# LITTLE SISTERS

## THE SOURCE OF ADAM

Rapture's demise began with the discovery of ADAM, a substance found only in a particular type of sea slug. ADAM enables people to instantly modify their own genes, using a process called Splicing. Splicing installs powerful genetic alterations in the human body and mind in the form of Plasmids and Gene Tonics. Both of these have the potential to make the user terribly intelligent, incredibly powerful and, if overused, homicidally insane. Chronic Plasmid and Gene Tonic users are called Splicers. They will kill for ADAM. They will kill for no reason at all. And now they account for almost all of Rapture's population.

ADAM is collected from dead Splicers by the Little Sisters, small blood-drinking girls armed with huge syringes. Symbiotic sea slugs inside them separate the ADAM from the blood they consume, so the ADAM can be reused. Since they must then carry the valuable ADAM inside themselves, without protection Little Sisters are vulnerable to attacks by Splicers as they travel throughout Rapture. So they seek out guardians—Big Daddies like you—to protect them while they gather ADAM.

When traveling with a Little Sister, press and hold the **R key** to reveal a scent trail leading to a corpse containing ADAM. Beware! While the Little Sister is drawing blood, Splicers will converge on the Little Sister and corpse.

### NOTE

To see how many Little Sisters are present in the current level, press the **esc key** or the **P key** to display the Pause screen.

## ADOPT, HARVEST OR RESCUE?

If you decide to **Adopt** a Little Sister, you become her protector, and she will depend on you to shield her from attacks while she gathers ADAM from corpses. Your job is to destroy whomever threatens the Little Sister—and in return, she will give you the ADAM she collects. Besides Adoption, at a Vent you have the option to either **Rescue** a Little Sister or **Harvest** her for ADAM.

**Rescue** destroys the ADAM slug, removing it from the Little Sister's system humanely, and returns the Little Sister to being a normal girl. She will then escape to safety through one of Rapture's numerous Vents. Rescuing lets you recover a smaller amount of ADAM remaining in the body of the slug she hosted.

**Harvesting** her for ADAM removes the live slug straight from the Little Sister's body, and gives you a huge dose of the vital substance—but she will not survive the process.

- 1 **First Aid Kits**  
First Aid Kits fully replenish health. Press the **ctrl** key to use one.
- 2 **Health Level**  
When it's gone, you die. Increase maximum health by spending ADAM at a Gatherer's Garden.
- 3 **EVE Hypo Count**  
Hypos replenish EVE. You will automatically inject one when your EVE runs out.
- 4 **EVE**  
Powers your Plasmids. Increase maximum EVE by spending ADAM at a Gatherer's Garden.
- 5 **Active Plasmid**  
The Plasmid currently in use. Press the corresponding **F-key (F1-F8)** to cycle to a different active Plasmid.
- 6 **Ammo Menu or Drill Fuel Gauge**  
Identifies ammo type, number of rounds remaining and max number allowed. The currently selected ammo type is lit. Each gun is capable of firing different ammo types. When armed with more than one ammo type, press the **[** and **]** keys to change ammo.

When the Drill is equipped, the Drill Fuel gauge appears here.

## 7 Reticle

Use this to aim your weapon. Press the **T key** to aim with the Iron Sights. Set Auto-Aim ON in the Options screen to enhance aim.

## 8 Items Available for Pickup

When you walk up to something that contains items available for pickup, you will see a Search prompt. Press the **F key** to view the items, then press the **F key** again to pick up all the items displayed.

### Little Sister Icon (not shown)

Appears when you have Adopted and are traveling with a Little Sister. When she is gathering ADAM from a corpse, a progress bar appears until she finishes. If a Splicer starts attacking her, the progress stops and an ! alert appears while she is gathering. Once your Adopted Little Sister has gathered ADAM from two bodies, the icon will change to a Vent. This indicates you must now return her to a Vent.

### Quest Arrow (not shown)

Directs you to the current Goal. Can be turned OFF from the Options screen.

# WEAPONS & PLASMIDS

You can use weapons and Plasmids simultaneously in a fight. One tactic is to disable or stun enemies with a Plasmid and finish them off with a weapon, though either might be fatal by itself.

