

2012 PATHFINDER

2012 ARMADA

**Looking for an Armada?
See the second half of this brochure.**

Nissan Pathfinder LE shown in Carmine.

INNOVATION FOR ADVENTURE.

Tough. Rugged. And ready. So what are you waiting for? Where Pathfinder® goes, so does a love of what's just around the next bend, or mountaintop. 4.0 litres of V6 muscle is at your command. All-terrain expertise pairs up with high-tech sophistication. And with three rows of seating, you can count your friends in. Innovation for adventure. Innovation for all.

ON-ROAD PERFORMANCE.
OFF-ROAD EXPERTISE.

Whether you’re facing long stretches of highway or breaking new trail, Pathfinder has the power and capability to get the job done. The 24-valve VQ engine delivers seamless power with optimum fuel efficiency, while advanced off-road features and a fully boxed frame give you the means to get there – no matter how far off the beaten path it is.

4.0
Litre V6

6000 (2722 kg)
lbs. max. towing¹

Nissan Pathfinder LE shown in Ebony.

ALL-TERRAIN OBSESSION.

Your wandering ways are too powerful to deny. So why not go with it? With a fully boxed ladder frame at its core, plus authentic off-road gear, you’re equipped to take on the road less traveled.

Shift-on-the-fly 4WD Pathfinder goes between 2WD and 4WD at the turn of a dial, even at speeds approaching 100 km/h (62 mph). For severe conditions that demand lots of control, shift it into 4LO.

All-Mode 4WD^{*} The system constantly monitors conditions to provide optimal traction on varying terrain. Switch into “Auto” mode and it automatically senses any loss of grip and shifts between 2WD and 4WD as needed.

Active Brake Limited Slip (ABLS) Help keep your wheels from slipping. This advanced system senses when a drive wheel(s) is spinning and automatically applies the brake to the slipping wheel(s) to help get you back on better footing.

Full-Length Boxed Frame At the core of Pathfinder is a fully boxed frame, providing increased torsional stiffness and ultimately delivering a more secure and solid feel, on- and off-road.

Independent Front and Rear Suspension It does more than absorb the ups and downs of daily life. Its road-smoothing advantages make for better ride and handling, especially for the third-row passengers.

¹Trailer brakes recommended for towing over 454 kg (1000 lbs). Weight-distribution hitch should be used for towing over 907 kg (2000 lbs).

PATHFINDER

FIRST-CLASS SURROUNDINGS.

Connect with nature in complete comfort as the roomy, well-tailored interior of Pathfinder takes you to new heights. Count on wide-open spaces and tucked-away bins to give you plenty of places for your gear and incidentals. Top it all off with a third row and 64 different seat configurations and you'll quickly realize – in Pathfinder – comfort and capability go hand in hand.

Memory System stores your favourite spots for driver's seat, power pedals and outside mirrors¹

Dual-zone Automatic Climate Control (ACC) provides personal attention and total comfort¹

Heated front seats and steering wheel keep the chill away¹

Third row gives you maximum flexibility. Take more passengers or fold it flat for extra cargo

Nissan Pathfinder LE shown in Graphite Leather with Pathmaster[®] Nissan Navigation Package. U.S. instrumentation shown.

Fold the third row flat and you've got room for 5 and an expansive 1393 litres (49.2 cubic feet) of cargo space with a flat floor.

Fold just part of the second and third rows for longer items. Use the trick fold-down front passenger's seat and you can carry 4 plus an 8-foot-long item¹.

Sometimes, that big sale is just too much to resist. And with over 2243 litres (79.2 cubic feet) of room, you don't have to.

¹See Specifications section for availability.

Dual-level Glove Compartment holds a surprising amount and locks for total security.

Side Pocket conveniently stores everything near at hand.

Side Pocket Nets are ready to help keep your gear in place even on the roughest roads.

Nissan Pathfinder LE shown in Graphite Leather with Pathmaster® Nissan Navigation Package. U.S. instrumentation shown.

With unmatched sound quality, Pathfinder's premium Bose® audio system keeps the crew entertained, even on the longest road trips. And you've got an impressive variety of ways to enjoy your music, from XM® Satellite Radio² to your favourite iPod® playlist. Add in available technologies that make any drive so much easier, and every journey is sure to be an enjoyable one.

BOSE

iPod® An available auxiliary audio input jack lets you plug in your iPod® for hours of **MUSIC OR** podcasts.³

MP3 CD Capability Load 6 MP3/WMA CDs in the available in-dash 6-CD changer for over 1000 of your favourite songs.

