Start with steam.

We've been perfecting the art of steam for more than 100 years, both in residential homes and high-end commercial spaces.

RESIDENTIAL

With MrSteam, homeowners can build comprehensive wellness into everyday routines with a simple upgrade to any bathroom using **three easy steps** outlined in this book — **size** (page 12); **select** from our curated, cost-saving packages (page 18); and **customize** with therapy accessories for scent, light and sound (page 28).

COMMERCIAL

Our **CU Commercial System** is ideal for large venues, such as health clubs, resorts and larger spas. Our **CT Day Spa®** is best for smaller spas, boutique resorts and clubs that operate for six hours or less each day. For more information, see page 57.

This comprehensive book will guide you through each product and package tailored to each unique need.

RESIDENTIAL

BRING WELLNESS HOME WITH NATURE'S OLDEST THERAPY

With over 100 years of steam experience, MrSteam has a legacy of reimagining how to help people **feel good and live well**. By supporting heart, lung and vascular wellness, steam **empowers** physically. By promoting relaxation and helping manage stress, it **purifies** emotionally. These benefits are why we stand behind our belief that wellness is not a luxury but a necessity. That's why each and every innovation we create is designed to deliver **comprehensive wellness** to every home. A traditional shower cleans, but a MrSteam steam shower cleanses — **mind, body and spirit**. As innovators of complete wellness, we are more than purveyors of steam. **We bring wellness to life.**

LATEST INNOVATION

New sights and scents for the Linear SteamHead.

INTRODUCING DESIGNER FINISHES & AROMATRAY

Welcome the quiet, peaceful steam of the Linear SteamHead, now with designer finishes and an AromaTray. With an array of bespoke designs, this patented product complements any bathroom decor as it virtually disappears into the steam shower wall. The accessible AromaTray lets you personalize your experience with essential oils, creating a transformative retreat. The sleek and simple unit is designed for easy installation and a beautiful look. Innovation meets quality in this subtle and low-profile design that sits flush with any wall and supplies an even flow of tranquil steam.

- New AromaTray allows for in-the-moment AromaTherapy utilizing essential or chakra oils
- New designer finishes complement any bathroom
- Innovative diverter attachment assists in directing flow upward to reduce steam emission zone (see installation manual for details)
- Compatible with any of our steam bath systems
- State-of-the-art design delivers steam discreetly as it sits flush to the wall, almost invisible to the user
- Made of corrosion-resistant anodized aluminum for product longevity
- Extruded baffles reduce steam velocity while an expansion chamber reduces noise

See page 40 for details.

Pioneering a legacy of living well.

STEAM GENERATOR SIZED FOR ANY SPACE

At MrSteam, we use our 100 years of experience to help people feel good and live better with the wellness properties of steam. We're constantly innovating to craft intelligent products that work smarter for our customers. Our generators offer the highest quality steam shower experience. This compact steam room generator provides precision temperature and optimal steam control. Since it's just about the size of a briefcase (though the exact size varies based on your shower's construction), installation is easy.

MrSteam's unique generators offer the following benefits:

- Exclusive microprocessor operating system
- Single operating platform — from basic installation to a fully accessorized steam shower
- Precision temperature probe for optimal steam shower temperature control
- Replaceable, industrial-grade heating elements
- Easy-to-add plug-and-play accessories can be installed up to 60 feet away from the steam shower
- Every generator comes with AutoSteam® for an even flow of steam
- Works with all MrSteam controls
- All generator models are cULus Listed
- Limited lifetime warranty

Find the perfect size for your space with SmartSizing™.

To achieve the optimum steam experience, each space requires a different amount of steam. Use the generator sizing steps below to determine the correct steam generator size for your shower.

NEED HELP?

Visit VirtualSpa.MrSteam.com to enter your room specifications and receive tailored recommendations to guide you through the creation of your custom steam shower system.

ONE – MEASURE

Measure length, width and height of the steam enclosure (in feet).

Length _____ x **Width** _____ x **Height** _____ = **Room Volume** _____

TWO – MATERIALS

Select your construction materials.

