Introduction

Molina Healthcare of Mississippi contracts with the state of Mississippi to provide services to beneficiaries of the Children’s Health Insurance Program (CHIP). The CHIP program serves eligible members up to the age of 19. For more information about the Mississippi CHIP program, please visit the Mississippi Division of Medicaid website at <http://www.medicaid.ms.gov/programs/childrens-health-insurance-program-chip/>

Molina Healthcare has been providing managed health care services through government-sponsored programs since 1980. Molina Healthcare contracts with state governments and serves as a health plan, providing a wide range of quality health care services to families and individuals who qualify for government-sponsored programs, including Medicaid and the State Children’s Health Insurance Program (CHIP). Our mission has remained unchanged—to provide outstanding healthcare to the underserved and to do so as if they were part of our family. Our health care model is simple: to address population health needs, always focusing on the individual characteristics of each state.

As our partner, assisting you is one of our highest priorities. We welcome your feedback and look forward to supporting all your efforts to provide quality care.

Please contact our Provider Services Contact Center at (844) 826-4335 if you need any additional information regarding our policies or any topics provided in this provider manual.

Providers are an essential part of delivering quality care to our members. We value our partnership and appreciate the family-like relationship that you pass on to our members.

Section 1. Addresses and Phone Numbers

Provider Services Department

The Provider Services Department handles telephone and written inquiries from Providers regarding address and Tax-ID changes, Provider denied Claims review, contracting, and training. The department has Provider Services Representatives who serve all of Molina’s Provider network. Eligibility verifications can be conducted at your convenience via Molina’s Provider Portal.

Provider Services	
Address: Molina Healthcare of Mississippi, Inc. 188 E. Capitol St. Suite 700 Jackson, MS 39201	
Phone:	(844) 826-4335
Fax:	(844) 303-5188

Member Services Department

The Member Services Department handles all telephone and written inquiries regarding Member Claims, benefits, eligibility/identification, Pharmacy inquiries, selecting or changing Primary Care Providers (PCPs), and Member complaints. Member Services Representatives are available Monday through Friday 7:30 a.m. to 8:00 p.m., and the second weekend, Saturday and Sunday of each month from 8:00 a.m. to 5:00 p.m. excluding State holidays.

Member Services	
Address: Molina Healthcare of Mississippi, Inc. 188 E. Capitol St. Suite 700 Jackson, MS 39201	
Phone:	(844) 809-8438
TTY/TDD:	711 Relay

Claims Department

Molina strongly encourages Participating Providers to submit Claims electronically (via a clearinghouse or Molina's Provider Portal).

Access the Provider Portal (<https://provider.MolinaHealthcare.com>)
EDI Payer ID 77010.

To verify the status of your Claim, please use Molina's Provider Portal. For other Claims questions contact Provider Services at the number listed below.

Phone: (844) 826-4335

Claims Recovery Department

The Claims Recovery Department manages recovery for Overpayment and incorrect payment of Claims.

Claims Recovery	
Phone:	(844) 826-4335

Compliance and Fraud AlertLine

If you suspect cases of fraud, waste, or abuse, you must report it to Molina. You may do so by contacting the Molina Healthcare AlertLine or submit an electronic complaint using the website listed below. For more information about fraud, waste and abuse, please see the Compliance Section of this Manual.

Molina Healthcare AlertLine	
Phone:	(866) 606-3889

Website: https://MolinaHealthcare.alertline.com

Credentialing Department

The Credentialing Department verifies all information on the Provider Application prior to contracting and re-verifies this information every three years. The information is then presented to the Professional Review Committee to evaluate a Provider’s qualifications to participate in the Molina network.

Credentialing
Address: Molina Healthcare of Mississippi, Inc. 188 E. Capitol St. Suite 700 Jackson, MS 39201
Phone: (844) 826-4335

Nurse Advice Line

This telephone-based nurse advice line is available to all Molina Members. Members may call anytime they are experiencing symptoms or need health care information. Registered nurses are available twenty-four (24) hours a day, seven (7) days a week to assess symptoms and help make good health care decisions.

Nurse Advice Line (HEALTHLINE) 24 hours per day, 365 days per year
English Phone: (844) 794-3638
TTY/TDD: 711 Relay

Healthcare Services (HCS) Department

The Healthcare Services Department conducts inpatient review on inpatient cases and processes Prior Authorizations/Service Requests. The HCS Department also performs Case Management for Members who will benefit from Case Management services. Participating Providers are strongly encouraged to interact with Molina’s HCS Department electronically whenever possible. Prior Authorizations/Service Requests and status checks can be easily managed electronically.

Managing Prior Authorizations/Service Requests electronically provides many benefits to Providers, such as:

- Easy to access 24/7 online submission and status checks
- Ensures HIPAA compliance
- Ability to receive real-time authorization status
- Ability to upload medical records
- Increased efficiencies through reduced telephonic interactions

- Reduces cost associated with fax and telephonic interactions

Molina offers the following electronic Prior Authorizations/Service Requests submission options:

- Submit requests directly to Molina via the Provider Portal. See our Provider Portal Quick Reference Guide or contact your Provider Services Representative for registration and submission guidance.
- Submit requests via 278 transactions. See the EDI transaction section of our website for guidance.

Fax:	(844) 312-6371

Quality Department

Molina maintains a Quality Department to work with Members and Providers in administering Molina's Quality Programs.

Quality Department	
Phone:	(844) 826-4335

Molina Service Area

Section 2. Provider Responsibilities

Nondiscrimination of Healthcare Service Delivery

Molina complies with the guidance set forth in the final rule for Section 1557 of the Affordable Care Act (ACA), which includes notification of nondiscrimination and instructions for accessing language services in all significant Member materials, physical locations that serve our Members, and all Molina CHIP website home pages. All Providers who join the Molina Provider network must also comply with the provisions and guidance set forth by the Department of Health and Human Services (HHS) and the Office for Civil Rights (OCR). Molina requires Providers to deliver services to Molina Members without regard to race, color, national origin, age, disability, religion, genetic information, military status, ancestry, health status, or sex, or need for health services. This includes gender identity, sexual orientation, pregnancy and sex stereotyping. Providers must post a non-discrimination notification in a conspicuous location of their office along with translated non-English taglines in the top fifteen (15) languages spoken in the State to ensure Molina Members understand their rights, how to access language services, and the process to file a complaint if they believe discrimination has occurred.

Additionally, Participating Providers or contracted medical groups/IPAs may not limit their practices because of a Member's medical (physical or mental) condition or the expectation for the need of frequent or high cost-care. Providers must not discriminate against enrollees based on their payment status and cannot refuse to serve Members because they receive assistance from a State CHIP Program.

Section 1557 Investigations

All Molina Providers shall disclose all investigations conducted pursuant to Section 1557 of the Patient Protection and Affordable Care Act to Molina's Civil Rights Coordinator.

Molina Healthcare

Email: civil.rights@MolinaHealthcare.com

Role of Primary Care Provider (PCP)

The PCP is the manager of the patients' total health care needs. PCPs prescribe and provide routine and preventive medical services, and coordinate all care that is given by Molina's participating specialists and facilities or any other medical facility where patients might seek care (e.g., Emergency Services). The coordination provided by PCPs may include direct provision of primary care; referrals for specialty care and to programs including Disease Management, educational programs, public health agencies, and community resources.

Facilities, Equipment and Personnel

The Provider's facilities, equipment, personnel and administrative services must be at a level and quality necessary to perform duties and responsibilities to meet all applicable legal requirements including the accessibility requirements of the Americans with Disabilities Act (ADA).

Provider Data Accuracy and Validation

It is important for Providers to ensure Molina has accurate practice and business information. Accurate information allows us to better support and serve our Provider Network and Members.

Maintaining an accurate and current Provider Directory is a State and Federal regulatory requirement, as well as an NCQA required element. Invalid information can negatively impact Member access to care, Member assignments and referrals. Additionally, current information is critical for timely and accurate Claims processing.

Providers must validate the Provider Online Directory (POD) information at least quarterly for correctness and completeness. Providers must notify Molina in writing (some changes can be made online) at least thirty (30) days in advance, of changes such as, but not limited to:

- Change in office location(s), office hours, phone, fax, or email
- Addition or closure of office location(s)
- Addition or termination of a Provider (within an existing clinic/practice)
- Change in practice name, Tax ID and/or National Provider Identifier (NPI)
- Change of ownership
- Opening or closing your practice to new patients, and other changes in panel size (PCPs only)
- Any other information that may impact Member access to care

Please visit our Provider Online Directory (POD) at <https://providersearch.MolinaHealthcare.com> to validate and correct most of your information. A convenient Provider web form can be found on the POD and on the Provider Portal at <https://provider.MolinaHealthcare.com>. You can also notify your Provider Services Representative if your information needs to be updated or corrected. Note: Some changes may impact credentialing. Providers are required to notify Molina of changes to credentialing information in accordance with the requirements outlined in the Credentialing section of this Manual.

Molina is required to audit and validate our Provider Network data and Provider Directories on a routine basis. As part of our validation efforts, we may reach out to our Network of Providers through various methods, such as: letters, phone campaigns, face-to-face contact, fax and fax-back verification, etc. Molina also may use a vendor to conduct routine outreach to validate data that impacts its Provider Directory or otherwise impacts its membership or ability to coordinate member care. Providers are required to provide timely responses to such communications.

Molina Electronic Solutions Requirements

Molina strongly encourages Providers to utilize electronic solutions and tools whenever possible.

Molina strongly encourages all contracted Providers to participate in and comply with Molina's Electronic Solution Requirements, which include, but are not limited to, electronic submission of prior authorization requests, prior authorization status inquiries, health plan access to electronic medical records (EMR), electronic Claims submission, electronic fund transfers (EFT), electronic remittance advice (ERA), electronic Claims Appeal and registration for and use of Molina's Provider Portal.

Electronic Claims include Claims submitted via a clearinghouse using the EDI process and Claims submitted through the Molina Provider Portal.

Providers entering the network as a Contracted Provider will be encouraged to comply with Molina's Electronic Solution Policy by enrolling for EFT/ERA payments and registering for Molina's Provider Portal within thirty (30) days of entering the Molina network.

Molina is committed to complying with all HIPAA Transactions, Code Sets, and Identifiers (TCI) standards. Providers must comply with all HIPAA requirements when using electronic solutions with Molina. Providers must obtain a National Provider Identifier (NPI) and use their NPI in all HIPAA Transactions, including Claims submitted to Molina. Providers may obtain additional information by visiting Molina's HIPAA Resource Center located on our website at MolinaHealthcare.com.

Electronic Solutions/Tools Available to Providers

Electronic Tools/Solutions available to Molina Providers include:

- Electronic Claims Submission Options
- Electronic Payment: Electronic Funds Transfer (EFT) with Electronic Remittance Advice (ERA)
- Provider Portal

Electronic Claims Submission Requirement

Molina strongly encourages Participating Providers to submit Claims electronically whenever possible. Electronic Claims submission provides significant benefits to the Provider including:

- Promotes HIPAA compliance
- Helps to reduce operational costs associated with paper Claims (printing, postage, etc.)
- Increases accuracy of data and efficient information delivery
- Reduces Claim processing delays as errors can be corrected and resubmitted electronically
- Eliminates mailing time and enabling Claims to reach Molina faster

Molina offers the following electronic Claims submission options:

- Submit Claims directly to Molina via the Provider Portal. See our Provider Portal Quick Reference Guide <https://provider.MolinaHealthcare.com> or contact your Provider Services Representative for registration and Claim submission guidance.
- Submit Claims to Molina through your EDI clearinghouse using Payer ID 77010, refer to our website MolinaHealthcare.com for additional information.

While both options are embraced by Molina, submitting Claims via Molina’s Provider Portal (available to all Providers at no cost) offer a number of additional Claims processing benefits beyond the possible cost savings achieved from the reduction of high-cost paper Claims.

Provider Portal Electronic Claims submitting benefits include:

- Add attachments to Claims
- Submit corrected Claims
- Easily and quickly void Claims
- Check Claims status
- Receive timely notification of a change in status for a particular Claim
- Ability to Save incomplete/un-submitted Claims on the Molina’s Provider Portal
- Create/Manage Claim Templates (available on Molina’s Provider Portal)

For more information on EDI Claims submission, see the Claims and Compensation Section of this Provider Manual.

Electronic Payment (EFT/ERA) Requirement

Participating Providers are strongly encouraged to enroll in Electronic Funds Transfer (EFT) and Electronic Remittance Advice (ERA). Providers enrolled in EFT payments will automatically receive ERAs as well. EFT/ERA services give Providers the ability to reduce paperwork, utilize searchable ERAs, and receive payment and ERA access faster than the paper check and remittance advice (RA) processes. There is no cost to the Provider for EFT enrollment, and Providers are not required to be in-network to enroll. Molina uses a vendor to facilitate the HIPAA compliant EFT payment and ERA delivery processes.

Below is the link to register with ProviderNet to receive EFTs/ERAs. Additional instructions on how to register are available under the EDI/ERA/EFT tab on Molina’s website: MolinaHealthcare.com.

Any questions during this process should be directed to Change Healthcare Provider Services at wco.provider.registration@changehealthcare.com or 877-389-1160.

Provider Portal

Providers are strongly encouraged to register for and utilize Molina's Provider Portal. Molina's Provider Portal is an easy to use, online tool available to all of our Providers at **no cost**. The Provider Portal offers the following functionality:

- Verify and print Member eligibility
- View benefits, covered services and Member Health Record
- View roster of assigned Molina members for PCP(s)
- Claims Functions
 - Professional and Institutional Claims (individual or multiple Claims)
 - Receive notification of Claims status change
 - Correct Claims
 - Void Claims
 - Add attachments to previously submitted Claims
 - Check Claims status
 - Export Claims reports
 - Create and Manage Claim Templates
 - Open Saved Claims
- Prior Authorizations/Service Requests
 - Create and submit Service/Prior Authorization Requests
 - Check status of Service/Authorization Requests
 - Receive notification of change in status of Authorization Requests
 - Create Service Request/Authorization Templates
- View HEDIS® Scores and compare to national benchmarks
- Appeals
 - Create and submit a Claim Appeal
 - Add Appeal attachment to Appeal
 - Receive email confirmation

Third Party Billers can access and utilize all Claim Functions. Third Party Billers no longer have to phone in to get Claim updates and to make changes. All Claim functionalities are now available for Third Party Billers online at Molina's Provider Portal.

Balance Billing

Providers contracted with Molina cannot bill the Member for any Covered Services beyond applicable copayments, deductibles, or coinsurance. The Provider is responsible for verifying eligibility and obtaining approval for those services that require prior authorization. We encourage providers to verify eligibility on each date of service

Providers agree that under no circumstance shall a Member be liable to the Provider for any sums owed by Molina to the Provider. Balance billing a Molina Member for services covered by Molina is prohibited. This includes asking the Member to pay the difference between the discounted and negotiated fees, and the Provider's usual and customary fees.

For additional information please refer to the Compliance and Claims and Compensation sections of this Manual.

Reimbursement of Non-Participating Providers

The Reimbursement Rate for all non-participating providers for Non-Emergent services shall be reduced to fifty percent (50%) of the then current Mississippi Medicaid Fee-For-Service Fee Schedule for those Covered Services, or fifty percent (50%) of the then current Mississippi Medicare Fee Schedule for those Covered Services without a Medicaid Fee Schedule reimbursement value, if accompanied by a valid prior authorization number.

Existing reductions recognized by the Mississippi Division of Medicaid will remain in place.

The Reimbursement Rate for all non-participating providers for Emergency Services shall be one hundred percent (100%) of the then Current Mississippi Medicaid Fee-For-Service Fee Schedule, or one-hundred percent (100%) of the Current Mississippi Medicare Fee Schedule for those Covered Services without a Mississippi Medicaid Fee-For-Service Fee Schedule reimbursement value. Such reimbursement shall be limited to a period of time for the treatment of an Emergency Medical Condition, including Medically Necessary services rendered to the Member until such time as he or she may be safely transported to a network Provider service location. From that time forward, the applicable non-participating provider rate shall apply.

A Member who has an Emergency Medical Condition may not be held liable for payment of subsequent screening and treatment needed to diagnose the specific condition or to stabilize the patient.

Member Information and Marketing

Any written informational or marketing materials directed to Molina Members must be developed and distributed in a manner compliant with all State and Federal Laws and regulations and approved by Molina and the Division of Medicaid prior to use. Please contact your Provider Services Representative for information and review of proposed materials.

Member Rights and Responsibilities

Providers are required to comply with the Member Rights and Responsibilities as outlined in Molina's Member materials (such as the Member Handbook).

For additional information please refer to the Member Rights and Responsibilities section of this Provider Manual.

Member Cost Share

Providers should verify the Molina Member's cost share status prior to requiring the Molina Member to pay co-pay, co-insurance, deductible or other cost share that may be applicable to the Member's specific benefit plan. Some plans have a total maximum cost share that frees the Member from any further out of pocket charges once reached (during that calendar year).

Copayments and Out of Pocket Maximum

A copayment, or copay, is a fee that a CHIP member may need to pay each time his or her child visits their provider or emergency room. There are three coverage plans. Each coverage plan has a different amount that a member will need to pay each time his or her child visits their provider and is based on the member's Federal Poverty Level (FPL). The member's copayment amount is listed on their Molina ID Card

Out-of-Pocket maximum represents the maximum amount a member has to pay out of pocket for copayments each coverage period. A member's coverage period is one (1) year. There are no deductibles or premiums under the CHIP program. There may be a limit to the amount a member has to pay in copays during a coverage period. This amount is the copay maximum. The member and their PCP will get a letter when the copay maximum is reached. The letter will say that the member do not have to pay any more fees until the end of his or her child's coverage period.

Listed below are the three (3) levels of coverage to indicate the copay or out of pocket maximum for MS CHIP:

Coverage Plan	Provider Visit	Emergency Room Visit	Copay Maximum
MSCHP 01	\$0	\$0	\$0
MSCHP 02	\$5 per visit	\$15 per visit	\$800 per coverage period
MSCHP 03	\$5 per visit	\$15 per visit	\$950 per coverage period

Member Eligibility Verification

Possession of a Molina ID card does not guarantee Member eligibility or coverage. Providers should verify eligibility of Molina Members prior to rendering services. Payment for services rendered is based on enrollment and benefit eligibility. The contractual agreement between Providers and Molina places the responsibility for eligibility verification on the Provider of services.

For additional information please refer to the Eligibility, Enrollment, Disenrollment and Grace Period section of this Provider Manual.

Healthcare Services (Utilization Management and Care Management)

Providers are required to participate in and comply with Molina's Utilization Management and Care Management programs, including all policies and procedures regarding Molina's facility admission, prior authorization, and Medical Necessity review determination procedures. Providers will also cooperate with Molina in audits to identify, confirm, and/or assess utilization levels of covered services. For additional information please refer to the Healthcare Services section of this Provider Manual.

In Office Laboratory Tests

Molina's policies allow only certain lab tests to be performed in a Provider's office regardless of the line of business. All other lab testing must be referred to an In-Network Laboratory Provider that is a certified, full-service laboratory, offering a comprehensive test menu that includes routine, complex, drug, genetic testing and pathology. A list of those lab services that are allowed to be performed in the Provider's office is found on the Molina website at MolinaHealthcare.com.

For more information about In-Network Laboratory Providers, please consult the Molina Provider Online Directory (<https://providersearch.MolinaHealthcare.com/>). For testing available through In-Network Laboratory Providers. For a list of In-Network Laboratory Provider patient service centers, please reach out to the In-Network Laboratory Provider.

Specimen collection is allowed in a Provider's office and shall be compensated in accordance with your agreement with Molina and applicable State and Federal billing and payment rules and regulations

Claims for tests performed in the Provider's office, but not on Molina's list of allowed in-office laboratory tests will be denied.

Referrals

A referral is necessary when a Provider determines medically necessary services are beyond the scope of the PCP's practice or it is necessary to consult or obtain services from other in-network specialty health professionals unless the situation is one involving the delivery of Emergency Services. Information is to be exchanged between the PCP and specialist to coordinate care of the patient to ensure continuity of care. Providers need to document in the patient's medical record any referrals that are made. Documentation needs to include the specialty, services requested, and diagnosis for which the referral is being made.

Providers should direct Molina Members to health professionals, hospitals, laboratories, and other facilities and Providers which are contracted and credentialed (if applicable) with Molina. In the case of Emergency Services, Providers may direct Members to an appropriate service including but not limited to primary care, urgent care and Emergency Services. There may be circumstances in which referrals may require an out-of-network Provider. Prior authorization will be required from Molina except in the case of Emergency Services. For additional information please refer to the Healthcare Services section of this Provider Manual.

PCPs are able to refer a Member to an in-network specialist for consultation, treatment, and standing referrals without a prior authorization.

Treatment Alternatives and Communication with Members

Molina endorses open Provider-Member communication regarding appropriate treatment alternatives and any follow up care. Molina promotes open discussion between Provider and Members regarding Medically Necessary or appropriate patient care, regardless of covered benefits limitations. Providers are free to communicate any and all treatment options to Members regardless of benefit coverage limitations.

Providers are also encouraged to promote and facilitate training in self-care and other measures Members may take to promote their own health.

Pharmacy Program

Providers are asked to consider prescribing drugs listed on the Mississippi DOM's Preferred Drug List (PDL) located at <https://medicaid.ms.gov/providers/pharmacy/preferred-drug-list/>.

Participation in Quality Programs

Providers are expected to participate in Molina's Quality Programs and collaborate with Molina in conducting peer review and audits of care rendered by Providers. Such participation includes, but is not limited to:

- Access to Care Standards
- Site and Medical Record-Keeping Practice Reviews
- Delivery of Patient Care Information

For additional information please refer to the Quality section of this Provider Manual.

Compliance

Providers must comply with all State and Federal Laws and regulations related to the care and management of Molina Members.

Confidentiality of Member Protected Health Information (PHI) and HIPAA Transactions

Molina requires that Providers respect the privacy of Molina Members (including Molina Members who are not patients of the Provider) and comply with all applicable Laws and regulations regarding the privacy of patient and Member PHI. For additional information, please refer to the Compliance section of this Provider.

Participation in Grievance and Appeals Programs

Providers are required to participate in Molina's Grievance Program and cooperate with Molina in identifying, processing, and promptly resolving all Member complaints, grievances, or inquiries. If a Member has a complaint regarding a Provider, the Provider will participate in the investigation of the grievance. If a Member submits an appeal, the Provider will participate by providing medical records and/or statement as needed. This includes the maintenance and retention of Member records for a period of not less than ten (10) years, and retained further if the records are under review or audit until such time that the review or audit is complete.

For additional information, please refer to the Complaints, Grievance and Appeals Process section of this Provider Manual.

Participation in Credentialing

Providers are required to participate in Molina's credentialing and re-credentialing process and will satisfy, throughout the term of their contract, all credentialing and re-credentialing criteria established by Molina and applicable accreditation, State and

Federal requirements. This includes providing prompt responses to requests for information related to the credentialing or re-credentialing process.

Providers must notify Molina no less than thirty (30) days in advance when they relocate or open an additional office.

More information about Molina's Credentialing program, including Policies and Procedures is available in the Credentialing section of this Manual.

Delegation

Delegated entities must comply with the terms and conditions outlined in Molina's Delegation Policies and Delegated Services Addendum. Please see the Delegation section of this Manual for more information about Molina's delegation requirements and delegation oversight.

Non-Exclusivity Requirement

Molina may not enter into a Provider agreement that prohibits the Provider from contracting with another Payer or that prohibits or penalizes Molina for contracting with other Providers. Molina may not require Providers who agree to participate in the CHIP Program to contract with Molina's other lines of business.

Provider Services

Molina's Provider Services department is available to educate, and train contracted providers. Provider Services Representatives act as the liaisons between the Provider community and Molina. Provider education and training is conducted upon entry into the Molina Healthcare of Mississippi provider network and thereafter annually, quarterly, or on an as needed basis. Providers can contact the Provider Services Contact Center at 1-844-826-4335 to locate the Provider Services Representative for their area.

Section 3. Cultural Competency and Linguistic Services

Background

Molina works to ensure all Members receive culturally competent care across the service continuum to reduce health disparities and improve health outcomes. The Culturally and Linguistically Appropriate Services in Health Care (CLAS) standards published by the US Department of Health and Human Services (HHS), Office of Minority Health (OMH) guide the activities to deliver culturally competent services. Molina complies with Title VI of the Civil Rights Act, the Americans with Disabilities Act (ADA) Section 504 of the Rehabilitation Act of 1973, Section 1557 of the Affordable Care Act (ACA) and other regulatory/contract requirements. Compliance ensures the provision of linguistic access and disability-related access to all Members, including those with Limited English Proficiency (LEP) and Members who are deaf, hard of hearing, non-verbal, have a speech impairment, or have an intellectual disability. Policies and procedures address how individuals and systems within the organization will effectively provide services to people of all cultures, races, ethnic backgrounds, genders, gender identities, sexual orientation, ages and religions as well as those with disabilities in a manner that recognizes values, affirms and respects the worth of the individuals and protects and preserves the dignity of each.

Additional information on cultural competency and linguistic services is available at MolinaHealthcare.com, from your local Provider Services Representative and by calling Molina Provider Services at (844) 826-4335.

Nondiscrimination of Healthcare Service Delivery

Molina complies with the guidance set forth in the final rule for Section 1557 of the ACA, which includes notification of nondiscrimination and instructions for accessing language services in all significant Member materials, physical locations that serve our Members, and all Molina website home pages. All Providers who join the Molina Provider network must also comply with the provisions and guidance set forth by the Department of Health and Human Services (HHS) and the Office for Civil Rights (OCR). Molina requires Providers to deliver services to Molina Members without regard to race, color, national origin, age, disability or sex. This includes gender identity, sexual orientation, pregnancy, and sex stereotyping. Providers must post a non-discrimination notification in a conspicuous location in their office, along with translated non-English taglines in the top fifteen (15) languages spoken in the State to ensure Molina Members understand their rights, how to access language services, and the process to file a complaint if they believe discrimination has occurred.

Additionally, participating Providers or contracted medical groups/Independent Physician Associations (IPAs) may not limit their practices because of a Member's medical (physical or mental) condition or the expectation for the need of frequent or high cost-care. Providers must not discriminate against members based on their payment status and cannot refuse to serve Members because they receive assistance from a State Medicaid Program.

Providers can refer Molina Members who are complaining of discrimination to the Molina Civil Rights Coordinator at: (866) 606-3889, TTY/TDD 711.

Members can also email the complaint to civil.rights@MolinaHealthcare.com.

Should you or a Molina Member need more information, you can refer to the Health and Human Services website for more information: <https://www.federalregister.gov/d/2016-11458>

Cultural Competency

Molina is committed to reducing health care disparities. Training employees, Providers and their staffs, and quality monitoring are the cornerstones of successful culturally competent service delivery. Molina integrates cultural competency training into the overall Provider training and quality monitoring programs. An integrated quality approach intends to enhance the way people think about our Members, service delivery and program development so that cultural competency becomes a part of everyday thinking.

Provider and Community Training

Molina offers educational opportunities in cultural competency concepts for Providers, their staff, and Community Based Organizations. Molina conducts Provider training during Provider orientation with annual reinforcement training offered through Provider Services or online/web-based training modules.

Training modules, delivered through a variety of methods, include:

- Written materials;
- On-site cultural competency training;
- Online cultural competency Provider training; and
- Integration of cultural competency concepts and nondiscrimination of service delivery into Provider communications

Integrated Quality Improvement – Ensuring Access

Molina ensures Member access to language services such as oral interpretation, American Sign Language (ASL), and written translation. Molina must also ensure access to programs, aids, and services that are congruent with cultural norms. Molina supports Members with disabilities and assists Members with LEP.