## WEAPONS

### The Drill

You begin the journey through Rapture armed only with the Drill, a melee weapon. There are three ways to attack with the Drill:

**Drill an Enemy** Press and hold the **left mouse button**. This requires Drill Fuel. Check the Drill Fuel gauge on the HUD.

**Club an Enemy** Press the **shift key** or quickly tap the **left mouse button**.

**Drill Dash an Enemy** Press and hold the **left mouse button**, then press the **shift key**. This ability must be unlocked.

## Guns

As you explore Rapture, you will find other Weapons. There are two ways to attack with guns.

**Fire** Press the **left mouse button**. This will fire the type of ammo you have equipped.

**Gunbutt an Enemy** Press the **shift key** to knock an enemy back.

## Ammo

Weapons fire different ammo types. You will find special ammo that is more effective against certain targets. Once you have multiple ammo varieties, press the **[** and **]** **keys** to change ammo on your currently held weapon.

## Switching Between Multiple Equipped Weapons

Once you have two or more weapons, press the corresponding **keypad key (1-8)** to cycle to a different equipped weapon.

## PLASMIDS

Plasmids are instantaneous genetic modifications you can splice into your DNA. Once installed, Plasmids empower you to inflict changes on the beings and objects around you. One Plasmid allows you to set people on fire. Another lets you freeze objects. There are many more.

Power your Plasmids with EVE injections. No EVE, no Plasmid power. Find it or buy it.

**Use Plasmid** Press the **right mouse button**. You can charge some Plasmids by pressing and holding the **right mouse button** for greater damage or effect.

**Cycle Next Plasmid** Press the corresponding **F-key (F1-F8)** to cycle to a different active Plasmid.

## Plasmid Slots

Plasmid slots are where you hold equipped Plasmids. The more Plasmid slots you have, the more Plasmids you can equip at one time. You can spend ADAM at a Gatherer's Garden to obtain additional Plasmid slots.

## GENE TONICS

These genetic enhancements become part of your nature once spliced into you, and work automatically. You can unequip and replace them with other Gene Tonics by visiting Gene Banks.

### GENE TONIC SLOTS

As with Plasmids, you can only equip a Gene Tonic if you have a slot for it. If you have enough ADAM, you can buy additional Gene Tonic slots at a Gatherer's Garden.

## FINDING ITEMS

Search everywhere, including dead bodies, cabinets and trash cans, for important items to help you survive, such as money, ammo, and First Aid Kits. You will see a Search prompt when you approach a searchable container.

## 1 Enemy Health Bar

When you're fighting enemies, they display a Health bar so you can see the amount of damage you must inflict to kill them. When the meter is green, the enemy is strong. When it glows red and shortens, the enemy is weakening.

## 2 Attack Alert

This red signal points toward an enemy who is attacking you.

## SPLICERS

Splicers are the citizens of Rapture, driven mad by Plasmid and Gene Tonic use. Housewives looking for a makeover have been transformed into homicidal maniacs. Former businessmen now think beating someone to death is a management skill. Despite their deranged nature, Splicers can be terrifyingly skilled and powerful opponents.

## SECURITY CAMERAS & BOTS

Linger in front of a Security Camera and an alarm is set off, followed by Security Bot deployment. Bots are hovering machine gun drones. The alarm system is on a timer (you will see a countdown on-screen). Turn Bots into allies by Hacking them. You can also Hack the Cameras to deploy Bots against your enemies.

## TURRETS

When Turrets sense your presence, they will open fire. Hack them to make them attack your enemies.

## BIG SISTERS

Big Sisters are extremely swift, ruthless and tough to defeat. They look after Little Sisters, making sure they are able to gather in peace. Removing Little Sisters from their appointed rounds (by Adoption or Harvesting) will attract the attention of the Big Sisters.

## BIG DADDIES

Like you, other Big Daddies are strong, heavily-armored enemies who will protect their Little Sisters with their lives. They will not attack until provoked, however.

# DEVICES & MACHINES

## VITA-CHAMBERS

Death is not the end in Rapture. If you die, the nearest Vita-Chamber will revive you.

You can disable the Vita-Chambers on the Options screen so that when you die, the game is over.

## DIARIES

Diaries are recorded messages left behind by the people of Rapture. Be sure to pick them up. They may contain a history lesson or vital information. Press the **L** key to listen to the most recent diary you have collected. If you want to listen to them again later, press the **M** key and select **Messages** to listen to all the diaries you have collected.