For **ceramic** or **porcelain tile** on cement board or mortar bed, **add 0%**. _____

For **natural stones** – natural marble, stone, shale, glass block or concrete, **add 50%**. _____

For **ceilings above 8 feet** (per foot, max 10 feet), **add 15%** (per foot). _____

For acrylic, **deduct 40%**. _____

THREE – ROOM VOLUME

Add all figures to determine the total room volume required. _____

Compare your total adjusted room volume to the **specification chart** (on page 13) and select the appropriate model.

Occasionally, a steam room has unforeseeable or hidden construction that warrants special sizing or other consideration. MrSteam is not responsible if unconventional and/or unforeseeable materials or construction details result in a unit that does not operate to specification. Refer to the applicable MrSteam Installation, Operation & Maintenance Manual, available at MrSteam.com, and consult a properly licensed contractor, architect and/or design professional. Failure to do so may result in inoperable or hazardous conditions.

RESIDENTIAL STEAM GENERATORS SPECIFICATION CHART*

Product ¹	Model No. ²	Room Volume (cu. ft.)	kW	Amps 240/1PH	Wire Size AWG ³	Water Usage Gallons ⁴	Shipping Weight ⁵	List Price

1. Dimensions are for generator only, without AutoFlush® or plumbing features.

2. C1 after model number denotes a 240V 1 Phase generator.

3. Wire size (AWG) based on minimum 90° rated THHN copper conductors. Refer to the National Electrical Code for other types of conductors.

4. Water usage based on 20 minutes of operation.

5. Shipping weight is for generator only, without control or SteamHead.

*208 volt and 3 Phase generator available upon request.

OPTIONAL GENERATOR FEATURE

Express Steam®
\$325

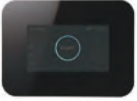

Suitable for all MS Models, Express Steam starts your steam experience in a fraction of the time with its additional built-in heating element maintaining a temperature just under boiling point. To order, add an "X" after the generator model number.

Select your ideal control and package.

Start by choosing the control that lets you intuitively blend steam, scent, light and sound to create the customized experience you desire. Your control will manage temperature, time settings and personalized presets selected from an array of upscale designs crafted to match your bath decor preferences. Then, select from our curated spa packages that allow you to awaken a new world of wellness with easy, convenient ordering at a reduced cost.

COMPOSE YOUR PERSONALIZED THERAPY SYSTEMS

As part of our steam shower legacy, we've created unique therapies that complement the vital properties of steam to **empower, purify and rejuvenate**. Create a customized symphony of **scent, light and sound** for the ultimate multisensory wellness experience. Our AromaTherapies infuse aromatic oils and botanical fragrances for a true **therapeutic oasis**. ChromaTherapy harnesses the power of science and color to create a space reflective of your mood. MusicTherapy is an auditory journey to a state of **complete relaxation**. Choose from a full range of therapies to personalize and elevate your steam shower into an unforgettable transformative sensory experience.

AROMATHERAPY

Aromatherapy was mankind's first remedy, a practice of caring for the body guided by one of our primary senses, scent. Adding AromaTherapy to any steam experience allows you to achieve a higher state of relaxation overall and enhances the unique properties of each botanical infusion, providing new pathways to activate the mind and care for the body.

AromaSteam System

Fragrance Metering Pump \$1,350

- MS AROMA

PRODUCT DETAILS

By merging fragrance and steam into a beautiful mix, the AromaSteam system metering pump atomizes the fragrance and creates the perfect in-steam AromaTherapy experience. MrSteam's specially formulated fragrances use ingredients extracted from flowers and plants. Each aromatic fragrance offers a distinct aroma with characteristics that may support the body's specific needs.

- The collection of MrSteam essential aroma fragrances are available in replaceable, long-lasting 1-liter (33 oz.) bottles
- Includes stainless steel caddy

Aroma Fragrance

1-Liter Bottle \$135

- See fragrances below for part numbers

PRODUCT DETAILS

MrSteam's Aroma Fragrances are specially formulated and packaged for use with the AromaSteam System. Each aromatic fragrance offers a distinct scent with characteristic benefits. These long-lasting 1-liter bottles (33 oz.) work in conjunction with the AromaSteam metering pump. The fragrance mixes with steam to create a rich AromaTherapy experience.

