

# Community Investment Guidelines

Winnebago Industries connects people with the outdoor lifestyle, enabling extraordinary experiences as they travel, live, work and play. Across the Winnebago, Grand Design, Chris-Craft and Newmar brands, we share core values and a relentless focus on delivering unsurpassed customer experience.

Winnebago Industries and the Winnebago Industries Foundation partner with nonprofit organizations to inspire new generations of outdoor enthusiasts, mobilize resources to reach people in times of need, and support our team to grow inclusive, equitable communities where we work, live and play.

To help us live our purpose, we focus our community investments in three impact areas:

## **Outdoors, Access and Community**

---

### **Outdoors**

*Goal: Inspire new generations of outdoor enthusiasts and preserve places to explore.*

Nature and outdoor environments can provide transformative experiences for all people. Positive health, mental health, and developmental outcomes are linked to people engaging in outdoor activities. Time spent outdoors is diminishing, and outdoor spaces face environmental challenges or neglect. We invest in the following:

- Inspire Outdoor Enthusiasts: engaging people in transformative outdoor experiences, with an emphasis on outdoor equity and expanding access for underserved communities and communities of color
- Preserve Places to Explore: preserving natural environments and increasing access to nature through community planning and development

### **Access**

*Goal: Mobilize resources to reach people where they are, in times of need.*

Transportation, mobility, poverty, and time are among many barriers that prevent people from accessing essentials such as healthy food, medical care, affordable housing, and high-quality preschool education, in rural and urban communities. Winnebago Industries, through our specialty vehicles business and employee volunteers, deploys our products and expertise for social good through mobile medical units, mobile preschools, and more.

**Note:** Winnebago Industries does not accept unsolicited applications in this impact area.

### **Community**

*Goal: Support our team to grow inclusive, equitable communities where we work, live and play.*

We partner with our people and communities to invest in community-centered solutions. Together, we work to sustain hometowns that are vibrant places to work, live and play. Funding in this impact area is limited to areas where Winnebago has physical locations and employees in Florida, Indiana, Iowa and Minnesota. We focus our community funding in the following areas:

- Outdoors and Access
- Volunteer-led Partnerships: organizations where employees actively volunteer
- Education and Workforce Development: strengthening the talent pipeline through opportunity

**Eligibility**
