THE M-D STORY

M-D Building Products is a diverse manufacturing company that has been part of the Oklahoma City landscape since 1920. Founded as the Macklanburg-Duncan Company, M-D has a rich history of product innovation, development and quality manufacturing expertise. This legacy of products used by contractors, professionals and homeowners alike continue to protect, enhance and beautify homes across America and around the world.

Today, M-D Building Products is a leading domestic manufacturer of a wide variety of home energy related and remodeling products including Weatherstrip, Thresholds, Floor Trims and Tools. Our products are available at local home improvement retailers across the United States, Canada and Mexico.

At M-D Building Products, we have a knack for success. We take pride in our ability to draw strength from your inspiration, to provide a healthy dose of innovation with 90 years of ingenuity, and to ultimately generate creative solutions for your manufacturing needs.

M-D Building Products...American made since 1920.

TERMS & CONDITIONS

M-D Building Products, Inc. is a national supplier of building material products. We sell to the retail and wholesale building material market for the following types of customers:

- Lumber Yards
- Building Supply Centers
- Building Material Suppliers
- Building Material Wholesalers
- Home Centers
- Hardware Stores

We do not sell directly to contractors or consumers and do not accept COD's.

ORDERING

All orders are subject to acceptance by M-D Building Products, Inc. in Oklahoma City, Oklahoma. Prices and terms of sale are subject to change without notice. M-D reserves the right to discontinue any product without notice.

All M-D products will be invoiced at M-D's current price. At anytime M-D reserves the right to change prices, make changes regarding product design, materials, specifications, and to discontinue any product or products without notice.

Minimum order \$250; any order less than \$250 will not be accepted.

LIMITED WARRANTY

All M-D products are warranted to be free from defects in material and workmanship if installed and used in strict accordance with our installation instructions. Our liability is limited to our sale price of any products proven to be defective or, at our option, to the replacement of such products upon their return to us.

TRANSPORTATION

Orders are shipped prepaid and M-D reserves the right to ship all merchandise in the most efficient manner. In the event a customer requests specific routing or expedited special handling, M-D will charge in accordance with current transportation rates.

DELIVERY

Back Orders: M-D Building Products reserves the right to cancel back orders.

Returned Goods: Written authorization from M-D Customer Service is required prior to returning goods. Only unopened cartons, not priced for resale, are eligible for authorization.

Authorized returns must be shipped freight prepaid to the location designated by M-D. Credit will be issued from original invoice price, less a 20% restocking charge. Merchandise which is obsolete, discontinued and/or older than one year is not eligible for return.

Claims: Claims resulting from loss, shortages or damage-in-transit must be acknowledged on the delivery receipt. Concealed damages must be filed with M-D Building Products within 15 days of delivery. The recipient's signing the delivery receipts transfers ownership of product from M-D Building Products to you, the customer. Make written notes on delivery receipt to help protect yourself from liability for loss, damage, etc. Please report any shipping problems as soon as possible to M-D at 1-800-654-8454.

REMITTANCE

The buyer is responsible for any taxes, fees, excises, duties or other charges resulting from the buyer's purchase of M-D Products.

Payment Terms: M-D Building Products' terms are 1% 30, net 45. Remittance by mail should be sent to: M-D Building Products, Inc., P.O. Box 269075, Oklahoma City, OK 73126. We also accept MasterCard and Visa.

Credit Limits: All orders are subject to credit approval at time of placement.

INTERNATIONAL TERMS

Export order minimum is \$750 USD Ex-Works Oklahoma City, OK. Customer is responsible for all charges from Oklahoma City, OK to destination. \$1000 minimum order for prepaid freight – FOB any continental US port or US border. All products are quoted in US dollars. Export orders require payment in advance via bank draft or wire transfer. Customer will provide M-D Building Products, Inc. with the information pertaining to freight forwarder/customs broker and required shipping instructions.

The freight forwarder/customs broker will be expected to refuse any shipment that arrives at the FOB point in an unsatisfactory condition. The freight forwarder/customs broker will provide the freight carrier written documentation of condition of shipment at the time that it arrives if it is refused. Acceptance of a shipment by the freight forwarder/customs broker cancels any and all claims against damage, or any irregularities that can be encountered by the ultimate consignee upon receipt of goods at final destination. The responsibility for an FOB export shipment transfers from M-D Building Products, Inc. to the consignee's designated agent at the FOB point within the continental US port or US border upon delivery and acceptance. The responsibility for an Ex-Works export shipment is assumed by the consignee and the designated carrier as soon as the goods are picked up at M-D Building Products, Inc. dock in Oklahoma City, OK.

GREEN STATEMENT

M-D Building Products makes efforts to operate our business in an environmentally and socially responsible manner. We recognize that reducing the environmental impact of our products and operations is an important part of the value we deliver to our customers. We strive to achieve environmental excellence and work with our employees, customers, partners and suppliers to meet these environmental commitments.

