the outside temperature to heat your steering wheel, if equipped, and activate the rear-window defogger when needed. Plus, with your myCadillac® App¹ and a paid subscription, you can lock, unlock² and remote-start² your vehicle and get select vehicle information from anywhere you have reception.

The available built-in 4G LTE Wi-Fi® hotspot³ (data plan required) allows you to connect up to seven devices at the same time, from up to 15 metres away from your XT5. So your passengers can check their email or watch their favorite entertainment. Also, when you plug in your iPhone®, you will have access to Apple Music, Siri® and other information as a part of Apple CarPlay⁴.

With Keyless Access, you can unlock the doors without removing the key fob from your pocket or handbag. It also works in reverse, automatically locking the doors when you exit the vehicle. Available Surround Vision⁵ provides a bird's-eye view of the area immediately surrounding the vehicle when in low-speed Drive or Reverse. This view, projected onto the Cadillac user experience screen, helps increase your awareness when parking.

4G LTE

AVAILABLE BUILT-IN
4G LTE WI-FI® HOTSPOT³

7

UP TO SEVEN WI-FI-
CONNECTED DEVICES

1. Available on select Apple and Android devices. Service availability, features and functionality are subject to limitations and vary by vehicle, device and the plan in which you are enrolled. Device data connection required. Visit onstar.ca for more details. 2. Requires subscription to Remote Access Plan or Premium Access Plan. Services are subject to user terms and limitations and vary by vehicle model. Unlock feature requires automatic locks. Remote start requires GM factory-installed and enabled remote start system. Visit onstar.ca for more details. 3. Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. Services and connectivity vary by model and conditions as well as geographical and technical restrictions. 4G LTE service available in select markets. Requires active connected vehicle services and a data plan to access the vehicle's built-in Wi-Fi hotspot. Accessory Power must be active to use the Wi-Fi hotspot. Data plans provided by AT&T or its local service provider. Credit card is required for purchase. 4. Vehicle user interface is a product of Apple, and its terms and privacy statements apply. Requires compatible iPhone, and data plan rates apply. Apple, Siri, Apple Music, iPhone and Apple CarPlay are trademarks of Apple Inc., registered in the U.S. and other countries. 5. Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

This page, top: Surround Vision. Bottom: The myCadillac® App.¹ Facing page, top left: Available built-in 4G LTE Wi-Fi® hotspot³. Top right: Apple CarPlay⁴.

SURROUNDED BY AVAILABLE SAFETY INNOVATIONS

PARKING PERFECTED

Available Front and Rear Park Assist systems can sense stationary objects when you're parking, warning you if you come too close. When in Reverse, the Rear Vision Camera automatically displays a live image of the area behind you on the Cadillac user experience screen. Guidelines plot your intended trajectory, helping you see people and objects that might be in your path.

HELP KEEP AN EYE ON PEDESTRIANS

Front Pedestrian Braking, available as part of the Driver Awareness Package, uses a camera to scan the road ahead. If a pedestrian is detected, the system alerts the driver and, if necessary, applies the brakes to help avoid or reduce the severity of a potential collision.

AN INTELLIGENT WIPER

Available Rainsense Wipers automatically engage when rain is detected, adjusting their speed to the rain's intensity. Whenever the wipers are activated, available Auto-Dry brakes automatically position the brake pads closer to the rotors to sweep away moisture and improve performance.

TRULY FORWARD THINKING

Available Forward Collision Alert monitors traffic ahead, alerting you if a potential collision with a detected vehicle is imminent, while the

available Following Distance Indicator shows the following time to the vehicle detected ahead (in seconds) in the Driver Information Centre (DIC).

BE ALERTED EVEN IN REVERSE

When backing out of a parking space, available Rear Cross Traffic Alert can warn you of oncoming cross traffic to either side of your vehicle.

TRAVEL THE STRAIGHT AND SMART

Using monitors to sense lane boundaries, available Lane Keep Assist can gently turn the steering wheel if the system anticipates the vehicle is leaving the lane unintentionally or without using your turn signal. Working in conjunction with the available Safety Alert Seat, available Lane Departure Warning shows a visual alert in the cluster and sends a warning pulse through the seat cushion when your vehicle crosses the detected lane marking.

AN ATTENTION-GRABBER

Available Lane Change Alert with Side Blind Zone Alert surveys the area well beyond the side blind zone and illuminates the side-mirror warning icon to alert you of a rapidly approaching vehicle. Available Side Blind Zone Alert monitors your blind zones, so if a moving vehicle is in the adjacent lane, it also illuminates the side-mirror icon. In both cases, if you've activated your turn signal toward the detected vehicle, the icon on the side mirror will flash to alert you.

GAIN PRECIOUS TIME

Up to certain speeds, available Forward and Reverse Automatic Braking can sense imminent forward and reverse collisions and automatically engage the brakes, if you have not already done so, helping to reduce the severity of the collision. The system may even help avoid a collision at very low speeds.

SET YOUR SPACE

Available Adaptive Cruise Control-Advanced employs front radar technology to maintain a selected distance between you and the detected vehicle ahead.

GRABS YOUR ATTENTION. SUBTLY.

Cadillac's available patented Safety Alert Seat sends a discreet pulse, instead of an audible alert, to the left, right or both sides of the driver's seat, indicating the direction of the threat—left, right, front or rear.

