Greetings From Your Chapter Directors
Carl & Nancy Allen
GWRRA NC-A "Piedmont Goldwings"

Our members, along with the officers and friends of Chapter A, have made 2019 a wonderful experience for Nancy and I as directors. We wish to thank our Newsletter Editor for doing a fantastic job with the newsletter. We believe we have the best in the state.

We are looking forward to starting the new year with enthusiasm and pride as a chapter with a new Chapter Couple and Assistant Directors. Thankfully the other Officers will stay on to help us have a great experience in this coming year.

Some of Chapter A will start off the new year by attending the Sanford Resolution Ride and Soup Cookoff January 1st. We are looking forward to seeing the entire membership at our first regular meeting on January 9th.

Carl and Nancy
 NC-A Chapter Directors

Susan & George Huttman
 Director of Rider Education

November was an eventful month for the GWRRA Rider Education Program. It began with the appointment of a new Rider Education Program Assistant. Joy Mattson and her husband Scott bring years

of experience as an Officer on the Chapter and District levels. Both Joy and Scott are Rider Course Instructors and University Instructors.

Joy will be working with Districts to provide information and support to the District Educators, promote the value and benefits of the Rider Education Program, and actively assist in Member pursuits of increased knowledge, rider skill, and best and safest practices. She will also continue to serve as the Minnesota District Educator.

Last month brought the term of Rider Education Assistant and MEDIC FIRST AID® Director Linda Hojnacki to a close.

With her husband Frank by her side, Linda will be celebrating the winter in Florida enjoying the RV resort they are calling home for the next six months. The entire Team wishes them the best and knows how much fun they will have spending time kicking back, visiting with their daughters and grandchildren on the occasional road trip to their home state of New York, and making new friends in their little corner of paradise.

Laurel Kuehl, who had served as the MFA Assistant for both Linda and former MFA Director Lydia Bourg, has been appointed MEDIC FIRST AID® Director. Laurel is very well-versed on MFA Program policy and procedures and will continue to be a terrific resource for the Instructors and the Members.

Laurel has great ideas for promoting the program in the Districts and is working on plans to provide Instructors and MFA Coordinators with the opportunity to see the MFA program grow in their Districts by making it possible to serve more Members on an ongoing basis.

There has been a lot of activity among the RE Program Team Members planning for WING DING 42 courses, classes, and program awards. Watch for announcements related to instructor opportunities (Rider Course and MFA Instruction) and the procedures to follow to submit nominations and recommendations for recognition.

I want to remind District Directors, District Educators, and Chapter Directors to take a closer look at the advantages of having Chapter Skills Enhancement Advisors. This is a good way for any Member interested in the benefits of active participation in rider courses and classes to improve their knowledge, ability, and safety. They can find the support and assistance they need to achieve their goals.

With Officer Conferences taking place during the next few months, we ask any updates related to District Educators be forwarded to the [Director of Rider Education](#) and information on District Ride Coordinators be made available to [John Kuehl](#), RE Program Administrative Assistant. Changes related to District MFA Coordinators should be submitted to MFA Director, [Laurel Kuehl](#).

Susan & George Huttman

Greetings From Your Ride Coordinator

Paula Hines

GWRRR NC-A "Piedmont Goldwings"

Murdoch is a wrap, wonderful time was had by all. Carlos even sang for us! I did video the parade, delivering Santa Claus (Greg with Cathy) riding the last motorcycle in the parade. Lovely! Great weather, and the residents (and participants) enjoyed!

Starting the New Year off right -- riding -- Jimmy Quick, newly affiliated with Chapter A, is organizing our ride to Sanford S-2 Resolution Ride/Soup Cookoff on January 1. **He plans to meet at the I-40 Alamanca Rest Stop, East bound, near mile marker 143 at 8:00 am. He'll hold a quick rider's meeting and plans to leave at 8:15 am.** This will be 2-, 3-, or 4-wheels, your choice, especially if you plan to bring a soup to enter in the cookoff. If you do enter a soup, I wish you Good Luck! Speaking of luck, hope there are the traditional ham, collards and black-eyed peas!