Molina develops Member materials according to Plain Language Guidelines. Members or Providers may also request written Member materials in alternate languages and formats (i.e. braille, audio, large print), leading to better communication, understanding and Member satisfaction. Online materials found on MolinaHealthcare.com and information delivered in digital form meet Section 508 accessibility requirements to support Members with visual impairments.

Key Member information, including Appeal and Grievance forms, are also available in threshold languages on the Molina Member website.

Program and Policy Review Guidelines

Molina conducts assessments at regular intervals of the following information to ensure its programs are most effectively meeting the needs of its Members and Providers:

- Annual collection and analysis of race, ethnicity and language data from:
 - Eligible individuals to identify significant culturally and linguistically diverse populations within a plan's membership, and

- Contracted Providers to assess gaps in network demographics.
- Revalidate data at least annually.
- Local geographic population demographics and trends derived from publicly available sources (Community Health Needs Assessment).
- Applicable national demographics and trends derived from publicly available sources.
- Assessment of Provider Network.
- Collection of data and reporting for the Diversity of Membership HEDIS® measure.
- Annual determination of threshold languages and processes in place to provide Members with vital information in threshold languages.
- Identification of specific cultural and linguistic disparities found within the plan's diverse populations.
- Analysis of HEDIS® and CAHPS®/Qualified Health Plan Enrollee Experience Survey results for potential cultural and linguistic disparities that prevent Members from obtaining the recommended key chronic and preventive services.
- Comparison with selected measures such as those in Healthy People 2020.

24 Hour Access to Interpreter Services

Providers may request interpreters for Members whose primary language is other than English by calling Molina's Contact Center toll free at (844) 826-4335. If Contact Center Representatives are unable to interpret in the requested language, the Representative will immediately connect you and the Member to a qualified language service provider.

Molina Providers must support Member access to telephonic interpreter services by offering a telephone with speaker capability or a telephone with a dual headset. Providers may offer Molina Members interpreter services if the Members do not request them on their own. Please remember it is never permissible to ask a family member, friend or minor to interpret.

Documentation

As a contracted Molina Provider, your responsibilities for documenting Member language services/needs in the Member's medical record are as follows:

- Record the Member's language preference in a prominent location in the medical record. This information is provided to you on the electronic Member lists that are sent to you each month by Molina.
- Document all Member requests for interpreter services.
- Document who provided the interpreter service. This includes the name of Molina's internal staff or someone from a commercial interpreter service vendor. Information should include the interpreter's name, operator code and vendor.
- Document all counseling and treatment done using interpreter services.
- Document if a Member insists on using a family member, friend, or minor as an interpreter, or refuses the use of interpreter services after notification of his or her right to have a qualified interpreter at no cost.

Members who are Deaf or Hard of Hearing

Molina provides a TTY/TDD connection accessible by dialing 711. This connection provides access to Member & Provider Contact Center (M&PCC), Quality, Healthcare Services and all other health plan functions.

Molina strongly recommends that Provider offices make available assistive listening devices for Members who are deaf and hard of hearing. Assistive listening devices enhance the sound of the Provider's voice to facilitate a better interaction with the Member.

Molina will provide face-to-face service delivery for ASL to support our members who are deaf or hard of hearing. Requests should be made three (3) business days in advance of an appointment to ensure availability of the service. In most cases, Members will have made this request via Molina Member Services.

Nurse Advice Line

Molina provides twenty-four (24) hours/seven (7) days a week Nurse Advice Services for Members. The Nurse Advice Line provides access to twenty-four (24) hour interpretive services. Members may call Molina's Nurse Advice Line directly at (844) 794-3638, TTY/TDD 711. The Nurse Advice Line telephone numbers are also printed on membership cards.

Section 4. Member Rights and Responsibilities

Providers must comply with the rights and responsibilities of Molina Members as outlined in the Member Handbook and on the Molina website. The Member Handbook that is provided to Members is hereby incorporated into this Provider Manual. The most current Member Rights and Responsibilities can be accessed via the following link:

http://author.molinahealthcare.com/providers/ms/medicaid/policies/Pages/member_rights.aspx

State and Federal Law requires that health care Providers and health care facilities recognize Member rights while the Members are receiving medical care, and that Members respect the health care Provider's or health care facility's right to expect certain behavior on the part of the Members.

For additional information, please contact Molina at (844) 826-4335, TTY/TDD 711, Monday through Friday 7:30 a.m. to 5:30 p.m.

Below are the Member Rights and Responsibilities as they appear in the Member Handbook:

Second opinions

If Members do not agree with their Provider's plan of care, they have the right to a second opinion from another Provider. Members should call Member Services to find out how to get a second opinion. Second opinions may require Prior Authorization.

Section 5. Enrollment, Eligibility and Disenrollment

Enrollment

Enrollment in CHIP Programs

The Mississippi Division of Medicaid (DOM) administers the CHIP program. DOM determines Member eligibility and oversees Member enrollment into a health plan.

No eligible Member shall be refused enrollment or re-enrollment, have his/her enrollment terminated, or be discriminated against in any way because of his/her health status, pre-existing physical or mental condition, including pregnancy, hospitalization or the need for frequent or high-cost care.

Effective Date of Enrollment

Each Member shall be enrolled on the first calendar day of the first calendar month and is automatically renewed for twelve (12) months unless the Member becomes ineligible for the program and is disenrolled.

Newborn Enrollment

The Mississippi Division of Medicaid will only retroactively enroll newborns in the categories of eligibility containing children under one (1).

Inpatient at time of Enrollment

If a Molina Member opts out of or otherwise loses Molina coverage, but is in the hospital on the last day of coverage and the stay continues into the next month, Molina will be responsible for payment of the inpatient Claim for the entire stay based on DOM guidelines. However, if the individual is no longer eligible for Mississippi CHIP inpatient hospital benefits, Molina will not pay for inpatient hospital services beyond the end of CHIP eligibility.

Eligibility Verification

CHIP Programs

The State of Mississippi, through DOM determines eligibility for the CHIP Programs. Payment for services rendered is based on eligibility and benefit entitlement. The Contractual Agreement between Providers and Molina places the responsibility for eligibility verification on the Provider of services.

Eligibility Listing for CHIP Programs

Providers who contract with Molina may verify a Member's eligibility and/or confirm PCP assignment by checking the following:

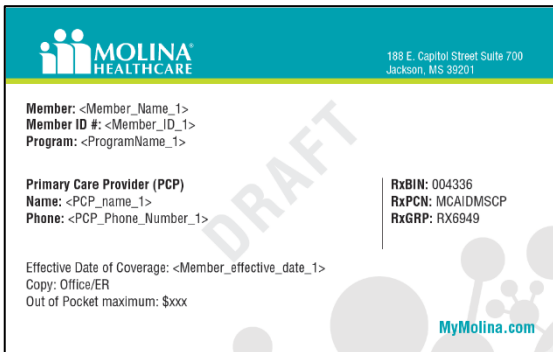

- Molina Provider Services at (844) 826-4335
- Molina Provider Portal <https://provider.MolinaHealthcare.com>

Possession of a Medicaid ID Card does not mean a recipient is eligible for CHIP services. A Provider should verify a recipient's eligibility each time the recipient receives services. The verification sources can be used to verify a recipient's enrollment in a managed care plan. The name and telephone number of the managed care plan are given along with other eligibility information.

Identification Cards

Molina Sample Member ID card

Card Front

The image shows a sample Molina Member ID card. The top header is teal with the Molina Healthcare logo on the left and the address "188 E. Capitol Street Suite 700 Jackson, MS 39201" on the right. Below the header, the card contains the following information: Member name, Member ID number, and Program name. It also lists the Primary Care Provider (PCP) name and phone number, along with RxBIN, RxPCN, and RxGRP codes. At the bottom, it shows the Effective Date of Coverage, Copy type (Office/ER), and Out of Pocket maximum. A "DRAFT" watermark is visible across the center, and the MyMolina.com website is listed at the bottom right.

MOLINA HEALTHCARE 188 E. Capitol Street Suite 700
Jackson, MS 39201

Member: <Member_Name_1>
Member ID #: <Member_ID_1>
Program: <ProgramName_1>

Primary Care Provider (PCP)
Name: <PCP_name_1>
Phone: <PCP_Phone_Number_1>

RxBIN: 004336
RxPCN: MCAIDMSCP
RxGRP: RX6949

Effective Date of Coverage: <Member_effective_date_1>
Copy: Office/ER
Out of Pocket maximum: \$xxx

MyMolina.com

Card Back

The image shows the back of a sample Molina Member ID card. It contains emergency services information, contact numbers for members and providers, and a disclaimer. A "DRAFT" watermark is visible across the center, and the MolinaHealthcare.com website is listed at the bottom right.

EMERGENCY SERVICES: Call 911 or go to the nearest emergency room or other appropriate setting. If you are not sure whether you need to go to the emergency room, call your Primary Care Provider (PCP). Follow up with your PCP after all emergency room visits.

For prior authorization, eligibility, claims or benefits call (844) 826-4335 or visit the Provider Portal at provider.molinahealthcare.com.

MolinaHealthcare.com

Members are reminded in their Member Handbooks to carry ID cards with them when requesting medical or pharmacy services. It is the Provider's responsibility to ensure Molina Members are eligible for benefits and to verify PCP assignment, prior to rendering services. Unless an Emergency Medical Condition exists, Providers may refuse service if the Member cannot produce the proper identification and eligibility cards.

Disenrollment

Voluntary Disenrollment

Members may change Contractor selection once within the first ninety (90) days of Enrollment and thereafter during open enrollment periods.

Voluntary disenrollment does not preclude Members from filing a grievance with Molina for incidents occurring during the time they were covered.

Involuntary Disenrollment

A Member must be disenrolled from Molina if the Member:

1. No longer resides in the State of Mississippi;
2. Is identified as pregnant and verified by the Division;
3. Is determined to have Creditable Coverage by the Division;
4. Is deceased; or
5. Becomes a Custodial Nursing Home resident.

PCP Dismissal

A PCP may dismiss a Member from his/her practice based on standard policies established by the PCP. Reasons for dismissal must be documented by the PCP and may include:

- For a Member who continues not to comply with a recommended plan of health care. Such requests must be submitted at least sixty (60) calendar days prior to the requested effective date.
- For a Member whose behavior is disruptive, unruly, abusive or uncooperative to the extent that the behavior seriously impairs the organization's ability to furnish services to either the Member or other Members.

This Section does not apply to Members with mental health diagnoses if the Member's behavior is attributable to the mental illness.

Missed Appointments

Participating Providers are responsible for establishing a process for documenting missed appointments. When a Member does not keep a scheduled appointment, it is to be noted in the Member's record and the Provider is to assess if a visit is still medically indicated. All efforts to notify the Member must be documented in the medical record. If a second appointment is missed, the Provider should notify Molina Provider Services at: (844) 826-4335.

PCP Assignment

Molina Members are encouraged to choose their own PCPs upon enrollment. If the Member or his or her designated representative does not choose a PCP, one will be assigned within sixty (60) days of Enrollment. Molina will take into consideration known factors such as current Provider relationships, language needs (to the extent they are known), age and sex, enrollment of family members (e.g., siblings), and area of residence.

Assigning a Member an Alternate PCP

If an alternate PCP must be assigned to a member, he or she must call Member Services to ask for the change. The provider can assist the member by accessing the Request to Change Primary Care Provider Form on our website. PCP changes are permitted every 30 days, if needed. If the request is received on or before the 15th of the month, the change will be effective the first day of the next month. If the change request is received after the 15th of the month, the change will be effective on the first day of the second month following the request. A New ID card is sent to the Member when a PCP change is made.

Specialists as PCPs

Members with disabling conditions, chronic illnesses, or child(ren) with special health care needs may request that their PCP be a specialist. The designation of a specialist as a PCP must be pursuant to a treatment plan approved by Molina; in consultation with the PCP to which the Member is currently assigned, the Member and, as appropriate, the specialist. The PCP and/or specialist must submit a Prior Authorization/Service Request Form (SRF) including the treatment plan for review. When possible, the specialist must be a Provider participating in Molina's network.

The specialist as a PCP must agree to provide or arrange for all primary care, including routine preventive care, and to provide those specialty medical services consistent with the Member's disabling condition, chronic illness, or special health care need in accordance with Molina's standards and within the scope of the specialty training and clinical expertise. In order to accommodate the full spectrum of care, the specialist serving as PCP must also have admitting privileges at a hospital in Molina's network.

PCP Changes

If for any reason a Member wants to change PCPs, he or she must call Member Services to ask for the change. PCP changes are permitted every 30 days, if needed. If the request is received on or before the 15th of the month, the change will be effective the first day of the next month. If the change request is received after the 15th of the month, the change will be effective on the first day of the second month following the request. A New ID card is sent to the Member when a PCP change is made.

Section 6. Benefits and Covered Services

This section provides an overview of the medical benefits and Covered Services for Molina CHIP Program Members. Some benefits may have limitations. If there are questions as to whether a service is covered or requires Prior Authorization please contact Molina at (844) 826-4335 Monday through Friday, 7:30 a.m. to 5:30 p.m. except State holidays.

CHIP Program

Service Covered by Molina

Molina covers the services described in the Summary of Benefits documentation. If there are questions as to whether a service is covered or requires prior authorization, please contact Molina at (844) 826-4335 Monday through Friday, 7:30 a.m. to 5:30 p.m. except State holidays.

Link(s) to Summary of Benefits

The following web link provides access to the Summary of Benefits guides for the CHIP Program offered by Molina in Mississippi.

<http://molinahealthcare.com/members/ms/en-US/mem/chip/overvw/coverd/Pages/benefits.aspx>

Psychiatric Residential Treatment Facilities (PRTF)

PRTFs provide residential services for children under twenty-one (21) years of age. The goal of PRTF treatment is to help the child reach a level of functioning where less restrictive treatment will be possible.

Prior Authorization is required for PRTF treatment (see the Healthcare Services section of this Manual for more information on Prior Authorization guidelines and procedures). Services are billed using Revenue code 1001.

The need for PRTF admission must be supported by documentation that:

- The child has a diagnosable psychiatric disorder.
- The child can participate and process information as evidenced by an appropriate IQ for the program to which they have been admitted, unless there is substantial evidence that the IQ score is suppressed due to psychiatric illness.
- The child's psychiatric symptoms are severe enough to warrant residential treatment under the direction of a psychiatrist.
- The referring psychiatrist or psychologist advised that residential treatment is needed.
- At least one (1) of the following:
 - The child has failed to respond to less restrictive treatment in the last three (3) months.
 - Adequate less restrictive options are not available in the child's community.
 - The child is currently in an acute care facility whose professional staff advise that residential treatment is needed.

Obtaining Access to Certain Covered Services

Durable Medical Equipment (DME)

DME may require Prior Authorization. Please see the Prior Authorization Guidelines posted at MolinaHealthcare.com for more information about prior authorization guidance regarding DME services. Only medical supplies, equipment and appliances ordered by a physician are covered and reimbursed under the CHIP program. Effective September 1, 2018, claims for medical supplies and equipment and appliances submitted on a CMS 1500 Form without an applicable physician identifier number and/or ordered by non-physician practitioners will not be covered and payment will be denied.

Prescription Drugs and Over the Counter Medications

Prescription drugs are covered by Molina in alignment with requirements found in the Social Security Act Section 1927 and all changes made to the Covered Outpatient Drug Section of the Patient Protection and Affordable Care Act found in 42.C.F.R. Part 447 {CMS 2345-FC} and subsequent coverage by the Mississippi Division of Medicaid. The Preferred Drug List (PDL) is located at <https://medicaid.ms.gov/providers/pharmacy/preferred-drug-list/>. A list of in-network pharmacies is available on the Molina website or by contacting Molina. Members must use their Molina ID card to get prescriptions filled. Additional information regarding the pharmacy benefits is available by contacting Molina at (844) 826-4335 or at MolinaHealthcare.com.

Clinician Administered Drugs and Implantable Drug System Devices (CADD)

Certain PADs are currently referred to as Clinician Administered Drug and Implantable Drug System Devices (CADDs) and include, but are not limited to, long-acting reversible contraceptives (LARCs), pregnancy maintaining agents, injectable atypical antipsychotic agents, and chemical dependency treatment agents. CADDs may be billed as either medical or pharmacy point of sale to allow greater access to care. Please see www.medicicaid.ms.gov for a complete listing of agents listed under this classification

CADD drugs will not count toward monthly prescription drug limits applicable to covered outpatient drugs when administered in an outpatient setting.

Prescribers should identify drugs to be billed to a beneficiary's pharmacy benefit (via POS claim) by notating on the prescription that the drug will be administered in an outpatient setting, such as a physician's office.

Billing Directions:

- The pharmacy provider should enter a value of '11' (Office) in NCPDP Field 307-C7
- (Place of Service) to identify that the CADD drug will be administered in a clinician
- setting and as the mechanism whereby the pharmacy claims processing system will
- not count the claim toward the prescription monthly limit.

The pharmacy provider should ensure that the CADD drug is routed directly to the prescriber's office. The prescriber should not seek duplicative reimbursement for the

drug or drug delivery system on a medical claim. If appropriate, administration or related procedure codes may be submitted on the claim of the provider rendering the applicable service involving the drug or drug delivery system. Please consult the Universal Preferred Drug List (PDL) as some NDCs on the CADD list may be non-preferred and require prior authorization.

Non-Preferred Drug Exception Request Process

The Provider may request a prior authorization for clinically appropriate drugs that are not covered under the Division of Medicaid Universal Preferred Drug List (PDL) or for drugs not on the PDL that also require prior authorization. Molina uses the same prior authorization criteria that are used for FFS drugs included in the PDL which require prior authorization. Molina may also require prior authorization for drugs not on the PDL. Molina uses the FDA label, CMS approved compendia, standards of care, and high levels of published clinical evidence for clinical criteria applied to requests for medications requiring prior authorization that are not part of the PDL.

- The Member and/or member's representative and the prescribing provider will be notified of Molina's decision within 24 hours of processing the completed request.
- If the initial request is denied, a notice of denial will be sent in writing to the Member and prescriber within twenty-four (24) hours of receiving the complete request.
- Providers and Members are able to submit a request for reconsideration, and provide additional information pertinent to the clinical need when a denial decision is rendered prior to filing a formal appeal. Requests can be made by calling Molina at (844) 826-4335 or faxing us at (844) 312-6371.
- Members will also have the right to appeal a denial decision, per any requirements set forth by MS DOM.
- Molina will allow a seventy-two (72)-hour emergency supply of prescribed medication for dispensing at any time that a prior authorization is not available. Pharmacists will use their professional judgment regarding whether or not there is an immediate need every time the seventy-two (72) hour option is utilized. This procedure will not be allowed for routine and continuous overrides.

Emergency Prescription Supply

A 72-hour emergency supply of a prescribed drug must be provided when a medication is needed without delay and prior authorization (PA) is not available. This applies to all drugs requiring a prior authorization (PA), either because they are non-preferred drugs on the Preferred Drug List or because they are subject to clinical edits. The 72-hour emergency supply should be dispensed any time a PA cannot be resolved within 24 hours for a medication on the Mississippi Division of Medicaid Preferred Drug List (PDL) that is appropriate for the member's medical condition. If the prescribing provider cannot be reached or is unable to request a PA, the pharmacy should submit an emergency 72-hour prescription.

The pharmacist can dispense a product that is packaged in a dosage form that is fixed and unbreakable, e.g., an albuterol inhaler, as a 72-hour emergency supply. Pharmacists will use their professional judgment regarding whether or not there is an immediate need every time the seventy-two (72) hour option is utilized.

To be reimbursed for a 72-hour emergency prescription supply, pharmacies should submit the following information:

- “8” in “Prior Authorization Type Code” (Field 461-EU)
- “3” in “Days’ Supply” (in the Claim segment of the billing transaction (Field 405-D5)
- “11112222333 in “Prior Authorization number” (Field 462-EV)
- The quantity submitted in “Quantity Dispensed” (Field 442-E7) should not exceed the quantity necessary for a 72-hour supply.

Please refer to Section 11 Complaints, Grievance and Appeals Process in this manual for details around appeals for members and providers.

340B Covered Outpatient Drugs

Molina Healthcare of Mississippi (MHMS) complies with all requirements and restrictions of Section 340B of the Public Health Service Act and any accompanying regulations or guidelines including, but not limited to, the prohibition against duplicate discounts/rebates under Medicaid.

Molina Healthcare of Mississippi utilizes the following procedure to identify 340B claim submissions billed by registered 340B covered entities:

Medical claims:

- On CMS 1500 Health Insurance Claim Form or Uniform Billing (UB04) Form, a “UD” modifier is required to identify a 340B purchased drug in addition to the corresponding Healthcare Common Procedure Coding System (HCPCS) and National
- Drug Code (NDC).

Pharmacy point of sale claims billed electronically in the D.0 format:

- The ingredient cost must be billed to DOM at the actual acquisition cost (AAC). This AAC is defined as the price at which the covered entity has paid the wholesaler or manufacturer for the covered outpatient drug.
- The AAC must be submitted in field #409-D9, field name “ingredient cost submitted”. The professional dispensing fee must be submitted in field # 412-DC, field name “dispensing fee submitted”.
- Enter “08” in field 423-DN, the Basis of Cost Determination field, and “20” in field 420-DK, the Submission Clarification Code.

Specialty Physician Administered Drug Services

Newly FDA approved drugs billed under the medical benefit are considered non-covered and subject to applicable policies and other applicable utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee.

Many self-administered and Provider-administered oral and injectable products require prior authorization. More information about our prior authorization process, including a link to the Prior Authorization Request Form, is available in the Medical Management Program section of this Manual. Physician administered drugs require the appropriate 11-digit NDC with the exception of vaccinations or other drugs as specified by CMS.

Family planning services related to the injection or insertion of a contraceptive drug or device are covered at no cost.

Indian Health Care Services

Molina complies with the provisions of 42 C.F.R. § 438.14 pertaining to reimbursement requirements for Indian Health Care Providers, as defined in Section 4 of the Indian Health Care Improvement Act (25 U.S.C. 1603).

Indian Members, meaning any individual as defined by 25 U.S.C. 1603(13), 1603(28), 1679(a), or who has been determined eligible as an Indian under 42 C.F.R. § 136.12, are eligible to receive services from an Indian Health Care Provider Primary Care Provider and choose such a participating network Provider as his or her Primary Care Provider as long as that Provider has the capacity to provide the services.

Indian Members are allowed to obtain Covered Services from an out-of-network Indian Health Care Provider from whom the member is otherwise eligible to receive such services. Additionally, an out-of-network Indian Health Care Provider may refer an Indian Member to a participating network Provider.

Access to Behavioral Health Services

Members in need of Behavioral Services can be referred by their PCP for services or Members can self-refer by calling Molina's Behavioral Health Department at (844) 809-8438. Molina's Nurse Advice Line is available twenty-four (24) hours a day, seven (7) days a week for mental health or substance abuse needs. The services Members receive will be confidential. Additional detail regarding Covered Services and limitations can be obtained in the Summary of Benefits linked above, or by contacting Molina.

Emergency Mental Health or Substance Abuse Services

Members are directed to call "911" or go to the nearest emergency room if they need Emergency Services for mental health or substance abuse. Examples of emergency mental health or substance abuse problems are:

- Danger to self or others
- Not being able to carry out daily activities
- Things that will likely cause death or serious bodily harm

Members can also call the Community Mental Health Centers Crisis Lines which will allow the member to speak to someone immediately and request a team to come to them if needed.

Out of Area Emergencies

Members having a behavioral health emergency who cannot get to a Molina approved Providers are directed to do the following:

- Go to the nearest hospital or facility
- Call the number on ID card
- Call Member's PCP and follow-up within twenty-four (24) to forty-eight (48) hours

For out-of-area Emergency Services, plans will be made to transfer Members to an in-network facility when Member is stable.

Emergency Transportation

When a Member's condition is life-threatening and requires use of special equipment, life support systems, and close monitoring by trained attendants while in route to the nearest appropriate facility, emergency transportation is thus required. Emergency transportation includes, but is not limited to, ambulance, air or boat transports.

Non-Emergency Medical Transportation

For Molina CHIP Members, non-emergency medical transportation is a value-added service. Molina covers transportation to medical facilities when the Member's medical and physical condition does not allow them to take regular means of public or private transportation (car, bus, etc.). This requires pre-screening by Molina. Examples of non-emergency medical transportation include, but are not limited to, litter vans and wheelchair accessible vans. Members must have prior authorization from Molina for ground and air ambulance services before the services are given. Additional information regarding the availability of this benefit is available by contacting Customer Service at (844) 826-4335.

Preventive Care

Preventive Care Guidelines are located on the Molina website, under the "Provider Resources" tab. Please use the link below to access the most current guidelines:

MolinaHealthcare.com

We need your help conducting these regular exams in order to meet the targeted State and Federal standards. If you have questions or suggestions related to well child care, please call our Health Education line at (866) 472-9483.

Immunizations

Adult Members may receive immunizations as recommended by the Centers for Disease Control and Prevention (CDC) and prescribed by the Member's PCP. Child Members may receive immunizations in accordance with the recommendations of the American Academy of Pediatrics and prescribed by the child's PCP.

Immunization schedule recommendations from the American Academy of Pediatrics (AAP) and/or the CDC are available at the following website:

<https://www.cdc.gov/vaccines/schedules/hcp/index.html>

Prenatal Care

Stage of Pregnancy	How often to see the doctor
One (1) month – Six (6) months	One (1) visit a month
Seven (7) months – Eight (8) months	Two (2) visits a month
Nine (9) months	One (1) visit a week

Emergency Services

Emergency Services means: Covered inpatient and outpatient services, inclusive of dialysis services, that are furnished by a Provider that is qualified to furnish these services under CHIP and needed to evaluate or stabilize an Emergency Medical Condition.

Emergent and urgent care Services are covered by Molina without an authorization. This includes non-contracted Providers inside or outside of Molina's service area.

Nurse Advice Line

Members may call the Nurse Advise Line anytime they are experiencing symptoms or need health care information. Registered nurses are available twenty-four (24) hours a day, seven (7) days a week, to assess symptoms and help make good health care decisions.

Nurse Advice Line 24 Hours per day, 365 days per year	
English Phone:	(844) 794-3638
TTY/TDD:	711 Relay

Molina is committed to helping our Members:

- Prudently use the services of your office
- Understand how to handle routine health problems at home
- Avoid making non-emergent visits to the emergency room (ER)

These registered nurses do not diagnose. They assess symptoms and guide the patient to the most appropriate level of care following specially designed algorithms unique to the Nurse Advice Line. The Nurse Advice Line may refer back to the PCP, a specialist, 911 or the ER. By educating patients, it reduces costs and over utilization on the health care system.

Health Education

The tools and services described here are educational support for Molina Members. We may change them at any time as necessary to meet the needs of Molina Members.

Disease Management

Molina offers programs to help our Members and their families manage a diagnosed health condition. You as a Provider also help us identify Members who may benefit from these programs. Members can request to be enrolled or dis-enrolled in these programs. Our programs include:

- Asthma management
- Diabetes management
- High blood pressure management
- Cardiovascular Disease (CVD) management/Congestive Heart Disease
- Chronic Obstructive Pulmonary Disease (COPD) management
- Depression management
- Weight Management
- Tobacco Cessation
- Organ Transplant
- Maternity Screening and High-Risk Obstetrics

For more information about our programs, please call: Provider Services Department at (844) 826-4335, TTY/TDD 711.

