HIP MANAGED LONG TERM CARE (MLTC) PROVIDER LISTING

PROVIDER LISTING MLTC SERVICES

This listing includes long term care providers for HIP — Managed Long Term Care (MLTC) members. The MLTC Provider network is comprised of hundreds of qualified professional and long term care service providers.

PROVIDER LISTING MLTC SERVICES

Frequently Asked Questions

How do I find a provider in the listing?

Many of the providers in your listing have been organized by borough service area and specialty.

The listing also indicates which providers offer wheelchair accessible facilities or services for the hearing-impaired or visually-impaired. Please look for these symbols throughout the listing.

Do I need to use HIP providers?

HIP MLTC uses a network of community providers to deliver many of the services that you need. You are encouraged to call your case manager directly for all your health care needs.

With a few exceptions, you must receive all services that are covered by HIP MLTC from one of the providers in our network. You do not need to use HIP providers in the following situations.

- If you need a service that is covered by HIP MLTC, but there is not a network provider with the specific expertise that you require. Your case manager is responsible for assisting you with access to services authorized under the care plan.
- If you are receiving health care services from an out-of-network provider at the time of your enrollment, and the provider agrees to work with HIP MLTC, you may continue to see this provider until you complete the course of treatment for up to 90 days.
- If you are in the process of receiving treatment for a health problem and your provider terminates its relationship with HIP MLTC, you may continue to see this provider to complete the course of treatment up to 90 days.

Can I choose my own providers?

You may choose a new provider at any time, and your case manager is your key contact while you are in the plan, and will work with you to access all your long term care service needs authorized under your care plan.

Your care plan is a written description outline of HIP MLTC services that you will receive during a given service authorization period. Your care management team assists in arranging appointments for any service, inside and outside of the plan.