M-D Building Products is committed to providing quality products that help the American Homeowner save money by saving energy. At the same time, M-D Building Products has embarked on an on-going effort to reduce the amount of energy we consume in our manufacturing processes, reduce our corporate waste-stream to nearly zero and use as much recycled material as is available for our products and packaging. Finally, for 90 years M-D Building Products has maintained American manufacturing operations resulting in the lowest transportation carbon footprint of any company in our category.

NEW PRODUCTS

Weatherizing for Dummies™ (#50060)

Weatherizing for Dummies is a smart and easy way for consumers to make their home more comfortable and save hundreds of dollars a year on utility bills. Kit includes products and instructions to easily seal common areas of energy loss plus up to \$100 in rebates on other energy saving products.

Garage Door Threshold Kit (#50100, #50101)

Designed to help keep your garage clean and more comfortable by forming a weathertight seal under your garage door. It helps prevent drafts, dust, moisture, debris and insects from entering under the door. Produced from high quality, durable vinyl. It will provide years of service on residential garage floor applications. Included with the kit is a premium quality silicone adhesive to insure a strong bond to both concrete and the vinyl and will bridge any imperfections in the garage floor.

Garage Door Insulation Kit (#43157)

M-D's Garage Door Insulation kit uses a radiant foil insulation to help make your garage more comfortable and reduce energy costs in your home.

Helps keep your garage warmer in the winter by preventing warm air from escaping through your garage door to help keep your garage and home warmer.

Helps keep your garage cooler in the summer by blocking up to 97% of the sun's radiant energy to help keep your garage and home cooler.

Expand 'N Seal Waterproof Foam Weatherseal (#03100)

Expands to seal seams and joints. When fully compressed Expand 'N Seal provides a waterproof seal. Use to seal out drafts, moisture, dust and pests. Seals a variety of areas including air conditioner units, around foundations, siding, gutters and flashings.

MetalDecor™ Finish Door Sealing Products

M-D's exclusive MetalDecor™ finish provides the durability of aluminum with the beauty of finished hardwood. We are now offering two of our best selling items – M-D's Deluxe Aluminum & Vinyl Threshold and M-D's Deluxe Door Sweep with the MetalDecor™ Oak finish. M-D's exclusive MetalDecor™ process, allow these door weatherization products to complement existing hardwood doors or flooring.

Shrink n' Seal® Window Film Bulk Roll with Tape (#43100, #43101)

Our new bulk rolls of film are an easy and economical way to seal multiple windows in a home. Reduced packaging and longer rolls of film saves money and reduces waste. Available in 64 in x 25 ft rolls or 84 in x 25 ft. Each roll includes enough film and two sided tape to seal multiple windows.

NEW SmartTool™ Products and New Features:

New International Version – Provides rise over run measurement in mm/M.

Angle Copy Mode – Allows end user to set the beeper to sound at any angle (not just at level & plumb).

Alternate Zero Mode – Allows end user to reset the reference angle “0” to any angle.

Directional Beep – Audible tone and rate increases as target angle approaches, guiding user when display cannot be seen.

Go to smarttoollevels.com for additional information

1 HP Fusion Wet Saw (#48191)

Our 1 HP Fusion Wet Saw, with a 3600 RPM direct drive motor, cuts through the toughest stone, porcelain, ceramic, marble, and granite tiles. Includes a patented rigid steel frame to protect all of the wet saw's vital components. It features adjustable rip guide that mounts securely to the heavy-duty cast aluminum cutting table, tilting table for miter cuts, drain plug for easy water change, and slip resistant feet.

7" Wet Saw Replacement Blade (#48088)

7" continuous rim diamond replacement blade fits both $\frac{3}{4}$ HP and 1 HP M-D Fusion Wet Saws, 5/8" Arbor.

Ceramic Floor Tile Installation Bucket Kit (#49834)

The new Ceramic Floor Tile Installation Bucket Kit is perfect for the DIY'er. It's complete with all the essential professional grade items needed to install ceramic floor tile.

Installation Bucket Kit includes a tile installation trowel, tile nippers, grout float, sponge, gloves, tile spacers and sturdy reusable 2.5 gallon plastic bucket. The bucket serves as a mixing bucket for grouts and mortars and allows you to store your tools together when the job is complete.

**14" & 20" Tile Cutters (#49194, #49195)**

New 14" and 20" manual tile cutters for cutting floor and wall tiles. Both are equipped with dual chrome plated steel rails and a high leverage handle to make clean, efficient cuts. Body of the cutters are padded with durable rubber to prevent tile from slipping. Replaceable tungsten carbide cutting wheel.

MetalDecor™ Stair Edging

Our popular oak and cherry MetalDecor™ finishes have been added to our standard Stair Edging floor trims! Durable aluminum with the beauty of finished hardwood. Available in 36" and 72" lengths.