Visit MolinaHealthcare.com

Member Newsletters

Member Newsletters are posted on the MolinaHealthcare.com website at least (two) (2) times a year. The articles are about topics asked by Members. The tips are aimed to help Members stay healthy.

Member Health Education Materials

Members are able to access our easy-to-read materials are about nutrition, preventive services guidelines, stress management, exercise, cholesterol management, asthma, diabetes and other topics. To get these materials, Members are directed to ask their doctor or visit our website.

Program Eligibility Criteria and Referral Source

Health Management Programs are designed for Molina Members with a confirmed diagnosis. Members participate in programs for the duration of their eligibility with the plan's coverage or until the Member opts out. Identified Members will receive targeted outreach such as educational newsletters, telephonic outreach or other materials to access information on their condition. The program model provides an "opt-out" option for Members who contact Molina Member Services and request to be removed from the program.

Multiple sources are used to identify the total eligible population. These may include the following:

- Pharmacy Claims data for all classifications of medications;
- Encounter Data or paid Claim with a relevant CMS accepted diagnosis or procedure code;
- Member Services welcome calls made by staff to new Member households and incoming Member calls have the potential to identify eligible program participants. Eligible Members are referred to the program registry;
- Member Assessment calls made by staff for the initial Health Risk Assessments (HRA) for newly enrolled Members;
- Provider referral;
- Nurse Advice Line referral;
- Medical Case Management or Utilization Management; and
- Member self-referral due to general plan promotion of program through Member newsletter, the Nurse Advice Line or other Member communication

Provider Participation

Contracted Providers are notified as appropriate, when their patients are enrolled in a health management program. Provider resources and services may include:

- Annual Provider feedback letters containing a list of patients identified with the relevant disease;
- Clinical resources such as patient assessment forms and diagnostic tools;
- Patient education resources;
- Provider Newsletters promoting the health management programs, including how to enroll patients and outcomes of the programs;
- Clinical Practice Guidelines; and
- Preventive Health Guidelines;

Additional information on health management programs is available from your local Molina HCS Department toll free at (844) 826-4335.

Section 7. Healthcare Services (HCS)

Introduction

Healthcare Services is comprised of Utilization Management and Care Management departments that work together to achieve an integrated model based upon empirically validated best practices that have demonstrated positive results. Research and experience show that a higher-touch, Member-centric care environment for at-risk Members supports better health outcomes. Molina provides care management services to Members using processes designed to address a broad spectrum of needs, including chronic conditions that require the coordination and provision of health care services. Elements of the Molina medical management program include pre-service review and inpatient authorization management that includes pre-admission, admission and concurrent review, medical necessity review, and restrictions on the use of out-of-network Providers.

Utilization Management (UM)

Molina's UM Department is designed to provide comprehensive health care management. This focus, from prevention through treatment, benefits the entire care delivery system by effectively and efficiently managing existing resources to ensure quality care. It also ensures that care is both medically necessary and demonstrates an appropriate use of resources based on the severity of illness and the site of service. Molina works in partnership with Members and Providers to promote a seamless delivery of health care services. The UM team works closely with the Care Management team to ensure Members receive the support they need when moving from one care setting to another or when complexity of care and services is identified. Molina's UM program ensures appropriate and effective utilization of services by managing benefits effectively and efficiently to ensure appropriate use of health care services.

- Identifying the review criteria, information sources, and processes that are used to review for medical necessity and appropriateness of the requested items and services.
- Coordinating, directing, and monitoring the quality and cost effectiveness of utilization practice patterns of Providers to identify over and under service utilization.
-
- Ensuring that services are available in a timely manner, in appropriate settings, and are planned, individualized, and measured for effectiveness.
- Reviewing processes to ensure care is safe and accessible.
- Ensuring that qualified health care professionals perform all components of the UM/CM processes while providing timely responses to Member appeals and grievances.
- Ensuring that UM decision tools are appropriately applied in determining medical necessity decisions.
- Identifying and assessing the need for Care Management through early identification of high or low service utilization, and high cost-chronic diseases.
- Promoting health care in accordance with local, state and national standards;
-
-

- Processing authorization requests timely and with adherence to all regulatory and accreditation timeliness standards.

The table below outlines the key functions of the UM program. All prior authorizations are based on a specific standardized list of services.

Eligibility and Oversight	Resource Management	Quality Management
Eligibility verification	Prior Authorization and referral management	Satisfaction evaluation of the UM program using Member and Provider input
Benefit administration and interpretation	Pre-admission, Admission and Inpatient Review	Utilization data analysis
Ensure authorized care correlates to Member's medical necessity need(s) & benefit plan	Post service/post claim audits	Monitor for possible over- or under-utilization of clinical resources
Verifying current Physician/hospital contract status	Referrals for Discharge Planning and Care Transitions	Quality oversight
Delegation oversight	Staff education on consistent application of UM functions	Monitor for adherence to CMS, NCQA, State and health plan UM standards

This Molina Provider Manual contains excerpts from Molina's Healthcare Services Program Description. For a complete copy of your state's Healthcare Services Program Description you can access the Molina website or contact the UM Department to receive a written copy. You can always find more information about Molina's UM program, including information about obtaining a copy of clinical criteria used for authorizations and how to contact an UM reviewer on Molina's website or by calling the UM Department.

Medical Groups/IPAs and delegated entities who assume responsibility for UM must adhere to Molina's UM Policies. Their programs, policies and supporting documentation are reviewed by Molina at least annually.

UM Decisions

A decision is any determination (e.g., an approval or denial) made by Molina or the delegated Medical Group/IPA or other delegated entity with respect to the following:

- Determination to authorize, provide or pay for services (favorable determination);
- Determination to deny payment of request (adverse determination);
- Discontinuation of a payment for a service;
- Payment for temporarily out-of-the-area renal dialysis services; and,
- Payment for Emergency Services, post stabilization care or urgently needed services.

Molina follows a hierarchy of medical necessity decision making with Federal and State regulations taking precedence. Molina covers all services and items required by State and Federal regulations.

Board certified licensed Providers from appropriate specialty areas are utilized to assist in making determinations of medical necessity, as appropriate. All utilization decisions must be made in a timely manner to accommodate the clinical urgency of the situation, in accordance with Federal regulatory requirements and NCQA© standards.

Requests for authorization not meeting criteria are reviewed by a designated Molina Medical Director or other appropriate clinical professional. Only a licensed physician or pharmacist, doctoral level clinical psychologist or certified addiction medicine specialist as appropriate may determine to delay, modify or deny services to a Member for reasons of medical necessity.

Providers can contact Molina's Healthcare Services department at (844) 826-4335 to obtain Molina's UM Criteria.

Medical Necessity

Medical Necessity Standards

"Medically Necessary Services" or **"Medical Necessity"** means health care services that a Provider, exercising prudent clinical judgment, would provide to a patient for the purpose of evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and that are:

1. Appropriate and consistent with the diagnosis of the treating Provider and the omission of which could adversely affect the patient's medical condition,
2. Compatible with the standards of acceptable medical practice in the United States,
3. Provided in a safe, appropriate and cost-effective setting given the nature of the diagnosis and the severity of the symptoms,
4. Not provided solely for the convenience of the beneficiary or family, or the convenience of any health care Provider,
5. Not primarily custodial care
6. There is no other effective and more conservative or substantially less costly treatment service and setting available, and
7. The service is not experimental, investigational or cosmetic in nature.

This is for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms. Those services must be deemed by Molina to be:

1. In accordance with generally accepted standards of medical practice;

2. Clinically appropriate and clinically significant, in terms of type, frequency, extent, site and duration. They are considered effective for the patient's illness, injury or disease; and
3. Not primarily for the convenience of the patient, physician, or other health care Providers. The services must not be more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury or disease.

For these purposes, "generally accepted standards of medical practice" means standards that are based on credible scientific evidence published in peer-reviewed medical literature. This literature is generally recognized by the relevant medical community, physician specialty society recommendations, the views of physicians practicing in relevant clinical areas and any other relevant factors.

The fact that a Provider has prescribed, recommended or approved medical or allied goods or services does not, in itself, make such care, goods or services Medically Necessary, a Medical Necessity or a Covered Service/Benefit.

This is for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms. Those services must be deemed by Molina to be:

1. In accordance with generally accepted standards of medical practice;
2. Clinically appropriate and clinically significant, in terms of type, frequency, extent, site and duration. They are considered effective for the patient's illness, injury or disease; and,
3. Not primarily for the convenience of the patient, physician, or other health care Provider. The services must not be more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury or disease.

For these purposes, "generally accepted standards of medical practice" means standards that are based on credible scientific evidence published in peer-reviewed medical literature. This literature is generally recognized by the relevant medical community, physician specialty society recommendations, the views of physicians practicing in relevant clinical areas and any other relevant factors.

The fact that a Provider has prescribed, recommended or approved medical or allied goods or services does not, in itself, make such care, goods or services medically necessary, a medical necessity or a covered service/benefit.

Medical Necessity Review

Molina only reimburses for services that are medically necessary. Medical necessity review may take place prospectively, as part of the inpatient admission notification/concurrent review, or retrospectively. To determine medical necessity, in conjunction with independent professional medical judgment, Molina uses nationally recognized, evidence-based guidelines, third party guidelines, CMS guidelines, state

guidelines, guidelines from recognized professional societies, and advice from authoritative review articles and textbooks

Levels of Administrative and Clinical Review

The Molina review process begins with administrative review followed by clinical review if appropriate. The administrative review includes verifying eligibility, appropriate vendor or Participating Provider, and benefit coverage.

- Verifying Member eligibility.
- Requested service is a covered benefit.
- Requested service is within the Provider's scope of practice.
- The requested covered service is directed to the most appropriate contracted specialist, facility or vendor.

The Clinical review includes medical necessity and level of care.

- Requested service is not experimental or investigation in nature.
- Servicing Provider can provide the service in a timely manner.
- The receiving specialist(s) and/or hospital is/are provided the required medical information to evaluate a Member's condition.
- Medical necessity criteria (according to accepted, nationally-recognized resources) is met.
- The service is provided at the appropriate level of care in the appropriate facility; e.g., outpatient versus inpatient or at appropriate level of inpatient care.
- Continuity and coordination of care is maintained.
- The PCP is kept apprised of service requests and of the service provided to the Member by other Providers.

All UM requests that may lead to a denial are reviewed by a healthcare professional at Molina (medical director, pharmacy director, or appropriately licensed health professional).

Molina's Provider training includes information on the UM processes and Authorization requirements.

Clinical Information

Molina requires copies of clinical information be submitted for documentation in all medical necessity determination processes. Clinical information includes but is not limited to; physician emergency department notes, inpatient history/physical exams, discharge summaries, physician progress notes, physician office notes, physician orders, nursing notes, results of laboratory or imaging studies, therapy evaluations and therapist notes. Molina does not accept clinical summaries, telephone summaries or inpatient case manager criteria reviews as meeting the clinical information requirements unless State or Federal regulations allows such documentation to be acceptable.

Prior Authorization

Molina requires prior authorization for specified services as long as the requirement complies with Federal or State regulations and the Molina Hospital or Provider Services Agreement. The list of services that require prior authorization is available in narrative form, along with a more detailed list by CPT and HCPCS codes. Molina prior authorization documents are customarily updated quarterly, but may be updated more frequently as appropriate, and are posted on the Molina website at MolinaHealthcare.com.

Providers are encouraged to use the Molina prior authorization form provided on the Molina web site. If using a different form, the prior authorization request must include the following information:

- Member demographic information (name, date of birth, Molina ID number.
- Provider demographic information (referring Provider and referred to Provider/facility)
- Member diagnosis and ICD-10 codes
- Requested service/procedure, including all appropriate CPT and HCPCS.
- Location where service will be performed
- Clinical information sufficient to document the medical necessity of the requested service is required including:
 - Pertinent medical history (include treatment, diagnostic tests, examination data)
 - Requested length of stay (for inpatient requests)
 - Rational for expedited processing

Prior authorization for services may be submitted by a provider up to 90 days in advance of the service and once all medical necessity clinical information is available. Services provided emergently (as defined by Federal and State Law) are excluded from the prior authorization requirements. However, providers must submit a request for authorization within 24 hours of an emergent or urgent inpatient admission. Services performed without authorization may not be eligible for payment. However, Molina has the capability and established procedures to receive a retrospective review request by web-based submission, facsimile, or mail. A retrospective review is performed when a service has been provided and no authorization is obtained, or at the discretion of the Division of Medicaid. (The Division provides retrospective eligibility review for a member that was not eligible for CHIP benefits at the time of service.)

Molina makes UM decisions in a timely manner to accommodate the urgency of the situation as determined by the Member's clinical situation.

For expedited request for authorization, a determination is made as promptly as the Member's health requires and no later than twenty-four (24) hours after we receive the initial request for service in the event a Provider indicates, or if we determine that a standard authorization decision timeframe could jeopardize a Member's life or health. For a standard authorization request, Molina makes the determination and provide within three (3) calendar days and/or two (2) business days.

Peer-to-Peer review of an adverse determination may be requested if the Provider directing the Member's care wishes to provide additional information related to the authorization request. The requesting Provider has five (5) business days from the receipt of the denial notification to schedule the review. Requests can be made by contacting Molina at (844) 826-4335.

CHIP	
Type of Request	Decision
<p>CHIP Routine (Non-urgent) Pre-Service</p> <ul style="list-style-type: none"> All necessary information received at time of initial request 	<p>Molina will provide a decision within 3 calendar days and/or 2 business days of receipt of request for service. If Molina requires additional medical information in order to make a decision, Molina will notify the requesting Provider of additional medical information needed and Molina will allow three (3) calendar days and/or two (2) business for the requesting Provider to submit the medical information. If Molina does not receive the additional medical information, Molina will make a second attempt to notify the requestor of the additional medical information needed and Molina will allow one (1) business day or three (3) calendar days) for the requestor to submit the requested medical information to Molina.</p>

Providers who request prior authorization approval for patient services and/or procedures may request to review the criteria used to make the final decision. Molina has a full-time Medical Director available to discuss Medical Necessity decisions with the requesting Provider at (844) 826-4335.

Referrals: PCPs are able to refer a Member to a contracted specialist for consultation and treatment without a referral request to Molina.

Requesting Prior Authorization

Provider Portal: Participating Providers are encouraged to use the Molina Provider Portal for prior authorization submissions whenever possible. Instructions for how to submit a prior authorization request are available on the Provider Portal. The prior authorization functionality on the Provider Portal includes:

- Create and submit service/prior authorization requests
- Check status of service/authorization requests
- Receive notification of change in status of service/authorization requests
- Attach medical documentation required for timely medical review and decision making for service/authorization requests

Fax: The Prior Authorization Request Form can be faxed to Molina at: (844) 207-1620 (Outpatient) or (844) 207-1622 (Inpatient).

Phone: prior authorization requests can be initiated by contacting Molina's Healthcare Services Department at (844) 826-4335. It may be necessary to submit additional documentation before the authorization can be processed.

Mail: prior authorization requests and supporting documentation can be submitted via U.S. Mail at the following address:

Molina Healthcare of Mississippi
Attn: Healthcare Services Dept.
188 E. Capitol St. Suite 700
Jackson, MS 39201

Emergency Services

Emergency Services means: Covered inpatient and outpatient services, inclusive of dialysis services, that are furnished by a Provider that is qualified to furnish these services under CHIP and needed to evaluate or stabilize an Emergency Medical Condition.

Emergency Medical Condition or Emergency means: A medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in (i) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy, (ii) serious impairment to bodily functions, or (iii) serious dysfunction of any bodily organ or part.

A medical screening exam performed by licensed medical personnel in the emergency department and subsequent Emergency Services rendered to the Member do not require prior authorization from Molina.

Emergency Services are covered on a twenty-four (24) hour basis without the need for prior authorization for all Members experiencing an Emergency Medical Condition.

Molina accomplishes this service by providing a twenty-four (24) hour Nurse Advise line for post business hours. In addition, the 911 information is given to all Members at the onset of any call to the plan.

For Members within our service area: Molina contracts with vendors that provide twenty-four (24) hour Emergency Services for ambulance and hospitals. An out of network emergency hospital stay will be covered until the Member has stabilized sufficiently to transfer to a participating facility. Services provided after stabilization in a non-participating facility are not covered and the Member will be responsible for payment.

Members over-utilizing the emergency department will be contacted by Molina Case Managers to provide assistance whenever possible and determine the reason for using Emergency Services.

Case Managers will also contact the PCP to ensure that Members are not accessing the emergency department because of an inability to be seen by the PCP.

Inpatient Management

Elective Inpatient Admissions

Molina requires prior authorization for all elective/scheduled inpatient admissions and procedures to any facility. Facilities are required to also notify Molina within 24 hours or by the following business day once the admission has occurred for concurrent review.

Elective inpatient admission services performed without prior authorization may not be eligible for payment.

Emergent Inpatient Admissions

Molina requires notification of all emergent inpatient admissions within twenty-four (24) hours of admission or by the following business day. Notification of admission is required to verify eligibility, authorize care, including level of care (LOC), and initiate concurrent review and discharge planning. Molina requires that notification includes Member demographic information, facility information, date of admission and clinical information sufficient to document the medical necessity of the admission. Emergent inpatient admission services performed without meeting notification, medical necessity requirements or failure to include all of the needed clinical documentation to support the need for an inpatient admission will result in a denial of authorization for the inpatient stay.

Inpatient at time of Termination of Coverage

If a Member's coverage with Molina terminates during a hospital stay, all services received after their termination of eligibility are not covered services.

Inpatient/Concurrent Review

Molina performs concurrent inpatient review to ensure medical necessity of ongoing inpatient services, adequate progress of treatment and development of appropriate discharge plans. Performing these functions requires timely clinical information updates from inpatient facilities. Molina will request updated clinical records from inpatient facilities at regular intervals during a Member's inpatient stay. Molina requires that requested clinical information updates be received by Molina from the inpatient facility within twenty-four (24) hours of the request. Failure to provide timely clinical information updates may result in denial of authorization for the remainder of the inpatient admission dependent on the Provider contract terms and agreements.

Molina will authorize hospital care as an inpatient, when the clinical record supports the medical necessity for the need for continued hospital stay. It is the expectation observation has been tried in those patients that require a period of treatment or assessment, pending a decision regarding the need for additional care, and the observation level of care has failed. Upon discharge the Provider must provide Molina with a copy of Member's discharge summary to include demographic information, date of discharge, discharge plan and instructions, and disposition.

Inpatient Status Determinations

Molina's UM staff follow CMS guidelines to determine if the collected clinical information for requested services are "reasonable and necessary for the diagnosis or treatment of an illness or injury or to improve the functioning of malformed body member" by meeting all coverage, coding and medical necessity requirements (refer to the Medical Necessity Standards section of this manual).

Discharge Planning

The goal of discharge planning is to initiate cost-effective, quality-driven treatment interventions for post-hospital care at the earliest point in the admission.

UM staff work closely with the hospital discharge planners to determine the most appropriate discharge setting for our Members. The clinical staff review medical necessity and appropriateness for home health, infusion therapy, durable medical equipment (DME), skilled nursing facility and rehabilitative services.

Readmissions

Readmission review is an important part of Molina's Quality Improvement Program to ensure that Molina Members are receiving hospital care that is compliant with nationally recognized guidelines as well as Federal and State regulations.

Molina will conduct readmission reviews for participating hospitals when both admissions occur at the same acute inpatient facility within the state regulatory requirement dates. If it is determined that the subsequent admission is related to the first admission (readmission) and determined to be preventable, then a single payment may be considered as payment in full for both the first and second hospital admissions.

- A Readmission is considered potentially preventable if it is clinically related to the prior admission and includes the following circumstances:
 - Premature or inadequate discharge from the same hospital;
 - Issues with transition or coordination of care from the initial admission;
 - For an acute medical complication plausibly related to care that occurred during the initial admission.

- Readmissions that are excluded from consideration as preventable readmissions include:
 - Planned readmissions associated with major or metastatic malignancies, multiple trauma, and burns.
 - Certain chronic conditions for which subsequent Readmissions are often either not preventable or are expected to require significant follow-up care.
 - Neonatal and obstetrical Readmissions.
 - Initial admissions with a discharge status of "left against medical advice" because the intended care was not completed.
 - Behavioral Health readmissions.

When a subsequent admission to the same facility with the same or similar diagnosis occurs within twenty-four (24) hours of discharge, the hospital will be informed that the readmission will be combined with the initial admission and will be processed as a continued stay.

Exceptions

1. The readmission is determined to be due to an unrelated condition from the first inpatient admission AND there is no evidence that premature or inadequate discharge, transition or coordination of care from the initial admission necessitated the second admission.
2. The readmission is part of a medically necessary, prior authorized or staged treatment plan.
3. There is clear medical record documentation that the patient left the hospital AMA during the first hospitalization prior to completion of treatment and discharge planning.

Non-Network Providers and Services

Molina maintains a contracted network of qualified health care professionals who have undergone a comprehensive credentialing process in order to provide medical care for Molina Members. Molina requires Members to receive medical care within the participating, contracted network of Providers unless it is for Emergency Services as defined by Federal Law. If there is a need to go to a non-contracted Provider, all care provided by non-contracted, non-network Providers must be prior authorized by Molina. Non-network Providers may provide Emergency Services for a Member who is temporarily outside the service area, without prior authorization or as otherwise required by Federal or State Laws or regulations.

“Emergency Services” means Covered inpatient and outpatient services, inclusive of dialysis services, that are furnished by a Provider that is qualified to furnish these services under Medicaid and needed to evaluate or stabilize an Emergency Medical Condition.

Post Service Review

Failure to obtain authorization when required will result in denial of payment for those services. The only possible exception for payment as a result of post-service review is if information is received indicating the Provider did not know nor reasonably could have known that patient was a Molina Member or there was a Molina error, a Medical Necessity review will be performed. Decisions, in this circumstance, will be based on medical need, appropriateness of care guidelines defined by UM policies and criteria, regulation, guidance and evidence-based criteria sets.

Specific Federal or State requirements or Provider contracts that prohibit administrative denials supersede this policy.

Affirmative Statement about Incentives

All medical decisions are coordinated and rendered by qualified physicians and licensed staff unhindered by fiscal or administrative concerns. Molina and its delegated contractors do not use incentive arrangements to reward the restriction of medical care to Members.

Molina affirms that all UM decision making is based solely on appropriateness of care and service and existence of coverage for its Members, and not on the cost of the service to either Molina or the delegated group. Molina does not specifically reward Providers or other individuals for issuing denials of coverage or care.

Open Communication about Treatment

Molina prohibits contracted Providers from limiting Provider or Member communication regarding a Member’s health care. Providers may freely communicate with, and act as an advocate for their patients. Molina requires provisions within Provider contracts that prohibit solicitation of Members for alternative coverage arrangements for the primary purpose of securing financial gain. No communication regarding treatment options may be represented or construed to expand or revise the scope of benefits under a health plan or insurance contract.

Molina and its contracted Providers may not enter into contracts that interfere with any ethical responsibility or legal right of Providers to discuss information with a Member

about the Member's health care. This includes, but is not limited to, treatment options, alternative plans or other coverage arrangements.

Delegated Utilization Management Functions

Molina may delegate UM functions to qualifying Medical Groups/IPAs and delegated entities. They must have the ability to meet, perform the delegated activities and maintain specific delegation criteria in compliance with all current Molina policies and regulatory and certification requirements. For more information about delegated UM functions and the oversight of such delegation, please refer to the Delegation section of this Provider Manual.

Communication and Availability to Members and Providers

During business hours HCS staff is available for inbound and outbound calls through an automatic rotating call system triaged by designated staff by calling (844) 826-4335 during normal business hours, Monday through Friday (except for Holidays) from 7:30 a.m. to 6:00 p.m. All staff Members identify themselves by providing their first name, job title, and organization.

Molina offers TTY/TDD services for Members who are deaf, hard of hearing, or speech impaired. Language assistance is also always available for Members.

After business hours, Providers can also utilize fax and the Provider Portal for UM access.

Molina's Nurse Advice Line is available to Members and Providers twenty-four (24) hours a day, seven (7) days a week at (888) 275-8750. Molina's Nurse Advice Line handles urgent and emergent after-hours UM calls. Primary Care Providers (PCPs) are notified via fax of all Nurse Advice Line encounters.

Out of Network Providers and Services

Molina maintains a contracted network of qualified health care professionals who have undergone a comprehensive credentialing process in order to provide medical care to Molina Members. Molina requires Members to receive medical care within the participating, contracted network of Providers unless it is for Emergency Services as defined by Federal Law. If there is a need to go to a non-contracted Provider, all care provided by non-contracted, non-network Providers must be prior authorized by Molina. Non-network Providers may provide Emergency Services for a Member who is temporarily outside the service area, without prior authorization or as otherwise required by Federal or State Laws or regulations

Coordination of Care and Services

Molina HCS staff work with Providers to assist with coordinating referrals, services and benefits for Members who have been identified for Molina's Integrated Care Management (ICM) program via assessment, self-referral, provider referral, etc.. It is the responsibility of contracted Providers to assess Members and with the participation of the Member and/or their authorized representative(s), create an individualized care plan (ICP). The ICP is documented in the medical record and is updated as conditions, needs and/or health status change. In addition, the coordination of care process assists

Molina Members, as necessary, in transitioning to other care when benefits end. The process includes mechanisms for identifying Molina Members whose benefits are ending and are in need of continued care.

Molina staff assists Providers by identifying needs and issues that may not be verbalized by Providers, assisting to identify resources such as community programs, national support groups, appropriate specialists and facilities, identifying best practice or new and innovative approaches to care. Care coordination by Molina staff is done in partnership with Providers, Members and/or their authorized representative(s) to ensure efforts are efficient and non-duplicative.

There are two (2) main coordination of care processes for Molina Members. The first occurs when a new Member enrolls in Molina and needs to transition current medical care to Molina contracted Providers. Mechanisms within the enrollment process identify the Members and the Member & Provider Contact Center (M&PCC) to assist in obtaining authorizations, transferring to contracted DME vendors, receiving approval for prescription medications, etc. The second coordination of care process occurs when a Molina Member's benefits will be ending, and they need assistance in transitioning to other care. The process includes mechanisms for identifying Molina Members whose benefits are ending and are in need of continued care.

Continuity of Care and Transition of Members

It is Molina's policy to provide Members with advance notice when a Provider they are seeing will no longer be in network. Members and Providers are encouraged to use this time to transition care to an in-network Provider. The Provider leaving the network shall provide all appropriate information related to course of treatment, medical treatment, etc. to the Provider(s) assuming care. Under certain circumstances, Members may be able to continue treatment with the out of network Provider for a given period of time and provide continued services to Members undergoing a course of treatment by a Provider that has terminated their contractual agreement if the following conditions exist at the time of termination.

- Acute condition or serious chronic condition – Following termination, the terminated Provider will continue to provide Covered Services to the Member up to ninety (90) days or longer if necessary, for a safe transfer to another Provider as determined by Molina or its delegated Medical Group/IPA.
- High risk of second or third trimester pregnancy – The terminated Provider will continue to provide services following termination until postpartum services related to delivery are completed or longer if necessary, for a safe transfer.

For additional information regarding continuity of care and transition of Members, please contact Molina at (844) 826-4335.

Reporting of Suspected Abuse and/or Neglect

A vulnerable adult is a person who is receiving or may be in need of receiving community care services by reason of mental or other disability, age or illness; and who is or may be unable to take care of him or herself, or unable to protect him or herself against significant harm or exploitation. When working with children one may encounter situations suggesting abuse, neglect and/or unsafe living environments.

