Instructions for 2015 Sales, Use and Withholding Monthly/Quarterly and Amended Monthly/Quarterly Worksheet (Form 5095)

PART 1: SALES AND USE TAX SECTION

Line 1a: Total gross sales for tax period being reported.

Enter the total of your Michigan sales of tangible personal property including cash, credit and installment transactions and any costs incurred before ownership of the property is transferred to the buyer (including shipping, handling, and delivery charges).

Line 1b: This line is used to report the following:

- **Out-of-state retailers who do not have retail stores in Michigan:** Enter total sales of tangible personal property including cash, credit, and installment transactions.
- **Lessors of tangible personal property:** Enter amount of total rental receipts.
- **Persons providing accommodations:** This would include but not limited to hotel, motel, and vacation home rentals. This also includes assessments imposed under the Convention and Tourism Act, the Convention Facility Development Act, the Regional Tourism Marketing Act, the Community Convention or Tourism Marketing Act.
- **Telecommunications Services:** Enter gross income from telecommunications services.

Line 2b: Rental of tangible property and accommodations.

Lessors of tangible personal property who pay use tax on rental receipts must enter rental income. Enter total hotel and motel room rentals including assessments imposed under the Convention and Tourism Act, the Convention Facility Development Act, the Regional Tourism Marketing Act, or the Community Convention or Tourism Marketing Act. No negative figures are allowed.

Line 3b: Telecommunications Services. Enter gross income from telecommunications services.

Line 5a-5l: Allowable Deductions. Use lines 5a - 5l to deduct nontaxable sales you made from gross sales. Deductions taken for tax exempt sales must be substantiated in your records. You must obtain a completed copy of *Michigan Sales and Use Tax Certificate of Exemption*

(Form 3372) or the same information in another format, from the purchaser.

Line 5a: Resale. Enter resale exemption claims.

Line 5b: Industrial Processing. The property sold must be for direct use in producing a product for eventual sale at retail.

Line 5c: Agriculture Production. The property sold must be for direct use in agricultural production.

Line 5d: Interstate Commerce. Enter sales made in interstate commerce. To claim such a deduction, the property or service must be delivered by you to the out-of-state purchaser. Property transported out of state by the purchaser does not qualify under interstate commerce. You must keep documentation of out-of-state shipments to support this deduction.

Line 5e: Exempt Services. Enter charges for nontaxable services billed separately, such as repair or maintenance, if these charges were included in gross receipts on line 1.

Line 5f: Bad Debts. You may deduct the amount of bad debts from your proceeds if all of the following criteria are met:

- If the debts are charged off as uncollectible on your books and records at the time the debts become worthless
- You have deducted the debts on your return for a period during which the bad debts are written off as uncollectible.
- The debt must also be eligible to be deducted for federal income tax purposes.

A bad debt deduction may also be claimed by a third-party lender provided the retailer who reported the tax and the lender financing the sale executed and maintained a separate written election designating which party may claim the deduction. Certain additional conditions must be met. See MCL 205.54i and MCL 205.99a.

Line 5g: Food for Human/Home Consumption. Enter the total of retail sales of grocery-type food, excluding tobacco

and alcoholic beverages. Prepared food is subject to tax. See MCL 205.54g and MCL 205.94d for more information.

Line 5h: Government Exemption. Direct sales to the United States Government, State of Michigan, or its political subdivisions are exempt.

Line 5i: Michigan Motor Fuel Tax. Motor fuel retailers may deduct the Michigan motor fuel taxes that were included in gross sales on line 1 and paid to the State or the distributor.

Line 5j: Direct Payment Exemption. Sales to companies that claim direct payment of sales or use tax to the State of Michigan. Such companies must have a sales tax license or use tax registration, and have a letter from Treasury specifically granting direct payment authority. For qualifications, see RAB 2000-3.

Line 5k: Other Exemptions. Identify deductions not covered in items 5a through 5j on this line. Examples of deductions are:

- Direct sales not for resale to certain nonprofit agencies, churches, schools, hospitals, and homes for the care of children and the aged, provided such activities are nonprofit and payment is directly from the funds of the exempt organization.
 - Assessments imposed under the Convention and Tourism Act, the Convention Facility Development Act, the Regional Tourism Marketing Act, or the Community Convention or Tourism Marketing Act. Hotels and motels may deduct the assessments included in gross sales and rentals provided use tax on the assessments were not charged to the customers.
 - Credits allowed to customers for sales tax originally paid on merchandise voluntarily returned; provided the return is made within the time period for returns stated in the taxpayer's refund policy or 180 days after the initial sale, whichever is earlier. Repossessions are not allowable deductions.
- Sales to contractors of materials which will become part of a finished structure for a qualified exempt nonprofit hospital, qualified exempt nonprofit housing entity or church sanctuary, or materials to be affixed to and made a structural part of real estate located in another state. The purchaser will provide a *Michigan Sales and Use Tax Contractor Eligibility Statement* (Form 3520). See RAB 1999-2.
 - Qualified nonprofit organizations may take a deduction of their sales if total sales are less than \$5,000 and they did not collect sales tax from their customers. If total sales are \$5,000 or more, the entire amount of sales is subject to tax. For qualifications, see RAB 1995-3.

Line 5l: Tax included in gross sales. If you have tax included in your gross sales, divide your gross sales by 17.6667 and enter the amount.

Line 8-10: Enter the total amount of pre-paid sales tax claimed from *2015 Fuel Supplier and Wholesaler Prepaid Sales Tax Schedule* (Form 5083), *2015 Fuel Retailer Supplemental Schedule* (Form 5085), and *2015 Vehicle Dealer Supplemental Schedule* (Form 5086), if applicable, made for the current tax period.

PART 2: USE TAX ON ITEMS PURCHASED FOR BUSINESS OR PERSONAL USE

Line 12: Enter purchases on which tax was not paid or inventory removed for personal or business use.

How to Compute Penalty and Interest

If your return is filed with additional tax due, include penalty and interest with your payment. Penalty is 5% of the tax due and increases by an additional 5% per month or fraction thereof, after the second month, to a maximum of 25%. Interest is charged daily using the average prime rate, plus 1 percent.

Refer to www.michigan.gov/taxes for current interest rate information or help in calculating late payment fees.