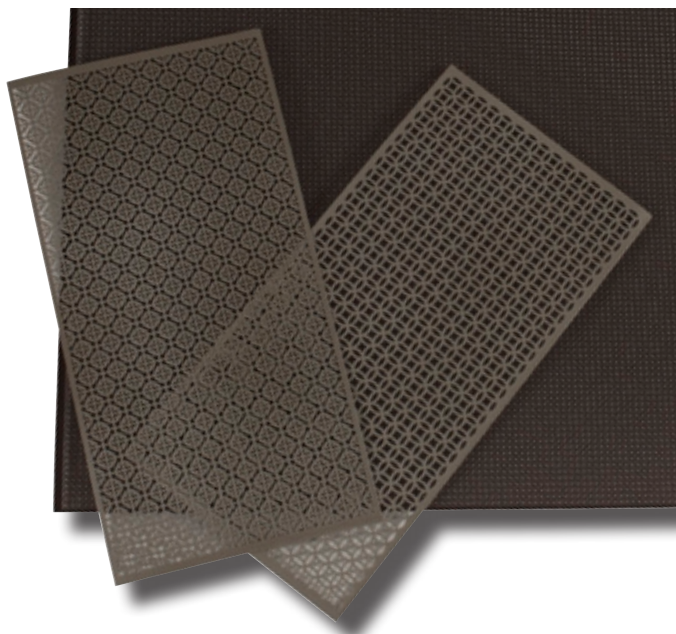

Carpet Seaming Tapes (#31142, #31143, #31144)

New line of three professional hot melt carpet seaming tapes: Standard M-D 20, Premium M-D 40, & Ultra M-D 50. Quick melting adhesives for easy attachment to popular carpet backings in the marketplace.

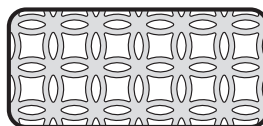

1" Extra-Wide Tack Strip (#75312, #75314)

Intended for all-purpose residential and commercial use, our new tack strip is now 1" wide in both wood nail and concrete nail styles.

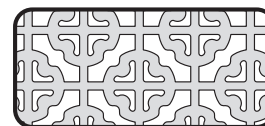

Aluminum Sheets – New Elliptical & Mosaic Patterns in Satin Nickel Finish (#57010, #57005) and New Venetian Bronze Finish (#57015)

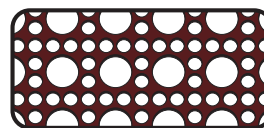

Updated perforated sheets patterns Elliptical & Mosaic (in Satin Nickel finish) now available in 1ft x 2ft sheets and new Venetian Bronze finish (Lincane 3ft x 3ft).

FIRE LABELED – Products displaying this symbol are labeled as Gasketing Material FOR FIRE DOORS CLASSIFIED BY UNDERWRITERS LABORATORIES INC.

INTENDED FOR APPLICATION TO SWINGING TYPE FIRE DOORS; RATED UP TO 3 HOURS. Tested in accordance with **ASTM E-152, NFPA 252, UL-10B, UBC-432, CAN4-S104-M80.**

These products have been labeled and classified resulting from testing done by Underwriters Laboratories Inc. that these gasketing products do not adversely affect the fire resistance of the door or frame according to its rating in UL Building Materials Directory. All products are continuously monitored by UL to ensure compliance under the follow-up inspection service.

HANDICAPPED – Products displaying this symbol are 1/2" high or less and have no more than 1/4" vertical rise with slope portions not greater than 1:2. Meets requirements of **ADAAG-1992, CABO/ANSI A 117.1-1992, Title 24, CAC Sec 2-3303(i).** **All products meet or exceed ADA requirements.**

SMOKE TESTED – **Meets requirements of: NFPA-105-1989.** Products displaying this symbol have been successfully tested for smoke and draft. Performance evaluated with testing procedures defined by NFPA-105-1989. All products meet or exceed the performance criteria for allowable air leakage as specified by NFPA 105-1989 installation of Smoke-Control Door Assemblies. See below for test results.

AIR INFILTRATION – **Tested to ASTM E-283 and SDI 116.** Products displaying this symbol have been Air Infiltration tested in accordance with the requirements of ASTM E-283 Rate of Air Leakage Through Exterior Windows, Curtain Walls & Doors and SDI 116 Test Procedure and acceptance of Rate of Air Flow Through Closed Steel Door and Frame Assemblies (Steel Door Institute). All products shown with this symbol are well below the maximum leakage allowed.

SOUND/LIGHT – Products displaying this symbol are designed for use in openings where reduction of light and/or sound is necessary. Due to the variety of door and frame combinations, these products may vary in their performance. Tested to **ASTM E 90-90 and ASTM E-1408-91.**