Every person who knows or has reasonable suspicion that a child or adult is being abused or neglected must report the matter immediately. Specific professionals mentioned under the law as mandated reporters are:

- Physicians, dentists, interns, residents, or nurses
- Public or private school employees or child care givers
- Psychologists, social workers, family protection workers, or family protection specialists
- Attorneys, ministers, or law enforcement officers

Suspected abuse and/or neglect should be reported as follows:

Child Abuse:

The Mississippi Abuse, Neglect, and Exploitation Reporting System, Centralized Intake, Department of Human Services:

(800) 222-8000

Or <https://reportabuse.mdcps.ms.gov>

Adult Abuse:

Mississippi Department of Human Services:

(844) 437-6282

Molina's HCS teams will work with PCPs and Medical Groups/IPA and other delegated entities who are obligated to communicate with each other when there is a concern that a Member is being abused. Final actions are taken by the PCP/Medical Group/IPA, other delegated entities or other clinical personnel. Under State and Federal Law, a person participating in good faith in making a report or testifying about alleged abuse, neglect, abandonment, financial exploitation or self-neglect of a vulnerable adult in a judicial or administrative proceeding may be immune from liability resulting from the report or testimony.

Molina will follow up with Members that are reported to have been abused, exploited or neglected to ensure appropriate measures were taken, and follow up on safety issues. Molina will track, analyze, and report aggregate information regarding abuse reporting to the Healthcare Services Committee and the proper State agency.

Continuity and Coordination of Provider Communication

Molina stresses the importance of timely communication between Providers involved in a Member's care. This is especially critical between specialists, including behavioral health Providers, and the Member's PCP. Information should be shared in such a manner as to facilitate communication of urgent needs or significant findings.

Case Management

Molina Case Management includes Health Management (HM) and Care Management (CM) programs and is available to all Molina Members.

Care Management (CM)

The CM program focuses on procuring and coordinating the care, services, and resources needed by Members with complex needs through a continuum of care. Molina adheres to Case Management Society of America Standards of Practice Guidelines in its execution of the program.

The Molina care managers are licensed professionals and are educated, trained and experienced in the care management process. The CM program is based on a Member advocacy philosophy, designed and administered to assure the Member value-added coordination of health care and services, to increase continuity and efficiency, and to produce optimal outcomes. The CM program is individualized to accommodate a Member's needs with collaboration from the Member's PCP. The Molina care manager will arrange individual services for Members whose needs include ongoing medical care, home health care, rehabilitation services, and preventive services. The Molina care manager is responsible for assessing the Member's appropriateness for the CM program and making a recommendation for a treatment plan.

Referral to care management: Members with high-risk medical and behavioral conditions and/or other care needs may be referred by their PCP or specialty care Provider to the CM program. The care manager works collaboratively with all Members of the health care team, including the PCP, hospital UM staff, discharge planners, specialist Providers, ancillary Providers, the local Health Department and other community resources. The referral source provides the care manager with demographic, health care and social data about the Member being referred.

Members with the following conditions could benefit from care management and should be referred to the Molina CM Program for evaluation:

- High-risk pregnancy, including Members with a history of a previous preterm delivery
- Catastrophic medical conditions (e.g. neoplasm, organ/tissue transplants)
- Chronic illness (e.g. asthma, diabetes, End Stage Renal Disease)
- Serious and Persistent Mental Illness and Substance Use Disorders
- Preterm births
- High-technology home care requiring more than two weeks of treatment
- Member accessing ER services inappropriately

Referrals to the CM program may be made by contacting Molina at:

Phone: (844) 826-4335

Fax: (844) 206-0435

PCP Responsibilities in Care Management Referrals

The Member's PCP is the primary leader of the health team involved in the coordination and direction of services for the Member. The care manager provides the PCP with reports, updates, and information regarding the Member's progress through the care plan. The PCP is responsible for the provision of preventive services and for the primary medical care of Members.

Case Manager Responsibilities

The care manager collaborates with the Member and all resources involved in the Member's care to develop ICP that includes recommended interventions from Member's interdisciplinary care team (ICT). CP interventions include links to appropriate institutional and community resources, to address medical and psychosocial needs and/or barriers to accessing care, care coordination to address Member's health care goals, health education to support self-management goals, and a statement of expected outcomes. Jointly, the care manager, Providers, and the Member/authorized representative(s) are responsible for implementing the plan of care. Additionally the care manager:

- Monitors and communicates the progress of the implemented plan of care to all involved resources
- Serves as a coordinator and resource to the health care team throughout the implementation of the plan, and revises the plan as suggested and needed
- Coordinates appropriate education and encourages the Member's role in self-help.
- Monitors progress toward the Member's achievement of treatment plan goals in order to determine an appropriate time for the Member's discharge from the CM program.

Health Management

The tools and services described here are educational support for Molina Members. We may change them at any time as necessary to meet the needs of Molina Members.

Health Education/Disease Management

Molina offers programs to help our Members and their families manage a diagnosed health condition. You as a Provider also help us identify Members who may benefit from these programs. Members can request to be enrolled or dis-enrolled in these programs. Our programs include:

- Asthma management
 - Diabetes management
 - High blood pressure management
 - Cardiovascular Disease (CVD) management/Congestive Heart Disease
 - Chronic Obstructive Pulmonary Disease (COPD) management
 - Depression management
 - Obesity
 - Weight Management
 - Smoking Cessation
 - Organ Transplant
 - Serious and Persistent Mental Illness (SPMI) and Substance Use Disorder
- Maternity Screening and High-Risk Obstetrics

Pregnancy Notification Process

The PCP shall submit to Molina the Pregnancy Notification Report Form (available at www.MolinaHealthcare.com) within one (1) working day of the first prenatal visit and/or positive pregnancy test. The form should be faxed to Molina at **(844) 206-0435**.

Member Newsletters

Member Newsletters are posted on the MolinaHealthcare.com website.. The articles are about topics asked by Members. The tips are aimed to help Members stay healthy.

Member Health Education Materials

Members are able to access our easy-to-read materials are about nutrition, preventive services guidelines, stress management, exercise, cholesterol management, asthma, diabetes and other topics. To get these materials, Members are directed to ask their doctor or visit our website.

Program Eligibility Criteria and Referral Source

Health Management Programs are designed for Molina Members with a confirmed diagnosis. Members participate in programs for the duration of their eligibility with the plan's coverage or until the Member opts out. Identified Members will receive targeted outreach such as educational newsletters, telephonic outreach or other materials to access information on their condition. The program model provides an "opt-out" option for Members who contact Molina Member Services and request to be removed from the program.

Multiple sources are used to identify the total eligible population. These may include the following:

- Pharmacy Claims data for all classifications of medications;
- Encounter Data or paid Claim with a relevant CMS accepted diagnosis or procedure code;
- Member Services welcome calls made by staff to new Member households and incoming Member calls have the potential to identify eligible program participants. Eligible Members are referred to the program registry;
- Member Assessment calls made by staff for the initial Health Risk Assessments (HRA) for newly enrolled Members;
- Provider referral;
- Nurse Advice referral;
- Medical Case Management or Utilization Management; and
- Member self-referral due to general plan promotion of program through Member newsletter, the Nurse Advice Line or other Member communication

Provider Participation

Contracted Providers are notified as appropriate, when their patients are enrolled in a health management program. Provider resources and services may include:

- Annual Provider feedback letters containing a list of patients identified with the relevant disease;
- Clinical resources such as patient assessment forms and diagnostic tools;
- Patient education resources;
- Provider Newsletters promoting the health management programs, including how to enroll patients and outcomes of the programs;

- Clinical Practice Guidelines¹; and
- Preventive Health Guidelines;

Additional information on health management programs is available from your local Molina HCS Department toll free at (844) 826-4335.

Care Management (CM)

Molina provides a comprehensive ICM program to all Members who meet the criteria for services. The CM program focuses on procuring and coordinating the care, services, and resources needed by Members through a continuum of care. Molina adheres to Case Management Society of America Standards of Practice Guidelines in its execution of the program.

The Molina case managers may be licensed professionals and are educated, trained and experienced in the Care Management process. The CM program is based on a Member advocacy philosophy, designed and administered to assure the Member value-added coordination of health care and services, to increase continuity and efficiency, and to produce optimal outcomes. The ICM program is individualized to accommodate a Member's needs with collaboration and approval from the Member's PCP. The Molina case manager will arrange individual services for Members whose needs include ongoing medical care, home health care, rehabilitation services, and preventive services. The Molina case manager is responsible for assessing the Member's appropriateness for the ICM program and for notifying the PCP of the evaluation results, as well as making a recommendation for a treatment plan.

Referral to Care Management: Members with high-risk medical conditions and/or other care needs may be referred by their PCP or specialty care Provider to the CM program. The case manager works collaboratively with all Members of the integrated care team (ICT), including the PCP, hospital UM staff, discharge planners, specialist Providers, ancillary Providers, the local Health Department and other community resources. The referral source provides the case manager with demographic, health care and social data about the Member being referred.

Members with the following conditions may qualify for Care Management and should be referred to the Molina ICM Program for evaluation:

- High-risk pregnancy, including Members with a history of a previous preterm delivery
- Catastrophic medical conditions (e.g. neoplasm, organ/tissue transplants)
- Chronic illness (e.g. asthma, diabetes, End Stage Renal Disease)
- Preterm births
- High-technology home care requiring more than two weeks of treatment
- Member accessing Emergency Department services inappropriately
- Children with Special Health Care Needs

Referrals to the ICM program may be made by contacting Molina at:

¹ Clinical Practice Guidelines can be accessed via the "Health Resources" tab on the MolinaHealthcare.com website. When a condition is selected, Providers are able to view a PDF identifying the source of the evidence-based guideline, details about when Molina adopted it, and access a link to the guideline from its source.

Phone: 1-844-826-4335
Fax: 1-844-206-0435

Section 8. Quality

Maintaining Quality Improvement Processes and Programs

Molina maintains a Quality Department to work with Members and Providers in administering the Molina Quality Improvement Program. You can contact the Molina Quality Department toll free at (844) 826-4335.

The address for mail requests is:

Molina Healthcare of Mississippi, Inc.
Quality Department
188 E. Capitol St. Suite 700
Jackson, MS 39201

This Manual contains excerpts from the Molina Quality Improvement Program. For a complete copy of Molina's Quality Improvement Program, you can contact your Provider Services Representative or call the telephone number above to receive a written copy.

Molina has established a Quality Improvement Program that complies with regulatory and accreditation guidelines. The Quality Improvement Program provides structure and outlines specific activities designed to improve the care, service and health of our Members.

Molina does not delegate Quality activities to Medical Groups/IPAs. However, Molina requires contracted Medical Groups/IPAs to comply with the following core elements and standards of care and to:

- Have a QIP in place;
- Comply with and participate in Molina's Quality Improvement Program including reporting of Access and Availability survey and activity results and provision of medical records as part of the HEDIS® review process and during Potential Quality of Care and/or Critical Incident investigations; and
- Allow access to Molina Quality personnel for site and medical record review processes.

Patient Safety Program

Molina's Patient Safety Program identifies appropriate safety projects and error avoidance for Molina Members in collaboration with their PCPs. Molina continues to support safe personal health practices for our Members through our safety program, pharmaceutical management and case management/disease management programs and education. Molina monitors nationally recognized quality index ratings for facilities including adverse events and hospital acquired conditions as part of a national strategy to improve health care quality mandated by the Patient Protection and Affordable Care Act (ACA). Health and Human Services (HHS) is to identify areas that have the potential for improving health care quality to reduce the incidence of events.

Quality of Care

Molina has an established and systematic process to identify, investigate, review and report any Quality of Care, Adverse Event/Never Event, Critical Incident (as applicable),

and/or service issues affecting Member care. Molina will research, resolve, track and trend issues. Confirmed Adverse Events/Never Events are reportable when related to an error in medical care that is clearly identifiable, preventable and/or found to have caused serious injury or death to a patient. Some examples of never events include:

- Surgery on the wrong body part.
- Surgery on the wrong patient.
- Wrong surgery on a patient.

Medical Records

Molina requires that medical records are maintained in a manner that is current, detailed and organized to ensure that care rendered to Members is consistently documented and that necessary information is readily available in the medical record. All entries will be indelibly added to the Member's record. PCPs should maintain the following components:

- Medical record confidentiality and release of medical records are maintained including behavioral health care records;
- Medical record content and documentation standards are followed, including preventive health care;
- Storage maintenance and disposal processes are maintained; and
- Process for archiving medical records and implementing improvement activities is outlined.

Medical Record Keeping Practices

Below is a list of the minimum items that are necessary in the maintenance of the Member's Medical records:

- Each patient has a separate record
- Medical records are stored away from patient areas and preferably locked
- Medical records are available at each visit and archived records are available within twenty-four (24) hours
- If hardcopy, pages are securely attached in the medical record and records are organized by dividers or color-coded when thickness of the record dictates
- If electronic, all those with access have individual passwords
- Record keeping is monitored for Quality and HIPAA compliance
- Storage maintenance for the determined timeline and disposal per record management processes
- Process for archiving medical records and implementing improvement activities
- Medical records are kept confidential and there is a process for release of medical records including behavioral health care records

Content

Providers must remain consistent in their practices with Molina's medical record documentation guidelines. Medical records are maintained and should include the following information:

- Member name, date of birth, sex, marital status, address, employer, home and work telephone numbers, and emergency contact

- Legible signatures and credentials of provider and other staff members within a paper chart;
- All providers who participate in the member's care;
- Information about services delivered by these providers;
- A problem list that describes the member's medical and behavioral health conditions;
- Presenting complaints, diagnoses, and treatment plans, including follow-up visits and referrals to other providers;
- Prescribed medications, including dosages and dates of initial or refill prescriptions;
- Allergies and adverse reactions (or notation that none are known);
- Documentation that Advanced Directives, Power of Attorney and Living Will have been discussed with member, and a copy of Advance Directives when in place;
- Past medical and surgical history, including physical examinations, treatments, preventive services and risk factors;
- Treatment plans that are consistent with diagnosis;
- A working diagnosis that is recorded with the clinical findings;
- Pertinent history for the presenting problem;
- Pertinent physical exam for the presenting problem;
- Lab and other diagnostic tests that are ordered as appropriate by the practitioner;
- Clear and thorough progress notes that state the intent for all ordered services and treatments;
- Notations regarding follow-up care, calls or visits. The specific time of return is noted in weeks, months or as needed, included in the next preventative care visit when appropriate;
- Notes from consultants if applicable;
- Up-to-date immunization records and documentation of appropriate history;
- All staff and provider notes are signed physically or electronically with either name or initials;
- All entries are dated;
- All abnormal lab/imaging results show explicit follow up plan(s);
- All ancillary services reports;
- Documentation of all emergency care provided in any setting;
- Documentation of all hospital admissions, inpatient and outpatient, including the hospital discharge summaries, hospital history and physicals and operative report;
- Labor and Delivery Record for any child seen since birth; and,
- A signed document stating with whom protected health information may be shared.

Organization

- The medical record is legible to someone other than the writer;
- Each patient has an individual record;
- Chart pages are bound, clipped, or attached to the file;
- Chart sections are easily recognized for retrieval of information; and
- A release document for each Member authorizing Molina to release medial information for facilitation of medical care.

Retrieval

- The medical record is available to Provider at each Encounter;

- The medical record is available to Molina for purposes of Quality Improvement;
- The medical record is available to Mississippi Division of Medicaid and the External Quality Review Organization upon request;
- The medical record is available to the Member upon their request;
- A storage system for inactive Member medical records which allows retrieval within twenty-four (24) hours, is consistent with State and Federal requirements, and the record is maintained for not less than then (10) years from the last date of treatment or for a minor, one (1) year past their twentieth (20th) birthday, but never less than ten (10) years.
- An established and functional data recovery procedure in the event of data loss.

Confidentiality

Molina Providers shall develop and implement confidentiality procedures to guard Member protected health information, in accordance with HIPAA privacy standards and all other applicable Federal and State regulations. This should include, and is not limited to, the following:

- Ensure that medical information is released only in accordance with applicable Federal or State Law in pursuant to court orders or subpoenas;
- Maintain records and information in an accurate and timely manner;
- Ensure timely access by Members to the records and information that pertain to them;
- Abide by all Federal and State Laws regarding confidentiality and disclosure of medical records or other health an enrollment information;
- Medical Records are protected from unauthorized access;
- Access to computerized confidential information is restricted; and
- Precautions are taken to prevent inadvertent or unnecessary disclosure of protected health information.
- Education and training for all staff on handling and maintain protected health information (PHI)

Additional information on medical records is available from your local Molina Quality department toll free at (844) 826-4335. See also the Compliance Section of this Manual for additional information regarding the Health Insurance Portability and Accountability Act (HIPAA).

Access to Care

Molina maintains access to care standards and processes for ongoing monitoring of access to health care (including behavioral health care) provided by contracted primary PCPs (adult and pediatric) and participating specialist (to include OB/GYN, behavioral health Providers, and high volume and high impact specialists). Providers are required to conform to the Access to Care appointment standards listed below to ensure that health care services are provided in a timely manner. The standards are based on ninety percent (90%) availability for Emergency Services and ninety percent (90%) or greater for all other services. The PCP or his/her designee must be available twenty-four (24) hours a day, seven (7) days a week to Members.

Appointment Access

All Providers who oversee the Member's health care are responsible for providing the following appointments to Molina Members in the timeframes noted:

Medical Appointment Types	Standard
Routine, asymptomatic	Within thirty (30) calendar days
Routine, symptomatic	Within seven (7) calendar days
Urgent Care	Within twenty-four (24) hours
After Hours Care	Twenty-four (24) hours/day; seven (7) day/week availability
Specialty Care (High Volume)	Within forty-five (45) calendar days
Specialty Care (High Impact)	Within forty-five (45) calendar days
Urgent Specialty Care	Within twenty-four (24) hours
Behavioral Health Appointment Types	Standard
Life Threatening Emergency	Immediately
Non-life-Threatening Emergency	Within six (6) hours
Urgent Care	Within twenty-four (24) hours
Routine Care	Within fourteen (14) calendar days
Follow-up Routine Care	Within seven (7) calendar days

Additional information on appointment access standards is available from your local Molina Quality Department toll free at (844) 826-4335.

Office Wait Time

For scheduled appointments, the wait time in offices should not exceed forty-five (45) minutes. All PCPs are required to monitor waiting times and adhere to this standard.

After Hours

All Providers must have back-up (on call) coverage after hours or during the Provider's absence or unavailability. Molina requires Providers to maintain a twenty-four (24) hour phone service, seven (7) days a week. This access may be through an answering service or a recorded message after office hours. The service or recorded message should instruct Members with an Emergency to hang-up and call 911 or go immediately to the nearest emergency room.

Appointment Scheduling

Each Provider must implement an appointment scheduling system. The following are the minimum standards:

1. The Provider must have an adequate telephone system to handle patient volume. Appointment intervals between patients should be based on the type of service provided and a policy defining required intervals for services. Flexibility in scheduling is needed to allow for urgent walk-in appointments;
2. A process for documenting missed appointments must be established. When a Member does not keep a scheduled appointment, it is to be noted in the Member's record and the Provider is to assess if a visit is still medically indicated. All efforts to notify the Member must be documented in the medical record. If a second appointment is missed, the Provider is to notify the Molina Provider Services Department toll free at (844) 826-4335, TTY/TDD 711;
3. When the Provider must cancel a scheduled appointment, the Member is given the option of seeing an associate or having the next available appointment time;
4. Special needs of Members must be accommodated when scheduling appointments. This includes, but is not limited to wheelchair-using Members and Members requiring language interpretation;
5. A process for Member notification of preventive care appointments must be established. This includes, but is not limited to immunizations and mammograms; and
6. A process must be established for Member recall in the case of missed appointments for a condition which requires treatment, abnormal diagnostic test results or the scheduling of procedures which must be performed prior to the next visit.

In applying the standards listed above, participating Providers have agreed that they will not discriminate against any Member on the basis of age, race, creed, color, religion, sex, national origin, sexual orientation, marital status, physical, mental or sensory handicap, gender identity, pregnancy, sex stereotyping, place of residence, socioeconomic status, or status as a recipient of CHIP benefits. Additionally, a participating Provider or contracted medical group/IPA may not limit his/her practice because of a Member's medical (physical or mental) condition or the expectation for the need of frequent or high cost care. If a PCP chooses to close his/her panel to new Members, Molina must receive thirty (30) days advance written notice from the Provider.

Women's Health Access

Molina allows Members the option to seek women's routine and preventive health care from an in-network women's health specialist or directly from a participating PCP designated by Molina as providing women's routine and preventive health care services. Member access to women's routine and preventive health care services is monitored to ensure Members have direct access to participating Providers for obstetrical and gynecological services. Gynecological services must be provided when requested regardless of the gender status of the Member.

Additional information on access to care is available under the Resources tab on the MolinaHealthcare.com website or from your local Molina Quality Department toll free at (844) 826-4335.

Monitoring Access Standards

Access to care standards are reviewed, revised and necessary, and approved by the Quality Improvement Committee on an annual basis.

- Provider network adherence to access standards is monitored via the following mechanisms:
- Provider access studies – Provider office assessment of appointment availability and after-hours access.
- Member complaint data – assessment of Member complaints related to access to care.

Member satisfaction survey – evaluation of Members' self-reported satisfaction with appointment and after-hours access

Analysis of access data includes assessment of performance against established standards, review of trends over time, and identification of barriers. Results of analysis are reported to the Quality Improvement Committee at least annually for review and determination of opportunities for improvement. Corrective actions are initialized when performance goals are not met and for identified provider specific or organizational trends. Performance goals are reviewed and approved annually by the Quality Improvement Committee.

Quality of Provider Office Sites

Molina Providers are to maintain office-site and medical record keeping practices standards. Molina continually monitors Member complaints and appeals/grievances for all office sites to determine the need of an office site visit and will conduct office site visits as needed. Molina assesses the quality, safety and accessibility of office sites where care is delivered against standards and thresholds. A standard survey form is completed at the time of each visit. This includes an assessment of:

- Physical accessibility
- Physical appearance
- Adequacy of waiting and examining room space

Physical accessibility

Molina evaluates office sites to ensure that Members have safe and appropriate access to the office site. This includes, but is not limited to, ease of entry into the building, accessibility of space within the office site, and ease of access for patients with physical disabilities.

Physical appearance

The site visits include, but is not limited to, an evaluation of office site cleanliness, appropriateness of lighting, and patient safety.

Adequacy of waiting and examining room space

During the site visit, Molina assesses waiting and examining room spaces to ensure that the office offers appropriate accommodations to Members. The evaluation includes, but is not limited to, appropriate seating in the waiting room areas and availability of exam tables in exam rooms.

Administration & Confidentiality of Facilities

Facilities contracted with Molina must demonstrate an overall compliance with the guidelines listed below:

- Office appearance demonstrates that housekeeping and maintenance are performed appropriately on a regular basis, the waiting room is well-lit, office hours are posted, and parking area and walkways demonstrate appropriate maintenance.
- Accessible parking is available, the building and exam rooms are accessible with an incline ramp or flat entryway, and the restroom is accessible with a bathroom grab bar.
- Adequate seating includes space for an average number of patients in an hour and there is a minimum of two office exam rooms per Provider.
- Basic emergency equipment is located in an easily accessible area. This includes a pocket mask and Epinephrine, plus any other medications appropriate to the practice.
- At least one CPR certified employee is available.
- Yearly OSHA training (Fire, Safety, Blood-borne Pathogens, etc.) is documented for offices with ten (10) or more employees.
- A container for sharps is located in each room where injections are given.
- Labeled containers, policies, and contracts evidence hazardous waste management.
- Patient check-in systems are confidential. Signatures on fee slips, separate forms, stickers or labels are possible alternative methods.
- Confidential information is discussed away from patients. When reception areas are unprotected by sound barriers, scheduling and triage phones are best placed at another location.
- Medical records are stored away from patient areas. Record rooms and/or file cabinets are preferably locked.
- A CLIA waiver is displayed when the appropriate lab work is run in the office.
- Prescription pads are not kept in exam rooms.

- Narcotics are locked, preferably double-locked. Medication and sample access is restricted.
- System in place to ensure expired sample medications are not dispensed and injectables and emergency medication are checked monthly for outdates.
- Drug refrigerator temperatures are documented daily.

Advance Directives (Patient Self-Determination Act)

Molina complies with the advance directives requirements of the States in which the organization provides services. Responsibilities include ensuring Members receive information regarding advance directives and that contracted Providers and facilities uphold executed documents.

Advance Directives are a written choice for health care. There are three types of Advance Directives:

- **Durable Power of Attorney for Health Care:** allows an agent to be appointed to carry out health care decisions
- **Living Will:** allows choices about withholding or withdrawing life support and accepting or refusing nutrition and/or hydration
- **Guardian Appointment:** allows one to nominate someone to be appointed as Guardian if a court determines that a guardian is necessary

When There Is No Advance Directive: The Member's family and Provider will work together to decide on the best care for the Member based on information they may know about the Member's end-of-life plans.

Providers must inform adult Molina Members, eighteen (18) years old and up, of their right to make health care decisions and execute Advance Directives. It is important that Members are informed about Advance Directives.

New adult Members or their identified personal representative will receive educational information and instructions on how to access advance directives forms in their Member Handbook, Evidence of Coverage (EOC) and other Member communications such as newsletters and the Molina website. If a Member is incapacitated at the time of enrollment, Molina will provide advance directive information to the Member's family or representative and will follow up with information to the Member at the appropriate time. All current Members will receive annual notice explaining this information, in addition to newsletter information.

Members who would like more information are instructed to contact Member Services or are directed to the Caring Connections website at <http://www.caringinfo.org/stateaddownload> for forms available to download. Additionally, the Molina website offers information to both Providers and Members regarding advance directives, with a link to forms that can be downloaded and printed.

PCPs must discuss Advance Directives with a Member and provide appropriate medical advice if the Member desires guidance or assistance.

Molina network Providers and facilities are expected to communicate any objections they may have to a Member directive prior to service when possible. Members may

select a new PCP if the assigned Provider has an objection to the Member's desired decision. Molina will facilitate finding a new PCP or specialist as needed.

In no event may any Provider refuse to treat a Member or otherwise discriminate against a Member because the Member has completed an Advance Directive. CMS Law gives Members the right to file a complaint with Molina or the State survey and certification agency if the Member is dissatisfied with Molina's handling of Advance Directives and/or if a Provider fails to comply with Advance Directives instructions

Molina will notify the Provider of an individual Member's Advance Directives identified through Care Management, Care Coordination or Case Management. Providers are instructed to document the presence of an Advance Directive in a prominent location of the medical record. Auditors will also look for copies of the Advance Directive form. Advance Directives forms are State specific to meet State regulations.

Molina will look for documented evidence of the discussion between the Provider and the Member during routine medical record reviews.

Members have the right to file a complaint or grievance concerning non-compliance with the advance directive requirements with the State Survey and Certification Division of the State Department of Health.

Well Child Services to Enrollees Under Nineteen (19) Years

Molina offers Well Child services through the end of the month in which the Member turns Nineteen (19) years. Molina maintains systematic and robust monitoring mechanisms to ensure all required Well Child Services to Enrollees under nineteen (19) years are timely according to required preventive guidelines. All Enrollees under nineteen (19) years of age should receive preventive, diagnostic and treatment services at intervals as set forth in Section 1905® of the Social Security Act. Molina's Improvement Department is also available to perform Provider training to ensure that best practice guidelines are followed in relation to well child services and care for acute and chronic health care needs.