## VENDING MACHINES

Vending Machines feature items important for survival. Select the item on the left to view a description. The quantity of the item you have and your maximum capacity appear in the center of the screen. Your current amount of money appears on the right. Hack the machine for a discount, to reveal hidden items, and, if you stop the needle in a blue zone, a free item.

## CIRCUS OF VALUES

Purchase general merchandise including basic ammo, EVE Hypos, and First Aid Kits.

## AMMO BANDITO

Sells ammo only. Look for specialized ammo types for each of your weapons. Different machines can have different things for sale—check them all!

## GATHERER'S GARDEN

The amount of ADAM you have appears on the right. Spend your ADAM just like money to:

- Acquire additional Plasmids and Gene Tonics.
- Unlock additional Plasmid and Gene Tonic slots, allowing you to equip more at one time.
- Increase max health and EVE.

## GENE BANKS

You may have collected more Plasmids or Gene Tonics than you are able to equip at one time. You can view and swap them at a Gene Bank. The Gene Bank has one Plasmid track and one Gene Tonic track. Select a track to see what is equipped and what is stored.

## POWER TO THE PEOPLE MACHINES

Upgrade your weapon for free! Each machine closes down permanently after one upgrade of one weapon. Each weapon can be upgraded three times, but the third upgrade is only unlocked if you have already applied the first two.

## HEALTH STATIONS

Pay to be completely healed. Your enemies also use Health Stations while fighting you. Hacking a Health Station turns the machine against your enemies, reduces the cost of healing, and gives you a free First Aid Kit if you stop in a blue zone. Destroying a Health Station also knocks out a free First Aid Kit.

## BOT SHUTDOWN PANEL

If you find one of these after tripping a security alert, use it to deactivate attacking bots and end the alarm countdown.

## VENTS

Vents are devices Little Sisters use to travel through Rapture on their own. Take an Adopted Little Sister to a Vent, where you can choose to Rescue or Harvest her. If you Rescue her, she will flee into the safety of the Vent.

# HACKING

- Team score is displayed on the top right of the HUD.
- A Skull icon appears on the scoreboard where a teammate has died.
- Find a Big Daddy Suit for added power and protection.
- Find ADAM Vials throughout the Maps to contribute to your ADAM count.
- ADAM is awarded at the end of a match; the more ADAM you get, the faster your rank will increase in the Sinclair Solutions Consumer Rewards Program.

### NOTE

You can't Hack equipment while wearing a Big Daddy Suit.

## SURVIVAL OF THE FITTEST

Fight individually in this free-for-all mode with 6-10 players. Gain ADAM by killing everyone. First to 200 or highest score when the timer runs out wins.

## CIVIL WAR

Join forces and take on the enemy group in this team-based mode for 6-10 players. First to 200 or highest score when the timer runs out wins.

## CAPTURE THE SISTER

Join forces and take turns capturing the Little Sister in each round in this team-based mode for 6-10 players. In each round, one team defends the Little Sister while the other attempts to capture her and rush her to a Vent. The word **Capture** or **Defend** appears at the top of the screen as a reminder of your current mission. On the defending team, a player at random will be suited up as a Big Daddy.

- The Little Sister icon points you to the Little Sister.

- The Vent icon points you to the closest Vent.

## TURF WAR

Join forces and capture Rapture's territories from the enemy group in this team-based mode for 6-10 players. Win points by capturing and controlling territories.

Each territory is marked by a control point. There are three control points in each Map. Follow the on-screen guides directing you to a control point (showing you its number), then claim it for your team by filling the Capture meter. The meter will fill faster if you have teammates with you. (The meter will not fill if enemies are in the immediate area.) Once you have a territory, defend it against capture. The team that holds the most territory for the longest period of time wins.

## ADAM GRAB

Hold the Little Sister for as long as possible in this free-for-all mode for 4-6 players. Search out a Little Sister, grab her and keep the others from taking possession of her. Pursuing players attack the Little Sister bearer until she is dropped. The first player to hold her for three minutes wins.