CompactFlash® Card Reader When you add the Nissan Navigation Package, you can bring your CompactFlash® card, plug it in, and enjoy over 500 songs.

XM® Satellite Radio Ideal for the long haul, the available XM® Satellite Radio offers 130 channels of entertainment. Keeping the family content from coast to coast and back again.²

Bluetooth® Hands-Free Phone System With Pathfinder's available Bluetooth® Hands-Free Phone System and your Bluetooth-enabled phone, you can make and receive calls with a touch of a button on the steering wheel. The system will even mute the audio system when you're on the phone, and then return it to the previous setting when you hang up.⁴

Nissan Intelligent Key® Pathfinder serves up a taste of the future with the available Nissan Intelligent Key®. As you approach the vehicle, your Pathfinder recognizes your key's unique signal and allows you to unlock the vehicle by tapping a button on the door handle or liftgate. Once inside, start your Pathfinder and drive away without ever needing to touch a key or remote.

RearView Monitor The available RearView Monitor adds an extra element of confidence when navigating tight parking spots. It automatically operates when the transmission is in reverse, so you can be more easily aware of what's behind you.⁵

CONVENIENCE ON COMMAND.

Everything about Pathfinder is designed to make your life easy. Never waste time digging out your keys again, keep connected with both hands on the wheel, and parallel park like a pro. Whatever the task, it just got a whole lot easier with Pathfinder.

Lane guidance

Key points of interest

Navigation The available Nissan Navigation System not only helps you get to your destination, it also helps keep you informed along the way with key points of interest, while lane guidance provides a unique perspective¹.

DVD Entertainment System Flip down the 178 mm (7") screen and take in a movie or plug in a video game player on the available Nissan DVD Entertainment System. Even play the day's highlights on your camcorder through the auxiliary inputs.

¹Factory-installed option. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. ²XM® Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. Subscription subject to terms and conditions at xmradio.ca. All fees and programming subject to change. © 2011 XM Satellite Radio Inc. The XM name and related logos are registered trademarks of XM Satellite Radio Inc. All other trademarks are the property of their respective owners. ³Driving is serious business and requires your full attention. Do not operate any devices connected to the USB or auxiliary audio input jack while driving. ⁴Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. The Bluetooth word mark

and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. ⁵Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁶Bose is a registered trademark of The Bose Corporation. ⁷CompactFlash is a registered trademark to SanDisk Corporation. ⁸iPod is a registered trademark of Apple, Inc. All rights reserved. iPod not included.

HEIGHTEN YOUR SENSE OF CONFIDENCE.

Protect your cargo. Especially the precious kind. With four innovative traction and braking technologies working in harmony, you're in a better position to avoid a collision. When an accident is inevitable, you can count on Pathfinder's wide range of passenger safety features to help protect you and your family.

Structure. Pathfinder's Zone Body construction helps absorb crash energy to protect the occupant compartment if the unavoidable happens. It includes front and rear crumple zones, energy-absorbing frame side-members and crossmembers, and a reinforced body structure to help lessen the effects of impact and help protect your family.

Another Nissan First. Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: An industry first. The Snug Kids Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at nissan.ca/owners/en

6 standard airbags

Surrounded by safety.¹ Start with Nissan's Advanced Airbag System with dual-stage supplemental front airbags, including an occupant-classification sensor. If the front passenger's seat is empty, for example, a sensor deactivates that airbag. Built into the front seats are standard driver and front-passenger side-impact supplemental airbags. They even move with you when you adjust your seating position. Up above are standard roof-mounted curtain supplemental airbags, enhancing head protection for all three rows of outboard occupants.¹

Ready with a rollover sensor. In the unlikely event of a rollover, Pathfinder is poised to respond. All models have a sensor that detects an impending rollover and deploys both curtain airbags.

5 standard braking technologies

Vehicle Dynamic Control (VDC) helps you stay on your steered path by reducing engine power and/or applying appropriate brake pressure to specific wheels.²

Active Brake Limited Slip (ABLS) applies braking pressure to slipping wheel(s) and redirects power to wheel(s) with traction.

Anti-lock Braking System (ABS) rapidly pumps the brakes to help prevent your wheels from locking.

Electronic Brake force Distribution (EBD) detects additional weight and sends added brake force to the rear wheels.

Brake Override Technology. Like every Nissan since 2005, Pathfinder comes standard with Brake Override Technology. It's designed to help slow down your vehicle and bring it to a safe stop in an emergency by overriding accelerator input and reducing engine power when the accelerator and brake pedals are applied simultaneously.

