PLEASE NOTE: Most international students are not eligible for FEE-HELP and must pay their tuition fees upfront in accordance with the ESOS Act 2000 and the college International Student Admissions Policy which is provided on our [website](#).

FEE-HELP LOAN ASSISTANCE

Domestic students at Collarts, who do not wish to pay their tuition fees upfront, have access to the Government FEE-HELP loan assistance plan to pay their fees. Collarts has been approved as an Institution of Higher Education under the Higher Education Support Act (2003). This means that students wishing to enrol within a higher education course at Collarts have an additional way to pay fees. FEE-HELP is currently available to full-time and part-time students enrolled in all programs.

For further information about the FEE-HELP Loan Scheme please visit the Study Assist website at studyassist.gov.au or contact Collarts Student Services on 1300 818 777 or via email at support@collarts.edu.au.

CENTRELINK STUDY PAYMENTS

Full-time domestic students are recognised by the Commonwealth Government as being eligible for Youth Allowance (AuStudy) provided they fulfil the eligibility criteria that apply to each allowance. Students who require written confirmation of their enrolment for Centrelink, or any other assistance regarding their application, should contact Student Services on 1300 818 777 or by email at support@collarts.edu.au.

REFUNDS

If a student discontinues a course or is suspended or dismissed because of unsatisfactory conduct or attitude, or for failure to follow the rules and regulations, or for excessive absenteeism, then no refund will be given on the current trimester's fee. No refund on a trimester's fee can be made once the Census Date of that trimester has passed.

For more information please contact Student Services on 1300 818 777 or by email at support@collarts.edu.au. The college's Tuition Fee Refund Policies ([on our website](#)) contain important information about refunds and our policy for re-crediting a FEE-HELP balance.

TUITION ASSURANCE

Collarts protects students in the event that the college ceases to provide a course in which they are enrolled. The college Statement of Tuition Assurance Policy can be found on our website (collarts.edu.au/faq).

VARIATION TO COURSE TIMETABLE & TUITION FEES

Collarts reserves the right to vary a course timetable, to vary course content, to vary the cost of a course and, subject to enrolment numbers, to cancel a course.

STUDENT REQUIRED EQUIPMENT COSTS

In addition to tuition fees, there is a minimum level of equipment that we expect students to purchase to support their studies at Collarts. We understand that this may be difficult for some and request that as a minimum, all students purchase a portable storage device, earplugs and headphones.

A member of the Recruitment Team will outline any course specific costs at your interview. Should you have any concerns, contact the Head of Program of your desired course.

FRIVOLOUS USE

Computer resources are not unlimited. Network bandwidth and storage capacity have finite limits, and all staff and students connected to the network have a responsibility to conserve these resources. As such, users must not deliberately perform acts that waste computer resources or unfairly monopolise resources to the exclusion of others. These acts include, but are not limited to, sending mass mailings or chain letters, spending excessive amounts of time on the Internet, playing games, engaging in online chat groups or other social media (unless required as part of your course of work), uploading or downloading large files, accessing streaming audio and/or video files, or otherwise creating unnecessary loads on network traffic associated with non-business-related uses of the Internet.

- Student Services will establish a list of potential graduands for approval by the Dean and Heads of Program to be presented to the Academic Board for approval.
- Students to be presented to the Academic Board for approval will have an enrolment status of Completion Pending. Once approved by the Academic Board, the student enrolment status will be updated to Graduating. Students are able to check their course enrolment status via the MyEnrolment/Timetable tab on the Student Management System.

WITHDRAWAL FROM A UNIT

Students who withdraw from a unit before the trimester's Census Date will incur no academic penalty or tuition liability. To withdraw from a unit, students must lodge an 'Application to Withdraw from a Unit' via their My Collarts account.

After the Census Date for a trimester, only students who have suffered illness or misadventure will be able to withdraw from a unit without academic penalty. Students need to include documentation of their illness or misadventure with their withdrawal application, and the illness or misadventure must be of a level of severity to significantly affect student's work. Students should speak to the Head of Program or Student Services if they need assistance with this process.

For more information on withdrawing your enrolment, please refer to the Deferral, Suspension & Cancellation of Enrolment Policy on our website (collarts.edu.au/faq).

PROCESSING & PUBLICATION OF RESULTS

Lecturers must provide results to the Head of Program by a date determined by the Registrar.

The Head of Program is responsible for checking that all students registered in a unit receive a grade or, in the instance of no grade being provided, must provide a brief

explanation as to why no grade has been provided. Complete results for the program are entered and saved in the student management system by the date set by the Operations Manager.

The results will be tabled at a meeting of Moderation Committee, a sub-committee of the Academic Board, attended by Heads of Program, Program Coordinators and Student Services. The moderation meeting is chaired by the Dean and scheduled after the examination period has ended. The purpose of the meeting is to review results for completeness and probity, moderation and confirmation and then finally to ratify results. After this meeting, results are uploaded into student records and authorised for release to students.

All examination results are available to students via the secure login on the Collarts website.

GRADING SYSTEM

Grade descriptors to be used in all units where qualitative assessment is required. Descriptors are relative to the unit level, the criteria applied more vigorously against work at higher levels.

All grades for student achievement in a unit are recommended by teachers appointed to teach units in a trimester and delivered to the Head of Program at the end of the trimester by the advertised due date. Heads of Program are responsible for the first review of results for all units within their responsibility. Grades can only be released to students after confirmation by the Moderation Committee Meeting. Student Services will communicate the final results within two (2) days of the completion of the moderation process.

For detailed information on each grade descriptor, please refer to the table on the following pages.

Writing generally but not always grammatical.

Presentation weak.

Satisfactory level of preparation and musical engagement. Some inconsistencies in musicianship, style and/or technique. Musical imagination and overall performance sense developing though some insecurity in this area.