## TEAM ADAM GRAB

Join forces and hold the Little Sister for as long as possible in this team-based mode for 6-10 players. Search out a Little Sister, grab her and keep the others from taking possession of her. ## LAST SPLICER STANDING

Join forces and take on the enemy group in this team-based mode for 6-10 players. No respawns. Highest number of rounds won after four rounds wins the game.

## I. LICENSE

**LICENSE.** Subject to this Agreement and its terms and conditions, Licensor hereby grants you the nonexclusive, non-transferable, limited right and license to use one copy of the Software for your personal non-commercial use for gameplay on a single computer or gaming unit, unless otherwise specified in the Software documentation. Your acquired rights are subject to your compliance with this Agreement. The term of your license under this Agreement shall commence on the date that you install or otherwise use the Software and ends on the earlier date of either your disposal of the Software or Licensor's termination of this Agreement. Your license terminates immediately if you attempt to circumvent any technical protection measures used in connection with the Software. The Software is being licensed to you and you hereby acknowledge that no title or ownership in the Software is being transferred or assigned and this Agreement should not be construed as a sale of any rights in the Software. All rights not specifically granted under this Agreement are reserved by Licensor and, as applicable, its licensors.

**OWNERSHIP.** Licensor retains all right, title and interest to the Software, including, but not limited to, all copyrights, trademarks, trade secrets, trade names, proprietary rights, patents, titles, computer codes, audiovisual effects, themes, characters, character names, stories, dialog, settings, artwork, sounds effects, musical works, and moral rights. The Software is protected by United States copyright and trademark law and applicable laws and treaties throughout the world. The Software may not be copied, reproduced or distributed in any manner or medium, in whole or in part, without prior written consent from Licensor. Any persons copying, reproducing or distributing all or any portion of the Software in any manner or medium, will be willfully violating the copyright laws and may be subject to civil and criminal penalties in the US or their local country. Be advised that US Copyright violations are subject to statutory penalties of up to \$150,000 per violation. - Copy the Software onto a hard drive or other storage device in order to bypass the requirement to run the Software from the included CD-ROM or DVD-ROM (this prohibition does not apply to copies in whole or in part that may be made by the Software itself during installation in order to run more efficiently);
- use or copy the Software at a computer gaming center or any other location-based site; provided, that Licensor may offer you a separate site license agreement to make the Software available for commercial use;
- Reverse engineer, decompile, disassemble, prepare derivative works based on or otherwise modify the Software, in whole or in part;
- Remove or modify any proprietary notices, marks or labels contained on or within the Software; and

(j) transport, export or re-export (directly or indirectly) into any country forbidden to receive such Software by any U.S. export laws or accompanying regulations or otherwise violate such laws or regulations, that may be amended from time to time.

However, you may transfer the entire Software and accompanying documentation on a permanent basis to another person as long as you retain no copies (including archival or backup copies) of the Software, accompanying documentation, or any portion or component of the Software accompanying documentation, and the recipient agrees to the terms of this Agreement. The Software is intended for private use only.

**TECHNICAL PROTECTIONS.** The Software may include measures to control access to the Software, prevent unauthorized copies, or otherwise attempt to prevent anyone from exceeding the limited rights and licenses granted under this Agreement. If the Software permits access to additional online features, only one copy of the Software may access those features at one time (unless otherwise provided in the Software documentation). Additional terms and registration may be required to access online services and to download Software updates and patches. Only Software subject to a valid license can be used to access online services, and download updates and patches. You may not interfere with such access control measures or attempt to disable or circumvent such security features. If you disable or otherwise tamper with the technical protection measures, the Software will not function properly.

**USER CREATED CONTENT.** The Software may allow you to create content, including but not limited to a gameplay map, a scenario, screenshot of a car design or a video of your game play. In exchange for use of the Software, and to the extent that your contributions through use of the Software give rise to any copyright interest, you hereby grant Licensor an exclusive, perpetual, irrevocable, fully transferable and sub-licensable worldwide right and license to use your contributions in any way and for any purpose in connection with the Software and related goods and services, including the rights to reproduce, copy, adapt, modify, perform, display, publish, broadcast, transmit, or otherwise communicate to the public by any means whether now known or unknown and distribute your contributions without any further notice or compensation to you of any kind for the whole duration of protection granted to intellectual property rights by applicable laws and international conventions. You hereby waive any moral rights of paternity, publication, reputation, or attribution with respect to Licensor's and other players' use and enjoyment of such assets in connection with the Software and related goods and services under applicable law. This license grant to Licensor, and the above waiver of any applicable moral rights, survives any termination of this license.

