\$4,356.30

Here you can chose to enter any packing list notes and also mark complete shipments or emergency shipments.

☐ Ship Order Complete

by checking this box, Honeywell will **not ship anything on the order until ALL parts** on the order are in stock.

☐ EMERGENCY Must Ship Same Day

Order must be placed prior to 1 PM CST. by checking this box, you would like the order to **ship the same day** if the order is placed by 1pm Central time. This does not mean that your order will ship by air – you will still need to enter the shipping method in an upcoming screen. You may always call in emergency orders to Customer Care, to ensure and confirm shipping, stock levels etc.

Plant Codes
4800 - Louisville
5510 - Golden Valley
5525 - Freeport

☐ Ship Order Complete

☐ EMERGENCY Must Ship Same Day
Order must be placed prior to 1 PM CST. Emergency orders placed after 1 PM CST will not ship until the next business day. Ball Valves and Damper orders require a to process. No same day shipments. Damper orders – order must be placed by 11 AM CST for next business day shipment. If placed after 11 AM CST the order will business day from the date of entry.

Note on Ship Sets: Please note that materials shipping from different warehouses will not be shipped together regardless of their Ship Set.

Note on Pricing: Please note that quantity related price discounts may only be available on the Order Review page.

Ship complete – means that this line will not ship until all 5 parts are in stock. This is only for this line item, not the entire order.

Ship Set - Enter the number “1” in the box for all line items coming from the same plant to receive 1 shipment. Note that nothing will ship until all line items from that plant are in stock. But it will ensure 1 shipment.

Requested Delivery Date – *this is the date that the product will arrive on your dock.* Example – the HZ322/U has a 1 day Service Class and it has a 5 day transit time from UPS, so you would put the request date in as 6 days from the date of order. **YOU MAY ALWAYS LEAVE YOUR REQUEST DATES BLANK TO ENSURE THAT YOU FOLLOW THE ACHIEVE PROGRAM ORDERING EFFICIENCY GUIDELINES.** Ask your Sales Representative if you have questions on Achieve.

Default Plant – you may select line items shipping from the same distribution center to ship complete also. Please see plant codes above.

Remember, you may leave all ship complete and dates blank and Honeywell will ship product as it is available, but may result in multiple shipments per order depending on stock levels and if there are multiple plant codes.
