Q5

All-new Audi Q5

**In a crowded
field, the only
one in its class.**

You get it. You wouldn't be reading this if you didn't, so there must be something about the all-new Audi Q5 that sets it apart from the dozens of SUVs and crossovers available. Maybe it's the contemporary yet timeless exterior styling. Maybe it's the unique balance of fun, sporty performance with the versatility of expanded interior volume. It might be the exhilaration of the steering wheel in your hands or the thrills it commands while you take in the winding road ahead. With standard quattro® all-wheel drive with ultra® technology and Audi drive select with Offroad mode, no matter your reasons, you have the capability to leave tracks where your journey takes you—in the one vehicle that is ready to leave its impression on you.

Q5 SQ5

The soul of the Q5 can't be defined by numbers alone.

2018 Audi Q5 2.0T Prestige quattro® shown in Utopia Blue metallic with available equipment.

2018 Audi SQ5 Premium Plus quattro® shown in Azores Green metallic with available equipment.

Three simple lines draw a complex personality.

2018 Audi Q5 2.0T Prestige quattro® shown in Utopia Blue metallic with available equipment.

When you speak sincerely, you can say so much more with less. In sculpting the all-new Audi Q5, our engineers followed the time-honored principle that the simplest design is usually the best. Taken together, the three lines of the Audi Q5 exude a confident yet nuanced profile that is as clear as it is timeless.

2018 Audi Q5 2.0T Prestige quattro® shown in Utopia Blue metallic with available equipment.

Countless views from a single seat.

The grocery store and the Grand Canyon have something in common. Seen from the confident stance of the driver's seat of the Audi Q5, the views will constantly change, so we engineered an interior space that can help give the driver a consistent and powerful perspective. Available ambient LED interior lighting plus package allows you to dial in your mood with 30 color settings, while the new wing-design wraparound dashboard features the Audi hallmark of high-quality materials and a commanding view of your changing domain. What you see through your windshield may be a series of destinations, but how you get where you're going defines your journey.

2018 Audi Q5 2.0T Prestige quattro® shown with Rock Gray Perforated Leather and available equipment.

Bringing a relaxed focus to 50,000 thoughts per day.

There is a sense of ease and clarity in the interior of the Audi Q5 that is a remedy for the noisy world around us. The thoughtful ergonomics of the available MMI® all-in-touch¹ control panel and the high-mounted available 8.3-inch display hint at the elaborate engineering behind a cohesive interior solution to help keep you in the present moment. An available panoramic sunroof and the satisfying click of the dial on the three-zone climate control help give you supreme control over your environment. And even when you put it in Park², just before you open the door, you may take a moment to contemplate your commute as time well spent, and bring that feeling of well-being with you.

2018 Audi Q5 2.0T Prestige quattro® shown with Rock Gray Perforated leather and available equipment.

¹ Always pay careful attention to the road, and do not drive while distracted. See owner's manual for further details and important limitations.

² Before exiting the vehicle, always make sure the vehicle is shifted into Park and the parking brake is set. See owner's manual for important details.

Plenty of room so you don't have to crunch the numbers.

While it's important to take space into account, doing the math is our job. That's why we built the Audi Q5 to accommodate life's many changes while maintaining a nimble footprint. The versatility of standard features like 40/20/40 split folding and sliding rear seatbacks and an available hands-free tailgate release help ensure that each time you unlock its doors, the Q5 is ready to load up for your next drive.

Up to 60.4 cubic feet if you do.

2018 Audi Q5 2.0T Prestige quattro® shown with Rock Gray leather and available equipment.
Image shown with rear seatbacks folded down, offering up to 60.4 cu ft of cargo capacity.

500 milliseconds can change the rest of your life.

quattro® all-wheel drive with
ultra® technology

The innovation of quattro® all-wheel drive has helped Audi win races all over the world, but it's not just a performance-enhancing technology: It is also a proven foul-weather friend. For Audi Q5 2.0T models, new quattro® all-wheel drive with ultra® technology adds proactive, fully variable all-wheel drive torque distribution. By constantly monitoring vehicle performance and driving behavior, the system can engage all-wheel drive up to 500 milliseconds before it is needed. It helps optimize traction as conditions become more challenging, which translates to a more confident driving experience. On the all-new Audi Q5, standard quattro® all-wheel drive does more than help give it optimal grip, it's a part of an enduring legacy of driving performance.