HISTORY OF AROMATHERAPY

The Eastern spiritual practice of aromatherapy has been recognized for centuries as having potentially profound wellness effects. Similar to the power of yoga and meditation, essential oils can help awaken and stimulate, or relax and promote better sleep. According to Indian beliefs, the seven basic chakras are the centers in our bodies through which energy flows. Because the chakras are closely connected to the endocrine system, using essential oils can help stimulate energy flow and restore balance.

MUSIC THERAPY

Music's power is undeniable. It can soothe the soul, signal a celebration or lull us into peaceful sleep. MrSteam has paired the transformative emotional, physical and cognitive powers of music with the healthful benefits of steam, inviting steam bathers to personalize their pursuit of a calming state.

Audio Speakers

Round White Speakers

- cULus Listed
- Audio speakers sold separately (see page 34)

CHROMATHERAPY

Like water and heat, light is a fundamental source of energy capable of altering physical and mental states. The many colors of light are transformative, from the calming tones of the sea and sky to the energizing vibrancy of natural flora. With our range of ChromaTherapy innovations, color and light transport you to a better state of being.

ChromaSteam3 System

\$1,050

- MSCHROMA-72

PRODUCT DETAILS

The MrSteam ChromaSteam-72 system suffuses the steam shower with a spectrum of color from airy blue to warm red, allowing you to select the color and modes directly from the AirTempo® or iTempoPlus® Control keypad.

- ChromaSteam-72 can be controlled from a dedicated wall switch
- The system includes a built-in, low-voltage transformer and color microprocessor
- For mood lighting only

Perfecting peace, one piece at a time.

ACCESSORIES TO ELEVATE EVERY EXPERIENCE

Whether it's rounding out your build or expanding on your in-home spa experience, our accessories make fulfilling your vision an easy and enjoyable process. Here, you'll find additional possibilities that will enhance your entire steam session, from optimized functionality to finishing touches.

Linear SteamHead

16" Linear SteamHead in Polished Chrome Faceplate
104480PC

16" Linear SteamHead with AromaTray — Polished Chrome Faceplate \$550

- 104480PC
- For MS90-MSSUPER3 generators
- Installs between two 16" on-center studs (14 1/2" wide)

16" Linear SteamHead with AromaTray — Designer Trim Faceplate \$650

- 104480-Choose designer finish below
- Installs between two 16" on-center studs (14 1/2" wide)

27 1/2" Linear SteamHead with AromaTray and Diverter \$700

- 104495
- Optional for MX4-MX6 generators
- Installs between two studs with minimum spacing of 27 1/8" and maximum 27 1/2"
- Diverter attachment included to assist in directing steam upward to reduce steam emission zone (see installation manual for details)
- Only available in hard-coated aluminum construction and finish

PRODUCT DETAILS

Award-winning and truly innovative, this SteamHead is the quietest of its kind. Installed flush with the wall, this SteamHead can be installed so only a slim opening remains visible.

- Enjoy an expanded collection of decorative faceplate finishes, allowing you to match your SteamHead to almost any bathroom suite
- New AromaTray allows for in-the-moment AromaTherapy utilizing essential or chakra oils
- Innovative diverter attachment assists in directing flow upward to reduce steam emission zone (see installation manual for details)
- Extruded baffles reduce steam velocity while an expansion chamber reduces noise
- Designed with anti-binding end caps and integral assembly bosses for a higher-integrity seal, plus an anodized anti-corrosion finish
- Available with any of our residential steam bath systems