S

- 266 HP 4.0-litre V6 engine
- 4-wheel independent suspension
- 16" Aluminum-alloy wheels
- All-Mode 4WD[®] with 2-speed transfer case
- 4-wheel Active Brake Limited Slip (ABLS)
- Vehicle Dynamic Control (VDC)²
- Roof rails and splash guards
- 7-passenger capacity
- Fold-flat second- and third-row seats
- AM/FM/CD audio system
- Power windows and door locks
- 12-volt DC power outlets

SV

Includes S features, plus:

- 17" Aluminum-alloy wheels
- Roof rack crossbars and running boards
- Fog lights
- RearView Monitor
- Dual-zone Automatic Climate Control (ACC)
- 8-way power driver's seat and adjustable pedals
- Heated front seats
- In-dash 6-CD changer
- Auxiliary audio input jack
- Information Centre with 178 mm (7.0") colour display

LE

Includes SV features, plus:

- 18" Machined-finish aluminum-alloy wheels
- Bose[®] audio system
- XM[®] Satellite Radio³
- Bluetooth[®] Hands-Free Phone System
- Nissan Intelligent Key[®] keyless entry and ignition system
- Memory System – driver's seat, outside mirrors and pedals
- Leather seating surfaces
- Heated steering wheel
- Power sliding glass moonroof with one-touch open/close

¹Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your owner's manual for more details. Inflated airbags shown for illustration purposes only. Actual airbags deflate after deployment. ²VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. ³XM[®] Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. Subscription subject to terms and conditions at xmradio.ca. All fees and programming subject to change. © 2011 XM Satellite Radio Inc. Towing Equipment

INNOVATION FOR LIVIN' LARGE.

Looking for a vehicle that can live up to your lifestyle? Armada® has what it takes. A whole lot of muscle. Finesse where it counts. Let your passengers stretch out in style with second-row captain's chairs, or go huge with bench seating and room for 8. Can't decide which toys to bring? Why not bring them all with a 317 HP V8 and a 9000-lb. (4082 kg) towing capacity.* And to keep the good times rolling, count on expert guidance from advanced navigation. No matter where your life takes you, Armada will be there for you in a big way. Innovation for livin' large. Innovation for all.

WRAP YOUR FAMILY IN MASSIVE COMFORT.

8
seating for

Nissan Armada Platinum Edition shown in Charcoal Leather with Technology Package and 8-seat Package.

7
seating for

With a second-row bench, Armada offers seating for up to eight, while the second-row captain's chairs let seven passengers stretch out in style. Either way, the third row can seat three adults comfortably, and the second row is roomy enough to cross your legs. Even with all three rows up, there is still 566 litres (20 cu ft) of space for all your gear.

Standard power-folding third-row bench seat

Flexibility is second nature to Armada. The power third row gives you options at the touch of a button. When folded, you've got 1604 litres (56.7 cu ft) of storage, and you can still seat five lucky travelers. The folding second-row bench splits into three sections to add even more versatility. When the second and third rows are folded flat, Armada lets you and your favourite co-pilot store a massive 2750 litres (97.1 cu ft) of gear.

ARMADA

COMMAND A WORLD OF TECHNOLOGY.

Who knew one monitor could do so much? The same screen that displays the Nissan Navigation System – including the 3-D Birdview™ feature that gives you a three-dimensional image of major buildings – also lets you see and control all your audio options. With clear roads ahead and highly accessible playlists at the ready, it's easy to remember that the journey really is half the fun.

Keep everyone entertained for hours. Maybe even days.

Follow your hometown team on XM® Satellite Radio or bring along everyone's favourite tunes. With all the choices below, Armada will keep the family happy from coast to coast and back again. And whatever you're listening to, the available Bose® system – custom-tuned for this interior – will make it sound superb.

BOSE®

 XM® Satellite Radio²

 Plug in your iPod®

 Load 6 MP3/WMA CDs in the available 6-CD changer

 Bring your MP3 music files on a CompactFlash® card

Nissan Armada Platinum Edition shown in Charcoal Leather with Technology Package. U.S. instrumentation shown.

TAKE CONTROL OF YOUR COMFORT.

Comfort is customizable in Armada. The Memory System allows you and another driver to save your preferred positions. The Nissan Intelligent Key® recognizes who is who, then moves the driver's seat, the power adjustable pedals and outside mirrors accordingly. Add in heated front seats and steering wheel and you'll find yourself surrounded in convenience, comfort and technology.

