## The Brands

**Bankers Box** records storage was Fellowes' first product line, and today it remains the dominant market leader, reaching beyond business into the home organization and moving categories. The Bankers Box brand provides unparalleled strength and durability to ensure trouble free storage. Businesses and households look to the Bankers Box brand of storage products for strength they can count on.

**Fellowes** offers a wide spectrum of work solution products ranging from high performance business machines including shredders, binding, laminating and trimming equipment to innovative workspace management products for office and home office comfort and organization.

The **AeraMax** line of air purifiers brings air treatment systems to both consumer and commercial environments with PlasmaTrue™ and True HEPA Filter technology to help improve indoor air quality.

**BodyGlove Mobile** provides a full line of case accessories offering stylish design and full protection for most mobile phone and tablet brands.

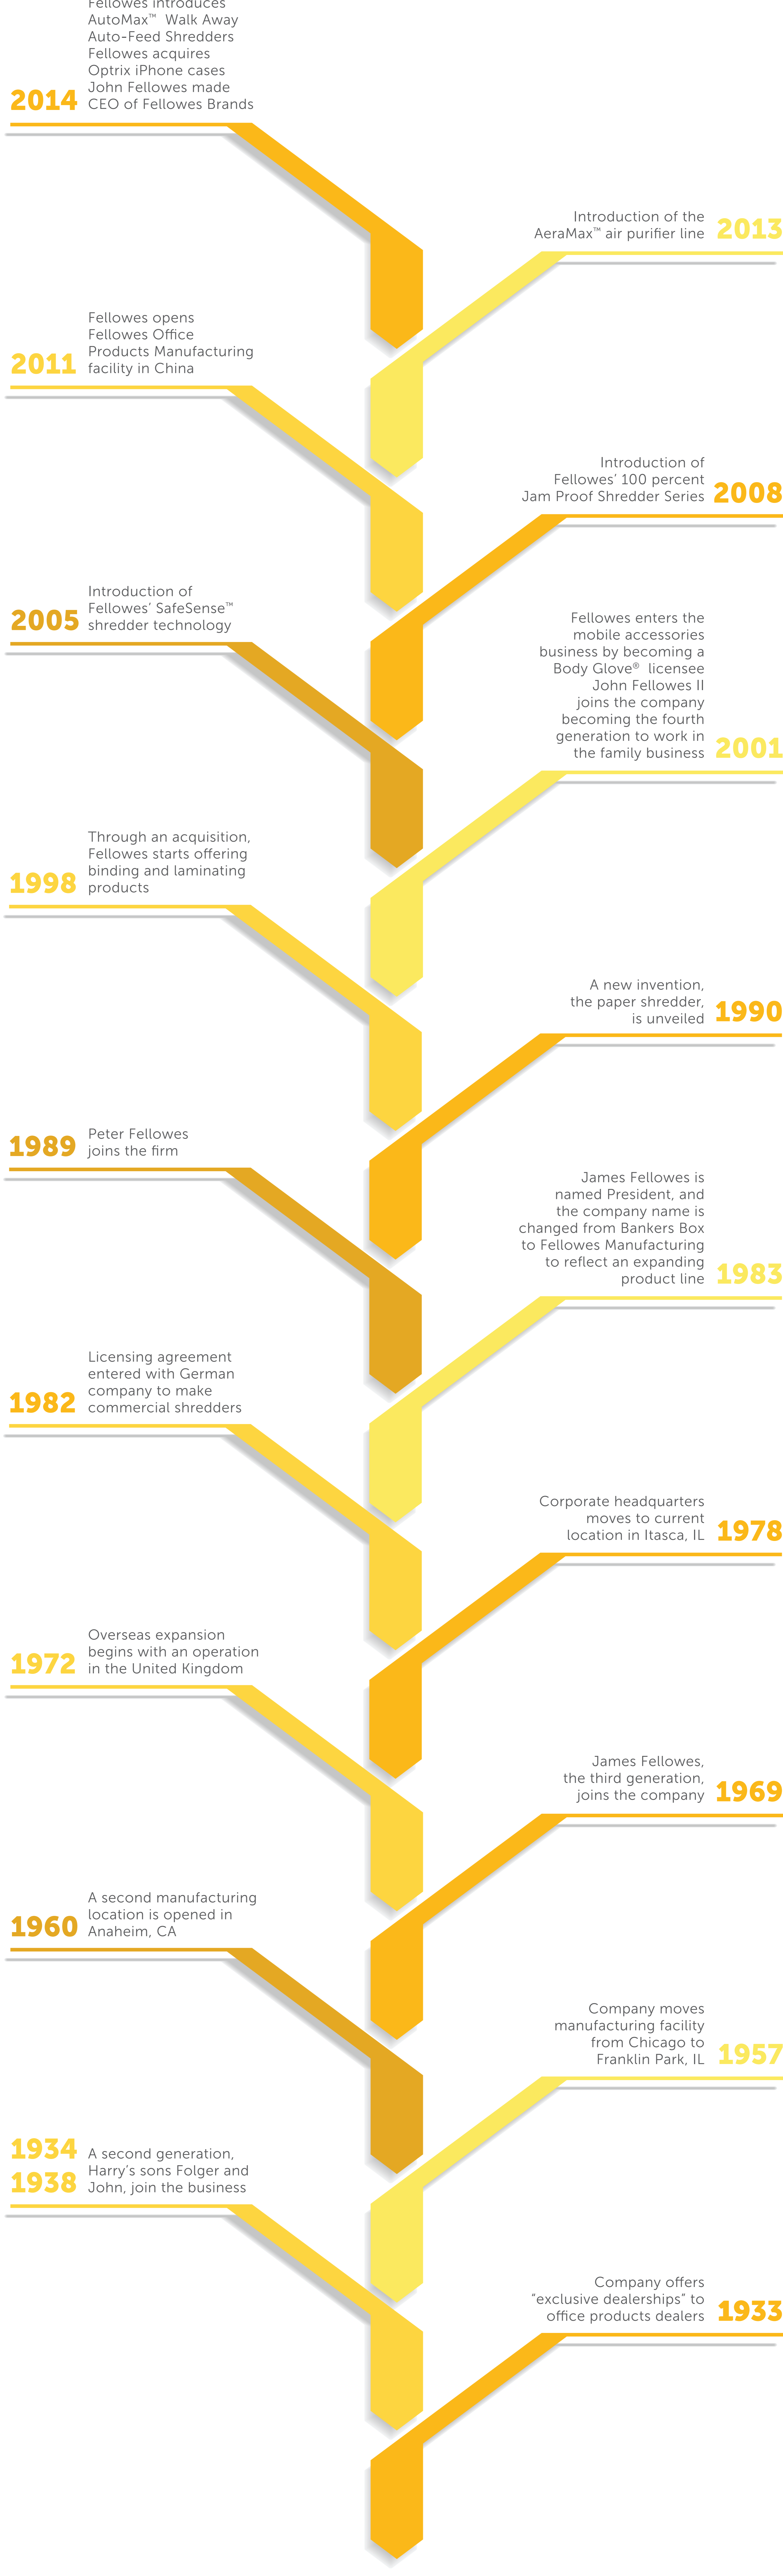

**Oprix** takes mobile technology protection to the next level offering a waterproof phone case system that enables users to capture video or photo experiences in a variety of highly active environments such as surfing, snowboarding or zip lining.

**ExoLens** offers smartphone camera enhancement lenses that allow users to take dramatic and dynamic phone-based photography.
