212-362-1292

Implementation Date: On or after September 13, 2021

Planned Network Changes will occur at the following locations:

Verizon Central Office	Address	CLLI
Garden City NY Ribbon Signal Transfer Point	741 Zeckendorf Boulevard Garden City, NY 11530	GRCYNYGC01W
White Plains NY Oracle EAGLE Signal Transfer Point	741 Zeckendorf Boulevard Garden City, NY 11530	GRCYNYGC85W
Cruger Ave NY Ribbon Signal Transfer Point	3050 Cruger Avenue Bronx, NY 10457	NYCXNYCR01W
White Plains NY Oracle EAGLE Signal Transfer Point	111 Main Street White Plains, NY 10601	WHPLNYWP09W

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

Description of the Planned Network Changes:

Verizon will make changes to its Signaling System 7 (SS7) network and services resulting from Alcatel-Lucent's discontinuance of equipment. The Ribbon Signal Transfer Point (STP), located at 741 Zeckendorf Boulevard, Garden City, NY 11530, will be removed from service and the SS7 traffic will be moved to the Oracle EAGLE STP, located at 741 Zeckendorf Boulevard, Garden City, NY 11530. Also, the Ribbon STP at 3050 Cruger Avenue, Bronx, NY 10457, will be removed from service and the SS7 traffic will be moved to the Oracle EAGLE STP, located at 111 Main Street, White Plains, NY 10601. All SS7 traffic to be migrated includes, but is not limited to, InterLATA (Access/FG/CLEC/IXC), wireless and paging traffic.

Description of Reasonably Foreseeable Impact of the Planned Changes:

SS7 Service providers with SS7 link terminations in the Verizon Garden City, NY and Cruger Avenue (Bronx), NY Ribbon offices will be contacted prior to the rehome to confirm use of existing link terminations in the White Plains, NY and Garden City, NY Oracle offices. While carriers will

not have to submit Access Service Requests (ASRs) as the rehomeing will be completed using existing facilities to these offices, the following situations may require ASRs:

- 1) Carriers may need to add additional links to the White Plains, NY and Garden City, NY Oracle STPs if their existing links cannot handle the added signaling from the rehome. This is unlikely for most, but if additional links are required, then the customer will be required to issue ASRs; and
- 2) After the rehome is complete, carriers will be required to issue ASRs to disconnect their Garden City, NY and Cruger Avenue (Bronx), NY Ribbon STP links to stop the billing.

SS7 service providers and any other affected carriers will need to alter their SS7 transport, OffNet services arrangements (services obtained from third parties) and/or Gateway services in order to access or continue serving customers served by offices that are currently homed to the Garden City, NY and Cruger Avenue (Bronx), NY Ribbon STPs.
