

The world's favourite lock

safes

Robust. Secure. Safe.

certified safes

Through extensive testing and by incorporating several key elements into our certified models we offer enhanced performance. As a result the Yale safes have been awarded silver certification in the 'Sold Secure' accreditation (Sold Secure, UK, 2007).

The majority of insurance companies in New Zealand accept Sold Secure Silver Certification for the watches and jewellery policy endorsement.

As safes are most often hidden in dark places, we've also included a more intuitive LCD screen that lights up when entering your PIN code, and bright interior (LED) lights that come on when opening the door. (When using the electronic code pad).

YALE CERTIFIED SAFE - HOME (SYSM/250/EG1)
 Exterior dimensions H x W x D: 250 x 350 x 300mm

mini safe

Looks can be deceiving, but don't be fooled. The Yale mini safe has all the benefits of a larger safe, but in a convenient smaller size to keep your most treasured items secure.

Perfect for keeping essential items such as passports, cards, cash, keys and other items safely hidden away. The Yale mini safe may be small in size, but is big on security.

The world's favourite lock

key and cash boxes

Yale offers a range of key and cash boxes, ideal for organising keys, cash and other small items.

The Key access box provides protection of keys in a wall mounted design for the outside of your house, so friends and family can access keys easily, without the need to hide a key on your property.

The Yale range of key and cash boxes are a great way to organise and secure your keys and cash - available in two different sizes.

The world's favourite lock