Bluetooth® Hands-Free Phone System lets you talk with both hands on the wheel.¹

Dual-zone Automatic Climate Control (ACC) lets the driver and front passenger set their own temperature.

Quiet Steel® technology helps reduce noise and vibration inside Armada's cabin.

Find a place to eat and get there smoothly.

The available Nissan Navigation System not only helps you find the best family-style Italian restaurant in town, it can also show you the way to the nearest ATM. And to make reaching your destination even easier, the lane guidance feature shows you what lane to be in for every turn along the way.³

Nissan DVD Entertainment System.

In addition to watching movies, you can play your camcorder through the DVD system's auxiliary inputs or plug in your video game system on the large 203 mm (8") flip-down monitor.⁴

¹Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. ARMADA

317 HP
385 LB-FT
9000 LBS MAX
TOWING¹ (**4082** KG¹)

UNBRIDLED POWER.

The **V8 engine** that powers Armada is constructed of lightweight aluminum components to help provide immediate response. Its strength and durability come from the aluminum block and forged crankshaft.

Armada's **9000-lb. (4082 kg) towing capacity** makes pulling your full-size toys a breeze. The transmission's Tow/Haul Mode holds lower gears longer for plenty of get-up-and-go, and the auto-leveling rear suspension helps provide a more level ride height and consistent ground clearance.¹

UNCONDITIONAL POISE.

All-Mode 4WD* is so advanced, it responds instantly and continuously adjusts the amount of power distributed to each wheel for maximum control in varying weather and road conditions. All-Mode automatically switches to 4-Wheel Drive to improve traction on rough terrain, and switches back to 2-Wheel Drive for optimal fuel economy when things smooth out.

The independent rear suspension helps absorb bumps and offers quicker road response. It also makes the ride more comfortable – especially for those in the third row – over other SUVs that are built on a truck suspension.

A full-length fully boxed frame lies at the heart of Armada's solid high-strength foundation. The results include better rigidity and a smoother ride for all three rows.

MANOEUVRE WITH EASE.

Sonar smarts. Armada's standard Rear Sonar System and Front Sonar System beep when they sense an object up to two metres away, and increase in frequency the closer you get to help you manoeuvre in tight spaces.²

Armada captures its surroundings. The RearView Monitor helps you see objects behind you when parking. It activates whenever you're in reverse and is also ideal for lining up your approach to a boat trailer.³

Imagine never having to pull the key out of your pocket again. Approach your Armada with your key in your pocket or purse, and the Nissan Intelligent Key® senses that you've arrived. The system unlocks the doors and rear liftgate as soon as you touch the button on the door handle. For an additional measure of convenience, the power rear liftgate will automatically open with just a pull of the handle or touch of a button on the remote.

Nissan Armada Platinum Edition shown in Sonoma Sunset.

¹Trailer brakes recommended for towing over 454 kg (1000 lb). Weight-distribution hitch should be used for towing over 907 kg (2000 lb). ²The Front and Rear Sonar Systems are conveniences, but not substitutes for proper parking procedures and/or backing procedures. Always check that it is safe to do so before moving forward or backing up. They may not detect every object in front of or behind you. ³Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up.

Safety/Security	PLATINUM
Nissan Advanced Airbag System (AABS) – dual-stage supplemental __front airbags with seat belt sensors and occupant-classification sensors	
Driver and front-passenger seat-mounted side-impact supplemental airbags³	
Roof-mounted curtain supplemental airbags for side-impact and rollover __head protection for all three rows of occupants³	
3-point ALR/ELR passenger seat belt system (ELR for driver)	
Front seat belts with dual pre-tensioners and load limiters	
Front-seat Active Head Restraints	
LATCH System (Lower Anchors and Tethers for CHildren)	
Zone Body construction with front and rear crumple zones	
Hood-buckling creases and energy-absorbing steering column	
Pipe-style steel side-door guard beams	
Anti-theft system and Immobilizer Key System	

Six standard airbags form the core of Armada's comprehensive safety strategy. The Nissan Advanced Airbag System incorporates seat belt sensors and an occupant-classification sensor to inflate the dual-stage supplemental front airbags according to crash severity and seat belt usage. Armada also has front side-impact supplemental airbags built into the seat, so they move with you. In addition, roof-mounted curtain supplemental airbags help protect you in the event of a side impact or rollover.³

Rollover sensor. Every Armada is equipped with a rollover sensor. When it detects an impending rollover, the system deploys the curtain airbags to help provide enhanced head protection for all three rows of outboard occupants.³

Another Nissan first. Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: An industry first. The Snug Kids Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at nissan.ca/owners/en 

Vehicle Dynamic Control (VDC) helps you stay on your steered path by reducing engine speed and/or applying appropriate brake pressure to specific wheels.¹

Active Brake Limited Slip (ABLS) senses wheelspin and applies braking pressure to the slipping wheel(s), while redirecting power to the wheel(s) with the best traction.