In reading the AAA GO magazine for this month, there is an article, "Red Light Running on the Rise", with serious information for all of us, no matter what we drive. Impatient motorists often speed up when the traffic light turns yellow to beat the red light. We remember the red-light cameras, which caught so many people running red lights. Well, they're at it again! There were 33 deaths in North Carolina in 2017, and the trend is increasing.

How can you help prevent red light crashes?

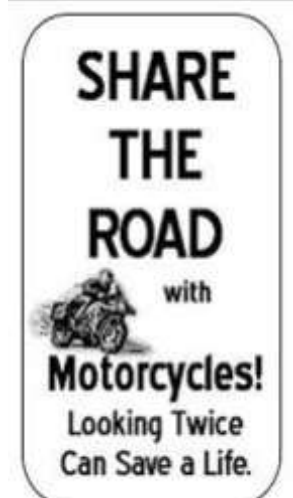

- ◆ When entering an intersection, cover the brakes (without applying), ready to apply if necessary.
- ◆ Watch for "stale" green lights, be prepared for them to change.
- ◆ Tap your brakes to alert other drivers that you are slowing or stopping.
- ◆ Wait -- when your light turns green, pause and be sure cross-traffic is stopping, before proceeding.

During the holiday season, traffic has been extremely heavy and crazy. We can make a New Year's Resolution to drive defensively, be alert and aware, and be safer during this coming year. Above all, be part of the solution, not part of the problem.

Remember to do your T-CLOCS inspection before you ride, and please remember ATGATT, it can save your hide!

Ride safely!

Paula

*Greetings From Your MEC
Alice & Ron Myers*

Happy New Year to Everyone.

We hope everyone enjoyed the holidays with family and friends. Santa was good at our house!

A big THANK YOU goes to Bill & Janice Buckner for hosting Chapter "A's" Christmas Party. We had a great crowd and all enjoyed themselves. As always, our decorators, Pat & Melissa Wilson, did a fantastic job and the door prizes were great, thanks. We can not forget all the "COOKS". The spread we had was, well what can I say, no one went away hungry! We had new dishes, different desserts, etc. Thanks to everyone, what a great Christmas Party.

**Ride Safe, We Care,
Alice & Ron Myers

NC Chapter Gathering Changes

January 2020

NC-I Asheville will change their gathering location starting in January to Ryans Steakhouse, 1000 Brevard Rd. Asheville NC. Eat at 9:00am, meet at 10:00am.

Note from ADD-East Austin & Peggy Gauthier

Austin and I have thoroughly enjoyed being the ADDs for the East. Again, we want to thank you for supporting us and taking North Carolina to the next level. As of January 1st, Tom Tipton takes our place OFFICIALLY. So all questions, notices, flyers, and concerns should go directly to him.

If you have a need or problem, we're on call until December 31st.

Merry Christmas. Happy New Year.

Signing Off,
Austin & Peggy

Will you look back on life and say, "I wish I had or I'm glad I did?"

Good evening Goldwing Chapter Directors.

My name is Richard Carver and I live in Winston Salem, N.C. I am reaching out to all of you to introduce you to our family owned business, Ride America Tours. Given the unique position you hold as Chapter Directors, I felt all of you might have an interest in making your chapters aware of Ride America.

Simply put, Ride America solves the number one problem that prevents riders from riding some of the most beautiful country in America – Time! I'm sure many of your chapter members have said "if only I had the time to ride out to Wyoming, Colorado"

Ride America is a full-service motorcycle touring company. We offer fully guided tours to some of America's most beautiful destinations **and the best part, we take your motorcycle for you.** So instead of spending most of your time getting to your destination, you can spend all your time touring.

We have just released our **2020 Touring Schedule**. It is listed below. Keep in mind that all our tours include transportation of your bike, fully guided tour and accommodations. Pricing for 2020 has been finalized.

Our website is www.rideamericatours.com and our Facebook Page is at <https://www.facebook.com/rideamericatours/>

Wyoming

June 20th - June 28th

August 22nd - August 30th

Colorado

July 23rd - July 30th

September 12th - September 21

New England

September 27th - October 6th

80th Anniversary Sturgis Bike Rally

August 7th - August 13th

Please do not hesitate to reach out with any questions you might have. I look forward to hearing from you.