STEAM R

COMMERCIAL

LED BY LEGACY

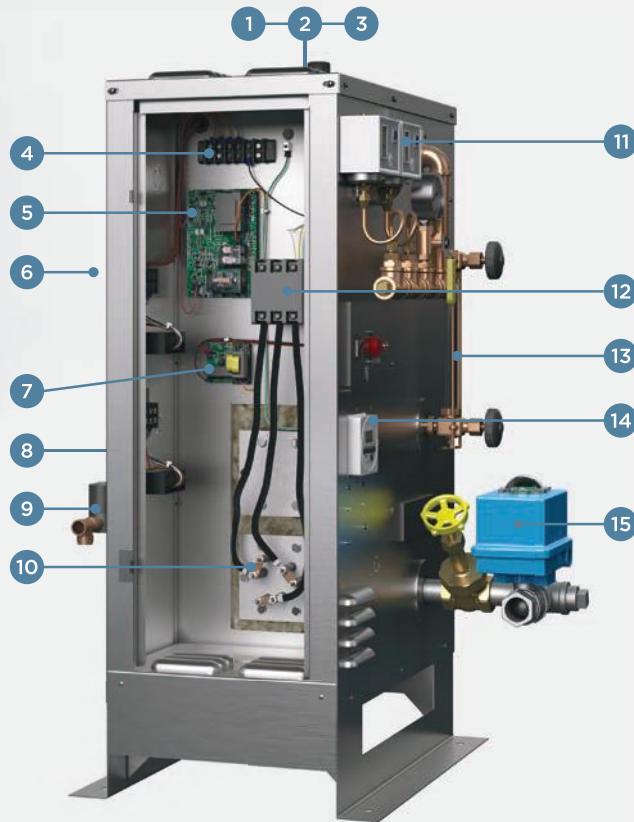

Offering **robust functionality** and **unbeatable reliability**, MrSteam CU commercial steam systems and CT Day Spa® steam baths are engineered to master the rigors of industrial use and **consistently deliver excellence** for businesses looking to round out service offerings and add membership appeal. With a wide variety of proven benefits, steam baths provide the perfect immersive recovery environment for every guest and give your business a **distinguishing edge** with health-minded clientele. Known for centuries to revitalize the mind, body and spirit, steam encapsulates the essence of complete wellness in any club therapy setting and is sure to become a **memorable experience** for your clients. With low maintenance and high performance, create an effortless escape for your guests backed by 100 years of the MrSteam legacy.

Experience industry-leading steam systems.

FOR HOTELS, RESORTS, SPAS AND CLUBS

The pedigree and engineering behind our products is why we've earned the trust of many prestigious health facilities. MrSteam CU Series generators are engineered to respond automatically and reliably, maintaining preset temperatures within the steam room and providing consistent performance. They are manufactured to the same exacting standards that the Centers for Disease Control and Prevention (CDC) and hospital operating rooms demand. While steam bathers receive a peaceful escape, owners and operators remain worry-free with MrSteam's unbeatable quality.

Visit [MrSteam.com/Heavy-Duty-Commercial](https://www.MrSteam.com/Heavy-Duty-Commercial)
to experience a 360-degree interactive model of our
powerful CU generator.

1. 9" auxiliary LWCO probe
2. 6" probe with isolator and water-level probe
3. High-water cutoff probe with isolator
4. 120V power connection
5. Level control board
6. Digital 1® Control
7. AUX LWCO board
8. Pressure vessel (not shown, inside generator)
9. Water solenoid valve
10. Heating elements
11. Operating and high-limit pressure controls
12. Contactors
13. Gauge glass
14. Time clock for auto blowdown
15. Blowdown valve

CU SERIES GENERATORS

Our CU generators are designed for steam rooms operating for six hours or more each day and for those needing to comfortably accommodate three or more people at a time.

- Steam pressure vessels are built to the ASME Boiler and Pressure Vessel Code requirements and are National Board registered
- Stainless steel heating elements for corrosion resistance with ASME-grade flanges for longevity and reliability
- Steam-rated operating and high-limit pressure controls for Steam On Demand®
- Integral pressure gauge and sight glass to provide operating information at a glance
- Rigid quality requirements and nationally recognized standards, including UL and ASME
- High-quality fiberglass pressure vessel insulation for maximum energy efficiency
- Standard with a 1" full-port drain valve providing maximum draining of the pressure vessel
- Standard with the automatic blowdown system featuring electronically controlled maintenance and 24/7 programming

Elevate your business's edge with steam.