A HIGHER LOOK AT WHAT SURROUNDS

Available Surround Vision provides a bird's-eye view of the area immediately surrounding the vehicle when in low-speed Drive or Reverse. This view, projected onto the Cadillac user experience screen, helps increase your awareness during low-speed manoeuvring.

Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

POWER FOR WHAT'S APPROPRIATE

You will immediately notice a feeling of confidence, responsiveness and awareness with available Real-Time Damping behind the wheel of the XT5. The transmission seamlessly employs eight gears to infinite advantage. The powerful engine activates or deactivates cylinders as performance and efficiency demand. And the available AWD system directs torque to the wheels that will use it best. The XT5 is an automobile that makes driving a singular delight.

The 3.6 L V6 engine delivers 310 hp and 271 lb.-ft. of torque. Statistics tell only part of this advanced power plant's exciting story. It is also equipped with intelligent technologies such as Active Fuel Management and Cadillac's Auto Stop/Start feature. The former deactivates engine cylinders when less power is needed. The latter automatically stops and starts the engine when the vehicle is stopped in traffic under certain conditions.

Both promote greater efficiency¹ and all-around driver satisfaction. Available All-Wheel Drive (AWD) delivers an engaging driving experience. The available twin-clutch AWD system enhances driver launch performance and cornering, especially in adverse weather conditions.

1. Not compatible with all devices. **2.** Visit gmtotalconnect.ca to find out which phones are compatible with the vehicle. Bluetooth is a registered trademark of Bluetooth SIG, Inc. **3.** Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. Services and connectivity vary by model and conditions as well as geographical and technical restrictions. 4G LTE service available in select markets. Requires active connected vehicle services and a data plan to access the vehicle's built-in Wi-Fi hotspot. Accessory Power must be active to use the Wi-Fi hotspot. Data plans provided by AT&T or its local service provider. Credit card is required for purchase. **4.** Cadillac user experience functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. **5.** Vehicle user interface is a product of Apple, and its terms and privacy statements apply. Requires compatible iPhone, and data plan rates apply. Apple and Apple CarPlay are trademarks of Apple Inc., registered in the U.S. and other countries. **6.** Vehicle user interface is a product of Google, and its terms and privacy statements apply. Requires compatible smartphone, and data plan rates apply. Android and Android Auto are trademarks of Google LLC. **7.** Limitations apply. Not transferable. Standard connectivity available to original purchaser for 10 years from the trial activation date for properly equipped <model year> <brand> vehicles. See onstar.ca for details and further plan limitations. Connected Access does not include emergency or security services. Availability of Connected Access and any of its services is dependent on compatible 4G LTE wireless networks and is also subject to change. **8.** Capabilities vary by model and service plan. Visit onstar.com for details and system limitations. Message and data rates may apply. Requires active service, email address on file and enrollment in Vehicle Diagnostics. Not all issues will deliver alerts. On-Demand Diagnostics requires a paid service plan. **9.** Read the vehicle Owner's Manual for important feature limitations and information. **10.** Does not detect people or items. Always check rear seat before exiting the vehicle. **11.** Available in 10 Canadian provinces, 3 territories and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-888-539-7474 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See the Customer Agreement for complete terms at siriusxm.ca/terms. ©2018 Sirius XM Canada Inc. "SiriusXM," the SiriusXM logo, channel names and logos are trademarks of Sirius XM Radio Inc. and are used under license. SiriusXM Canada products, programming, services are subject to change. **12.** Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more safety information. **13.** OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. Roadside service provided by Allstate Roadside Services, and limitations and restrictions apply. Stolen Vehicle Assistance requires armed factory-installed theft-deterrent system and selection of notification communication preference(s). These services are intended to assist with vehicle recovery and do not prevent theft or protect against damage or loss. Additional messaging and data rates may apply. Services are subject to user terms and limitations, and vary by vehicle model. Visit onstar.ca for more details. **14.** The system wirelessly charges one PMA- or Qi-compatible mobile device. To check for phone or device compatibility, see gmtotalconnect.ca. **15.** At time of posting, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas.

Trailer Package Includes hitch and wiring harness

OWNER BENEFITS

Our owners deserve it all. That's why 2019 vehicles are backed by a comprehensive suite of owner benefits. To learn more, visit mygm.ca/cadillac/en/home.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design, features, materials or workmanship of any alterations by such suppliers.

ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes and models.

ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

ONSTAR AND CADILLAC CONNECTED SERVICES

Properly equipped vehicles receive 1 month of Connected Services trial and OnStar Safety & Security Plan coverage from the trial activation date, which includes navigation services, Connected Navigation (available on select vehicles), Remote Access Plan, plus a 3 GB or 1-month (whichever comes first) data plan trial. Plus, you'll also get Connected Access which includes 10 years of standard connectivity at no additional charge and enables Vehicle Diagnostics and Dealer Maintenance Notification.

A NOTE ON CHILD SAFETY

Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the Owner's Manual and the child safety seat instructions for more safety information.

TRAILERING AND OFF-ROAD DRIVING INFORMATION

Please go to cadillaccanada.ca and carefully review the vehicle Owner's Manual for important safety information about trailering or off-road driving in your vehicle.

IMPORTANT WORDS ABOUT THIS CATALOGUE

We have tried to make this catalogue comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalogue and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Mid-Car Crossover segment and latest available competitive information. Excludes other GM vehicles.