As always, Ride Safe!

P.S. If you have not already done so, please join our Ride America Facebook Group at

<https://www.facebook.com/groups/rideamerica/>

NC Assistant District Director - Central

Libby Jennings

Hello Gold Wingers,

December is almost over in a few weeks and this year has really flown by. 2020 is right around the corner.

Christmas is right on us also and all the homes and businesses are beautifully decorated for the season. Hope everyone is getting ready for the big day, Christmas Day, with all the decorations, shopping and food preparing to be done.

Thanks to EVERYONE that helped make Gifts on Cycles - Murdoch - another successful event. All those that volunteered to help with registration, checking in the gift bags for the residents that were adopted, taking pictures, help-

ing serve food, selling 50/50 tickets and every small or little thing that you did was really appreciated by me today. Just could not do this without the love and faithfulness from the members of our Central Area.

Thank you for adopting the residents and purchasing their gifts on their wish list. I am sure they are going to really be excited come Christmas Day when they open those gifts and find exactly what they wanted.

Hope each of you get all you wish for also. I want good health and good peace in this world.

Hope you will get out and start visiting the chapters as soon as the New Year arrives. Let start it out

with a BANG, want too?

My article this month is going to be short because the we want you to enjoy the fun that was had by all at the Gifts on Cycles events in the form of pictures.

Please be safe in your travels. Hope everyone has a Very Merry Christmas and a Happy New Year. See you in 2020<<<<<<

Love to all,

Libby Jennings
Central Assistant District Director

Larry & Penny Anthony
Director of Membership Enhancement

Balancing Acts

Work/Life Balance? No, that's not what we're going to talk about.
Eat/Ride/Sleep/Repeat? No, although that's closer.

We're going to talk about **Balancing your Chapter and District ride schedules**. And no, we're not going to presume to tell you what to do, or what not to do – your Chapter or District activities are your own prerogative! But we are going to make some suggestions. This will be mostly about retention – as you will see if you bear with me to the end.

There are no hard and fast guidelines for Chapter riding activities. Some Chapters like to ride a lot, some no longer ride at all and are primarily "social" Chapters, and I suspect most fall somewhere in the middle.

Let's take a minute to examine why a new Member – and that was YOU, once upon a time – joins GWRRA. It goes something like, "We've got this awesome new motorcycle, and we've gotten a bit tired of riding by ourselves. Wouldn't it be more fun if we had someone to ride with?" We join to ride.

Are you setting up your ride schedules to accommodate new Members? We know of Chapters and Districts where almost every single weekend during riding season is scheduled for Chapter visitations, dinner rides, or whatever. Little or none of what I call "destination" or just plain "fun" rides. Now pretend you're a brand new Member. Is the Chapter ride schedule meeting your desires? The social aspect of GWRRA Membership takes awhile to percolate, and we always should bear in mind that we are primarily a riding organization. People develop friendships through *shared experiences* – in our case, that is mainly by riding! Among our varied backgrounds and interests, the one thing we ALL have in common is our love of motorcycling.

Now, quite often new Members are still "working class" – they likely have jobs, which are a high priority in their lives. Their discretionary time is mostly on weekends, and it is very important to them that they use this scarce time having fun. To help make this clear, here's a visual, based on an assumed 32 discretionary hours during the week for the still-employed, and 112 hours per week for those who are retired or otherwise unemployed. (Guess which is which?)

Often, our Chapter ride models go something like this: "The retired group has lots of fun rides during the week, and on the weekend we go over to visit with Chapter (fill in the blank) at their gathering, or have our Saturday breakfast at the Waffle Palace." In the first instance, the new Member winds up sitting. In the second instance, the new Member winds up ... sitting. Eventually the newbies get tired of sitting around talking about riding or eating waffles. And soon they aren't seen anymore.

We are registering new Members, but they aren't participating in Chapters – or staying with GWRRA. Please be sure you are planning and scheduling rides which appeal to new Members, as well as to long-time Members!