Q5 2.0T
252 hp/273 lb-ft

Why have a premium SUV if you can't take the luxury with you when the asphalt turns to gravel? Audi drive select comes standard on every Q5 and features five unique driving modes, including an Offroad mode. Available adaptive damping suspension along with a 4,400-lb towing capacity offers a balance of driving comfort and practicality¹. And a turbocharged 2.0 TFSI® engine means sporty performance comes standard.

2018 Audi Q5 2.0T Prestige quattro® shown in Utopia Blue metallic with available equipment.

1. Maximum tow rating when properly equipped with towing accessories. Other accessories and options may reduce maximum towing capacity. See vehicle owner's manual for details.

SQ5

2018 Audi SQ5 Premium Plus quattro® shown in Azores Green metallic with available equipment.

With an all-new twin-scroll turbocharged V6 TFSI® engine producing 354 horsepower and 369 lb-ft of torque,¹ the Audi SQ5 offers a harmonious balance of performance you would expect from a German-engineered coupe with the inspiring confidence of an SUV. But impressive figures mean nothing without a frame of reference. Unique exterior elements like a distinctive Singleframe® grille and Aluminum-optic side mirror housings make a moving statement even when it's standing still. And an available S sport package offers the agility-enhancing quattro® sport rear differential coupled with a sport-tuned adaptive air suspension and red brake calipers tailored to the driving enthusiast. All together, the SQ5 is an expression of our aspirations and craft.

**Because without
the right context,
performance
numbers mean
nothing.**

1 Always obey all speed and traffic laws.

Five cameras and ten sensors help give you a sixth sense.

Who we are is determined in the microseconds that comprise our response to our changing environment. Just as these instincts give us self-assurance in our endeavors, at Audi, we are dedicated to evolving our driver assistance features to help improve your confidence on the road. Our comprehensive portfolio of available driver assistance technologies can help alert you to a variety of unexpected situations on the road.¹

Audi pre sense® city

Standard pre sense city can help detect vehicles and pedestrians in your path and initiate emergency braking in an unforeseen event.

Dramatization

Dramatization

Audi pre sense® rear with Rear cross traffic assist and Vehicle exit assist

This available system uses sensors to monitor traffic behind the vehicle to help alert the driver to vehicles or cyclists approaching from behind while the vehicle doors are opening.

Rear cross traffic assist helps detect traffic behind the vehicle while backing out of a parking space and can alert the driver or engage braking in a variety of situations.

For a complete list of the most up-to-date Driver Assistance features and packages, please visit the Audi Q5 digital brochure online at audiusa.com.

¹ Driver Assistance features are not substitutes for attentive driving. Please see your owner's manual for further details and important limitations.

Possibilities expand at 60 frames per second.

Designing access to relevant information and helping give the driver a sense of relaxed focus requires a soft touch and knowledge of human senses and design. The available Audi virtual cockpit helps put what you want to see in vibrant color on a 12.3-inch display in lifelike 60 frames per second. The innovative, fully digital instrument cluster offers up to three unique modes for viewing data: Classic mode, Infotainment mode and, on Audi SQ5 models, a Sport mode. Each mode strikes a distinct balance with the speedometer, tachometer, available navigation and other visuals to keep you inspired and informed. For a more hands-on approach, consider our available MMI® all-in-touch with handwriting-recognition technology.¹

Online services are subject to change. Google Earth™ and Google Street View™ services may not be available after December 2017.
1. Always pay careful attention to the road, and do not drive while distracted. See owner's manual for further details and important limitations.

How we quantify a powerful connection.