Participating Providers are responsible for contacting new Members who are not compliant with Well Child periodicity and immunization schedules for children as identified in the quarterly encounter list provided by Molina. Providers should document reasons for noncompliance, where possible, and document efforts to bring the Member's care into compliance with the standards.

Well child / adolescent visits

Visits consist of age appropriate components including but not limited to:

- comprehensive health and developmental history;
- nutritional assessment;
- height and weight and growth charting;
- comprehensive unclothed physical examination;
- appropriate immunizations;
- laboratory procedures, including lead blood level assessment appropriate for age and risk factors;
- periodic developmental and behavioral screening;

- vision and hearing tests;
- dental assessment and services; and
- health education (anticipatory guidance including child development, healthy lifestyles, and accident and disease prevention).

Diagnostic services, treatment, or services Medically Necessary to correct or ameliorate defects, physical or mental illnesses, and conditions discovered during a screening or testing must be provided or arranged for either directly or through referrals. Any condition discovered during the screening examination or screening test requiring further diagnostic study or treatment must be provided if within the Member's Covered Benefit Services.

Molina shall have no obligation to pay for services that are not Covered Services.

Monitoring for Compliance with Standards

Molina monitors compliance with the established performance standards as outlined above at least annually. Within thirty (30) calendar days of the review, a copy of the review report and a letter will be sent to the medical group notifying them of their results. Performance below Molina's standards may result in a Corrective Action Plan (CAP) with a request the Provider submit a written corrective action plan to Molina within thirty (30) calendar days. Follow-up to ensure resolution is conducted at regular intervals until compliance is achieved. The information and any response made by the Provider are included in the Providers permanent credentials file. If compliance is not attained at follow-up, an updated CAP will be required. Providers who do not submit a CAP may be terminated from network participation or closed to new Members.

Quality Improvement Activities and Programs

Molina maintains an active Quality Improvement Program. The Quality Improvement Program provides structure and key processes to carry out our ongoing commitment to improvement of care and service. The goals identified are based on an evaluation of programs and services; regulatory, contractual and accreditation requirements; and strategic planning initiatives.

Health Management

The Molina Health Management Program provides for the identification, assessment, stratification, and implementation of appropriate interventions for Members with chronic diseases. For additional information, please see the Health Management heading in the Healthcare Services section of this Manual.

Care Management

Molina's Care Management Program involves collaborative processes aimed at meeting an individual's health needs, promoting quality of life, and obtaining best possible care outcomes to meet the Member's needs so they receive the right care, at the right time, and at the right setting. Molina's Care Management includes Health Management (HM) and Case Management (CM) programs. Members may qualify for HM or CM based on confirmed diagnosis or specified criteria for the programs. These comprehensive programs are available for all Members that meet the criteria for services. For additional

information please see the Care Management heading in the Healthcare Services section of this Manual.

Clinical Practice Guidelines

Molina adopts and disseminates Clinical Practice Guidelines (CPGs) to reduce inter-Provider variation in diagnosis and treatment. CPG adherence is measured at least annually. All guidelines are based on scientific evidence, review of medical literature and/or appropriately established authority. CPGs are reviewed annually and are updated as new recommendations are published.

Molina CPGs include the following:

- Asthma
- Attention Deficit Hyperactivity Disorder (ADHD)
- Chronic Kidney Disease
- Chronic Obstructive Pulmonary Disease (COPD)
- Depression
- Diabetes
- Heart Failure
- Hypertension
- Obesity
- Detoxification and Substance Abuse
- Opioid
- Sickle Cell Disease

The adopted CPGs are distributed to the appropriate Providers, Provider groups, staff model facilities, delegates and Members by the Quality, Provider Services, Health Education and Member Services departments. The guidelines are disseminated through Provider newsletters, electronic Provider Bulletins and other media and are available on the Molina website. Individual Providers or Members may request copies from the local Molina Quality Department toll free at (844) 826-4335.

Preventive Health Guidelines

Molina provides coverage of diagnostic preventive procedures based on recommendations published by the U.S. Preventive Services Task Force (USPSTF) and in accordance with Centers for Medicare and Medicaid Services (CMS) guidelines.

Diagnostic preventive procedures include but are not limited to:

- Perinatal/Prenatal Care
- Care for children up to twenty-four (24) months old
- Care for children two (2) – nineteen (19) years old
- Care for adults twenty (20) – sixty-four (64) years old
- Care for adults sixty-five (65) years and older
- Immunization schedules for children and adolescents
- Immunization schedules for adults

All guidelines are updated with each release by USPSTF and are approved by the Quality Improvement Committee. On an annual basis, Preventive Health Guidelines are distributed to Providers at MolinaHealthcare.com and the Provider Manual. Notification

of the availability of the Preventive Health Guidelines is published in the Molina Provider Newsletter.

Cultural and Linguistic Services

Molina works to ensure all Members receive culturally competent care across the service continuum to reduce health disparities and improve health outcomes. For additional information about Molina's program and services, please see the Cultural Competency and Linguistic Services section of this Manual.

Measurement of Clinical and Service Quality

Molina monitors and evaluates the quality of care and services provided to Members through the following mechanisms:

- Healthcare Effectiveness Data and Information Set (HEDIS®);
- Consumer Assessment of Healthcare Providers and Systems (CAHPS®);
- Behavioral Health Survey
- Provider Satisfaction Survey; and
- Effectiveness of Quality Improvement Initiatives.

Molina evaluates continuous performance according to, or in comparison with objectives, measurable performance standards and benchmarks at the national, regional and/or at the local/health plan level.

Contracted Providers and Facilities must allow Molina to use its performance data collected in accordance with the Provider's or facility's contract. The use of performance data may include, but is not limited to, the following: (1) development of Quality Improvement activities; (2) public reporting to consumers; (3) preferred status designation in the network; (4) and/or reduced Member cost sharing.

Molina's most recent results can be obtained from your local Molina Quality Department toll free at (844) 826-4335 or by visiting our website at MolinaHealthcare.com.

Healthcare Effectiveness Data and Information Set (HEDIS)®

Molina utilizes the NCQA HEDIS® as a measurement tool to provide a fair and accurate assessment of specific aspects of managed care organization performance. HEDIS® is an annual activity conducted in the spring. The data comes from on-site medical record review and available administrative data. All reported measures must follow rigorous specifications and are externally audited to assure continuity and comparability of results. The HEDIS® measurement set currently includes a variety of health care aspects including immunizations, women's health screening, diabetes care, well check-ups, medication use and cardiovascular disease.

HEDIS® results are used in a variety of ways. They are the measurement standard for many of Molina's clinical Quality activities and health improvement programs. The standards are based on established clinical guidelines and protocols, providing a firm foundation to measure the success of these programs.

Selected HEDIS® results are provided to regulatory and accreditation agencies as part of our contracts with these agencies. The data are also used to compare to established health plan performance benchmarks.

Consumer Assessment of Healthcare Providers and Systems (CAHPS)[®]

CAHPS[®] is the tool used by Molina to summarize Member satisfaction with the providers, health care and service they receive. CAHPS[®] examines specific measures, including Getting Needed Care, Getting Care Quickly, How Well Doctors Communicate, Coordination of Care, Customer Service, Rating of Health Care and Getting Needed Prescription Drugs. The CAHPS[®] survey is administered annually in the spring to randomly selected Members by an NCQA-certified vendor.

CAHPS[®] results are used in much the same way as HEDIS[®] results, only the focus is on the service aspect of care rather than clinical activities. They form the basis for several of Molina's quality improvement activities and are used by external agencies to help ascertain the quality of services being delivered.

Behavioral Health Survey

Molina obtains feedback from Members about their experience, needs, and perceptions of accessing behavioral health care. The feedback is collected at least annually to understand how our Members rate their experiences in getting treatment, communicating with their clinicians, receiving treatment and information from Molina, and perceived improvement in their conditions, among other areas.

Provider Satisfaction Survey

Recognizing that HEDIS[®] and CAHPS[®] both focus on Member experience with health care Providers and health plans, Molina conducts a Provider Satisfaction Survey annually. The results from this survey are very important to Molina, as this is one of the primary methods, we use to identify improvement areas pertaining to the Molina Provider Network. The survey results have helped establish improvement activities relating to Molina's specialty network, inter-Provider communications, and Pharmacy authorizations. This survey is fielded to a random sample of Providers each year. If your office is selected to participate, please take a few minutes to complete and return the survey.

Effectiveness of Quality Improvement Initiatives

Molina monitors the effectiveness of clinical and service activities through metrics selected to demonstrate clinical outcomes and service levels. The plan's performance is compared to that of available national benchmarks indicating "best practices". The evaluation includes an assessment of clinical and service improvements on an ongoing basis. Results of these measurements guide activities for the successive periods.

In addition to the methods described above, Molina also compiles complaint and appeals data as well as requests for out-of-network services to determine opportunities for service improvements.

What Can Providers Do?

- Ensure patients are up-to-date with their annual physical exam and preventive health screenings, including related lab orders and referrals to specialists, such as ophthalmology;

- Review the HEDIS® preventive care listing of measures for each patient to determine if anything applicable to your patients' age and/or condition has been missed;
- Check that staff is properly coding all services provided; and,
- Be sure patients understand what *they* need to do.

Molina has additional resources to assist Providers and their patients. For access to tools that can assist, please visit Molina's website and click on Providers. There is a variety of resources, including:

- HEDIS® CPT/CMS-approved diagnostic and procedural code sheets
- A current list of HEDIS® and CAHPS® Star Ratings measures.

HEDIS® and CAHPS® are registered trademarks of the National Committee for Quality Assurance© (NCQA).

Section 9. Compliance

Fraud, Waste, and Abuse

Introduction

Molina is dedicated to the detection, prevention, investigation, and reporting of potential health care fraud, waste, and abuse. As such, Molina's Compliance department maintains a comprehensive plan, which addresses how Molina will uphold and follow State and Federal statutes and regulations pertaining to fraud, waste, and abuse. The plan also addresses fraud, waste and abuse prevention and detection along with and the education of appropriate employees, vendors, Providers and associates doing business with Molina.

Molina's Special Investigation Unit (SIU) supports Compliance in its efforts to deter and prevent fraud, waste, and abuse by conducting investigations aimed at identifying suspect activity and reporting these findings to the appropriate regulatory and/or Law enforcement agency.

Mission Statement

Molina regards health care fraud, waste and abuse as unacceptable, unlawful, and harmful to the provision of quality health care in an efficient and affordable manner. Molina has therefore implemented a plan to prevent, investigate, and report suspected health care fraud, waste and abuse in order to reduce health care cost and to promote quality health care.

Regulatory Requirements

Federal False Claims Act

The False Claims Act is a Federal statute that covers fraud involving any Federally funded contract or program. The act establishes liability for any person who knowingly presents or causes to be presented a false or fraudulent Claim to the U.S. Government for payment.

The term "knowing" is defined to mean that a person with respect to information:

- Has actual knowledge of falsity of information in the Claim;
- Acts in deliberate ignorance of the truth or falsity of the information in a Claim; or
Acts in reckless disregard of the truth or falsity of the information in a Claim.

The act does not require proof of a specific intent to defraud the U.S. Government. Instead, health care Providers can be prosecuted for a wide variety of conduct that leads to the submission of fraudulent Claims to the Government, such as knowingly making false statements, falsifying records, double-billing for items or services, submitting bills for services never performed or items never furnished or otherwise causing a false Claim to be submitted.

Deficit Reduction Act

The Deficit Reduction Act ("DRA") aims to cut fraud, waste and abuse from the Medicare and Medicaid programs.

Health care entities like Molina who receive or pay out at least \$5 million dollars in Medicaid funds per year must comply with the DRA. As a contractor doing business with Molina, Providers and their staff have the same obligation to report any actual or suspected violation of Medicare/Medicaid funds either by fraud, waste or abuse. Entities must have written policies that inform employees, contractors, and agents of the following:

- The Federal False Claims Act and State Laws pertaining to submitting false Claims.
- How Providers will detect and prevent fraud, waste, and abuse.
- Employee protection rights a whistleblowers.

The Federal False Claims Act and the State Medicaid False Claims Act have Qui Tam language commonly referred to as “whistleblower” provisions. These provisions encourage employees (current or former) and others to report instances of fraud, waste or abuse to the government. The government may then proceed to file a lawsuit against the organization/individual accused of violating the False Claims Act. The whistleblower may also file a lawsuit independently. Cases found in favor of the government will result in the whistleblower receiving a portion of the amount awarded to the government.

Whistleblower protections state that employees who have been discharged, demoted, suspended, threatened, harassed or otherwise discriminated against due to their role in disclosing or reporting a false Claim are entitled to all relief necessary to make the employee whole including:

- Employment reinstatement at the same level of seniority.
- Two times the amount of back pay plus interest.
- Compensation for special damages incurred by the employee as a result of the employer’s inappropriate actions.

Affected entities who fail to comply with the Law will be at risk of forfeiting all Medicaid payments until compliance is met. Molina will take steps to monitor Molina contracted Providers to ensure compliance with the Law.

Anti-Kickback Statute – Provides criminal penalties for individuals or entities that knowingly and willfully offer, pay, solicit, or receive remuneration in order to induce or reward business payable or reimbursable under the Medicare or other Federal health care programs.

Stark Statute – Similar to the Anti-Kickback Statute, but more narrowly defined and applied. It applies specifically to Medicare and Medicaid services provided only by physicians, rather than by all health care Providers.

Sarbanes-Oxley Act of 2002 – Requires certification of financial statements by both the Chief Executive Officer and the Chief Financial Officer. The Act states that a corporation must assess the effectiveness of its internal controls and report this assessment annually to the Securities and Exchange Commission.

Definitions

Fraud: means an intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to himself or

some other person. It includes any act that constitutes fraud under applicable Federal or State Law. (42 CFR § 455.2)

Waste: Health care spending that can be eliminated without reducing the quality of care. Quality waste includes, overuse, underuse, and ineffective use. Inefficiency waste includes redundancy, delays, and unnecessary process complexity. An example would be the attempt to obtain reimbursement for items or services where there was no intent to deceive or misrepresent, however the outcome resulted in poor or inefficient billing methods (e.g. coding) causing unnecessary costs to the Medicaid program.

Abuse: means Provider practices that are inconsistent with sound fiscal, business, or medical practices, and result in unnecessary costs to the Medicaid program, or in reimbursement for services that are not Medically Necessary or that fail to meet professionally recognized standards for health care. It also includes recipient practices that result in unnecessary cost to the Medicaid programs. (42 CFR § 455.2)

Examples of Fraud, Waste and Abuse by a Provider

The types of questionable Provider schemes investigated by Molina include, but are not limited to the following:

- A Provider knowingly and willfully referring a Member to health care facilities in which or with which the physician has a financial relationship. (Stark Law)
- Altering Claims and/or medical record documentation in order to get a higher level of reimbursement.
- Balance billing a Molina Member for Covered Services. This includes asking the Member to pay the difference between the discounted and negotiated fees, and the Provider's usual and customary fees.
- Billing and providing for services to Members that are not Medically Necessary.
- Billing for services, procedures and/or supplies that have not been rendered.
- Billing under an invalid place of service in order to receive or maximize reimbursement.
- Completing certificates of Medical Necessity for Members not personally and professionally known by the Provider.
- Concealing a Member's misuse of a Molina identification card.
- Failing to report a Member's forgery or alteration of a prescription or other medical document.
- False coding in order to receive or maximize reimbursement.
- Inappropriate billing of modifiers in order to receive or maximize reimbursement.
- Inappropriately billing of a procedure that does not match the diagnosis in order to receive or maximize reimbursement.
- Knowingly and willfully soliciting or receiving payment of kickbacks or bribes in exchange for referring patients.
- Not following incident to billing guidelines in order to receive or maximize reimbursement.
- Overutilization
- Participating in schemes that involve collusion between a Provider and a Member that result in higher costs or charges.
- Questionable prescribing practices.
- Unbundling services in order to get more reimbursement, which involves separating a procedure into parts and charging for each part rather than using a single global code.

- Underutilization, which means failing to provide services that are Medically Necessary.
- Upcoding, which is when a Provider does not bill the correct code for the service rendered, and instead uses a code for a like services that costs more.
- Using the adjustment payment process to generate fraudulent payments.

Examples of Fraud, Waste, and Abuse by a Member

The types of questionable Member schemes investigated by Molina include, but are not limited to, the following:

- Benefit sharing with persons not entitled to the Member's benefits.
- Conspiracy to defraud government funded programs like Medicare or Medicaid.
- Doctor shopping, which occurs when a Member consults a number of Providers for the purpose of inappropriately obtaining services.
- Falsifying documentation in order to get services approved.
- Forgery related to health care.
- Prescription diversion, which occurs when a Member obtains a prescription from a Provider for a condition that they do not suffer from and the Member sells the medication to someone else.

Review of Provider Claims and Claims System

Molina Claims Examiners are trained to recognize unusual billing practices and to detect fraud, waste and abuse. If the Claims Examiner suspects fraudulent, abusive or wasteful billing practices, the billing practice is documented and reported to the Compliance Department.

The Claims payment system utilizes system edits and flags to validate those elements of Claims are billed in accordance with standardized billing practices; ensure that Claims are processed accurately and ensure that payments reflect the service performed as authorized.

Molina performs auditing to ensure the accuracy of data input into the Claims system. The Claims department conducts regular audits to identify system issues or errors. If errors are identified, they are corrected, and a thorough review of system edits is conducted to detect and locate the source of the errors.

Prepayment Fraud, Waste, and Abuse Detection Activities

Through implementation of Claims edits, Molina's Claims payment system is designed to audit Claims concurrently, in order to detect and prevent paying Claims that are inappropriate.

Molina has a pre-payment Claims auditing process that identifies frequent correct coding billing errors ensuring that Claims are coded appropriately according to State and Federal coding guidelines. Code edit relationships and edits are based on

guidelines from specific State Medicaid Guidelines, Centers for Medicare and Medicaid Services (CMS), Federal CMS guidelines, AMA and published specialty specific coding rules. Code Edit Rules are based on information received from the National Physician Fee Schedule Relative File (NPFS), the Medical Medically Unlikely Edit table, the Medicaid National Correct Coding Initiative (NCCI) files and State-specific policy manuals and guidelines as specified by a defined set of indicators in the Medicare Physician Fee Schedule Data Base (MPFSDB).

Additionally, Molina may, at the request of a State program or at its own discretion, subject a Provider to prepayment reviews whereupon Provider is required to submit supporting source documents that justify an amount charged. Where no supporting documents are provided, or insufficient information is provided to substantiate a charge, the claim will be denied until such time that the Provider can provide sufficient accurate support.

Post-payment Recovery Activities

The terms expressed in this section of this Manual are incorporated into the Provider Agreement, and are intended to supplement, rather than diminish, any and all other rights and remedies that may be available to Molina under the Provider Agreement or at Law or equity. In the event of any inconsistency between the terms expressed here and any terms expressed in the Provider Agreement, the parties agree that Molina shall in its sole discretion exercise the terms that are expressed in the Provider Agreement, the terms that are expressed here, its rights under Law and equity, or some combination thereof.

Provider will provide Molina, governmental agencies and their representatives or agents, access to examine, audit, and copy any and all records deemed by Molina, in Molina's sole discretion, necessary to determine compliance with the terms of the Provider Agreement, including for the purpose of investigating potential fraud, waste and abuse. Documents and records must be readily accessible at the location where Provider provides services to any Molina Members. Auditable documents and records include, but are not limited to, medical charts; patient charts; billing records; and coordination of benefits information. Production of auditable documents and records must be provided in a timely manner, as requested by Molina and without charge to Molina. In the event Molina identifies fraud, waste or abuse, Provider agrees to repay funds or Molina may seek recoupment.

If a Molina auditor is denied access to Provider's records, all of the Claims for which Provider received payment from Molina is immediately due and owing. If Provider fails to provide all requested documentation for any Claim, the entire amount of the paid Claim is immediately due and owing. Molina may offset such amounts against any amounts owed by Molina to Provider. Provider must comply with all requests for documentation and records timely (as reasonably requested by Molina) and without charge to Molina. Claims for which Provider fails to furnish supporting documentation during the audit process are not reimbursable and are subject to chargeback.

Provider acknowledges that HIPAA specifically permits a covered entity, such as Provider, to disclose protected health information for its own payment purposes (see 45 CFR 164.502 and 45 CFR 154.501). Provider further acknowledges that in order to receive payment from Molina, Provider is required to allow Molina to conduct audits of its pertinent records to verify the services performed and the payment Claimed, and that

such audits are permitted as a payment activity of Provider under HIPAA and other applicable privacy Laws.

Claim Auditing

Molina shall use established industry Claims adjudication and/or clinical practices, Commonwealth, and Federal guidelines, and/or Molina's policies and data to determine the appropriateness of the billing, coding, and payment.

Provider acknowledges Molina's right to conduct pre and post-payment billing audits. Provider shall cooperate with Molina's Special Investigations Unit and audits of claims and payments by providing access at reasonable times to requested claims information, all supporting medical records, Provider's charging policies, and other related data as deemed relevant to support the transactions billed. Providers are required to submit, or provide access to, medical records upon Molina's request. Failure to do so in a timely manner may result in an audit failure and/or denial, resulting in an overpayment.

In reviewing medical records for a procedure, Molina may select a statistically valid random sample, or smaller subset of the statistically valid random sample. This gives an estimate of the proportion of claims that Molina paid in error. The estimated proportion, or error rate, may be projected across all claims to determine the amount of overpayment.

Provider audits may be telephonic, an on-site visit, internal claims review, client-directed/regulatory investigation and/or compliance reviews and may be vendor assisted. Molina asks that you provide Molina, or Molina's designee, during normal business hours, access to examine, audit, scan and copy any and all records necessary to determine compliance and accuracy of billing.

Molina shall use established industry Claims adjudication and/or clinical practices, State, and Federal guidelines, and/or Molina's policies and data to determine the appropriateness of the billing, coding, and payment.

If Molina's Special Investigations Unit suspects that there is fraudulent or abusive activity, Molina may conduct an on-site audit without notice. Should you refuse to allow access to your facilities, Molina reserves the right to recover the full amount paid or due to you.

Provider Education

When Molina identifies through an audit or other means a situation with a Provider (e.g. coding, billing) that is either inappropriate or deficient, Molina may determine that a Provider education is appropriate.

Molina will notify the Provider of the deficiency and will take steps to educate the Provider, which may include the Provider submitting a corrective action plan (CAP) to Molina addressing the issues identified and how it will cure these issues moving forward.

Reporting Fraud, Waste and Abuse

If you suspect fraud, waste, or abuse, you must report it by contacting the Molina AlertLine. AlertLine is an external telephone and web-based reporting system hosted by NAVEX Global, a leading Provider of compliance and ethics hotline services. AlertLine telephone and web-based reporting is available twenty-four (24) hours a day, seven (7) days a week, three-hundred-sixty-five (365) days a year. When you make a report, you can choose to remain confidential or anonymous. If you choose to call AlertLine, a trained professional at NAVEX Global will note your concerns and provide them to the Molina Compliance department for follow-up. If you elect to use the web-based reporting process, you will be asked a series of questions concluding with the submission of your report. Reports to AlertLine can be made from anywhere within the United States with telephone or internet access.

Molina AlertLine can be reached toll free at (866) 606-3889 or you may use the service's website to make a report at any time at <https://MolinaHealthcare.alertline.com>.

You may also report cases of fraud, waste or abuse to Molina's Compliance department. You have the right to have your concerns reported anonymously without fear of retaliation.

Molina Healthcare of Mississippi

Jackson, MS 39201

Remember to include the following information when reporting:

- Nature of complaint.
- The names of individuals and/or entity involved in suspected fraud and/or abuse including address, phone number, Molina Member ID number and any other identifying information.

Suspected fraud and abuse may also be reported directly to the State at:

Mississippi Division of Medicaid
ATTN: Office of Program Integrity
550 High Street, Suite 1000
Jackson, MS 39201

Toll Free Phone: (800) 880-5920 or (601) 576-4162

Fax: (601) 576-4161

Submit the online form: <https://medicaid.ms.gov/wp-content/uploads/2017/04/Fraud-and-Abuse-Complaint-Form.pdf>

Failure to report instances of suspected Fraud and Abuse is a violation of the Law and subject to the penalties provided by Law.

HIPAA Requirements and Information

HIPAA (The Health Insurance Portability and Accountability Act)

Molina's Commitment to Patient Privacy

Protecting the privacy of Members' personal health information is a core responsibility that Molina takes very seriously. Molina is committed to complying with all Federal and State Laws regarding the privacy and security of Members' protected health information (PHI).

Provider Responsibilities

Molina expects that its contracted Provider will respect the privacy of Molina Members (including Molina Members who are not patients of the Provider) and comply with all applicable Laws and regulations regarding the privacy of patient and Member PHI. Molina provides its Members with a privacy notice upon their enrollment in our health plan. The privacy notice explains how Molina uses and discloses their PHI and includes a summary of how Molina safeguards their PHI.

Telehealth/Telemedicine Providers: Telehealth transmissions are subject to HIPAA-related requirements outlined under State and Federal Law, including:

- 42 C.F.R. Part 2 regulations
- Health Information Technology for Economic and Clinical Health Act, ("HITECH Act")

Applicable Laws

Providers must understand all State and Federal health care privacy Laws applicable to their practice and organization. Currently, there is no comprehensive regulatory framework that protects all health information in the United States; instead there is a patchwork of Laws that Providers must comply with. In general, most health care Providers are subject to various Laws and regulations pertaining to privacy of health information, including, without limitation, the following:

1. Federal Laws and Regulations

- HIPAA
- The Health Information Technology for Economic and Clinical Health Act (HITECH)
- Medicare and Medicaid Laws
- The Affordable Care Act
- Title 42 Part 2, substance Use Disorder Confidentiality Regulations

2. State Privacy Laws and Regulations.

Providers should be aware that HIPAA provides a floor for patient privacy, but that State Laws should be followed in certain situations, especially if the State Law is more stringent than HIPAA. Providers should consult with their own legal counsel to address their specific situation.

Uses and Disclosures of PHI

Member and patient PHI should only be used or disclosed as permitted or required by applicable Law. Under HIPAA, a Provider may use and disclose PHI for their own

treatment, payment, and health care operations activities (TPO) without the consent or authorization of the patient who is the subject of the PHI. Uses and disclosures for TPO apply not only to the Provider's own TPO activities, but also for the TPO of another covered entity². Disclosure of PHI by one covered entity to another covered entity, or health care Provider, for the recipient's TPO is specifically permitted under HIPAA in the following situations:

1. A covered entity may disclose PHI to another covered entity or a health care Provider for the payment activities of the recipient. Please note that "payment" is a defined term under the HIPAA Privacy Rule that includes, without limitation, utilization review activities, such as preauthorization of services, inpatient review, and retrospective review of "services³."
2. A covered entity may disclose PHI to another covered entity for the health care operations activities of the covered entity that receives the PHI, if each covered entity either has or had a relationship with the individual who is the subject of the PHI being requested, the PHI pertains to such relationship, and the disclosure is for the following health care operations activities:
 - Quality improvement;
 - Disease management;
 - Care management and care coordination;
 - Training Programs;
 - Accreditation, licensing, and credentialing

Importantly, this allows Providers to share PHI with Molina for our health care operations activities, such as HEDIS® and Quality Improvement.