**INTERNET CONNECTION.** The Software may require an internet connection to access internet-based features, authenticate the Software, or perform other functions. In order for certain features of the Software to operate properly, you may be required to have and maintain (a) an adequate internet connection and/or (b) a valid and active account with an online service as set forth in the Software documentation, including but not limited to Windows Live, Licensor or a Licensor affiliate. If you do not maintain such accounts, then certain features of the Software may not operate or may cease to function properly, either in whole or in part.

## II. INFORMATION COLLECTION & USAGE

By installing and using this software, you consent to these information collection and usage terms, including (where applicable) transfer of data to Licensor and affiliated companies into a country outside of the European Union and the European Economic Area. If you connect to the Internet when using the Software, either through Xbox LIVE, PLAYSTATION Network, or any other method, Licensor may receive information from hardware manufacturers or platform hosts (such as Microsoft or Sony) and may automatically collect certain information from your computer or gaming unit. This information may include, but is not limited to, user IDs (such as gamer tags and screen names), game scores, game achievements, game performance, locations visited, buddies, hardware MAC address, internet protocol address, and your usage of various game features. All information collected by Licensor is intended to be anonymous information that does not disclose your identity or constitute personal information, however, if you include personal information (such as your real name) in your user ID, then such personal information will automatically be transmitted to Licensor and used as described herein.

The information collected by Licensor may be posted by Licensor on publicly-accessible web sites, shared with hardware manufacturers, shared with platform hosts, shared with Licensor's marketing partners or used by Licensor for any other lawful purpose. By using this Software you consent to the Licensor's use of related data, including public display of your data such as identification of

your user created content or displaying your scores, ranking, achievements and other gameplay data. If you do not want your information shared in this manner, then you should not use the Software.

### III. WARRANTY

**LIMITED WARRANTY:** Licensor warrants to you (if you are the initial and original purchaser of the Software) that the original storage medium holding the Software is free from defects in material and workmanship under normal use and service for 90 days from the date of purchase. Licensor warrants to you that this Software is compatible with a personal computer meeting the minimum system requirements listed in the Software documentation or that it has been certified by the gaming unit producer as compatible with the gaming unit for which it has been published, however, due to variations in hardware, software, internet connections and individual usage, Licensor does not warrant the performance of this Software on your specific computer or gaming unit. Licensor does not warrant against interference with your enjoyment of the Software; that the Software will meet your requirements; that operation of the Software will be uninterrupted or error-free; or that the Software will be compatible with third party software or hardware or that any errors in the Software will be corrected. No oral or written advice provided by Licensor or any authorized representative shall create a warranty. Because some jurisdictions do not allow the exclusion of or limitations on implied warranties or the limitations on the applicable statutory rights of a consumer, some or all of the above exclusions and limitations may not apply to you.

If for any reason you find a defect in the storage medium or Software during the warranty period, Licensor agrees to replace, free of charge, any Software discovered to be defective within the warranty period as long as the Software is currently being manufactured by Licensor. If the Software is no longer available, Licensor retains the right to substitute a similar piece of Software of equal or greater value. This warranty is limited to the storage medium and the Software as originally provided by Licensor and is not applicable to normal wear and tear. This warranty shall not be applicable and shall be void if the defect has arisen through abuse, mistreatment, or neglect. Any implied warranties prescribed by statute are expressly limited to the 90-day period described above.

Except as set forth above, this warranty is in lieu of all other warranties, whether oral or written, express or implied, including any other warranty of merchantability, fitness for a particular purpose or non-infringement, and no other representations or warranties of any kind shall be binding on Licensor.

When returning the Software subject to the limited warranty above, please send the original Software only to the Licensor address specified below and include: your name and return address; a photocopy of your dated sales receipt; and a brief note describing the defect and the system on which you are running the Software.