Audi smartphone interface

Take comfort in the familiarity of your compatible mobile device when you connect it via Audi smartphone interface. When linked with your iPhone®, Apple CarPlay™ allows you to control your iPhone® through Siri® and the car's controls to access your favorite apps such as Apple Music®, Maps, Messages and more. If you have a compatible Android device, Google™ Android Auto will connect you with Google Play™ Music, Google Maps™, Google Search and more.¹

Audi smartphone interface supported by Apple CarPlay™ shown with available 8.3-inch MMI® center infotainment/navigation display.

Three dimensions of visionary sound.

While you can't see sound, its effects can be transparent. Experience the feeling of your favorite artists performing live while sitting in the comfort of your front seat, thanks to the meticulously crafted, available Bang & Olufsen® sound system with 3D sound. You will experience both thrilling highs and sumptuous lows in their most lifelike form, provided by 19 speakers and powered by a 16-channel amplifier with an output of 755 watts.¹ The high-quality design and location of the speakers both enhances the spaciousness of the sound and adds to the sleek interior look of the vehicle, giving sound an entirely new dimension.

The finishing touches can help elevate a leading performance into a showstopper. Your personal flair makes an Audi truly yours, and being true to yourself never goes out of style. To help you show off your Audi pride, we offer Audi Genuine Accessories.

Attention to detail will never go unnoticed.

A. Compact cargo carrier^{1,2}

Extra gear won't take up valuable cargo space with our aerodynamic carrier that offers a generous 10.5-cu-ft capacity. Size: 76" long, 26" wide, 15" high.

B. Fork-mount bike rack^{1,2}

Pursuing your favorite pastime just got easier. Made of anodized aluminum, this bike rack features a quick-clamping device that can be secured with the included lock. A wheel-holder attachment (sold separately) conveniently holds the front wheel of the bike and is suitable for wheels with disc brakes.

C. Thule® SUP Taxi^{1,2}

This premier locking stand-up paddleboard (SUP) carrier delivers excellent paddleboard and surfboard security, combined with a convenient universal mounting design. Accommodates boards up to 34" wide.

D. 20" 5-spoke dynamic design wheel

Make your Q5 stand out with this bold Matte Black machine-polished 20" alloy wheel in a dynamic five-spoke design.

¹ All roof-rack system attachments require the base carrier bars. All attachments sold separately. ² Recreational equipment, sporting equipment and luggage not included.

1 Always pay careful attention to the road, and do not drive while distracted. Not all features available on all operating systems. Standard text and data usage rates apply. These features require compatible device, operating system, and mobile apps. See mobile device and app providers for terms and privacy. "Android Auto" is a trademark of Google Inc. "Apple CarPlay" is a trademark of Apple Inc. 2 See owner's manual for further details and important warnings about the keyless ignition feature. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces. 3 Driver Assistance features are not substitutes for attentive driving. Please see your owner's manual for further details and important limitations. 4 Airbags are supplemental restraints only and will not deploy in all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. 5 Always pay careful attention to the road, and do not drive while distracted. Connect CARE services are provided with the support of authorized affiliated and third party service providers. Available on select models. Connect CARE services are activated prior to purchase or lease and do not require registration or paid subscription. Connect CARE services require vehicle cellular connectivity and availability of vehicle GPS signal; certain services collect location information. See Terms of Service for information about how to disable. Connect CARE services are subject to technologies remaining commercially available, and such availability is not guaranteed. See Terms of Service, Privacy Policy, and other details at www.audiusa.com/audiconnect-privacy and www.audiusa.com/audiconnect-terms. Connect CARE services should only be used when it is safe and appropriate. 6 SiriusXM® Satellite Radio and SiriusXM® Traffic subscriptions are sold separately or as a package after trial period and are continuous until you call SiriusXM® to cancel. See Customer Agreement for complete terms and more information at www.siriusxm.com. SiriusXM® Traffic service available in select markets. SiriusXM® U.S. Satellite Service available only to those in the 48 contiguous U.S.A., D.C. and Puerto Rico (with coverage limitations). 7 MMI® navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system and existing wireless and satellite technologies must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested MMI® navigation plus route. Mapping updates are available at no charge for the first five map updates and are subsequently available on a subscription basis. 8 Always pay careful attention to the road, and do not drive while distracted. See owner's manual for further details and important limitations. 9 Always pay careful attention to the road, and do not drive while distracted. Audi connect® should be used only when it is safe and appropriate. Connect PRIME services are optional, require an active subscription with separate terms, and require vehicle mobile data connectivity.