Title 42 Part 2, Confidentiality of Substance Use Disorder Patient Records

Federal Confidentiality of Substance Use Disorder Patients Records regulations apply to any entity or individual providing federally assisted alcohol or drug abuse prevention treatment. Records of the identity, diagnosis, prognosis, or treatment of any patient which are maintained in connection with substance use disorder treatment or programs are confidential and may be disclosed only as permitted by 42 CFR Part 2. Although HIPAA protects substance use disorder information, the Federal Confidentiality of Substance Use Disorder Patients Records regulations are more restrictive than HIPAA and they do not allow disclosure without the Member's written consent except as set forth in 42 CFR Part 2.

Inadvertent Disclosures of PHI

Molina may, on occasion, inadvertently misdirect or disclose PHI pertaining to Molina Member(s) who are not the patients of the Provider. In such cases, the Provider shall return or securely destroy the PHI of the affected Molina Members in order to protect their privacy. The Provider agrees to not further use or disclose such PHI, and further

¹See, Sections 164.506(c) (2) & (3) of the HIPAA Privacy Rule.

³ See the definition of Payment, Section 164.501 of the HIPAA Privacy Rule

agrees to provide an attestation of return, destruction and non-disclosure of any such misdirected PHI upon the reasonable request of Molina.

Written Authorizations

Uses and disclosures of PHI that are not permitted or required under applicable Law require the valid written authorization of the patient. Authorizations should meet the requirements of HIPAA and applicable State Law. A sample Authorization for the Use and Disclosure of Protected Health Information is included at the end of this section.

Patient Rights

Patients are afforded various rights under HIPAA. Molina Providers must allow patients to exercise any of the below-listed rights that apply to the Provider's practice:

1. Notice of Privacy Practices

Providers that are covered under HIPAA and that have a direct treatment relationship with the patient should provide patients with a notice of privacy practices that explains the patient's privacy rights and the process the patient should follow to exercise those rights. The Provider should obtain a written acknowledgment that the patient received the notice of privacy practices.

2. Requests for Restrictions on Uses and Disclosures of PHI

Patients may request that a health care Provider restrict its uses and disclosures of PHI. The Provider is not required to agree to any such request for restrictions.

3. Requests for Confidential Communications

Patients may request that a health care Provider communicate PHI by alternative means or at alternative locations. Providers must accommodate reasonable requests by the patient.

4. Requests for Patient Access to PHI

Patients have a right to access their own PHI within a Provider's designated record set. Personal representatives of patients have the right to access the PHI of the subject patient. The designated record set of a Provider includes the patient's medical record, as well as billing and other records used to make decisions about the Member's care or payment for care.

5. Request to Amend PHI

Patients have a right to request that the Provider amend information in their designated record set.

6. Request Accounting of PHI Disclosures

Patients may request an accounting of disclosures of PHI made by the Provider during the preceding six (6) year period. The list of disclosures does not need to include disclosures made for treatment, payment, or health care operations or made prior to April 14, 2003.

HIPAA Security

Providers must implement and maintain reasonable and appropriate safeguards to protect the confidentiality, availability, and integrity of Molina Member and patient PHI. As more Providers implement electronic health records, Providers need to ensure that they have implemented and maintain appropriate cyber security measures. Providers should recognize that identity theft – both financial and medical -- is a rapidly growing problem and that their patients trust their health care Providers to keep their most sensitive information private and confidential.

Medical identity theft is an emerging threat in the health care industry. Medical identity theft occurs when someone uses a person's name and sometimes other parts of their identity –such as health insurance information—without the person's knowledge or consent to obtain health care services or goods. Medical identity theft frequently results in erroneous entries being put into existing medical records. Providers should be aware of this growing problem and report any suspected fraud to Molina.

HIPAA Transactions and Code Sets

Molina requires the use of electronic transactions to streamline health care administrative activities. Molina Providers must submit Claims and other transactions to Molina using electronic formats. Certain electronic transactions in health care are subject to HIPAA's Transactions and Code Sets Rule including, but not limited to, the following:

- Claims and Encounters
- Member eligibility status inquiries and responses
- Claims status inquiries and responses
- Authorization requests and responses
- Remittance advices

Molina is committed to complying with all HIPAA Transaction and Code Sets standard requirements. Providers should refer to Molina's website at MolinaHealthcare.com for additional information regarding HIPAA standard transactions. (Details are located under the HIPAA tab.)

Code Sets

HIPAA regulations require that only approved code sets may be used in standard electronic transactions. For Claims with dates of service prior to October 1, 2015, ICD-9 coding must be used. For Claims with dates of service on or after October 1, 2015, Providers must use the ICD-10 code sets.

National Provider Identifier

Provider must comply with the National Provider Identifier (NPI) Rule promulgated under HIPAA. The Provider must obtain an NPI from the National Plan and Provider Enumeration System (NPPES) for itself or for any subparts of the Provider. The Provider must report its NPI and any subparts to Molina and to any other entity that requires it. Any changes in its NPI or subparts information must be reported to NPPES within thirty (30) days and should also be reported to Molina within thirty (30) days of the

change. Providers must use their NPI to identify it on all electronic transactions required under HIPAA and on all Claims and Encounters submitted to Molina.

Additional Requirements for Delegated Providers

Providers that are delegated for Claims and Utilization Management activities are the “business associates” of Molina. Under HIPAA, Molina must obtain contractual assurances from all business associates that they will safeguard Member PHI. Delegated Providers must agree to various contractual provisions required under HIPAA’s Privacy and Security Rules.

Reimbursement for Copies of PHI

Molina Healthcare does not reimburse Providers for copies of PHI related to our program Members. These requests may include, although are not limited to, the following purposes:

- Utilization Management
- Care Coordination and/or Complex Medical Care Management Services
- Claims Review
- Resolution of an Appeal and/or Grievance
- Anti-Fraud Program Review
- Quality of Care Issues
- Regulatory Audits
- Risk Adjustment
- Treatment, Payment and/or Operation Purposes;
- Collection of HEDIS® medical records.

AUTHORIZATION FOR THE USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION

Member Name:			Member ID #:
Member Address:			Date of Birth:
City:	State:	Zip:	Phone #:

I authorize the use or disclosure of my protected health information (PHI) as stated below.

1. Name and address of Molina Healthcare (Molina) entity authorized to use or disclose the PHI:

2. Name and address of person or organization authorized to receive or use the PHI:

3. Description of the PHI that may be used and/or disclosed*:

*I know that this may include PHI related to:

- Sexually transmitted diseases;
- HIV/AIDS;
- Other communicable diseases;
- Behavioral or mental health diseases; and
- Referral and/or treatment for substance use disorder (as permitted under 42 CFR Part 2).

4. The PHI will be used and/or disclosed for the following purpose(s):

5. I know that:

- a. This authorization is voluntary.
- b. I do not have to sign this form. I can refuse to.
- c. My refusal to sign will not affect any of the following:
 - My eligibility for benefits or enrollment;
 - Payment for services; or
 - My ability to be treated.

13396735MS1218

- d. I have a right to get a copy of this form. I must ask for a copy.
- e. I may revoke this authorization at any time. To do so I have to let Molina know in writing. Such revocation will not apply to actions that Molina has taken in reliance on this authorization.
- f. The PHI I authorize a person or entity to get may no longer be protected by federal law and regulations.

6. This authorization will expire on this date or event*: _____
**If not stated above, this authorization will expire 12 months from the date below.*

Signature of Member or Member's Personal Representative	Date

Personal Representative's Name, if applicable (please print): _____

Relationship to Member: Parent Legal Guardian* Holder of Power of Attorney *

Other Please Describe: _____

*** Please attach legal documentation if you are the legal guardian or Holder of Power of Attorney for Healthcare Decisions.**

A copy of this signed form will be given to the Member, if Molina sought it.

Information Security

Note: This section is only applicable to providers who are delegated providers and have been delegated by Molina a health plan function.

1. Provider shall comply with the following requirements, and permit Molina to audit such compliance, as required by law or any enforcement agency.
2. The following terms are defined as follows:
 - I. “Consumer” means an individual who is a resident of Mississippi, whose Nonpublic Information is in Molina’s possession, custody or control and which provider maintains, processes, stores or otherwise has access to such Nonpublic Information.
 - II. “Cybersecurity Event” means an event resulting in unauthorized access to or the disruption or misuse of an Information System or Nonpublic Information stored on an Information System. The term “Cybersecurity Event” does not include the unauthorized acquisition of encrypted Nonpublic Information if the encryption, process or key is not also acquired, released or used without authorization. The term “Cybersecurity Event” also does not include an event with regard to which provider has determined that the Nonpublic Information accessed by an unauthorized person has not been used or released and has been returned or destroyed.
 - III. “Information System” or “Information Systems” means a discrete set of electronic information resources organized for the collection, processing, maintenance, use, sharing, dissemination or disposition of electronic Nonpublic Information, as well as any specialized system such as industrial or process controls systems, telephone switching and private branch exchange systems, and environmental control systems.
 - IV. “Nonpublic Information” means electronic information that is not publicly available information and is one of the following:
 - (a) any information concerning a Consumer that because of the name, number, personal mark, or other identifier can be used to identify such Consumer, in combination with any one or more of the following data elements:
 - (i) social security number;
 - (ii) driver’s license number or nondriver identification card number;
 - (iii) financial account number, credit or debit card number;
 - (iv) security code, access code, or password that would permit access to a Consumer’s financial account; or
 - (v) biometric records;
 - (b) any information or data, except age or gender, in any form or medium created by or derived from a health care provider or a Consumer, that can be used to identify a particular Consumer, and that relates to any of the following:

- (i) the past, present, or future physical, mental or behavioral health or condition of a Consumer or a member of the Consumer's family;
 - (ii) the provision of health care to a Consumer; or
 - (iii) payment for the provision of health care to a Consumer.
- 3. Provider shall implement appropriate administrative, technical, and physical measures to protect and secure the Information Systems and Nonpublic Information, as defined herein, that are accessible to, or held by, the provider.
- 4. Provider agrees to comply with all applicable laws governing Cybersecurity Events. Molina will decide on notification to affected individuals or government entities. Upon Molina's prior written request, provider agrees to assume responsibility for informing all such individuals in accordance with applicable law.
- 5. In the event of a Cybersecurity Event, provider shall notify Molina's Chief Information Security Officer of such Cybersecurity Event by telephone and email (as provided below) as promptly as possible, but in no event later than three (3) business days from a determination that a Cybersecurity Event has occurred. A follow-up notification shall be provided by mail, at the address indicated below. Notification to Molina's Chief Information Security Officer shall be provided to:

Molina Chief Information Security Officer

Telephone: 844-821-1942

Email: CyberIncidentReporting@molinahealthcare.com

Molina Chief Information Security Officer
Molina Healthcare of Mississippi, Inc.
188 E. Capital St., Suite 700
Jackson, MS 39201

- 6. Upon provider's notification to Molina of a determination of a Cybersecurity Event, provider must promptly provide Molina any documentation required and requested by Molina to complete an investigation, or, upon written request by Molina, provider shall complete an investigation pursuant to the following requirements:
 - (a) determine whether a Cybersecurity Event occurred;
 - (b) assess the nature and scope of the Cybersecurity Event;
 - (c) identify Nonpublic Information that may have been involved in the Cybersecurity Event; and
 - (d) perform or oversee reasonable measures to restore the security of the Information Systems compromised in the Cybersecurity Event to prevent further unauthorized acquisition, release, or use of the Nonpublic Information.
 - (e) Provider shall maintain records concerning all Cybersecurity Events for a period of at least five (5) years from the date of the Cybersecurity Event or such longer period as required by applicable laws and produce those records upon Molina's request.

7. Provider must provide to Molina the documentation required and requested by Molina in electronic form. Provider shall have a continuing obligation to update and supplement the initial and subsequent notifications to Molina concerning the Cybersecurity Event. The information provided to Molina in the initial and subsequent notices must include as much of following information known to provider at the time of the notification:
- (a) the date of the Cybersecurity Event;
 - (b) a description of how the information was exposed, lost, stolen, or breached, including the specific roles and responsibilities of provider, if any;
 - (c) how the Cybersecurity Event was discovered;
 - (d) whether any lost, stolen, or breached information has been recovered and if so, how this was done;
 - (e) the identity of the source of the Cybersecurity Event;
 - (f) whether provider has filed a police report or has notified any regulatory, governmental or law enforcement agencies and, if so, when such notification was provided;
 - (g) a description of the specific types of information acquired without authorization, which means particular data elements including, for example, types of medical information, types of financial information, or types of information allowing identification of the Consumer;
 - (h) the period during which the Information System was compromised by the Cybersecurity Event;
 - (i) the number of total Consumers in Mississippi affected by the Cybersecurity Event;
 - (j) the results of any internal review identifying a lapse in either automated controls or internal procedures, or confirming that all automated controls or internal procedures were followed;
 - (k) a description of efforts being undertaken to remediate the situation which permitted the Cybersecurity Event to occur;
 - (l) a copy of provider's privacy policy and if requested by Molina, the steps that provider will take to investigate and notify Consumers affected by the Cybersecurity Event; and
 - (m) the name of a contact person who is both familiar with the Cybersecurity Event and authorized to act on behalf of provider.

In the event provisions of this Section conflict with provisions of any other agreement between Molina and provider, including but not limited to any Business Associate Agreement, the stricter of the conflicting provisions will control.

Section 10. Claims and Compensation

As a contracted Provider, it is important to understand how the Claims process works to avoid delays in processing your Claims. The following items are covered in this section for your reference:

- Hospital Acquired Conditions and Present on Admission Program
- Claim Submission
- Coordination of Benefits (COB)/Third Party Liability (TPL)
- Timely Claim Filing
- Claim Edit Process
- Claim Review
- Claim Auditing
- Corrected Claims
- Timely Claim Processing
- Electronic Claim Payment
- Overpayment and Incorrect Payment
- Claims Disputes/Reconsiderations
- Billing the Member
- Fraud and Abuse
- Encounter Data

Hospital-Acquired Conditions and Present on Admission Program

The Deficit Reduction Act of 2005 (DRA) mandated that Medicare establish a program that would modify reimbursement for fee for service beneficiaries when certain conditions occurred as a direct result of a hospital stay that could have been reasonably prevented by the use of evidenced-based guidelines. CMS titled the program “Hospital-Acquired Conditions and Present on Admission Indicator Reporting” (HAC and POA).

The following is a list of CMS Hospital Acquired Conditions. Effective October 1, 2008, CMS reduces payment for hospitalizations complicated by these categories of conditions that were not present on admission (POA):

- 1) Foreign Object Retained After Surgery
- 2) Air Embolism
- 3) Blood Incompatibility
- 4) Stage III and IV Pressure Ulcers
- 5) Falls and Trauma
 - a) Fractures
 - b) Dislocations
 - c) Intracranial Injuries
 - d) Crushing Injuries
 - e) Burn
 - f) Other Injuries
- 6) Manifestations of Poor Glycemic Control

- a) Hypoglycemic Coma
- b) Diabetic Ketoacidosis
- c) Non-Ketotic Hyperosmolar Coma
- d) Secondary Diabetes with Ketoacidosis
- e) Secondary Diabetes with Hyperosmolarity
- 7) Catheter-Associated Urinary Tract Infection (UTI)
- 8) Vascular Catheter-Associated Infection
- 9) Surgical Site Infection Following Coronary Artery Bypass Graft – Mediastinitis
- 10) Surgical Site Infection Following Certain Orthopedic Procedures:
 - a) Spine
 - b) Neck
 - c) Shoulder
 - d) Elbow
- 11) Surgical Site Infection Following Bariatric Surgery Procedures for Obesity
 - a) Laparoscopic Gastric Restrictive Surgery
 - b) Laparoscopic Gastric Bypass
 - c) Gastroenterostomy
- 12) Surgical Site Infection Following Placement of Cardiac Implantable Electronic Device (CIED)
- 13) Iatrogenic Pneumothorax with Venous Catheterization
- 14) Deep Vein Thrombosis (DVT)/Pulmonary Embolism (PE) Following Certain Orthopedic Procedures
 - a) Total Knee Replacement
 - b) Hip Replacement

What this means to Providers:

- Acute IPPS Hospital Claims will be returned with no payment if the POA indicator is coded incorrectly or missing; and
- No additional payment will be made on IPPS hospital Claims for conditions that are acquired during the patient’s hospitalization.

If you would like to find out more information regarding the Medicare HAC/POA program, including billing requirements, the following CMS site provides further information:

<http://www.cms.hhs.gov/HospitalAcqCond/>

Claim Submission

Participating Providers are required to submit Claims to Molina with appropriate documentation. Providers must follow the appropriate State and CMS Provider billing guidelines. Providers are strongly encouraged to utilize electronic billing through a clearinghouse or Molina’s Provider Portal whenever possible and use current HIPAA compliant ANSI X 12N format (e.g., 837I for institutional Claims, 837P for professional Claims, and 837D for dental Claims) and use electronic Payer ID number: 77010.

Providers must bill Molina for services with the most current CMS approved diagnostic and procedural coding available as of the date the service was provided, or for inpatient facility Claims, the date of discharge.

Written descriptions, itemized statements and invoices may be required for some types of Claims, or at the request of Molina. Claims for services that are reimbursed based on purchase price (e.g., custom DME or prosthetics) require the submission of the invoice with the Claim.

Required Elements

The following information must be included on every Claim:

- Member name, date of birth and Molina Member ID number.
- Member's gender.
- Member's address.
- Date(s) of service.
- Valid International Classification of Diseases diagnosis and procedure codes.
- Valid revenue, CPT or HCPCS for services or items provided.
- Valid Diagnosis Pointers.
- Total billed charges
- Place and type of service code.
- Days or units as applicable.
- Provider tax identification number (TIN).
- 10-digit National Provider Identifier (NPI).
- Rendering Provider name as applicable.
- Billing/Pay-to Provider name and billing address.
- Place of service and type (for facilities).
- Disclosure of any other health benefit plans.
- E-signature.
- Service Facility Location information.

Inaccurate, incomplete, or untimely submissions and re-submissions may result in denial of the claim.

National Provider Identifier (NPI)

A valid NPI is required on all Claim submissions. Providers must report any changes in their NPI or subparts to Molina as soon as possible, not to exceed thirty (30) calendar days from the change.

Electronic Claims Submission

Molina strongly encourages participating Providers to submit Claims electronically, including secondary claims. Electronic Claims submission provides significant benefits to the Provider including:

- Helps to reduce operation costs associated with paper Claims (printing, postage, etc.)
- Increases accuracy of data and efficient information delivery
- Reduces Claim delays since errors can be corrected and resubmitted electronically
- Eliminates mailing time and Claims reach Molina faster

Molina offers the following electronic Claims submission options:

- Submit Claims directly to Molina via the [Provider Portal](#)
- Submit Claims to Molina via your regular EDI clearinghouse using Payer ID 77010

Provider Portal

Molina’s Provider Portal offers a number of Claims processing functionalities and benefits:

- Available to all Providers at no cost
- Available twenty-four (24) hours per day, seven (7) days per week
- Ability to add attachments to Claims (Provider Portal and clearinghouse submissions)
- Ability to submit corrected Claims
- Easily and quickly void Claims
- Check Claims status
- Receive timely notification of a change in status for a particular Claim

Clearinghouse

Molina Healthcare of Mississippi uses ClaimsNet as its gateway clearinghouse. ClaimsNet has relationships with hundreds of other clearinghouses. Typically, Providers can continue to submit Claims to their usual clearinghouse.

Molina accepts EDI transactions through our gateway clearinghouse for Claims via the 837P for Professional and 837I for institutional. It is important to track your electronic transmissions using your acknowledgement reports. The reports assure Claims are received for processing in a timely manner.

When your Claims are filed via a Clearinghouse:

- You should receive a 999 acknowledgement from your clearinghouse
- You should also receive 277CA response file with initial status of the Claims from your clearinghouse
- You should contact your local clearinghouse representative if you experience any problems with your transmission

EDI Claims Submission Issues

Providers who are experiencing EDI Submission issues should work with their clearinghouse to resolve this issue. If the Provider's clearinghouse is unable to resolve, the Provider may call the Molina EDI Customer Service line at (866) 409-2935 or email us at EDI.Claims@MolinaHealthcare.com for additional support.

Paper Claim Submissions

If electronic claim submission is not possible, please submit paper claims to the following address:

Molina Healthcare of Mississippi
PO Box 22618
Long Beach, CA 90801

Please keep the following in mind when submitting paper claims:

- Paper claims should be submitted on original red colored CMS 1500 claims forms
- Paper claims must be printed, using black ink.

Coordination of Benefits (COB) and Third-Party Liability (TPL)

COB

CHIP is the payer of last resort. Private and governmental carriers must be billed prior to billing Molina or medical groups/IPAs. Provider shall make reasonable inquiry of Members to learn whether Member has health insurance, benefits or Covered Services other than from Molina or is entitled to payment by a third party under any other insurance or plan of any type, and Provider shall immediately notify Molina of said entitlement. In the event that COB occurs, Provider shall be compensated based on the State regulatory COB methodology. Primary carrier payment information is required with the Claim submission. Providers can submit Claims with attachments, including explanation of benefits (EOBs) and other required documents, by utilizing Molina's Provider Portal. Providers can also submit this information through EDI and Paper submissions.

TPL

Molina is the payer of last resort and will make every effort to determine the appropriate third-party payer for services rendered. Molina may deny Claims when a third party has been established and will process Claims for Covered Services when probable TPL has not been established or third-party benefits are not available to pay a Claim. Molina will attempt to recover any third-party resources available to Members and shall maintain records pertaining to TPL collections on behalf of Members for audit and review. CHIP members are only allowed to have vision and dental as other coverage.

Timely Claim Filing

Provider shall promptly submit to Molina Claims for Covered Services rendered to Members. All Claims shall be submitted in a form acceptable to and approved by Molina, and shall include all medical records pertaining to the Claim if requested by Molina or otherwise required by Molina's policies and procedures. Claims must be submitted by Provider to Molina within one-hundred eighty (180) calendar days after the discharge for inpatient services or the Date of Service for outpatient services. Claims filed within the appropriate time frame but denied can be corrected and submitted for reconsideration within ninety (90) days from the date of denial. If Molina is not the primary payer under coordination of benefits or third-party liability, Provider must submit Claims to Molina within one-hundred eighty (180) calendar days after final determination by the primary payer. Except as otherwise provided by Law or provided by Government Program requirements, any Claims that are not submitted to Molina within these timelines shall not be eligible for payment and Provider hereby waives any right to payment.

Reimbursement Guidance and Payment Guidelines

Providers are responsible for submission of accurate Claims. Molina requires coding of both diagnoses and procedures for all Claims. The required coding schemes are the International Classification of Diseases, 10th Revision, Clinical Modification ICD-10-CM for diagnoses. For procedures, the Healthcare Common Procedure Coding System Level 1 (CPT codes), Level 2 and 3 (HCPCS codes) are required for professional and outpatient Claims. Inpatient hospital Claims require ICD-10-PCS (International Classification of Diseases, 10th Revision, Procedure Coding System). Furthermore, Molina requires that all Claims be coded in accordance with the HIPAA transaction code set guidelines and follow the guidelines within each code set.

Molina utilizes a Claims adjudication system that encompasses edits and audits that follow State and Federal requirements as well as administers payment rules based on generally accepted principles of correct coding. These payment rules include, but are not limited to, the following:

- Manuals and Relative Value Unit (RVU) files published by the Centers for Medicare and Medicaid Services (CMS), including:
 - National Correct Coding Initiative (NCCI) edits, including procedure-to-procedure (PTP) bundling edits and Medically Unlikely Edits (MUEs). In the event a State benefit limit is more stringent/restrictive than a Federal MUE, Molina will apply the State benefit limit. Furthermore, if a professional organization has a more stringent/restrictive standard than a Federal MUE or State benefit limit the professional organization standard may be used.
 - In the absence of State guidance, Medicare National Coverage Determinations (NCDs).
 - In the absence of State guidance, Medicare Local Coverage Determinations (LCDs).

- CMS Physician Fee Schedule RVU indicators.
- Current Procedural Technology (CPT) guidance published by the American Medical Association (AMA).
- ICD-10 guidance published by the National Center for Health Statistics.
- State-specific Claims reimbursement guidance.
- Other coding guidelines published by industry-recognized resources.
- Payment policies based on professional associations or other industry-recognized guidance for specific services. Such payment policies may be more stringent than State and Federal guidelines.
- Molina policies based on the appropriateness of health care and Medical Necessity.
- Payment policies published by Molina.

General Coding Requirements

Correct coding is required to properly process claims. Molina requires that all claims be coded in accordance with the HIPAA transaction code set guidelines and follow the guidelines within each code set.

CPT and HCPCS Codes

Codes must be submitted in accordance with the chapter and code-specific guidelines set forth in the current/applicable version of the AMA CPT and HCPCS codebooks. In order to ensure proper and timely reimbursement, codes must be effective on the date of service (DOS) for which the procedure or service was rendered and not the date of submission.

Modifiers

Modifiers consist of two (2) alphanumeric characters and are appended to HCPCS/CPT codes to provide additional information about the services rendered. Modifiers may be appended only if the clinical circumstances justify the use of the modifier(s). For example, modifiers may be used to indicate whether a:

- Service or procedure has a professional component
- Service or procedure has a technical component
- Service or procedure was performed by more than one physician
- Unilateral procedure was performed
- Bilateral procedure was performed
- Service or procedure was provided more than once
- Only part of a service was performed

For a complete listing of modifiers and their appropriate use, consult the AMA CPT and the HCPCS code books.

ICD-10-CM/PCS codes

Molina utilizes International Classification of Diseases, 10th Revision, Clinical Modification (ICD-10-CM) and International Classification of Diseases 10th Revision, Procedure Coding System (ICD-10-PCS) billing rules and will deny claims that do not meet Molina's ICD-10 Claim Submission Guidelines. To ensure proper and timely reimbursement, codes must be effective on the dates of service (DOS) for which the procedure or service was rendered and not the date of submission. Refer to the ICD-10 CM/PCS Official Guidelines for Coding and Reporting on the proper assignment of principal and additional diagnosis codes.

Place of Service (POS) Codes

Place of Service Codes (POS) are two-digit codes placed on health care professional claims (CMS 1500) to indicate the setting in which a service was provided. CMS maintains POS codes used throughout the health care industry. The POS should be indicative of where that specific procedure/service was rendered. If billing multiple lines, each line should indicate the POS for the procedure/service on that line.

Type of Bill

Type of bill is a four-digit alphanumeric code that gives three specific pieces of information after the first digit, a leading zero. The second digit identifies the type of facility. The third classifies the type of care. The fourth indicates the sequence of this bill in this particular episode of care, also referred to as a "frequency" code. For a complete list of codes, reference the National Uniform Billing Committee's (NUBC's) Official UB-04 Data Specifications Manual.

Revenue Codes

Revenue codes are four-digit codes used to identify specific accommodation and/or ancillary charges. There are certain revenue codes that require CPT/HCPCS codes to be billed. For a complete list of codes, reference the NUBC's Official UB-04 Data Specifications Manual.

Diagnosis Related Group (DRG)

Facilities contracted to use DRG payment methodology submit claims with DRG coding. Claims submitted for payment by DRG must contain the minimum requirements to ensure accurate claim payment.

Molina processes DRG claims through DRG software. If the submitted DRG and system-assigned DRG differ, the Molina-assigned DRG will take precedence. Providers may appeal with medical record documentation to support the ICD-10-CM principal and secondary diagnoses (if applicable) and/or the ICD-10-PCS procedure codes (if applicable). If the claim cannot be grouped due to insufficient information, it will be denied and returned for lack of sufficient information.

