

Sony's DPF-V900 Digital Photo Frame lets you showcase up to 1,000 1.5 MP in vivid color on a 9"¹ widescreen (15:9) LCD screen. The DPF-V900 can display your photos as single images, thumbnails for easy searching, or as a slideshows, while Auto Correction features automatically help enhance photo quality. Uploading your images is simple with direct input from most digital cameras and memory cards, or you can even transfer images from Bluetooth® wireless-enabled devices⁴, such as a compatible camera phone. Additionally, an HDMI™ connection and HD Output³ let you share your photos in high definition quality on a Sony® BRAVIA® HDTV or other compatible HDTV.

- Large 9"¹ wide (15:9) LCD display
Large 9"¹ wide (15:9) LCD display displays your photos with vibrant color and crisp detail in WVGA (800 x 480) resolution.
- Plug-and-Play
Plug-and-Play, PC-less image transfer is a snap with direct USB input⁵ from most digital cameras, as well as support for most memory cards⁶.
- 512 MB² internal storage capacity
512 MB² internal storage capacity with Auto Sizing feature lets you store up to 1,000 1.5 MP photos.
- Photos display
Display your photos as a single image, in thumbnail view for quick searching, or as a slideshow.
- Auto Correction
Auto Correction features use Sony's high-performance BIONZ™ image processor and Face Detection technology to improve photos through features such red-eye correction and under/over exposure correction.
- Auto Orientation sensor
An Auto Orientation sensor automatically selects portrait or landscape view depending on the horizontal or vertical placement of the frame.
- Bluetooth® capability⁴
Bluetooth® capability⁴ lets you wirelessly transfer photos from compatible devices, including compatible mobile phones and PCs.
- HDMI™ connection
HDMI™ connection lets you share images and slideshows on a compatible HDTV in Full HD 1080 quality³.
- Remote control
Supplied remote control lets you navigate the Digital Photo Frame without leaving the comfort of your couch or office chair.
- Clock and calendar modes
Clock and calendar modes provide added convenience for your home or office.
