

Instruction manuals for mobile viewing

All your Team Associated vehicle paper content sized to fit your mobile and tablet device screen. Only available for select vehicles. Content includes:

- Press release, including photos of your vehicle's features
- Specifications of vehicle, radio, motor, ESC, and receiver
- Complete instruction manual
- Complete parts list
- Complete motor manual (if RTR)
- Complete ESC manual (if RTR)
- Complete Radio manual (if RTR)
- Online links to vehicle content
- Setup sheet, showing defaults and fields for your own setup. Export it.

If you already own the Team Associated vehicle, then with this app you'll have plenty of resources at hand if you need to fix the vehicle, tune it, or look up parts. You won't spend time and bandwidth looking up the docs on the web site with your device; they are all here in-app and sized to fit. You can show your app to friends who want to know more about your vehicle.

If you don't own the vehicle, you can go over the documents to see if this is a vehicle you'd like to get, or to simply to learn more about it. Links to the support arm of Team Associated allow you to get in touch with us with any questions you may have.