IN NO EVENT WILL LICENSOR BE LIABLE FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM POSSESSION, USE OR MALFUNCTION OF THE SOFTWARE, INCLUDING BUT NOT LIMITED TO, DAMAGES TO PROPERTY, LOSS OF GOODWILL, COMPUTER FAILURE OR MALFUNCTION AND, TO THE EXTENT PERMITTED BY LAW, DAMAGES FOR PERSONAL INJURIES, PROPERTY DAMAGE, LOST PROFITS OR PUNITIVE DAMAGES FROM ANY CAUSES OF ACTION ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE SOFTWARE, WHETHER ARISING IN TORT (INCLUDING NEGLIGENCE), CONTRACT, STRICT LIABILITY OR OTHERWISE, WHETHER OR NOT LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT SHALL LICENSOR'S LIABILITY FOR ALL DAMAGES (EXCEPT AS REQUIRED BY APPLICABLE LAW) EXCEED THE ACTUAL PRICE PAID BY YOU FOR USE OF THE SOFTWARE.

BECAUSE SOME STATES/COUNTRIES DO NOT ALLOW LIMITATIONS ON

HOW LONG AN IMPLIED WARRANTY LASTS AND/OR THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, THE ABOVE LIMITATIONS AND/OR EXCLUSION OR LIMITATION OF LIABILITY MAY NOT APPLY TO YOU. THIS WARRANTY SHALL NOT BE APPLICABLE SOLELY TO THE EXTENT THAT ANY SPECIFIC PROVISION OF THIS WARRANTY IS PROHIBITED BY ANY FEDERAL, STATE, OR MUNICIPAL LAW, WHICH CANNOT BE PRE-EMPTED. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY HAVE OTHER RIGHTS THAT VARY FROM JURISDICTION TO JURISDICTION.

**TERMINATION:** This Agreement will terminate automatically if you fail to comply with its terms and conditions. In such event, you must destroy all copies of the Software and all of its component parts. You can also end this Agreement by destroying the Software and all copies and reproductions of the Software and deleting and permanently purging the Software from any client server or computer on which it has been installed.

**U.S. GOVERNMENT RESTRICTED RIGHTS:** The Software and documentation have been developed entirely at private expense and are provided as "Commercial Computer Software" or "restricted computer software." Use, duplication or disclosure by the U.S. Government or a U.S. Government subcontractor is subject to the restrictions set forth in subparagraph (c)(1) (ii) of the Rights in Technical Data and Computer Software clauses in DFARS 252.227-7013 or as set forth in subparagraph (c)(1) and (2) of the Commercial Computer Software Restricted Rights clauses at FAR 52.227-19, as applicable. The Contractor/Manufacturer is the Licensor at the location listed below.

**EQUITABLE REMEDIES:** You hereby agree that if the terms of this Agreement are not specifically enforced, Licensor will be irreparably damaged, and therefore you agree that Licensor shall be entitled, without bond, other security, proof of damages, to appropriate equitable remedies with respect any of this Agreement, in addition to any other available remedies.

**INDEMNITY:** You agree to indemnify, defend and hold Licensor, its partners, licensors, affiliates, contractors, officers, directors, employees and agents harmless from all damages, losses and expenses arising directly or indirectly from your acts and omissions to act in using the Software pursuant to the terms of the Agreement.

**MISCELLANEOUS:** This Agreement represents the complete agreement concerning this license between the parties and supersedes all prior agreements and representations between them. It may be amended only by a writing executed by both parties. If any provision of this Agreement is held to be unenforceable for any reason, such provision shall be reformed only to the extent necessary to make it enforceable and the remaining provisions of this Agreement shall not be affected.

**GOVERNING LAW.** This Agreement shall be construed (without regard to conflicts or choice of law principles) under the laws of the State of New York, as such law is applied to agreements between New York residents entered into and to be performed within New York, except as governed by federal law. Unless expressly waived by Licensor in writing for the particular instance or contrary to local law, the sole and exclusive jurisdiction and venue for actions related to the subject matter hereof shall be the state and federal courts located in Licensor's principal corporate place of business (New York County, New York, U.S.A.). Both parties consent to the jurisdiction of such courts and agree that process may be served in the manner provided herein for giving of notices or otherwise as allowed by New York state or federal law. The parties agree that the UN Convention on Contracts for the International Sale of Goods (Vienna, 1980) shall not apply to this Agreement or to any dispute or transaction arising out of this Agreement.