Some services collect location information and require a vehicle GPS signal; see Terms of Service for information about how to disable. Online services are subject to change; Google Earth™ and Google Street View™ services may not be available after December 2017. See Terms of Service, Privacy Policy, and other details at www.audiusa.com/audiconnect. 10 Always pay careful attention to the road, and do not drive while distracted. The Wi-Fi® hotspot feature is intended for passenger use only. Connect PLUS features and technologies are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. See materials provided by wireless carrier for terms, privacy, data security details. Returning devices connect automatically and use plan data unless hotspot is removed from device settings. 11 INRIX XD® Traffic is available on all Model Year 18+ A3, A4, A5, A6, A7, TT, R8, Q5 and Q7 vehicles and is included with an Audi connect® subscription. Other models (A8 and Q3) include SiriusXM® Traffic for four years with the purchase of the vehicle. 12 Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws. 13 These tires may ride less comfortably, make more noise, and wear more quickly than other choices. To avoid tire, rim, or vehicle damage, it is important that inflation pressure is regularly checked and maintained at optimum levels. Tires are supplied and warranted by their manufacturer. 14 These tires may ride less comfortably, make more noise, and wear more quickly than other choices. To avoid tire, rim, or vehicle damage, it is important that inflation pressure is regularly checked and maintained at optimum levels. High-performance tires are designed for optimum performance and handling in warm climates and are not suitable for cold, snowy, or icy weather conditions. When driving during cold, snowy, or icy weather conditions, ensure that your vehicle is equipped with appropriate all-season or winter weather tires. Tires are supplied and warranted by their manufacturer. 15 Manual Emergency Call is enabled prior to purchase or lease and does not require registration or a subscription. 16 Roadside Assistance provided by an authorized third party service provider. 17 For use by law enforcement authorities only. See Terms of Service for details. 18 Always consult owner's manual for maintenance guidelines. 19 Online services are subject to change. Google Earth™ and Google Street View™ services may not be available after December 2017. 20 Always obey speed and traffic laws. The alerts should only be viewed when it is safe and appropriate. Always pay careful attention to the road, and do not drive while distracted. Message and data rates apply. 21 Requires parking facility participation. Not available in all areas. 22 Requires Audi MMI connect app. Smartphone message and data rates apply. Do not use feature to locate stolen vehicle. 23 The alerts should only be viewed when it is safe and appropriate. Always pay careful attention to the road, and do not drive while distracted. Message and data rates apply. 24 This feature is not a substitute for attentive driving. Always pay careful attention to the road and obey all speed and traffic laws. Requires compatible traffic infrastructure, which is not available in all areas. Not available on vehicles built prior to June 1, 2016. See owner's manual for further details and important limitations. 25 Always obey all speed and traffic laws.

Seating capacity	5	5

EPA mileage estimates | Capacities

S tronic® dual-clutch automatic transmission and quattro® all-wheel drive with ultra® technology (city/highway/combined)	NA¹	—
Tiptronic® automatic transmission and quattro® all-wheel drive (city/highway/combined)	—	NA¹
Engine oil (qt)	5.5	7.9
Fuel (gal)	18.5⁵	18.5⁵
Recommended fuel	Premium	Premium

■ Standard □ Available — Not applicable NA Information not available at time of printing

1 2018 EPA estimates not available at time of printing. See www.fueleconomy.gov for updated information. Your mileage and emissions will vary and depend on several factors, including your driving habits and vehicle condition. 2 Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws. 3 Adjustable when equipped with available Audi adaptive air suspension. 4 Maximum tow rating when properly equipped with towing accessories. Other accessories and options may reduce maximum towing capacity. See vehicle owner's manual for details. 5 Never drive until the tank is completely empty. The irregular supply of fuel that results from that can cause engine misfires. Uncombusted fuel will then enter the exhaust system. This can cause overheating and damage to the catalytic converter.