Anti-lock Braking System (ABS) rapidly pumps the brakes to help prevent your wheels from locking.

Electronic Brake force Distribution (EBD) detects additional weight and sends added brake force to the rear wheels.

Brake Override Technology. Like every Nissan since 2005, Armada comes standard with Brake Override Technology. It's designed to help slow down your vehicle and bring it to a safe stop in an emergency by overriding accelerator input and reducing engine power when the accelerator and brake pedals are applied simultaneously.

PACKAGES

T Technology Package
Nissan Hard Drive Navigation System with touch-screen controls and voice recognition • CompactFlash® card reader
8 8-seat Package
Second-row 40/20/40 split fold-flat bench with tip-up easy entry for third row
This package deletes second-row centre console and second-row captain's chairs. This package requires Technology Package.

Actual mileage may vary with driving conditions – use for comparison only.	

¹VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. ²XM® Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. Subscription subject to terms and conditions at xmradio.ca. All fees and programming subject to change. © 2011 XM Satellite Radio Inc. The XM name and related logos are registered trademarks of XM Satellite Radio Inc. All other trademarks are the property of their respective owners. ³Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated airbags shown for illustration purposes only. Actual airbags deflate after deployment. ⁴Trailer brakes recommended for towing over 454 kg (1000 lb). Weight-distribution hitch should be used for towing over 907 kg (2000 lb). COMMITMENT.

Buying and owning a Nissan is like driving one: quick, convenient, confidence-inspiring.

Finance Options Through Nissan Canada Finance, we offer many attractive purchase and lease programs, all with competitive rates and terms. With our flexible finance options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

No-Nonsense Warranty Every 2012 Nissan is covered by a 3 year/60,000 km³ Comprehensive New Vehicle Warranty, a 5 year/100,000 km³ Powertrain Warranty, an 8 year/130,000 km³ Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you'll also receive a 3 year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See warranty Information Booklet for complete details.

Added Security Plan (ASP) For ultimate peace of mind, consider the Nissan Added Security Plan. It's our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

Nissan's philosophy toward the environment, "Seeking a symbiosis of people, vehicles and nature," describes our ideal for a sustainable mobile society, now and in the future. We launched the Nissan Green Program with specific objectives to realize this goal, and we are pursuing it energetically.

²See your Nissan Dealership and read the actual limited warranty. ³Whichever comes first. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the SUV with cargo, especially on the roof, will affect the handling and stability of the vehicle.

INNOVATION FOR ADVENTURE. INNOVATION FOR ALL.

NISSAN PATHFINDER®

At Nissan, innovation is at the core of everything we do. It's about turning our ideas and dreams into something that makes a difference in your life, every time you get behind the wheel. So imagine driving a Pathfinder or Armada, with all of this at the ready:

Off-road expertise. Sometimes you need more than 4-Wheel Drive. Active Brake Limited Slip puts the brake on a spinning wheel to keep you moving ahead.

3 rows of flexibility. Not only do the second and third rows fold flat, but so does the front passenger seat, giving room for an item eight feet long.

Easier trailer hook-ups. A great use of Pathfinder's available RearView Monitor: aligning yourself with the hitch the next time you're backing up to your trailer.^{1,2}

Iconic design. The hidden handles on the rear doors create the illusion of a 2-door, an homage to Pathfinder's gutsy origins.

INNOVATION FOR LIVIN' LARGE. INNOVATION FOR ALL.

NISSAN ARMADA®

Smooth towing. When you're pulling up to 9000 lbs. (4082 kg),² you'll love the auto-leveling rear suspension that helps you keep a consistent ground clearance.

Easy loading. Both the rear hatch and the third row power up and down at the push of a button. Our way of taking the hurt out of packing for the big trip.³

Room for the skis. Not only do the second and third rows fold flat, so does the front passenger seat. Time to hit the slopes.

Parking assistance. It's big. Here's to making it feel less so. In addition to a Rear Sonar System, a standard RearView Monitor is great for parking or hooking up a trailer.^{1,4}

SHIFT  the way you move