CONCEDED PASS

CP 50

Where a student received a mark between 48% and 49.5% for the unit and recommendation was made to the Moderation Committee that the student should be awarded a Conceded Pass of 50%. In making such a recommendation the Program Leader will consult with the lecturer to assess the student's mastery of the learning outcomes and their capacity to progress in the program.

Where a key assessment component has been undertaken at such a poor level that there is reason to believe an important learning outcome has not been mastered, then there are grounds for the result to stand, and a Fail grade awarded.

APPEALING A GRADE OR AN ASSESSMENT MARK

Students may appeal a grade or an assessment mark in any unit. This is considered an academic grievance and as such must follow the four-stage resolution process as outlined in the college Grievance & Appeals Policy for Academic Matters (available in the Student Resources section on MyCollarts and on the [Collarts website](#)).

Academic grievances may only be made against formal published results or decisions. An academic grievance cannot be made against informal marks or grades that have yet to be approved or published by Student Services

There are only four grounds for lodging an academic grievance:

1. Performance in an assessment suffered through illness or other factors that the student was unable or, for valid reasons, unwilling, to disclose before the results were awarded. A grievance under such grounds will normally be dismissed unless an acceptable explanation is given for not presenting the extenuating circumstances in advance of the results having been awarded.
2. An assessment was not conducted in accordance with the college Assessment Policy or approved college regulations.
3. There was a material administrative error in the calculation of an assessment mark or grade.
4. Some other material irregularity occurred in the making of an academic decision such as bias.

Dissatisfaction with grades does not constitute grounds for appeal. Collarts will not accept academic grievances based on the following claims:

- Being unaware of the assessment or grievance and appeals policies and procedures
- Not knowing what constitutes or how to present extenuating circumstances
- The unit structure and assessment method
- Student workload or the amount of work the student has done
- The financial implication of failing a unit
- Grades received by the student in other units
- Penalties imposed for poor attendance or academic integrity such as plagiarism
- The need for more marks to achieve a pass or better grade in the unit

As per the college grievance policy, students should informally discuss their concern with their Head of Program. Where the informal approach is not appropriate, or the student wishes to take the matter further, the matter may be escalated to the formal grievance stage by lodging a Formal Grievance Form within five working days of results being posted for the trimester in which the unit was undertaken. A Formal Grievance Form can be downloaded via the Student Resources section of the MyCollarts student portal at mycollarts.edu.au/login/index.php.

A review of the application will be made of all components contributing to the original assessment. The purpose of this review is to ensure that the assessment process has:

- been fairly applied;
- no procedural or factual errors in the processing of a grade;
- had all appropriate components included; and
- had an accurate addition of marks on which the assessment grade is based.

A student may request a re-mark of a written assignment. A re-mark of an assignment will be undertaken by the Head of Program or, if the Head of Program was the original assessor, by a suitably qualified person determined by the Dean. A re-mark will carry a non-refundable fee of \$50.

CONDUCT

ACADEMIC MISCONDUCT

All Collarts students are expected to maintain high standards of academic honesty and integrity. Academic misconduct covers all circumstances where students attempt to cheat, plagiarise, and act dishonestly when undertaking assessment tasks, or assist fellow students to do so. Students are considered guilty of cheating if they act in a way that gives them unfair academic advantage. Students may be guilty of this if they copy another student's work, or in any way mislead their teachers or Head of Program about their ability, knowledge, skills, or amount of original work they have undertaken.

Student misconduct is characterised by students: behaving dishonestly; harassing or interfering with other students or staff; disrupting other students' learning; failing to comply with legal requirements; mistreating or destroying Collarts property or the property of other students or teachers; altering or destroying Collarts documents or records; marring the good name of Collarts; or otherwise acting in an inappropriate manner. Collarts will report all criminal acts committed by Collarts students to the relevant authorities.

Any student who is found guilty of academic misconduct will have the details of the case recorded in their student file, and will incur a penalty. Serious or recurring instances of misconduct may result in the student being excluded permanently from the College. Students will be notified in writing by Student Services of any penalties that are the result of proven misconduct. Students may appeal any notification of such penalties in writing within ten working days of the date when the student is notified.

It is the responsibility of the student to acknowledge all sources used in an assignment or work submitted for assessment for any program offered by Collarts. Failure to do so is considered plagiarism. Work that is not completed by a student who intentionally submits it as their own work is cheating. Students are encouraged to develop sound study and note-taking practices to avoid unintentional plagiarism, which is considered an academic misdemeanour of failing to reference a source correctly. Both the College Plagiarism, Cheating & Collusion Policy and the Misconduct Policy are provided on our website (collarts.edu.au/faq).

NON-ACADEMIC MISCONDUCT

Student misconduct is characterised by students: behaving dishonestly; harassing or interfering with other students or staff; disrupting other students' learning; failing to comply with legal requirements; mistreating or destroying college property or the property of other students or teachers; altering or destroying Collarts documents or records; marring the good name of Collarts; or otherwise acting in an inappropriate manner. Collarts will report all criminal acts committed by Collarts students to the relevant authorities.

Other examples of non-academic misconduct includes, but is not limited to, matters such as:

- Admission processes or decisions
- Enrolment processes or decisions
- Timetabling processes
- College decisions in relation to non-academic misconduct
- Financial status of a student (except in relation to Tuition Fee or FEE-HELP Refunds)
- Discrimination, harassment, bullying or intimidating behaviour to others

Any student who is found guilty of non-academic misconduct will have the details of the case recorded in their student file, and will incur a penalty. Serious or recurring instances of misconduct may result in the student being excluded permanently from the College.

The college Misconduct Policy is provided on our [website](#).