SPECIFYING A CU COMMERCIAL STEAM BATH GENERATOR

We've made finding the perfect generator easy, so you can make steam therapy a priority for all of your guests. Use the sizing guide below to determine the right generator for your space. The following guidelines are recommended for best performance and user satisfaction:

- One CU steam bath generator should service no more than two steam rooms, each relatively similar in size and construction
- If two steam rooms are serviced by one CU generator, the combined resultant room volume of the two rooms should not exceed 1,400 cubic feet (39.6 cubic meters)
- Each room must be operated with the appropriate Digital 1® Temperature Control System
- In all installations, the purchaser and/or owner/operator must consult with a designer, architect or consultant to ensure the proper specification of the steam bath generator and required optional operating equipment

SIZING GUIDE

Measure length, width and height of the steam enclosure (in feet).

Length _____ x **Width** _____ x **Height** _____ = **Room Volume** _____

NEED HELP?

Visit [MrSteam.com/Heavy-Duty-Commercial](https://www.MrSteam.com/Heavy-Duty-Commercial) to enter your room specifications and receive tailored recommendations.

Occasionally, a steam room has unforeseeable or hidden construction that warrants special sizing or other consideration. MrSteam is not responsible if unconventional and/or unforeseeable materials or construction details result in a unit that does not operate to specification. Refer to the applicable MrSteam Installation, Operation & Maintenance Manual, available at MrSteam.com, and consult a properly licensed contractor, architect and/or design professional. Failure to do so may result in an inoperable or hazardous condition. See product packaging and labeling for additional important information.

EXPERIENCE MRSTEAM IN THESE PRESTIGIOUS LOCATIONS

We encourage you to try us out. See the many major resorts, athletic franchises and popular health facilities that have harnessed the power of steam to enhance their guests' wellness experience. Easily locate one near you at MrSteam.com/Heavy-Duty-Commercial.

STAINLESS STEEL COMMERCIAL STEAM SYSTEMS

Everything needed to create a commercial steam room system is now packaged together for easy ordering. Ideal for large steam rooms in hotels, resorts, spas and clubs, our commercial generator packages give you everything you need to be operational immediately once installed. At the heart of these packages are our CU generators. Consistently reliable, low maintenance and high performing, they are manufactured to the same exacting standards that the CDC and hospital operating rooms demand.

Standard

- Digital 1 Temperature Control sets the desired steam room temperature
- ASME and National Board Registered Pressure Vessel
- Long-life stainless steel heating elements
- Steam On Demand® maintains preselected temperatures utilizing minimum energy for maximum heat ... instantly
- cULus Listed
- Automatic blowdown valve for programmed daily discharge of accumulated sediment
- Automatic blowdown timer provides 24/7 automatic startup/shutdown and AutoFlush® operation, reducing daily maintenance

Accessories

- AromaFlo aroma oil delivery system
- MrSteam aroma oil (1 gallon)
- CU high-limit control

Important: If more than one room is being serviced by one CU generator, the appropriate CU1-Digital 1 or CU2-Digital 1 Control Package must be specified for each room.

All CU commercial steam bath generators are available in 208/3, 240/3 and 480/3. Consult factory for other voltage/phase. Only models CU360-CU1000 are available in 208/1 and 240/1 as priced. Specify voltage/phase when ordering.

- Models C0360-C1400 measure 22"l x 25"w x 39 3/4"h
- Models C2000-C3000 measure 33"l x 39 3/8"w x 33 1/2"h
- Model C4500 measures 34 1/4"l x 30 5/8"w x 61 1/2"h
- Dimensions are approximate

Digital 1[®] Generator Packages

The Digital 1 Generator Packages now include a CU generator, Digital 1 Control, CU SteamHead, steam solenoid, automatic blowdown system with a digital timer, and auxiliary manual reset, making it easy to specify and order.

INFUSE INTO STEAM

Our goal is to enrich the steam bathing experience, and AromaSteam is a powerful component to making wellness a way of life.

ASME Code Blowdown Tank

CU360-2000 \$3,150

- CU-BDT-ASME36
- Dimensions: 36" h x 12" dia.
- Ship weight: 125 lbs.

CU2500-4500 \$4,550

- CU-BDT-ASME42
- Dimensions: 42" h x 18" dia.
- Ship weight: 230 lbs.