Coding Sources

Definitions

CPT – Current Procedural Terminology 4th Edition; an American Medical Association (AMA) maintained uniform coding system consisting of descriptive terms and codes that are used primarily to identify medical services and procedures furnished by physicians and other health care professionals. There are three types of CPT codes:

- Category I Code – Procedures/Services
- Category II Code – Performance Measurement
- Category III Code – Emerging Technology

HCPCS – HealthCare Common Procedural Coding System; a CMS maintained uniform coding system consisting of descriptive terms and codes that are used primarily to identify procedure, supply and durable medical equipment codes furnished by physicians and other health care professionals.

ICD-10-CM – International Classification of Diseases, 10th revision, Clinical Modification
ICD-10-CM diagnosis codes are maintained by the National Center for Health Statistics, Centers for Disease Control (CDC) within the Department of Health and Human Services (HHS).

ICD-10-PCS - International Classification of Diseases, 10th revision, Procedure Coding System used to report procedures for inpatient hospital services.

Claim Auditing

Molina shall use established industry claims adjudication and/or clinical practices, Commonwealth, and Federal guidelines, and/or Molina's policies and data to determine the appropriateness of the billing, coding and payment.

Provider acknowledges Molina's right to conduct pre and post-payment billing audits. Provider shall cooperate with Molina's Special Investigations Unit and audits of Claims and payments by providing access at reasonable times to requested Claims information, all supporting medical records, Provider's charging policies, and other related data as deemed relevant to support the transactions billed. Providers are required to submit, or provide access to, medical records upon Molina's request. Failure to do so in a timely manner may result in an audit failure and/or denial, resulting in an overpayment.

In reviewing medical records for a procedure, Molina may select a statistically valid random sample, or smaller subset of the statistically valid random sample. This sample gives an estimate of the proportion of claims Molina paid in error. The estimated proportion, or error rate, may be projected across all claims to determine the amount of overpayment.

Provider audits may be telephonic, an on-site visit, internal claims review, client-directed/regulatory investigation and/or compliance reviews and may be vendor assisted. Molina asks that you provide us, or our designee, during normal business hours, access to examine, audit, scan and copy any and all records necessary to determine compliance and accuracy of billing.

Molina shall use established industry Claims adjudication and/or clinical practices, State, and Federal guidelines, and/or Molina's policies and data to determine the appropriateness of the billing, coding, and payment.

If Molina's Special Investigations Unit suspects that there is fraudulent or abusive activity, we may conduct an on-site audit without notice. Should you refuse to allow access to your facilities, Molina reserves the right to recover the full amount paid or due to you.

Corrected Claims

Corrected Claims are considered new Claims for processing purposes. Corrected Claims may be submitted electronically with the appropriate fields on the 837I or 837P completed. Molina's Provider Portal includes functionality to submit corrected Institutional and Professional Claims. Corrected Claims must include the correct coding to denote if the Claim is Replacement of Prior Claim or Corrected Claim for an 837I or the correct Resubmission Code for an 837P and include the original claim number.

Claims submitted without the correct coding will be returned to the Provider for resubmission.

EDI (Clearinghouse) Submission:

837P

- In the 2300 Loop, the CLM segment (claim information) CLM05-3 (claim frequency type code) must indicate one of the following qualifier codes:
 - "1"-ORIGINAL (initial claim)
 - "7"-REPLACEMENT (replacement of prior claim)
 - "8"-VOID (void/cancel of prior claim)
- In the 2300 Loop, the REF *F8 segment (claim information) must include the original reference number (Internal Control Number/Document Control Number ICN/DCN).

837I

- Bill type for UB Claims are billed in loop 2300/CLM05-1. In Bill Type for UB, the "1" "7" or "8" goes in the third digit for "frequency".
- In the 2300 Loop, the REF *F8 segment (Claim information) must include the original reference number (Internal Control Number/Document Control Number ICN/DCN).

Timely Claim Processing

Claims processing will be completed for contracted Providers in accordance with the timeliness provisions set forth in the Provider's contract. Unless the Provider and Molina or contracted medical group/IPA have agreed in writing to an alternate schedule, Molina will process the Claim for service within thirty (30) calendar days after receipt of Clean Claims.

The receipt date of a Claim is the date Molina receives notice of the Claim.

Electronic Claim Payment

Participating Providers are required to enroll for Electronic Funds Transfer (EFT) and Electronic Remittance Advice (ERA). Providers who enroll in EFT payments will automatically receive ERAs as well. EFT/ERA services allow Providers to reduce paperwork, provides searchable ERAs, and Providers receive payment and ERA access faster than the paper check and RA processes. There is no cost to the Provider for EFT enrollment, and Providers are not required to be in-network to enroll. Molina uses a vendor to facilitate the HIPAA compliant EFT payment and ERA delivery. Additional information about EFT/ERA is available at MolinaHealthcare.com or by contacting our Provider Services Department.

Overpayments and Incorrect Payments Refund Requests

If, as a result of retroactive review of Claim payment, Molina determines that it has made an Overpayment to a Provider for services rendered to a Member, it will make a Claim for such Overpayment.

A Provider shall pay a Claim for an Overpayment made by Molina which the Provider does not contest or dispute within the specified number of days on the refund request letter mailed to the Provider.

If a Provider does not repay or dispute the overpaid amount within the timeframe allowed Molina may offset the Overpayment amount(s) against future payments made to the Provider.

Payment of a Claim for Overpayment is considered made on the date payment was received or electronically transferred or otherwise delivered to Molina, or the date that the Provider receives a payment from Molina that reduces or deducts the Overpayment.

Claim Disputes/Reconsiderations

Providers disputing a Claim previously adjudicated must request such action within 30 days of Molina's original remittance advice date. Regardless of type of denial/dispute (service denied, incorrect payment, administrative, etc.); all Claim disputes must be submitted on the Molina Claims Request for Reconsideration Form (CRRF) found on

Provider website and the Provider Portal. The form must be filled out completely in order to be processed.

Additionally, the item(s) being resubmitted should be clearly marked as reconsideration and must include the following documentation:

- Any documentation to support the adjustment and a copy of the Authorization form (if applicable) must accompany the reconsideration request.
- The Claim number clearly marked on all supporting documents

Forms may be submitted via fax, mail, or provider portal. Claims Disputes/Reconsideration requested via the CRRF may be sent to the following address:

Molina Healthcare of Mississippi, Inc.
Attention: Claims Disputes/Adjustments
188 E. Capitol St. Suite 700
Jackson, MS 39201

Submitted via fax: (844) 808-2409

Please Note: Requests for adjustments of Claims paid by a delegated medical group/IPA must be submitted to the group responsible for payment of the original Claim.

The Provider will be notified of Molina's decision in writing within 30 days of receipt of the Claims Dispute/Adjustment request.

Billing the Member

- Providers contracted with Molina cannot bill the Member for any covered benefits beyond applicable copayment. The Provider is responsible for verifying eligibility and obtaining approval for those services that require prior authorization.
- Providers agree that under no circumstance shall a Member be liable to the Provider for any sums owed by Molina to the Provider
- Provider agrees to accept payment from Molina as payment in full, or bill the appropriate responsible party
- Provider may not bill a Molina Member for any unpaid portion of the bill or for a Claim that is not paid with the following exceptions:
 - The Member has been advised by the Provider that the service is not a covered benefit and the Provider has documentation.
 - The Member has been advised by the Provider that he/she is not contracted with Molina and has documentation.
 - The Member agrees in writing to have the service provided with full knowledge that they are financially responsible for payment.

Fraud and Abuse

Failure to report instances of suspected Fraud and Abuse is a violation of the Law and subject to the penalties provided by Law. Please refer to the Compliance section of this Provider Manual for more information.

Encounter Data

Each Provider, capitated Provider, or organization delegated for Claims processing is required to submit Encounter data to Molina for all adjudicated Claims. The data is used for many purposes, such as regulatory reporting, rate setting and risk adjustment, hospital rate setting, the Quality Improvement program and HEDIS® reporting.

Encounter data must be submitted at least once per month, and within thirty (30) days from the date of service in order to meet State and CMS encounter submission threshold and quality measures. Encounter data must be submitted via HIPAA compliant transactions, including the ANSI X12N 837I – Institutional, 837P – Professional, and 837D -- Dental. Data must be submitted with Claims level detail for all non-institutional services provided.

Molina has a comprehensive automated and integrated Encounter data system capable supporting all 837 file formats and proprietary formats if needed.

Molina has created 837P, 837I, and 837D Companion Guides with the specific submission requirements available to Providers.

Providers must correct and resubmit any encounters which are rejected (non-HIPAA compliant) or denied by Molina. Encounters must be corrected and resubmitted within fifteen (15) days from the rejection/denial.

When Encounters are filed electronically Providers should receive two (2) types of responses::

- First, Molina will provide a 999 acknowledgement of the transmission.
- Second, Molina will provide a 277CA response file for each transaction.

Section 11. Complaints, Grievance and Appeals Process

Member Complaints, Grievance and Appeals Process

Members may identify in writing an individual, including an attorney or Provider, to serve as a personal representative to act on their behalf at any stage during the grievance and appeals processes. If under applicable Law, a person has authority to act on behalf of a Member in making decisions related to health care or is a legal representative of the Member, Molina will treat such person as a personal representative.

Members are notified of their grievance and appeal rights and the different levels of grievances and appeals through various general communications including, but not limited to, the Member handbook, Member newsletters and Molina's website: MolinaHealthcare.com. Members are notified of these rights upon enrollment, and annually thereafter.

If a Member is unhappy with the service from Molina or Providers contracted with Molina, they may file a complaint, grievance or appeal by contacting Member Services toll-free at (844) 809-8438, Monday through Friday 7:30 a.m. to 8:00 p.m., and Saturday and Sunday of the second weekend of every month from 8:00 a.m. to 5:00 p.m. They can also write to us at:

Molina Healthcare of Mississippi
Attention: Grievance & Appeals Department
188 E. Capitol Street, Suite 700
Jackson, MS 39201

Members may also send their written request via fax to: (844) 808-2407

This section addresses the identification, review and resolution of Member grievances and appeals. Below are Molina's Member Grievance and Appeals Process.

Member Complaint and Grievance Process

Molina ensures that Members have access to the complaint and grievance process by aiding in a culturally and linguistically appropriate manner. Members are provided toll free telephone numbers as well as telephone numbers that access TTY/TDD services. Assistance is available for oral, written, and language interpretation. Alternative formats and devices that assist disabled individuals with communication are available if needed. The State of Mississippi Division of Medicaid Office of the Governor ("Division") has the right to intercede on the Member's behalf at any time during the Complaint and Grievance process whenever there is an indication from the Member that a serious quality of care issue is not being addressed timely or appropriately. Additionally, the Member may be accompanied by a representative of their choice to any proceedings.

A Member may file a Complaint or a Grievance orally or in writing. Complaints may be submitted within thirty (30) calendar days of the date of the event causing the dissatisfaction. Grievances may be filed at any time after the date of event causing dissatisfaction.

A Complaint is an expression of dissatisfaction, regardless of whether identified by the Member as a "Complaint", received by any employee of Molina that is of a less serious or formal nature that is resolved within one (1) calendar day of receipt. If the complaint cannot be resolved, it will be treated as a formal grievance.

A Grievance is an expression of dissatisfaction, regardless of whether identified by the Member as a "Grievance", received by Molina about any matter or aspect of Molina or its operation, other than a Molina's Adverse Benefit Determination. Grievances may include, but are not limited to, the quality of care or services provided, and aspects of interpersonal relationships such as rudeness of a Provider or employee, or failure to respect the Member's rights regardless of whether remedial action is requested. Grievance includes a Member's right to dispute an extension of time proposed by Molina.

A written acknowledgement letter must be sent within five (5) calendar days of receipt of a Grievance. Grievances must be resolved as expeditiously as possible, but no later than thirty (30) calendar days from receipt.

A Member Resolution Team (MRT) Specialist will be assigned the case and will be responsible for resolving and providing a resolution letter to the Member. During the course of researching a Grievance, it is expected that the MRT Specialists, when appropriate, partner with other Molina Departments (e.g. Provider Services, Health Care Services, Quality, etc.) and/or reach out to a Provider or facility as needed. The MRT Specialist will investigate the grievance and secure any additional pertinent records (billing notices, Pharmacy Claims etc.) for all Grievances.

The timeframe for Grievance resolution may be extended by up to fourteen (14) calendar days if the Member requests the extension. Molina may extend the timeframe an additional fourteen (14) calendar days if the extension is in the interest of the Member and Molina advises the Member verbally and in writing of the reason for the extension within two (2) calendar days from the date of the decision to extend the time frame.

Any grievances related to a clinical denial and/or appeal of a coverage decision, undergoes clinical review by a person not involved in the previous decision-making process to determine Medical Necessity aspects of the request.

Any grievance with Potential Quality of Care (PQOC) and/or Critical Incidents issues is referred to the Quality Department for further investigation and handling. Additionally, any identified issue related to the Privacy and Confidentiality of Protected Health Information (PHI) is referred to the Privacy Officer.

Member Appeals Process

Appeals may be filed orally or in writing. If the appeal request is made orally, Molina must get a signed, written appeal request after getting the verbal appeal request, unless an expedited (fast) plan appeal is requested. An appeal is a request for Molina to review an Adverse Benefit Determination. An Adverse Benefit Determination for a Member may include a decision to deny or limit health care services a Member believes he or she is entitled to get. In the case of a Member, the Adverse Benefit Determination may include determinations on the health care services a Member believes he or she is entitled to receive, including delay in providing, arranging for, or approving the health care services (such that a delay would adversely affect the health of the Member).

Molina ensures that Members have access to the Appeal process by aiding throughout its entirety in a culturally and linguistically appropriate manner. Members are also provided with toll-free telephone numbers, telephone numbers that have adequate TTY/TDD, assistance with oral, written, and language interpretation, sign language assistance, and alternate formats and devices that aid disabled individuals to communicate if needed.

Members have the opportunity to present evidence and allegations of fact or Law, in person as well as in writing. The Member (and/or Member's representative) and regulatory or oversight agencies are permitted to have reasonable access to examine and obtain copies of appeal files, including medical records and any other documents before, during, and after the Appeal process at no charge to the Member.

Appeals may be filed within sixty (60) calendar days from the Adverse Benefit Determination notice. A written acknowledgement letter must be sent within ten (10) calendar days of receipt of the Appeal. Appeal must be resolved as expeditiously as possible as; no later than thirty (30) calendar days from receipt.

The timeframe for Appeals resolution may be extended by up to fourteen (14) calendar days if the Member requests the extension. Molina may extend the timeframe an additional fourteen (14) calendar days if the extension is in the interest of the Member and Molina advises the Member verbally and in writing of the reason for the extension within two (2) calendar days from the date of the decision to extend the time frame.

A person not involved in the previous decision-making process reviews the appeal to determine the resolution. Appeals involving the denial of clinical services, health care professionals with appropriate expertise conduct the review. A Medical Director of same or similar specialty who was not involved in the initial determination and who is not the subordinate of any person involved in the initial determination will review the appeal and make the determination.

For decisions not resolved wholly in the Member's favor, the written response to the Appeal will include the following information:

- The right to request an Independent External Review;

- How to request an Independent External Review, and if applicable;
- The right to continue to receive benefits pending an Independent External Review;
- How to request the continuation of benefits;
- Information that the Member may be liable for the cost of any continued benefits if the Plan's action is upheld at the Independent External Review; and
- The Member's right, upon request, to have access to and copies of, all documents relevant to the Member's Appeal.

Expedited Review Process

An appeal will be expedited in response to the clinical urgency of the situation; i.e., when it is determined that allowing the time for a standard resolution could seriously jeopardize the Member's life, health, or ability to attain, maintain, or regain maximum function. A request to expedite may come from the Member, a Provider, or when Molina feels it prudent to do so. An expedited appeal will be acted on quickly and a decision made within seventy-two (72) hours.

The timeframe for Expedited Appeals resolution may be extended by up to fourteen (14) calendar days if the Member requests the extension. Molina may request an additional fourteen (14) calendar days if the extension is in the interest of the Member and Molina advises the Member verbally and in writing within two (2) calendar days of the decision to extend the time frame.

Molina does not require an oral Expedited Appeal request to be followed by a written, signed appeal. However, if a written request is received, the date of the oral filing will be considered the filing date of the Appeal. Molina considers the Member, Member Representative, or estate representative of a deceased Member, as parties to the Appeal.

If an expedited Appeal request does not meet the expedited criteria, it will be processed as a standard Appeal. The requestor is notified within twenty-four (24) hours and a determination is made within thirty (30) calendar days.

Review by Independent External Review

Members may request an Independent External Review through the Subcontractor MLS Group of Companies for any Appeal that is not resolved wholly in the Member's favor. However, Molina's appeals process must first be exhausted. Molina will inform and assist the Member with filing an Independent External Review request if the final decision by Molina is not wholly in the Member's favor. An explanation of Molina's Appeals process and the Independent External Review request process is also found in the Member Handbook, and on the Molina website at MolinaHealthcare.com.

A Member who has completed the Managed Care Plan's appeal process may file for an Independent External Review within one-hundred-twenty (120) calendar days of receipt of the notice of plan appeal resolution.

To ask for an Independent External Review, you may submit your request to the Molina Appeals and Grievance department. The Appeals and Grievance team will submit the Independent External Review to the MLS Group of Companies for review; the MLS Group of Companies will contact you when the review is completed. Please submit your request to the following:

Independent External Review Request
Attn: Member Grievance & Appeals
188 E. Capitol St., Ste 700
Jackson, MS 39201
Fax Number: (844) 808-2407

Molina will continue services for the member during the plan appeal or, if requested, an Independent External Review, if a plan appeal has been requested AND all of the following guidelines have been met:

1. Member asks for continuation of benefits on or before ten (10) calendar days from Molina sending the notice of appeal resolution, or on or before the date when changes to benefits start, whichever date is later;
2. The Appeal involves services that Molina had already authorized;
3. The services were ordered by an authorized service Provider;
4. The time period covered by the original authorization has not expired; and
5. Member requests an extension of the benefits.

Molina will provide benefits until one (1) of the following occurs:

1. Member withdraws the Appeal;
2. Ten (10) calendar days pass after Molina sends the member a letter with the appeal decision, if the Appeal was denied and member has not requested an Independent External Review or taken any further action;
3. The MLS Group of Companies issues an Independent External Review decision not in the member's favor; and
4. The time period or service limits of a previously authorized service has expired.

Should an Independent External Review result in the reversal of an Adverse Benefit Determination, Molina shall bear all costs associated with the review. These costs may include, but are not limited to: medical appropriateness reviews by the MLS Group of Companies, contracted Independent Physician Reviewers, review officer's fees, attorney's fees, and court reporter's fees.

Reporting

All Complaint Grievance/Appeal data, including practitioner specific data, is reported quarterly to Member/Provider Satisfaction Committee (MPSC) by the Department Managers for review and recommendation. A Summary of the results is reported to the Executive Quality Improvement Committee (EQIC) quarterly. Annually, a quantitative/qualitative report will be compiled and presented to MPSC and EQIC by the chairman of MPSC and will be included in the organization's Grand Analysis of customer satisfaction and assess opportunities for improvement.

Complaint, Grievance and Appeals reports will be reviewed monthly by the Credentialing Coordinator for inclusion in the trending of ongoing sanctions, complaints and quality issues. Complaints Appeals and Grievances will be reported to the State monthly.

Provider Complaints, Grievance and Appeals Processes

Providers have the right to file a complaint, grievance or appeal through a formal process. The Division shall have the right to intercede on a Provider's behalf at any time during the Contractor's Complaint, Grievance, and/or Appeal process whenever there is an indication from the Provider, or, where applicable, authorized person, that a serious quality of care issue is not being addressed timely or appropriately.

Provider Complaint and Grievance Process

Providers may file a complaint within thirty (30) calendar days of the date of the event causing the dissatisfaction. A Complaint is an expression of dissatisfaction, regardless of whether identified by the Provider as a "Complaint", received by Molina orally or in writing that is of a less serious or formal nature that is resolved within one (1) business day of receipt. A Complaint includes, but is not limited to inquiries, matters, misunderstandings, or misinformation that can be promptly resolved by clearing up the misunderstanding, or providing accurate information. Any Complaint not resolved within one (1) calendar day shall be treated as a Grievance

A Provider may file a complaint or formal grievance by contacting the Molina toll-free at (844) 826-4335, Monday through Friday 7:30 a.m. to 5:30 p.m. excluding State holidays.

Providers may also send their written grievance via fax to: (844) 808-2409

A Provider may file a grievance orally or in writing. An expression of dissatisfaction, regardless of whether identified by the Provider as a "Grievance", received by Molina about any matter or aspect of Molina or its operation, other than a Molina's Adverse Benefit Determination.

Grievances may be filed within thirty (30) calendar days from the date of event causing dissatisfaction. A written acknowledgement letter must be sent within five (5) calendar days of receipt of a Grievance. Grievances must be resolved as expeditiously as possible as but no later than thirty (30) calendar days from receipt.

The timeframe for Grievance resolution may be extended up to fourteen (14) calendar days and in compliance with State regulation.

Claim Reconsiderations/Disputes

Providers disputing a Claim previously adjudicated must request such action within ninety (90) calendar days from the date of denial of Molina's original remittance advice date. Regardless of type of denial/dispute (service denied, incorrect payment, administrative, etc.); all Claim disputes/reconsiderations must be submitted on the Molina Claims Request for Reconsideration Form (CRRF) found on Molina's Provider website and the Provider Portal. *The form must be filled out completely in order to be processed.* Additionally, the item(s) being resubmitted should be clearly marked as reconsideration and must include the following:

- Any documentation to support the adjustment and a copy of the Authorization form (if applicable) must accompany the Claim dispute/reconsideration request.
- The Claim number clearly marked on all supporting documents

Forms may be submitted via fax or Provider Portal.

Submitted via fax: (844) 808-2409

Submitted via Provider Portal: <https://provider.MolinaHealthcare.com>

The Provider will be notified of Molina's decision in writing within thirty (30) calendar days of receipt of the Claims Dispute/Reconsideration request.

Provider Appeals Process

A Provider may file a formal Appeal orally or in writing. An appeal is a request for Molina to review an Adverse Benefit Determination related to a Provider; which may include, but is not limited to, for cause termination by the Molina, or delay or non-payment for Covered Services.

Appeals must be filed within thirty (30) calendar days from the Adverse Benefit Determination or denial. A written acknowledgement letter must be sent within ten (10) calendar days of receipt of the Appeal. Appeal must be resolved as expeditiously as possible, and no later than thirty (30) calendar days from receipt.

The timeframe for Appeals resolution may be extended up to fourteen (14) calendar days in compliance with State regulation.

For decisions not resolved wholly in the Provider's favor, Providers have the right to request an Independent External Review from the MLS Group of Companies.

Appeals related to Claims must be submitted on the Molina Claims Request for Reconsideration Form (CRRF) found on Provider website and the Provider Portal. *The form must be filled out completely in order to be processed.* Appeals about determinations other than Claim payment do not require the CRRF and should be faxed to Molina.

Providers must submit the following documentation:

- Any documentation to support the adjustment and a copy of the Authorization form (if applicable) must accompany the Claim dispute/reconsideration request.
- The Claim number clearly marked on all supporting documents

Forms may be submitted via fax or Provider Portal.

Submitted via fax: (844) 808-2409

Submitted via Provider Portal: <https://provider.MolinaHealthcare.com>

Expedited Review Process

Providers may request that an appeal be expedited in compliance with State regulations. An expedited appeal will be acted on quickly and a decision made within three (3) calendar days. Molina may extend the time frame by up to fourteen (14) calendar days if the Member requests the extension. Molina may request an additional fourteen (14) calendar days if the extension is in the interest of the Member and Molina advises the Member in writing within two (2) calendar days of the decision to extend the time frame.

Molina will review the request to ensure it meets the requirements for expedited review. If the case does not meet expedited review, the requestor is notified, and the case is processed as a standard appeal.

Review by Independent External Review

Providers may request an Independent External Review through the MLS Group of Companies for any Appeal that is not resolved wholly in the Provider's favor.

Once a Provider has exhausted Molina's appeal process, they may file an Independent External Review within thirty (30) calendar days of the final decision by Molina.

To ask for an Independent External Review, you may submit your request to the Molina Appeals and Grievance department. The Appeals and Grievance team will submit the Independent External Review to the MLS Group of Companies for review; the MLS Group of Companies will contact you when the review is completed. Please submit your request to the following:

Independent External Review Request
Attn: Member Grievance & Appeals
188 E. Capitol St., Ste 700
Jackson, MS 39201
Fax Number: (844) 808-2407

Should an Independent External Review result in the reversal of an Adverse Benefit Determination, Molina shall bear all costs associated with the review. These costs may include, but are not limited to; medical appropriateness reviews by the contracted Independent Physician Reviewers, review officer's fees, attorney's fees, and court reporter's fees.

Reporting

All Complaint Grievance/Appeal data, including practitioner specific data, is reported quarterly to Member/Provider Satisfaction Committee (MPSC) by the Department Managers for review and recommendation. A Summary of the results is reported to the Executive Quality Improvement Committee (EQIC) quarterly. Annually, a quantitative/qualitative report will be compiled and presented to MPSC and EQIC by the chairman of MPSC and will be included in the organization's Grand Analysis of customer satisfaction and assess opportunities for improvement.

Complaint, Grievance and Appeals reports will be reviewed monthly by the Credentialing Coordinator for inclusion in the trending of ongoing sanctions, complaints and quality issues. Complaints, Appeals and Grievances will be reported to the State monthly.

Record Retention

Molina will maintain all grievance and related appeal documentation on file for a minimum of ten (10) years. In addition to the information documented electronically in Molina's core processing system or maintained in other electronic files, Molina Healthcare will retain copies of any written documentation submitted by the Provider pertaining to the grievance/appeal process.

Section 12. Credentialing and Recredentialing

The purpose of the Credentialing Program is to assure Molina and its subsidiaries network (including Providers that provide care as part of vendor networks, rental/lease network, and Locum Tenens agreements) consists of quality Providers who meet clearly defined criteria and standards and is in compliance with all State and Federal credentialing and verification requirements. It is the objective of Molina to provide superior health care to the community. Additional information is available in the Credentialing Policy and Procedure which can be requested by contacting your Molina provider services representative.

The decision to accept or deny a credentialing applicant is based upon primary source verification, secondary source verification and additional information as required. The information gathered is confidential and disclosure is limited to parties who are legally permitted to have access to the information under State and Federal Law.

The Credentialing Program has been developed in accordance with State and Federal requirements and the standards of the National Committee for Quality Assurance© (NCQA©). The Credentialing Program is reviewed annually, revised, and updated as needed.

Non-Discriminatory Credentialing and Recredentialing

Molina does not make credentialing and recredentialing decisions based on an applicant's race, ethnic/national identity, gender, gender identity, age, sexual orientation, ancestry, religion, marital status, health status, or patient types (e.g. Medicaid) in which the Practitioner specializes. This does not preclude Molina from including in its network Practitioners who meet certain demographic or specialty needs; for example, to meet cultural needs of Members.

Type of Practitioners Credentialed & Recredentialed

Practitioners and groups of Practitioners with whom Molina contracts must be credentialed prior to the contract being implemented.

