Junior Original Concert (JOC)

Music Camp includes the 2015 National JOC, where outstanding Yamaha Music School students from the U.S. and Canada will perform original compositions. The concert, which is free and open to the public, will take place on Sunday, June 28 at 5:30pm in the Sierra Room at Cerritos Center for the Performing Arts. Immediate family members of registered participants will receive tickets.

Student Workshops

These energizing sessions complement, augment and inspire students' ongoing studies at Yamaha Music School. Campers will participate in all workshops: Piano Performance, Keyboard Ensemble Performance, Composition, Percussion and Vocal.

Piano Performance

Each student will receive instruction on technique, interpretation and style on prepared repertoire, which they will perform. Lessons are held in a supportive small-group environment where students can learn from each other.

Keyboard Ensemble Performance

This workshop will explore the many benefits of making music while being a part of a larger musical unit. It will reinforce understanding of balance, instrumentation and arranging, not to mention be great fun! The workshop will culminate with an informal ensemble concert.

Composition

Students are asked to bring in one completed or in-progress composition for this workshop for review and suggestions pertaining to elements including structure, form and style.

Percussion

This workshop will focus on helping the student develop a strong, steady pulse while exploring rhythm with percussion instruments that will strengthen this core principle of the creative process. Students will have the opportunity to play various instruments in this inspiring, energetic, hands-on session.

Vocal

This all-camper workshop will stir your inner Pavarotti/Callas! Singing is a basic, necessary activity in making good music. It is the seed from which musical ideas grow. Enjoy singing with your fellow campers at the end of the day!