PRODUCT DETAILS

- Essential for automatic blowdown maintenance where building codes require maximum 140° F discharge
- Blowdown separators built to ASME Section VIII
- Separators reduce temperature and pressure to ensure a safe discharge of water and sludge
- Designed to utilize a water seal at the outlet that reduces outlet temperature to a safe discharge level
- No electrical hookup required
- Complete with temperature gauge, pressure gauge and gauge glass assembly
- ASME Code UM vessel

CU High Limit Control

\$600

- CU-HTC

PRODUCT DETAILS

- Set point of 120° F
- Provides over-temperature shutoff and alarm function
- Disconnects heating source and sounds alarm if the steam room temperature rises above set point temperature
- Prevents the steam generator from being reset until after the steam room cools to a point below the set point temperature

- LEDLITE-AP

Aluminum Satin \$775

- LEDLITE-AS

PRODUCT DETAILS

The recessed light is a ceiling mount for architectural integration.

- Designed to withstand heat and moisture
- Low voltage
- UL Listed
- 600 lumens
- Includes 120VAC LED driver
- Includes rough-in bracket
- 3 1/2" h x 4 1/4" dia.
- Dimmable

CU Digital Timer

Digital Timer with Steam Vent \$900

- 104327DIG

PRODUCT DETAILS

- 30-minute digital timer
- Easy to use so patrons can safely time their sessions
- Only for outside the steam room
- Includes steam vent

CU Steam Stop

\$455

- CU-STEAMSTOP

PRODUCT DETAILS

- Emergency stop switch to electronically shut down the steam generator
- Multiple steam stop switches can be used with one steam generator
- Water-resistant, IP69K rating
- Suitable for use inside or outside the steam room

Mechanical Timer

Mechanical Timer with Steam Vent \$390

- 104327B

PRODUCT DETAILS

- 30-minute mechanical timer
- Only for installation outside the steam room
- Includes steam vent

CU Alarm

\$250

- CU-ALARM

PRODUCT DETAILS

- Audible alarm sounds when the steam room exceeds the maximum set temperature
- Suitable for use with Digital 1®
- Choose from multiple alarm sounds
- Mount in a standard 4" x 4" electrical box for installation
- cULus Listed for general signaling, indoors and outdoors
- Important Information: Do not install the CU alarm inside the steam room

- 104072

PRODUCT DETAILS

Use the steam vent with mechanical timer to release hydrostatic pressure in the boiler while filling when the timer has timed out.

- Included with digital timer and mechanical timer

Premium performance for day spas and resorts.

DAY SPAS, MEDICAL SPAS, BOUTIQUE RESORTS AND CLUBS

Even small spaces can be transformed into steam rooms. Compactly designed for performance, longevity and durability, MrSteam CT steam generators combine safety and aesthetics with reliability.

CT STEAM GENERATORS

Designed for steam rooms operating for six hours or less each day that do not exceed 675 cubic feet and ideal for up to two guests at a time.

- Easily installed in most service closets, storage areas or similar dry, heated locations
- Ideal for smaller day spas or resorts that may not have the space or need for a larger, multiple-user steam room requiring CU equipment
- Constructed of 100% recyclable stainless steel inside and out

CT generators come standard in two innovative CT packages. The CT Day Spa® package and CT iSteam® package include everything an owner/operator needs for optimum control and superior performance, while also providing guests with an enhanced therapeutic experience.

CT iSteam® Package

MrSteam's ultimate steam command center, the iSteam3 Control, allows the owner/operator to preselect and customize the user's steam bathing experience. This package gives you everything you need to be operational once installed.

Installation instructions, installation and operation instructions and/or technical specifications are included with the product and can also be found at MrSteam.com. Failure to install any MrSteam product according to the applicable installation manual may result in property damage or an unsafe condition.

AromaSteam System

Metering Pump

\$1,350

- MS AROMA

PRODUCT DETAILS

By merging fragrance and steam, the AromaFlo system metering pump atomizes the fragrance and creates the perfect in-steam AromaTherapy experience. MrSteam's specially formulated fragrances use ingredients extracted from flowers and plants. Each aromatic fragrance offers a distinct aroma with characteristics that may support your body's specific needs.

- The exquisite collection of MrSteam essential aroma fragrances are available in replaceable, long-lasting 1-liter (33 oz.) bottles (not included; see below)
- Includes stainless steel caddy to hold the liter bottle
- Compatible with all controls