Practitioner types requiring credentialing include but are not limited to:

- Acupuncturists
- Addiction medicine specialists
- Audiologists
- Behavioral healthcare practitioners who are licensed, certified or registered by the State to practice independently
- Chiropractors
- Clinical Social Workers
- Dentists

- Doctoral or master's -level psychologists
- Licensed/Certified Midwives (Non-Nurse)
- Massage Therapists
- Master's-level clinical social workers
- Master's-level clinical nurse specialists or psychiatric nurse practitioners
- Medical Doctors (MD)
- Naturopathic Physicians
- Nurse Midwives
- *Nurse Practitioners
- Occupational Therapists
- Optometrists
- Oral Surgeons.
- Osteopathic Physicians (DO)
- Pharmacists
- Physical Therapists
- **Physician Assistants
- Podiatrists
- Psychiatrists and other physicians
- Speech and Language Pathologists
- Telemedicine Practitioners

Practitioners must meet the following criteria to be eligible to participate in the Molina network. The Practitioner shall have the burden of producing adequate information to prove they meet all criteria for initial participation and continued participation in the Molina network. If the Practitioner fails provide this information, the credentialing application will be deemed incomplete and it will result in an administrative denial or administrative termination from the Molina network. Practitioners who fail to provide this burden of proof do not have the right to submit an appeal.

- **Application** – Provider must submit to Molina a complete credentialing application either from CAQH ProView or other State mandated practitioner application. The attestation must be signed within one-hundred-twenty (120) days. Application must include all required attachments.
- **License, Certification or Registration** – Provider must hold a current and valid license, certification or registration to practice in their specialty in every State in which they will provide care and/or render services for Molina Members. Telemedicine Practitioners are required to be licensed in the State where they are located, and the State the Member is located.
- **DEA or CDS Certificate** – Provider must hold a current, valid, unrestricted Drug Enforcement Agency (DEA) or Controlled Dangerous Substances (CDS) certificate. Provider must have a DEA or CDS in every State where the Provider provides care to Molina Members. If a Practitioner has never had any disciplinary action taken related to their DEA and/or CDS and has a pending DEA/CDS certificate or chooses not to have a DEA and/or CDS certificate, the Practitioner must then provide a documented process that allows another Practitioner with a valid DEA and/or CDS certificate to write all prescriptions requiring a DEA number. If a Practitioner does not have a DEA or CDS because it has been

revoked, restricted or relinquished due to disciplinary reasons, the Practitioner is not eligible to participate in the Molina network.

- **Specialty** – Provider must only be credentialed in the specialty in which they have adequate education and training. Provider must confine their practice to their credentialed area of practice when providing services to Molina Members.
- **Education**—Provider must have graduated from an accredited school with a degree required to practice in their designated specialty.
- **Residency Training** – Providers must have satisfactorily completed residency programs from accredited training programs in the specialties in which they are practicing. Molina only recognizes residency training programs that have been accredited by the Accreditation Council of Graduate Medical Education (ACGME) and the American Osteopathic Association (AOA) in the United States or by the College of Family Physicians of Canada (CFPC), the Royal College of Physicians and Surgeons of Canada. Oral Surgeons must complete a training program in Oral and Maxillofacial Surgery accredited by the Commission on Dental Accreditation (CODA). Training must be successfully completed prior to completing the verification. It is not acceptable to verify completion prior to graduation from the program. As of July 2013, podiatric residencies are required to be three (3) years in length. If the podiatrist has not completed a three (3)-year residency or is not board certified, the podiatrist must have five (5) years of work history practicing podiatry.
- **Fellowship Training** – If the Provider is not board certified in the specialty in which they practice and has not completed a residency program in the specialty in which they practice, they must have completed a fellowship program from an accredited training program in the specialty in which they are practicing.
- **Board Certification** – Board certification in the specialty in which the Practitioner is practicing is not required. Initial applicants who are not board certified will be considered for participation if they have satisfactorily completed a residency program from an accredited training program in the specialty in which they are practicing. Molina recognizes board certification only from the following Boards:
 - American Board of Medical Specialties (ABMS)
 - American Osteopathic Association (AOA)
 - American Board of Foot and Ankle Surgery (ABFAS)
 - American Board of Podiatric Medicine (ABPM)
 - American Board of Oral and Maxillofacial Surgery
 - American Board of Addiction Medicine (ABAM)
 - College of Family Physicians of Canada (CFPC)
 - Royal College of Physicians and Surgeons of Canada (RCPSC)
 - Behavioral Analyst Certification Board (BACB)
 - National Commission on Certification of Physician Assistants (NCCPA)
- **General Practitioners** – Practitioners who are not board certified and have not completed a training program from an accredited training program are only eligible to be considered for participation as a General Practitioner in the Molina network. To be eligible, the Practitioner must have maintained a primary care practice in good standing for a minimum of the most recent five (5) years without

any gaps in work history. Molina will consider allowing a Practitioner who is/was board certified and/or residency trained in a specialty other than primary care to participate as a General Practitioner, if the Practitioner is applying to participate as a Primary Care Physician (PCP), Urgent Care or Wound Care. General Practitioners providing only wound care services do not require five (5) years of work history as a PCP.

- **Nurse Practitioners & Physician Assistants** – In certain circumstances, Molina may credential a Practitioner who is not licensed to practice independently. In these instances, it would also be required that the Practitioner providing the supervision and/or oversight be contracted and credentialed with Molina.
- **Work History** – Provider must supply most recent five (5)-years of relevant work history on the application or curriculum vitae. Relevant work history includes work as a health professional. If a gap in employment exceeds six (6) months, the Practitioner must clarify the gap verbally or in writing. The organization will document a verbal clarification in the Practitioner's credentialing file. If the gap in employment exceeds one (1) year, the Practitioner must clarify the gap in writing.
- **Malpractice History** – Provider must supply a history of malpractice and professional liability claims and settlement history in accordance with the application.
- **Professional Liability Insurance** – Practitioner must supply a history of malpractice and professional liability claims and settlement history in accordance with the application. Documentation of malpractice and professional liability claims, and settlement history is requested from the Practitioner on the credentialing application. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner.
- **State Sanctions, Restrictions on Licensure or Limitations on Scope of Practice** – Practitioner must disclose a full history of all license/certification/registration actions including denials, revocations, terminations, suspension, restrictions, reductions, limitations, sanctions, probations and non-renewals. Practitioner must also disclose any history of voluntarily or involuntarily relinquishing, withdrawing, or failure to proceed with an application in order to avoid an adverse action or to preclude an investigation or while under investigation relating to professional competence or conduct. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner. Molina will also verify all licenses, certifications and registrations in every State where the Practitioner has practiced. At the time of initial application, the practitioner must not have any pending or open investigations from any State or governmental professional disciplinary body⁴. This would include Statement of Charges, Notice of Proposed Disciplinary Action or the equivalent.

⁴ If a practitioner's application is denied solely because a practitioner has a pending Statement of Charges, Notice of Proposed Disciplinary Action, Notice of Agency Action or the equivalent from any state or governmental professional disciplinary body, the practitioner may reapply as soon as practitioner is able to demonstrate that any pending Statement of Charges, Notice of Proposed

- **Medicare, Medicaid and other Sanctions and Exclusions** – Practitioner must not be currently sanctioned, excluded, expelled or suspended from any State or Federally funded program including but not limited to the Medicare or Medicaid programs. Practitioner must disclose all Medicare and Medicaid sanctions. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner. Practitioner must disclose all debarments, suspensions, proposals for debarments, exclusions or disqualifications under the non-procurement common rule, or when otherwise declared ineligible from receiving Federal contracts, certain subcontracts, and certain Federal assistance and benefits. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner.
- **Medicare opt Out** – Practitioners currently listed on the Medicare Opt-Out Report may not participate in the Molina network for any Medicare or Duals (Medicare/Medicaid) lines of business.
- **Social Security Administration Death Master File** – Practitioners must provide their Social Security number. That Social Security number should not be listed on the Social Security Administration Death Master File.
- **Medicare Preclusion List** – Practitioners currently listed on the Preclusion List may not participate in the Molina network for any Medicare or Duals (Medicare/Medicaid) lines of business.
- **Professional Liability Insurance** – Practitioner must have and maintain professional malpractice liability insurance with limits that meet Molina criteria. This coverage shall extend to Molina Members and the Practitioners activities on Molina's behalf. Practitioners maintaining coverage under a Federal tort or self-insured are not required to include amounts of coverage on their application for professional or medical malpractice insurance.
- **Inability to Perform** – Practitioner must disclose any inability to perform essential functions of a Practitioner in their area of practice with or without reasonable accommodation. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the practitioner.
- **Lack of Present Illegal Drug Use** – Practitioners must disclose if they are currently using any illegal drugs/substances.
- **Criminal Convictions** – Practitioners must disclose if they have ever had any criminal convictions. Practitioner must not have been convicted of a felony or pled guilty to a felony for a health care related crime including but not limited to health care fraud, patient abuse and the unlawful manufacturing, distribution or dispensing of a controlled substance.
- **Loss or Limitations of Clinical Privileges** – At initial credentialing, Practitioner must disclose all past and present issues regarding loss or limitation of clinical privileges at all facilities or organizations with which the Practitioner has had

Disciplinary Action, Notice of Agency Action, or the equivalent from any state or governmental professional disciplinary body is resolved, even if the application is received less than one year from the date of original denial.

privileges. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner. At recredentialing, Practitioner must disclose past and present issues regarding loss or limitation of clinical privileges at all facilities or organizations with which the Practitioner has had privileges since the previous credentialing cycle.

- **Hospital Privileges** – Practitioners must list all current hospital privileges on their credentialing application. If the Practitioner has current privileges, they must be in good standing.
- **NPI** – Practitioner must have a National Provider Identifier (NPI) issued by the Centers for Medicare and Medicaid Services (CMS).

Notification of Discrepancies in Credentialing Information & Practitioner’s Right to Correct Erroneous Information

Molina will notify the Practitioner immediately in writing in the event credentialing information obtained from other sources varies substantially from that submitted by the Practitioner. Examples include but are not limited to actions on a license, malpractice claims history, board certification, sanctions or exclusions. Molina is not required to reveal the source of information if the information is not obtained to meet organization credentialing verification requirements or if disclosure is prohibited by Law.

Practitioners have the right to correct erroneous information in their credentials file. Practitioner’s rights are published on the Molina website and are included in this Provider Manual.

The notification sent to the Practitioner will detail the information in question and will include instructions to the Practitioner indicating:

- Their requirement to submit a written response within ten (10) calendar days of receiving notification from Molina.
- In their response, the Practitioner must explain the discrepancy, may correct any erroneous information and may provide any proof that is available.
- The Practitioner’s response must be sent to Molina Healthcare, Inc. Attention: Credentialing Director at PO Box 2470, Spokane, WA 99210

Upon receipt of notification from the Practitioner, Molina will document receipt of the information in the Practitioner’s credentials file. Molina will then re-verify the primary source information in dispute. If the primary source information has changed, correction will be made immediately to the Practitioner’s credentials file. The Practitioner will be notified in writing that the correction has been made to their credentials file. If the primary source information remains inconsistent with the Practitioner’s information, the Credentialing department will notify the Practitioner.

If the Practitioner does not respond within ten (10) calendar days, their application processing will be discontinued, and network participation will be administratively denied or terminated.

Practitioner's Right to Review Information Submitted to Support Their Credentialing Application

Practitioners have the right to review their credentials file at any time. Practitioner's rights are published on the Molina website and are included in this Provider Manual.

The practitioner must notify the Credentialing department and request an appointed time to review their file and allow up to seven (7) calendar days to coordinate schedules. A Medical Director and the Director responsible for Credentialing or the Quality Improvement Director will be present. The Practitioner has the right to review all information in the credentials file except peer references or recommendations protected by Law from disclosure.

The only items in the file that may be copied by the Practitioner are documents, which the Practitioner sent to Molina (e.g., the application and any other attachments submitted with the application from the Practitioner). Practitioners may not copy any other documents from the credentialing file.

Practitioners Right to be Informed of Application Status

Practitioners have a right, upon request, to be informed of the status of their application by telephone, email or mail. Practitioner's rights are published on the Molina website and are included in this Provider Manual. Molina will respond to the request within two (2) working days. Molina will share with the Practitioner where the application is in the credentialing process to include any missing information or information not yet verified.

Notification of Credentialing Decisions

Initial credentialing decisions are communicated to Practitioners via letter or email. This notification is sent by the Molina Medical Director within ten (10) calendar days of the decision.

Credentialing Turn-Around Time

Molina will notify the Practitioner within five (5) business days of any missing or invalid information that may delay completion of credentialing and/or contracting.

Molina will credential all complete applications within ninety (90) calendar days of receipt. In cases of network adequacy, Molina will credential all complete applications within forty-five (45) calendar days of receipt.

Recredentialing

Molina recredentials every Practitioner at least every thirty-six (36) months.

Excluded Providers

Excluded Provider means an individual Provider, or an entity with an officer, director, agent, manager or individual who owns or has a controlling interest in the entity who has been convicted of crimes as specified in section 1128 of the SSA, excluded from participation in the Medicare or Medicaid program, assessed a civil penalty under the provisions of section 1128, or has a contractual relationship with an entity convicted of a crime specified in section 1128.

Pursuant to section 1128 of the SSA, Molina and its Subcontractors may not subcontract with an Excluded Provider/person. Molina and its Subcontractors shall terminate subcontracts immediately when Molina and its Subcontractors become aware of such excluded Provider/person or when Molina and its Subcontractors receive notice. Molina and its Subcontractors certify that neither it nor its Provider is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency. Where Molina and its Subcontractors are unable to certify any of the statements in this certification, Molina and its Subcontractors shall attach a written explanation to this Agreement.

Ongoing Monitoring of Sanctions and Exclusions

Molina monitors the following agencies for Provider sanctions and exclusions between recredentialing cycles for all Provider types and takes appropriate action against Providers when occurrences of poor quality is identified. If a Molina Provider is found to be sanctioned or excluded, the Provider's contract will immediately be terminated effective the same date as the sanction or exclusion was implemented.

- **The United States Department of Health & Human Services (HHS), Office of Inspector General (OIG) Fraud Prevention and Detection Exclusions Program** – Monitor for individuals and entities that have been excluded from Medicare and Medicaid programs.
- **State Medicaid Exclusions** – Monitor for State Medicaid exclusions through each State's specific Program Integrity Unit (or equivalent).
- **Medicare Exclusion Database (MED)** – Molina monitors for Medicare exclusions through the Centers for Medicare and Medicaid Services (CMS) MED online application site.
- **Medicare Preclusion List** – Monitor for individuals and entities that are reported on the Medicare Preclusion List.
- **National Practitioner Database** – Molina enrolls all credentialed practitioners with the NPDB Continuous Query service to monitor for adverse actions on license, DEA, hospital privileges and malpractice history between credentialing cycles.
- **System for Award Management (SAM)** – Monitor for Providers sanctioned with SAM.

Molina also monitors the following for all Provider types between the recredentialing cycles.

- Member Complaints/Grievances
- Adverse Events
- Medicare opt Out
- Social Security Administration Death Master File

Provider Appeal Rights

In cases where the Credentialing Committee suspends or terminates a provider's contract based on quality of care or professional conduct, a certified letter is sent to the provider describing the adverse action taken and the reason for the action, including notification to the provider of the right to a fair hearing when required pursuant to laws or regulations.

Section 13. Delegation

This section contains information specific to Molina's delegation criteria. Molina may delegate certain administrative responsibilities upon meeting all of Molina's delegation criteria. Molina is accountable for all aspects of the Member's health care delivery, even when it delegates specific responsibilities to sub-contracted entities. Molina's Delegation Oversight Committee (DOC), or other designated committee, must approve all delegation and sub-delegation arrangements.

If you have additional questions related to delegated functions, please contact your Molina Contract Manager.

Delegation Criteria

Sanction Monitoring

All sub-contractors of Molina are required to show proof of processes to screen staff and employees at all levels against Federal exclusions lists. Screening must be done prior to the employee/staff's hire date and occur monthly thereafter. Molina will include a Sanction Monitoring pre assessment audit with all other pre assessment audits, any time a function(s) is/are being considered for delegation.

Sanction Monitoring functions may be delegated to entities which meet CHIP and Molina criteria. To be delegated for sanction monitoring functions, Providers must:

- Pass Molina's sanction monitoring pre assessment, which is based on CHIP standards;
- Demonstrate that employees and staff are screened against Office of Inspector General (OIG) and System for Award Management (SAM) sanction lists prior to hire dates, and monthly thereafter.
- Correct deficiencies within mutually agreed upon timeframes when issues of non-compliance are identified by Molina.
- Agree to Molina's contract terms and conditions for sanction monitoring delegates.
- Submit timely and complete Sanction Monitoring delegation reports as detailed in the Delegated Services Addendum to the applicable Molina contact.
- Comply with all applicable Federal and State Laws.
- When staff or employees are identified as having a positive sanction, provide Molina with notification according to Contractual Agreements of the findings and action(s) being taken to ensure sanctioned staff is not providing services to Molina Members.

Credentialing

Credentialing functions may be delegated to entities which meet National Committee for Quality Assurance (NCQA) criteria for credentialing functions. To be delegated for credentialing functions, Providers must:

- Be a CHIP Provider.
- Pass Molina's credentialing pre-assessment, which is based on NCQA credentialing standards.
- Have a multi-disciplinary Credentialing Committee who is responsible for review and approval or denial/termination of practitioners included in delegation.
- Have an Ongoing Monitoring process in place that screens all practitioners included in delegation against OIG, SAM, and all published State Medicaid exclusion lists a minimum of every thirty (30) days.
- Correct deficiencies within mutually agreed upon timeframes when issues of non-compliance are identified by Molina.
- Agree to Molina's contract terms and conditions for credentialing delegates.
- Submit timely and complete Credentialing delegation reports as detailed in the Delegated Services Addendum to the applicable Molina contact.
- Comply with all applicable Federal and State Laws.
- When key specialists, as defined by Molina, contracted with IPA or group terminate, provide Molina with a letter of termination according to Contractual Agreements and the information necessary to notify affected Members.

Note: If the Provider is an NCQA Certified or Accredited organization, a modified pre-assessment audit may be conducted. Modification to the audit depends on the type of Certification or Accreditation entity has, but will always include evaluation of applicable State requirements and Molina business needs. If the Provider sub-delegates Credentialing functions, the sub-delegate must be NCQA[®] accredited or certified in Credentialing functions or demonstrate an ability to meet all Health Plan, NCQA[®], and State and Federal requirements identified above. A written request must be made to Molina prior to execution of a contract, and a pre-assessment must be completed on the potential sub-delegate, and annually thereafter. Evaluation should include review of Credentialing policies and procedures, Credentialing and Recredentialing files, Credentialing Committee Minutes, Ongoing Monitoring documentation, and a process to implement corrective action if issues of non-compliance are identified.

An entity may request Credentialing delegation from Molina through Molina's Delegation Oversight Manager or through their Contract Manager. Molina will ask the potential delegate to submit a Credentialing Pre-Delegation survey, policies and procedures for review and will schedule an appointment for pre-assessment. The results of the pre-assessment are submitted to the Delegation Oversight Committee (DOC) for review and approval. Final decision to delegate Credentialing responsibilities is based on the entity's ability to meet Molina, State and Federal requirements for delegation.

Delegation Reporting Requirements

Delegated entities contracted with Molina must submit monthly and quarterly reports determined by the function(s) delegated to the identified Molina Delegation Oversight Staff within the timeline indicated by the Health Plan. For a copy of Molina's current delegation reporting requirements, please contact your Molina Credentialing contact.

CMS Preclusion List

All subcontractors delegated for Credentialing and/or Claims Administration must review their Provider network against the CMS Preclusion list. The CMS Preclusion list will be provided to the subcontractor on a monthly basis by Molina. Within five (5) business days of receipt, the subcontractor must review the list and identify any Providers with a new preclusion since the last publication date. Within fifteen (15) calendar days of receipt of the list, the subcontractor must notify Molina of any identified Provider(s), including a report of all Molina Claims paid to the Provider in the previous twelve (12) months. Depending on delegated expectations, subcontractors may also be responsible for sending the necessary Member notification at least sixty (60) calendar days prior to the Preclusion effective date, informing the Member of the need to select a new Provider.

Note: Member notification responsibilities depend on the functions delegated and the services provided. Not all subcontractors are responsible for this piece, and in some cases, are required to send the appropriate information to Molina so that Molina can notify impacted Members. If there are questions about subcontractor responsibilities related to Member notification of precluded Providers, please contact your Molina Delegation Oversight contact.

Section 14. Risk Adjustment Management Program

What is Risk Adjustment?

Risk Adjustment is a process that helps accurately measure the health status of a plan's membership based on medical conditions and demographic information.

This process helps ensure health plans receive accurate payment for services provided to Molina members and prepares for resources that may be needed in the future.

Why is Risk Adjustment Important?

- Allows Molina to focus on quality and efficiency.
- Enables Molina to recognize and address current and potential health conditions early.
- Identifies members for Care Management referral.
- Ensures accurate payment for the acuity levels of Molina members.
- Risk Adjustment allows Molina to have the resources to deliver the highest quality of care to Molina members.

Your Role as a Provider

As a Provider your documentation in a member's medical record is critical to a Member's quality of care .

For a complete and accurate medical record, all Provider documentation must:

- Be compliant with CMS correct coding initiative.
- Use the correct ICD-10 code by coding the condition to the highest level of specificity.
- Only submit codes for diagnoses confirmed during a face to face visit with the Member.
- Contain a treatment plan.
- Be clear and concise.
- Contain the Member's name and date of service.
- Have the physician's signature and credentials.

RADV Audits

As part of the regulatory process, State and/or Federal agencies may conduct Risk Adjustment Data Validation (RADV) audits to ensure that the diagnosis data submitted by Molina is accurate. All claims/encounters submitted to Molina are subject to State and/or Federal and internal health plan auditing. If Molina is selected for a RADV audit, providers will be required to provide medical records to validate the previously submitted data.

Contact Information

For questions about Molina's Risk Adjustment programs, please contact our team at:
RiskAdjustment.Programs@MolinaHealthcare.com

Section 15. Pharmacy

Prescription drug therapy is an integral component of your patient's comprehensive treatment program. Molina's goal is to provide our Members with high quality, cost effective drug therapy. Molina works with our Providers and Pharmacists to ensure medications used to treat a variety of conditions and diseases are offered. Molina covers prescription and certain over-the-counter drugs.

Pharmacy and Therapeutics Committee

The National Pharmacy and Therapeutics Committee (P&T) meets quarterly to review and recommend medications for formulary consideration. The P&T Committee is organized to assist Molina with managing pharmacy resources and to improve the overall satisfaction of Molina Members and Providers. It seeks to ensure Molina Members receive appropriate and necessary medications. An annual pharmacy work plan governs all the activities of the committee. The committee voting membership consists of external physicians and pharmacists from various clinical specialties.

Pharmacy Network

Members must use their Molina ID card to get prescriptions filled. Additional information regarding the pharmacy benefits, limitations, and network pharmacies is available by visiting www.MolinaHealthcare.com or calling Molina at 1-844-826-4335.

Drug Formulary

The pharmacy program does not cover all medications. Some medications require prior authorization (PA) or have limitations on age, dosage and/or quantities. For a complete list of covered medications please visit www.MolinaHealthcare.com.

Information on procedures to obtain these medications is described within this document and also available on the Molina website at www.MolinaHealthcare.com.

Formulary Medications

In some cases, Members may only be able to receive certain quantities of medication. Information on limits are included and can be found in the formulary document.

Formulary medications with PA may require the use of first-line medications before they are approved.

Quantity Limitations

Quantity limitations have been placed on certain medications to ensure safe and appropriate use of the medication.

Specialty Pharmaceuticals/Injectables and Infusion Services

Many self-administered and office-administered injectable products require Prior Authorization. In some cases they will be made available through a vendor, designated by Molina. More information about our Prior Authorization process is available in the Medical Management Program section of this Provider Manual.

Molina's pharmacy vendor will coordinate with Molina and ship the medication directly to your office or the Member's home. All packages are individually marked for each Member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations Representative with any further questions about the program.

Newly FDA approved drugs are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee.

Age Limits

Some medications may have age limits. Age limits align with current U.S. Food and Drug Administration (FDA) alerts for the appropriate use of pharmaceuticals.

Non-Formulary Medications

Nonformulary medications may be considered for exception when formulary medications are not appropriate for a particular Member or have proven ineffective. Requests for formulary exceptions should be submitted using a PA form. Clinical evidence must be provided and is taken into account when evaluating the request to determine medical necessity.

Generic Substitution

Generic drugs should be dispensed when available. If the use of a particular brand name becomes medically necessary as determined by the Provider, PA must be obtained through the standard PA process.

New to Market Drugs

Newly approved drug products will not normally be placed on the formulary during their first six (6) months on the market. During this period, access to these medications will be considered through the PA process.

Medications Not Covered

Medications not covered by CHIP are excluded from coverage. For example, drugs used in the treatment of fertility or those used for cosmetic purposes are not part of the benefit.

Submitting a Prior Authorization Request

Molina will only process completed PA request forms. The following information **MUST** be included for the request form to be considered complete.

- Member first name, last Name, date of birth and identification number
- Prescriber first name, last name, NPI, phone number and fax number
- Drug name, strength, quantity and directions of use
- Diagnosis

Molina's decisions are based upon the information included with the PA request. Clinical notes are recommended. If clinical information and/or medical justification is missing Molina will either fax or call your office to request clinical information be sent in to complete review. To avoid delays in decisions, be sure to complete the PA form in its entirety, including medical justification and/or supporting clinical notes.

Fax a completed Medication PA Request form to Molina at (844) 312-6371. A blank Medication PA Request Form may be obtained by accessing www.MolinaHealthcare.com or by calling (844) 826-4335.

Member and Provider “Patient Safety Notifications”

Molina has a process to notify Members and Providers regarding a variety of safety issues which include voluntary recalls, FDA required recalls and drug withdrawals for patient safety reasons. This is also a requirement as an NCQA© accredited organization.

Specialty Pharmaceuticals, Injectable and Infusion Services

Many specialty medications are covered by Molina through the pharmacy benefit using national drug codes (NDCs) for billing and specialty pharmacy for dispensing to the Member or Provider. Some of these same medications maybe covered through the medical benefit using Healthcare Common Procedure Coding System (HCPC) J-codes via paper or electronic medical claim submission.

Molina, during the utilization management review process, will review the requested medication for the most cost-effective, yet clinically appropriate benefit (medical or pharmacy) of select specialty medications. All reviewers will first identify Member eligibility, any Federal or State regulatory requirements, and the Member specific benefit plan coverage prior to determination of benefit processing.

If it is determined to be a Pharmacy benefit, Molina’s pharmacy vendor will coordinate with Molina and ship the prescription directly to your office or the Member’s home. All packages are individually marked for each Member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations representative with any further questions about the program.

Newly FDA approved medications are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. “Buy-and-bill” drugs are pharmaceuticals which a Provider purchases and administers, and for which the Provider submits a claim to Molina for reimbursement.

Pain Safety Initiative (PSI) Resources

Safe and appropriate opioid prescribing and utilization is a priority for all of us in health care. Molina requires Providers to adhere to Molina’s drug formularies and prescription policies designed to prevent abuse or misuse of high-risk chronic pain medication. Providers are expected to offer additional education and support to Members regarding Opioid and pain safety as needed.

Molina is dedicated to ensuring Providers are equipped with additional resources, which can be found on the Molina Provider website. Providers may access additional Opioid-safety and Substance Use Disorder resources at [MolinaHealthcare.com](https://www.molinahealthcare.com) under the Health Resource tab. Please consult with your Provider Services representative or reference the medication formulary for more information on Molina's Pain Safety Initiatives.
